

Ye Chen 3021

Chapter 3021

Gu Qiuyi then sent another message, writing that she would see you then.

When it was time to eat. Ye Chen took an extra glance at the time, Xiao Churan normally left home at eight o'clock, and he drove her to the hotel site of the Dihao Group before heading to the airport. The time was definitely in time.

While eating, Xiao Churan said to Ye Chen, "Right husband, from today onwards, you don't have to work so hard to pick me up and drop me off every day, I see that there hasn't been any more bizarre murder cases in Jinling in the past few days, so there shouldn't be anything wrong."

Before Ye Chen could say anything, Ma Lan hurriedly said, "Aiya Chu Ran. Maybe the murderer is hiding for the time being, so you should be careful. Don't let anything happen to you!"

Ever since she had moved into Townsend I, Ma Lan had basically realised the reality that she would have to rely on her daughter and son-in-law for her future life.

It goes without saying that her daughter is gentle, kind and obedient to her parents, while her son-in-law, although not to be outdone, is an outsider.

Therefore, on the one hand, she is concerned about her daughter, but on the other hand, she is also worried that in case something happens to her daughter, Ye Chen will turn his back on her mother-in-law.

In other words, Xiao Churan is her guarantee to enjoy a good life.

Although Ye Chen knew that Yu Jinghai's brother Xuan Fengnian was dead and that there would be no more bizarre murder cases like that in Jinling in the future, he still took the initiative to reassure his wife and in-laws and said, "Churan. Let's be cautious during this period and not take things lightly, so it's better for me to take you to the construction site later."

Xiao Churan smiled faintly and said, "Then it will be hard for you to take me to the old city in a while. I'm not going to go to Dihao Group this morning."

Ye Chen asked curiously, "Why are you going to Old Town early in the morning?"

Xiao Churan smiled and said, "The design work for the Empire Group has already been completed and construction has started, so now the company is also taking other design orders, and my staff took on a new client in the old city a few days ago to renovate an old mansion. I did the design, so I had to go there myself and communicate with the owner there."

Chapter 3022

Hearing that Xiao Churan had a new client, Ye Chen didn't think much of it.

Xiao Churan's company had two business lines, one of which was decoration design and the other was decoration undertaking.

Of these, decoration design was Xiao Churan's main business, as she was good at design herself.

As for the decoration contracting business, she is more of a supervisor and the specific work has to be outsourced to the decoration company.

Now that the design work for the Empire Group had long been completed and the actual renovation had been carried out in an orderly manner and was gradually getting on track, Xiao Churan and her staff were freed up to look for other projects.

After breakfast, the couple left home together in a car and Ye Chen drove Xiao Churan to the old town.

After the car had driven some distance, Ye Chen said to Xiao Churan, "Honey, tell me the detailed address you want to go to, so I can drive a navigation and check the road information by the way."

Xiao Churan spoke, "I really don't know the exact door number very well, but I know it's near the Catholic Church in the old city, so why don't you just drive there first."

When Ye Chen heard this, he couldn't help but be a little surprised in his heart.

This was because the old mansion that he had lived in with his parents when he was a child happened to be very close to the church in the old town.

He could not help but think: "The wife's new client, could it be Su Zhiyu's mother, Auntie Du Haiqing Du?"

Thinking of this, Ye Chen felt in his heart that he seemed to be overthinking things a bit.

In the old city, because of the majority of historical buildings, many old mansions were not allowed to be demolished and renovated, but there were still a large number of citizens living there, so Xiao Churan's client should not be Du Haiqing by such a coincidence, right?

At a certain moment, Ye Chen also thought about whether to ask his wife implicitly, such as what her new client's surname was or something like that, but thought better of it.

After driving the car to the Catholic Church in the old town, Ye Chen turned left under the direction of Xiao Churan. Seeing that he was getting closer and closer to the old mansion where he had lived as a child, Ye Chen had a growing sense of foreboding in his heart.

Sure enough, when the car drove to the alley of the old mansion, Xiao Churan pointed clearly at the old mansion and spoke, "Honey, my client is that one, just park the car at the entrance."

Ye Chen sighed in his heart, "This is really what should come and you can't avoid it even if you want to."

Then, he asked Xiao Churan in a casual manner, "Honey, I have something to do later, do you need me to wait for you here?"

"No need." Xiao Churan busily said, "If you have something to do, go and go about your business, I reckon it will take me all morning, after I finish here I'll take a taxi to the hotel site of the Empire Group by myself, you can pick me up there in the evening."

"Okay." Ye Chen breathed a slight sigh of relief.

What he was thinking now was that it was best not to meet with Du Haiqing and Su Zhiyu's mother and daughter in this situation.

So, he slowly parked the car at the entrance of the old mansion, ready to wait for Xiao Churan to get out of the car and then hurry up and leave.

However, what he feared came to him.

He had just parked his car when a black Mercedes-Benz sedan pulled up behind his car.

The driver was a middle-aged male, and after he got out of the car, he immediately opened the two rear doors, and Su Zhiyu and her mother Du Haiqing stepped down left and right.

It was at this time that Xiao Churan also pushed the door and got out of the car.

The mother and daughter just happened to see Xiao Churan from behind, so Du Haiqing shouted in surprise, "Manager Xiao!"

Xiao Churan hurriedly turned around and when she saw that it was Du Haiqing, she hurriedly smiled and said, "Hello, Auntie Du!"

Du Haiqing smiled and said, "Manager Xiao, why are you here so early?"

Chapter 3023

Xiao Churan said politely, "Auntie Du, we have a lot of renovations to do this time, so I came early to confirm with you in detail."

Du Haiqing nodded, pointed to Su Zhiyu at her side and said to Xiao Churan, "Manager Xiao, let me introduce to you, this is my daughter, Su Zhiyu."

After saying that, she also said to Su Zhiyu, "Zhiyu, this is the owner of the design studio I told you about, Xiao Churan."

Su Zhiyu nodded slightly and said politely, "Hello, Manager Xiao!"

Xiao Churan busily said, "Don't call me manager Xiao, just call me Churan."

Saying that, she saw that Du Haiqing had introduced her daughter for herself, so she naturally had to introduce her husband out of courtesy, so she hurriedly turned sideways and said to Ye Chen in the car, "Honey, you should also come down and say hello to Auntie Du and Miss Su."

In fact, Ye Chen was sitting in the car and had already seen Du Haiqing and Su Zhiyu in the back through the car's rear view mirror.

Just when he was thinking of hurrying up and driving away, he didn't expect his wife Xiao Churan to ask him to go down and say hello to them.

In the present situation, it was definitely impossible for him to just kick the accelerator and leave.

So, he had to stiffen his head and step out of the car.

Just as Ye Chen got out of the car, he was recognised by Su Zhiyu, who had excellent eyesight.

Just as Su Zhiyu's eyes widened and the phrase "benefactor" almost came out of her mouth, Du Haiqing was also astonished, never expecting that this designer she was working with would be Ye Chen's wife.

Just as the mother and daughter were surprised, Ye Chen hurriedly took the lead and spoke, "Hello, first time meeting, please take care of us."

With this first time meeting, Ye Chen instantly made Su Zhiyu and Du Haiqing understand.

Ye Chen definitely did not want the two of them to reveal the truth of their acquaintance with him in front of his wife.

Thus, Du Haiqing hurriedly said with a smile, "You two are really a talented man and a beautiful woman."

Su Zhiyu stood by the side in silence, her heart a little sour, while she could not help but look at Xiao Churan and compare herself with her in her heart.

Xiao Churan was naturally unbelievably beautiful, but Su Zhiyu did not feel that she was much inferior to her, and if we take into account her background, she would definitely win more than her.

Xiao Churan did not know what was going through Su Zhiyu's mind. When she saw that Ye Chen had already come down to greet Du Haiqing and her mother and daughter, she looked at Ye Chen and said gently, "Don't you still have something to do, husband? Then you should go ahead and get busy, I also have to go in with Auntie Du to check the proposal."

Ye Chen nodded and said smoothly, "Okay, then I won't keep you guys busy with your business."

Chapter 3024

After saying that, he looked at Du Haiqing and Su Zhiyu and smiled, "Auntie Du and Miss Su, goodbye."

Du Haiqing and Su Zhiyu also politely said goodbye to him, and then they watched Ye Chen drive away together with Xiao Churan.

Seeing Ye Chen leave, Xiao Churan then said to Du Haiqing, "Auntie Du, let's go in."

"Good." Du Haiqing smiled faintly and led Xiao Churan into the courtyard of the old mansion together.

While the three of them were walking, Du Haiqing asked with interest, "Churan, how did you and your husband meet?"

Xiao Churan smiled faintly and said truthfully, "My husband and I were introduced by my grandfather."

"Introduced by your grandfather?" Du Haiqing was curious and could not help but ask, "Then how did you get together?"

Xiao Churan said somewhat awkwardly, "How can I tell you this The two of us actually got married at the request of my grandfather"

Su Zhiyu couldn't help but ask nosily, "Huh? Didn't you guys fall in love together freely?"

Xiao Churan bit her lips and said truthfully, "Before we got married, the two of us actually didn't know much about each other"

Su Zhiyu suddenly got a little excited and blurted out, "Isn't that equivalent to an arranged marriage in feudal society?"

Su Zhiyu's words caused Xiao Churan to become more embarrassed all of a sudden.

She stroked the hair between her temples and stammered, "This I don't know if it's considered an arranged marriage"

Su Zhiyu couldn't help but say, "The two of you didn't know each other before you got married, so naturally you didn't have any emotional foundation, and without an emotional foundation while tying the knot at your grandfather's request, isn't this a typical arranged marriage? Just like the literary magnate Mr. Lu Xun back then, he and his original wife, Ms. Zhu An, also had little affection and were married at the request of Mr. Lu Xun's mother."

As she said this, Su Zhiyu suddenly thought of something and asked out of the blue, "Mr. Lu Xun and Ms. Zhu An never seemed to be married all their lives, so you two wouldn't be the same, would you?!"

Faced with Su Zhiyu's blunt words, Xiao Churan looked even more shoddy and said awkwardly, "I I this this this"

Xiao Churan's nervousness and shortness of breath suddenly caused a pleased look to float in Su Zhiyu's eyes.

She felt that she should have guessed correctly, and that was why Xiao Churan was acting so unnaturally.

If her guess was indeed correct, then Ye Chen and her were just a couple in name only.

In that case, wouldn't that mean that he had a better chance?

On the side, Du Haiqing also saw some clues from Xiao Churan's performance, and she also realised that this was a wonderful situation for her daughter.

However, she was at the same time ashamed of herself for thinking this way, after all, this kind of thing was not honourable and even a bit despicable.

At this moment, Su Zhiyu hurried forward and took Xiao Churan's arm in a self-effacing manner, asking in a low voice, "Churan, how long have you been married to your husband?"

Xiao Churan truthfully said, "We have been married for four years."

Chapter 3025

"Four years?" Su Zhiyu asked in mock surprise, "Then can you tell me how you got along during the four years of this arranged marriage of yours? Did you respect each other as friends, or did you act in front of people and basically not interfere with each other afterwards?"

Xiao Churan was even more embarrassed by Su Zhiyu's question, and was at a loss as to what to say.

But the more embarrassed she was, the stronger Su Zhiyang's suspicions became, and she felt more relaxed.

Seeing that she had made Xiao Churan blush, Du Haiqing hurriedly said to Su Zhiyu, "Zhiyu, stop talking nonsense here, how can you gossip about other people's privacy?"

Su Zhiyu also realised that it was really inappropriate for her to do so and said hastily and apologetically, "Sorry, Churan, I was too nosy."

Xiao Churan breathed a sigh of relief and said, "It's fine, it's fine."

After saying that, she hurriedly took out her tablet computer from her bag, opened the sketch she had designed and said to Du Haiqing, "Auntie Du, let's talk about the plan!"

Du Haiqing said obediently, "Yes, let's talk about business!"

Su Zhiyu was a bit excited at this moment.

All along, she had felt that there were too many obstacles in between herself and Ye Chen, and the possibilities were slim to none.

Among them, the biggest obstacle was Ye Chen's wife, which was comparable to the insurmountable Mount Everest.

Secondly, there was Gu Qiuyi, who was married to Ye Chen, and even Ye Chen might have more confidantes whom he did not know.

However, what she had just discovered had given her a little more confidence deep inside.

For, the biggest obstacle did not seem to be as difficult to cross as she had imagined.

This instantly gave her the feeling that the light would come to light.

So, while her mother was chatting with Xiao Churan about the scheme, she hurriedly walked out of the old house and into the courtyard, before she took out her mobile phone and sent a WeChat voice to Ye Chen: "Eunuch, I didn't expect you and your wife to be in an arranged marriage!"

On this side, Ye Chen left the old town and was driving to the airport.

On the way, he was still thinking back to the meeting with Du Haiqing and Su Zhiyu, and he couldn't help but sigh in his heart: "Jinling is still small in comparison, if things go on like this, there will be more and more chances of bumping into various acquaintances in Jilin in the future, moreover, there will be more and more people who know his real identity, if this goes on, sooner or later, there will be a time when paper can't cover fire. "

Apart from feeling that Jinling was a bit smaller, Ye Chen also felt that there were more and more people pouring into Jinling from all directions.

Su Zhiyu was here, so was Ito Nanaiko, and soon Gu Qiuyi.

Chapter 3026

I just didn't know where these people would go after Gu Qiuyi's concert.

Just when Ye Chen was feeling emotional, he suddenly received a WeChat from Su Zhiyu, and when he hit his eyes, he was shocked by the content of the WeChat.

When he looked at the time, he had just left for five minutes, how could Su Zhiyu have gotten these things out of Xiao Churan's mouth so quickly?

He lamented Su Zhiyu's shrewdness while replying to her with a voice message, "What's wrong with arranged marriages? Although my wife and I are in an arranged marriage, we have a good relationship."

Seeing that Ye Chen had returned a voice message, Su Zhiyu cautiously put her phone to her ear and listened to the message from Ye Chen.

Afterwards, she lowered her voice and replied, "Eunuch, don't lie to me, I guess you and your wife are not only in an arranged marriage, but you two should have never been married, right?"

Ye Chen didn't expect this Su Zhiyu's eyes to be so poisonous, so he said evasively, "There's no need to tell you everything between the two of us, is there?"

Su Zhiyu replied seriously, "Avoiding talking about it is a sign of weakness. Moreover, if you two have a good relationship and have the reality of being married, then you can't have been married for four years without children, so I'm sure you two are in a shaped marriage!"

Ye Chen was helpless at her speculation and did not admit or refute it, saying indifferently, "How you guess is your freedom."

Su Zhiyu immediately took the good advice and said, "Your Excellency doesn't want me to guess, then I won't guess, your Excellency must not be angry with me."

She said, without waiting for Ye Chen to make a statement, she hurriedly added, "By the way, Your Excellency, I have an appointment with Miss He to meet at 9:30 this morning at the Empire Group to discuss the details of the subsequent cooperation, I wonder if Your Excellency will be there?"

Ye Chen replied, "I have something to do today, so I won't go there, but I have asked Hong Wu to contact Zhiqiu, when you meet with Zhiqiu, he should also go there, I have promised to give him the supply of materials for the cargo ship, as well as the security work at the pier, so he will also cooperate with you in the future, if you have any requests or needs, you can directly mention them to him. "

Su Zhiyao then said, "Okay Your Grace, I will discuss it in detail with Miss He and Mr Hong."

As she said that, she suddenly remembered something and opened her mouth to ask: "Right, Your Grace, you are not going to pick up Gu Qiuyi from the airport today, are you?!"

Hearing this, Ye Chen could not help but frown and asked her, "Why do you say that?"

Su Zhiyu said truthfully, "I know that Your Excellency and Gu Qiuyi have a marriage contract, and their family has reportedly not given up looking for Your Excellency for so many years, and combined with the fact that she suddenly chose the first show of her concert tour in Jinling, I can basically guess that she must be doing this for Your Excellency, since Miss Gu has come all the way here, it is reasonable for Your Excellency, as the host, to go to the airport to pick up the plane. "

When Ye Chen heard this, he could not help but feel in his heart that this Su Zhiyu was indeed very clever, even so clever that he could not help but feel a little wary of her in his heart!

Chapter 3027

By the time Ye Chen left for the airport, Su Zhi Fei had also learnt, from his own sources, the departure time of Gu Qiuyi's private jet.

His spy at the venue also told him that Gu Qiuyi would not be at the venue for rehearsals until after 1pm.

The timing of the take-off and the rehearsal coincided perfectly, giving him a firm grasp of Gu Qiuyi's schedule.

He felt that since Gu Qiuyi would not land until after twelve or nearly one o'clock, he did not need to rush to the airport.

So, he explained to his men that he would leave at 11:30 sharp and set off to meet Gu Qiuyi at the airport.

However, what he did not know was that Gu Qiuyi was already sitting on the plane to Jinling at this time.

Ye Chen's arrival time at the airport was. 9:30am, and when he arrived, Richard Chen had already arrived.

Under Chen Zekai's leadership, Ye Chen drove his car inside the airport and went straight to the hangar all the way.

In order not to expose Gu Qiuyi's identity, Richard Chen used his connections to move all the staff as well as the other planes out of the hangar, which could hold four planes.

Before ensuring that Gu Qiuyi's plane pulled in, he and Ye Chen were the only two people in the entire hangar.

Fifteen minutes later, the official plane Gu Qiuyi was on landed at Jinling Airport, and then followed the guidance car, gliding all the way to the hangar.

As soon as the plane pulled in, Chen Zekai fished out a bouquet of flowers from his car and handed it to Ye Chen, saying, "Young master, these are the flowers you asked me to prepare."

Ye Chen was surprised and asked, "When did I ask you to prepare flowers?"

Chen Zekai hurriedly lowered his voice and said, "Young master, Miss Gu has come a long way, if you don't even prepare a bouquet of flowers, how can you justify it?"

Ye Chen looked down at the large handful of roses and said awkwardly, "Even if it's flowers, it's not appropriate to send roses, right?"

"Harm!" Chen Zekai was busy waving his hand: "Young master, there's nothing inappropriate about it, it would be inappropriate if there were no flowers."

As soon as Richard Chen finished speaking, the hatch of the business jet in front of him slowly opened outwards, the open hatch flipped to the ground and became a staircase, and Gu Qiuyi ran down happily like a gust of wind.

"Brother Ye Chen!

Seeing Ye Chen, Gu Qiuyi shouted sweetly from a distance, then ran to Ye Chen, saw the bouquet of flowers he was holding, and said excitedly: "Wow! Brother Ye Chen, these flowers are

This is for me?

Ye Chen looked at the flower in his hand, but he could only nod and smile: "Yes, it's for you!"

"Great! Gu Qiuyi happily took the flowers, looked around and saw that there were no outsiders except Richard Chen, so she immediately stood on tiptoe and gave Ye Chen a kiss on the cheek, saying sweetly, "Thank you, brother Ye Chen!"

At this moment, Richard Chen hurriedly turned his head with a bad smile and walked to the side.

He knew very well in his heart that the scene of Gu Qiuyi kissing Ye Chen just now, if it was filmed, it could occupy the front page headlines and the number one hot search for at least a week if it was posted on the internet.

Unlike Zhong Tianyu, whose popularity is based on hype and money, Gu Qiuyi's popularity is completely real. In China, she is a national idol, the dream girl of all men, and her status is much higher than Japan's national wife, Yuki Niigaki.

On the other hand, Ye Chen pretended to touch his face and said to Gu Qiuyi: "Nui Nui, you must have had a hard journey, I'd better take you to the hotel first to rest a bit.

Gu Qiuyi hurriedly took his arm and asked him, "Brother Ye Chen, do you have something to do later?"

Ye Chen shook his head: "Not really, what's wrong?"

Chapter 3028

Gu Qiuyi pouted, " Then why don't you have lunch with me at the hotel at noon?"

"Sure." Ye Chen agreed without thinking, he wasn't going to go home at noon anyway, so it was the same wherever he ate.

So he took the initiative to pull open the passenger door and said: "Come on, I'll take you to Buckingham Palace.

"Okay!" Gu Qiuyi hurriedly sat in with the flowers in her hands.

Ye Chen greeted Chen Zekai, who also got into his car and drove ahead to lead the way out of the airport.

On the way, Ye Chen asked Gu Qiuyi, "Nui Nui, when will Uncle Gu and Auntie Lin come over tomorrow?"

Gu Qiuyi said, " They should also be here by this time tomorrow, or maybe a little later.

Gu Qiuyi said, "Right, brother Ye Chen, if you have nothing to do tomorrow. If you don't have anything in the morning, we can come together to pick them up at the airport!

Ye Chen nodded and said, "Okay, you can confirm the time with Uncle Gu and Auntie Lin later, and then we can come to the airport together to meet them.

Gu Qiuyi immediately took out her mobile phone and said with a smile, "No need to wait for later, I'll send a video to my dad now."

Ye Chen was busy saying: "Rather, there is no hurry, ask now, the story may be at work, it doesn't matter if you ask at night.

Gu Qiuyi waved her hand: "It's okay brother Ye Chen, I have to give them a safe report anyway.

With that, she clicked on the request for a video call.

Soon, Gu Yanzhong picked up the video and asked with a smile, "Nui Nui, you've landed safely in Jinling, right?"

Gu Qiuyi said with a smile, "Dad, I've already arrived, brother Ye Chen came to pick me up."

Saying that, she hurriedly raised her phone to her right so that the camera could just capture Ye Chen, who was driving on the left, in.

When Gu Yanzhong saw Ye Chen, he immediately said with a smile: "Aiya Chen'er, it's hard for you to make a special trip to the airport to pick up your daughter!"

Ye Chen laughed: "Uncle Gu, that's too much to ask, how can I not come to pick up Nui Nui when she comes to Jinling."

Gu Yanzhong said with a smile, "Originally, your Aunt Lin and I also planned to go there today, but the group has a board meeting, so we really can't get away today, so your Aunt Lin and I will go to Jinling tomorrow morning to meet you."

Okay, Uncle Gu. Ye Chen said, "I will come with my daughter to pick you and Auntie Lin up at the airport tomorrow."

As he was talking, on the other side of the video, Lin Wanqiu walked into Gu Yanzhong's office and said, "Old Gu, everyone is almost here, so come over here too."

Gu Yanzhong smiled and said, "I'm talking to Nui Nui and Chen'er on Video, do you want to come and have a word with Tatsuo?"

Is that so? Lin Wanqiu said joyfully, then hurriedly ran behind Gu Yanzhong, slightly leaned down and smiled at the camera: "Chen'er, tomorrow is your birthday, auntie wishes you a happy birthday in advance ah!"

Ye Chen was busy saying: "Thank you Auntie Lin!"

Lin Wanqiu had long treated Ye Chen as her son-in-law, or even as her own son, so she was very close to him in her heart and said with a smile, "You haven't come to Yanjing to see your Uncle Gu and me for a while, we both miss you, your Uncle Gu is talking about you every day in Yanjing."

The company's main business is to provide a wide range of products and services to the market.

Gu Yanzhong nodded and said to Ye Chen, "Look Chen'er, your Aunt Lin and I really treat you like our own child, if you have time in the future, you must come to Yanjing often to see us!"

Ye Chen agreed without hesitation and said, "Don't worry Uncle Gu, I will definitely do so."

Gu Yanzhong nodded in satisfaction and said: "Chen'er, your Auntie Lin and I have to go to a board meeting, so we'll leave it at that for now, we'll talk about it when we meet tomorrow!"

Chapter 3029

Hearing that her parents were going to a meeting, Gu Qiuyi hurriedly said: "Mom and Dad, don't hang up yet, I haven't shown you the flowers that brother Ye Chen gave me yet!"

After saying that, she hurriedly switched the camera and took a picture of the bouquet of flowers on her lap.

Lin Wanqiu on the other end of the video said with a smile, "Aiya, such a big bouquet of roses, Chen'er is really thoughtful! I've been with your father for so many years, and it seems like your father hasn't given me many flowers.

Gu Yanzhong said awkwardly: "We are old married, how can we still talk about this," he said.

Lin Wanqiu gave him a blank look and said: "So this is the difference between you and Chen'er, look how romantic Chen'er is? Even if it's just picking up the plane, a bouquet of roses will be prepared.

Ye Chen was speechless for a while.

At this time, Gu Qiuyi said with a smile: "Dad, did you hear that, learn more from brother Ye Chen in the future!"

After saying that, she said contentedly: "All right, I'm done showing off, you guys go busy, hang up now!"

After Gu Qiuyi hung up the video, Ye Chen asked her curiously: "Nui Nui, now Auntie Lin is also busy with Gu's group's affairs?"

Yes .

Gu Qiuyi nodded and smiled, "Ever since my dad recovered, the group has been growing as fast as if it had been hit by chicken blood. There are a lot of things to do, and dad doesn't particularly trust my two uncles, so my mum went to give him a hand."

She said, Gu Qiuyi sighed: "My mum is also really a strong woman, she is even more committed than my dad when it comes to work, during this recent period of time, she is obviously a bit more haggard than before, which is oddly heartbreaking.

Ye Chen smiled faintly and said: "Then when Uncle Gu and Auntie Lin come tomorrow, I will give them a pair of medicine to take a - eat, it will definitely have a great relief for their bodies.

Gu Qiuyi smiled cheekily and said: "That's really great! Brother Ye Chen, you have such a good prescription, why don't you just give me a pair to take as well, I've been having a hard time lately too!"

"Sure." Ye Chen said casually, "That's just a matter of words?"

Gu Qiuyi nodded, remembered something and hurriedly asked, "Right brother Ye Chen, what about that Zhong Tianyu now? What exactly did you do to him to make him make the decision to quit the entertainment industry?"

"He ah." Ye Chen said casually, "I asked Hong Wu to arrange for him to go out to sea to fish first. Huh?"

"Gu Qiuyi asked with a surprised face: "What? Go fishing at sea? His agency announced that he was going abroad to study?"

Ye Chen laughed: "still want to go abroad to study? The beauty of his liver pain! I gave him a three-year seaman internship, three years shall not get off the ship, this is not yet the ocean shipping group's business up well, first arranged for him to go to the fishing boat internship, this time is estimated to have been to the South China Sea, began to fish.

Gu Qiuyi snorted out a laugh and said: "Ye Chen brother you are too damaging, why let him go as a sea

Ye Chen said in a joking tone: "The main thing is that too many people live in the dog farm, which is still expanding, and count his kid lucky.

Gu Qiuyi froze, did not understand the question: "Ye Chen brother, what dog farm ah? What does it mean to live in a dog farm?"

Ye Chen waved his hand: "Nothing, this kind of thing is inappropriate for children, you do not need to know too much detail.

Gu Qiuyi spit out her tongue, said good-naturedly: "Okay, then I do not ask.

Said, Gu Qiu Yi asked him again: "Right Ye Chen brother, you Qingming Festival is to return to Yanjing to participate in the ancestral ceremony, right?"

Chapter 3030

Ye Chen nodded: "Yeah, what's wrong?"

"Nothing. Gu Qiuyi said: "Isn't the Qingming Festival in April, there are still more than twenty days left, which means that I will be able to see you in Yanjing again in twenty days or so.

Ye Chen smiled faintly: "Yes, I will definitely visit you and Uncle Gu and Aunt Lin at home then.

Gu Qiuyi said, "You've timed this just right, because I'm going to the United States in the middle of April."

Going to America?

Ye Chen asked curiously

He said, "Why are you going to America all of a sudden?"

"It's not sudden." Gu Qiuyi said, "I'm going to quit the entertainment industry, so I want to do more concerts to give my fans an explanation, I have many fans in Europe, America, Japan and Korea, most of them are Chinese. The concert will be held in New York, Chicago, Los Angeles, Houston and Seattle in the United States, and then move on to Japan and Korea for three more shows each.

Ye Chen wondered, "Why not first

Finish the Asian shows and then go to Europe and America? You've been tossing and turning for more than half a month, and you're going to have to toss and turn again.

Gu Qiu Yi laughed: "My parents happen to be going to the United States in April for official business, so I'm planning to go with them.

She then asked Ye Chen: "Brother Ye Chen, do you want to go along?"

Ye Chen shook his head and laughed: "I won't be going, there's still a lot going on in Jinling, and April is probably the time when the Ocean Shipping Group is starting up, so I shouldn't be able to get away.

Gu Qiuyi nodded and said with some regret: "The main reason is that I don't feel comfortable going to the United States because I'm not familiar with the place, it's better if I have my parents with me.

Ye Chen said: "America is far away, but it's only a twelve-hour flight, and you're mainly performing for Chinese people, so you don't have to worry about being uncomfortable.

I don't have to worry about being uncomfortable.

Gu Qiu Yi nodded slightly and asked Ye Chen: "Brother Ye Chen, don't you want to go to America to see?"

Ye Chen shook his head: "What would I go to America to see?"

Gu Qiuyi said: "Look at Your grandparents, I heard my mother say that your grandparents are still alive.

Ye Chen was stunned for a moment, and only after a few seconds did he smile unnaturally and said: "I'd better not bother them, after all, I've never met them a few times since we were kids, so I guess they don't have much affection for me, then again, I don't have much affection for them either.

There was one thing that Ye Chen didn't say out loud.

In the past, he didn't know much about his mother's life, and had the impression that he had only met his grandparents when he was very young, so he didn't have much of an emotional foundation with them.

Moreover, after he met He Yuanjiang, the

He Yuanjiang told him that his mother's family was actually much more powerful than the Ye family, and that his grandparents had always been very unhappy with his mother's decision to marry off to his father and follow him back to China.

It was said that mum might even have had a lot of trouble with her mother's family because of this.

Now that mum was no longer alive, he, a grandson who hadn't seen her for over 20 years, was afraid that if he really went to see his grandparents, it would also be embarrassing for them.

Therefore, Ye Chen felt that not bothering them would also be a way of showing respect to them.
