

Ye Chen 2781

Chapter 2781

"What?! Haiqing?!"

When the aged Du Zhenhua heard Du Haiqing's voice, his whole body was simply struck by lightning!

He heard his daughter's voice, but he couldn't believe that this - everything was true.

So in this instant, he felt as if his heart had doubled in speed all of a sudden, and that violent beating shook the entire chest cavity with a vague pain.

He covered his chest as he - while subconsciously confirming: "Are you really Hai Qing? !

When these words came out, several of the surrounding Du family children were also stunned!

He asked, "Dad, is it really Hai Qing? !"

Du Ocean hurriedly said, "Dad, turn on the speaker!

Du Zhenhua hastily turned on the speaker of his mobile phone and heard Du Haiqing choking on the other end of the phone, "Dad, it's really me, I'm still alive, and Zhiyu is also alive, right beside me."

Su Zhiyu also said with a sobbing voice, "Wai, it's me. I am Zhiyu!

The whole Du family burst into a frenzy!

Du Zhenhua stood up at once and asked out of the blue, "Please, you

Where are the two of you now?

Du Haiqing said, "We are in the outskirts of Jinling City, Dad, there are not many people here, so we still need you to arrange someone to pick us up."

The first time I saw you, I had to go to the city.

Du Haiqing then said, "I will immediately use this phone to add your WeChat and send you the address."

Du Zhenhua said offhandedly: "You first give me an approximate location, which direction are you in Jinling? I'll head that way first!"

Du Haiqing hurriedly looked at Chen Zekai, who said a north side without making a sound with his mouth, so Du Haiqing hurriedly said, "Dad, I'm in the north side of Jinling.

"Good!" Du Zhenhua was so excited that he was busy saying, "You can send me the address on WeChat now, I'll go out immediately now!

After hanging up the phone, Du Zhenhua excitedly said to Du Haifeng and Du Haiyang: "Haifeng, Haiyang, go get the car ready, you two go with me to pick them up.

Du Haiping hurriedly said, "Dad, I'll go too!"

Du Zhenhua waved his hand: "Hai Ping, don't go, let the cook, doctor and aunt

Get it all ready, prepare the meals, get ready for the check-ups, and also get the bedrooms cleaned up."

He said, "I don't know how the two of them have come through these days, and whether they have suffered."

Du Haiping nodded, "Okay dad, I'll arrange it now."

Du Zhenhua said, "I'll make the arrangements," and greeted his two sons and hurried out the door.

On the other hand, Du Haiqing also sent the exact location to his father, Du Zhenhua.

Du Haifeng drove a seven-seater business car from home, carrying the old man and his younger brother, and hurriedly drove towards the northern suburbs.

On the road, Du Hai Feng, who was sitting on the passenger side. The first time I saw the car was in the back of the car, I couldn't help but look back at Du Zhenhua, who was sitting in the back row, and say, "Dad, where do you think Haiqing and Zhiyu have been all this time? I think the location is only 20 to 30 kilometres away from us, but I've searched all over Jinling during this time, but I haven't found any clues at all.

I'm not sure if I've found any clues.

"Yes!" We searched the entire administrative district of Jinling, basically all of them.

Chapter 2782

Du Zhenhua said:" From my point of view, at that time the car accident was so big, Haiqing and Zhiyu's disappearance must have been rescued by someone else, it is likely that they have been hidden by the other party all this time, and now they have just been allowed to regain their freedom, it is possible.

Du Haifeng, who was driving, sighed, "To be honest, I really want to get to know the person who rescued the two mothers, this person's strength and background is definitely not ordinary, I wonder which family he is from."

Du Zhenhua nodded and said, "We'll have to know the details after we meet the two of them."

Half an hour later, Du Haifeng drove to the location where Du Haiqing had posted, at this time, on this country road, no one could be seen at all, and there was not a single car.

In fact, just 10 minutes ago, Chen Zekai asked his men to drive the car to the next village, while he himself stayed in the shadows, protecting Du Haiqing and Su Zhiyu's safety, waiting for the two of them to be picked up, and then having his men come to pick him up.

At this time, Du Haiqing and Su Zhiyu were discreetly hiding in a dry ditch by the side of the road, waiting for their family to arrive.

Soon, two white lights appeared at the end of the road, and the commercial vehicle driven by Du Haifeng had driven towards the location.

Du Zhenhua hurriedly called Du Haiqing and said to her, " Haiqing, have you seen our car?"

Du Haiqing said:" Dad, I see a car, about five or six hundred meters away, but I can't be sure if it's yours.

Du Zhenhua then said:" I asked your elder brother to flash the high beam twice.

Once Du Haifeng heard this, he hurriedly flashed the high beam twice. ...

Du Haiqing came out of the ditch next to her at this time and waved her hand at the vehicle on the path.

Du Haifeng on the passenger_side saw her at a glance and said excitedly, "It's Haiqing, go over there!"

Du Haifeng kicked the accelerator and the business car drove past quickly.

Immediately after, the car stopped beside Du Haiqing, and just after it stopped, the three doors of the main driver, passenger and rear seats opened at the same time.

Du Zhenhua, Du Haifeng and Du Ocean got out of the car quickly.

As soon as Du Zhenhua saw Du Haiqing, he couldn't control his emotions and choked up, "Haiqing, you and Zhiyu have been missing for a long time, Dad is worried sick!

Du Haiqing's eyes burst into tears and he went up to hug his father, crying, "Dad, I'm sorry for making you worry.

At this time, Su Zhiyu also came to Du Haiqing, gently grabbed Du Zhenhua's arm and sobbed, "Grandpa!

Du Zhenhua hurriedly embraced Su Zhiyu and said excitedly, "Good boy, it's good that you're alright, it's good that you're alright.

Su Zhiyu looked at Du Haifeng and Du Haiyang and choked up, "Great-uncle and second-uncle have made you worry

Du Haifeng said: "Silly child, what are you talking about, you and your mother are safe and sound, your uncle is worth it even if I throw in half my life".

The first thing that he wanted to ask was: "Haiqing, where were you and Zhiyu all this time? What kind of person saved you?"

Du Haiqing sighed and said from the bottom of his heart, "Dad, it's a long story, I don't know where to start for a while.

Du Ocean said at this time: "Dad, I think we'd better get in the car and go home, if we have anything to say on the way, if we can't finish it on the way, we can continue it at home.

"Right, right, right!" Du Zhenhua hurriedly said: "Talk in the car!

said, he took the initiative to open the back door of the business car and said to the mother and daughter duo: "Get in, let's go home first!

Haiqing nodded and said: "Dad, you go first.

Du Zhenhua gently pushed her, said: "You and SU Zhiyu first.

The two of them were in the back of the car.

Seeing this, Du Haiqing no longer insisted and pulled Su Zhiyu into the car first.

Immediately after Du Zhenhua got into the car, Du Haifeng drove away.

Seeing the business car going further and further away, Chen Zekai in the shadows sighed in relief, took out his mobile phone and called Ye Chen and spoke: "Young master, Ms Du and Miss Su have already met up with their families.

Ye Chen sighed in relief at the other end of the phone and said: "In that case, I should also go home.

Saying that, Ye Chen added, "Old Chen, you have also worked hard from yesterday until now, take a good rest in these two days too!"

Chen Zekai smiled faintly and said, "I just followed you to Syria and ran around, I wasn't tired at all, but it's you who's taken the trouble and effort these two days."

Ye Chen laughed, "So I also plan to rest for two days.

Chen Zekai said, "Young master, it seems to be your birthday soon, do you have any plans?"

Ye Chen gave a hint and said, "Don't make any noise about your birthday, it just so happens that Nui Nui is coming over for a concert that day, so I will accompany my wife to see one of her concerts and consider it as a birthday celebration.

Chapter 2783

Throughout Jinling, there are very many people who are thinking about Gu Qiuyi's concert.

Among them, including the youngest son of the Su family, Su Zhi Fei.

At this time, Su Zhi Fei, did not know the news that his mother and sister were safe and sound, he was still at the Jinling Olympic Center, communicating with the venue about some small details of the concert.

In fact, his company is only the sponsor of Gu Qiuyi's concert, generally such sponsors only need to pay for it, the real performance scheduling, stage construction and promotional materials, are the affairs of Gu Qiuyi's own agency, and he has nothing to do with half a penny.

However, he quietly reached a cooperation with the venue, the venue is openly rented to Gu Qiuyi's agency for the concert, but behind the scenes, but has been bought by Su Zhi Fei, take Su Zhi Fei's money, in various parts of the venue to prepare a surprise for Gu Qiuyi.

In order to pursue Gu Qiuyi, Su Zhifei has gone to great lengths.

Originally, he wanted to buy all the advertising spaces of Buckingham Palace directly, but was rejected by Richard Chen.

So he reached a cooperation with the venue, directly rented all the billboards in the venue, including several large LED advertising screens outside the venue, he also quietly rented.

When Gu Qiu Yi concert day, these advertising screens will play Su Zhi Fei carefully prepared courtship posters.

In addition, he also customized tens of thousands of lucky bags, these bags inside

The glow sticks, light signs and T-shirts were prepared specifically for Gu Qiuyi's support.

These were all custom made by Su Zhi Fei at great cost from the best manufacturer in Yiwu.

In addition to these support items, there is also a colorful poster, the content printed on the poster is the same as the courting poster Su Zhi Fei wanted to put on the big screen.

However, Su Zhi Fei did not reveal his name in the courting poster, he signed the poster as Mr. S, who loves Gu Qiuyi dearly.

The letter S, naturally, is the initials of Su Zhi Fei's surname.

He believed that when Gu Qiuyi saw the content of the courtship poster, she would be able to guess that it was her own doing, but no one else would think of him.

This way - come on he would be able to confess his love to Gu Qiuyi in the presence of 10,000 people, but at the same time not reveal his identity, killing two birds with one stone.

And he felt that he had gone to such great lengths to express his love to Gu Qiuyi in such a grand manner that Gu Qiuyi would definitely be moved by that time.

What's more interesting is that Su Zhi Fei, in order to trigger a sensational effect, specially had millions of cash prepared, according to the ticket price of each seat of the concert, the corresponding cash was put into the lucky bag prepared for the seat.

This is a way for him to please Gu Qiuyi fans.

In his opinion, he expressed his love to Gu Qiuyi through, tens of thousands of viewers at the scene, that since

However, it could not cause the resentment of these tens of thousands of viewers.

So in his opinion, spending money is the best solution.

Anyway, I reimbursed you for the concert, I used the concert to court my goddess, what else can you say?

This kind of behavior, in the eyes of others, may not be any different from the injustice, but for Su Zhi Fei, this money is not even a fart.

After making so many preparations, Su Zhi Fei still felt that it was not enough.

He instructed his assistant: " By the way, you must find a marketing team to make this a hot topic when the concert audience starts to enter, and make sure it tops the Weibo and short video platforms!"

The assistant did not hesitate to say: "Young master, you do not worry, buy hot search, hype hot topics such things, for our team is a breeze, just spend some money, I will help you achieve."

Su Zhi Fei nodded with satisfaction and smiled with a longing face: "By then this mysterious Mr. S, will definitely become a hot topic of discussion on the whole network!"

Speaking of this, he suddenly had a bright idea and said offhandedly: "Right, by then you must also call for me a prize participation activity, all users who show support and encouragement to Mr. S under this hot topic will have a chance to participate in the lottery!"

The assistant was busy asking, "Young master, how will the prize for the raffle be set?"

Chapter 2784

4-6 minutes

Su Zhi Fei laughed and said: "Since we want to have fun with the people, naturally we have to be more atmospheric, how about this, give me a first prize, two second prizes, three third prizes, first prize, is a Rolls Royce Phantom; second prize, is a Bentley Mulsanne; third prize, is a Mercedes-Benz big G!"

The assistant said in awe: "Young master, your lottery is too big, right? As far as I know, the biggest prize in the online lottery is not more than one million!"

Su Zhi Fei laughed and said proudly: "It's all about the big! What one person 10,000 dollars in cash, draw dozens of a hundred of this is too meaningless, petty, not enough to force the topic to the hottest, so we directly draw hundreds of millions of luxury cars, and a draw is six units! When the time comes to stretch the lottery time a little longer, a month! This month's time is enough to heat up to burst!"

The assistant hastily agreed and said: "Okay, young master, I will let the notary department come out to notarize the event to ensure that it is real and valid, so that netizens can participate with confidence and boldness!"

"Good!"

Su Zhi Fei nodded his head in satisfaction, and

said: "This matter is left to you. I must make the heat to the extreme. In addition, I must recruit a large number of naval forces and push hands, and let them post soft articles to me on the Internet!"

The assistant asked: "Young master, the category and direction of the soft text you have specified the scope?

"Of course!" Su Zhi Fei laughed: "Be sure to find me those very famous big V, net celebrities and opinion leaders in marriage and emotions, and it's best to choose more women, to tell them that when writing soft articles, the tone - must be crazy envious of Gu Qiuyi to have a The company's main goal is to create a new and better image for Mr. S. The company's main goal is to create a new and better image for Mr. S. The company's main goal is to create a new and better image for Mr. S. The company's main goal is to create a new and better image for Mr. S."

The assistant also said with some excitement: "The time will come to strengthen the mysterious Mr. S several persona labels, infatuation, deep love, heart, and more gold! It will definitely become the national husband that girls all over the country are crazy about!

Su Zhi Fei said with a smile, "The four words "National Husband" have a really low gold content.

The assistant thought he had flattered the horse's leg and hurriedly changed his tone: "Yes, yes, with your status as young master, which is comparable to those so-called national husbands!

"Right young master, Miss Gu's name because there is a 'Yi' word, her fans use the harmonic, give her a loving name called little aunt', so Miss Gu is the national aunt, then you will naturally be the national aunt husband!

"Hahahaha!" Su Zhi Fei nodded his head repeatedly and said happily: "National aunt husband, nice nice, I like this

A name!

As he was talking, his mobile phone suddenly rang.

The caller was his grandfather, Du Zhenhua.

Su Zhi Fei felt a bit overwhelmed, he knew that his grandfather had been desperately searching for his mother and sister's whereabouts for some time, calling for himself to go to a meeting at every turn, and once - the meeting was held, he was assigned various tasks, which was very annoying and delayed him.

In fact, Su Zhi Fei has been completely enlightened since he talked to his father, Su Shoudao.

He wasn't very interested in finding his mother and sister, because he knew that the best situation at the moment would be for his grandfather's reputation to be completely ruined and for his father, Su Shoudao, to have to be pushed to the front of the stage.

Moreover, because of what had happened to his mother and sister, Grandpa had more or less felt guilty about himself and his father, so it was very likely that he would inherit the Su family in the future.

Under such circumstances, he really did not have much motivation to look for his mother and sister.

However, he did not dare not answer Grandpa's call, so he could only reluctantly pick up the phone.

He was about to ask what Grandpa wanted when Du Zhenhua on the other side of the phone asked, "Zhi Fei, where are you now?"

Su Zhifei said, "Grandpa, I'm talking about some business, why? What's the matter?"

Du Zhenhua blurted out, "Go home, your mother and your sister are back!

Chapter 2785

When Su Zhi Fei heard these words, his entire body instantly froze.

For more than ten seconds, he couldn't even come back to his senses.

Seeing no response from him, Du Zhenhua on the other end of the phone couldn't help but ask, "Zhi Fei, are you listening to me?"

Only then did Su Zhi Fei respond and said, "Yes, I'm listening, Grandpa, you said my mother and Zhiyu are back? Is that true?"

"Yes!" Du Zhenhua said in a very solemn tone, "How can I joke with you about such things? Come back quickly!"

Su Zhi Fei was busy saying, "Okay Grandpa, I'll go back now!"

After saying that, he immediately hung up the phone and said to his assistant, "You stay behind and continue to interface with the people on Chen Wang's side, I have something to do first."

As soon as the words left his mouth, he raced out.

Sitting in the car, Su Zhi Fei tried to start the car in a hurry, but at this moment he suddenly hesitated.

His whole body stopped for a few dozen seconds, his mind feeling confused and conflicted.

He didn't know whether it was a good thing or a bad thing that his mother and sister had suddenly returned safely at this time.

To be honest, she and her mother and sister's

The feelings were always good, and sometimes there was still more than a little excitement and thrill inside.

However, there was another thought in his head that he could not control.

That thought was telling himself, "Su Zhi Fei! It's definitely not a good thing that your mother and sister are back! Think of your grandfather, that old man who is addicted to money and power, the reason he is showing you and your father goodwill and weakness is because he is now notorious and guilty." If your mother and sister suddenly came back safe and sound like nothing happened, then the world's contempt for your grandfather would naturally be tempered! After all, there is a world of difference in itself between people who are dead and people who are not!

"Once the two of them return safely, people's scorn and anger towards your grandfather will naturally dissipate a lot, and even gradually put it behind them completely over time!

That way, your grandfather will be able to return to the public eye and resume his status as the head of the Su family again, and by that time, you and your father will be his two discarded sons again!"

And, by that time, he will no longer feel guilty about you and your father! You and your dad will also lose

Up all the advantages!

What's more, your mother and sister, since they managed to escape under your grandfather's hands, will definitely never forgive your grandfather in their lifetime, and will probably even openly turn against him, or even turn against him.

At that time, what will you do? Your grandfather will no longer feel guilty towards you, and your mother and sister will see him as an enemy and will even confront him or openly criticise him. "

"No one would pass on the position of family head to the son of an enemy or the brother of an enemy.

Thinking of this, Su Zhi Fei became distracted all of a sudden!

It was also at this moment that the scales within him shifted slightly.

Thus, he subconsciously took out his mobile phone and called Su Chengfeng who was anxiously searching for Su Shoudao's whereabouts in Suhang.

Su Chengfeng was annoyed at the moment.

His eldest son, Su Shoudao, had been missing for more than 12 hours since the morning.

In these 12 hours, he had not found any valuable clues.

Su Shoudao, just like his younger brother Su Shoude, seemed to have evaporated straight away.

Chapter 2786

And although the Ye family is highly suspect, Su Shoudao himself botched the case, giving the Ye family an excellent reason to dump the case, so that now he does not dare to put further pressure on the Ye family.

At this moment, Su Zhi Fei's phone call came.

He picked up the phone with some annoyance and asked, "Zhi Fei, have you found any clues about your father?"

Su Zhi Fei was surprised and subconsciously asked, "Grandpa, what are you talking about? What are you talking about? What happened to my dad? What happened to my dad?"

Only then did Su Chengfeng realise that he hadn't let anyone know about Su Zhi Fei in the whole day since Su Shoudao's accident.

So, although Su Zhi Fei was also in Jinling, he had no idea that his father had disappeared.

So, he sighed and said, "Zhi Fei, there's some bad news, your father has disappeared.

"What? !" Su Zhi Fei was dumbfounded and asked out of the blue, "Grandpa, what do you mean? My dad was fine, why did he suddenly disappear?"

I don't know." Su Chengfeng said truthfully, "Your father was hiding his identity and living quietly at the Buckingham Palace in Jinling, looking for an opportunity to meet with Ito Yohiko of the Ito family, but this morning he suddenly lost track of his whereabouts and several of his men."

'Huh? !' Su Zhi Fei felt his eyes go black

The next thing he knew, his brain was dizzy and he almost threw up.

"How could this happen?" Su Zhi Fei said to himself, bewildered.

Su Chengfeng said helplessly, "The whole thing is very strange and I haven't found any valuable clues so far. After all, your father had an accident in the Ye family's hotel, and Jinling is the Ye family's sphere of influence."

Su Zhi Fei hurriedly asked, "Grandpa, could it be the Ye family's doing? I remember when my second uncle was in trouble, He was with him all the time. The other party was able to get rid of my second uncle under He's nose.

The actual fact is that you can't get rid of the problem, but if you think about it, you don't seem to deserve to have such a powerful strength.

He said, he added: "But I have already sent people to look for it, I will do whatever it takes to find out the clues, you just wait patiently for my news in Jinling, if you have any channels, you can also ask around in Jinling to see if there are any clues worth noting.

"Good". Su Zhi Fei's heart was in turmoil and subconsciously

Promised down.

At this time, Su Chengfeng added, "Zhi Fei, I have a headache, so I won't talk to you anymore, I will synchronize with you if there is any progress."

Su Zhi Fei said softly in a distracted voice, " Okay, Grandpa, take a good rest and take care of your health.

As he said that, he suddenly remembered what Grandpa had said and hurriedly said, "Grandpa, don't hang up yet!"

Su Chengfeng asked him, "What's wrong? Is there something else you want?

Su Zhi Fei said, "My grandfather just called me, he said my mother and my sister have come back!"

"What? !" Su Chengfeng's whole body exploded and he asked, "Your mother and your sister have returned? What do you mean they've come back? Where did they go? Where?"

Su Zhi Fei said, "My grandfather didn't say exactly, but he's in Jinling, and he just called me to hurry back.

Su Chengfeng's heart turned over in shock as he blurted out, "How is this possible? How the fuck is this possible?"

He hurriedly asked, "Zhi Fei, where are you now? Where are you now?"

Su Zhi Fei said, "I'm at the Olympic Centre in Jinling, and I'm going back to the old house to have a look!

Su Chengfeng yelled out of the blue, "Go! Go and see what's going on!

Chapter 2787

After hanging up the phone, Su Chengfeng felt a blackness in front of his eyes.

Su Anshun, who was at the side, hurriedly stepped forward and cautiously inquired, "Old. Master Du Haiqing and Eldest Miss, have really returned to the Du family?!"

Su Chengfeng rubbed his temples and nodded his head in a disheveled and powerless manner, sighing: "Anshun, things seem to have gone in the worst direction

Su Anshun asked, "Master, why are you saying this?"

Su Chengfeng let out a long sigh: "All of this is in line with my previous worst scenario, things have started to develop in the direction I don't want to see, the Su family is really in big trouble this time.

Su Anshun asked in surprise: "Master, did you imagine that the two mothers would be safe and sound?"

"It was Su Chengfeng who rubbed his temples and said feebly: " I thought that even if they were rescued, it would be very difficult for them to survive such a serious accident, and they would probably be two corpses by the time they were taken away. This proves that the mysterious person behind them is not only very powerful, but is also standing by their side.

Su Anshun asked again: "Then, this mysterious man

Could it be related to the disappearance of the First Young Master as well as the Second Young Master?!"

Su Chengfeng nodded: "There must be a connection!"

Su Anshun's expression was horrified as he said, "Master, we have investigated Jinling before, and there is no crouching tiger hiding a dragon in Jinling, there are only a few local companies and families, and a Chen Zekai of the Ye family. Even the Ye family doesn't have this ability, if the Ye family really had this ability, then after Ye Changye died, they wouldn't have been suppressed by our Su family for so many years!"

Su Chengfeng's expression was gloomy as he said in a cold voice, "I now suspect that this mysterious person, is not from Jinling at all, and may not even be from Huaxia! "

"What?!" Su Anshun was even more shocked: "Not from China? Then where could it be? Could it be from outside China? It can't be the Rothschild family, can it? The Rothschild family hates the Ye family to the bone, in this case, they can't come against us, because once our strength is weakened, the Ye family will inevitably be strengthened How can the Rothschild family sit back and watch the Ye family gain?"

Said Su Anshun and continued his analysis:.....

Ye Chang Ying his wife's maiden family is indeed very powerful too, but as far as I remember, the An family seems to have always looked down on the Ye family, and back then, when the An family's jewel was married off to the Ye family, the An family was said to be very furious."

Su Chengfeng waved his hand and sighed, "It wasn't the Rothschild family, nor the An family, but that Japanese Chinese!

Japanese Chinese?!" Su Anshun was even more astonished: "Master, the biggest family in Japan is the Ito family, ah, and there is no family of Chinese descent within the top four families, and even the Ito family, which is ranked number one in Japan, is not as strong as our overall strength.

You don't understand. Su Chengfeng spoke: "This strength, not necessarily refers to economic strength, but force . The strength on the strength!

He said, "When Zhi Fei and Zhi Yu were kidnapped by the Matsumoto family in Japan, several top ninjas guarded them and wanted to kill them and dump them at Yohiko Ito's residence in Kyoto, the whole plan was seamlessly designed, but in the end, these top ninjas were killed by a young man of Chinese descent who appeared out of nowhere.

Su Anshun exclaimed: "Master, do you suspect that the one who saved Du Haiqing and Missy this time is still the mysterious young man of Chinese descent?"

Chapter 2788

I don't want it to be him, but now it seems like the nail in the coffin. Who else is so strong that they were able to save Du Haiqing and Zhiyu from the accident? Apart from this person, who else could have kidnapped Shou De under He Lao's nose and without making a sound? Who else could have made Shoudao disappear for no apparent reason? !

Su Anshun blurted out, "Master, if that's the case, then your personal security must be stepped up! Otherwise, if this person were to make a move against you, and our preventive forces were not strong enough, we would be no match for him"

Su Chengfeng nodded his head repeatedly and said in agreement, "That's right! The biggest problem now is that our force is severely lacking, the He family has all withdrawn, only He Lao and some other bodyguards are guarding the courtyard, I'm afraid they are no match for that mysterious man.

With that, he immediately instructed Su Anshun: "Anshun! You must fly to the Northeast Desert City immediately!

Su Anshun exclaimed, "To Desert City? Master, you want me to go see He Hong Sheng? !

! "Yes!" Su Cheng

Feng spoke, "Go see He Hongsheng and apologize to him on my behalf for Su Ruoli's matter, and also tell him that if the He family is willing to ignore past grudges and continue to serve the Su family, I can give them two billion RMB a year!"

"Two billion a year? !" Su Anshun said, dumbfounded, "Master, the compensation we gave them before was 200 million a year, all the way up to 600 million, to be honest this amount is already very high, if you increase it to 2 billion all of a sudden, this is more than triple!

Su Chengfeng waved his hand: "What's a threefold increase? The most important thing is to solve the pressing problem! There is a powerful enemy behind the Su family that cannot be seen or felt, if we don't defend ourselves well, in case - one day - even I am caught by the other side, won't the Su family be completely ruined?

Su Anshun hurriedly bowed and said, "Master, Anshun understands! An Shun will depart now and go to Desolate City to see He Hong Sheng, the He family head!

Su Chengfeng nodded and wrote a cash cheque of one billion directly and handed it to Su Anshun, saying: "Take this cheque with you and hand it to He Hongsheng yourself, tell him that whether he accepts my invitation or not, this

He can keep all the cheques.

After a pause, Su Chengfeng added: "If he accepts the invitation, this will be taken as me paying him 50% of his salary in advance; if he doesn't accept, then this money will be taken as me giving compensation to the He family for what happened to Su Ruoli, after all, it was me who wronged them.

Su Anshun couldn't help but say, "Master, if He Hongsheng really chooses the latter, then wouldn't the one billion be just meat on the bone?"

Su Chengfeng shook his head and said, "You don't understand, most people who learn martial arts have an arrogance, especially those like He Hongsheng who are quite accomplished in the martial arts path! I know He Hongsheng's character, he is destined to only choose to reject my invitation completely or accept it outright, there is no way he will choose to take the money and not do anything, so this is just a polite way to gain more goodwill from him."

Su Anshun busily said, "Yes, Master, I understand, then I will depart now!"

Su Chengfeng nodded slightly and said:

Go, there is no airport in Desert City, you have to arrange the helicopter from the nearby airport in advance, so that you can save the maximum time.

"Yes, Master.

Chapter 2789

Just as Su Zhi Fei was driving back to the Du family's old mansion, while Su Anshun departed for the airport overnight, the Du family's old mansion, at this time, had become a sea of joy.

The Du family siblings had been nurtured to be exceptionally united since they were young under the teachings of the old man.

In fact, even though siblings are the closest relatives, in the end, in most families with many children, it is difficult for them to be absolutely close to each other.

Especially when the children are adults and have their own families, the importance of the extended family with the siblings is naturally much less than that of a small family with a wife and children.

This is why it is common to see siblings fighting over family assets, or fighting over parental support, in real life and on the TV news.

This is not only the case in poor families, but also in rich ones.

But the Du family's siblings were really twisted into a rope.

When something happened to Du Haiqing, her siblings dropped everything they were doing and did whatever it took to find her and her daughter.

Now that the two of them have finally returned safely, the siblings are naturally overjoyed!

Eldest sister Du Haiping has already asked the back kitchen to recreate a

The table was waiting for her sister and niece to arrive, so the family could celebrate.

But when they returned, Du Haiping couldn't be bothered to organize a meal, hugging her sister, who was safe and sound, and bursting into tears.

The family gathered around the mother and daughter and asked them a lot of questions, just to find out who had taken them away after the accident in the tunnel. Where did they go after they were taken away? They must have been seriously injured in the accident, but who healed them?

When we woke up again, we were already lying in a hospital room, and we couldn't see anything related to the name of the hospital, and the doctors who came to treat us were all wearing masks. wore masks, and it was impossible to recognise exactly who they were."

Du Haifeng hurriedly asked her, "Then did you take note of the surroundings, such as what are the more distinctive buildings outside the windows?"

"No." Du Haiqing shook his head and said, "In our ward, the windows are all taped with opaque black glass film on the outside, so nothing can be seen, and all this time our mother and father have been in the room, and the other"

We were given food and drink and provided with all the daily necessities we needed, but we just weren't allowed to leave."

Du Zhenhua was surprised and asked, "So how did they let you leave now?"

"I don't know." Du Haiqing lied, "They suddenly brought me and Zhiyu Meng out from above, then gave me a mobile phone to contact my family, and then it was me who called you."

Du Zhenhua frowned and pondered, "This thing sounds very strange, the person who saved you, should have very strong strength, he saved you two mothers. He also gave you two mothers treatment, at the end of the day, he was not even willing to reveal his identity, nor did he mention any conditions before releasing you back, I can't figure out what he was busy with this big circle, in the end for what"

Du Ocean spoke up, "Dad, maybe the other party is a rival of the Su family, they are not used to seeing what the Su family is doing, so they took action to save Haiqing and Zhiyu."

Du Zhenhua asked rhetorically, "The Su family's rivals? Who? The Ye family? The Ye family may be ranked second, but how can they have that kind of ability?"

Du Ocean nodded gently, "Dad has a point the Ye family should not have this ability"

After saying that, he hurriedly asked Du Haiqing again, "Haiqing, you and Zhiyu have been rescued for so long, haven't you found any clues at all?"

Chapter 2790

Du Haiqing hurriedly said, "I haven't left the ward these days, I've only seen the doctors and nurses, but they don't say anything to us either."

Du Haiqing asked, "The person who saved you never showed up?"

Du Haiqing said, "No, I guess he didn't want to reveal his identity."

Du Zhenhua did not suspect much and sighed, "It seems that chivalry is not only found in the novels of Jin Yong, but also in real life."

As he said that, he suddenly thought of something and asked Su Zhiyu, "By the way Zhiyu, when you and Zhi Fei were in Japan, you were also saved by a mysterious person, right?"

"Yes" Su Zhiyu said hastily, "It was thanks to your grace that time, otherwise, my brother and I would have died at the hands of the Japanese ninja."

Du Zhenhua sighed from the bottom of his heart, "One person can easily kill multiple ninjas, this is really remarkable, it is not too much to say that he is a great warrior!"

After saying that, he hurriedly asked, "By the way, could he be the one who saved your lives this time?"

Su Zhiyu stammered and said, "I can't say about this, after all, I haven't seen the real face, but it is"

It's possible"

Du Zhenhua nodded his head and said, "You two mothers are fortunate, no matter what, it's good that you're okay!"

After saying that, he poured himself a glass of wine and said in a loud voice, "Come! Let's all have a drink to celebrate the safe return of Haiqing and Zhiyu!"

The family was also excited and raised their glasses of wine.

Just at that moment, Su Zhi Fei ran in quickly.

"Mum! Zhiyu!"

Seeing his mother and sister sitting intact at the dining table, Su Zhi Fei subconsciously shouted.

However, he was not so excited in his heart.

He was even a little disappointed.

Seeing with his own eyes that his mother and sister were safe and sound, he knew in his heart that he had lost a huge advantage in front of his grandfather Su Chengfeng in the future.

He certainly had feelings for his mother and sister in his heart.

However, in the face of the Su family's trillion dollar family fortune, feelings did seem a little pale.

The greater the profit in front of him, the more the affection would pale.

This has been a human trait since ancient times

.

In ancient times, both in China and abroad, there were countless instances of royal family hand-to-hand combat.

Fathers killing their sons, sons killing their fathers, and even brothers killing each other were common among the royal family.

It is not that they really have no kinship.

Rather, kinship is not worth mentioning in the face of huge profits.

If they were in a poor family, two brothers might turn against each other and die for life over the one mu of land left behind by their parents, but it would be difficult to kill a brother over one mu of land.

However, when this one acre of land becomes the power and wealth of the entire kingdom, what brotherhood and what kinship become less important.

At this moment, Su Zhi Fei's heart was more lost and disappointed than relieved.

However, he was able to conceal himself quite well, and nothing unusual was revealed.

When Su Zhiyu saw him, her eyes turned red.

Almost without thinking, she stood up, ran to Su Zhi Fei and jumped into his arms, crying, "Brother, I thought I would never see you again in my life"
