

## **Ye Chen 3041**

### **Chapter 3041**

Saying that Ye Chen was not too attached to the Dihao Group was an expression of Wang Dongxue's true inner feelings flowing out.

She knew that Ye Chen was in the lounge behind the office, so this was said deliberately to Ye Chen.

Ever since Dihao Group changed ownership, the number of times Ye Chen came to Dihao Group was estimated to be no more than ten times in total, and what made Wang Dongxue even more helpless was that every time Ye Chen came to Dihao Group, it was not because of the business of Dihao Group itself.

In other words, Ye Chen, the hands-off boss, never bothered about the development direction of the Dihao Group.

In the past, Wang Dongxue did not have any problem with this, on the contrary, she also liked this feeling of freedom of being 100% trusted and being able to let go of things on her own.

However, ever since she had developed a deep-seated affection for Ye Chen, her careless attitude had made her feel a little aggrieved.

This aggravation mainly stemmed from a feeling of being ignored deep down inside.

She hoped that Ye Chen would come to the Dihao Group more often, even if she was deprived of her decision-making power and everything was left to Ye Chen's own discretion, she had no problem with it.

Because that way, she would be able to see Ye Chen more often.

Unfortunately, Ye Chen had never taken the Dihao Group seriously.

So, Only then did he deliberately take this opportunity to spit it out, hoping that after Ye Chen heard it, he would care more about the development of the Dihao Group in the future.

At this moment, when Ye Chen heard Wang Dongxue's spiteful remark, he was more or less ashamed in his heart.

Thinking about it, he was really a complete hands-off person.

After taking over the Dihao Group, he simply ignored it and entrusted it to Wang Dongxue to manage.

This is just as well, after Jiu Xuan Pharmaceuticals was established, he also directly left it to Wei Liang to run.

Apart from a personal trip to Japan to integrate the Kobayashi family's pharmaceutical company, I have never bothered with Jiu Xuan Pharmaceuticals again.

The company's future is likely to be less involved when the ocean shipping group is launched.

The reason is that when the time comes, He Zhiqiu and Su Zhiyu will be in charge of the company, and He Yuanjiang, a great professor of economics, will be behind it, so it seems that he will not need to use himself at all.

Ye Chen could not help but feel in his heart that he was indeed lucky to have met many reliable, trustworthy and competent men and collaborators, and it was because of their strength that he could be a hands-off boss.

Otherwise, I was afraid that I would have been exhausted by the chores of several companies.

At this time, Su Zhi Fei, who was sitting outside, asked Wang Dongxue with an incredulous face, , "Why is your boss not too interested in your group's affairs? Could it be that he has other business outside?"

Wang Dongxue nodded and said, "Our boss does have some other business outside."

Su Zhi Fei was a little puzzled for a moment.

"I originally thought that the chairman of the Dihao Group, his family just had an Dihao Group."

"In that case, how could he, a mere chairman of a group with a market capitalisation of a hundred billion, be comparable to me, the young master of a multi-trillion asset family?"

"But looking at it this way now, it seems like this chairman of the Empire Group, has other industries outside ....."

"Moreover, he's not even interested in the 100 billion market value of the Dihao Group, which means that the market value of his outside industries is only more than that of the Dihao Group!"

"If that's the case, then this person's strength is a bit unfathomable."

In Su Zhi Fei's opinion, if he only had 100 billion, then everything was clear, his ceiling was at 100 billion, a long way behind himself.

However, if he had more than 100 billion, then everything became confusing.

Not just 100 billion, then it could be 200 billion, or 300 billion or even 500 billion.

## **Chapter 3042**

Once there is no ceiling, then the height is not something one can predict.

This made the sense of crisis deep inside Su Zhi Fei's heart a few points heavier.

In fact, Su Zhi Fei also knew his own weight.

Although he was the eldest son and grandson of the Su family, that was only the halo of the Su family that he had enjoyed.

Grandfather Su Chengfeng dominated the control of the entire Su family, not to mention himself, even his own father had little actual power.

No real power means no real money.

The chairman of the Dihao Group could casually take out tens of billions of cash, but he himself simply could not take out so much money.

In that case, he would be a straw man in front of this Empire Group chairman .....

And why did he go to all the trouble of chasing Gu Qiuyi?

On the one hand, it is because he is really infatuated with Gu Qiuyi, and on the other hand, it is because he has little actual power in the Su family.

Therefore, he desperately wanted to use the Gu family's stature to enhance his own strength, and even wanted to use the Gu family's strength to make his grandfather impressed with him.

In this way, it would also enhance the possibility of him inheriting the Su family in the future.

It was for these reasons that Gu Qiuyi had a powerful strategic significance to his life.

In his mind, there was absolutely no room for error!

When he thought of this, he was even more furious in his heart.

Not only did he hate the chairman of the Empire Group, who dared to come out and take away his love, he also hated his grandfather, Su Chengfeng, a dying old man who still held on to the control of the Su family and was unwilling to let go of it to his younger generation.

He even hated his sister, Su Zhiyu.

She had taken advantage of the grievances she had suffered to forcibly take the entire Ocean Shipping Group from the old man, and even the private island where the old man had retired.

In comparison, she herself had nothing.

Really, nothing .....

The most important thing is that you have to be able to get the most out of your money. If we join forces, I'm sure it won't be any worse than them. Your boss will be interested in such a big deal, so you might as well give him a call or send him a text message to see if he's interested or not."

Wang Dongxue hesitated for a moment and spoke, "In that case, then I'll talk to our Director first and will report back."

Su Zhi Fei was instantly delighted and said offhandedly, "Good! Let's see what he says."

Wang Dongxue took out her phone and sent a message to Ye Chen on WeChat.

It read: Young master, how should I reply to him now?

Ye Chen replied to her: ask Su Zhi Fei if he is really sure he wants to see me.

After Wang Dongxue received it, she put down her phone, looked at Su Zhifei and asked seriously, "Young Master Su, are you sure you want to see our chairman?"

"Of course I'm sure!" Su Zhi Fei said without hesitation, "Vice Director Wang, I don't mean to look down on you in any way, but for such a big business, it is naturally more efficient to talk directly with your boss, don't you think?"

Wang Dongxue nodded, her tone suddenly losing its earlier enthusiasm, and said indifferently, "Good, since you are sure, then I will ask our chairman to come and talk to you."

Su Zhi Fei could not help but frown, he did not expect that Wang Dong Xue would suddenly become cold-hearted, and changed his respectful tone from "you" to "you", which made him feel a little upset and offended.

At the very moment when his anger was rising, a door inside the office was suddenly pushed open and a somewhat familiar voice came with a sneer and asked, "Su Zhi Fei, are you so eager to see me?"

### **Chapter 3043**

Su Zhi Fei never dreamed that a person would suddenly come out from the innermost part of Wang Dongxue's office.

Moreover, what he was more puzzled about was why this person's voice gave him a feeling of déjà vu.

When he subconsciously turned his head and looked at the voice. His entire brain exploded with a buzz, his eyes instantly glazed over, while his mind also went into a momentary haze of dullness!

Naturally, he recognised Ye Chen right away!

After all, the impression Ye Chen had left on him back in Japan was so profound that it was impossible for him to forget Ye Chen's appearance even to his death.

In this instant, he was shocked to the core, and immediately afterwards, he could not help but murmur: "Ah ..... is ..... it you? This ..... how is this possible!!!"

Ye Chen came to meet him and asked playfully under his breath, "What? We haven't seen each other for some days here. When you see me again, you don't even call me your benefactor anymore?!"

Su Zhi Fei was instantly shocked by the powerful aura on Ye Chen's body, and then, the shocking image of Ye Chen killing several Japanese ninjas by himself in Kyoto, Japan, immediately came to his mind!

So his body trembled, immediately bending down and bowing, respectfully saying: "Grace ..... you ..... how come you are here? Ever since we parted in Kyoto, my sister and I have been looking for you, wanting to repay you for saving our lives, but I never thought I would see you here ..... Just now I was too shocked to see you, so I was not polite enough, please forgive me!"

Ye Chen sneered: "Su Zhi Fei, you say you, you don't stay in your own Yanjing, you have to come to Jinling to have a good time, if you want to have a good time, you have to take the initiative to come to Dihao Group to see me, and I came out as you wished. Now you are asking me why I am here, tell me, is there something wrong with your brain?"

Su Zhi Fei exclaimed, "Your Excellency ..... you ..... are the chairman of the Dihao Group?!"

Ye Chen laughed: "What? I am the chairman of the Dihao Group, making you feel surprised?"

Su Zhi Fei was like a quail and said honestly: "This ..... is not hidden from you, I really did not expect ....."

Ye Chen nodded, came straight to the opposite side of him, sat down on the single sofa opposite him with a big grin, propped his hands apart, rested on the backrest and crossed his legs, and Asked him, "Tell me, what did you go to such great lengths to find me for?"

Su Zhi Fei's heart was weak, but he could only say stiffly, "I ..... came to see you ..... to ..... talk to you about a cooperation... .."

Ye Chen nodded slightly and did not break him down, but said casually, "I heard it all just now. You want to invest a few tens to hundreds of billions of dollars to work with the Dihao Group on the new energy car industry, right?"

Su Zhi Fei could only nod his head. Somewhat sheepishly, he said, "Yes ..... yes ....."

Ye Chen smiled faintly, "This is a good thing! Look at this hundred billion investment money of yours, when will it arrive?"

"Huh?" Su Zhi Fei subconsciously asked, "What do you ..... mean, Your Excellency ....."?

Ye Chen casually said, "I don't mean anything, don't you want to make investments with me? Since it's making an investment. You naturally have to take out the money first, right?"

Su Zhi Fei hurriedly said, "This ..... En Gong ..... such a large investment, it is certainly necessary to do a lot of preliminary preparatory work, and this investment is also we set up a joint venture company, and then according to the agreed ratio and valuation, each out of their respective departments of investment ....."

#### **Chapter 3044**

Ye Chen waved his hand: "With me, the rule of investment is that you pay the money into my account first, didn't you come with sincerity? Hurry up and arrange for your finance to credit 100 billion to the Empire Group first, then we can talk about cooperation later."

Su Zhi Fei's cold sweat instantly flowed down like a waterfall. He said nervously, "En ....., your request ..... I really have no way to meet ..... our finance can't possibly make any risk assessment without seeing the contract. Without seeing the contract or conducting any risk assessment, we would be able to put such a huge amount of money as 100 billion into the accounts of other enterprises ah ....."

Ye Chen sneered, "In the end is your finance unwilling to play. Or do you simply don't have that much money and have come here to tell me a lie?"

Su Zhi Fei's back tensed up with a chill and said offhandedly, "Don't misunderstand me, how could I be false with you ..... I sincerely want to cooperate with you ....."

Ye Chen nodded and asked with a smile, "Since you sincerely want to cooperate with me, then first have your finance put a 10 billion cooperation deposit on the account of the Empire Group, if this money is not taken out. You won't be able to leave."

Su Zhi Fei was instantly startled and said offhandedly: "En Gong ..... me ..... Where am I going to get as much as ten billion dollars on a moment's notice!"

Ye Chen sneered, "What? Didn't you say that you wanted to cooperate on projects of tens of billions of dollars? If you're going to work on a hundred billion dollar project, you should have ten billion dollars, right? If you can't even come up with ten billion yuan. If you can't even come up with ten billion, then why did you come over here and say that you want to cooperate with me, doesn't that mean that you are deliberately coming to amuse me?"

Su Zhi Fei panicked beyond belief and explained, "No ..... it's not like that, I ..... I really ..... want to cooperate ..... really want to cooperate!"

Ye Chen nodded: "Really want to cooperate, first call the deposit, the money arrived immediately to start cooperation. Don't worry, I won't covet a penny from you, I will give you a contract and a document when the money arrives. Make sure your money is safe."

At this moment, Su Zhi Fei, seeing that Ye Chen was holding on to the ten billion, his whole body was so nervous that he was sweating, and he didn't even dare to look at Ye Chen.

In the Su family, how could he possibly have the qualifications to mobilise ten billion dollars.

If he were to raise the money immediately, it was estimated that he would only be able to raise 100 million by all means, 10 billion was absolutely impossible.

When Ye Chen saw that he did not speak, he shouted angrily and said, "Speak up! Are you mute?!"

Su Zhi Fei's body shivered and he said in a hurry: "Don't be angry, Mr. Grace ..... I am only representing the Su family to talk to you about an intention to cooperate, although I am the eldest son and grandson of the Su family, I can also represent my grandfather to come out to talk about cooperation. The actual money is really not at the disposal of the power, the specific cooperation of the funds deployment, but also my grandfather's nod. As long as we reach a cooperation and my grandfather has no objection, the money can definitely be cashed in immediately ....."

What Su Zhi Fei is thinking is, no matter what. Let's avoid this day first.

Because he knew very well the terror of Ye Chen, if he could not even pass this hurdle today, then he would definitely be out of luck.

So, he hurriedly assured Ye Chen again, "But don't think too much about it, Your Grace, I and the entire Su family really do sincerely want to cooperate with you and the Dihao Group! I am here to seek cooperation, nothing else!"

Ye Chen smiled, "Since you said you are sincere in your desire to cooperate, then I do have a question for you."

Su Zhi Fei said, "Your Excellency, please say ....."

Ye Chen looked at his sweaty appearance and questioned in a cold voice, "What are you doing investigating my license plate number?!"

### **Chapter 3045**

"Ah?!"

The moment he heard Ye Chen's questioning, Su Zhi Fei's entire body instantly fell into an ice cell!

He finally realized with sadness that he had thought he had hidden his motives well, but in fact, he had already been exposed!

As early as when he saw Gu Qiuyi get out of Ye Chen's BMW and then had someone check the information of that BMW, he had already been completely exposed!

What he couldn't have imagined was that the person behind all this was the benefactor who had great strength and had saved himself and his sister, and even saved his mother and sister the other day!

At this moment, Su Zhi Fei realised that he was the one who was not measuring up to his own strength and hitting the stone with an egg .....

Thinking of Ye Chen's extraordinary strength, and then thinking of the disappearance of his second uncle, his father's disappearance, and the strange death of that Xuan Fengnian, an extremely strong fear suddenly surged in his heart!

He then hurriedly slid off the sofa and knelt down in front of Ye Chen with a poof, saying with tears in his voice, "Your Grace! I was wrong! I really know I'm wrong! It's all my fault, I saw Gu Qiuyi get out of your car and wanted to find out who you were, if I knew you were the one driving the car, even if I had eight or eighty guts, I wouldn't dare to check your car. .... Please forgive me this time, Your Grace! I beg you!"

Ye Chen sneered, "Su Zhi Fei, you should know that you still owe me a life, how can you still have the face to beg me to forgive you now?"

Hearing these words, Su Zhi Fei's entire body was struck by lightning.

He had no doubt at all that Ye Chen could easily take his own life.

Moreover, as Ye Chen had said, he had saved his own life in the first place.

If he could save himself, he could kill himself. With his strength, the bodyguards he had in the conference room would not be enough, so even if he called for help, it would be pointless, and he would probably be dead before the bodyguards arrived.

Thinking of this, he immediately kowtowed to Ye Chen like a madman, choking on a sob, "Sir, please spare me this time, your great kindness, I, Su Zhi Fei, will never dare to forget it! I beg you to let me go for the sake that I did not mean to disobey you, from now on, I will be a cow and a horse to repay you for saving my life!"

Ye Chen waved his hand: "Save it, you know in your own heart, you f\*cking press, you're not the kind of person who knows how to repay a favor!"

"I ....." Su Zhi Fei was stunned in his heart and slyly said offhandedly, "I am! I really am! Your Grace, please believe me!"

Ye Chen sneered, "If you really knew how to repay your kindness, you wouldn't have been so intent on preparing for Gu Qiuyi's concert in Jinling when your mother and your sister's life and death were at stake, you think I don't know people like you? You and your father and your grandfather are all the same kind of person, personal interests are above everything, in front of personal interests, family love is not important, let alone a mere saving of life, don't you think so?"

Su Zhi Fei's body trembled violently in fear, and cried, "Your Grace ..... is not sophistry or denial, but please forgive me for my momentary confusion for the sake of my mother and Zhiyu, I will definitely change my heart and become a new man in the future, and never repeat the mistakes of my father and grandfather again! "

Ye Chen smiled coldly and waved his hand, "Sorry, you don't have a chance!"

Ye Chen was indeed not prepared to give Su Zhi Fei any chance, because this time, Su Zhi Fei had already touched his scales.

And when Su Zhi Fei heard Ye Chen say that he didn't have a chance, his entire person instantly collapsed.

#### **Chapter 3046**

Then, with a snotty nose and a tear, he cried bitterly, "Your Grace ..... saved this dog's life of mine ..... and it is only right that you take it away ..... but I still want to beg you to spare my dog's life, even if it is for the sake of my mother and my sister, spare my dog's life... ..... please, please, please, please... ....."

Ye Chen looked at his tearful and painful appearance, smiled lightly and said, "I have already spared your father's dog life for the sake of your mother and your sister, do you still want me to spare your dog life again?"

Su Zhi Fei subconsciously asked, "En Gong, my father he ..... my father he still alive?!"

Ye Chen smiled lightly, "Your father is now in Syria, although it is impossible for him to come back for a while, but he certainly can't die for a while."

"Syria?!" Su Zhi Fei was dumbfounded and asked, "How could my dad ..... go to Syria?"

Ye Chen said with a smile, "The reason he went to Syria was because he messed with me, originally I should have just killed him and put an end to it, but I stayed ..... for the sake of your mother and your sister.

He was sent to Syria to reflect on his life."

Su Zhi Fei didn't expect that his father had been sent to Syria by Ye Chen, so he couldn't help but ask, "Your Grace, how did my father ..... offend you? As far as I remember, he shouldn't have had any dealings with you. ...."

"How did he offend me?" Ye Chen snorted and said indifferently, "I forgot to tell you, I have a long-standing feud with your Su family, especially with your father and your grandfather."

Speaking here, Ye Chen gave a slight beat, then added, "Oh yes, I also forgot to introduce myself, my surname is Ye, my name is Ye Chen, and my father's name is Ye Chang Ying."

"Ah?! Ye ..... Ye Chang Ying ....." Hearing this, Su Zhi Fei's entire body had been completely stunned.

Su Zhi Fei had never heard of Ye Chen's name, but Ye Chang Ying's great name was something he had heard of for a long time.

He knew very well that his mother had always loved the long-dead Ye Chang Ying.

Even the discord in their parents' relationship was due to the fact that his mother had always had a deep love for a man she couldn't get out of her mind.

However, he never dreamed that the benefactor who saved himself and his sister in Japan would be a man from the Ye family of Yanjing, a long-standing enemy of the Su family!

Moreover, he was the son of Ye Chang Ying!

He was extremely nervous and asked in a trembling voice, "Your Grace ..... are you ..... really Ye Chang Ying's son?"

Ye Chen said indifferently, "That's right, I am!"

After receiving Ye Chen's affirmative reply, Su Zhi Fei knew that it was impossible for Ye Chen to let himself go so easily.

Because not only did his own family have a long-standing feud with his family, but, as he had said, he also owed him a life.

What was even more fucked up was that he had taken the initiative to come to him without knowing his own life.

When he thought of this, his heart was ashen, and his eyes looked at Ye Chen with deep fear as he tentatively asked, "Your Grace, what exactly are you going to do with me? Why don't ..... you send me to Syria as well, so that I can be a companion to my father, and we can both reflect and atone for our sins in Syria ....."

### **Chapter 3047**

To Su Zhi Fei, as long as he could leave him a dog's life now, it would be more important to him than anything else.

Because he knew very well in his heart that Ye Chen had enough strength and enough reason to kill himself.

And with his strength, even if he did kill himself, the Su family probably wouldn't and couldn't even help him take revenge.

After all, his own grandfather hadn't even seen his face, and he was so jealous of him that he couldn't sleep at night!

In order to make peace with him, grandfather had even given the entire Su family's ocean shipping group. All of it was given away to his own sister.

From this, one could see that one's grandfather was extremely afraid of Ye Chen.

Therefore, as long as one could live, even if one was thrown into Syria, it was nothing.

At least, when they got to Syria, they could still depend on their dad and not be alone.

When Ye Chen heard Su Zhi Fei's words begging for mercy, he couldn't help but smile and ask, "What? Do you want to go to Syria too?"

Without hesitation, Su Zhi Fei nodded his head repeatedly and said firmly, "I want to go! I want to go! I beg you to let me go!"

Ye Chen looked at him and smiled faintly, then waved his hand and said in a cold voice, "How can I possibly let you two be reunited in Syria? You guys are thinking too beautifully, aren't you?"

Su Zhi Fei panicked and pleaded, "Your Grace. I beg you, as long as you can spare my life, I am willing to do anything you want me to do. Please, for this reason, give me a way out."

Ye Chen looked at him with a smile but not a word, until he saw Su Zhi Fei's heart scared to the point of hair. Only then did he blandly say, "Su Zhifei, you actually have to be glad that you have a good sister."

Su Zhi Fei was a bit dazed for a moment and asked offhandedly, "What do you mean by this, benefactor ....."?

Ye Chen said indifferently, "I have a big project to work on with your sister now, so for your sister's sake, it's not impossible to spare your dog's life."

In fact, Ye Chen really didn't intend to really kill Su Zhi Fei.

Not only because he still had cooperation with Su Zhiyue, but also because he had a few respects for Su Zhiyue's mother, Du Haiqing, in his heart.

That woman, who had loved her father for so many years and had not done anything to destroy her family, deserved his respect just for her feelings for him.

Even more, it deserved one's gratitude.

Grateful that after so many years of her father's death, there was still someone who remembered him.

After all, a person can die and still be remembered by others. That in itself was not an easy thing to do.

If he really killed Su Zhi Fei, how would he face Du Haiqing in the future?

Therefore, he was also very clear in his heart that he could not kill Su Zhi Fei.

## **Chapter 3048**

When Su Zhi Fei heard Ye Chen's words at this moment, he was also excited and asked, "Your Excellency, have you really decided to spare me this time?"

Ye Chen waved his hand and said indifferently, "It is your fate that you should not die today. However, as the saying goes, a deadly crime can be forgiven, but a living crime is hard to forgive!"

Su Zhi Fei was so excited and did not hesitate to say, "As long as you can spare me, I am willing to do whatever you want me to do! I don't care how you punish me!"

Ye Chen thought about it and said, "How about this, your Su family has always acted coldly and ruthlessly, disowning their relatives and committing grave sins, since you want me to spare your dog's life, then you might as well focus on atoning for your Su family's sins."

"Fine! I'll go and atone for my sins!"

When Su Zhi Fei heard this, although he still didn't know exactly how Ye Chen was asking him to atone for his sins. But he still agreed without hesitation and said offhandedly, "I'm willing to go and atone for my sins! I am willing to go and atone for me, for my father, and for the entire Su family! Tomorrow I will go to the temple to burn incense and worship Buddha and accumulate more yin and virtue for the Su family!"

Ye Chen laughed, "Your family's sins are so deliberate, how can they be solved as easily as burning incense and worshipping Buddha?"

Su Zhi Fei was confused and asked, "Your Excellency, what do you mean?"

Ye Chen said indifferently, "Since the sins are so serious. Then naturally, you need to be more pious and more honed. I think you might as well start tomorrow and use three steps and one kowtow to walk all the way from Jinling to the Da Zhao Monastery in southwest China to make a pilgrimage. Use your most pious heart and most down-to-earth actions to alleviate the sins of your Su family."

Saying that, Ye Chen took stock of the situation and said, "If you go from Jinling to the southwest, it should be nearly four thousand kilometres, your speed will indeed be quite slow if you take three steps and one kowtow, if you walk twelve hours a day, more or less, walking four kilometres is still no problem, so that should get you there in three years time."

"Ah?!" Hearing this, Su Zhi Fei's entire person could barely kneel down to fall crookedly to the ground.

He really couldn't even dream of it. Ye Chen would punish himself in such a way.

"Kowtowing all the way from Jinling to Da Zhaosi?! And you have to keep kowtowing for three years to get there?!"

"Isn't this asking for someone's life?"

"I heard that Kong Delong of the Yanjing Kong family had pedaled a two-eight bicycle all the way from Yanjing to Jinling before, and that had already turned his perception upside down, if he had to kowtow all the way to the southwestern borderlands. Wouldn't that be hundreds or thousands of times more miserable than Kong Delong?"

Ye Chen looked at Su Zhi Fei and asked with a cold smile, "What? You don't want to accept it? If you don't want to accept, don't blame me for not giving you the chance to live!"

Hearing these words, Su Zhi Fei did not even think about it and hurriedly said, "I am willing, I am willing, I am absolutely willing!"

At this moment, Su Zhi Fei had already thought of a response plan in his heart.

In his heart, he thought, "I have to agree and escape from here first!"

"As long as I can escape. I'll do everything I can to get out of China!"

"At that time, the sky is high and the emperor is far away, even if you Ye Chen is capable, you can't possibly look for me all over the world just to punish me, right?!"

Ye Chen seemed to have seen through his plan a long time ago as he smiled faintly. He opened his mouth and said, "Since you have agreed, there is no chance of backtracking."

"No backtracking! I absolutely won't back out!" Su Zhi Fei stated his position one after another, only thinking of getting out of the way in a hurry.

At this moment, Ye Chen stood up and used his finger to lightly tap the top of Su Zhi Fei's head, a trace of aura surged into Su Zhi Fei's brain from his fingertips.

Immediately afterwards, Ye Chen spoke in a tone of voice that left no room for doubt, "Su Zhi Fei, remember. After you leave here, go back home, lock yourself in your room and don't go out, don't talk to anyone, and when people ask you, just say you want to be alone. Just say you want to be alone."

"At nine o'clock in the evening, you will come out of your room, gather your family members, and connect to your grandfather by video, and tell them that after careful consideration, you feel that your father and grandfather are all deeply sinful people, so you have decided to start kowtowing at seven o'clock tomorrow morning and kowtow all the way to the Da Zhao Monastery, so as to pay for the sins of the Su family, and if Su Chengfeng dares to stop you or threaten you, you will count out his If Su Chengfeng dares to stop you or threaten you, you will count out his crimes and scold him!"

"In addition, before you confess to your family tonight, you will have to record a video, and after you finish talking to your family, you will immediately post it on the short video platform and recount your decision to the whole nation. If anyone stops you at that time, you will be forced to die."

"However, I am not the one who is unreasonable and without compassion, considering that you are not too fit for this. I'll allow you to take a few extra attendants along the way, maybe even a personal doctor, so they can keep you alive all the way, but remember. You still have to walk the road yourself step by step, and you have to kowtow one by one!"

"All you have to do on this journey is to redeem yourself religiously, and after you arrive at the Da Zhao Monastery, you can go back to Jinling and come to me at the Dihao Group, do you understand?"

At this moment, Su Zhi Fei's whole person instantly looked a bit dull, and his eyes also looked a bit hollow, but his tone became very firm as he said, "Don't worry, my benefactor, I understand!"

## **Chapter 3049**

In fact, Ye Chen had long known that Su Zhi Fei was pursuing Gu Qiuyi.

Based on the principle of "freedom of love", he did not want to interfere with Su Zhi Fei, and even though Richard Chen had suggested that he intervene, he had not moved to do so.

Ye Chen also felt that everyone had the right to like others and to be liked by others.

As long as the liking was fair and reasonable, no one had the right to interfere.

But Su Zhi Fei's mistake was that he himself did not make this point clear.

When he found out that he had driven Gu Qiuyi to the venue, his first thought was to investigate his own identity, point the finger at himself, and even investigate his wife's license plate, which completely violated the basic principle of "freedom of love".

Therefore, Su Zhi Fei's decision was also the key to his determination to punish him.

It was for this reason that Ye Chen gave him a psychological suggestion.

Psychological suggestion was a very powerful brainwashing function, and with Ye Chen using his aura as a medium, this kind of psychological suggestion was even more drugless.

Ye Chen also knew very well that if he only made a verbal agreement with Su Zhi Fei, then he would definitely backtrack immediately after he left here, and might even escape.

Even if he was forced to kowtow all the way to the Da Zhao Monastery, it was very likely that he would also try every possible way to be sneaky along the way.

The only solution was to give him a strong psychological hint and make him strict with himself.

After this psychological hint is given, he will be like Wu Qi who must refill his meals every hour, no one can stop him and no one can make him give up his demands on himself.

In this way he would be so strict with himself that he would not forgive himself if he took one step less or kowtowed one less.

This would naturally make it impossible for him to cheat.

However, psychological suggestion has powerful side effects.

Once he has accepted this kind of psychological suggestion, his entire normal thinking pattern will also be greatly affected.

At that time, the person might look incomprehensibly like he had turned into a demented fool in the eyes of others.

But to Ye Chen it didn't matter, what he wanted was for Su Zhi Fei to honestly go through these three long years of getting high.

He had once saved his life, and now that he had returned the favour, it was already extraordinarily kind of him not to kill him, and to let him kowtow for his sins was, in Ye Chen's opinion, a kind of preferential treatment for him.

Su Zhi Fei had already been completely psychologically impressed by Ye Chen, and all he could think of was what Ye Chen had told him.

When Ye Chen saw this, he said, "Alright, go and call your men now and ask them to send you home, if they ask you how the talk went, just tell them that this time it was a misunderstanding and that the person you are looking for is not in the Dihao Group."

Su Zhi Fei immediately nodded his head and said, "I understand, Your Grace!"

After saying that, he immediately turned around and walked out without looking back.

### **Chapter 3050**

Seeing this, Wang Dongxue hurriedly asked Ye Chen, "Young master, just let him go?"

Ye Chen nodded, "Let him go, we don't have to worry about the rest."

"Okay." Wang Dongxue then said, "Then I'll send him out so that those people don't get suspicious."

Ye Chen nodded slightly, so Wang Dongxue hurried over and said to Su Zhifei, "Young Master Su, I'll see you off."

Su Zhi Fei nodded woodenly and subconsciously said, "Thank you."

After leaving the door, Su Zhi Fei had just arrived at the entrance of the conference room when his assistant and a group of bodyguards hurriedly got up and came out.

The assistant walked up and asked in a lowered voice, "Have you inquired about the identity information of the chairman of the Imperial Group?"

Su Zhi Fei said indifferently, "This time the matter is a misunderstanding, the person I am looking for is not in the Dihao Group, let's go, you guys take me home."

The assistant was a bit confused, but he wasn't quite sure what Su Zhi Fei had seen in the VIP channel of the arena, so it was possible that Su Zhi Fei was mistaken, so he didn't think too much about it and said, "Okay young master, then we will send you back now."

On the way, Su Zhi Fei didn't say anything, but sat by himself in the car with his eyes closed.

The caravan took him to the Du family residence, and before Su Zhi Fei got out of the car, he said to his assistant, "All right, you guys go and do your own thing, don't worry about me, I want to go home and have a good rest."

The assistant didn't think much of it and hurriedly opened the door for Su Zhi Fei and watched him enter the Du family's mansion before greeting the others and driving away.

When Su Zhi Fei returned home, only the maid was at home, and he didn't pay any attention to the maid's greeting, so he went straight to his room and locked himself up.

The maids thought he might not be in a good mood, so they didn't take it too seriously and didn't come up to touch him.

In the evening, when Du Haiqing and Su Zhiyu came home one after another, the maid told them that Su Zhifei had locked himself up in his room in the afternoon and had not left the house.

The family didn't take it seriously.

After all, Su Zhi Fei was an adult and it was only natural that he would want to be alone sometimes.

However, at nine o'clock in the evening, when Su Zhi Fei pushed his way out of his room, he gathered the whole family together with a serious look on his face and said that he had an announcement to make.

As the family sat down in the living room to hear what exactly he had to announce, he took out his mobile phone and sent a video invitation to Su Chengfeng.

Seeing him send a video to his grandfather, Su Zhiyu was instantly a little upset and questioned, "Brother, why do you want to video with grandfather?"

Su Zhi Fei said seriously, "I have a big decision to announce about myself, so I also want to inform grandpa in parallel."

Su Zhiyu said with a dark face, "Then don't film me and Mum in it too."

Su Zhi Fei nodded and sat a little further away alone.

Soon, the video was connected.

Su Chengfeng asked on the other end of the video, "Zhi Fei, why are you sending me a video at this time?"

Su Zhi Fei said indifferently, "Grandpa, I have a major decision that I need to inform you about."

Su Chengfeng was confused, but still nodded and said, "What's the big decision, just tell me."

Su Zhi Fei sat up straight and said seriously, "I, Su Zhi Fei, after deep consideration, deeply believe that my father and grandfather are people who have sinned deeply, so I have decided, starting tomorrow morning at seven o'clock, to kowtow all the way to the Da Zhao Monastery, in order to pay for the sins of the Su family, I don't know how long this trip will take, but if I can kowtow all the way to the Da Zhao Monastery within three years, I will also pay for the sins of the Su family. If I can kowtow all the way to Da Zhao Monastery within three years, I will come back and kowtow again for another three years!"

Du Haiqing and Su Zhiyu were naturally dumbfounded.

On the other hand, Su Chengfeng's face on the other side of the video was already extremely ugly!

He cursed in his heart, "Has this brat been kicked in the head by a donkey! Saying that I've sinned a lot? Even if I have sinned a lot, I don't need you to pay for my sins by kowtowing to me! You're deliberately trying to make me look bad, aren't you?"

Thinking of this, he shouted angrily with a black face, "Su Zhi Fei! You're simply being nonsensical! Don't forget who you are! You are the eldest son and grandson of the Su family! As the eldest son and grandson of the Su family, instead of being busy with your studies and work, and instead of putting the interests of the Su family as your highest priority, you want to engage in such brain-dead things. Where do you want me to put my face?!"

Su Zhi Fei was unmoved by Su Chengfeng's angry roar and said indifferently, "I have made up my mind! No one can stop me from making my decision! Tomorrow morning at seven o'clock, I will leave on time, and I will ask the netizens of the country to monitor me!"
