

Ye Chen 2961

Chapter 2961

As soon as Xu Dan Dan heard his master speak with such confidence, his back straightened up.

He stepped back, raised the phone in his hand high and said to Chen Zekai, "Our young master has something to ask you personally!

Chen Zekai frowned in disgust and said in a cold voice: "Say something, fart away!

"F*ck!" A young man cursed angrily from the other end of the phone, "Who the hell are you? Who the hell are you? Do you know who I am?

Richard Chen sneered, "Yes, you're just a singer, aren't you? I heard that your family spent a lot of money to promote you for years, but you couldn't make it, so you finally went abroad and got a new head before you got a hit, didn't you?

"F*ck!" Zhong Tianyu on the other end of the phone was furious: "You're really looking for death! If you have the guts to tell me your name, I don't want to kill you, my f*cking name is Zhong!

Chen Zekai said indifferently: "My name is Chen Zekai, the general manager of Buckingham Palace in Jinling, if you want to kill me, just come over, I'll be waiting for you.

Zhong Tianyu froze, and then sneered: "Who am I talking about, So pretentious, so you're the general manager of Buckingham Palace, so you're from the Ye family?

"That's right.

Zhong Tianyu gritted his teeth and said: "So what if you are a member of the Ye family? You're not surnamed Ye, to put it bluntly, you're just a dog of the Ye family, you're also worthy of barking in front of me?

If you do a good job, I'll spare you this time, otherwise, when I get to Jinling, I'll make sure you'll have a hard time!"

Chen Zekai laughed: "Then you'd better come faster, I'm a bit impatient.

"Grass!" Zhong Tianyu cursed furiously, "Are you f*cking brain-dead? You don't take the step you're given and you have to wait for the big one to be satisfied? I'll give you one last chance, leave me the presidential suite, when I arrive in Jinling, you personally kneel in front of me and apologize, otherwise, I'll kill you!

Ye Chen listened on the side and couldn't help but frown and say: "Old Chen, don't talk nonsense with such fools, hang up the phone and drive these silly dogs out, lest I be disturbed by their gibbering here.

Chen Zekai nodded and directly grabbed Xu Dan Dan's phone, and with a forceful break of both hands, he broke his Apple phone into a ninety-degree angle, and the phone was instantly disconnected.

Xu Dan Dan was startled and said out of the blue, "What are you doing?

Richard Chen said in a cold voice: "What am I going to do? I'm going to beat you up!

After saying that, he slapped Xu Dan Dan's face. Xu Dan Dan spun around, dizzy and nearly fell to the ground.

Seeing this, several of his companions stepped forward and threatened, "Do you not want to work at Buckingham Palace anymore? Even Manager Xu dared to hit him!

Xu Dan Dan, who had recovered, said angrily, "Are you looking for death? Do you believe I will let our young master kill you?

Without hesitation, Chen Zekai raised his hand and gave Xu Dan Dan another slap, directly knocking him to the ground, saying with a contemptuous face, "You're such a bird, you won't remember unless you hit him hard."

Chapter 2962

After saying that, he immediately instructed the security chief at the side, "Drag these people out and find a place where no one is around to give them a good beating!

The security chief immediately said, " Yes, Mr. Chen!

After saying that, he immediately took out his intercom and instructed, "All the first team to the Presidential Suite!

When Xu Dan Dan saw that Chen Zekai was really serious, he immediately gave in and begged, "Mr. Chen, please don't be so mean to me, I am also serving my master. "

Chen Zekai sneered: "'Now you want to beg for mercy? It's too late!"

At this moment, a dozen of security guards quickly ran over.

When Xu Dan Dan's group saw this scene, they were all scared and their legs went weak.

Xu DanDan hurriedly begged, "Mr. Chen, it's all our fault, can't we just get out of here? The concert will start in a few days, so I can't go around with all the injuries.

Ye Chen spoke at this time: "Old Chen, I have an idea, you collect all the communication devices of several of them, and then send them some hiking The equipment, with a helicopter thrown into the deep forest behind Phoenix Mountain, that is not always donkeys sneak in to explore, and then trapped out to help rescue teams? Directly throw them into the deepest valley, let them walk out on their own.

Chen Zekai said with a smile: "Mr. Ye, to there, trained people, no two or three days can not climb out ah.

"Never mind." Ye Chen laughed: "'Just let them evaporate for a while, by the way, taste the suffering of the earth."

Chen Zekai understood Ye Chen's intention, he should just want these guys to miss the concert perfectly.

Then, he ordered the security chief, "Tie up all these guys, take away all the communication devices on them, and escort them to the helicopter."

When Xu Dan Dan heard this, he fell to his knees in fear, and when several other people saw this, they also followed suit.

Xu Dan Dan kneeled in front of the most, crying and said: "General Chen, you are generous, do not play us to death ah our body, into the deep forest is impossible to come out ah

Ye Chen said: "It does not matter if you can not get out, give you enough food and water, you can not live in the mountains for a few days, to experience the beauty of nature."

Saying that, Ye Chen asked Richard Chen: "Does Buckingham Palace have the relevant qualifications and permits to operate a tourism business?"

Of course. Richard Chen hurriedly said: "Buckingham Palace has all the qualifications for tourism.

Ye Chen laughed: "That's really great, now immediately launch a 'wilderness survival of the deep mountain adventure tour' experience, the characteristics of the activity is to experience the wilderness survival, the organizer is the Buckingham Palace, and then these guests who came from afar, is the first batch of lucky customers of this wilderness survival experience activities, they get a free experience opportunity.

Richard Chen immediately smiled knowingly, "Then I have to ask my lawyer to hurry up and come up with a travel contract, and then have them all sign it."

"Right! Ye Chen laughed: "Make sure to state that they are participating voluntarily, taking all the consequences on their own for any accidents, and then have them sign and pledge, and then put their handprints on.

"I get it!" Chen Zekai nodded excitedly, saw Xu Dan Dan several people wailing in fear, and immediately instructed the security chief: "Lawyers need time to draw up the contract, you do not stand here, hurry up and take people to the top floor to give me a violent beating, after beating at the helicopter. Wait, after the lawyer brings the contract up, they sign it and send me away immediately!

Chapter 2963

Behind the Phoenix Hill Cemetery is a mountain range that winds for nearly 100 kilometres.

Although urbanisation has been increasing in recent years, this kind of deep mountain forest has never been much developed.

Moreover, that kind of place, apart from a group of donkeys with too much time on their hands, not many people would normally go there.

It is said that every now and then, there are donkeys who get trapped in the deep mountains, and in the end, they can only rely on rescue teams to carry them out one by one, so over time, even the donkeys are afraid to go there.

It was precisely because it was not too easy to get out that Ye Chen planned to throw the few people, Xu Dan Dan, over there.

Anyway, Jinling is located in the Central Plains, and there are no beasts that can eat people in the deep forests, so even if they don't have the ability to survive, they won't die inside, and when the time comes,

as long as they ask Chen Zekai to prepare water and dry food for them, they will be able to suffer inside properly for a few days in a down-to-earth manner.

At that time, they will not be given any means of communication, so that they can experience what it means: they will not be able to answer the call of the day, and they will not be able to answer the call of the ground.

By the way, it also serves as a wake-up call to that Zhong Tianyu. Since he is going to be the guest of honour at Gu Qiuyi's concert, he must be coming over in the next couple of days, and if what happened to Xu DanDan and the others doesn't wake him up.

Then when the time comes, we'll throw him over as well.

Only then did Xu Dan Dan realize that Ye Chen, whom he once thought was the interpreter, was probably the real big brother behind the scenes.

When he thought of his surname Ye, and that Chen Zekai was very respectful to him, a terrible thought suddenly flashed through his heart, and immediately, he knelt down in front of Ye Chen with a thud, and then he kept kowtowing, begging: "Mr. Ye, please forgive me, I won't dare to do it again!

Ye Chen expressionlessly said: "I very much do not hold you responsible for anything, but also gave you a free tour, is this not considered to forgive you? If even this you are not satisfied, then you really make it very difficult for me to do.

After that, he looked at Chen Zekai, spoke: "How about taking them to Hong Wu's dog farm, temporary stay for two days, and then see what other people do not have eyes, a piece with them to put together, put together a wave sent to Syria to experience the outbound tour.

Richard Chen did not hesitate to say: "No problem! If that Zhong Tianyu also gives shame when he arrives, we'll send them to Syria together then.

When Xu Dan Dan heard this, he was immediately scared out of his mind.

He became more and more firm in his earlier guesses.

This young man in front of him, surnamed Ye, was definitely someone from the Ye family!

No wonder he didn't take himself seriously at all, not even his own young master .

This time, he had really pissed off a big shot!

Thinking of this, Xu Dan Dan said in tears: "Don't misunderstand, Mr. Ye, I'm not dissatisfied in any way

Ye Chen smiled and asked him: "Are you sure? We always put our customers first, if you are not satisfied with anything, just say it, don't hold it in.

Xu Dan Dan's liver trembled with fear and he thought to himself, "This is not customer first, this is fishing for law enforcement! If I tell you, I'm afraid I'll end up worse off!

So, he choked up and shook his head repeatedly, "No, no! There is absolutely no dissatisfaction whatsoever!

Ye Chen then nodded and said in a cold voice: "Since there is nothing unsatisfactory, sign the contract and wait for the departure later, if you perform well, you will be released in a few days, if not, even if you crawl out on your own, I will have you thrown back again!"

With that, he instructed Richard Chen, "Before you send them away, put GPS positioning on each of them."

Chen Zekai hurriedly said, "Don't worry, I will make all the arrangements"

Chapter 2964

Ye Chen gave a hmph and instructed again, "Take a video of them when you sign up, make it clear that they are voluntarily participating in the tour experience and voluntarily abide by our tour rules, remember to let them act realistically and leave a backhand."

Chen Zekai nodded and said, "Okay, I'll make a note of it all."

Ye Chen instructed again: "By the way, just now said violent beating, this must wait until after the contract is signed and the video is taken, got it?"

"Understood!"

Immediately afterwards, Xu Dan Dan several people were brought to the rooftop under the close escort of the security guards, crying and shouting.

Soon after, a special wilderness survival program was launched at the Buckingham Palace Hotel, and Xu Dan Dan and the others, under the careful care of the security guards, voluntarily signed a fair and equitable travel service contract and became the first lucky customers of this new program for free.

Once the contracts were signed, the men were repaired by the security guards and then thrown into the helicopter.

The catering department brought over a bunch of food that was about to be eliminated and expire, as well as a large amount of tap water that was temporarily canned, and these were all the supplies that Xu Dan Dan would need for the next few days.

After all, it was a big hotel, the catering department gave a large amount of expired food and tap water, and the amount of food these young people had was enough to feed them for half a month.

While Ye Chen was eating with the Ito family, a helicopter flew to the very centre of the deep forest on the far outskirts of Jinling.

Immediately afterwards, the helicopter descended in altitude and dropped these few people into the deepest valley, along with the food and water prepared for them.

Xu Dan Dan several people officially began the wilderness survival that Ye Chen had arranged for them.

Meanwhile, Zhong Tianyu, one of the most popular male singers in China, could not get through to several of his men and was as anxious as an ant on a hot pot.

When he couldn't get in touch with his men, he immediately realised that they must have been taken care of by Buckingham Palace, and that he might have been detained by them.

It wasn't a big deal to him if they were detained, but his performance the day after tomorrow was the most important thing.

If Xu Dan Dan disappeared at this time, he would be in the dark when he arrived in Jinling.

This time, it was only after he pleaded with his father, who then went out of his way to ask Gu Yanzhong, that he got Gu Qiuyi to agree to the tour.

Not only did he want to use Gu Qiuyi's popularity to raise his own traffic and influence to another level, he also wanted to take advantage of this tour to show off more in front of Gu Qiuyi.

He has been secretly in love with Gu Qiuyi for many years and has dreamed of marrying her as his wife. Moreover, the Gu family is now getting stronger and stronger, and after Gu Yanzhong has recovered from his serious illness, his influence in the Gu family is also getting bigger and bigger, so it is a time when the sky is the limit

Waiting, if he married Gu Qiuyi at this time, he could really struggle for decades less.

Although the Zhong family's strength is also very good, it is still a cut short of the Gu family.

What's more, the old man of the Zhong family, Zhong Tianyu's grandfather, had come back from the South China Sea and was not a Chinese citizen.

Even though he was always favoured, his family's assets were diluted, and he could not compare with Gu Qiuyi's. After all, Gu Qiuyi's father, Gu Yanzhong, held half of the Gu family's assets, which would undoubtedly be owned by Gu Qiuyi.

Therefore, Zhong Tianyu was particularly looking forward to chasing Gu Qiuyi down.

It can even be said that Zhong Tianyu has long regarded Gu Qiuyi as the end of his life goal. As long as he can marry Gu Qiuyi, he will not have to struggle any more in his life.

For all these reasons, what he fears most now is that there will be any slip-ups in the concert.

Right now, Xu Dan Dan has completely lost contact with him, so the only thing he can do is to rush to Jinling himself and put all the pre-concert work in place.

Moreover, he had to find that Chen Zekai to take his revenge.

After all, since when could the young master of the Zhong family let a subordinate bully him wantonly?

He had to get this back, no matter what he said!

Chapter 2965

Zhong Tianyu, who is known as the "Top Stream Young Male Singer", didn't even bother to eat lunch before he hurriedly took several assistants and bodyguards to the airport.

He has to hurry to fly to Jinling, can't delay for a moment.

But the hard part is, he is now in Jinling, basically no one available.

Because he arranged in advance to Jinling to play a few people, without exception, all can not be contacted.

So now he needs to go to Jinling in advance, but there is not even a local pickup in Jinling.

Although the Zhong family business is also quite large, but their business is almost all concentrated in northern China, Jinling also has no involvement, there is no branch or office here, so after arriving in Jinling, he will be with foreign tourists for the first time in Jinling, two eyes in the dark.

On the road, Zhong Tianyu's life assistant, a young girl in her twenties could not help but ask him, "Young master, we went so hastily this time, the previously arranged pick-up ceremony will not be used ah"

The entertainment industry nowadays, everything is about flow.

When a celebrity goes out, if they don't have fans to pick them up, they will definitely be seen as over-the-top hangers-on.

Therefore, many stars who are not that well-known in actuality and do not have that many fans, and want to create the illusion that they are extremely popular, have to buy a bunch of groupies in advance and have them arrive at the airport in advance to play the role of picking up the fans.

In addition to this, airport photos are also an important channel for celebrities to be in the limelight and to be in the hot seat.

Generally speaking, male and female celebrities will dress up in advance and arrange for skilled photographers to pose at the airport, and then have the photos retouched by top retouchers to make them look seamless.

Nowadays, the hot search thing is like a life-sustaining elixir for celebrities.

If you're a big star, then you have to be on the search every once in a while.

Those that don't make it all the time will die.

Those that only get on once a year, half a year, half dead.

Chapter 2966

Only those who are on frequently and often The only way to be identified as a top-streamer in the industry is to be on the f*cking hot seat.

Once you are labeled as a top star, you can do everything with half the effort.

For example, a top-notch star can be paid over a hundred million dollars for a single drama, and a top-notch star can be paid tens of millions of dollars for endorsing a random product.

Zhong Tianyu's so-called top-stream male singer is actually operating this way all the way out.

Every time he goes out of town, he has to meet at least a few hundred fake fans at the airport and pay for a group of so-called "private fans" to follow him around like crazy. "Zhong Tianyu is plagued by private fans somewhere and posts a blog denouncing it."

He would also use such a hot search to lure in passerby netizens who were watching, and then use a whole bunch of retouched photos and retouched songs, combined with his various genius, hardworking, rich kid personas, to fool passersby into becoming fans.

This kind of game has long since become a standard operating procedure in the entertainment industry

If any celebrity arrives somewhere without a pick-up and a beautiful, handsome and highly compelling airport photo, it will definitely become the laughing stock of the entertainment industry.

Therefore, when Zhong Tianyu heard that he would not be able to make it to the airport for the pick-up and photo shoot, he became furious and asked, "What's going on? I'm going to Jinling, is there not even a pickup lineup anymore?"

The female assistant hurriedly said, "Young master, you were originally scheduled to fly to Jinling tomorrow morning, so Xu Dan Dan arranged for all of the line-ups to be there tomorrow!"

Saying that, the female assistant hurriedly took out a notepad and said while flipping through it, "Xu Dan Dan has already booked with the local group leader in Jinling, tomorrow morning at nine o'clock, there will be five hundred group actors heading to the arrival hall of Jinling airport, these are all playing fans, this pickup lineup is huge, when the time comes, they will first buy you a hot search of your arrival in Jinling and a large number of fans picking up the plane;"

"In addition, there are also ten teams of capture photographers who will also arrive at the airport tomorrow at nine o'clock, they will be ready to capture you at various locations at the airport, then the original photos will be sent to their finishing team for finishing at the first time, the finished pictures will be sent to me at the first time, then you will personally select the ones you are satisfied with and put them out, so we will follow up to buy a second hot search, which is your fashionable outfit at the airport;"

Chapter 2967

"In addition to this, there are about 20 senior drag queens to play your private life

They will follow you all the way from the airport to the hotel, and you will stop halfway to their car to denounce them, and then we will buy another hit for you to denounce the fanatical private fans;"

"According to the original plan, these private fans will also go to the door of your room at night and knock on the door, and will even trick you into opening the door in the name of a waiter before rushing in recklessly to take a photo with you;"

"According to Xu Dan Dan's arrangement, when the time comes, you will directly call the police, and after the police have been dispatched, the reporters secretly arranged will film the whole thing and post it directly on the internet that night, and we will then follow up to buy your fourth hot search of the day, which is the one where you were seriously harassed by the private rice and finally had to call the police for help;"

"Four hot searches a day will definitely make you the king of the topic for these two days!"

Zhong Tianyu said in a cold voice, "What's the point of you saying that now? I'm f*cking going today, not tomorrow! I want you to advance all these arrangements to today! Advance it to two hours later!"

The female assistant said helplessly, "Young master, the problem is that I can't contact Xu Dan Dan, and the materials for your support, such as banners, triangle flags, lighting signs and so on, will only arrive in Jinling this evening, so if we go there now, we won't be able to use them in time."

"Shit!" Zhong Tianyu said furiously : "I'm also the hottest male singer right now, if I go to Jinling without a fan to meet me, if word gets out, people will still laugh at me, right?"

After that, he said without any doubt, "Hurry up and arrange for me! Call that group leader directly and tell him that I'll double his fee and he must be at the airport in an hour with 300 people waiting for me! If you can't get any support materials within an hour, find some young women and ask them to bite their fingers and write blood letters on their white T-shirts to welcome me to Jinling... I'll pay an extra five thousand yuan for each person who is willing to write blood letters!"

The female assistant said helplessly, "Young master, the head of the group in Jinling was contacted by Xu Dan Dan, I don't have his contact information either!"

"Shit!" Zhong Tianyu slapped him across the face and cursed angrily, "If you don't have the contact information, then find a way, I don't care what you use, if you can't get this done, I'll make sure you're f*cking right!"

The female assistant was slapped in the face and was so aggrieved that she was on the verge of tears, choking, "Young master, why don't you wait for a few hours, let me go to Jinling first and arrange things there before you fly over"

Zhong Tianyu cursed, "When the f*ck do I have to wait? Now that Xu Dan Dan is missing, if I can't find that son of a b*tch, a lot of things will have to be done all over again, and there are only three days left before the concert, how the f*ck do I have time?"

Chapter 2968

At this moment, the female assistant, covering her face that was drawn red, cried, "Young master, these are all Xu Dan Dan's work mistakes, you can't vent all your anger on me, it's not fair to me"

"Fair your sister!" Zhong Tianyu said in disgust, "I f*cking want you to solve my problems now, not for you to dump pots on me here! I don't want to care whether Xu Dan Dan is dead or alive now, but you have to arrange the pick-up for me! If not, I'll f*cking kill you!"

The female assistant was frightened by Zhong Tianyu's vicious look, she didn't dare to find any more excuses for herself, she could only nod in aggravation and say, "Okay Young Master, I'll try to contact the local PR resources"

Zhong Tianyu instructed, "Remember for me, I only want female fans at the scene, not male fans! Don't get me a bunch of big old men shouting at the airport, I can't f*cking afford to lose that!"

Last year, when Zhong Tianyu's reliance on plastic surgery finally paid off, he began to walk everywhere in order to highlight his top-stream singer persona

Hire a whole bunch of groupies to play rabid fans.

Although he himself has a certain real fan base, because he is really of a relatively average standard, the fans, even if they are brainwashed and like him as a person, are still far from being fanatical.

So whenever he wants to hype his popularity like crazy, he has to pay for a bunch of groupies to play the role of rabid fans, which is the only way to achieve the effect of drawing attention to himself.

But on one occasion, it was because the buttness didn't confirm in advance that he was given a big joke.

On that day, the person in charge of the lending machine, in order to save time, directly from the film city, summoned more than two hundred group actors who had just finished filming the anti-war film.

The result was that such a group of people arrived at the airport shouting slogans like "I love you, Zhong Tianyu", which disgusted Zhong Tianyu to no end.

What's even more f*cked up is that there are quite a few group actors in there, wearing the military of the 8th Route Army from the TV

It came over with cloth shoes and was taken as ironclad evidence of wear and tear.

Chapter 2969

The most unbearable thing for Zhong Tianyu was that some good people who ate the video of the scene made a video and posted it on the short video platform, putting him in a good mockery.

There are even those short video bloggers who specialize in publishing entertainment gossip, using all sorts of obscure pronouns to sarcastically troll Zhong Tianyu, saying that he could even buy fake fans until he flipped, and that sooner or later he would make a paste.

That one incident shot straight to the top of the hot list, and in the end, the Zhong family spent tens of millions of dollars looking for connections and begging for deletions everywhere before that incident was finally wiped out.

So, Zhong Tianyu would never allow such a thing to happen even once again!

Not daring to delay, the female assistant hurriedly began to ask around for local resources in Jinling, especially girl resources, through various connections on her way to the airport.

You know, people who can find hundreds of young girls in a short period of time are very rare even in Yanjing.

The head of the group in the mass actors couldn't hold so many resources in their hands

The reason is that usually the head of the group is only dealing with a hundred or so group acts, which are not just young girls, but all kinds of men, women and children.

To put it bluntly, even the mother of a nightclub cannot have hundreds of girls under her control.

Just when the female assistant thought she was at her wit's end and at her wit's end, one of her old classmates in Jinling pushed her a WeChat business card and then sent a voice saying, "Meng Meng, the person I pushed for you, hurry up and add her, her name is Xiao Weiwei, she is the general manager of Jinling Shangmei Etiquette Company."

"This woman is quite something, she has at least five or six hundred local Jinling etiquette girls in her hands, now more than half of the full-time etiquette girls in Jinling have signed up with her company, in addition there are many part-time etiquette girls also mainly receive work from her, your needs can

probably be solved if you go to her, if she can't solve it, then I guess no one in Jinling can solve it After all, two or three hundred young and beautiful girls are really hard to find in a short period of time."

After hearing this voice, the female assistant was so excited that she was on the verge of tears, and hastily replied, "Oh my good sister, you've saved my life! When I get to Jinling, I will definitely take time to treat you to a big meal!"

The other party smiled and said, "Why are you so polite with me? I just asked around for you and happened to find this person. You've come all the way to Jinling, I'm the host, so I should do my best to host you, how can I let you treat me to dinner? If word gets out, our old colleagues & school will laugh at me for not knowing what to do."

Chapter 2970

The female assistant was busy saying, "We've had a relationship for so many years, I won't pretend to be polite with you, I'll come to you when I finish my business first!"

After that, she hurriedly added Xiao Weiwei's WeChat.

Xiao Weiwei's WeChat nickname had now been changed to "Shangmei Etiquette Xiao Weiwei", and her avatar had also been changed to a professional photo of herself in a professional suit with a smile on her face.

It must be said that during this recent period, Xiao Weiwei has really done a good job.

Because she has changed the way of other etiquette companies, deducting and exploiting and even oppressing etiquette girls, she has wholeheartedly worked for the welfare of the etiquette girl group, so the girls who work as etiquette girls in Jinling now have great trust in her.

Moreover, with Ye Chen's face on the line, Master Hong and several of his powerful men, including Ma Zhongliang, usually help Xiao Weiwei introduce various resources, so Xiao Weiwei is not only doing great business, but also in Jinling, competitors do not dare to provoke her.

Shangmei etiquette company business more and more, etiquette girls also more and more, the company not only changed a larger venue, but also one after another bought several buses, buses, specializing in transporting etiquette girls in Jinling local and surrounding to receive a variety of activities.

In addition, Xiao Weiwei also invested in the acquisition of a closed dance training studio, the dance classroom as a venue for Miss Etiquette training, but also put up a large signboard, named Shangmei Etiquette Training Base.

In order to get this training base, she specially invited Miss Etiquette who had participated in the Olympic Games, Asian Games and other world-class events

Coming over as a teacher has instantly improved the overall quality of the etiquette ladies at Shangmei Etiquette Company.

In the past, most of the etiquette girls in Jinling, and even around the country, actually had little professional skills.

If it is an ordinary business event, let them be responsible for welcoming guests; if it is a large exhibition, let them guest car models; sometimes some conferences, political and business activities, will also let them to act as a facade, as long as they wear a unified uniform, with a smile on the scene, you can make the whole event look more complete.

However, there is still often a demand for high-end Miss Manners in the market, such as various large events and activities of an official nature, and at such times, there is a need for some professionally trained Miss Manners.

Xiao Weiwei now has this piece of quality up, immediately let the Shangmei etiquette company a lot of upgrade, some large official activities in the city will seek their cooperation, so the visibility is also relatively high.

At this moment she happened to be at the training centre leading a class with her staff, and saw someone add her friend with the note: "Hello, my name is Chen Mengmeng, a friend introduced a business to you for cooperation!"

Naturally, Xiao Weiwei didn't think much of it, so she just clicked through.

As soon as she passed the other person's friend request, Chen Mengmeng immediately sent a voice message: "Hello, Mr. Xiao, for business reasons, I urgently need 200 to 300 young girls to act as fan pick-ups at Jinling Airport in two hours, I wonder if you can pick them up.
