

## Ye Chen 2981

### Chapter 2981

.....

Ten minutes later, Hong Wu arrived in a hurry.

As soon as he entered Richard Chen's office, he asked impatiently, "Master Ye, what orders do you have for me?"

Ye Chen smiled faintly and said, "There is something that I want you to work with Old Chen to get done for me."

Hong Wu busily said, "Master Ye, just give me an order!"

Ye Chen then said, "Hong Wu. You have many disciples under you, so gather a group of your men for me now."

Hong Wu asked, "Master Ye, how many men do you need? What are the requirements?"

Ye Chen said, "People. All of them should be male, and they should be the kind of strong men who practice fitness regularly and are covered in tendons, and those with scars on their faces and necks would be perfect. As for the number of men, two or three hundred is the minimum, the more the merrier."

Hong Wu asked with a surprised face, "Master Ye. Are you bringing people to a fire fight with others?"

"No." Ye Chen waved his hand and said, "I want them to pick up the plane at the airport."

"Pick up the plane?!" Hong Wu was bewildered by what he heard, completely unaware of what medicine Ye Chen was selling in his gourd.

However. Chen Zekai, who was at the side, immediately understood, and he couldn't help but laugh, "Young master, you're planning to have your gang of road thugs go and pick up the plane for Zhong Tianyu as fans, right?"

"Right!" Ye Chen laughed, "Is it because you like platitudes? Then let's make this row for him ..... of a little bigger!"

Saying that, Ye Chen informed the two of them of his detailed plan.

After hearing this, Chen Zekai was full of shock and at the same time said with a bad smile on his face, "Young master, your way of fixing people is too damaging, if you mess with them like this, I think this Zhong Tianyu will definitely have to withdraw from the circle ....."

Ye Chen laughed: "He better behave and quit the circle, otherwise even if he doesn't take the initiative to quit the circle himself, I will find a way to make him quit."

Saying that, Ye Chen's expression carried a bit of contempt as he said, "I will never allow this kind of trash. appear at Nui Nui's concert on the day of my birthday."

.....

Two hours later, a private plane landed at Jinling Airport.

As soon as the plane landed it was taken directly to the hangar by a guidance car.

Zhong Tianyu's make-up artist had just finished fixing his make-up.

At this moment. There was a Toyota Kosta parked next to the plane, which was the airport's special ferry vehicle used to transport VIPs.

However, Zhong Tianyu was not in a hurry to get off the plane. Instead, while looking in the mirror and checking his makeup, he opened his mouth and asked Chen Mengmeng, "Check with that Xiao Weiwei to see if the fans are in place."

Chen Mengmeng hurriedly agreed and then sent a video call to Xiao Weiwei.

Xiao Weiwei quickly got through, and when she saw Chen Mengmeng, she smiled and asked, "Miss Chen, Mr. Zhong .....

Have you landed yet?"

Chen Mengmeng nodded and said, "We have landed, but we are still in the hangar and have not gone out, I want to ask you if your side is ready first?"

Xiao Weiwei hurriedly switched the video call camera and used the rear camera, filming in the three hundred etiquette ladies at the exit of the airport arrival hall, and spoke, "Look Miss Chen, our people are all in position, and I've specially asked them to temporarily prepare banners, and the slogans have been matched with them, so we will definitely build up the momentum when the time comes."

Zhong Tianyu came over to take a look and found that there was indeed a large group of pretty young girls, clustered near the airport arrival gate, and the formation was indeed huge.

He then breathed a sigh of relief and said with satisfaction, "Since it's all ready, then we'll go over there now and arrive in about ten minutes."

Xiao Weiwei said offhandedly, "Okay Mr. Zhong, we'll wait for you in the arrival hall."

Chen Mengmeng hurriedly instructed, "Mr. Xiao, you are in the arrival hall of the main terminal, right? Don't make any mistakes!"

Xiao Weiwei pointed the camera at the airport sign and said seriously, "There is only one arrival hall in the main terminal, just outside the baggage carousel, don't worry, there is no mistake!"

"That's good." Chen Mengmeng breathed a complete sigh of relief.

After hanging up the video, she then said to Zhong Tianyu, "Young master, we can get off the plane now!"

## **Chapter 2982**

Zhong Tianyu was in a bad mood all this way.

However, just now, after seeing the video of the hundreds of courtesy ladies on Xiao Weiwei's side, his mood instantly improved a lot.

To be honest, he hadn't done much to buy fans to meet him in the past, but he had never once. He was able to buy so many high quality fans.

In the past, this kind of thing was always done with the group leaders, who had resources of mass actors in their hands, and found all kinds of women, but the good-looking ones with good bodies were after all a minority.

But this time it was different. All the girls here were over 1m68m tall, slim and pretty, and they were not conspicuous, but if you put a couple of hundred or two or three hundred of them together, the visual effect would be absolutely explosive!

So, he happily straightened his collar. To Chen Mengmeng, he said, "At today's pick-up scene, make sure to take more photos and then put in some more resources to make it to the number 1 spot in the hot search."

Chen Mengmeng hurriedly said, "Don't worry, Young Master, I will arrange it."

"Mm!" Zhong Tianyu nodded in satisfaction, stood up and said, "Alright. Let's go!"

After saying that, he took the lead and got off the plane.

As the private jet had purchased the airport's VIP service when it applied for the route, an airport account manager was standing outside the cabin at this moment. After Zhong Tianyu stepped down, he immediately greeted him and said respectfully, "Mr. Zhong, you have had a long journey, welcome to Jinling!"

Zhong Tianyu nodded condescendingly, and the account manager then asked solicitously, "Mr. Zhong, is this your first time in Jinling?"

"Yes." Zhong Tianyu returned indifferently, pointed at the Toyota Kost in front of him and opened his mouth to ask, "Is this the car prepared for me?"

"Yes, yes, yes!" The account manager hurriedly made an inviting gesture. He said, "Mr. Zhong, please get in the car and we will go to the terminal now!"

Zhong Tianyu didn't even look at him, so he stepped into the car.

As a result, after he got into the car, he realised that all the windows in the bus were covered with completely opaque glass film, and even the driver's seat was sealed by a tight partition, so when he came in, he could not see anything outside at all, so he asked in amazement, "Why are all the windows of this car stuck shut?"

The account manager hurriedly said, "Mr. Zhong, you don't know, this car is specially for super VIPs like you, so we have to make sure that we won't reveal any of your whereabouts and that you won't be caught by any camera equipment .....

Caught, one hundred percent protection of your privacy."

Zhong Tianyu nodded in a dazed manner and laughed, "I didn't expect your Jinling place to be small. It's quite a matter of doing things properly."

After saying that, he directly found the most comfortable seat and sat down.

Immediately afterwards, his assistant, make-up artist and four bodyguards also got into the car one after another. The door of the Kosta closed and it quickly drove out of the hangar.

At this moment, Zhong Tianyu could not see any view outside at all. So he had no idea that he was going to, at all, not the main terminal, or the business jet terminal at the edge of the airport.

The car drove straight into a small passage inside the business jet terminal, and it stopped just in front of a glass door that said Arrivals Hall.

After Zhong Tianyu got out of the car, he went straight into this glass door and had no chance to see the outside of the terminal, so he didn't realise anything unusual.

Unlike most passengers who disembarked directly from the corridor, private jets cannot dock directly onto the corridor because of their smaller and shorter fuselages. Therefore, after disembarking from the plane, passengers on private jets are basically taken directly to the ground entrance of the terminal by this ferry and no one is suspicious. Led by the account manager, they walked all the way in.

However, once inside, Zhong Tianyu was a bit surprised as he looked at the almost empty passageway and said in confusion, "Why are there so few people in this airport of yours? But I see that apart from a few of us. Aren't there any other passengers?"

The account manager scratched his head and said, "This ..... might have something to do with today's traffic control, we don't have many planes arriving in Hong Kong today. Many flights have been delayed or cancelled."

Zhong Tianyu felt that something didn't seem right. Generally speaking, even if airports in second-tier cities weren't that busy, they wouldn't be this empty, right?

As he was wondering, the account manager pointed to a frosted glass door in front of him and said, "Mr. Zhong, the exit is just ahead. There are many of your fans outside, so if you feel uncomfortable, I can have security escort you out quickly. Or let the security guards chase the fans away before you go out."

"Don't!" The doubt in Zhong Tianyu's head instantly dissipated and he blurted out, "I've always treated my fans like family, they've come all this way to greet me, so I naturally have to say hello to them!"

With that, he took a few quick steps to the glass door and couldn't wait to walk out and say hello to the 300 beautiful "fans" he had bought.

At that moment, the induction door opened with a sound, and when the scene outside the passage reflected .....

When it shot into Zhong Tianyu's pupils, he felt like his brain was instantly energized with high-voltage electricity, and his whole body was stunned!

Because. At this moment, although a large number of people were gathered outside the exit, it was not at all the large number of beautiful women that he had imagined.

Quite the opposite!

In front of him was a huge pile of big, thick, flesh-faced old men!

Just as Zhong Tianyu was in dismay. A man with two scars on his face, incomparably fierce and fierce, shouted loudly, "Zhong Tianyu! I love you! I want to give you a fucking baby!"

A whistle burst from the crowd.

Another man shouted, "Fuck! Zhong Tianyu, I love you too! I want you to give me a fucking baby!"

As soon as the words left his mouth, a man in a sports vest on a cold day. With two big tattooed arms, he shouted excitedly, "Zhong Tianyu from Yanjing, China! Bull, 666, my baby!"

Zhong Tianyu was so stunned by the gesture that his legs went weak and he tried to back up, thinking in a panic: "What the hell is going on here .....? Where is the beauty? Where are the ladies? How come they've turned into a bunch of rascals?"

But what he didn't expect was that the frenzied group of adults didn't give him a chance to back off, as they swarmed over him, shouting "I love you, Zhong Tianyu, I want to sleep with you tonight!" They surrounded Zhong Tianyu with slogans such as "I love you, I want to sleep with you tonight!"

Before Zhong Tianyu's four bodyguards could react, they were directly squeezed outside the crowd by two to three hundred people, seeing so many strong men, there was nothing they could do.

And Zhong Tianyu was surrounded by so many stinking hooligans like strong men, his whole body was already scared out of his wits, he panicked and asked, "What the hell do you ..... guys do?"

Someone shouted, "Grass! What's the point of asking? I'm a big fan of yours! You're coming to Jinling, of course I have to come and pick you up!"

Zhong Tianyu was on the verge of tears, thinking, "How the hell can I have such fans? You guys are trying to get me here, right?"

So he blurted out, "You must have made a mistake! Let me out or I'll be rude!"

As soon as the words left his mouth, someone suddenly reached out and slapped him across the face, saying, "Fuck! I rode my motorbike all the way here to pick up your plane, and you dare to talk to me like that, you've given me face, haven't you?"

"That's right!" I don't know who raised his hand and slapped him again, and then pinched the flesh of his face, yelling angrily as he did so, "Damn it, are you talking to your fans like that? Repeat it for me!"

### **Chapter 2983**

Zhong Tianyu was slapped by the brain straight buzz.

Just now the ruthlessness, directly by the two slaps in succession to the clouds.

Born with the golden key, he has never been beaten since he was a child, but today he just got off the plane and received two slaps, and was pinched in the face to death, this feeling makes him have the heart to die.

At this moment, he was like a vegetable chicken surrounded by wolves.

Faced with a large number of fierce and fierce men, he had already been scared out of his wits.

The bodyguard has long been useless, now he has been completely reduced to the other party's plaything, so he can only ask tentatively: "Gentlemen brothers, this .....

Is there any misunderstanding inside ....."

After all, just now on the video obviously see hundreds of beautiful women waiting to pick up the plane, but after coming out but found that a beautiful woman are not even, more than a few hundred hooligans, this look is not quite right!

"There is no misunderstanding!" The man who pinched his face said in a cold voice: "We are all your fans, love you so much that we heard you came to Jinling, so we rushed over to meet you, how about it? Are you still satisfied with this lineup?"

Zhong Tianyu cried and said, "Big brother you better not joke ..... me this kind of person, which is what is worthy of all the big brothers like, if my brother has any ....."

If you have done something wrong, you can say, I will change, but there is really no need to play me so ....."

The man laughed and said, "Yo, it's too much to say so, we came all this way to meet you, of course, because we love your musical talent, in addition, we also prepared a sumptuous reception feast for you, it's almost time, hurry up and go!"

After saying that, he gave a wink to another strong man beside him, the two looked at each other and smiled, immediately bent down, one person carried Zhong Tianyu a leg, directly carried Zhong Tianyu up.

Subsequently, a large number of strong men step on the flock of lifted Zhong Tianyu to go outside, a group of people followed cheering and shouting, the scene is very magnificent!

#### **Chapter 2984**

The assistants and bodyguards accompanying Zhong Tianyu were all scared silly, seeing their own young master being taken away in this way, they didn't know whether to follow them or stand still and don't move, after all, there were many people on the other side, and all of them didn't look like good people, if they really messed with each other, wouldn't they be hitting a rock with an egg?

When the gang hesitated, the remaining dozens of strong men directly surrounded these people in the middle and pushed them out of the airport's business jet terminal.

It was only when Zhong Tianyu was carried out that he realized something was wrong!

Because there were no passengers at all at the entrance of the terminal, and the terminal itself was so small that it was not as large as a train station in a small city.

Immediately afterwards, he noticed the magnificent main terminal not far away. Not only was the main terminal a large building, but there was a lot of traffic at the entrance, and passengers coming in and out .....

Very much.

At this moment he immediately realized that he had been completely set up from the moment he got off the plane!

He couldn't help but think in his heart, "Could it be that Xiao Weiwei has shagged me? Damn, this woman has so much guts, she even dares to play me?!"

"Nope! It shouldn't be that Xiao Weiwei, because my original plan was to leave the airport from the main terminal, and the 300 female fans who greeted me were also waiting for me to appear in the main terminal ....."

"But the guys at the airport actually took me to the business jet terminal ....."

"Damn it! No wonder the windows of that ferry were all sealed up, just so I wouldn't see that I was being pulled to the business jet terminal! It's obvious that it's a trap for me!"

"Who the hell is so brave that even I dare to play? Could it be the dog that the Ye family planted in Jinling?! He ....."

It's just the underlings of the Ye family, how dare they make a direct move on me?!"

When Zhong Tianyu's heart was puzzled, a group of strong men had already shoved him into a bus.

The most fucked up thing is, the forty-seater bus, there is no place for him, all the seats are filled by those fierce strong men, and he was thrown in the narrow aisle of the bus together with his assistant and bodyguard.

As soon as they got on the bus, the attitude of these vicious men immediately changed, and one of them immediately opened his mouth and said to several people, "Hand over your cell phone by yourself, or don't blame me for being ungracious!"

Zhong Tianyu was nervous and subconsciously asked, "Are you the ones sent by Mr. Chen of Buckingham Palace?"

The strong man who had slapped him earlier said in a cold voice: "Where do you get so many questions? Where's the phone? Hurry up and give it to me!"

## **Chapter 2985**

Zhong Tianyu shivered as he handed the phone over, while saying stiffly: "You ..... you are kidnapping! Even that Mr. Chen can't do such a thing in broad daylight, right? What's more, I am the young master of the Zhong family, have you considered the consequences of doing this?"

The strong man took the phone and said contemptuously, "To tell you the truth, we don't care who you are, as long as you come to Jinling, you have to lie down if you are a tiger or a dragon! When we get here, where can you be arrogant?"

When Zhong Tianyu saw him say that, he guessed that the other party must have been sent by Chen Zekai, and said offhand: "My father is still very familiar with your Ye family, your Ye family's Ye Changmin, and my father is many years old classmates, why don't you let me give my father a call, so that he can communicate with Aunt Ye, if there is any misunderstanding here, it would be better to talk directly. "

The strong man did not bother to pay attention to him, said in a cold voice: "You better not talk before you get to the place, or I will take off my socks and stuff them into your mouth, remind you in advance, my socks have not been changed for a week."

Zhong Tianyu immediately sapient .....

Shut up.

This is what happens when a tiger falls into a flat sun, it seems that we can only wait until we see that Chen Zekai.

At this time, what Zhong Tianyu could not imagine is that a video called "Zhong Tianyu met 300 fierce fans in Jinling to pick up the plane" was posted on the short video platform.

This video captured 300 fierce men rushing to the airport to pick up Zhong Tianyu and confessing their love to him.

At the same time, it also captured Zhong Tianyu being surrounded by a group of fierce men, and even captured him leaving the airport with his legs held up by two fierce men respectively.

Immediately afterwards, the person who shot the video used a surreptitious perspective to deliberately ask one of the fierce men who came to the pickup, "Dude, may I ask, are you all fans of Zhong Tianyu?"

The fierce man disdainfully skimmed his mouth and whispered, "Brother, to be honest with you, I don't even fucking know what this pussy is doing."

The video shooter was surprised and asked, "Then why did you come to pick up the plane?"

The fierce man laughed: "Harm! Someone is paying for it! Come and pick up a trip .....

Machine, shouting two slogans will give two thousand, is not better than going to work?"

After saying that, the fierce man hey smile, said: "Do not talk to you, I go up again to shout two slogans, almost to close work and go home!"

Immediately after, the fierce man ran away quickly, and the video ended here.

Once the video was on the short video platform, it was immediately quietly pushed to all users.

The short video platform's push is relatively hidden, not directly send a message, let users click to watch, but directly through the server's recommendation algorithm, so that all the people who are using the short video platform, can then refresh the next video, seemingly by chance to brush to this one.

Thus, tens of millions of people across the country instantly saw the video.

The exaggerated scene in the video made many people laugh, and when they learned that these fierce fans were all hired by Zhong Tianyu at his expense, netizens immediately launched an overwhelming mass mockery of Zhong Tianyu.

The expressions of dismay and confusion when Zhong Tianyu faced the 300 villains at the airport were also made into expression packs by countless netizens, which instantly caught fire all over the internet.

## **Chapter 2986**

As soon as the video of Zhong Tianyu was exposed, it immediately hit the top search engines on major websites.

The netizens thought that Zhong Tianyu had done another stupid thing, similar to the last time he hired a group of actors to act in an anti-war film, only this time it was more bizarre.

But the Zhong family smacked out the unusual meaning.

So, they immediately contacted Zhong Tianyu, but did not expect, Zhong Tianyu and several people almost all lost contact.

This made them realize that Zhong Tianyu must have been in danger.

Then, the Zhong family immediately launched relations, asking around, even including looking for relations to pry information from people inside Jinling City, hoping to find the whereabouts of Zhong Tianyu.

At this time, Zhong Tianyu had already been sent directly to Buckingham Palace by bus.

Zhong Tianyu didn't expect that he originally wanted to charter the presidential suite of Buckingham Palace, so that he could get the moon first and promote his relationship with Gu Qiuyi, but now, the presidential suite was not chartered, but he was caught by a group of people like a prisoner.

He was angry and afraid, but it was too late for him to think about it, Chen Zekai's men handed him over from several strong men, and then took him directly to Chen Zekai's office.

At this time, in the office, Ye Chen, Hong Wu and Chen Zekai were drinking tea.

As soon as the door opened, a flustered Zhong Tianyu was brought in with his collar.

As soon as he entered, he started sizing up the three people in the office, but all three of them, including Ye Chen, were the first time he had seen them, so he couldn't recognize who was the spokesperson of the Ye family at all.

So, he asked tentatively, "May I ask which one is Manager Chen of Buckingham Palace?"

Richard Chen said indifferently, "I am."

Zhong Tianyu hurriedly spoke, "Manager Chen, is there any misunderstanding about this matter today?"

"Misunderstanding?" Chen Zekai sneered, "I don't think there's any misunderstanding, weren't you quite arrogant on the phone? So I had to invite you over and talk to you face to face."

Zhong Tianyu plucked up the courage to say off the record, "Manager Chen, I know you are a member of the Ye family, our Zhong family and your Ye family's relationship is always very good, especially your Ye family's Aunt Ye Changmin Ye, and my father is a very good friend, so I believe that this matter today can never be her intention, much less the Ye family's intention, if you are just using the Ye family foxes, to If you just use the Ye family foxes to retaliate for the little conflict I had with you on the phone, then you must weigh in advance, if the east window, you can not cover it!"

Chen Zekai heard here, could not help but laugh: "You have put the size of our Ye family .....

Sister moved out, I as a subordinate naturally can't cover it up."

When Zhong Tianyu heard this, he instantly gained strength and said in a cold voice: "Since you can't cover it, hurry up and let me go, otherwise, I'll make you eat your words!"

Chen Zekai laughed, "Don't interrupt me in a hurry, I, with my limited ability, really can't cover it, but this one next to me can definitely."

Saying that, he pointed his finger at Ye Chen beside him and said to Zhong Tianyu, "If you are not convinced, you can talk to the one beside me."

Zhong Tianyu looked at Ye Chen, and his mind quickly put his face in his brain memory to compare it.

However, after thinking about it, he could not find any memory points related to this face.

So, he couldn't help but think in his heart: "If this guy is very powerful, why don't I have any memory of him at all? Whether it's the Ye family or the Su family, or the Gu family, I remember the young males of several of their families, and I know some of the other more powerful families like the back of my hand, but this kid is indeed very unfamiliar, could he be some kind of big shot?"

Thinking of this, he could not help but ask: "This friend, do we have a problem with each other?"

Ye Chen smiled slightly: "It's not much of a problem, I just simply don't like you."

## **Chapter 2987**

"Grass!" When Zhong Tianyu heard Ye Chen's voice, he immediately matched up with the man on the phone whose identity he didn't know, and subconsciously cursed offhandedly, and then said angrily, "So it's you! What the hell is your origin, dare to confront me? Believe it or not, the first thing I will do when I leave from here is to kill you?"

Ye Chen laughed: "You ask me where I come from? My name is Ye Chen, I don't know if you've heard of me?"

"Ye Chen?!" When Zhong Tianyu heard these two words, the first reaction in his head was, "Holy shit, this guy's surname is Ye, so could he be from the Ye family?!"

But after he carefully went through all the younger generations of the Ye family, and made sure that there was no one named Ye Chen, he said with a wary face, "I know everyone in the Ye family who is about my age, but I've never seen you before, could you be a relative of the Ye family?"

The Ye family does have many branches of relatives, these relatives are spread all over the country and even all over the world, although they are also surnamed Ye, but their economic strength, compared to the Yanjing Ye family, that is really far worse.

Therefore, if it is the Yanjing Ye family, Zhong Tianyu certainly can not afford to mess with, but if it is the Ye family's relatives, then Zhong Tianyu is really not shy.

After all, the Zhong family is also a dignified family, and the relationship between their own family and the Ye family is not bad, will not allow a foreign relative to ride on their own neck to shit?

Just then, Ye Chen smiled playfully and asked him, "You just said you know Ye Changmin, do you know her well?"

"Of course!" Zhong Tianyu blurted out, "Auntie Ye is very close to my father, we even ate together the other day Over dinner!"

Ye Chen asked with interest, "Since you are so familiar with Ye Changmin, did Ye Changmin not mention me in front of you?"

Zhong Tianyu brushed aside his mouth and said disdainfully, "You are just a relative of the Ye family, and as far as I know, there are 800 young people like you among the Ye family's relatives.

Ye Chen laughed: "How about this, I'll have someone bring your phone, you call and ask her yourself?"

When Zhong Tianyu saw Ye Chen's playful face, he couldn't help but panic in his heart and thought, "Could this guy really be some big shot?"

But on second thought, it's not bad to call Ye Changmin, at least there's a chance to put out a signal to get help!

So, he immediately nodded and said, "Yes! You give me back my phone, I'll call and ask Auntie Ye what you're really from!"

Ye Chen gave a wink to Chen Zekai and said, "Old Chen, have someone send him the phone."

.....

At the same time, the Zhong family also asked someone to inquire about the news.

According to the feedback back, Zhong Tianyu was actually escorted directly to Buckingham Palace by the gang of strong men at the airport!

The Zhong family was shocked, everyone knew that the Buckingham Palace was the property of the Ye family, now Zhong Tianyu was taken to the Buckingham Palace, could it be the Ye family's work?

However, not only did they have no grudge against the Ye family, but their relationship was also quite delicate, so why did the Ye family kidnap Zhong Tianyu?

So, Zhong Tianyu's father, Zhong Zhengtao, did not think .....

He took out his mobile phone and made a call to Ye Changmin.

In Zhong Zhengtao's mobile phone, Ye Changmin's name was only saved with the word "Changmin", so it was clear that the two had a very unusual relationship.

As expected, once the call came through, Zhong Zhengtao, no matter how anxious he was in his heart, still asked in a gentle tone first, "Changmin, what are you doing?"

Ye Changmin seemed happy to receive his call and said cheerfully, "I'm, I'm doing body care."

Zhong Zhengtao was surprised and asked, "Why are you doing it again? Didn't you have it done yesterday?"

Ye Changmin smiled and said, "Harm, it's not because I went out on a business trip some time ago, I didn't have time to take care of my skin, so I'm trying to remedy it during this time."

Saying that, she lazily stretched out a yawn and asked with a smile, "What did you call me for? Did you miss me?"

Zhong Zhengtao was busy saying, "Of course I miss you, all the time, but I'm calling mainly because I want to ask you about something."

Ye Changmin giggled and asked, "What is it?"

Zhong Zhengtao blurted out, "Tian Yu went out of town to prepare for a performance and was taken away when he got off the plane."

"Really?" Ye Changmin was surprised and said, "Tianyu is a public figure, what kind of person would dare to take him away in broad daylight?"

Zhong Zhengtao sighed, "Don't mention it, there is news that he was kidnapped to the Buckingham Palace Hotel in Jinling, I wonder if it has anything to do with your Ye family members?"

Ye Changmin was shocked and asked offhandedly, "What did you say?! Jinling?!"

## **Chapter 2988**

Ever since she left Jinling, as soon as she heard the word "Jinling", she immediately felt a shiver run down her spine.

She had always thought of Jinling as the Waterloo of her life, and it was probably a Waterloo that she would never be able to turn around again in her life, and there had been a black hole like a shadow in her psyche for a long time.

Zhong Zhengtao heard that Ye Changmin's voice was a little unnatural and hurriedly asked after her, "Changmin, what's wrong with Jinling? Is there something wrong?"

Subconsciously, Ye Changmin asked, "Did you just say that Tianyu was kidnapped and sent to Buckingham Palace?"

"Yes!" Zhong Zhengtao hurriedly said, "The news that came back did say that the person was taken to Buckingham Palace, I don't know if this matter has anything to do with the Ye family, but isn't Buckingham Palace a wholly owned property of your Ye family? So I thought I'd ask you to help inquire about it and see what's going on ....."

When Ye Changmin heard this, he almost immediately concluded that the matter of Zhong Tianyu being kidnapped must have something to do with Ye Chen.

Otherwise, with Chen Zekai's status, he himself would never have dared to lay a hand on Zhong Tianyu.

Thinking of this, she could not help but ask Zhong Zhengtao: "Did Tianyu get .....

Offend someone?"

"Offend someone?" Zhong Zhengtao said awkwardly, "This kid is always offending people, all day long, his mouth is unstoppable, but he still has a sense of proportion in his heart, if he really can't afford to mess with people, he definitely won't dare to mess with them."

I'm afraid that he might have gotten into trouble with the kind of young man who doesn't care about anything, in case the other party gets angry and doesn't care about his identity or the background of the Zhong family, but simply wants to fix him, that would be bad."

Then, Zhong Zhengtao said in a somewhat pleading tone, "Changmin, why don't you take the trouble to call the person in charge of your Ye family in Jinling and ask about it?"

Ye Changmin hesitated for a moment and said with some uncertainty, "OK ..... then I'll first inquire about what exactly the situation is."

"Good!" Zhong Zhengtao breathed a sigh of relief and busily said, "Right Changmin, don't you like jadeite, I asked someone to buy an imperial green bracelet from a Burmese person, it has been sent to Yanjing, see when you have time, come to my house to try it out?"

Ye Changmin was immediately a little pleased and asked with a deliberate smile, "So did you intend to let me try the bracelet, or did you want to trick me into coming to your house?"

## **Chapter 2989**

Zhong Zhengtao said with a smile, "How can I use the word cheat? Today, it just so happens that Tianyu is not here, so if we can make sure that the boy is safe and sound, then the two of us can spend a few days together when he is in Jinling."

Ye Changmin smiled and said, "Good! I'll call Jinling later and ask, it shouldn't be a big problem."

Zhong Zhengtao said happily, "That's really great! I'll be waiting for your good news!"

I'll wait for your good news!" Ye Changmin then said, "Okay, I'll hang up now, I'll make a call and ask."

After hanging up the phone, Ye Changmin felt a bit unsure in her heart.

She thought to herself, "If the person Zhong Tianyu offended is really Ye Chen, then I'm afraid there's really nothing I can do ....."

"After all, this guy Ye Chen even dares to detain me, his own aunt, let alone a second generation ancestor who has no blood ties?"

However, she turned to think: "Whether there's a way or not, it's better to call over and ask what's going on first, after all, Old Zhong has called me here, so I should do my part."

In recent years, Ye Changmin and Zhong Zhengtao had been maintaining an inappropriate relationship.

The fact that Zhong Zhengtao's wife died early, these years has been traveling the flowers, not a lot of women, as for Ye Changmin, is also disgusted with their own in-laws strength is getting worse and worse, husband more and more incompetent, so long with her husband no feelings.

Originally, Ye Changmin wanted to get a divorce, but the old man of the Ye family felt that since his daughter was already in her 40s and 50s, divorce now would be a disgrace to the family, so he did not agree to it.

Ye Changmin had always wanted to please the old man, and since he didn't want her to divorce, he didn't mention the matter again.

However, since the relationship broke down, Ye Changmin has separated from her husband and the two of them rarely see each other now, and are basically strangers, although the relationship between husband and wife still exists.

As for Ye Changmin and Zhong Zhengtao, they were just old classmates and had nothing improper to do with each other at first.

But a few years ago, a classmate party, Ye Changmin drank a little wine, after the wine we talk about the current situation, she will be with her classmates about her husband's relationship with the breakdown of separation, but also due to the requirements of the father can not divorce things, this immediately by the long-lost spouse Zhong Zhengtao miss.

For Zhong Zhengtao, who is a womanizer, he certainly does not look up to a half-aged woman like Ye Changmin.

## **Chapter 2990**

Although Ye Changmin is also considered to be charming, but after all, the age is here, how to focus on appearance, it is not possible with ten young girls in their eighties and nineties, or in their twenties, are comparable.

The old rascal like Zhong Zhengtao, who has long since let himself go, has always had a very dense taste in choosing women.

However, Ye Changmin's case is a bit more special.

No matter what, she was the eldest lady of the Ye family, not to mention how much property she could inherit from the Ye family in the future, just her status and resources in the Ye family alone contained powerful energy and benefits.

Therefore, ever since that reunion, Zhong Zhengtao began to pay great attention to Ye Changmin.

Although Ye Changmin was already half an old woman, she was still a woman after all.

And, just as people say that a man is a teenager until he dies, a woman, even if she is old, also has a girl's heart.

Although the Zhong family has many sons and daughters, the overall strength of the Zhong family is still considerable, much stronger than Ye Changmin's declining in-laws, so the overall situation is more in line with Ye Changmin's requirements for her other half.

In the Zhong Zhengtao this kind of love field veteran all-round attack, Ye Changmin quickly fall into it, feel the whole person rejuvenated general.

So, the two people then quietly hooked up.

Zhong Zhengtao did everything he could to make Ye Changmin feel in love again, and Ye Changmin did give Zhong Zhengtao a lot in return, in terms of resources.

For Ye Changmin, she did have feelings for Zhong Zhengtao and wanted to divorce and be with him openly, while Zhong Zhengtao did not really like her, but he also wanted to marry Ye Changmin because of her status and background.

The reason why the two did not dare to take this step was also mainly because Master Ye was dead set on not allowing Ye Changmin to get a divorce.

So, Ye Changmin also had her own set of plans.

She was thinking that the old man didn't have many years left to live anyway, so she wasn't in a hurry to divorce or get married for a few years.

After all, although the two of them can't be open now, they have been finding all kinds of opportunities to secretly communicate with each other, and since they can have enough to eat by stealing, they don't care when the banquet starts.

Moreover, if they don't get married first, they can still keep catering to the old man's demands and make him happy, then in the future, they will have a better chance in terms of inheritance.

Perhaps when the old man is happy, he will be able to allocate more of his inheritance to himself.

In this way, after receiving the inheritance, she can divorce her original spouse and marry Zhong Zhengtao in an open and fair manner, and the rest of her life will be perfect.
