

## **Ye Chen 2911**

### **Chapter 2911**

Mai Chengxing's nervous heart was in his throat, afraid that if that compulsion went down, Ye Chen would just hiccup.

And Xuan Fengnian even smiled coldly and said, "I really didn't expect that there were so many stupid people in this world."

At that moment, Xuan Fengnian's native parasite directly bit at Ye Chen's heavenly spirit cover.

In this lightning, a close call, Ye Chen suddenly stretched out a hand, a slap will be like a basketball player cap, directly smacked the native parasite to the ground!

This sudden change in front of you, let Xuan Fengnian and Mai Chengxing look dumbfounded!

No one expected, that the momentum, the inevitable life compulsion, but by the other side of a slap dry over.

Xuan Fengnian even thought he was blind and did not see clearly.

But after he rubbed his eyes, he found that his own life compulsion is on the ground twisting and rolling in pain.

He subconsciously blurted out: "How is this possible! My native parasite has always been unbeatable, how did you do it?!"

Ye Chen sneered with contempt: "Just your three-legged kung fu, also have the nerve to say you are unbeatable? No wonder you and Yu Jinghai are master brothers, both of you are only blowing boo waste!

Xuan Fengnian frowned and asked: "You know my brother Yu Jinghai?"

Ye Chen nodded, said casually: "know ah, Hong Kong metaphysical master Yu Jinghai, it is said that a hand-made amulet can be sold to hundreds of thousands, he came to Jinling last year to pretend, think they are fierce dragon over the river, the results in my hands even a move did not carry over the dead ball, dead when it is still pretty fucking tragic.

After saying that, Ye Chen said with a smile: "Aiya, if so, you brothers are really destined to meet thousands of miles, he died in Jinling, you also chased to die here with him!

Xuan Fengnian face full of shock, his afterglow skimming to the ground. The native parasite that kept rolling on the ground, still thinking of waiting for an opportunity to resist.

So, he secretly made a hand seal, to the native parasite a hook finger, the parasite will instantly as a chicken blood, struggling to rise up again!

He wanted to hit Ye Chen a surprise, but did not expect that the native parasite just flew up, and by Ye Chen's hand, a slap, fiercely smashed to the ground!

This time, the native parasite is seriously injured, and Xuan Fengnian because of the deep bloodline connection with the native parasite, the native parasite is set back, he immediately also suffered a backlash, as if the whole person suffered a heavy blow, all over the pain.

At this time, Ye Chen directly stepped on the body of the native parasite, and the .....

When the compulsion can not move.

Pain and panic, so that the compulsion insect mouth a squeak.

Ye Chen said with interest: "Damn, you big baby silkworm scream so hard, see if I do not stomp the shit out of you!

said, a little force under the foot, the claim to have a body of steel, the sword and spear invulnerable native parasite, was immediately stepped on from the front and rear of each spurting a large puddle of green slime, all of a sudden lost half a life.

And Xuan Fengnian more miserable, his whole person owl, spitting out a large mouthful of blood, and suddenly even stand unstable.

Xuan Fengnian was dumbfounded and stared at Ye Chen and asked: "What the hell are you? The first thing you need to do is to get a good idea of what you are doing.

Ye Chen laughed and said playfully: "I? I am the person you have been looking for, you want to find me and kill me? I am now in front of your eyes, you can do it.

"What?!" Xuan Fengnian's eyes widened, followed by looking at Mai Chengxing, cursing angrily: "Surnamed Mai, you old bastard, how dare you betray me!

At this moment, deep inside, Mai Chengxing was overjoyed and hurriedly ran all the way to behind Ye Chen, then said to Xuan Fengnian: "Xuan Fengnian, such a heartless beast like you, everyone should be punished! Today, I helped Young Master Ye to collect this beast of yours, it is also considered to do for heaven!

## **Chapter 2912**

---

Seeing Mai Chengxing suddenly flip-flop, Xuan Fengnian was simply furious.

He pointed at Mai Chengxing and cursed through clenched teeth, "If I had known that you were so sinister, I should have killed you and your great-grandson at the Phoenix Mountain Cemetery last time!"

Mai Chengxing said in a cold voice, "Xuan Fengnian, you have killed countless people in your life, even the lowest commoners, and now you still have the nerve to call me sinister! I see that you are truly unrepentant!

After saying that, he turned to Ye Chen and arched his hand, saying respectfully, "Young Master Ye, this person has done a lot of evil in his life and deserves to die.

Xuan Fengnian's heart and soul were horrified, looking at Ye Chen's cold look, he was really afraid in his heart.

He had trained hard all his life in the art of compulsion, and relying on this extremely vicious native compulsion, he did not know how many Jiang Hu experts he had killed.

In the past, even those top experts, even if they were superbly strong, would not be able to resist in front of their own insects at all.

However, this was the first time he had seen someone like Ye Chen who could knock the insect to the ground with a single slap.

This showed that Ye Chen's strength was absolutely unfathomable.

Moreover, Xuan Fengnian's greatest means of attack was his native parasite, and once his native parasite lost its attacking power, he would be like a poisonous snake with its teeth pulled out, and it was even more impossible for him to be Ye Chen's opponent.

So, he looked at Ye Chen and begged bitterly:.....

"Young Master Ye, please forgive me for being ignorant, if I knew you had such unparalleled skills, I wouldn't dare to go against you even if I was given ten thousand guts!

Ye Chen sneered: "It's pointless to admit weakness at this time, where is your ruthlessness just now? Didn't you say that I was fearless if I didn't know? You said you wanted me to experience the feeling of having my brain eaten? Why are you giving in now?"

Xuan Fengnian wanted to die.

"Let the horse pass? I did let my horse pass, and now you're really stepping on my shit, if you make a little more effort, I'm going to be crushed to death by your native parasite!

However, he dared not talk back to Ye Chen, so he could only raise his hand and smack his face, while choking, "It's because I'm ignorant and ungrateful! Young Master Ye, be generous and forgive me this time, I will return to England immediately and never return to China again in my life!

Ye Chen shook his head and sneered: "China is not a place where you can come and go whenever you want. I don't care how you hurt people and do evil overseas, but I can't spare you for killing innocent people in Jinling!

I only killed one person in Jinling, and that person was only a security guard here at Phoenix Mountain, so it's not important, so you should spare me once for the sake of my ability to return to the right path.

Ye Chen's expression coldly questioned him: "Security is not human? Is the life of security guards is not life .....

## **Chapter 2913**

---

What? The murder of a person to pay for his life has always been the natural justice, no matter what you kill!

Xuan Fengnian saw Ye Chen's expression firm, he knew that today's matter is afraid, it is impossible to get rid of.

He quickly analyzed the situation in his mind: right now, this guy named Ye is determined to want my life, by so much bitter begging, certainly not in exchange for his side of the net, it seems, can only fight with all their might, using the last resort to let go!

Thinking of this, Xuan Fengnian's expression suddenly became somewhat sinister, he looked at Ye Chen, coldly said: " You and I are not ordinary people, really count, we are also considered friends, naturally can not be compared with those ordinary people, as the saying goes, all things stay a line, good to see each other later, if you are determined to let me die, then I Xuan Fengnian is also not easy to bully!

Ye Chen toe on his native parasite, and slightly harder to step on, mouth full of disdain said: "If you still have any ability, just use it."

Xuan Fengnian gritted his teeth and said coldly: "You asked for it!

He immediately took out a black wooden stick from his pocket, the size of an oral liquid, and threw it at Ye Chen, shouting: "You ignorant child, look at my heavenly thunder!

Ye Chen was really stunned by his words.

"Heavenly thunder? ! Could it be that this Xuanyuan Fengnian also has an order of frightening thunder?!

The moment he thought of this, Ye Chen immediately put his body's spiritual energy to work at great speed and stood by!

Ye Chen saw that the thunderstorm order straight to their own, heart alert at the same time also some amazement, do not know why, Xuan Fengnian this thunderstorm order out, the sky did not appear any strange changes.

According to Ye Chen's own experience of using the lightning order, once this thing is activated, will be dark clouds, thunder rolls, but Xuan Fengnian this lightning order, but no movement at all.

Just then, the thunderstorm order exploded in front of Ye Chen's eyes!

Boom, an explosion of thunder out of thin air, but this movement but some thunder loud rain, Ye Chen only saw a meter-long lightning in front of his face, which contains the energy, even when he made the thunder order is less than one percent.

So, Ye Chen simply do not make any movements, let the one - meter long lightning strike to himself.

At this moment, the corner of Xuan Fengnian's mouth wiped a ruthless and successful smile.

This kind of one-time thunderbolt order, he got a total of three by coincidence.

The first two played an extremely important role at critical moments, and now this last one, Xuan Fengnian has been hidden close to his body for ten years, as a last resort, never .....

## Chapter 2914

---

Do not want to use it.

But today Ye Chen was really pushing people too hard, not leaving him any leeway at all, so he could only use this last suppressed secret weapon.

In his opinion, his own heavenly thunder order, although not as powerful as the real lightning, but this kind of instantaneous burst of lightning, for the flesh and blood of people, still has a very powerful killing power.

Although Ye Chen's strength is very strong, but after all, he is also a human and not a god, so he believes that Ye Chen absolutely can not defeat this astonishing lightning order!

Even if he is lucky not to die, he will lose his combat power on the spot, then, he will be able to immediately take back control of the native parasite, and then let the native parasite immediately suck his brains dry!

A - side of Mai Chengxing, seeing this lightning, is also scared out of a cold sweat!

Although he knew that there were a lot of profound and mysterious methods in the discipline of metaphysics, it was the first time he saw someone who could turn a piece of wood, into a lightning bolt!

At this moment, he also felt that Ye Chen was afraid that he was in a bad way.

However, just as the lightning struck Ye Chen

This moment .....

A surprising scene happened!

After that lightning struck Ye Chen, it was as if it was half absorbed by Ye Chen and disappeared out of thin air.

As for Ye Chen himself, he was still standing there motionlessly, seemingly without any abnormality.

Not only was he unharmed in any way, but he also wore an undisguised mocking smile on the corner of his mouth.

Xuan Fengnian was stunned!

He was shivering with fear and questioned repeatedly, "How is it possible! How is it possible! You were struck by my lightning bolt, but why do you look as if nothing has happened? !

Ye Chen spread out his hands and sneered sarcastically, "That's because nothing happened to me indeed!

As if his tail had been stepped on, Xuan Fengnian shouted, "That's impossible!

"What's impossible?" Ye Chen laughed and said, "By the way, I really didn't expect that you also had the Thunderstorm Order, honestly, where did this Thunderstorm Order come from?"

Xuan Fengnian asked with a horrified face: "How do you know that this is the Thunderstruck Order? How did you know that this was the Thunderbolt Order?"

Ye Chen sneered: "Of course I know, because, I also have one"

## Chapter 2915

---

"What did you say? !

Xuan Fengnian's eyes widened as he asked with a pale and panicked face, "You have the Thunderbolt Order? !

Ye Chen laughed: "What? Is it strange? You are allowed to have it, but I am not allowed to have it?"

Xuan Fengnian blurted out, "But the method of making the Thunderbolt Order has long been lost! My thunderbolt was dug up by a gold detective from the tomb of a Ming dynasty master of metaphysics! I have never seen any other Thunderstorm Decrees besides my three Thunderstorm Decrees!

Ye Chen laughed and said, "It seems that you are not only bad, but also ignorant, your Thunderbolt Decree is just a defective product in my eyes. It is just as well that it can only be used once, but as a result, it can only summon such a small lightning bolt, it is not too embarrassing to say it out loud.

Saying that, Ye Chen pulled out his own Thunderstorm Order from his pocket and said with a smile: Come, let you see my Thunderstorm Order!

When Xuan Fengnian saw that Ye Chen also took out a wooden token from his bosom, he subconsciously said, "What's the difference between this and mine? Isn't it also made of lightning strike wood?"

Ye Chen said disdainfully, "You want to see the difference? Come on, I'll show you now!"

After saying that, Ye Chen waved one hand, raised the Thunderbolt Order above his head, and shouted: "Thunder comes!"

As soon as the words left his mouth, the sky neutralized .....

A large black cloud had gathered at a great speed, and the clouds were filled with thunder, a terrible sound!

This movement was like a prelude to a storm!

Xuan Fengnian was instantly stunned by this situation, his whole body unconsciously trembled violently, muttering: "How is this possible?"

Mai Chengxing was also scared silly, he stood behind Ye Chen, looking at his back, inwardly he could not help but ask himself: "This young man, how could he have such uncanny ability?! Could he be an existence even higher than a martial artist? ! Isn't it true that people like that disappeared from the records back in the Tang Dynasty? !

At the same time, the

Ye Chen was holding the Thunderstorm

He looked at Xuan Fengnian like an ant and asked in a cold voice, "Xuan Fengnian, today I'll punish you to death, are you convinced? !"

With the sound of heavenly thunder rolling in his ears, Xuan Fengnian was already scared out of his wits and stood in place, not even knowing how to respond.

Seeing that he did not speak, Ye Chen immediately reached out his hand and pointed at the car that Xuan Fengnian had driven.

With a boom, an explosive thunderbolt descended from the sky and instantly struck that car, the whole car instantly exploded, scattering parts in all directions and flames in the sky!

This time, Xuan Fengnian was completely shocked, his legs went limp and he fell to the ground with a poof, followed by a feeling of relief in his bladder...

He pissed his trousers in between.

He remembered what he had done and said earlier when he refused to cooperate with Ye Chen, and his heart was even more terrified, afraid that Ye Chen would not forgive him.

If Ye Chen really wanted to be serious with him, with his strength, he would be able to destroy himself in an instant!

Ye Chen saw Xuan Fengnian kneeling on the ground, his whole body already scared silly, so he once again coldly questioned: "Xuan Fengnian, I ask you once again, today I punish you to death, are you convinced?"

Xuan Fengnian, with tears streaming down his face, choked in agony like a child, "I am convinced, I only beg you to spare my life, from today onwards, I swear to God, I will follow you like a dog, I will follow you to death, I will not ask for your kindness! Please be merciful!"

Ye Chen smiled faintly: "Grace does not exist, and I do not need such a person to be my dog."

After saying that, he looked down at the dying compulsion under his feet and asked with a cold smile: "I wonder if you have heard of the allusion to inviting the king into the jar?"

Xuan Fengnian's face turned pale with fear.

How could he not know about inviting the ruler into a jar?

A cool official, who was the best at torturing people, invented the torture of burning an urn red and then rushing the person to the urn, but he didn't expect to be invited into the urn himself.

To put it bluntly, it's a case of treating someone the way they should be treated.

## Chapter 2916

---

He was terrified to the core, afraid that Ye Chen would also make a big hole in the top of his head.

The only consolation was that Ye Chen did not know the art of raising parasites and did not have his own parasites, otherwise, if the parasites were to bite his head and eat his brain, he would suffer a torture comparable to the eighteenth level of hell before he died.

So he cried and begged, "I know I have sinned greatly, but I only ask you to give me a painful death. "Give you a pain?" Ye Chen smiled faintly and said, "You can't ask me about this, you should ask your silkworm baby!"

Saying that, Ye Chen used his toe to step on the already dying parasite.

Xuan Fengnian's heart was in a panic, but soon felt that Ye Chen must be scaring himself, his own native parasite, which would be loyal to him and completely under his control until his death, could never turn around and devour himself.

However, just as he thought this in his heart, Ye Chen suddenly punched a spiritual qi into the body of the parasite.

Immediately afterwards, he saw that the parasite, which had been trampled by Ye Chen and was dying, suddenly .....

As if hit by chicken blood, he was instantly restored to his fattest and most energetic state. Subsequently, Ye Chen kicked the parasite towards Xuan Fengnian and chanted coldly under his breath, "Eat him for me!"

The parasite flew in the air towards Xuan Fengnian, its hard as iron mouthpiece already open.

Xuan Fengnian was shocked and hurriedly made a hand seal in the air, shouting at the parasite: "Baby, come back!"

Xuan Fengnian felt that he had been living and dying with this compulsion for decades, and this compulsion could not possibly turn against him by any means.

Therefore, he thought of hurriedly taking back his native compulsion, which was rapidly recovering its vital energy, and then continuing to use it to fight Ye Chen to the death.

Anyway, in his present situation, he was already like a trapped beast fighting, if he wanted to live, he could only fight Ye Chen hard, there was no other choice!

But what he didn't expect was that the summoning hand seal struck through, and as if it hadn't picked up on it at all, the insect had flown above his head in the blink of an eye.

He felt the fat white body of the natal parasite landing on top of his head and subconsciously stretched out his hands, mad .....

He wanted to get rid of the native parasite from his head.

However, just as both hands reached the top of his head, he especially felt a sharp pain, accompanied by a crisp clicking sound.

His right hand, surprisingly, was bitten off horizontally from the wrist by the Intrinsic Compulsion Insect!

Seeing his right hand fall from his head to his feet like a free fall, Xuan Fengnian broke down emotionally and shouted frantically in pain: "Ah! My hand!

But as soon as the words left his mouth, another click sounded!

The insect had instantly taken another step and bitten off his left wrist!

The bloody left hand fell from the top of his head and smashed onto his right hand, which was then bounced far away!

Xuan Fengnian looked at the two bloody, bare arms and shouted in despair, "No, don't kill me, don't kill me!

As soon as the words left his mouth, he felt a sudden, extreme, sharp pain coming from the top of his head!

Immediately afterwards, his entire nerves became extremely sensitive, and he could even feel another cold wind blowing directly into his brain!

## **Chapter 2917**

---

The cold wind that poured into the sky caused Xuan Fengnian to shiver violently.

What immediately followed was the sensation that was ten thousand times more painful than a lynching!

This was because the venom released by the natal parasite was truly horrific, making his pain nerves hundreds of times sharper than before.

Even if someone took an embroidery needle and stabbed him with it, it would almost be like a million arrows piercing his heart.

The pain was so intense that at one moment it made Xuan Fengnian faint, but at another moment it stimulated him to wake up instantly, and his whole body was in immense pain.

At this time, the insect had already opened its dark mouthpiece and dug its head into Xuan Fengnian's head to feast on it.

Immediately, Xuan Fengnian died a violent death in extreme pain.

His complexion began to turn black and blue at a rate visible to the naked eye.

At the same time, blood instantly gushed out from his seven orifices.

His corpse knelt motionlessly in place, his expression miserable to the extreme, as if he was kneeling in repentance for the innocent people who had died at his hands.

Seeing that he was dead through and through, Ye Chen snorted coldly and said: "Such an evil-doer also deserves to die!

At this time, Mai Chengxing at the side said flatteringly, " Young Master Ye, since you can manipulate his native parasite, you must subdue it, it will be of great use in the future!

Ye Chen snorted coldly: " What use would I have for this worm that eats human brains?

Mai Chengxing busy: "Young master Ye do not know, the life of the parasite, is Xuan Fengnian raised at least twenty to thirty years of treasure, this thing has lived for twenty to thirty years has been up to heaven and earth omnipotent, can be counted as Xuan Fengnian half a lifetime of cultivation of a magic weapon ah!

Ye Chen sneered: "If I leave this ghost thing, should I also feed it to eat human brains?

Mai Chengxing was speechless for a while and stammered for a long time before he said, "I just think it's a bit of a loss to just kill the parasite.

Ye Chen said disdainfully: "I, Ye Chen, am not so low as to need to rely on such things to get by!

As he said that, he held the Thunderstorm Order in his hand and shouted out, "Thunder comes!

Immediately afterwards, another heavenly thunderbolt descended and instantly struck Xuan Fengnian's heavenly spirit cover.

In an instant, Xuan Fengnian, along with his native parasite, was all split into pieces by the thunder!

A gust of wind blew by, and the powder Xuan Fengnian had turned into pieces instantly flew into smoke and completely dissipated in the air.

## **Chapter 2918**

---

Mai Chengxing dumbfounded at all this, sighing in his heart: "Today, I really saw the miracle The young master Ye, is really a person with great magical powers! No wonder he has a way to make Lai Qing Hua, twenty years younger! With this great divine ability to summon heavenly thunder, what is it to make people rejuvenate?

Ye Chen then looked at Mac Chengxing, lightly said: "You helped me to capture Xuan Fengnian has merit, but you are smooth, excessive self-interest, plus help my enemies to find my whereabouts in Jinling, although merit, but not enough to offset all the faults, so from now on, I will put you and Mac under house arrest in Jinling, after I solve Su Chengfeng, then let you leave.

Mai Chengxing's expression was bitter, but he also knew very well in his heart that it was useless to beg for forgiveness from Ye Chen, and it was also useless to show loyalty to Ye Chen.

This is because in Ye Chen's heart, there has long been a scale, the result of which he has long determined that will never change his own decision because of others' begging for forgiveness or submission.

Just now Xuan Fengnian, is the best example.

Therefore, the best choice for yourself right now, is to obediently obey, let Ye Chen sentenced.

Although house arrest is painful, but at least you can still keep your life.

If you cooperate well with Ye Chen in the future, you may be able to make up for your mistakes.

Then, he bowed down and said respectfully: "Young Master Ye's decision, I have no objection whatsoever, everything is decided by Young Master Ye

Ye Chen nodded in satisfaction and spoke: "In that case, then follow me back.

Mai Chengxing hurriedly agreed, and when he raised his head and got up, he suddenly let out a gasp.

"Huh?! This Xuan Fengnian did not also be struck by lightning out of the relics?"

Ye Chen heard, subconsciously looked at the location where Xuan Fengnian was split into pieces by lightning, and indeed saw a duck egg-sized, gray-brown thing on the ground.

He could not help but frown, said: Shelizi which is so big? I think it could be a kidney stone, right?

"Not quite right

Mai Chengxing said, not

He took a step forward and picked up the gray-brown thing.

He carefully examined for a moment, could not help but exclaim: "My God! This is actually ambergris!

"Ambergris incense?" Ye Chen frowned, he dragged Qin just a few days ago to help find the ambergris, did not expect this Xuan Fengnian body has a piece.

However, Ye Chen did not care too much. Because, this thing, the ambergris incense is not really rare.

Rich people can buy it anytime as long as they are willing to spend money.

When I thought that I met with Yu Jinghai at the Jumbo Pavilion auction, the Jumbo Pavilion has a Song Dynasty pine crane backflow incense burner, in order to make this pine crane backflow incense burner sell for a high price, the auction party also gave it two boxes of ambergris incense .....

## **Chapter 2919**

.

And what Ye Chen needed for alchemy was ambergris of at least ten thousand years old, and ordinary goods had no meaning at all.

So, he said to Mai Chengxing: "This thing should not be anything unusual, I wonder what Xuan Fengnian is doing with such a piece of stuff around.

The young master Ye you do not know, if it is ordinary ambergris, the whole is waxy, and this thing is relatively flammable, as long as the dry ambergris, directly take the fire can be burned, but this piece is some special.

He said, he continued: "After being struck by your heavenly lightning, even Xuan Fengnian flesh and blood are turned into pieces, but this ambergris can still be preserved intact, so it can be seen that this piece of ambergris has become fossilized!

"Turned into fossil?!"

Ye Chen exclaimed, stepped forward, opened his mouth and asked: "Can you be sure that this thing is really fossilized?"

Mc Chengxing handed the piece of ambergris to Ye Chen, explained: "Ye young master you see for yourself, this thing can now be described as hard, extremely dense, and is no longer waxy, more like a stone more, if not this texture is relatively special, I may not recognize this is ambergris."

Ye Chen asked curiously: "Have you ever found ambergris fossils before?"

Mai Chengxing said: "Yes, but it was abroad, and as soon as it came out, it was bought by a mysterious person at a very high price."

Ye Chen asked him: "You have research on ambergris?"

Mai Chengxing nodded and explained: "Ambergris incense has a very strong .....

The medicinal effect, and can make people discard distractions, complete relaxation, it is very suitable to use it to enter a meditative state, in the deduction of the I Ching bagua, a great help, so most feng shui masters of the ambergris are very sought after, even if there is no money, smashing pots and pans also to buy some containing ambergris incense, I usually have some, so also do some research in passing."

Said, Mc Chengxing and said: "The vast majority of the ambergris on the market, are obtained by killing sperm whales in the deep sea, but these two ways to get the ambergris, the time will not be long."

After a pause, Mai Chengxing continued: "I heard that some masters used to need a thousand years, or even more than ten thousand years of ambergris into medicine."

"But this kind of thing is too rare, the only way to find it is to go to the bottom of the deep sea."

"This is because ten thousand years ago humans simply do not have the ability to kill the sperm whale, when the sperm whale died and sank to the bottom of the sea, the formation of whale fall, the bones of the corpse by the bottom of the sea creatures gnawed after, ambergris will sleep in the bottom of the sea, buried in the mud and sand."

"However, in the sea to find a piece of buried, more than 10,000 years of ambergris, the difficulty is not much different from the needle in the sea, so almost no one can do, before the discovery of ambergris fossils, it is said that because of geological movements, tens of thousands of years ago was melted into the rock layer, until some years ago to reappear in the sky."

Ye Chen's heart was overjoyed, if this piece of ambergris can really reach the level of a fossil, then it must be at least tens of thousands of years old, in that case, this thing may really be able to meet its own needs for refining Peiyuan Dan!

## **Chapter 2920**

Ye Chen put the ambergris away, and when he looked at Mac Chengxing, he also felt that the old man was a little more agreeable than he was just now.

I will have a room arranged for you and provide you with three sumptuous meals and other daily necessities every day, but the only price is that you cannot contact the outside world for the time being, and you cannot leave Buckingham Palace without permission.

The only cost is that you can't contact the outside world for a while, and you can't leave without permission.

How dare Mai Chengxing be dissatisfied, he could only bow honestly and said: "All at the command of Young Master Ye"

Ye Chen nodded and made a phone call to Richard Chen, who came all the way here in a helicopter ten minutes later.

Chen Zekai left two of his juniors to settle the taxi driven by Ye Chen, and then drove Ye Chen and Mak Chengxing away from Phoenix Hill.

After returning Ye Chen to Townsend I, Richard Chen .....

Then he took Mak Chengxing back to Buckingham Palace, found a room in the closed administrative area and put both him and Mak in it.

At the same time, their mobile phones were confiscated and their room phones were cut off, completely cutting off their contact with the outside world. After Ye Chen returned home, he stored the ambergris in the underground storage room of the Townsend Villa, so that he could take time to start refining the Peiyuan Pill once all the other herbs had been prepared.

Early the next morning, another rumour spread through the streets of Jinling.

It was said that last night, a sudden bolt of lightning struck the Phoenix Hill Cemetery, and some people said with conviction that the lightning struck a car, and along with the driver of the car, was split into flying ashes.

Others said that the thunder and lightning last night was a reprisal from heaven for the evil spirits that had killed before.

There were even people who said that last night there was a Wong Tai Sin in the Phoenix Hill Cemetery for a robbery anyway, and all sorts of catchy comments came out.

However, Ye Chen did not pay any more attention to these.

He thought that he had made an appointment with He Zhiqiu to meet at the Dihao Group, so he went early .....

When Lai Qing Hua heard this, he could not help but sigh and said: "Old Mai, that Xuan Fengnian is doing wrong in Jinling, Master Ye wants to bring him to justice, you should also give a helping hand for the sake of reason, how can you run away from the battle at this time!

The man's compulsion is very powerful and dangerous, if I really turn against him, I might lose my life!

If he helps me catch Xuan Fengnian, I will spare his life, but if he is stubborn and allows Xuan Fengnian to continue to plague the people, then I will have to kill him!

Mai Chengxing became anxious and blurted out, "You are so young, how can you be so cruel! I have been friends with Brother Lai for many years, don't you have any respect for him?"

As soon as Lai Qing Hua heard this, he immediately said, "Old Mai, don't sow discord here, I'm not begging Young Master Ye to give you a break for my sake!

Mai Chengxing originally wanted to use Lai Qing Hua's face to ask for leniency, but he didn't expect Lai Qing Hua to draw the line so directly with himself, so he said indignantly, "Brother Lai! You're just going to throw stones at him? That's a bit unjust, isn't it?"

Lai Qing Hua's tone became somewhat cold as he spoke, "It's not that I .....

I owe Young Master Ye a great debt of gratitude that I may not be able to repay in my lifetime, so how can I have the face to ask Young Master Ye to give me face?"

Mai Chengxing was shocked.

He did not expect that Lai Qing Hua's words were so heavy.

"How could he, an old senior who is over a hundred years old, owe this youngster in front of him a huge favour? This is too outrageous, isn't it?"

When he thought of this, he suddenly thought of Lai's previous chance and asked, "Brother Lai, could it be that your chance is related to this man? He couldn't help but ask, "Brother Lai, could it be that your destiny is related to this man?"

Lai Qinghua fell into silence for a moment.

He could not say these words.

Because he was unwilling to go against Ye Chen's wishes and reveal his identity to the public.

However, Lai Qinghua's silence caused Mai Chengxing's heart to stutter and he asked nervously, "Brother Lai! Did you really owe that chance to him? !"

Lai Qing Hua said vaguely, "I have no comment on this matter!"

At the side, Ye Chen said indifferently, "Mr. Lai, since he wants to know so much, why not just say it?"

When Lai Qing Hua heard this, he said with a stifled smile, "Ai, Old Mai, you are confused! You guessed right, Young Master Ye is the great benefactor who gave me the chance to pass through the heavens! How could you have offended Young Master Ye when you went all the way to China in search of a chance? !

!! Boom!

Mai .....

Cheng Xing only felt five thunderbolts
