

Ye Chen 2871

Chapter 2871

During the two days she rested at home, all He Zhiqiu could think about was Ye Chen.

Originally, she wanted to contact Ye Chen as soon as possible and then report to him directly to start working.

But her health was really weak, and her father kept stopping her from going back to work so soon, so she had to wait again.

When she heard that Ye Chen was in her own neighbourhood, she couldn't wait to see him.

He Yuanjiang originally advised her to rest at home, but seeing her firm attitude, he said no more, "Then hurry up and get changed and go out, Ye Chen is still waiting.

"Good!" He Zhiqiu was overjoyed, and her whole spirit was lifted, so she quickly turned around and went back to her room.

She carefully chose a beautiful outfit, but seeing that she was still a little pale, she hurriedly put on her make-up as fast as she could.

By the time she came out of her room, she was a different person from the one she had just been.

He Yuanjiang also did not expect that his daughter would become so refreshed all of a sudden, and he could not help but be a little surprised in his heart, not knowing that she was

What a chicken blood.

Father and daughter came out of the house together and arrived at the villa where Ye Chen was within a few minutes.

When he entered, Ye Chen was standing in the courtyard talking to He Hongsheng and He Yingxiu.

As soon as he saw He Yuanjiang and He Zhiqiu enter, he hurriedly said with a smile, "Master He and Ms. He, I'd like to introduce two friends to you, they also live in this community, and will be neighbors with you in the future.

He Yuanjiang at this time also walked quickly over, not yet to the front of the beckoning hand said: "Ye Chen, you come over how not to say hello in advance, I can prepare a dinner, good evening at home to eat some!

Ye Chen laughed: "Uncle He you are too polite, I happen to accompany a friend to see the room, - - will have to go home, come home again some other day.

He said, he looked to the He Yuanjiang side of He Zhiqiu, saw He Zhiqiu in good condition, the pretty face also slightly through the red haze, can not help but laugh: "Zhiqiu, seems to be in good shape today?

He Zhiqiu some blushing said: "Thank you Mr. Ye concern, today has been much better, tomorrow and the day after tomorrow can report to you.

Ye Chen waved his hand: "There is no hurry, you first have a good rest for two days also does not hurt.

He Zhiqiu busy said: "I really recovered not much, tonight and then a good sleep, tomorrow should be no problem, you see where I will find you then?"

Ye Chen thought about it and said: "How about this, you also do not tomorrow, the day after tomorrow! The day after tomorrow at nine o'clock in the morning, you go to the Empire Group to find their chairman Wang Dongxue, I will wait for you in Wang Dongxue's office at that time."

"Good!" He Zhiqiu nodded without hesitation and said: "I will definitely be at Dihao Group on time the morning after tomorrow!"

Ye Chen gave a hint and said: "I also happen to put Song Wanting of the Song family in Jinling and Ito Nanae of the Ito family in Japan on a date, the Song family is now cooperating with Japan's Nippon Steel to build a factory in China, and will definitely need a lot of maritime capacity in the future, and the Ito family itself has a lot of shipping resources in Japan, which can be integrated to cooperate together by then, you can talk to them first the day after tomorrow. The day after tomorrow, you can first get to know them and see how to carry out cooperation next."

He Zhiqiu said: "No problem, Mr. Ye, I will first organize a basic plan in the next two days."

Chapter 2872

"Good." Ye Chen smiled and nodded, and then he was busy saying: "Oops, almost forgot the main thing!"

He said, he pointed to He Yuanjiang, said to He Hongsheng: "Master He, this is my mother's classmate and good friend, Professor He Yuanjiang He, next to this beautiful woman is Professor He's daughter, He Zhiqiu, in the future you and they live in the same neighborhood, if there is anything you need to help your side, please take care of!"

He Hongsheng did not hesitate to say: "Master Ye don't worry, in the future Professor He and Miss He have any matter, you can come to me at any time!"

He Yuanjiang was still a bit puzzled in his heart, how did Ye Chen let an old man who was almost old enough to be his father, to take care of protecting himself and his daughter?

However, he also knew that Ye Chen's magical powers, such an arrangement must have his intention, so he said very politely: "He Lao, I'm grateful to you for taking care of me in the future!"

He Hongsheng arched his hand and laughed: "Professor He doesn't have to be so polite, we are all friends in the future, and it is only natural to help each other."

He Yuanjiang felt that He Hongsheng, the old man seems a bit unusual, talking is a kind of jianghu air, and although not young, but really look a few master style, think should not be ordinary people.

Is thinking, Ye Chen at this time opened his mouth to introduce: "Uncle He, Master He The Northeast He family is the head of the Northeast He family, is one of the four major martial arts families in China, the

future He Laozi and He family experts are living here, you and Zhiqiu's safety must have a great guarantee.

He Yuanjiang heard these words, his expression suddenly a moment of horror, and then respectfully said: "He Lao, did not expect you are actually a martial artist, really respectful respect!

He Hongsheng faint - smile, said modestly: "Professor He don't be so polite, we are just some gun dancing crude people, or you do the most respectable learning!

Ye Chen helplessly shook his head, laughed: "You two do not here commercial mutual blow, the future are neighbors, there are plenty of opportunities to drink and talk.

He Hongsheng laughed and said: "Well, since Master Ye has said so, some day when we have a drink, Master Ye must come to support.

Ye Chen laughed: "Since this is the case, then why don't I make arrangements for the evening, just in time for you and Ms. He to have a casual meal and a drink together.

He Hongsheng said: "If Master Ye has arrangements tonight, we can do it some other time."

Ye Chen laughed: "Actually, it's not a big deal, it's just going home for dinner, but my wife has been busy with the project lately, so she's not going home to eat tonight.

After saying that, he asked He Yuanjiang as well as He Zhiqiu: "Uncle He, are you and Zhiqiu free tonight?"

"No problem!" Before He Yuanjiang could say anything, He Zhiqiu, who was at the side, hurriedly opened her mouth and answered.

She knew that her father had made a pot of pig's foot soup at home today and was going to cook noodles for herself to eat in the evening, and it was her own initiative because her favorite thing as a child was her father's pig's foot noodles.

But since Ye Chen wants to invite himself and his father to go over for dinner together, then of course he still wants to eat with Ye Chen in his heart, in case his father - at this time - opens his mouth to solve the problem, then is not the hope to fall short?

He Yuanjiang - listened to his daughter so quickly grabbed the promise down, surprised at the same time, the heart also can not help but have; some sour.

He also just learned two days before that his daughter's sexual orientation was actually normal.

Also at that time, he realized that his daughter should have some feelings for Ye Chen.

He also lamented at that time, Ye Chen has been married after all, the two can only be said to be destined to have no separation.

But now, looking at his daughter's shy look, it seems that she is really moved by Ye Chen.

When he thought of this, he couldn't help but sigh in his heart: 'Hey, my daughter is so moved that the pig's feet noodles that my father had prepared all afternoon were just left behind.

Chapter 2873

4-4 minutes

Meanwhile.

Su Zhiyu returned to the Du family mansion from outside with a thick school bag on her back.

Just now, she had negotiated all the terms with Su Anshun, the housekeeper sent by her grandfather Su Chengfeng, and completed the procedures to change all the shares of the Su Family Ocean Shipping Group.

Now, the huge mess of the Su Family Ocean Shipping Group was hers.

Back home.

Everyone didn't know where she had gone. So everyone went up to ask.

Su Zhiyu only excused herself on the pretext that she had gone out to do something, and temporarily put it off.

Only her brother, Su Zhi Fei, felt very bad.

He vaguely felt that his sister Su Zhiyu should have reached some kind of cooperation with her grandfather.

So, he went back to his room and called Su Chengfeng.

As soon as the call came through, he asked impatiently, "Grandpa, have you made a deal with Zhiyu?"

Su Chengfeng asked in return, "What? Didn't Zhiyu tell you?"

Su Zhi Fei's heart thudded and he said, "No, I didn't ask her either. She just came back from outside."

"Yes." Su Chengfeng said indifferently, "Zhiyu approached me to negotiate a deal to take away the Su family's ocean shipping group, that mess of business, it's hers now."

Su Zhi Fei felt a pang of heaven and earth.

A few hundred billion dollars of property, and the old man just gave it to him?

This was too beyond imagination, right?!

All of a sudden, his heart felt very bad.

In his heart, he thought, "Zhiyu actually from the beginning to the end. Not even talking to me about this matter, is she treating me as an outsider?"

"And! How can the old man be so willing to give up? Giving her all such a large segment of the Su family's business in one go, that's too generous, isn't it?!"

"The ocean shipping business, the proportion of the Su family is almost 20% to 25%, which means that the Su family, which will be left to me to inherit in the future, has been bitten off by someone else in one big bite!"

In his heart, Su Zhi Fei gradually began to lose his balance and became indignant.

He wanted to ask his grandfather why he had given such a large chunk of business to Su Zhiyu.

However, he did not dare to say this out loud.

Because he knew that if he

If you ask yourself, you are immediately in and out.

Not only does it let the old man know. Himself is very dissatisfied with his own sister, but also let the old man detect his own lust for profit.

Therefore, he could only deaden his inner anger and said with a melancholy voice of regret, "Ai Zhiyu is really too ignorant grandpa you don't get angry with her first, I'll go back and persuade her properly, sooner or later I still have to persuade her to return this piece of business!"

Su Zhi Fei's words made Su Chengfeng, who had just cut his meat, incredibly relieved.

He couldn't help but sigh, "Zhi Fei, you still know better"

The fact is, it's not necessarily a bad thing to give it to Zhiyu for now. I'm not sure if it's a bad thing to give it to Zhiyu for the time being, but I'll find a way to help you get it back to the Su family if she really gets it going. In this way, instead of suffering losses, our Su family can also collect dividends."

Su Chengfeng said with some relief, "I am very pleased that you have this heart. As for whether your sister can bring this piece of business to life"

Chapter 2874

When Su Chengfeng said this, he couldn't help but pause for a moment and sigh, "To be honest, I'm also quite looking forward to it now!"

After saying that, Su Chengfeng added, "Zhi Fei, during this period of time, you must keep a close eye on Zhiyu's every move, where she goes, who she meets and what she does, you must investigate clearly, got it?"

Su Zhi Fei busily said, "I know grandpa, don't worry!"

"Good." Su Chengfeng sighed and said, "What I'm most worried about now. It's not whether she can get this business right, what I'm worried about is whether she will sell all the fixed assets of the Ocean Shipping Group as soon as she turns her hand to it..... so many ships, so many port resources, packaged canal access rights. If you really take them out and sell them, they can be sold for hundreds of billions of dollars, so you must keep an eye on any of her movements for me!"

Su Zhi Fei's expression instantly flinched and he said, "Grandpa, I will keep an eye on her!"

After hanging up the phone, Su Zhi Fei was extremely annoyed.

"I've worked so hard for so long. Even after the accident with both my mother and sister, I still have to bash around to please the old man"

"But what did this old thing give me?"

"Nothing!"

"Nothing of substance!"

"He has done nothing more than paint me a big pie.

How nice and free. I don't know if I'll get a chance to eat it yet!"

"But it's not fair that Zhiyu grabbed the old man's handle and took the opportunity to make a scene and got such a big piece of property!"

.....

Meanwhile, Ye Chen and the others had arrived at the Tian Xiang Mansion.

Since they were having a drink and a laugh. Ye Chen had naturally chosen the location here.

It just so happened that in the future, he would also have to divide part of the He family to Hong Wu and eat here, so Ye Chen simply called both Hong Wu and Chen Zekai over.

And. He also planned to let He Yuanjiang as well as He Zhiqiu get to know them both by the way.

As long as these two were there, there was basically nothing that could not be settled in Jinling.

When they received Ye Chen's call, Chen Zekai and Hong Wu dropped what they were doing and went straight to the Tian Xiang House.

At the dinner table, Ye Chen introduced them to He Yuanjiang and He Zhiqiu. Although He Zhiqiu had met Chen Zekai before, she had not had many encounters with him, so this time she simply took advantage of the dinner to get acquainted with both Chen Zekai and Hong Wu.

He Zhiqiu was not surprised by Ye Chen's connections, she had already realised that Ye Chen had already secretly built a huge network of contacts in the whole of Jinling, so to speak. It could be said that there was not a single dignified figure in the whole of Jinling who could not look up to him.

There were even quite a few who were almost like his disciples.

She was somewhat surprised by Ye Chen's patience and meticulousness. Because those top rich kids she knew,.....

Few people are able to get down to earth and run a solid base first.

Usually those top rich kids feel that they are at the top when they start out. That's why they like to do things in high gear, and laying out many projects in a row in one breath is the most normal operation for them.

However, Ye Chen was different from those people.

As the young master of the Ye family, Ye Chen did not just go high in Yanjing, but steadily worked in a second-tier city like Jinling, appearing to be unperturbed on the surface, but in fact, he had already penetrated his power into every class and every inch of Jinling.

This kind of steady and stable approach is the basis of being able to achieve great things. With Ye Chen's approach, starting from the cities on the Yangtze River and then pushing the business to the coast through ocean shipping, no matter how the economic situation changes in the future, both at home and abroad, it will be possible to advance and retreat.

This, too, made her feel confident about joining Ye Chen's business map.

Because of their happiness, everyone present, except He Zhiqiu, drank a few more glasses.

Ye Chen also drank a lot today. The Moutai prepared by Hong Wu was of a high degree, and Ye Chen deliberately did not use his aura to dissolve the alcohol, but allowed it to reach a slightly drunken state within his body.

This slightly drunken feeling made his already happy mood even more pleasant.

He was happy because he felt that, with He Yuanjiang and He Zhiqiu, his father and daughter, his future layout in the ocean shipping sector was absolutely secure!

Chapter 2875

And while Ye Chen and the crowd were having a drink at the Tian Xiang House, Su Zhiyu held her brief launch online. , more good-looking novels read for free. The first of these is the one in which the person who is the owner of the house is the owner of the house. The first time I saw her, I was able to see her.

The format of the launch was to live-stream the entire event through online media, and the venue for Su Zhiyu's live-stream was chosen to be in the ancient study of the Du family's old mansion.

Originally, everyone thought that she would definitely launch a public condemnation of Su Chengfeng at the launch.

But to everyone's surprise, Su Zhiyu was very calm and non-aggressive throughout.

As soon as the conference started, Su Zhiyu stood up and said to the camera, "Hello, I am Su Zhiyu. I have been grateful for everyone's concern during this period of time, and I am holding this conference to tell all my friends who care about me and my mother that my mother, Ms Du Haiqing, and I have now returned to our normal family life, and we are in very good health. "

After that, she spoke again: "Neither my mother nor I are any public figures, so I would like to apologize to the whole country for myself, and my mother, for taking up so many public resources. Fee.

She then gave a brief account of what happened to her and her mother during the accident.

She didn't hide or gloss over it too much, saying that a life-saver had taken her and her mother out of the Forbidden Mountain Tunnel and provided them with professional treatment, and that after they had recovered, they had officially returned to Jinling.

Some people were curious to know the identity of this saviour, but Su Zhiyu declared to the public that she did not know the real identity of the saviour either. In addition, she had promised the saviour that she would not release any details about him to the public.

As for some people asking her whether she would hold her grandfather Su Chengfeng responsible, Su Zhiyu's answer was also very ambiguous: "This issue, I do not want to respond for the time being."

After all, with the attention and sympathy of the whole nation, Su Zhiyu could easily push the culprit, Su Chengfeng, into the abyss.

It was as if the whole nation had used their support to help Su Zhiyu build an indestructible gun, which could definitely give Su Chengfeng a huge killing blow as long as Su Zhiyu pulled the trigger.

However, no one expected that Su Zhiyu, with his hand on the trigger, would choose to give up in the end!

Many people were disappointed, but of course there were also many who could understand Su Zhiyu.

There are times when both the heart and the back of the hand are flesh. Since both she and her mother are safe and sound, it would be better to make light of the big issues for the sake of kinship.

Ye Chen received the news push while he was drinking.

When he clicked on it and took a look, even the news writers expressed their strong disappointment.

They said that Su Zhiyu had given up the chance to seek justice for herself and her mother.

Of course, some netizens felt that there must be a conspiracy in all this, that Su Chengfeng must have used some method to force Su Zhiyu's hand.

However, because Su Zhiyu herself had not explicitly spoken out, there were a variety of similar comments, as well as other opinions, and no one could prevail.

However, Ye Chen knew very well in his heart.

Su Zhiyu was a girl who was extremely intelligent and had an exceedingly resolute character.

If she had taken the initiative to give up this opportunity, it was by no means that she was afraid of Su Chengfeng.

It must be that she had borrowed this opportunity from Su Chengfeng and exchanged it for some other compensation.

Chen Zekai, who was sitting beside Ye Chen, also received this news tweet

Chapter 2876

With a surprised face, he handed the phone to Ye Chen and whispered: "Young master, look at this
Ye Chen nodded: "I've just read it."

Chen Zekai was puzzled and asked: "You said, why didn't Miss Su take this opportunity to give Su Chengfeng that hard time? The best opportunity to give Su Chengfeng a full blow was to have several tens of millions of people watching on multiple platforms, and after today's village there would be no such shop.

Ye Chen smiled slightly: "Don't be too surprised, she must have her own considerations."

At this moment, Su Zhiyu had already finished her live broadcast, sitting motionless in her study alone, thinking over and over again about her next plan in her head.

Du Haiqing knocked on the door and said, "Zhiyu, come out to eat.

Su Zhiyu came back to her senses and said, "Yes mum, I'll be right there."

With that, she took a large stack of legal documents out of her desk drawer and stepped out.

Her family, except for her brother Su Zhifei who had already gotten the information from Su Chengfeng in advance, no one else knew yet that Su Zhiyu was actually with Su Chengfeng da

.What a deal was made.

Right now, her family was amazed, amazed at why she had let Su Chengfeng off the hook in the live broadcast just now.

Even her mother, Du Haiqing, did not understand.

Seeing that the family members at the table were all looking at her in a somewhat strange manner, Su Zhiyu put the - stack of legal documents on the table and said seriously, "Mom, brother, grandpa, great uncle and second uncle, there is something that I didn't tell you before."

Everyone was looking at her at this moment, waiting for her to say more.

Pointing at those legal documents, Su Zhiyu spoke, "During the day today, I reached an agreement with grandpa, for this launch, I will not attack him in any way, and I also give up the right to take this to the law, in exchange, he transferred all the shares of the Su family's Ocean Shipping Group to me, the relevant procedures have been completed, and the industrial and commercial changes have also been done.

When everyone present heard this, their jaws dropped.

Except for Su Zhi Fei who knew everything in advance, everyone else was full of disbelief!

No one had expected that Su Zhiyang would be able to take over the entire Ocean Shipping Group from Su Chengfeng for such a small price!

If this was Su Chengfeng's compensation to her, then this compensation was indeed a bit too big...

up.

Du Haiqing was the first to come back to her senses as she thought of the request Ye Chen had made to his daughter.

For her to become the Su family head within three years.

Could it be that this was her daughter's first step towards achieving her goal?

Then one had to say that this first step of hers was indeed a bit amazing!

After hearing this, Grandfather Du Zhenhua could not help but ask after her, "Zhiyu, what are you doing?"

Su Zhiyu knew that her true purpose could not be known to anyone other than her mother, especially her brother Su Zhifei.

So, she said seriously, "I just want to get a little protection for myself.

After that, she looked at Su Zhi Fei and added: "Thanks to my brother for reminding me, I don't have any personal property, if I completely turn over with the Su family again, then I will really have nothing, I can't wait until I get married without a dowry that I can get, right? This ocean shipping group will be considered as a compensation from the Su family and a dowry for me in the future.

When Su Zhi Fei heard this, his heart was as uncomfortable as it could be.

"I did say something similar to you, but it was to persuade you not to go against the Su family and not to go against grandpa"

But I didn't ask you to take a knife and run to Grandpa to cut a big chunk of flesh!"

Chapter 2877

Although Su Zhi Fei was spitting in his heart, he was still more or less worried.

He was afraid that Su Zhiyu's words would get into his grandfather's ears, and in case he thought that he had given Su Zhiyu the idea, wouldn't he have offended him again?

Although he was the eldest grandson of the Su family, if he really offended Su Chengfeng, Su Chengfeng could also make him become nothing immediately.

After all, he was not the same as Su Zhiyu. Su Zhiyu is now properly worth hundreds of billions, and if all this were made public, she might already be the richest woman in China.

When he thought of this, Su Zhi Fei's heart was even harder to bear.

However, the Du family, including Du Zhenhua, did not doubt what Su Zhiyang said.

Du Zhenhua even clapped his hands and praised, "Zhiyu, you've done a good job! We can't let Su Chengfeng off the hook! He must be made to pay a sufficient price! The previous exposure of the video

by the mystery man has already tarnished his reputation, and there is no real point in us falling on top of this. Might as well force him to cut off a piece of flesh!"

Su Zhiyu's great uncle Du Haifeng said somewhat worriedly, "This ocean shipping group of the Su family has now been forced to terminate all operations, and it is said that the daily losses are a huge amount

The amount of money, in this case, Zhiyu you are afraid that it is also very difficult to make it turn a loss into a profit ah!"

Su Zhiyu glance at the side of the brother, and then said in a slightly light tone: "Never mind, if I can not find a way to make it turn a loss into profit. Simply sell all of its assets for cash, the ship is not allowed to run, can not not be sold, right? When the time comes, all sold at a discount, at least one or two hundred billion can be returned."

Du Haifeng froze, then put up his thumb, said with admiration: "Wonderful uncle how did not think, even if the business can not be done, the assets can still be sold just uncle also has some network resources, if you decide to sell when, with If you decide to sell it, say hello to uncle, uncle help you to pull the strings, and strive to sell a good price!"

Su Zhi Fei heard these words. The inner heart is dripping blood like pain.

.....

Tian Xiang House diamond box.

Ye Chen and the crowd of people to exchange glasses, more than a dozen bottles of Maotai down, the guests and hosts are happy.

Ye Chen had Chen Zekai arranged several cars in advance to send a group of people from the He family, as well as He Yuanjiang, He Zhiqiu father and daughter.

From the box, Ye Chen then arranged: "Master He, you and several other brothers directly take a car back to

Villa it is, let Ms. He have a car with me, I'll send Professor He and the others back first, and then send Ms. He to the hotel."

He Hongsheng cupped his fist to Ye Chen and said, "Then I will follow Master Ye's arrangement."

The crowd moved to the entrance, and Hong Wu and Chen Zekai worked together to arrange for the ten members of the He family to be divided into three cars first.

After these three cars had left, Chen Zekai arranged for his men to drive a Lexus six-seater business to the front and said to Ye Chen, "Master Ye, you and Ms. He, as well as Professor He and Miss He, will take this business car. I'll take the passenger seat."

Ye Chen nodded and was about to get into the car when he suddenly heard someone shout out in surprise, "Ye Chen!"

Ye Chen turned his head to look. The person who walked out of the Tian Xiang House at this moment was surprisingly the first love of his old husband, Xiao Chang Kun, Han Mei Qing.

Han Meiqing happened to be at the Tianxiang Mansion today with a few colleagues from the senior citizen university. She was about to take a taxi when she saw Ye Chen standing in front of a commercial vehicle, so she came over to say hello.

Ye Chen also didn't expect to meet Han Meiqing here, so he smiled and said, "Auntie Han, you're eating here too?"

"Yes." Han Meiqing said with a smile, "I just happen to be having a meal with my old friends from the university."

Chapter 2878

4-4 minutes

At this moment, He Yuanjiang, who had his back to Han Meiqing beside Ye Chen, had long since come back to his senses and was surprised to see Han Meiqing, who was dressed beautifully, saying, "Meiqing. You're here too!"

Han Meiqing also laughed in surprise, "Aiya Lao He, why are you here?"

After saying that, she pointed at Ye Chen. Exclaiming, "You you and Ye Chen know each other, huh?"

Ye Chen hurriedly grabbed a step ahead of her at this time and said with a smile, "Auntie Han, a friend of mine just happened to be planning to do some new business, so he invited Professor He to come over for dinner with him, and I didn't expect to meet up with Professor He here."

He Yuanjiang knew that Ye Chen did not want too many people to know his real identity information, so he agreed, "Yes Meiqing. I was quite surprised to see Ye Chen just now, it's just too much of a coincidence."

Han Meiqing didn't doubt it and nodded gently, smiling, "It is indeed quite a coincidence. I also said that I would call you later to talk about the training at the university for the elderly, and I don't know if you are busy with your school teaching duties these days?"

He Yuanjiang hurriedly said, "No! Even busier, I can still find time to help

Our students at the senior citizens' university will learn and progress again."

He Zhiqiu on the other side was a little surprised to see her father's attentive and excited face.

She had thought that her father was the kind of person who had no interest in life, and that he was not destined to find another half in the future.

But. When she saw the way her dad stared at the aunt in front of him, she instantly realised again that there was a day when her dad would blossom from the old tree.

And so. She couldn't help but look at Han Meiqing a few more times and couldn't help but sigh in her heart, "This auntie's looks and temperament are excellent, it's the first time I've seen someone who still has such temperament when they reach middle age, it seems like dad has a good eye indeed"

Han Meiqing also noticed that a beautiful young girl had been sizing herself up, so she couldn't help but look at her too.

Only then did He Yuanjiang remember that he hadn't even introduced his precious daughter to Han Meiqing properly.

So, he hurriedly

Busily, he said to Han Meiqing, "Meiqing. Let me introduce to you, this is my rebellious little girl, He Zhiqiu."

"Oops!" Han Meiqing couldn't help but exclaim, "It's really your daughter! She's so beautiful!"

He Zhiqiu smiled and said, "You're flattering, auntie."

He Yuanjiang then said to He Zhiqiu, "Zhiqiu. This is Auntie Han Meiqing Han, she has also just returned from the United States, having settled there before."

"Is that so?" He Zhiqiu heard this. She couldn't help but brighten up.

It wasn't that she thought there was anything remarkable about coming back from America, but rather that this aunt had such similar experiences to her father, so the two must have a lot of common language.

Han Meiqing nodded at this point and said, "I went to America right after I graduated from university, and only returned to Jinling to settle with my son after my husband passed away some time ago."

Hearing this, He Zhiqiu could not help but sigh, "Aiya, then you and my father are basically in the same situation, even the timing of your departure and return is similar, I believe you and my father must have a lot of common language, right?"

Chapter 2879

When Han Meiqing heard He Zhiqiu's words, she nodded approvingly and smiled, "It's indeed rare to meet people who have similar life experiences, so of course there will be more common language."

These words came from the bottom of Han Meiqing's heart.

In her life, she had been through a lot of ups and downs, but she had been through a lot of storms.

She left the country, emigrated, got married, had children, lost her spouse, and then chose to return to her roots with her children and return to China.

This short sentence represents more than fifty years of her life experience.

Interestingly, He Yuanjiang's experience is almost identical to hers.

He Yuanjiang also decided to return to China after the death of his wife.

Originally, Han Meiqing had thought that he was different from herself in that he had come back on his own and his children had remained abroad.

To be honest, it was so coincidental that Han Meiqing thought it was a photo

The mirror, but some parts are reversed, for example, He Yuanjiang is a male and has a daughter, while she is a female and has a son.

Therefore, she looked at He Zhiqiu with a little more affection, so she said with a smile: "Zhiqiu, my son has just followed me to China, so I believe you and he will have a lot in common when you have the chance to introduce you to each other.

He Zhiqiu smiled faintly, nodded and said politely, "Good, Auntie Han.

Seeing this, He Yuanjiang at the side hurriedly said: "Aiya! How about this? I'll cook a few dishes at home tomorrow night, so you can bring Paul over and get to know the two kids.

Han Meiqing thought about it and said, "I'm not sure about that yet, I'll ask Paul when we get home.

He Yuanjiang was busy saying: "Good! If Paul has time, you can tell me directly, and I will start preparing.

Han Meiqing nodded, looked at the time, then said: "OK, I won't talk to you first

Let's talk, a few old fellows are still waiting over there.

After saying that, she waved her hand at Ye Chen and said: "Ye Chen, come and sit at home sometime, Paul has been talking about you, saying that the person he admires most is you.

Ye Chen smiled and said politely: "Yes Auntie Han, I will definitely go sometime.

Han Meiqing smiled faintly and said to He Zhiqiu: " Zhiqiu, auntie will go first, I will bring my son to visit your home later."

He Zhiqiu smiled sweetly and said, "Okay, Auntie Han, you take care.

When Han Meiqing left, Ye Chen did not delay any longer and said to He Yuanjiang and He Zhiqiu, "Let's get in the car too.

"Okay." He Yuanjiang replied, and then got into the business car.

After everyone had gotten into the car, Ye Chen asked the driver to go to the villa area where He Yuanjiang lived first.

On the way, He Zhiqiu couldn't help but ask He Yuanjiang with a gossipy face, "Dad, do you have a thing for that Auntie Han?

Chapter 2880

He Yuanjiang suddenly became embarrassed and said in a stammering voice: " You child, what are you talking about?"

He Zhiqiu brushed aside his mouth: "Do you really think I'm a child of three? I can't tell if it's just a little thing, can't I?"

I've never seen an auntie as elegant and well-mannered as she is, and more importantly, she's very affectionate.

Really? ! When He Yuanjiang heard this, he was instantly surprised and asked out of the blue, "You really think your Auntie Han is nice?"

Of course it's true." He Zhiqiu said seriously, "I am not an old feudalist, you are also old, you must have a partner in the future, if you can really chase after Auntie Han, I agree with you a hundred times, don't worry, go ahead and chase after her.

In fact, He Zhiqiu was originally somewhat resistant to the idea of her father renewing his marriage.

She was always angry with her father for her mother's death and believed that he was responsible for her death.

However, because of this experience in Syria, she has become more tolerant and understanding towards her father.

Even when he was earning tens of millions of dollars a year, he had never had an affair, never cheated on his wife, and was still very family-oriented overall.

.....

Sometimes it is difficult to balance career and family, and most fathers have to work outside most of the time, which is really not easy either.

Moreover, now that my father is single and old, he lacks the warmth and care of his other half in his life.

It is said that old people are companions in old age, but without a companion in old age, there is indeed a great lack of life.

As a daughter, she naturally did not want her father to be alone all the time. Even if she, as a daughter, returned to his side, the absence of a companion would still leave his life incomplete.

When He Yuanjiang heard his daughter's words, he was touched and relieved deep down.

But with so many people around, he could only say vaguely, "I'm content that you have this heart, and as for me and your Auntie Han, let nature take its course."

He Zhiqiu blurted out, "How can that be! Let it be? Such a wonderful aunt, and you're still going with the flow? Auntie Han has many suitors behind her, so you must give it your all to succeed!

He Yuanjiang said awkwardly, "We'll talk about this at home, we'll talk about this at home!

Ye Chen listened to this from the side and felt more or less emotional in his heart.

According to this, the old husband Xiao Changkun where there is any chance of winning?

"All sides are crushed by Uncle He to the point that not even a hair remains, the only advantage, may be

It is this point of first love with Auntie Han now.

"However, this old man is as timid as a mouse, not daring to pursue Auntie Han openly, not to mention mentioning the divorce directly to Ma Lan, later even meeting with Auntie Han, he was afraid of the wolf in front and the tiger in the back, I have to say, he is indeed timid and cowardly and afraid of things, not enough to take charge yet, Auntie Han must have been disappointed with him during the time she returned to China, right?

Thinking of this, Ye Chen couldn't help but look at He Yuanjiang beside him again.

"I have to say, Uncle He is indeed a rare good man, high education, high connotation, high income not to mention, the key is that the person is also much more spiritual than that old husband of his, and the other Uncle He is also widowed, at any time can be openly and honestly with Auntie Han, and can even directly register the marriage, these are far from the old husband. For Ye Chen, let him stand in an absolutely objective position, he also more optimistic about Han Meiqing and He Yuanjiang, two high level intellectuals who are free from the low class, together can be said to be a perfect match, very compatible.

As for Xiao Changkun

To be honest, Ye Chen felt that Xiao Changkun was not good enough for Han Meiqing at all.

Perhaps, when they first fell in love, they had stood at the same starting point.

However, in the past 20 to 30 years, Han Meiqing had been moving upwards, while Xiao Changkun had been moving downwards.

Now, the two of them are already a hundred thousand miles apart.

Under such circumstances, even if they did get together, it would probably not last long!
