

Ye Chen 3001

Chapter 3001

Ye Chen gave a hmph, "Yes, he is now being held by my people, what's wrong?"

Gu Qiuyi was busy saying, "Brother Ye Chen, but can I ask you for one thing?"

Ye Chen then said, "Why are you still so polite with me? Say it, as long as I can do it, I will definitely grant you!"

When Zhong Tianyu heard this, deep inside his heart, he instantly became excited, and he thought to himself, "Could it be that could it be that Gu Qiuyi is going to plead on my behalf?! In that case, I am still very important in her mind, even though I am a bit stupid!"

"And this Ye Chen actually said that he would definitely promise Gu Qiuyi as long as he could do it, so if Gu Qiuyi really begged him to let me go, wouldn't I be able to regain my freedom?!"

Just when he was excited in his heart because he saw hope and found warmth, Gu Qiuyi spoke up, "Brother Ye Chen, I want to beg you to hold him for me for a few more days, preferably until the end of my concert, I really don't want him to come as my concert guest at all! If he can't come, then I'll really be thanking the heavens!"

When Zhong Tianyu heard this, the fire of hope that had just erupted deep inside his heart was instantly and completely doused!

He had never dreamed that the reversal of this matter would be so great!

He had never dreamed that Gu Qiuyi could have let Ye Chen spare him with just one word, but she wanted him to be locked up for a few more days!

"Could it be that she despises me so much?!"

"Could it be that she doesn't want me to appear at her concert that much?!"

Hearing Gu Qiuyi's request, Ye Chen said, slightly embarrassed, "Nui Nui, I forgot to tell you just now, Zhong Tianyu is right in front of me."

Chapter 3002

With that, he switched the camera and filmed Zhong Tianyu, who was kneeling on the ground, in.

When Gu Qiuyi saw Zhong Tianyu, she was indeed surprised for a moment, and then she said, "Zhong Tianyu, since you are here, then I will open up the sky and tell you the truth, this concert in Jinling is specially prepared by me for brother Ye Chen! And the day of the concert is also brother Ye Chen's birthday, I won't allow this concert to have any flaws, so I can't accept your appearance at my concert, before you found all kinds of relations, which made it difficult for me to make things very clear, now that I've opened up, then I won't hide it anymore, I'm indeed sorry."

Zhong Tianyu immediately broke down emotionally and muttered in his heart, "So I'm a f*cking 'flaw' in Gu Qiuyi's eyes!"

So, he couldn't help but ask, "Why is that exactly?"

Gu Qiuyi said without thinking, "Because brother Ye Chen is my fiancé whom I have recognized since I was a child, and this is the first time I perform on his birthday, in the city where he lives and in front of him, it is very important to me, so I can't let you make an appearance."

At this point, she said apologetically, "However, I will still keep my promise for the next concerts in other cities, and I won't stop you from appearing on stage at that time."

Only then did Zhong Tianyu realise what a stupid mistake he had made.

Gu Qiuyi had a fiancé candidate in mind long ago and had even taken the initiative to come this far to perform for her fiancé, yet he himself had run over like a fool to pursue her, only to end up in a mess because he had offended her fiancé instead.

"Is this not a f*cking trick?!"

Thinking of this, Zhong Tianyu cried out emotionally out of control, "If you don't want me to participate, why the f*ck didn't you say so earlier! If you had f*cking told me earlier, would I still have come to this f*cking place in Jinling? Would I have suffered so much if I hadn't come to this sh*thole of Jinling?! You've f*cking killed me!"

Ye Chen immediately chided, "Who gave you permission to speak to Nui Nui in such a tone? I'll give you a chance to re-speak, one more word that I don't want to hear, and three years will turn into four!"

Zhong Tianyu shivered and immediately put away his angry attitude just now and said in a jarred voice, "Qiu Yi just now I was too impulsive, I didn't mean anything else, I'm sorry! "

I'm sorry Zhong Tianyu, in fact I've refused you before, but you've found so many connections everywhere, so I really can't refuse anymore, so I can only reluctantly agree for the time being, but when I promised you, I've already made a plan in my heart, when the day of the concert starts, I will tell all the audience directly and openly at the concert venue, saying that you can't be there because of I'll tell the audience that you can't be there because of a temporary problem, and then I'll ask the security guards to stop you and not let you go on stage.

At this moment, Zhong Tianyu finally realised that he originally thought he had a chance to woo Gu Qiuyi, but to his surprise, he was just a self-absorbed licking dog.

Moreover, instead of licking the woman he loved, the licking dog had blindly licked an iron bar that was 40 degrees below zero, and was destined to have a layer of skin ripped off by this iron bar.

This is really a lick to the end of nothing

At this thought, Zhong Tianyu broke down emotionally and fell to the ground whimpering in pain.

Ye Chen switched the camera back and said to Gu Qiuyi, "Nui Nui, don't worry, this guy won't appear at any of your concerts anymore."

Gu Qiuyi nodded her head and said with some intolerance, "Brother Ye Chen you shouldn't be too hard on him, this is really something I did inappropriately."

Ye Chen waved his hand, "There's nothing inappropriate about what you did, it was him who was shameless and stalking you, and what you just said was just your intention, you didn't actually carry it out, there's no need to feel guilty towards him at all!"

Chapter 3003

The more he listened, the more he felt sorry for Zhong Tianyu.

After all, all he had done was to pursue Gu Qiuyi, but in the end, he was disliked by her to such an extent.

If he was just disliked by Gu Qiuyi, that would be fine, but if he offended Ye Chen because of Gu Qiuyi, it would be too much to lose.

Ye Changmin didn't know how to explain to Zhong Zhengtao at this moment, he was still waiting for himself to save his son, but his son was directly held by his nephew, and he had to wait at least three years to see him.

Just when Ye Changmin was worried, her mobile phone suddenly alerted her that Zhong Zhengtao's call had come in.

She had no choice but to hang up Zhong Tianyu's phone first and connect with Zhong Zhengtao.

As soon as the call came through, Zhong Zhengtao asked impatiently, "Changmin, how are you doing with your enquiries? Has Tianyu been kidnapped by your Ye family's people?"

Ye Changmin said helplessly, "Zhengtao, just now Tianyu called me, and he is indeed at Buckingham Palace."

Zhong Zhengtao hurriedly pursued the question, "What is this all about? Is it you guys, Did the underlings of the Ye family over there take it upon themselves to kidnap him away?"

Ye Changmin coughed twice in embarrassment and said, "That person who kidnapped him was not a subordinate of the Ye family, it was my nephew."

"Your nephew?!" Zhong Zhengtao said in dismay, "How could Tianyu have a problem with your nephew? Is it Ye Feng or Ye Hao?"

"Neither." Ye Changmin whispered, "It's Ye Chen!"

"Ye Chen?!" Zhong Zhengtao was even more puzzled and asked offhandedly, "How come I didn't know you had a nephew called Ye Chen? I haven't heard of it at all."

Ye Changmin sighed, "Ye Chen is my second brother Ye Changye's son."

Zhong Zhengtao exclaimed, "Ye Changyang's son? Didn't he disappear a long time ago?!"

Ye Changmin said, "I haven't told you about this matter, Ye Chen was just found some time ago, there are still a lot of things in it that you are not clear about, that's just a long story."

Zhong Zhengtao said anxiously, "I don't want to know what the hidden agenda of your family is, I just want to know, why did this Ye Chen kidnap my son? Does my son have some kind of problem with him?"

Ye Changmin then said, "According to my understanding, the two should have choked up on the phone; It just so happened that my nephew was in Jinling, so as soon as Tianyu got off the plane, he was taken away by his people."

Zhong Zhengtao said in a depressed voice, "Your nephew is too tigerish, we are all in the same circle. He took Tian Yu away, so he must have secretly planned the airport pickup, right? I'm afraid Tian Yu won't be able to get along so well in the entertainment industry after he's done this. When Tian Yu comes back, how should I settle this score with him?"

"How to settle" Ye Changmin muttered and spoke, "Zhengtao, the situation of this matter is more complicated than you think, Tian Yu will not be able to come back for a while."

"What do you mean?!" Zhong Zhengtao instantly questioned angrily, "Is that nephew of yours still not ready to let people go after making such a big show?"

"Right." Ye Changmin said helplessly, "You have to try your best to persuade him, but it's useless, he doesn't even put me, his aunt, in his eyes."

Zhong Zhengtao gritted his teeth and asked, "Then what does he have to do to let them go?"

Ye Changmin hesitated for a moment and said awkwardly, "Ye Chen has said that he wants Tian Yu to work as a seaman on his ship for three years, and during these three years, Tian Yu cannot leave the ship, let alone go down to the ground, and only after three years can he regain his freedom.

Chapter 3004

"Sh*t!" Zhong Zhengtao roared in anger, "What kind of international f*cking joke is that? Letting my son work for him as a seaman for three years, what the hell does he think he is? If he doesn't release my son today, I'll definitely make him look good!"

Ye Changmin advised, "Zhengtao, listen to my advice, Ye Chen is not someone you can afford to mess with, even I can't afford to mess with him, if you offend him, you will still be dealt with wantonly by him, even my father won't look out for me, this time Tian Yu falls into his hands, no one can save him, including you and me."

"What?!" Zhong Zhengtao questioned through gritted teeth, "You mean I've lived for 50 years and I'm still no match for a milquetoast offspring of your Ye family?!"

Ye Changmin wanted to tell him, "Not to mention you, even the two boys of the Su family who were about your age had not been able to escape Ye Chen's clutches, but she did not dare to tell Zhong Zhengtao this, because she knew very well in her heart that if she betrayed Ye Chen, Ye Chen would definitely not let her go.

So, she persuaded her bitterly, "Zhengtao, I advise you to accept this matter calmly. As for Tianyu's side, although these next three years will be tougher, this is the best solution right now."

Zhong Zhengtao said in a cold voice: "Ye Changmin, your Ye family, you're really bullying people too much! Don't you just want to protect that nephew of yours? Then there's no need to use my son's future as a price, right? Besides, do you take me, Zhong Zhengtao, for a three-year-old child? Do you

think I will willingly let my son go wandering in the sea for three years just because you persuade me a few times? I tell you, you're dreaming!"

Ye Changmin became furious and blurted out, "Zhong Zhengtao! Don't you understand good and bad words? That nephew of mine hates to sh*t on my neck, I wouldn't protect him even if I were a dog! If you listen to me, you can bear with me and let this matter end with Tianyu. But if you don't listen to me and go after Ye Chen, I bet you'll end up on the boat with Tianyu! "

Zhong Zhengtao was doubtful and spoke up, "I'll give Master Ye a call and ask his old man to administer justice! I don't believe he can allow his grandson to bully people like this!"

Ye Changmin said feebly, "Fine, as long as you don't get yourself into trouble with Ye Chen, just call my dad, you see what he says."

Zhong Zhengtao directly hung up the phone.

He immediately called Ye Zhongquan, the old man of the Ye family.

Ye Zhongquan knew Zhong Zhengtao, and his father had been a good friend of the Ye family before he was born.

At this time, when he received Zhong Zhengtao's call, Ye Zhongquan smilingly asked, "Xiao Zhong, why did you want to call me?"

Zhong Zhengtao hurriedly said, "Uncle Ye, there is something that I have to ask you to do for my Zhong family!"

After saying that, he hurriedly told the whole story over the phone.

After hearing this, Ye Zhongquan was slightly stunned for a moment, and then immediately saw that he was not surprised.

In his heart, he thought, "Ye Chen can even do what the Su family does, let alone a mere Zhong family?"

"Even Su Shoudao, the son of the Su family, was thrown into Syria by Ye Chen, your son Zhong Tianyu is probably no better than a dog in Ye Chen's eyes, just this kind of third-rate level, and still dares to take the initiative to go to Jinling and jump in front of Ye Chen, isn't this asking for death?"

Thinking of this, Ye Zhongquan gave a sarcastic smile and said seriously, "Xiao Zhong, your father and I were old friends back then, so I have to tell you something."

Zhong Zhengtao was busy saying, "Uncle Ye, you tell me!"

Ye Zhongquan said seriously, "Don't mess with Ye Chen, you can't afford to mess with him!"

Chapter 3005

Ye Zhongquan's words made Zhong Zhengtao very unhappy deep inside.

In his opinion, Ye Zhongquan's words were clearly protecting his calf.

He had approached him in the hope that he could give him face and help him put in a good word with Ye Chen to see if this matter could be made smaller and more trivial.

However, he never expected that Ye Zhongquan would directly tell him that he could not afford to mess with his grandson!

This is too much of a bully!

Ye Zhongquan seemed to have guessed what he was thinking. He said seriously, "Little Zhong, I know you must think that I am protecting Ye Chen in disguise, but let me tell you honestly, although Ye Chen is my grandson no doubt, even if I and the entire Ye family did not interfere at all, you would not be a match for him at all."

Zhong Zhengtao naturally didn't believe it, and when he heard this, he couldn't help but feel a burst of anger inside, and his tone of voice rushed a few points. In a cold voice, he said, "I, Zhong Zhengtao, am not a man who is afraid of what he wants, and I am not a man who lets people just ride his neck and shit on him! If Uncle Ye and the Ye family can really not interfere at all, I would like to weigh up with that Ye Chen and see whose wrist is tougher!"

Ye Zhongquan sighed and said, "If you really want to arm wrestle with Ye Chen, I won't stop you. I can also promise you that I will never interfere, but if you lose with Ye Chen, you will most likely not be able to regain your personal freedom in the next few years."

Zhong Zhengtao was at a loss for words.

As he listened to Ye Zhongquan's tone, he suddenly felt that Ye Zhongquan did not seem to be protecting his calf.

However, if he really let his son be detained and sent to work as a seafarer for three years for no reason, he could not just accept such an outcome openly.

But... He also felt that if he really went to fight with Ye Chen, in case he lost, just like Ye Zhongquan said, his other half-siblings would all rush up and grab his resources.

Combined with what Ye Changmin had just said, he gradually felt that neither Ye Changmin nor Ye Zhongquan seemed to be lying to him.

In this instant, a few more retreats sprang up in his heart.

Immediately, he called Ye Changmin again, and once the call was made, he asked in a deep voice, "Changmin, tell me the truth, how difficult is that nephew of yours to deal with?"

Ye Changmin pondered for a moment. Sighing, he said, "During the New Year, I was not in Yanjing for more than half a month, you still remember, right?"

"Remember." Zhong Zhengtao spoke, "During that time, I always suspected that you had someone else outside. When I asked you to meet me, you said you weren't in Yanjing, you wouldn't tell me where you were, and you never answered my video calls to you."

Ye Changmin said glumly, "I wasn't going to tell you about this because it was too humiliating. But since we've come to this point, I won't hide it from you."

Speaking of this, Ye Changmin paused, took a deep breath and said frankly, "In fact, during that time, I was in Jinling."

"You were in Jinling at that time?" Zhong Zhengtao hurriedly pursued, "Were you at that nephew of yours?"

Ye Changmin said quietly, "I was imprisoned by him inside the slum"

"What?!" Zhong Zhengtao asked in horror, "You were imprisoned by her? Why?! You're his aunt!"

Ye Changmin said resentfully, "I'm afraid that this aunt of mine is no better than a fart in his eyes."

Saying that, Ye Changmin could not help but choke up as she remembered the hardship she had suffered back then. She said, "That time when I went to Jinling, even Ye Chen's men were able to slap me wantonly, when in my life have I ever suffered such an indignity? And. For that half month or so, I had to live in a shanty town with a rent of a few hundred dollars a month, with a man watching, not being able to go out, not being able to shop online, and having to eat according to the local minimum living standard, it was like a purgatory on earth"

Chapter 3006

Zhong Zhengtao's entire body was completely stunned.

He could not be more clear about what kind of person Ye Changmin was. If Ye Changmin had suffered such a big loss under Ye Chen's hands, it was proof enough that this Ye Chen was definitely not a good fighter. And he must be a tough bone that could not be gnawed!

If even Ye Changmin couldn't gnaw on it, then he himself must have had a hard time too.

Hearing Ye Changmin's cries on the other end of the phone, he hurriedly said, "Changmin, why didn't you tell me about this earlier?"

Ye Changmin sighed and said helplessly, "What's the use of telling you this? Even I can't afford to mess with Ye Chen, can I still let you go and get yourself killed by him?"

Zhong Zhengtao said with some embarrassment, "You you are still considered my woman anyhow. If you say something, I'm definitely willing to go through fire and water for you!"

The actual fact that you have this kind of heart will satisfy me, but I am Ye Changmin who has lived such an old age. I can still see who I can and cannot mess with."

I used to think, just like you, that Ye Chen was just a Ye family member who had fallen away from home for many years. He doesn't take anyone into his eyes."

Immediately afterwards, Ye Changmin added, "Moreover. Ye Chen is not only very strong himself and has deep roots in Jinling, but more importantly. His backers are not only the Ye family, but also the entire Gu family! It can even be said that the Gu family supports him. It's much more resolute than my father."

"The Gu family?!" Zhong Zhengtao asked offhandedly, "Why is the Gu family so supportive of him?"

Ye Changmin asked rhetorically, "Gu Yanzhong and my second brother are sworn brothers, and the two children had a marriage contract some years ago, don't you know about this?"

Zhong Zhengtao said awkwardly, "It was twenty years ago, how can I remember so clearly"

Ye Changmin said helplessly, "Some time ago Gu Yanzhong was dying of pancreatic cancer, you should know about it, right?"

"I know." Zhong Zhengtao spoke up, "I heard that somehow he got well again? It's pretty fucking unbelievable!"

Ye Changmin gave a hint and said indifferently, "Ye Chen cured him."

"Ye Chen?!" Zhong Zhengtao's jaw dropped as he blurted out, "Isn't pancreatic cancer known as the king of cancer? Even Steve Jobs in the US couldn't cure it, so how did he cure it? That's a bit counter-intuitive!"

Ye Changmin laughed, "Oh, I don't know how he cured it, but he did, so not only is he Gu Yanzhong's saviour, he is also the only son-in-law Gu Yanzhong has in mind.

Zhong Zhengtao was really convinced this time.

He finally knew that the Ye Chen his son had provoked was a combination of three forces.

Ye Chen himself was a faction of his own, with the support of the Ye family and the Gu family behind him. Under such circumstances, I was afraid that there were not many people in the country who could mess with the others, let alone himself.

Thinking of this, he was inwardly disillusioned.

In that case, it seemed that he could not save his son.

After thinking about it, he gradually went from struggling and torn to giving up naturally, and then he asked Ye Changmin, "Changmin, can you do me a favour?"

Ye Changmin then said, "Go ahead."

Zhong Zhengtao spoke, "Please talk to that nephew of yours and let me talk to Tianyu on the phone"

Chapter 3007

Hearing Zhong Zhengtao's plea, Ye Changmin naturally could not refuse, so he spoke, "Wait for a moment, I will call Ye Chen and ask him."

Zhong Zhengtao sighed lightly and said in a dishevelled manner, "Okay, then it will be hard for you Changmin."

"It's alright." Ye Changmin said comfortingly, "Zhengtao, don't be too sad, I think Tian Yu's character is really immature, it's not a bad thing to train him for three years, if you continue to let him hang around in the entertainment industry like this, I'm afraid it will be harder for him to become a success in the future."

Zhong Zhengtao said seriously, "Hey, you're right! I told him a long time ago not to get into all this nonsense, but this kid just didn't listen to me. If he hadn't entered this circle, he naturally wouldn't have gotten into this kind of trouble today"

The three years is not short, but not long, I think Ye Chen is only out of the desire to punish him, so naturally he will also have people to protect him, you do not need to worry too much about him."

The fact that the matter has come to a head is not bad, as long as it is kept under wraps and not leaked out, the Zhong family's face will not be damaged, but you have to communicate with Tianyu's agency. It's best to have a more reasonable statement and inform the public in advance."

Zhong Zhengtao thought about it and said helplessly, "Then let's announce to the public that he's going to quit the industry and go to school, this kid is so uneducated all day long, I was really planning to send him to study abroad for a few years, to study a master's degree in Europe, it will only take him three years, but he was unwilling to go. "

Ye Changmin said, "Come on, you don't have to be too angry, I think the solution you just gave is quite good, let's ask Tianyu's agency to issue an announcement later, saying that Tianyu realizes that his studies are the most important thing and officially announces his retirement from the entertainment industry, it will also leave a good impression that his studies are the most important thing."

After saying that, Ye Changmin continued, "If these three years can make Tianyu let go of those gung ho problems, it will be considered a blessing in disguise."

Zhong Zhengtao gave a hint and said, "Hearing you say that, I feel much more comfortable."

Ye Changmin giggled, "You feel better, don't you? Then I'll make you feel better tonight too!"

Zhong Zhengtao was tickled and asked, "Are you doing anything now? If not, how about coming to my house? Tian Yu happens to be out of town too."

Ye Changmin thought for a moment and laughed, "Why are you in such a hurry?"

After saying that, without waiting for Zhong Zhengtao to say anything, she continued with a bit of shame, "But I'm almost done here, so wait for me for a while, I should be at your house in twenty minutes."

Zhong Zhengtao was overjoyed and hurriedly said, "Then hurry up, I'll wait for you at home, so you can have dinner at my place and don't go back if you don't have anything to do tonight."

"OK." Ye Changmin didn't think much about it, so he said, "This way, I'll call Ye Chen first and see if I can get you to talk to Tianyu."

"Good!"

Ye Changmin hung up the phone and had someone wait on her to dress while she called Ye Chen, saying in a curt tone, "Ye Chen, I've already spoken to Zhong Tianyu's father, he heard that Zhong Tianyu had offended you and was very embarrassed, so he has no problem with your punishment of Zhong Tianyu, after all, the boy has been stubborn since he was young, it's a good thing for him to be well-trained. It's a good thing."

Ye Chen did not expect that his aunt, who had just pleaded for Zhong Tianyu on the phone, would have an instant change in attitude of 180 degrees.

However, he was too lazy to talk to Ye Changmin, so he said, "Do you have anything else? If there's nothing else, I'll hang up now."

Ye Changmin said, "Don't be in a hurry, auntie still has one more thing to trouble you with, that is, Zhong Tianyu's father wants to talk to him on the phone."

"A phone call?" Ye Chen frowned and looked at Zhong Tianyu, who was kneeling on the ground and in fear, so he turned on the speaker of his mobile phone and said, "Tell his father that it's okay to talk on the phone, but only for two minutes at most."

Chapter 3008

When Ye Changmin saw Ye Chen agree to it, she quickly said, "Okay, okay, I'll talk to his father here and have his father call him directly, is that okay?"

"It's okay."

Soon after, Zhong Zhengtao who received the reply placed the call to Zhong Tianyu's mobile phone.

After Ye Chen picked up the phone, he smoothly turned on the speaker and handed the phone to Zhong Tianyu.

On the phone, Zhong Zhengtao asked tentatively, "Tianyu, are you there?"

When Zhong Tianyu heard his father's voice, he broke down emotionally and said in tears, "Dad! Dad, help me, Dad! There's a man here who wants to send me to work on a ship for three years, and I'm not allowed to get off the ship in the middle of it, Dad, please find a way to save me!"

Zhong Zhengtao said awkwardly, "Tian Yu, Dad may not be able to help you in this matter."

"What?!" Zhong Tianyu broke down and shouted out loud, "Dad! I have to attend Gu Qiuyi's concert, I have to prepare for my own concert next season, you can't leave me alone, Dad!"

"What a bullsh*t concert!" Zhong Zhengtao reprimanded in anger, "When will you grow up and grow up a bit? Don't you think you've caused enough trouble? Don't think I can wipe your ass every time you get into trouble. I'll tell you the truth, I can't help you with the trouble you've caused this time. If you can't wipe it clean, just pin it to me honestly!"

Zhong Tianyu burst into tears and sobbed, "Dad! You can't be so cruel, you can't just ignore death, Dad!"

Zhong Zhengtao said with a stifled reproach, "Tian Yu! When are you going to grow up? I've already said this, but don't you realize that there's nothing you can do about it? What you need to do now is not to beg me to save you, nor to scold me for being cruel, but to learn from your pain, reflect on what's wrong with you, and then behave yourself in the next three years!"

Zhong Tianyu couldn't help but look up at Ye Chen, thinking in his heart in despair, "It seems that this Ye Chen is indeed much stronger than he thought, otherwise, it's impossible that Ye Changmin's pleading is useless and even dad can't do anything about it It seems that I really can't get away with these three years of life at sea"

Just then, Ye Chen spoke, "All right, it's about time, let's be here."

Zhong Zhengtao on the other end of the phone hurriedly pleaded, "Young Master Ye, this naughty son of mine has really caused you trouble, please take more trouble to discipline him in the future"

Ye Chen smiled and asked him, "You seem to know my aunt very well?"

Zhong Zhengtao was busy saying, "It's an old classmate and old friend for many years."

Ye Chen hummed and laughed, as if he had already seen through everything, and said indifferently, "To be able to make my aunt, who is selfish to the extreme and loves face to the bone, put down her stature, put down her hatred for me, and stoop to help plead for mercy, I see that the relationship between you two should be more than simply that of old classmates and old friends, could it be that one day you will suddenly become my uncle? "

Chapter 3009

As soon as Zhong Zhengtao heard this, he was immediately embarrassed to the point of goosebumps at the other end of the phone.

Then, he hurriedly denied, "Young Master Ye you misunderstood, your aunt and I are really just old classmates as well as good friends, there is absolutely nothing inappropriate about it"

Ye Changmin had not yet divorced his original spouse, Zhong Zhengtao naturally did not dare to expose their relationship, otherwise if word really got out, then not only would he and Ye Changmin be disgraced. The Ye family will definitely force Ye Changmin to cut off all contact with himself in order to save face.

Even if Ye Changmin really loved him and insisted on marrying him, the Ye family would not be able to agree because they could not afford to lose face.

In that case, he and Ye Changmin would never be able to get together in a fair and square manner in their lifetime.

If he did it the hard way, he was afraid that Ye Changmin would anger Master Ye, and he might not get even a tiny bit of his inheritance in the end.

Therefore, Zhong Zhengtao knew very well in his heart that he had to keep this secret, or at least announce it to the public only after Master Ye had passed away and Ye Changmin had officially divorced her original spouse.

When Ye Chen saw his panicked denial, his heart had long since sat on the fact that he and Ye Changmin were related. To Ye Chen, he had long since developed the ability to analyse things logically. If something seemed perverse, there must be a deep-seated condition for it to be established, such as the case of Ye Changmin, who had been detained by Ye Chen in Jinling, but was so unforgiving in her mouth, screaming all sorts of things in her rented house day and night, that Hong Wu had to pay for all the neighbours living around her to move out temporarily.

With her character of disobedience and resentment, how could she be willing to lose face to anyone? How could she be willing to throw away her face and plead for the son of an old classmate?

She hadn't even gone out of her way to plead for herself in the first place.

So, on the surface, Ye Changmin's behaviour this time is very abnormal and seems to be extremely inconsistent with Ye Changmin's character.

But the more this happens, the more it means that Zhong Zhengtao has a very high status in Ye Changmin's mind and is very important to her.

A woman who is nearly 50 years old, who has been separated from her original husband for several years, and who at the same time attaches great importance to another man, no matter how this question is solved, the final result is three words: "extramarital affair".

However, Ye Chen didn't say anything more, but smiled blandly, "It seems that I was thinking too much."

After saying that, he looked at the time and spoke, "Alright, without further ado, I'll have someone arrange for a fishing boat that operates offshore in a moment, so that your son can get on board and experience it first. When the ocean-going cargo ship on my side is ready, he can come back and board it."

Zhong Zhengtao was heartbroken for a while, but he could only sigh and say, "Then I'll be grateful to Young Master Ye for taking more care of him"

At this moment, Zhong Tianyu's heart was already dead deep inside.

He couldn't imagine that he was a top stream star in the singing world a few hours ago, and a few hours later, he was reduced to Ye Chen's subordinate prisoner.

And according to Ye Chen, he could not even stay in Jinling for a few days, he would immediately be sent to a fishing boat to experience life first.

Other than that, the fishing boat's tonnage is small, so it will definitely sway more in the sea, and there must be a fishy smell everywhere, so the conditions must be as tough as they can be.

However, he was alone and isolated in Jinling at this time, so he really did not dare to shout even one word to Ye Chen, and could only shed tears and suffer in silence.

As a local snake, Hong Wu soon found a suitable fishing boat for Zhong Tianyu.

After making a phone call, Hong Wu came back and said to Ye Chen with great enthusiasm, "Master Ye. You don't say, this Zhong Tianyu really has good luck."

When Zhong Tianyu heard this, his heart suddenly rose with a wave of good expectations, thinking, "Is it possible that they can't find suitable fishing boat resources, so that I don't have to experience life on a fishing boat first?"

At this moment, Ye Chen was also curious and asked Hong Wu, "What do you mean?"

Chapter 3010

Hong Wu said smilingly, "I have a fishing company in Feng County, which is about two hundred kilometres from Jinling, and it has been managed by a few of my junior brothers. They happen to have two fishing boats, ready to go to the South China Sea today, the few boats in my fishing company's hands are medium-sized fishing boats, this kind of boats have limited tonnage, so they can't go too far, they usually just operate near the South China Sea, the time for one sea operation, round trip are counted, about a month, they are loading supplies now, tomorrow morning at eight o'clock on time."

Ye Chen reckoned. With the resources in Su Zhiyu's hands, in a month's time, the ocean shipping business that he had joint ventured with her should also be able to run. By then, this Zhong Tianyu would be transferred to the cargo ship.

But if it didn't run within a month, he would simply let him follow the fishing vessel for a few more trips.

So he nodded, "Okay, let's go with this one!"

When Zhong Tianyu heard this, his eyes went black.

"Setting sail early tomorrow morning?! That's too sudden, isn't it?"

Just as he thought of this, he heard Ye Chen speak, "It's a bit late to set sail tomorrow morning, since it's your company, then you tell your brothers to work a bit harder to speed up. Try to have the supplies loaded by eight o'clock this evening and then set off early, it doesn't matter if you can be a little slower on the way, the important thing is to get Young Master Zhong on board early first."

Zhong Tianyu wanted to die.

However, Hong Wu smiled and said, "No problem Master Ye. It's a matter of one phone call from me!"

Ye Chen nodded in satisfaction and said to Chen Zekai, "Old Chen, then arrange for a helicopter to send the man directly there, and put him on the ship directly upon landing, without delay."

Chen Zekai immediately said, "Yes young master!"

Afterwards, Chen Zekai immediately asked Hong Wu for the address, after Hong Wu had communicated with his men there. After Hong Wu communicated with his men there, he had several of his men take a helicopter and send Zhong Tianyu, who was crying, to Feng County on the coast.

After Zhong Tianyu was taken away, Ye Chen looked at Hong Wu. After Zhong Tianyu was taken away, Ye Chen looked at Hong Wu and asked with a smile, "Hong Wu, why do you still have a fishing company in your hands? I haven't heard you say anything about it before!"

Hong Wu said, "Harm, you don't know, Master Ye, we are the kind of people who make money from the wrong side, basically we can do anything, I didn't go to school, and I don't know too much about the way of business, so I like to invest in this kind of simple and direct business."

I have a friend who has good relations with the local maritime authorities, so I registered a company, rented five or six fishing boats, and sent a few of my boys to manage them, which basically netted me a couple of million a year. With a few more businesses like this, the income can come up a bit."

For Hong Wu, he doesn't have any business that he can make bigger and stronger with just one business.

After all, he had no core competency, so he could only earn a couple of million here and a couple of million there. After making a million or two there, he could not only feed more people, but also make more profit in his hands. Then little by little, it rolled bigger and bigger.

Ye Chen nodded with understanding and also intended to pull Hong Wu's strings in the business, so he said with a smile, "If you're interested, after the ocean shipping business starts, the supporting supply procurement business will be left to you."

"As far as I know, every ocean shipping cargo tanker has to prepare a large amount of various supplies before setting sail, so instead of leaving this business to outsiders, it would be better to leave it to someone familiar and trusted."

Hearing this, Hong Wu's whole person was already excited, but still a little worried, he said, "Master Ye, I'm afraid that it would be bad if I'm not competent enough and hold you back"

Ye Chen waved his hand and said, "As long as you put your heart and soul into it, you definitely won't drag your feet. When the time comes, you should go to Haicheng and register a company, complete the relevant qualifications, and arrange for a capable and reliable man to keep an eye on it. When my side of the business is up and running, you can conservatively estimate that your side can earn tens of millions a year."
