

## **Ye Chen 2881**

### **Chapter 2881**

After sending He's father and daughter home, Ye Chen had the business car go to Buckingham Palace.

Su Ruoli had been waiting here for her mother, He Yingxiu, and had been waiting all night long and was impatient.

When the car arrived at the entrance of the hotel, Ye Chen said to Chen Zekai: "Old Chen, you can take Ms. He up, I won't go up.

He Yingxiu asked: "Master Ye is not going up to sit down?"

Ye Chen smiled and said, "No, it's late, I'll go straight home."

He Yingxiu nodded, then said, "That's good, it's hard for Master Ye to make a special trip to see me off, if there are any subsequent matters, Master Ye can call me directly!

The first thing I want to do is to give you the money you need for the rest of the pills, and I will give it to you in a few days.

He Yingxiu was busy saying, "No hurry, Master Ye, it was agreed that it would be a year's reward, but we have only just come here, you don't need to honour all the year's promise so quickly.

"It's not in the way." Ye Chen smiled faintly and said, "Ms. He go up quickly, I guess Ruoli is waiting for you very anxiously.

He Yingxiu nodded slightly, then said, "Ye Da .....

I'll go up first, then.

Chen Zekai also helped He Yingxiu open the rear electric door at this time, so He Yingxiu stepped out of the car and went into the hotel with Chen Zekai.

Ye Chen was just about to instruct the driver to drive to Townsend I. Suddenly, through the car window, he saw an old man and a young man coming out of the hotel, and was surprised to find that these two grandchildren were the same two people he had seen at Jinling University of Finance and Economics before.

At that time, Ye Chen guessed that the two should be feng shui masters, and that the probability was that they had come for himself, but these two seemed to have no malice, so Ye Chen did not lay hands on them both in advance.

But unexpectedly, these two people were living in Buckingham Palace.

Ye Chen instructed his driver to drive while he called Chen Zekai and ordered: "Old Chen, two men came out of your hotel just now, one old and one young, the old one is estimated to be nearly 100 years old, the young one looks to be in his twenties, you can help me see if they are staying at Buckingham Palace, if so, check their check-in information and give me feedback.

Chen Zekai immediately spoke up: "Okay young master, I'll arrange it.

When Ye Chen got off the bus in front of the main gate of Townsend I, Chen Zekai sent him a voice message on WeChat.

.....

"Young master, I just checked, the old man and the young man are indeed staying at Buckingham Palace, the older one is called Mak Shing Hing and the younger one is called Mike, both of them are registered to stay with American passports.

From the United States?

Ye Chen's eyebrows slightly

frowned and replied to him:"

It just so happens that the Ho family came

Tell Master He to send two quick-witted men to keep an eye on them and report to me at the first opportunity if there is any movement.

"Yes, young master.

Ye Chen didn't know exactly what the origin of the Mai Chengxing from America was, but he felt that this person also seemed to be from the school of feng shui secret arts, so he thought of the feng shui master he had known on Mount Ye Ling, Lai Qing Hua.

However, when the two met, although they met at first sight, they were gentleman's friends like water, and neither of them left the other's contact information.

So, Ye Chen called his grandfather's place.

At the beginning, Lai Qing Hua had been invited by him to re-pick the ancestral graves for the Ye family, so he must have had Lai Qing Hua's contact information.

At this moment, when Ye Zhongquan received Ye Chen's call, he couldn't help but be a little surprised and said with a smile, "Chen'er, why did you want to call me, an old man?"

## **Chapter 2882**

---

Ye Chen did not hide, said directly: "I heard that you know an American feng shui master, I have something to ask for advice, I wonder if you can give me his phone number?"

Ye Zhongquan was surprised and said, "Oh? Where did you hear about this?"

Ye Chen smiled: "Rumors outside.

The old Chinese man from the United States, Mr. Lai, is old, but he told me when he left Yanjing that he was going to call it quits, so if you want to ask him to come out, I'm afraid you can't.

Ye Chen said indifferently: "I just want to ask a few questions over the phone.

Ye Zhongquan gave a hint and said: "I'll send you Mr. Lai's mobile phone number in a moment, call him, if he doesn't take care of you, just say you're my grandson, he'll more or less give a few favors.

"Okay." Ye Chen didn't say much, so he said, "Then please send me a text message

Soon after, he received a text message with a string of American phone numbers.

Ye Chen dialed this number directly and waited for a few seconds before prompting that the line was connected.

On the other end of the line came Lai Qing Hua's voice: "Hello, who is it?"

Ye Chen spoke, "Mr. Lai, it's me, Ye Chen."

Lai Qinghua immediately heard Ye Chen's voice and said with surprise, "It's Young Master Ye! Why are you calling me all of a sudden?"

Ye Chen then said: "This is the case, I want to ask you about someone, I don't know if it's convenient.

Lai Qing Hua said, "Please tell me.

Ye Chen asked, "Do you know an old man called Mai Chengxing? He is also a Chinese American.

.....

"Mai Chengxing?!" Lai Qing Hua asked in surprise, "Young Master Ye has seen him?"

"Yes." Ye Chen said blandly, "I did meet him, but I didn't meet him properly, I felt that he came to Jinling as if he was looking for me, so I wanted to inquire about this person with you.

Lai Qing Hua sighed: "Mai Cheng Xing knew that I had a great chance after meeting you in China, he was also very eager to go to China, so he also wanted to go to China, it just happened that someone asked him to go there to do something, he calculated that there might be another opportunity in it, so he rushed over."

Ye Chen also asked, "What about this Mak Chengxing, what is he like?"

Lai Qing Hua said seriously: "A very upright Feng Shui people, is the direct lineage of the Mai family, I have known him for many years, this person is decent, upright, has not done anything evil.

Said, Lai Qing Hua added: "Ye young master, if the old Mai and your side have any misunderstanding, but also please be merciful, this person is by no means a bad person, there may just be used for bad people.

Ye Chen then said, "Don't worry, I will remember your words, thank you old Mr. Lai."

Lai Qing Hua was busy saying, "Young Master Ye, there is no need to be polite, if you have any problems, you can always contact me."

At this moment.

Mai Chengxing and Mike took a taxi together and headed to a cemetery outside of Jinling.

The taxi driver was originally reluctant to take a taxi to the cemetery in the middle of the night, but Mai Chengxing gave him a high price of one thousand yuan, so the driver could only grit his teeth and rush there.

On the way, Mike couldn't help but ask Mai Chengxing: "Grandpa, why did that Master Xuan ask us to meet him at the Phoenix Hill Cemetery at night? I'm afraid this man isn't sick, is he?"

.....

The cemetery is not a normal person, we can't afford to offend, he chose to meet in the cemetery, there must be his reason you see him later, in addition to the necessary courtesy, do not say anything, lest words have more than mistakes, understand?

Mike asked: "Grandpa, why do we have to be so respectful to him? We have our mission, just focus on completing our mission, why meet with him?"

Mai Chengxing said seriously: "I have long told Su Chengfeng that there must be a secret big shot in Jinling, but he still wants to take on that big shot, and Xuan Fengnian is here this time to help him solve this matter.

After saying that, Mike Chengxing added: "I have heard about this person Xuan Fengnian, this person acts very evil, and mastered many metaphysical methods, not something we can afford to mess with."

Mike asked nervously, "Grandpa, what does he want to do when he asks us to meet him?"

Mike Chengxing whispered: "I reckon he should want to ask for some clues from us.

Mike nodded gently, and some of the bottom said: "But we have not found any valuable clues in the past few days, in case this Xuan Fengnian and Su family blame down, how do we cope?"

Mai Chengxing sighed, said: "This time to Jinling, indeed I was rash, knowing that this place is unfathomable, but still all the way here, mainly because I always think of opportunity and danger, but ignore the opportunity itself is very difficult to grasp!

said, he said: "Now this Xuan Fengnian came to Jinling, I'm afraid things will be more variable, if the situation is not clear, we will go back to the United States, the Su family gave the money, all returned to him is

## **Chapter 2883**

---

Twenty minutes later.

The cab stopped in front of the Phoenix Hill Cemetery, the largest in the suburbs of Jinling.

The cemetery here, occupying several nearby hills, a huge area, usually during the day there are often many people come to pay their respects, but at night, here will not even see a dog.

The cab dropped the grandchildren off at the cemetery gate, and then kicked the gas pedal and scurried away.

Mike through the hazy moonlight, surveyed in front of the Chinese white jade large gate building, can not help but some nervous said: "Grandpa, this place how even a staff is not?"

I'm not sure, the door is closed and I don't know if it's locked, so help me go over and take a look.

The two came to the door, Mike pushed the door, the iron door does not move, Mike busy: "Grandpa, the door is locked.

The two men arrived at the door, Mike pushed the door, the iron door did not move, Mike said: "Grandpa, the door is locked.

At this time, suddenly out of the darkness, a man wearing a protective .....

Ann uniformed middle-aged man.

The middle-aged man walked quickly, but the posture of walking is a bit strange, it seems that the limbs as well as the torso are a bit stiff.

Mike suddenly saw a man coming out of the shadows, startled, hastily pulling McDonald wanted to step back, but McDonald slapped the back of his hand, whispered: "Do not move!"

After saying that, eyes a - straight stare at the security guard.

The security guard came straight towards the grandchildren, and when he arrived at the front, Mac Chengxing found that the man's face was black and bleeding from seven orifices, and the whole person was suddenly aghast.

And Mike beside him is the first time to encounter such a situation, scared ah ah, the whole person is involuntarily trembling.

He has never seen such a situation, how to look at the security guard seems to be a dead body, but also a tragic death of the body.

The heart of Mac Chengxing is also horrified, but the good thing is that it is also an old man, so the determination is naturally much stronger than Mac. ....

So he kept his eyes on the guard, not daring to let up, but he didn't back off and dodge either.

At that moment, the security guard mechanically took out his key and opened the iron fence door from inside. After the door was pushed open, he did not come out, but looked at the two grandchildren with his eyes indifferent and waved at them.

Whirling, without saying anything, he turned and walked towards the cemetery.

Mike's legs went weak with fright and asked Mak Chengxing, who was beside him, "Grandpa Tai, what does he mean by waving at us?"

He said in a deep voice: "Let's go in with him.

The word "go in and take a look" almost scared Mike's soul out!

He said in a panic, "Grandpa, I don't know if he's a ghost or a man, and we don't know what's in there, so I don't think we should go in.

Mai Chengxing looked at the security guard's stiff back and said indifferently: "This person has long been dead, but he is just a puppet!

## Chapter 2884

---

Is it really dead?

Mike was frightened when he heard this and said nervously, "Isn't this the zombie from the movie? !

"No!" Mike Chengxing waved his hand and said seriously: "This is what happens when you get hit by a compulsion, now he is not driven by his own consciousness anymore, but by the compulsion.

"Compulsion?! Mike's jaw dropped as he asked, 'What is the principle of that thing, huh? !

The compulsions are a low-level thing, which is to raise a bunch of poisonous insects and let them kill each other, and the one that survives at the end is the compulsion, but that kind of compulsion is more low-end, similar to raising a poisonous snake or a wolf dog and letting it out to bite people, without much technical content.

Mai Chengxing said here, the conversation turned, and said: "But the really powerful masters, using the normal people have never heard of, never seen the compulsions, those compulsions even the top biologists may not recognize!

"Many of them have long been extinct in nature and are only passed down in secrecy in the school of compulsion breeding."

That kind of parasite, which can fly to the sky and disappear to the ground, can also be controlled by the mind of the parasite breeder!

"I think this security guard was put under the compulsion by the master, he came to greet us to go in, must also be following that master's wishes.

.....

Mike asked with a pale face, "A person who keeps a parasite can use his mind to control the parasite and then use the parasite to control someone else's corpse? That's outrageous, isn't it? !"

Outrageous?" Mak Chengxing said, "Isn't there also telepathy between twins and mothers and children in the West? Ideas like that are said to be feudal superstition in folklore, but in science, it's the famous quantum entanglement, which still has some scientific basis."

Mike nodded gently and said: "If you say so, it is like a quantum entanglement-like effect between the person who keeps the parasite and the parasite he keeps?"

As far as I know, this kind of parasite is usually hatched in the blood of the breeder when it is still an egg, so it has a bloodline connection with the breeder right from the start."

"And this worm, for the first year when it first hatches out, feeds only on the blood of the breeder, which is also to keep strengthening its bond with the breeder, just like a baby is born on breast milk.

"And then what?!" Mike's curiosity had gradually overcome his fear and could not wait to find out more.

Mac Chengxing continued: "During this time of feeding the parasites, the parasite breeder has started to train the parasites, as for how to train .....

The practice, which is an untold secret within each faction and I have no way of knowing, only that they wait for the compulsion to reach adulthood and then take it around to do evil, and the way to do evil is to have the compulsion kill for them, and once the compulsion starts killing, it hardly ever stops until the compulsion dies of natural old age.

Mike's eyes widened and he asked out of the blue, "Non-stop killing? What if there are no enemies?

Does it kill indiscriminately as well?

"Yes.

"Why? !"

Mai Chengxing said, "Because when the parasite becomes an adult, it no longer feeds on the blood of the feeder, and if you want the parasite to live, you have to keep killing.

Ah?" Mike asked, "Is it possible that the parasites eat human flesh when they reach adulthood?

Mac Chengxing shook his head and spat out three words: "Eating human brains!

When Mike heard the three words, he felt a dry heaving and said, "Eating human brains? ! That's disgusting."

Mike Chengxing nodded and said, "Look at that security guard just now, what do you think it would take for the parasite to manipulate his corpse?

Mike shook his head and said, "I don't know, I don't think it's very unbelievable, or you could say that it's not scientific at all, or like the I Ching, the eight trigrams, everything seems to be mysterious, but after mastering the essence of it, you will find that everything is actually traceable.

## **Chapter 2885**

4-4 minutes

---

Mai Chengxing looked at Mike and explained, "You think that something like a compulsion worm, which seems to have no trace, seems to be very unscientific, but it is actually very scientific instead."

Saying that, Mai Chengxing further explained, "The compulsion insect feeds on human brains, and it must be fresh human brains, which means that the person is also just recently dead, although the human brain has been devoured by the compulsion insect and lost the whole central nervous system,

but the body functions will not immediately lose its vitality, just like a brain-dead person, often still has a heartbeat and blood circulation. "

"The reason why the parasite is magical is that after it eats the human brain, it is able to temporarily take over the person's central nervous system and then perform simple manipulation of the human body."

"Like that security guard just now, he was manipulated by the compulsion to walk all the way here, but because the person was already dead and his muscles kept stiffening, he looked stiff in his actions."

"You can see that he can only walk, open doors, wave and these basic movements, but he can't speak, this is mainly because the companions themselves can't manipulate him deeply, they can only do some very simple movements driven by the mind of the companions' keeper"

Mike looked carefully at the guard's back and hastily asked again, "Grandpa, can the parasites keep manipulating this corpse?"

"Of course not." Mac Chengxing said seriously, "Let's not mention that the corpse will gradually stiffen and decay, but the parasite itself, after it has devoured this person's brain, even if it immediately goes into a dormant state, it can at most survive for a month, and if it doesn't eat again within a month, it will simply starve to death."

Mike exclaimed, "It has to feed again within a month, doesn't that mean it has to kill a person a month?!"

Mac Chengxing said in a cold voice: "Killing one person in a month is still the case if it goes into a dormant state all this month, if the compulsion keeper keeps letting it kill people everywhere, then it might have to feed once in a few days ....."

Mike looked horrified and said in a trembling voice, "This ..... is a bloody human life behind every one of these parasites! I've never heard of anything more evil than it in my life ....."

Mai Chengxing sighed, "That's because you haven't seen enough, there are things more evil than a compulsion worm."

The two grandchildren walked while talking and soon had reached the depths of the cemetery.

At this moment, on a clearing halfway up the mountain, a lean old man was sitting cross-legged in the middle.

This man was Xuan Fengnian.

Seeing Mai Chengxing and Mac approaching, Xuan Fengnian said, "Old Mr. Mac, I have heard a lot about you."

I have heard of Master Xuan for a long time. It is said that Master Xuan is a powerful figure in the British Isles, and that half of the Chinese in Europe hold him in high esteem.

The corners of Xuan Fengnian's mouth wiped over with an ugly smile, and then he said, "Mr. Mak, it is a bit presumptuous to ask you to come here today, mainly because my parasite has been starving for three days since it came here with me from England.

When Mai Chengxing heard that Xuan Fengnian had downplayed the murder as bringing the parasite out to find some food, he was already disgusted with this man to the extreme.

## Chapter 2886

4-6 minutes

---

However, for the sake of face and because the other party was too aggressive, so he just smiled and avoided the topic of compulsions and said, "This place is not crowded, but it is a good place to talk about business."

Xuan Fengnian nodded, said depressed: "I thought that this kind of place is definitely a perfect place to let the companions eat at once, but who the hell would have thought that a large cemetery, but only a security guard, think the developer of the cemetery is also stingy to the extreme!"

Mai Chengxing's heart was aghast.

He understood Xuan Fengnian's words: "This guy must have thought that there must be at least a few security guards here, and there are not many people around, is a good place to kill, but after coming to find only one security guard, so discontent."

However, he did not know how to take this, so he could only respond with two dry smiles.

Xuan Fengnian looked at the security guard standing motionless beside him, stretched out his hand, and suddenly shouted, "Come back!"

I saw the security guard's head of hair, suddenly drilled out of a white worm comparable to the size of an adult sea cucumber, the worm is white and fat, a large mouthpiece full of black teeth, but also hanging red and white things, looking incredibly disgusting.

And the bug from the top of the security guard, suddenly twisted the body, like a carp, the whole will fly up in the air, straight to Xuan Fengnian's hand.

Xuan Fengnian a .....

Hand dragging the fat insect, one hand on its body lovingly stroked.

The bug, in turn, rolled back and forth in his hand, making strange and bizarre squeaking sounds.

While stroking, Xuan Fengnian recited: "I know you're not full, don't worry, this is the only one today, I'll find you some more food tomorrow!"

Immediately afterwards, the worm tossed and squeaked like a mouse.

Xuan Fengnian raised his head, looked at Mai Chengxing and Mike, smiled and said to the worm: "These two are not your food, this is my friend, you do not want to fool around, first sleep well, tomorrow will let you eat and eat well!"

When Mac Chengxing and Mike heard this, they realized that the fat white worm wanted to eat them both, and they were frightened with a bad chill and a chill at the back.

Seeing Xuan Fengnian put the bug into his arms, Mac Chengxing hurriedly got straight to the point and asked, "I don't know what Master Xuan wants to see me about at this late hour?"

Xuan Fengnian smiled grimly and said, "The old man of the Su family called me again today, I can hear that he is very angry and can't wait to find out the hidden expert in Jinling and deal with him afterwards."

He said, he added: "I am good at killing people, not finding them, so I don't know how long it will take me to find that kid if I keep looking for a needle in a haystack, so I have to ask you, Mr. Mai, after all, you are able to calculate, so you can definitely find more relevant clues."

Mai Chengxing was surprised and asked, "How does Master Xuan know that the person we are looking for is a kid?"

Xuan Fengnian laughed: "Master Su called and said some new information, the kid is about twenty-five years old, the maximum is only thirty years old, very strong, at least stronger than the Japanese ninja in the upper ninja, and this person is likely to be Japanese Chinese, these clues, he did not tell your mother?"

Mai Chengxing shook his head and said, "These two days Mr. Su did not contact me."

Xuan Fengnian nodded and added, "It is said that this person has an unusual relationship with Mr. Su's granddaughter, and it is possible that they are still a young couple in love."

"I would have liked to directly capture his granddaughter to torture and ask a clear question, but the old man Su fear of wolves, fear of tigers, said that now move who can not move his granddaughter, so I could not find any breakthrough point."

"So I also want to let Mr. McDonald follow this line of inquiry, to see that you are proficient in Yijing bagua, feng shui secret master, can not find a little clue."

Speaking of this, Xuan Fengnian sighed and added: "Mr. Mai, both of us should work together to find and kill that person earlier, or go back to each family and find each mother earlier."

"In that case, I can also complete the second mission of the Su family, get the money to return to the UK, and you, too, can return to your United States of America sooner."

## **Chapter 2887**

---

In his heart, Mai Chengxing was ten thousand times unwilling to cooperate with such an evil person.

But he did not dare to offend the other side, so he nodded and said: "That's natural! Both of us have our own strengths, so we can work together to complement each other's strengths.

Right! Xuan Fengnian smiled faintly and said, "In that case, then I would like to ask Mr. Mai to find a way to get closer to that Su Zhiyu tomorrow, I will send you the address by SMS later."

Good. Mai Chengxing nodded and asked again, "I wonder if Master Xuan has any other business?"

No." Xuan Fengnian smiled and said, "Just this one thing, it's hard for old Mr. Mai to make a trip, also because I'm worried that our conversation was overheard by others, please don't mind old man."

Mai Chengxing sneered in his heart, he still can't see Xuan Fengnian's thoughts? This guy is not worried about the conversation being heard by others, he wants to call himself over and use that security guard just now to give himself a downward spiral!

However, he also did not dare to offend .....

Sin Xuan Fengnian, busy politely said: "Master Xuan words, you are also responsible for Master Su, I understand very well.

After saying that, Mai Chengxing asked again: "Master Xuan to return to the city? If you want to go back, I asked my grandson to call a car, we can go back together, if Master Xuan does not want to go with us, let him call a separate one for you.

It's not necessary." Xuan Fengnian pointed at the corpse on the ground and sneered, "The blood of the dead is good for me, I can take advantage of it to refine my magic weapon, so it's a waste to leave like this.

Mai Chengxing gave a sarcastic smile and arched his hand:

In that case, I'll go back first.

Xuan Fengnian laughed and said in a somewhat sinister voice: "Mr. Mai, thanks to you for finding someone, don't delay me from getting rich!

Mai Chengxing heart a tight, busy to speak: "Master Xuan do not worry, I will do my best!

After saying that, he said to .....

said to Mike, who was pale on the side: "Mike, quickly say goodbye to Master Xuan.

Mike came back to his senses and hurriedly bowed, "Goodbye, Master Xuan!

Xuan Fengnian smiled heatedly and nodded slightly.

Mac Chengxing hurriedly led Mike, all the way towards the outside of the cemetery.

A few hundred meters away, Mike lowered his voice and said: "Grandpa!

Mai Chengxing immediately chided in a low voice: "Don't say anything, go back first!

Mike had the sense to shut his mouth.

What he saw and heard just now, overturned his twenty years of perception of the world, so that he was horrified beyond measure, at this time, even walking feel some weakness in the legs, can not make the strength.

At the request of Mak Chengxing, Mike did not immediately call a car, the two grandchildren walked together for a long time, until they reached the main road. On the road, before reaching out to stop a passing cab.

Once in the car, Mike curled up on one side of the seat, as if he had just had a serious illness a

## Chapter 2888

---

The two of them did not speak again on the way back to Buckingham Palace.

The two grandchildren returned to Buckingham Palace in a car in a hurry, on this journey, the two did not speak again, after all, the experience just now is indeed a bit too bloody, the two also afraid to say any sensitive information was heard by the taxi driver.

After all, if someone died in that cemetery today, it would be known to others tomorrow and an investigation might soon be opened.

Neither of the grandchildren wanted to involve the police again.

What they did not know, however, was that Richard Chen's men, as well as the two young scions of the Ho family, had already begun to lay their hands in secret.

At this moment, Richard Chen's men were waiting in the shadows at the entrance of the hotel, just waiting for the grandfather and grandson to return, and then doing a reverse trace of their movements just now.

Unbeknownst to Mak Cheng Hing, someone was already watching them.

When the taxi stopped at the entrance of Buckingham Palace, Mak got out of the car with the help of Mike.

Immediately afterwards, the exhausted pair hurried back to their room to rest.

While Richard Chan's men, and the latter of the Ho family, chased the taxi away from the scene in a special car.

A few minutes later, they forced the taxi to a halt at a junction, and one of Richard Chen's men immediately came to the driver's window, looked at the driver, and opened his mouth to ask: "Just now What was the place where the grandchildren you dropped off. . got into the car?"

"This

When the taxi driver saw that the visitor was not good, he was a bit nervous for a while, not knowing whether he should answer truthfully.

The taxi driver was not sure if he should answer honestly, but he threw 10,000 yuan in cash through the window and said, "We are Master Hong's men, so if you answer honestly, no one will give you a hard time.

The 10,000 yuan is also a reward for you." After that, he turned his words and threatened, "But if you don't tell us, or don't tell the truth, then don't blame us for being unkind to you! I've taken note of your license plate, and as long as I let the word out, it will be difficult for you to walk in Jinling in the future!

If Chen Zekai's name is mentioned, the taxi, car drivers are afraid that they do not know it, but if Hong Wu's name is mentioned, then there is not a single taxi driver who does not know it.

After all, Hong Wu is the boss of the entire Jinling underground world, with many minions under his command, and has a monopoly on many industries in Jinling, especially nightclubs and bars.

The taxi drivers were always working in such places every day, so they naturally knew all about these situations.

Therefore, as soon as he heard Hong Wu's name, the driver said, "Brother, I'll tell you! Those two people got on the roadside near Phoenix Mountain!

Phoenix Mountain?!" Chen Zekai's hand" down Frowned:" There's not much place there besides Phoenix Hill Cemetery, right?

"Yes!" The driver nodded repeatedly, "There's not much around there, there used to be a small village, They were all bought and relocated by the developer of Phoenix Hill Cemetery.

Chen Zekai's men nodded slightly and said in a cold voice: "Remember, no one should say anything about what just happened, got it?

The driver hurriedly took a stand and said, "Don't worry, I understand!"

After that, he handed out another 10,000 yuan and said nervously, "Brother, you should keep this money, I can't take it!

Chen Zekai's men scolded, "Take it when you're told to, where's all the nonsense? Get out of here!

The driver didn't dare to make a fuss, so he took the money and ran away with a kick of the accelerator.

Chen Zekai's men hurriedly reported the situation to Chen Zekai, who also told Ye Chen at the first opportunity.

When Ye Chen heard that Mai Chengxing and his grandchildren had gone to Phoenix Mountain, he was a bit surprised and thought to himself, "These two people came to Jinling to find me, but why did they go to Phoenix Mountain at night?"

Realizing that something wasn't quite right, Ye Chen said to Chen Zekai, "Old Chen, you should hurry up and transfer the surveillance when they left the Buckingham Palace, and see which taxi they left in at that time!

Then try to find the driver of this taxi as soon as possible based on the license plate number, and make sure to ask him where he took these two people to!"

"Also, tell him to recall what these two people actually talked about in the car, and repeat as much of the relevant content as he can remember, and make a transcript and send it to me!

"Yes, young master.

## **Chapter 2889**

---

Realising that things might be a bit serious, Richard Chan hurriedly arranged for his men to follow the trail.

The surveillance at the entrance of Buckingham Palace was very well-developed and could be said to have 360-degree coverage without any dead angle.

So Richard Chan's men quickly found the taxi's licence plate number through the CCTV footage.

Immediately afterwards, they immediately went through the city's taxi locating system and found the taxi that was hauling out work in the city.

In order to form an absolute deterrent to the taxi driver, Chen Zekai specially transferred Ma Zhongliang from Hong Wu and had Ma Zhongliang personally come out to talk to the taxi driver.

The taxi driver did not expect to alert the Four Heavenly Kings under Master Hong Wu's hand, and while he was shocked and scared, he immediately recounted all that he could remember.

On the way to Phoenix Mountain, the two grandparents talked about this Xuan Fengnian.

At that time, the two did not pay much attention to the taxi driver, after all, the content of their conversation was nothing forbidden and sensitive.

And they also .....

Thinking that a taxi driver could not possibly have anything to do with the Su family, as well as with that Master Xuan.

But they never dreamed that Ye Chen would follow the trail and find this driver.

So, the driver then told Ma Zhongliang that the car . The two people on the car, an old man and a young man, talked all the way about what Xuan Fengnian, saying that they were going to Phoenix Mountain to meet that person named Xuan Fengnian, and also said something like metaphysics that people could not quite understand, so the driver did not take it too seriously.

When these words reached Ye Chen's ears, Ye Chen first put a question mark in his head.

"Xuan Fengnian?"

"I've been in Jinling for so long, I haven't heard of this person, could it be that he's also from outside?"

Thinking of this, Ye Chen gave Lai Qinghua another call.

Once the call came through, he said politely, "Excuse me, Mr. Lai, I have someone else that I would like to ask you about.

Lai Qing Hua laughed: "Young Master Ye, just tell me, I'll be sure to tell you everything!"

Ye Chen then asked: "I wonder if you have heard of a person with the surname, The name of the man who proclaimed it was Xuan Fengnian.

"Xuan Fengnian? !" Lai Qing Hua's voice rose abruptly by nearly an octave as he blurted out, "How could Young Master Ye be involved with this man? !

Ye Chen frowned and asked, "Mr. Lai, do you know him?"

Lai Qing Hua replied truthfully: "Not really, but this man has been infamous for a long time, in overseas feng shui circles, basically. He is basically known in overseas Feng Shui circles.

"Oh?" Ye Chen asked curiously, "What exactly is this person's origin?"

Lai Qing Hua then said, "He is one of Ma Jiahui's three true disciples!"

Ye Chen frowned: "Ma Jiahui? What does he do?"

Lai Qing Hua explained, "About forty years ago, there was a renowned master of Feng Shui in Hong Kong named Ma Jiahui.

"No one knows where he came from, except that as soon as he started out, he was able to establish himself in Hong Kong with his skills.

"After that, he started his own school, and he became so popular that many of Hong Kong's tycoons and bigwigs were his disciples.

## **Chapter 2890**

---

"I have met this man a few times, and I have also discussed with him over wine and the past and present, so I know him better. This man is powerful in that he is not only proficient in the secret art of feng shui, but also in the metaphysical art of compulsion, and he is very capable!"

"The most important thing is that he is not only proficient in feng shui secret arts, I Ching and Bagua, but also in compulsion and surrender techniques.

Lai Qing Hua said this and then added: "That Xuan Feng Nian probably came under Ma Jia Hui's tutelage more than thirty years ago, and I even met him thirty years ago when I went to Hong Kong to pay a visit to Ma Jia Hui.

"Oh?" Ye Chen pursued with great curiosity, "Since this Ma Jiahui is notorious, how could Xuan Fengnian, as his disciple, be notorious?"

The company's reputation is not only a good one, but also a good one. I could only match his attainments in this area.

In addition to the I Ching, Bagua and Feng Shui techniques, he was also proficient in a number of mystical arts, both good and evil, and his overall attainment was far superior to mine!

"So, if it wasn't for his unparalleled talent, no one could have learnt all of Ma Jiahui's skills.

"That's why his three true disciples at the time all had their own focus.

Some focused on the secret art of feng shui, others on the science of mathematics, while Xuan Fengnian focused on raising compulsions and surrendering heads.

'In the field of metaphysics, compulsion surrender is called evil art, that is, the evil way, of which compulsions are the most insidious.

When Ma Jiahui was alive, Xuan Fengnian was still able to suppress his inner evil thoughts and not come out to do evil, but after Ma Jiahui's death, this person completely let himself go and became an accomplice of the rich people, maiming many enemies and competitors for the rich people, so he has long been infamous.

Ye Chen frowned, smacked his lips and asked: "Old Mr. Lai, I wonder how this person is related to Ma Jiahui's sect, as well as Ma Jiahui's other two true disciples? I wonder if I will kill him and end up stirring up a hornet's nest and causing a bunch of annoyance?"

Lai said truthfully, "Although Ma Jiahui was a great talent, he had no descendants in his life, and after he stopped asking questions in his later years, the sect lost its backbone and gradually fell apart, otherwise Xuan Fengnian would not have left Hong Kong and gone to England.

As to how his other two true disciples are related to Xuan Fengnian, to be honest I'm not too sure, because the feng shui masters in Hong Kong in the later years were used by the big giants and helped the tigers, so their nature and reputation are generally not too good, so you should be more careful, young master Ye.

I remember his other two true disciples, one named Huo Zhengying and the other named Yu Jinghai.

"Yu Jinghai? !"

Ye Chen's pupils suddenly shrank as he thought to himself.

"I never thought Ah that Hong Kong metaphysical master Yu Jinghai, who was killed by himself with lightning, was actually Xuan Fengnian's master brother! There is really something!

Lai Qing Hua, who was far away across the ocean, did not know the change in Ye Chen's expression at this moment.

He instructed over the phone, "Young Master Ye, you must be careful of that Xuan Fengnian, and also keep an eye on your surroundings to see if there are any people named Huo Zhengying and Yu Jinghai around.

Ye Chen hurriedly thanked him and said, "Thank you, Mr. Lai, I will definitely be more careful.

The first year, he drank his blood and grew up, but the rest of his life, he ate the brains of living people for food.

When Ye Chen heard this, a cold aura flashed across his eyes!

This Xuan Fengnian, the parasite he raised actually relied on eating human brains raw for food, it was simply harmful to heaven and earth!

So, he said, "Don't worry, Mr. Lai, the day this Xuan Fengnian meets me is the day his evil deeds will end! I will definitely leave him and his parasites in the Golden
