

Ye Chen 3011

Chapter 3011

Hearing this, Hong Wu was inwardly grateful beyond measure.

In the early years, it was relatively easy for Hong Wu to make money, relying on his special attributes and various connections, and then playing around, he was able to make a good amount of money every year.

However, in the past few years, Hong Wu has gradually cleaned up his act, and many things that used to be very lucrative are now no longer touched, so his income has plummeted.

However, he has many disciples under him, and the cost of feeding these people with their usual human food has not decreased because of the decline in income; on the contrary, as prices continue to climb and per capita income continues to rise, their costs are also rising.

Therefore, in these few years, although Hong Wu is superficially glamorous, it has been in a state of strapped for cash.

Ye Chen suddenly took the initiative to give him all of the future Ocean Shipping Group's supplies supply business, which contained huge profits and was like a blessing in snow to him.

Moved, Hong Wu couldn't help but bow and say, "Thank you, Master Ye, for your generosity!"

Ye Chen nodded and smiled, "There is no need to be so polite between you and me."

After saying that, Ye Chen added, "I will give you He Zhiqiu's contact information later, so you can talk to her directly for future business matching."

Then, Ye Chen remembered something and said, "Oh yes, in the future, I believe we will have to deal with some local people on the docks, and there will be countless local snakes in such places. The profit margin should be considerable, and then I will arrange one or two more experts from the He family for you to sit on."

Hong Wu hurriedly said, "Don't worry, Master Ye, I will do my utmost to ensure the normal operation of the pier!"

"Good!" Ye Chen nodded in satisfaction and said, "In that case, then you should go back and hurry up with your planning, ask more advice from He Zhiqiu to see what all preparations have to be made, and do your homework well in advance."

After saying that, Ye Chen looked at the time, stretched his back and said to Hong Wu and Chen Zekai, "Okay, that's it for today, you two have also worked hard, in two days is the Nui Nui's concert, these two days will be hard for you guys to pay more attention to the situation in Jinling, both inside and outside, if there are still any ill-intentioned demon moths running over, just tell me in time. "

Chen Zekai said, "Young master, that Su Zhi Fei of the Su family has been working very hard for Miss Gu's concert recently, and he came to me specifically to buy the biggest billboard here. "

Ye Chen smiled faintly and said, "Su Zhi Fei must have a crush on his girl, as the saying goes, it's not wrong for a gentleman to like his girl.

Chen Zekai said seriously, "Young master, I think that Su Zhi Fei will definitely be a scourge in the future, so instead of letting him go on like this, it would be better to do something about it sooner rather than later."

He said, "Young master, why don't we send him to Syria as well, so that he can be a companion to his old man."

Ye Chen laughed, "Are you addicted to sending people to Syria?"

Chen Zekai laughed, "Not really, but I think that boy's motives for Miss Gu are not pure, so I want to get him to Syria once and for all."

Ye Chen waved his hand, "I'm working with Su Zhiyu now, and I'm sending her brother to Syria before this cooperation has even begun.

Chen Zekai said, "Young master, you sent her father to Syria, didn't she say nothing?"

Chapter 3012

I sent her father, Su Shoudao, to Syria for several irrefutable reasons, the first being that Su Shoudao had indeed organized the Anti-Ye Alliance and had a grudge against my father; the second being that Su Shoudao himself was worse than a beast, aiding and abetting the enemy, and indirectly causing his two daughters to be in danger; and the third being that Su Shoudao, as a human father, not only watched indifferently as his daughters were in danger, but even wagged his tail around Su Chengfeng like a dog. Su Shoudao, as a father, not only watched his daughters in danger without doing anything, but even surrounded Su Chengfeng like a dog wagging his tail and begging for mercy; this kind of person, I sent him to Syria, and Su Zhiyu knew that he deserved it."

Saying that, Ye Chen added, "However, if I throw Su Zhi Fei to Syria now as well, she will definitely not be able to accept it, and there is no reasonable reason for me to do this, it doesn't stand up to reason or sense."

"Okay." Chen Zekai said somewhat ruefully, "Actually, I just think that this guy is really annoying to Miss Gu with ill intentions, but don't worry young master, I will definitely keep an eye on him, if he dares to do anything demonic, just one word from you, I will immediately put him under control."

Ye Chen smiled and instructed, "Tomorrow Nui Nui's team will come over, if there is anything you need to help, you must do your best."

Chen Zekai immediately stated, "Young Master, don't worry, in my heart, Miss Gu's priority is second only to yours!"

.....

Early the next morning, two business planes landed at Jinling Airport fifteen minutes apart, one after the other.

It is still very rare in Jinling to have planes landing early in the morning, because most planes worth flying for their first flight take off from the airport first thing in the morning, so there are many planes leaving the airport early in the morning, and almost no planes coming in.

The two business jets, one from the north and the other from the distant southwest Indian Ocean, flew through the night to arrive.

The plane from the north is full of Gu Qiuyi's agency team, who will start this morning to inspect and make final adjustments to the concert venue and the sound and dance equipment, in preparation for Gu Qiuyi's dress rehearsal tomorrow.

In the business jet from the Indian Ocean, apart from the flight attendants, there was only one passenger, and that passenger was Su Zhiyu.

Su Zhiyang left for the Maldives yesterday to go through the change of ownership of the island with Su Anshun, and after the formalities were completed, she flew back without stopping.

When Su Zhiyu's business jet came to a stop, the dozens of Gu Qiuyi's team members on the one in front of her had already left on the airport ferry.

Su Zhiyu got into one of the SUVs prepared by the airport and headed to the business jet terminal.

When Su Zhiyu finished the customs formalities and walked out from the passage, she met the members of Gu Qiuyi's team in the luggage area to collect their luggage.

Seeing these people's large bags of luggage and various professional airline cases, Su Zhiyu subconsciously took a few more glances at them and then guessed the origin of these people, knowing that they must be Gu Qiuyi's team.

However, Su Zhiyu didn't think much of it, so she planned to bypass them and head for the exit, then go to the parking building to get her car and go home.

Unexpectedly, a familiar man appeared in her field of vision at this time, and this man was none other than her brother, Su Zhi Fei.

At this moment, Su Zhi Fei ran in quickly from outside and came directly to a female leader of Gu Qiuyi's team, smiling attentively, "Aiya Duo Duo! You've had a long journey on such an early flight, haven't you?"

Chen Duoduo smiled slightly awkwardly and asked in surprise, "Why did Young Master Su come to the airport so early?"

Su Zhi Fei said, "Harm! I was afraid that the journey would be too hard for you, so I thought I would bring a convoy to pick you up, the convoy is waiting outside and can take you to the hotel anytime!"

Chapter 3013

When she saw Su Zhifei, Su Zhiyu hurriedly stopped in her tracks and silently turned to the side so as not to be recognized by him.

At the same time, she quietly looked at Su Zhifei, who was 20 to 30 meters away, and saw her brother's attentive and flattering appearance in front of Chen Duo, and suddenly felt a little disgusted.

She suddenly felt that the men of the Su family are extremely purposeful in everything they do.

Take her father, her two daughters almost died in the hands of her grandfather, but when her grandfather needed him to come out to act as a facade, he was still able to drop everything to return to his grandfather to play the role of a filial son.

In the end, it is the desire to compete for the position of heir to the Su family.

In front of this purpose, the daughter is not so important at all.

As for the brother, the same is true.

A few days ago, he just sat down the fact that he still stood by his grandfather after he and his mother had been harmed by him.

From this point alone it is clear that his pursuit of merit is not on par with dad's.

It was the same with Gu Qiuyi.

Even with so many things happening at home one after another, his pursuit of Gu Qiuyi's heart has never been affected in any way, not even a moment's pause, right now the airport is still only Gu Qiuyi's agency team, but even so, my brother came to greet him personally, so we can see how attentive he really is.

Su Zhi Fei came early in the morning to pick up Chen Duoduo and his party, just to save the country from the curve and please the people around Gu Qiuyi first.

He felt that as long as he made these people feel that he was a good man with good intentions, these people would definitely speak well for himself in front of Gu Qiuyi.

In his opinion, most women, who seem to be opinionated, actually don't have much opinion and persistence in their bones.

Many girls do not like a certain man at first, but once the people around her are blowing in her ears, brainwashing her, and constantly saying good things about this man, her heart will be transformed a little.

And many boys in the pursuit of girls after the fruitless, will use this curve to save the country, the success stories are countless.

That's why Su Zhi Fei made a special trip to the airport to court Chen Duo Duo, as well as other members of Gu Qiuyi's team.

In order to pursue Gu Qiuyi, Su Zhifei has really put in a lot of effort during this period of time.

He has been in Jinling all this time, behind the back of Gu Qiuyi's team, secretly upgrading the hardware for Gu Qiuyi's concert out of his own pocket.

The original Gu Qiuyi concert of various equipment configuration, has reached the upper limit of commercial performances, the cost is so high that it is almost approaching the revenue balance line.

And this level of equipment, but also has been the limit of the global commercial concerts, even the year Michael Jackson and Beyonce such top singers, will not be higher than this.

But Su Zhi Fei felt that he had to let Gu Qiuyi feel his good intentions.

Therefore, he spent money to buy the team responsible for the concert sound and lighting as well as choreography, behind the back of Gu Qiuyi's team, the Gu Qiuyi concert sound and lighting and other hardware equipment, replaced with the Olympic opening ceremony level of top level.

These equipment alone from overseas air freight costs millions, plus equipment rental, commissioning costs, the overall cost has exceeded 30 million.

To know a concert but tens of thousands of people to participate in the performance of the ticket price from one or two thousand to two or three hundred, taking the median, the per capita ticket price is only a thousand dollars, the total box office revenue of tens of thousands of people, but only a few tens of millions.

Any other team, it is impossible to spend 30 million to build live equipment, because in this way, the concert tickets even if all sold out, but also at least a loss of 15 million.

But Su Zhi Fei does not care.

What he wants is to use this almost stupid generosity to get Gu Qiuyi's goodwill.

The fact that he threw 30 million dollars just to make his beloved's concert reach the top international level, Su Zhi Fei himself was touched by himself, and he felt that this move would definitely win Gu Qiuyi's favor.

And, he even thought that if his confession at the concert was unsuccessful, he would turn around and find a public relations company to bring the rhythm of the whole network.

At that time, the media will only need to expose their own 30 million dollars, and then to give themselves a "loving man" persona, invariably will also bring a strong psychological pressure on Gu Qiuyi.

Sometimes, moral kidnapping is also a good way to pursue each other.

Chapter 3014

Chen Duoduo, who was like a human being, naturally knew clearly what Su Zhi Fei was so attentive for, she hurriedly said to Su Zhi Fei, "Young Master Su doesn't need to be so polite, I have already communicated with the executive company that we are working with here in Jinling, and they have arranged a pick-up vehicle for us, so I don't need to bother you."

When Su Zhi Fei heard this, he knew that the other party was deliberately distancing himself, but he was not angry, but said with a smile, "Duo Duo, you may not know that the driver of the bus arranged for you by the executive company suddenly became unwell this morning and has gone to the hospital for emergency treatment, and the executive company was unable to find an alternative immediately early in the morning, so I rushed. After all, you not only have a lot of people, there are so many luggage equipment, playing cab is certainly not finished."

When Chen Duo Duo heard this, she thought that whether it was true or not, she could not refuse Su Zhi Fei, because they were relatively short of time, they rushed to the hotel to check in, put down their luggage, and then they had to take all kinds of equipment to the venue, if they did not take the car arranged by Su Zhi Fei, they might have to delay for two or three hours.

So she had to say thankfully: "Young Master Su, thank you so much"

Su Zhi Fei said: "You are still so polite with me to do what."

After saying that, he hurriedly reached out to take Chen Duo Duo's suitcase and spoke, "The motorcade is right outside the door, let's hurry up and leave."

"Okay." Chen Duoduo nodded and hurriedly said to the staff around him, "Everyone hurry up and get the luggage, then take the car to the hotel, time is short, everyone move faster."

A group of people hurriedly organized their luggage and together with Chen Duo Duo, they headed to the exit under the leadership of Su Zhi Fei.

At this time, outside the exit of the business jet building, more than ten black Rolls-Royce cars and two vans were parked neatly.

Such a grand scene, the young people in Gu Qiuyi's team was shocked.

Because Gu Qiuyi is low-profile, never use Rolls-Royce such top luxury cars, so most of her staff have never had the opportunity to ride in a Rolls-Royce, now see a dozen Rolls-Royce to pick up the plane, each one is a little hard to restrain the leap of joy.

Su Zhi Fei put Chen Duo Duo's luggage into the trunk of the head car while speaking to the crowd, "Everyone find a car nearby to sit in first, we have many cars, but also spacious, a car to sit two or three people on the line."

"Some of the luggage to be carried to the hotel, it is hard to take, as for those who want to send the equipment to the venue, stay here directly, I arranged two vans behind, and professional transport personnel, they will help you to send the equipment directly to the venue, so we can also save some things!"

Chen Duo Duo brought the team, most of them are girls, Su Zhi Fei such thoughtful and careful arrangements, immediately won them a lot of good feelings.

So, the girls cheered and thanked Su Zhi Fei, and then they got into the car near them.

Su Zhifei put the suitcase away and said to Chen Duoduo, "Duoduo, why don't you ride with me in this car, as I still have some things to communicate with you on the way."

"Okay." Chen Duoduo had to nod and was about to pull open the car door when Su Zhifei hurriedly stepped forward and pulled the door open in front of her, smiling and saying, "Come on, Duoduo, please get in."

Chen Duoduo said thank you, and only then got into the car.

Immediately after that, Su Zhi Fei got into the car from the other side, and the motorcade left the airport in a great hurry.

It was only after the convoy left that Su Zhiyang came out of the airport.

When she saw so many Rolls-Royce convoys driving farther and farther away, her eyebrows knitted together and she couldn't say how bored she was.

Chapter 3015

At this time, in the Rolls-Royce convoy of the head car.

Su Zhi Fei sat beside Chen Duo Duo and said with a smile, "Duo Duo, I have taken a lot of advertising space in Jinling during this period of time, and have already started rolling Miss Gu's concert promotion posters 24 hours a day, later on this way into the city, you can see at least twenty to thirty advertising resources."

Chen Duo Duo asked with some confusion, "Young Master Su, Qiu Yi's concert tickets seem to have been sold out long ago, you are still doing so much landing promotion, a bit of a waste, right?"

Su Zhi Fei smiled and said with a serious face, "Creating momentum! Although the carrying capacity of the concert has reached the upper limit, but that is only 30,000 to 50,000 people after all, our Jinling resident population is almost 10 million, if we can cover the rest of these people, it will also be a great boost to Miss Gu's popularity, don't you think so?"

Chen Duo Duo slightly embarrassed smile: "To be honest Su young master, from the major websites big hit list, as well as search engine search index can be seen, Qiu Yi's influence is now one of the highest in the domestic stars, there is no one, so our operating ideas, long ago, we are not concerned about creating momentum, on the contrary, we have been deliberately not to create momentum, circumventing the creation of"

"Why?" Su Zhifei asked in surprise: "Nowadays, stars are competing for traffic day and night, the cost of traffic in the entertainment industry is getting more and more expensive, many stars are smashing pots and pans to create momentum for themselves, how come you are still doing the opposite?"

Chen Duo Duo seriously explained, "This is the meaning of Qiu Yi, she feels that excessive momentum building, on the one hand, is a waste, on the other hand, it also encroaches on the public resources."

Saying that, Chen Duoduo added: "Qiu Yi thinks that the exposure of the entertainment circle is limited after all, it's just a matter of this and that, this and that, if she alone gathers too much traffic, the traffic of others in the entertainment circle will be constantly diluted by her, and this is not fair to others."

Su Zhi Fei listened, his heart was a bit drummed, so he asked in a low voice: "Duo Duo, if I get these advertising spaces, when Miss Gu sees it later, she won't be unhappy, right?"

Chen Duo Duo smiled: "I can't say this."

Su Zhi Fei nodded thoughtfully, thinking: "So many advertising spaces did not spend a lot of money, if it backfired, would not it be a coincidence?"

Thinking of this, he asked in passing, "Right Duo Duo, when will Miss Gu herself come over?"

Chen Duoduo cautiously replied, "I'm really not sure about this, Qiu Yi still has work in Yanjing, she can only come over after her work is over, and she usually travels by private jet, the time is uncertain."

Su Zhi Fei nodded gently and said with a smile, "If you need to pick up the plane, you can tell me in advance, I'll come and pick her up then."

Chen Duo Duo promised and said, "I'll pass it on to Qiu Yi later."

"Good!" Su Zhi Fei smiled faintly and said, "Right, Duo Duo, I heard that Zhong Tianyu came to Jinling yesterday and just got off the plane and was set up, do you know who did it?"

Chen Duo Duo said, "I really don't know about this."

In fact, although Chen Duoduo was really not clear about the details, she basically guessed that this matter should be Ye Chen's work.

Therefore, she subconsciously looked at Su Zhi Fei, and felt more or less sympathy for him.

Chen Duo Duo knew that Su Zhi Fei had gone to such lengths to pursue Gu Qiuyi.

But Chen Duo Duo knows that Gu Qiuyi has no one in her eyes but Ye Chen, and even if Su Zhi Fei tries to please Gu Qiuyi, Gu Qiuyi will never give him a second glance.

Therefore, she already knew that no matter how hard Su Zhi Fei tried, the only thing waiting for him was failure, there was absolutely no second possibility.

The first thing you need to do is to get a push from Chen Duo's phone.

She took out her phone and looked at it, it was a news item, the headline on it clearly read "Zhong Tianyu agency released an announcement at 7:30 this morning: Zhong Tianyu announced his complete withdrawal from the entertainment industry and will go overseas for further studies in the coming days!"

Chen Duo Duo immediately exclaimed, and then hurriedly clicked on it to check the details.

Su Zhi Fei also hurriedly came over to find out what was going on.

In the details of this report, Zhong Tianyu's agency claims that after careful consideration, Zhong Tianyu believes that he is not suitable to continue to stay in the entertainment industry, so he still wants to focus on his studies and go abroad to study for a master's degree in business administration to prepare for his future succession to the family business, so he has decided to quit the entertainment industry permanently.

Chapter 3016

Su Zhi Fei saw here, immediately laughed out loud, said: "I think this Zhong Tianyu study is false, no face to continue to stay in the entertainment industry is true, yesterday's pick-up video is still the first hot search, the Internet is full of overwhelming mockery, if it were me, certainly no face to continue to stay in this circle."

Chen Duo Duo smiled politely and didn't say much.

However, she was surprised at Ye Chen's tactics in her heart.

The strength of Zhong Tianyu's family, although not as strong as the top dude like Su Zhi Fei, but in the country, can be considered in the first echelon.

Even Su Zhifei, I'm afraid he wouldn't dare to lay such a cruel hand on him, but Ye Chen seems to care nothing about this, a rich second-generation star, career is just red, but just arrived in Jinling, a good future was buried by Ye Chen dug a pit, such ruthless means, never seen in this circle in the past.

.....

When the caravan drove to the entrance of Buckingham Palace, Su Zhi Fei opened his mouth and said to Chen Duoduo, "Duoduo, you have already booked the room, right?"

"Yes." Chen Duoduo nodded, "It's already booked in advance."

Su Zhi Fei was relieved, so he said, "Then I won't send you in, anyway, you have to go to the venue after you put your luggage down, I'll wait for you in the car, later you can come out directly, I'll send you to the venue."

Chen Duo Duo did not think much about it, so he said, "Then thank you, Young Master Su, I'll let everyone go as soon as possible."

Saying that, Chen Duo Duo pushed the door and got off.

Su Zhifei also hurriedly came down, first helped Chen Duo Duo take out the suitcase, and after taking her to help the crowd go in for check-in, he hurriedly rejoined the car.

Sitting in the car, Su Zhi Fei's heart was somewhat nervous.

He knew that his father Su Shoudao had disappeared after quietly staying at Buckingham Palace, so he did not want to step into Buckingham Palace until it was absolutely necessary.

After Chen Duoduo finished the check-in procedure, she took her personal luggage and went to the reserved room.

She and Gu Qiuyi have a good personal relationship, so the two of them are going to stay in the same luxury suite this time, so that they can take care of each other when they go out to work.

After Chen Duoduo arrived at the room, she put down her luggage and sent a video call to Gu Qiuyi.

The video was quickly connected, and Gu Qiuyi on the other end of the line was lazily lying on the bed, lazily asking, "Duoduo, have you arrived in Jinling yet?"

Chen Duoduo replied, "I'm all the way to the hotel."

After saying that, switched the camera to take a round of the hotel's environment.

Gu Qiuyi asked, "Have you seen brother Ye Chen?"

Chen Duo Duo skimmed: "I went to see him where oh! But I did see Su Zhifei, he picked us up at the airport."

Gu Qiuyi could not help but frown: "Why did he go?"

Chen Duoduo said: "Nothing to offer, must be drunken, and also has been asking me about your specific time to arrive, I guess he wants to pick you up at the airport."

Gu Qiuyi said off the cuff: "I don't want him to pick up! When brother Ye Chen is going to pick me up at the airport, this Su Zhi Fei don't come to give me trouble! Otherwise I will not spare him!"

Chen Duo Duo helplessly said, "Brother Ye Chen, brother Ye Chen, you just know your brother Ye Chen, and I don't know what this guy who betrayed his marriage contract has that is worthy of your fascination!"

Gu Qiuyi grunted: "You are not me, what can you know! By the way, did you get my baby safely?"

Chen Duoduo said perfunctorily with resentment: "Yes! Got it! Yes!"

After saying that, the camera pointed at the suitcase and said, "Well, it's in the suitcase!"

Gu Qiuyi could not wait to say: "Quickly open let me check, there must not be any slip-ups!"

Chapter 3017

The helpless Chen Duoduo had no choice but to open the box at Gu Qiuyi's request and take out the item that Gu Qiuyi had been longing for.

Gu Qiuyi looked at the video for a long time and was relieved to see that there was nothing wrong with it, and instructed, "Duoduo, you must put the treasure away for me, don't make any mistakes."

"Don't worry." Chen Duoduo said, "I'd rather I make a mistake than let it out, satisfied?"

"Hee hee!" Gu Qiuyi smiled happily with her hands on her chin, pretending to be a flower, "Duoduo is the best! I love you!"

"No, don't love me!" Chen Duoduo grunted with disgust, "You'd better love your brother Ye Chen!"

Gu Qiuyi said seriously, "That's right hey! How can I say those two words to you when it's obvious that only Ye Chen is worthy!"

Chen Duo Duo said in exasperation, "Gu Qiuyi! You little white-eyed wolf who forgets her friends! I've been so nice to you!"

Gu Qiuyi spat out her tongue and made a face, "I have to get up now. I'm not going to talk to you, bye!"

After saying that, she hurriedly hung up the call.

Chen Duoduo shook his head helplessly and put Gu Qiuyi's baby away properly before hurrying out of the room and gathering with the other team members before heading to the venue for acceptance.

Su Zhi Fei naturally accompanied him all the way.

The convoy carried Gu Qiuyi's team to the Olympic Centre venue, where the entire show was already fully set up.

The vans arranged by Su Zhifei had already brought the equipment the team had brought from Yanjing to the venue.

Once inside the venue, Chen Duoduo immediately instructed the people around him, "Everyone hurry up and move in their own way, those in charge of the stage section should check and accept all the hardware and equipment, focusing on the lifts, to make sure everything is in order."

"In addition, the lighting technician hurried to connect the computer, test the lighting effect on site, and check one by one to see if there is any equipment damage or hidden problems;"

"Sound engineer, please adjust the sound equipment, also check the status of the equipment one by one, by the way, check the sound field again, make sure that every audience in the arena is in the best state of hearing."

Su Zhi Fei, who was following beside him, heard Chen Duo Duo's words and hurriedly said to Chen Duo Duo, "Duo Duo, for this concert, I specifically asked a friend to get a batch of very good lighting and sound equipment from the United States, because this batch of equipment is really rare, so I took the initiative and asked the executive company to replace the whole package without informing you, so please forgive me. "

When Chen Duoduo heard that the equipment had been changed, he immediately pulled a face, a little nervous and a little angry, "Young Master Su, if I remember correctly, our cooperation with you is limited to you naming this concert, and we donate to charity together with you, how can you change our lighting and sound equipment plan without permission? For a show of this magnitude, all the lighting and sound follows our entire performance programme, even every light on the stage and how it should be lit at every second of every song are all preset within our performance programme, so if you make such arbitrary changes, the stage effect will be greatly reduced in case it cannot match our original programme!

Su Zhifei hurriedly explained, "Duo, please take it easy. I know I have no right to make any changes to the execution plan of your show, but I am doing this out of good intentions. "

Said here, Su Zhi Fei assured: "But Duo Duo, you can rest assured, I have specially invited the best lighting and sound engineers from the United States this time, by them and your original executive team to interface, the equipment is also completely optimized according to your previous program plan, so the performance effect you can feel free to rest assured, only enhance, never compromise. "

Chapter 3018

Chen Duo Duo looked at Su Zhi Fei and said seriously, "Young Master Su, this matter is not just a matter of good or bad performance, the fundamental principle is that we should each do our own job in the cooperation, do our own job well, and at the same time give enough respect to others, it is indeed very inappropriate for you to interfere with our work so directly, if Qiu Yi knew about it, she would definitely be very angry! The!"

I want to ask him why they are collaborating with others to make major changes to our project without our knowledge!" The assistant said hastily, "Get the head of the execution company over here.

The assistant hurriedly said, "Yes, Sister Duo Duo, I'll go and find him!"

Su Zhi Fei hurriedly stopped her and then said to Chen Duo Duo, "Hey Duo Duo, we are all trying to make this concert perfect, so there is no need for you to get so far ahead of yourself in this matter, right? Besides, I paid for the execution company, but they also did their best work in terms of quality and quantity, so you can have someone try out the lighting and sound effects first, as long as the results are higher than the previous set, it proves that all this work was not done in vain."

The first thing you can do is to have someone try out the lighting and sound first, as long as the results are higher than the previous set, it proves that the work was not in vain." said Su Zhi Fei and continued, "Moreover, the lighting and sound equipment is operated by you professionals, whether Miss Gu comes to the rehearsal or performance, what she focuses on is the performance effect, not the brand of the lighting and sound equipment. If she finds out that the show seems to be working exceptionally well, she'll be more than happy. After the show, I'll personally apologize to her, and I definitely won't let you take the blame then.

In his heart, Chen Duo Duo understood Su Zhi Fei's intentions too well.

He was just trying to please Gu Qiuyi by doing this.

What about apologising to her personally after the show?

It should be an invitation to take credit, right?

At this time, Su Zhi Fei said, "Duo Duo, tomorrow Miss Gu will come to the rehearsal and the concert will officially start the night after tomorrow, now that the set has been set up, temporary replacement is definitely impossible, so I'll ask you to do me a favour this time, I promise that it will only be this time and there won't be another time."

Chen Duo Duo thought about it and felt that Su Zhi Fei was indeed right, for a concert of tens of thousands of people, it would take a few days just to set up the on-site equipment, and even longer to transport the equipment, now it was simply impossible to change back to the hardware equipment of the original plan, it seemed that the only way to do it was to make a mistake.

Thinking of this, she had no choice but to instruct the lighting and sound engineers, "You two work hard today, test all the equipment, see if this new set of equipment can be perfectly compatible with our previous scheme, if it can, the best, but if not, then hurry up and fix it, even if you have to stay up all night, we must make sure that everything is done tomorrow!"

The two men agreed without hesitation, and then immediately went to work.

Su Zhi Fei, who was at the side, sighed with relief and gave Chen Duo Duo a hug, saying gratefully, "Duo Duo, thank you so much this time."

Looking at his pious face, Chen Duo Duo secretly sighed in his heart, "This Su Zhi Fei, who has gone to such great lengths for Qiu Yi's concert, will he have an emotional breakdown and die suddenly on the spot when he sees the surprise Qiu Yi has carefully prepared for Ye Chen after the concert starts?"

Chapter 3019

That evening, Chen Duo Duo checked all the hardware and equipment at the performance venue and returned to the hotel after making sure there were no problems.

As soon as she reached her room, she immediately sent a video call to Gu Qiuyi.

When the call was answered, Gu Qiuyi was resting in her boudoir in her pajamas with a face mask on.

She asked Chen Duoduo, "Duoduo, is everything done at the venue?"

Chen Duoduo nodded: "It's all done, so when you arrive tomorrow, you can rehearse directly."

"That's good!" Gu Qiuyi breathed a sigh of relief and said with a serious face, "I've been to so many concerts before. Not once have I been as nervous as I am now, this concert must not go wrong in any way."

Chen Duoduo remembered the matter of Su Zhi Fei, so he said, "Right, Qiu Yi, there is something I need to report to you."

"Go ahead."

Chen Duoduo then said, "That Su Zhi Fei, in private, bribed someone from the executive company to change all the lighting and sound equipment for the concert."

"What?!" Gu Qiuyi instantly questioned angrily, "What gives that Su Zhi Fei the right to do that? What right does he have? You must hurry up and contact someone, no matter what method you use, you must change all the equipment back for me before the show!"

Chen Duoduo hurriedly reassured, "Qiu Yi, don't worry, the equipment is like this, although the whole thing has been replaced, it hasn't been reduced. Nor was there any malicious damage, instead he personally paid to rent the best stage equipment currently available from the United States."

Saying that, Chen Duo Duo's tone was already a little excited and said excitedly, "Our lighting and sound engineers have already done the joint tuning of the equipment today, and the effect is really, really great! To be honest, I've never seen a concert with such a high configuration, even Michael Jackson's concerts during his lifetime couldn't reach such heights in terms of hardware. When the time comes, the stage effect will be particularly explosive!"

When Gu Qiuyi heard this, although she was relieved, she was still more or less uncomfortable in her heart.

She said sullenly, "This Su Zhi Fei is too broad-minded, this is my concert for brother Ye Chen, there's no need for him to offer his attention at all!"

She hurriedly added, "Right, Duo Duo, have someone calculate for me how much it will cost for him to rent the equipment, and after the concert is over, I'll pay him back every penny!"

Chen Duoduo said, "Why bother, Qiu Yi, Su Zhi Fei is willing to rush to get the equipment, so let him do it, why should we give him the money?"

"That's not the same!" Gu Qiuyi said, "This concert is for brother Ye Chen, if he needs to spend money to upgrade the equipment, then this concert is not pure enough in my mind, it can even be said to be a failure, a blemish! I don't want to take advantage of him and leave myself with such a big regret just to take advantage of him. Besides, it's not like I don't have money, even if he spent a hundred million on upgrading his equipment, I could still afford it."

"That's not so bad." Chen Duo Duo said, "I heard from the sound engineer that it would probably cost an extra twenty million or so."

Gu Qiuyi immediately said, "Then let's give him thirty million after the concert!"

Chen Duoduo said, "Give him this time, but you still have to think about what we'll do if he does it again next time. After all, you've got quite a lot of concerts this time."

"It's fine." Gu Qiuyi said confidently, "Don't worry, after this concert, he will definitely stop pestering me."

Chapter 3020

Chen Duo Duo nodded thoughtfully, "That's also right When you light up the surprise for Ye Chen at the concert, Su Zhi Fei will definitely not pester you anymore."

When he said this, Chen Duo Duo sighed with relief and said, "In that case, I will arrange for the finance to prepare a cheque for 30 million and give it to him first thing after the show."

"Good, then you'll be the one to give it to him then, I don't really want to deal with him."

"Okay." Chen Duo Duo nodded, and then added, "Oh yes Qiu Yi, when are you coming over tomorrow?"

Gu Qiuyi spoke, "I should take off at around eight in the morning and land at around nine fifty, but I have an appointment with brother Ye Chen. He'll go back to the airport to pick me up then, so you don't have to worry about me."

Chen Duo Duo said, "Today Su Zhi Fei has been asking me about when you're coming, and I suspect that you his style of acting and will probably find a way to pick you up at the airport. You'll have to pay attention in advance."

Gu Qiuyi suddenly said in a depressed voice, "He can't be that boring, can he?"

Chen Duoduo bristled, "Even for us staff, he can personally go to the airport to pick up the plane, let alone you, right? I reckon he's been keeping an eye on the incoming information at Jinling Airport for a long time, so it's possible that he's already seen the information about your flight before it even takes off and the route application."

Gu Qiuyi pondered for a moment. You can also tell the staff at the venue that I won't arrive until 1pm and that I'll go straight to the rehearsal hall when I arrive, so that even Su Zhi Fei will believe it.

Chen Duoduo said, "There's no need to go through all this trouble. Just ask your brother Ye Chen to pick you up, and when Su Zhi Fei sees him, he'll know that you've already got a sweetheart, so maybe he'll back off."

"How would that work." Gu Qiu Yi blurted out, "Brother Ye Chen is still married. If people know about me and him, it won't be good for him if word gets out."

Chen Duo Duo was stunned for a moment before saying helplessly, "Alright then I'll tell everyone later that you'll arrive at 1pm. I hope I can fool Su Zhifei."

.....

The next day.

Ye Chen and Xiao Churan got up early in the morning, and mother-in-law Ma Lan had already made breakfast.

While washing up, Ye Chen received a WeChat from Gu Qiuyi saying, "Brother Ye Chen, I'll be at Jinling Airport at nine fifty, and I'll be out of the airport gate at ten o'clock sharp, is your time okay?"

Ye Chen immediately replied to her with a no problem.
