

Ye Chen 2951

Chapter 2951

At this moment, Su Zhiyu has already left Buckingham Palace and arrived at the old mansion that her mother, Du Haiqing, had auctioned off.

Du Haiqing had already contacted a local renovation company and was planning to renovate the old house. She was looking forward to moving in after the renovation, so she was very interested in this matter.

When Su Zhiyu arrived at the front door of the old house, Du Haiqing was in the courtyard, cheerfully talking to a designer about his renovation plans.

Through the fence, Su Zhiyu saw her mother's happy face and was overwhelmed with relief.

She knew that, now, her mother was really living for herself.

It was not only her mother.

She felt that from now on, she too would have to live for herself, no longer be bound by any of the Su family's ties, and try to live the way she wished.

The first thing that happened was that Du Haiqing was explaining to the designer the direction he wanted to take the design, when he suddenly glanced at his daughter standing at the entrance of the courtyard.

Su Zhiyu smiled and pushed her way in, asking Du Haiqing: 'Mom, have you decided how to decorate?'

Du Haiqing nodded, pointed to the young female designer beside him and said happily, 'I've almost finished communicating with Xiao Wang, the main idea of the decoration is still nostalgic.'

Su Zhiyu said with a smile: 'Then let's use modern materials and workmanship to construct the house in the style of twenty years ago, the materials and workmanship nowadays have been greatly improved as a whole, which will also ensure quality, environmental protection and comfort.'

The designer nodded: 'You're right, our general idea now is to use modern materials and techniques to make a nostalgic and retro look, and then try to make the old house more comfortable and livable.'

The design of your side of the specific design plan, you still have to wait for our boss to come up with a set of detailed design plans, especially some functional parts, we have to let our boss to find a way to do a good job of concealing the project, you want this retro style, so since the heating, central air conditioning, new air system and wireless network, we have to do as much as possible otherwise it will look very abrupt.'

Du Haiqing said with a smile: 'Right, Wang, your boss told me the other day that we can replace the current wooden beams with metal structures, and then do the wooden painting, so that it looks no different from the wooden beams, and the metal structure can also be used for the air ducts in the middle, and then make the colour of the air outlets exactly the same as the beams. I think this plan is quite reliable, please talk to your boss, and then help me to refine the specific plan, the best is to give me to do a effect.'

The female designer did not hesitate to say: "Yes Auntie Du, I will go back and talk to our boss about it, and try to make all these works concealed by then."

She then asked, "By the way, Auntie Du, are you really not going to harden the ground of the courtyard? It's hard to take care of this dirt floor now when it rains."

Du Haiqing waved her hand: "Except for the access road, I don't want to harden the ground, but I will put some grass seeds in the spring."

She then asked, "By the way, Wang, you are a native of Jinling, right?"

The other person nodded and said, "Yes, Auntie Du, my house is just a few kilometres away."

Du Haiqing pointed at the walls of the house and the withered wall climbers on the courtyard fence and asked, "Do you think these wall climbers will still grow in spring? The house has been idle for quite a long time, so I really don't know whether these wallflowers are dead or alive."

The designer said with a smile: "Auntie Du, wall climbers are very vigorous in the south of the Yangtze River, don't look like a piece of dead leaves when it's cold, but in the spring will grow new shoots, in the summer, can climb all over the front wall, this old red brick house with. This old red brick house with its green wall climbers is beautiful!"

After a pause, the designer added: "Moreover, with wall climbers, the insulation effect is particularly good, and in summer, the temperature in the house can be lowered by a few degrees!"

Chapter 2952

Du Haiqing, as if he could already see the wall of wall climbers lush and green, could not hide his excitement and said: "That's wonderful! The grass in the courtyard will be lush and green, and with the red brick walls, stone paths and wall-to-wall creepers in the courtyard, I can imagine how beautiful it will be!"

The designer nodded and said, "The stone paths in your courtyard will grow moss in the summer after it rains, so it will be even more beautiful, but you must pay attention when you walk and be careful of slipping."

"I've almost finished understanding your needs, so I'll go back and talk to our boss and get the design to you as soon as possible, so that you can live here in the summer."

"No problem." Du Haiqing said with a smile, "Then it's really hard for you Xiao Wang, if there's any progress, you can call me anytime."

"Good." The female designer nodded and said: "Then I'll go first Auntie Du."

"I'll see you off!"

Du Haiqing sent the female designer to the door, and then turned back.

When she saw Su Zhiyu looking at the courtyard with a longing look on her face, she couldn't help but ask, "Zhiyu, what are you looking at?"

Su Zhiyu could not hide her longing and said, "Mom, you can reserve a room for me too, I want to live here with you too!"

Du Haiqing laughed and said, "It's okay to reserve a room, but don't forget that Harvard Business School starts in August."

Su Zhiyu's expression was a little hesitant for a moment.

She hesitated and struggled for a moment before gathering the courage to say seriously, "Mom, I've given it serious consideration and don't plan to go to Harvard."

Du Haiqing did not seem surprised by her decision and asked in a calm tone, "Have you thought it over?"

"I've thought it over!" Su Zhiyu nodded and said firmly: "I went to see my benefactor today and have decided to cooperate with him to run the ocean shipping business, 49%, being the second shareholder."

Du Haiqing said: "The company's character and ability can be trusted, so you can give him all the resources you have to run the business and finish your schooling."

Su Zhiyu shook her head and said, "Your Excellency is also just starting out in this field, and it is the time when there is a shortage of people. So I still want to stay and work with the person in charge of his side when the time comes to run this business properly."

Du Haiqing looked at his daughter, smiled heartily and spoke: "After all this talk, you actually want to stay because of Ye Chen, right?"

Su Zhiyu did not expect that after all the packaging and explanations she had given, her mother would still see through it at a glance.

So, she didn't hide it anymore and nodded gently.

Du Haiqing sighed, touched her hand and said seriously: "Mom has tasted regret and reluctance, so no matter the outcome is good or bad, since you have decided, just let go and do it! No matter what, mum will support you!"

Chapter 2953

Hearing her mother's words, Su Zhiyu was in a good mood and took up her mother's arm, unable to hide her excitement, "Mom, En Gong called Grandpa today in front of me and said on the phone that he was going to settle the score with him, scaring him out of his wits"

"Is that so?" Du Haiqing couldn't help but ask, "Ye Chen is really going to settle the score with your grandfather?"

"That's not true." Su Zhiyu explained, "Your Grace feels that going to settle the score with Grandpa now will do him no real good, but rather cheapen my uncles and aunts, as well as the Ye family."

"Yes." Du Haiqing said approvingly, "So many people in the Su family are more eager for something to happen to your grandfather than Ye Chen, if Ye Chen really does something to him, the rest of the Su family will probably wake up laughing in their dreams."

Su Zhiyu laughed, "So my benefactor said that he was just bluffing and scaring grandpa, and then asked him to come and beg me for help, and as soon as he hung up the phone on his end, grandpa really called me, he was really good at predicting things."

Du Haiqing nodded and smiled softly, "In fact, it's not a matter of anticipation, it's because Ye Chen has blocked all the other roads and only left you as an outlet for him, just like a weir, where he leaves an opening, the water will naturally gush there."

After saying that, Du Haiqing added: "Ye Chen is helping you again, When Grandpa is threatened by him like this, I'm afraid he can only beg for your help to save his life, and he will be even more afraid to do anything bad to you in the future."

"Yes." Su Zhiyu said with a smile, "Moreover, in order to flatter me, he even offered to give me that island in the Maldives, the one he's saving for himself for his retirement."

"Ho!" Du Haiqing said in surprise, "That's really his heart's desire, you didn't really want it, did you?"

Su Zhiyu said seriously, "He wants to give it to me, of course I have to take it, I've even made a deal with him, tomorrow I'll fly to the Maldives and transfer the title to me locally with Su Anshun in the Maldives."

Du Haiqing couldn't help but sigh, "It's useless for you to want that island, you might as well leave it to him for his old age, the older people get, the more importance they place on a place to retire."

Su Zhiyu gave a light hum, with a few gambling mentality said, "Then I do not care, he gave it to me to take, do not care whether he is sincere or not."

"You child, " Du Haiqing sighed and said seriously, "You have to forgive people, not to mention that he is your grandfather after all."

Su Zhiyu shook her head and said: "I'm not as generous as you are, what he did, I can at most ignore it, but I will never forgive."

Du Haiqing shook his head helplessly and asked her, "There's no real use for that island, even if you go on holiday, you'll be there for ten days a year."

Su Zhiyu said, "I don't want to go for a day, so I'll keep it for now, just in case it's of any use in the future."

"Okay." Du Haiqing smiled and teased, "Or you can keep it as your dowry in the future, and by the way, it can also be used as a venue for weddings, aren't many celebrities and rich people popular to go to the Maldives and charter an island for their weddings?"

Su Zhiyu blushed and said shyly, "I don't know when this will happen, but I'll take the island anyway, even if I don't use it, I'll be happy to leave it there."

"Good, good." Du Haiqing nodded and said, "You decide, mum won't interfere."

Su Zhiyu smiled sweetly and asked her, "Mum, why don't you come with me to the Maldives tomorrow? We can fly there early in the morning, and we can arrive in seven or eight hours, do the formalities in two hours at most, and then fly back, so we can arrive at night."

He said, Su Zhiyu added: "Besides, we don't have to take the civil aviation, we can just arrange a business jet to sleep all the way there."

Chapter 2954

Du Haiqing smiled faintly, "I won't go, I don't want to meet with Su's family, even Su Anshun, why don't you ask your brother to accompany you on the trip?"

"My brother?" Su Zhiyu bristled, "I'd rather not look for him, if you don't want to go, I'll go by myself."

"What's wrong?" Du Haiqing asked curiously, "Did you have a conflict with your brother?"

Su Zhiyu hesitated for a moment and shook her head.

She didn't want to tell her mother that her brother had actually fallen completely to grandpa long ago, after all, it was only her own speculation, and since people have their own opinions, it was also her brother's own choice to fall to grandpa, there was no excuse for it.

So she explained, "Gu Qiuyi's concert will start in a few days, and brother is busy these two days."

Du Haiqing nodded slightly and said, "Your brother seems to have real feelings for Gu Qiuyi."

"Yes." Su Zhiyu said, "He has liked Gu Qiuyi for a long time, and has been looking for opportunities to draw closer and take the opportunity to confess his feelings."

Du Haiqing sighed and said, "That girl from the Gu family is indeed very nice, it's just that"

Su Zhiyu asked curiously, "Just what?"

Du Haiqing paused for a moment and lamented, "But the Gu family and the Su family have always been at odds, so I don't think Gu Yanzhong will let her daughter marry into the Su family."

Su Zhiyu said, "If brother and she are in love, if they are in love, that uncle Gu should not be able to stop them, right? After all, freedom of love and freedom of marriage are advocated nowadays."

Du Haiqing laughed bitterly, "That Gu girl would not like your brother either."

Su Zhiyu asked in disbelief, "Mom, in your eyes, is my brother so uncompetitive?"

Du Haiqing explained, "It's not that your brother's competitiveness is poor, it's that Ye Chen's is too competitive."

"Ye Chen?!" Su Zhiyu was surprised and asked, "What does this have to do with him?"

Du Haiqing said, "Ye Chen and Gu Qiuyi had a marriage contract long ago, before Ye Chen disappeared for so long, the Gu family didn't even give up looking for him, now that it's confirmed that Ye Chen is still alive and is still so good now, how could the Gu family let go?"

Su Zhiyu couldn't help but blurt out, "But your Excellency, he got married a long time ago! Don't the Gu family know that?"

Du Haiqing looked at her and asked helplessly in return, "You also know that Ye Chen is married, but are you willing to let go in your heart?"

Su Zhiyu was suddenly speechless.

Du Haiqing continued, "Look, you are the daughter of Ye Chen's enemy, to say the least, there is an innate gap between you and Ye Chen, but even so you are unwilling to let go, other people's Gu family and Ye Chen's parents are family friends, daughter and Ye Chen have a marriage contract, there is already such a close foundation, it is even more impossible for people to let go."

Su Zhiyu was silent for a moment and then exclaimed, "I understand! I finally understand!"

Du Haiqing asked curiously, "What do you understand?"

Su Zhiyu said with a face full of sudden enlightenment, "I finally understand why such a big star as Gu Qiuyi has set the first show of her tour this year in Jinling, a second-tier city!"

"Before, my brother and I were amazed, according to common sense, when a big star like her does a tour, she must start with a few first-tier cities before moving on to second-tier cities!"

"Moreover, she is a Yanjing native herself, opening her first concert directly at the biggest Olympic stadium on her doorstep is the best choice, there's absolutely no reason to go near and far, grab the smallest and enlarge, run thousands of kilometres to Jinling to open the first show"

"The reason she chose to come to Jinling must be because of Ye Chen!"

Chapter 2955

Du Haiqing heard here, said thoughtfully: according to your analysis, it is estimated that the girl Gu family, ninety-nine percent is running to Ye Chen came to Jinling.

Su Zhiyu immediately felt a burst of panic.

Originally thought that the wife of the benefactor is my biggest competitor, but did not expect that there is a fire around the world Gu Qiuyi

"Moreover, Gu Qiuyi's advantage is much greater than mine

What's more, the Gu family and the Ye family are family friends, and Gu Qiuyi and Ye Chen have been married for a long time, compared to that, I really have no advantage at all.

Du Haiqing saw Su Zhiyu look lost, so he said comfortingly: " Zhiyu, do not think too much in your heart, feelings such things, not to measure the number of advantages, some people a good hand may not win, but some people, a bad hand but can win to the end.

Su Zhiyu nodded gently, she also expected Ye Chen such a man, will be very popular with women, so think carefully, then do not think Gu Qiuyi is really a big problem.

At this time, Du Haiqing on the side remembered something and asked her: 'Zhiyu, the Gu family that girl's concert, What day is it?'

The day after tomorrow," Su Zhiyu said.

The day after tomorrow is the second day of the second lunar month, right?

Su Zhiyu shook his head:'

I do not know

I don't know, I usually don't remember the lunar calendar.

Du Haiqing took out his phone and looked at it, and said with certainty: "Yes, it is the second day of the second month of the dragon, no wonder she chose this day to open a concert in Jinling.

Su Zhiyu was surprised and asked: "Mom, what's so special about the second day of the second lunar month?

Du Haiqing said seriously: "The second day of the second lunar month is Ye Chen's birthday.

Su Zhiyu was even more puzzled: "Mom, how do you know the birthday of the benefactor?"

Du Haiqing let out a bitter smile and said: "When you truly love someone, you will unconsciously pay attention to everything about them, even to all the information related to them.

Su Zhiyu eyes to see the mother look slightly between a few sighs, hurriedly gently her to sweep

She said with a smile, "Mom, it's an honor for Uncle Ye to have a woman like you who loves him so much.

Du Haiqing smiled and said: "Do not talk about this, Mom show you inside to see which room you like.

Su Zhiyu said with a smile: "I want the room where my benefactor lived!

At this moment, the Buckingham Palace.

After meeting Su Zhiyu and talking to Gu Qiuyi on the phone, Ye Chen did not rush to leave, but out of courtesy, had someone call Yiteng Yuanyi back and met with him.

Su Zhiyu came to see himself this time, after all, also in the name of meeting Ito Yuhiko, but also hard Ito Emi all the way to transport, so the size is also considered a personal favor.

Ito Xuyan was wheelchair-bound and pushed back to his presidential suite by Ito Emi. When he saw Ye Chen, he said with a smile: " Mr. Ye, how are you doing?

Ye Chen saw that he looked good and smiled slightly: "Please bother Mr. Ito, I've been doing quite well lately.

After saying that, he saw Koichi Tanaka sitting on another wheelchair behind Yohiko Ito, and said to him with a smile: "Mr. Tanaka, long time no see!

Chapter 2956

As Ito Yohiko's most loyal and trusted subordinate, Tanaka Koichi was still Ito Yohiko's beloved even though his legs had been amputated, and Ito Yohiko was grateful to him for saving his life.

When Tanaka Koichi saw Ye Chen taking the initiative to greet him, he was immediately flattered and said, "Hello, Mr. Ye! It's been a long time, I didn't expect you to remember me"

Ye Chen laughed: "My memory is not that bad, how could I not remember you.

After saying that, he asked Ito Yohiko, "I wonder how you two have been feeling these few days in China?"

"Very well! Ito Yohiko said seriously: "Tanaka and I, in Chinese parlance, are considered physically handicapped, these days we both participate in various sports everywhere, playing golf, bowling, and swimming in swimming pools when we have nothing to do, the doctor said that in our case we just have to exercise more, not only to improve our physical fitness, but more importantly, to speed up the break-in with the prosthesis.

Koichi Tanaka also nodded repeatedly and said, "The doctor said that if the physical fitness is good enough and the break-in with the prosthesis is also good, walking with the prosthesis will soon be possible."

Ye Chen nodded and smiled, "The mindset of the two of you is indeed admirable."

"Nowhere nowhere." Ito Yohiko laughed modestly : " If it wasn't for Mr. Ye's miracle medicine, we wouldn't have recovered to the point we are today, and I'm afraid we would have been covered in tubes and waiting for death in the intensive care unit of the hospital by now.

Speaking of this, he could not help but sigh, "I have survived to this day thanks to Mr. Ye and Tanaka.

Then, he looked at Koichi Tanaka and said seriously, "Tanaka, if you hadn't pushed me off the bridge that day, I'm afraid I would have been killed! Thanks to you, I was able to save my life!

Koichi Tanaka said with red eyes, "Sir! It is my duty to serve you, but I have already committed a great breach of duty by failing to protect you that day, so I cannot afford to be told that.

He choked back a sob and said, "You didn't dislike me when I became a cripple, but you even spent a lot of money to treat me and help me recover, I will never forget this kindness!

Ito Yohiko sighed lightly and said: "You and I have broken through the ghost gate together, naturally I can't leave you behind at such a time.

At this point, he looked at Ye Chen and said with emotion, "Mr. Ye, Tanaka has been in a depressed mood since his amputation, and his fiancée has abandoned him.

I would not dare to disobey your words, but that change has changed my life a bit.

Ye Chen smiled slightly and said, "Tanaka, you have a long life ahead of you, so calm down, recover well and wait for a miracle to happen."

Tanaka Koichi knew in his heart that he would not be able to encounter any miracle, and his greatest hope was that in the future, when medicine was advanced, there would be greater breakthroughs in the development of prosthetic limbs, so that he could at least make up for the inconvenience in his life.

As for the lack of two legs, it would be impossible to make up for it in this life.

However, at this time, Ye Chen looked at Ito Yohiko and said with a profound smile: "Mr. Ito, you should also cheer up, a miracle will come eventually.

Ito Yohiko's heart thumped, the whole person like a touch of lightning looked at Ye Chen, asked offhandedly: "Mr. Ye, could it be that you; you have a solution? !

Ye Chen smiled: "At the moment it is still unclear, but there will definitely be a chance in the future!

In the records of the Nine Xuan Heavenly Scriptures, there was an elixir that could regenerate a severed limb, only the level of this elixir was much higher than the Spring Return Pill, and even quite a bit higher than the Peiyuan Pill that he was going to refine next.

Previously, Ye Chen felt that he basically had no chance of refining this kind of high-grade elixir because he was afraid that he could not manage either the herbs needed for the elixir or the spiritual qi needed to refine the elixir.

The higher the rank of the elixir, the greater the consumption of spiritual qi.

He had not been able to make up for the fact that he had consumed a lot of spiritual energy before, but ever since he had obtained the 10,000-year Ambergris Incense Fossil Stone by chance last time, it had given Ye Chen great confidence.

As long as he used the fossilised ambergris stone to refine the Peiyuan Pill, his own spiritual energy would be able to be replenished abundantly and even boosted, in that case, not only would he be able to progress in strength by a large margin, but he would also be able to go and try higher grade pills.

Perhaps, he would be able to refine the Pill for the rebirth of the severed limb.

If that were the case, not only could Ito Yohiko and Tanaka Koichi be cured, but Su Ruoli's mother, He Yingxiu, could also be cured.

Chapter 2957

Ye Chen's remark that he would definitely have a chance in the future made Ito Yohiko inexplicably excited.

Although he knew that although modern medicine was already very advanced, it was still simply impossible to achieve the rebirth of a severed limb.

Moreover, modern technology was currently unable to break through to 100 per cent cellular recovery at all, which was why, the wound would grow scars instead of growing back to the way it was before the injury.

A slight cut on the wrist will leave a scar that will last a lifetime, so how can an amputated leg grow back?

The two bowl-sized scars at the base of the thighs after the amputation alone will not allow them to conform to the skin on the rest of the body, not to mention the legs growing back.

Every night when he took off his prosthetic legs, Ito Yohiko would look at the two large crimson scars at the base of his thighs and feel disgusted and disgusted.

But he knew very well that this was already the ceiling of modern medicine, and even if he searched the world for a famous doctor, he would not be able to make his situation better.

So if there was any man who dared to say to his face that he could bring a severed limb back to life, he would have scolded him.

However, Only Ye Chen was different.

When these words came out of Ye Chen's mouth, even if Ye Chen only said that there was a chance in the future, Ito Yohiko felt that this matter would definitely come true!

Therefore, how could he not be excited.

At this moment, he looked at Ye Chen, his eyes already filled with hot tears, and said tremblingly, "Mr. Ye, if you really have a way to restore me to my original state, I would like to work for you for the rest of my life, and I would like to follow your lead!"

Ye Chen smiled slightly, "I will naturally do my best, after all, the 4.5 billion US dollars is not for nothing, just don't complain about me, Mr. Ito."

Hearing this, Ito Yohiko laughed loudly, "At first, I still had a grudge against Mr. Ye because of the US\$4.5 billion, but now it seems that the money was really well spent!"

Frankly speaking, Ito Yohiko had been holding a grudge over the US\$4.5 billion.

Before, it was an extremely deep resentment. After coming back and Ye Chen saved him, and after his daughter made it clear that she was in love with this guy, Ito Yohiko's mind did ease up quite a bit.

But it was the same as when he accepted the amputation of his legs, and although he did his best to accept it in his heart, whenever he thought about it, it was the same as Seeing the scar like the amputation on his leg was always not too comfortable in his heart.

Now, once he heard that Ye Chen could possibly restore him to his original state, he was completely relieved of the US\$4.5 billion.

On the other side, Tanaka Koichi also had a strong yearning deep in his heart.

However, he felt more or less inferior in his heart, always feeling that if such a good thing were true, it would not be his turn.

It was Ito Yohiko who had his heart set on his sincere subordinate, so he asked Ye Chen, "Mr Ye, if you really have a solution in the future, can you give Tanaka a chance? If you need money, I will pay for it!"

As soon as Tanaka Hiroshi heard this, tears came out of his eyes at once, his hands clutching the corners of his clothes to death, his nose already starting to shrug violently and involuntarily.

Ye Chen glanced at Tanaka and said with a smile, "Don't worry, if the time is right, I will let both of you get back on your feet."

Ito Yohiko was instantly relieved, while Tanaka Koichi, who was on the side, could no longer control his emotions and covered his face and cried out in silent pain.

At that moment, the door of the room was pushed open and Nanaiko Ito, dressed in casual clothes, swiped her room card and entered.

Chapter 2958

She came to the living room and was about to call out to her father, but suddenly saw Ye Chen sitting on the sofa in the living room at that moment, and suddenly blurted out in surprise: "Ye Chenjun! What are you doing here?"

When Ye Chen saw Nanako Ito walk in, he smiled and said, "I came to see Mr. Ito, and by the way, I asked Mr. Ito to do me a favour."

Ito Nana-chan was busy asking, "So how is Ye Chen-kun's matter resolved? Do you need my help?"

Ye Chen smiled, "It has been settled, and I am catching up with Mr. Ito."

Ito Yohiko hurriedly waved at his daughter and said excitedly, "Nana-chan, Mr. Ye just told me that in the future he might have a chance to restore my legs to their original state!"

"Really?!" Ito Nana-chan's eyes widened as she looked at Ye Chen with shock and excitement and asked, "Ye Chen-kun, do you really have a way to restore Father to his original state?"

Ye Chen smiled and spoke, "There must be a chance, it's just that the time is not ripe at the moment."

Hearing this, Ito Nana-chan said happily, "That's wonderful! Since Ye Chenjun said there is a chance, then there must be a chance!"

Ito Yohiko was in a good mood, so she hurriedly said to Ye Chen, "Mr Ye, let's have lunch together later, I'll be the host and we'll have a good drink!"

Feeling that he had no other plans for lunch, Ye Chen nodded and smiled, "Since that's the case, Then I'll respectfully accept."

Nanae Ito was even happier and said hurriedly, "Then I'll call the catering department and book a private room."

As she spoke, there was a sharp rap at the door.

Ito's aunt, Emi Ito, frowned and said, "Why are you tapping on the door when there is a doorbell? How rude."

With that, she stood up and bowed slightly, "Oni-chan, Mr. Ye, you guys sit down first, I'll go check it out."

Ito Emi walked to the door, and a clamour soon came from the entrance, and Ye Chen heard someone shouting very ungraciously, "Our young master is willing to pay double the price to compensate you, don't be insensitive!"

Emi Ito said in a loud voice, "You are really unreasonable! If you don't leave, I will call the police to deal with you!"

The other party immediately shouted, "Don't be insensitive, our young master is extremely well-known in China, so if you really call the police, you will be left in the lurch instead!"

Hearing this, Ito Nanaeko couldn't help but stand up and walk over.

Seeing her go, Ye Chen hurriedly followed her as well.

At this moment, Ito Emi was standing on the inside of the gate, outside the gate stood four or five young people, these four or five people were fashionably dressed, both male and female, and the one who was talking was a young male in his twenties, this person had medium-length hair, the back of his head was left with a shoulder-length duck tail, and his body was hung with various, The kind of trendy accessories looked rather flashy.

Ye Chen dared to walk to the door before Nanaiko Ito did and opened his mouth to ask the young men, "What do you want?"

When the young man heard Ye Chen speak fluent Mandarin, he grunted and said disdainfully, "You must be this Japanese b*tch's translator, right? It's too much effort to communicate with this Japanese b*tch."

After saying that, he pointed at Ye Chen and spoke, "Our young master is coming to Jinling for a few days and wants to rent this presidential suite, if you have the sense to do so, we can compensate you at double the door price, I have read that this suite is 158,000 yuan a day, you can make nearly 600,000 yuan by giving us the house for four days, why not do so?"

Ye Chen sneered, "I don't care where you came from, get the hell out of here before I get mad!"

"Shit!" The other party was furious and cursed, "Damn it, why is a translator pretending here? I'm telling you, our young master will be arriving in Jinling soon, if you don't vacate the room and delay our young master's stay, don't blame us for being rude!"

Ye Chen frowned and asked, "Who is your young master?"

The other party said with an arrogant face, "Our young master is the young master of the Zhong Group and is now the most famous new generation of top male singers in the country! The reason why our young master came to a small place like Jinling this time is that he was invited as a special guest to attend Miss Gu Qiuyi's first concert tour this year!"

Chapter 2959

"The Zhong Group?"

Hearing these four words, Ye Chen couldn't help but sneer, "I've heard of the Ye Family, Su Family, and Gu Family, but I've never really heard of any Zhong Group."

The other party immediately shouted, "If you haven't even heard of the Zhong Group, I think your brain has been eaten by dogs! The Zhong Group is the largest building materials group in China, with hundreds of billions of dollars in assets! Moreover, our young master Zhong Tianyu's popularity in China is no less than Gu Qiuyi's, and he is now the hottest male singer in the country!"

Ye Chen nodded his head and deliberately said in a praising tone, "Awesome awesome! In that case, your young master, is the male version of Gu Qiuyi?"

The other party raised his eyebrows and said offhandedly, "Of course! Miss Gu is a top-class female singer and our young master is a top-class male singer, Miss Gu's family is strong and our young master's family is no less powerful, so who doesn't know that the two of them are the golden couple of the entertainment industry?"

Ye Chen said regretfully, "I'm really sorry, I just don't know about this, how can they be golden girls? Zhong Tianyu, I've never even heard of that name."

The other party said with a face full of contempt, "Kid, what are you pretending to be? How can you not have heard of Zhong Tianyu? Could it be that you live abroad all the time?"

Ye Chen said Laughing: "I live in Jinling all the time, but I really haven't heard of any Zhong Tianyu, but I have heard of Yi Zhongtian who talks about the Three Kingdoms."

The other party was stepped on and cursed, "F*ck! I think you're deliberately looking for a fight!"

As Ye Chen was about to speak, Chen Zekai ran over quickly and saw that this guy was choking with Ye Chen, so he immediately blurted out a rebuke, "What are you doing? Who told you to come here?"

The kid turned around, saw Richard Chen, couldn't help but frown and asked, "Who are you?"

"I'm the general manager here!" Chen Zekai said in a cold voice, "Who told you to come here to cause trouble?"

The man immediately said, "Introduce myself, I am the agent of Zhong Tian Yu, the young master of the Zhong family, my name is Xu Dan Dan, I am not here to make trouble, I am here to talk to them about

the room transfer, since you are the manager here, then you should hurry up and tell them that our young master Zhong Tian Yu is coming to Jin Ling soon, he has named to stay in the presidential suite of your hotel, we are willing to give them these guys double the room rate as compensation, I didn't expect them to be not lifters."

As soon as Chen Zekai heard that this guy was so ungracious, he knew that he must have rushed his own young master, and was immediately angry and about to call security to come over and beat these people out.

However, at this time, Ye Chen did speak first and asked, "Old Chen, what is the origin of this Zhong Tianyu?"

Chen Zekai hurriedly said, "Mr. Ye, Zhong Tianyu is the only son of Zhong Zhengtao, the owner of the Zhong Group. He studied music for a few years from some pheasant university, and then packaged himself as a musical talent and creative genius. "

When Xu Dan Dan heard what Chen Zekai said, he was furious and said, "Don't talk nonsense here! Our young master has never had plastic surgery! The last media outlet that rumoured our young master's plastic surgery was already sued! You are the manager of this hotel, if you say such irresponsible words again, we will sue your hotel as well!"

Chen Zekai brushed aside his mouth and sneered, "What did your young master look like in the past, don't you have any idea? He used to have a black and ugly face, but now his face is as white as a big white scraped on the wall.

"Also, on his chin now that pointed, a low fear is able to give his own throat poked, that is not plastic surgery out of the whole, is it to let people take the grinding wheel grinding out of it"

Chapter 2960

Xu Dan Dan said furiously: "You you you have to be responsible for what you just said! Wait until you receive a lawyer's letter! I will definitely sue the court together with your hotel!"

Chen Zekai coldly snorted: "Want to sue the hotel together? Do you know the last name of this hotel?"

"I don't give a f*ck what your last name is." Xu Dan Dan skimmed his mouth and said disdainfully, "Isn't it just a five-star hotel? Our young master's family has a dozen of them! And they are all in first-tier cities, they don't even bother to come to such second-tier cities to develop!"

Chen Zekai was exasperated by him and said, "Go, give your young master a call and say that I, Chen Zekai, personally said that he had plastic surgery, and if he is not convinced, I will wait here for him to sue me, and you can see what your young master says."

Xu Dan Dan said angrily, "You f*cking bluff me, huh? Wait, I'll call our young master!"

After saying that, he immediately took out his cell phone and walked to the side to make a call.

Ye Chen looked at his back and asked with a frown, "This is how his men look like, it seems that Zhong Tianyu is not a good bird either, how could he invite such a person as a guest for Nui Nui's concert?"

Richard Chen laughed: "Mr. Ye, this you do not know, this Zhong Group, the founder is Zhong Tianyu's grandfather, Zhong Shaohua, Zhong Shaohua followed his parents to the South Seas when he was very young, and returned to China after 49 years to start a business, also considered the first batch of Chinese who returned to China to develop."

"When he returned to China, the country is still in the stage of a hundred things to be done, at that time he single-handedly cultivated the Gu family's old man, the Gu family's old man has the kindness of knowledge."

"Later the Gu family's development, Zhong Shaohua also provided a lot of help, but after Zhong Shaohua's death, Zhong Zhengtao took over, and the Zhong Group went downhill and was caught up by many domestic families."

Speaking of this, Richard Chen smiled and added: "However, the Gu family has always been very much to the face of the Zhong family, this Zhong Tianyu has always wanted to pursue Miss Gu, it seems that because of this also entered the entertainment industry as a singer, because of the relationship between the two families, so Miss Gu in the resources have been more care for him, often take him to some programs, the concert invited him to be a guest is also It makes sense."

Ye Chen nodded with a sudden realization.

Originally he was not prepared to give face to Zhong Tianyu's men, but hearing about this relationship, he whispered to Chen Zekai: "Since there is such a deep relationship with the Gu family, then later directly kick them out, don't do it, so as not to make Nui Nui look bad later."

Chen Zekai also nodded very seriously and Said, "Don't worry Mr. Ye, I know."

On the other hand, Xu Dan Dan made a phone call to his own young master Zhong Tianyu.

At the other end of the phone, Zhong Tianyu opened his mouth and asked, "Is the matter I asked you to do done?"

Xu Dan Dan hurriedly said: "Young master, I am communicating with the current residents here, but they seem to be a little toast to the wine! I have offered them double the price, but they are still not willing to vacate the room!"

Zhong Tianyu said in exasperation, "If double doesn't work, then triple! Anyway, before Qiu Yi goes to Jinling, you must take this room down for me!"

Xu Dan Dan quickly complained: "Young master, you do not know, the attitude of the people there is too bad, not only do not give any room for negotiation, but also shamelessly sarcastic sarcasm you, one of the guys also kept talking about your plastic surgery, and said that your chin can poke their throats when you lower your head, you hear, this f*cking talk of taking away the shoot ah! "

"Sh*t!" When Zhong Tianyu heard people say he had plastic surgery, it was as if his tail had been stepped on, and he roared in anger: "Who the hell is so cheap to say I have plastic surgery? I think he is

tired of living! See if I don't sue him to the death, I don't know how many mines his family has enough to compensate him? You go over there and turn on the speaker. I want to ask him myself.
