

Ye Chen 3071

Chapter 3071

Hearing Ye Chen's words, Lin Wanqiu was not only excited and thrilled, her eyes actually followed suit and turned red.

She was truly touched by Ye Chen.

Never in her wildest dreams could she have imagined that Ye Chen would take out a Spring Returning Pill directly because of her recent exertions, this generosity greatly exceeded her normal perception.

Although the Gu family was very rich, Lin Wanqiu herself and her mother's family were also not bad.

However, the richer she was, the more Lin Wanqiu understood that money was not the most important thing in this world, and that the things that no amount of money could buy were the most precious in this world.

For those poor people for whom even making a living is a problem, even if he knows full well that this job, will hurt his body badly, he is willing to trade his health for this reward in order to support his family.

But for these top wealthy people, who have long since achieved complete financial freedom, their greatest fear is anything that harms their bodies.

And they go out of their way to invest a lot of money just so they can be healthier and keep themselves alive for a few more years and months, or even just a few days.

However, there are times when money is not everything.

Even a billionaire, in his 50s or 60s, cannot stop his body from getting older, his physical strength and his energy from declining.

This is why something like a rejuvenation pill has become the most precious treasure in the eyes of the rich.

This was also why Li Tailai was willing to spend 2 billion yuan in cash to bid for Ye Chen's Spring Return Pill.

If a group of top tycoons of the Gu family were gathered together, the auction price of a Spring Return Pill might even exceed ten billion dollars.

Lin Wanqiu knew very well the value of the Spring Return Pill, so he was naturally excited and grateful.

Gu Yanzhong was even more moved.

After all, Ye Chen had once saved his life and even made him at least ten years younger, such a great kindness, he did not know how he could repay it at all, and now Ye Chen took out another Spring Return Pill and gave it to his family of three, which made him feel even more ashamed.

So, he hesitated for a second and spoke, "Chen'er, you are so kind to our family of three, uncle is really very grateful, but this big gift is really too expensive, uncle is too ashamed to accept it"

At this point, he couldn't help but sigh and added: "It's just that your Auntie Lin's health is really not too good recently, every time I see her working day and night for her work, my heart hurts, so I'll take this cup of water for your Auntie Lin with a shameless face, the remaining two cups you'd better keep for yourself!"

I've already said that this rejuvenation pill is for you, Auntie Lin and my daughter. If she gets tired again, we will all regret it.

Gu Qiuyi said, "Brother Ye Chen, I'm fine, I'm so young, it's okay for me to be tired!"

Chapter 3072

Ye Chen said in a spirit of face: "Don't fool me here, have you forgotten how the two of us met again? If you hadn't been suffering from stomach problems all year round, how would you have been willing to endorse my Jiu Xuan Stomach San? You're only in your twenties and you already have stomach problems, isn't that just the result of running around all day and straining, eating untimely and unhealthy?"

Gu Qiuyi said in a somewhat embarrassed whisper, "Although I've always had stomach problems, but didn't I get cured after taking Jiu Xuan Stomach San" Big deal, I'll bring more Jiu Xuan Stomach San this time, and I promise I won't get stomach problems again."

Ye Chen seriously said, "If a person works too hard, it will hurt not only the stomach, but also the liver and even increase the burden on the heart, there is Jiu Xuan Stomach San for stomach problems, what about the rest? And you have to run such a long tour again this time, what if something goes wrong while one is abroad?"

He looked at Gu Yanzhong and said seriously, "Uncle Gu, since you've been so diplomatic with me, I have to be diplomatic with you too. The plane you gave me is indeed too valuable, so it's not appropriate for me to take it all.

When Gu Yanzhong heard this, he was speechless.

The engines were dismantled and taken away? There is no such thing"

The two engines are so big, what is the use of taking them down?

However, he also knew very well in his heart that Ye Chen really did treat his family of three as his own family, which was why he was so generous to take out another Spring Return Pill.

I can't help but think: "Chen'er treats us as his own family, so naturally I can't be too outsider with him, and Chen'er and Nui Nui have a marriage contract, sooner or later is my son-in-law, if too outsider, it also looks like my future father-in-law is not doing things properly" "

At this thought, he sighed lightly and looked at Ye Chen, saying gratefully, "Chen'er, your kindness to our family of three, uncle will remember it in his heart in this life!"

Lin Wanqiu also said with red eyes, "Yes, Chen'er, the three of us owe you so much, if it wasn't for you, our family would have been ruined long ago"

Ye Chen said, "Auntie Lin, don't say that! If I were to say who owes who, it would be me, Ye Chen, who owes you, Uncle Gu and Nui Nui. For so many years, your family has been worrying about me, worrying about finding me, and even traveling all over the world to find me. This kindness, in my heart, is heavier than a mountain!"

Gu Qiuyi's eyes were also red as she fought back her tears and said, "Dad and Mom, we treat Brother Ye Chen like family, and Brother Ye Chen treats us like family too. Between a family, nothing is too much to do for each other, let's not be polite to each other here, if we say too much polite words, it really seems too foreign!"

After saying that, she looked at the three of them and said seriously, "I'm putting my words here today, I will definitely not be blindly polite with Brother Ye Chen in the future, it's my blessing that Brother Ye Chen treats me well, since it's my blessing, I don't want to shirk my politeness, I just want to enjoy Brother Ye Chen's goodness to me! Of course, I will do the same for brother Ye Chen, no matter how precious it is, as long as brother Ye Chen needs it, I will never hesitate for half a second, and when the time comes, brother Ye Chen cannot be polite with me!"

As soon as the words left her mouth, she picked up one of the glasses of water and said boldly, "Whatever you two, I'll drink to that first!"

Chapter 3073

As soon as Lin Wanqiu picked up the water cup, she drank all the water in it without hesitation.

Immediately afterwards, she experienced the magical feeling that could not be described in words.

It was a feeling that was beyond the perception of adults, a wonderful experience that overturned their worldview.

The pure water that she drank was like a sweet spring that nourished the dry soil under the fast playback lens, and under its effect, life grew as fast as if the accelerator button had been pressed, making the originally dry soil lush in a very short time.

Lin Wanqiu had seen such footage in many documentaries.

A camera is placed in a fixed position, starting from the waning of everything in winter and filming until the flowers bloom in spring.

What is obviously a few months is sped up by the director to be fully rendered in a few seconds.

In a matter of seconds, the harsh winter turns into a warm spring, and everything changes from lifeless to vibrant in an instant.

Whenever Lin Wanqiu saw that kind of footage, she could feel the greatness of life more clearly, so much so that every time she saw it, she would exclaim in her heart the miracle of life.

And this time, she experienced that wonderful feeling in herself, as if her own life had become vibrant again!

The most immediate feeling brought to her by the Revitalising Pill was the rapid improvement in her physical and mental state. Originally, she had always felt a little tired, but now, all that fatigue was swept away in this instant.

Immediately afterwards, she felt that she even breathed more smoothly, as if a patient with a cold and congestion suddenly breathed freely again.

She realised that this was most likely due to the increased lung capacity and the rapid repair of her heart and lung capacity.

In general, people's physical functions start to go downhill gradually from the age of twenty, especially for professional athletes, who are at their best peak at the age of sixteen or seventeen, and this peak state only lasts for five years at most, and then starts to decline slowly.

The main reason for this is the overall decline in physical function, which is slow for the average person, but if you take five years as a point, you can still feel the huge difference.

When you are twenty-five, you can easily run five kilometres in one breath, but at thirty, you may not be able to run three.

Now, she was recovering her form from several years ago at an extremely fast pace, a feeling that shocked her to no end.

Gu Yanzhong and Gu Qiuyi, father and daughter, were also staring closely at Lin Wanqiu's state.

They were not sure for a while what kind of tremendous changes Lin Wanqiu's body had undergone, but what they could see was that Lin Wanqiu's complexion was soon glowing.

The most amazing thing was that the tiny crow's feet at the corners of her eyes began to disappear rapidly, and the lines continued to fade, making her look several years younger all of a sudden.

Gu Qiuyi was so excited that she went up to hug her mother and choked up, "Mom you've become so young all of a sudden!"

Gu Yanzhong also couldn't help but exclaim, "Wanqiu, you've really gotten a lot younger!"

Chapter 3074

Lin Wanqiu looked up at the coated privacy glass of the compartment and looked at herself through the refracted light of the coating, and for a moment she was speechless with shock.

Gu Yanzhong hurriedly went forward and gently swept her up, while she crouched directly on Gu Yanzhong's shoulder and sobbed silently.

Gu Yanzhong spoke up and advised, "Look at you, you're so much younger all of a sudden, many women can't even dream of that, why are you still crying?"

Lin Wanqiu choked up and said, "I was so excited that I couldn't tell the difference between dream and reality and I've never had such a wonderful dream before.... ..Old Gu, tell me, is this reality or a dream?"

Gu Yanzhong said with a smile, "Of course it's not a dream, have you forgotten how Chen'er cured me in the first place? The best cancer experts in the world said that I would die for sure, and I was even prepared to have only one month left to live, but look at me now, I am completely cured, not only cured, but my body is even better than before my life! This is all true, all thanks to Chen'er!"

Lin Wanqiu nodded gently, then looked at Ye Chen, holding back her tears, and said in a moved voice, "Chen'er, aunty really doesn't know how to thank you anymore"

Ye Chen smiled, "Auntie Lin, your long life in the future is the best way to thank me."

Lin Wanqiu's heart was touched to the core, while wiping the tears that came out of her eyes, she nodded her head repeatedly and said seriously, "I will definitely live a long life with such a good child as you and Nanyan, your Uncle Gu and I must do our best to live longer, one day less is a great loss"

Ye Chen hurriedly spoke at this time, "Uncle Gu, Nui Nui, you also hurry up and drink the remaining two cups!"

Only then did the two of them come back to their senses, but the more they realized the miraculousness of this cup of water, the more hesitant the two of them became.

Gu Qiuyi always felt that her family owed Ye Chen too much, so she tried to say, "Brother Ye Chen, why don't I just not drink it, I'm still young, it's too wasteful to let me drink it."

Ye Chen put his face a book and said seriously, "If you don't drink it, then I'll pour it out."

After saying that, he reached out and picked up one of the cups of water, and pretended to pour it on the ground.

Gu Qiuyi was startled, afraid that Ye Chen would really pour out such a valuable thing, so she subconsciously said, "Don't pour, don't pour! Brother Ye Chen, can't I drink it?"

Ye Chen handed the water cup to her and ordered, "Then stop talking so much nonsense and drink it now."

Gu Qiuyi nodded and took the cup of water from Ye Chen's hands with both hands, looking at Ye Chen with deep affection and said emotionally, "Thank you brother Ye Chen!"

Ye Chen rubbed his temples and let out a bitter smile helplessly.

At the side, Gu Yanzhong also realised that being too polite might make Ye Chen feel out of place, so he also picked up a glass of water and said to Gu Qiuyi, "Nui Nui, this is a kind gesture from Chen's son to us.

Gu Qiuyi nodded gently and said in a low voice, "Dad, I know"

Gu Yanzhong smiled and said, "Come on, dad will drink with you, let's both drink together!"

Gu Qiuyi was busy lifting her glass of water and clinking it with Gu Yanzhong's, then plucked up her courage and drank it all in one go.

Gu Yanzhong had long experienced the feeling of turning back the clock, so this time when he experienced this feeling again, although he was excited, he was not surprised.

However, Gu Qiuyi was so surprised that she could not speak.

It was because, she really did not expect that such a miraculous change would occur in her body when this cup of water was consumed.

The whole person really felt as if she had returned to the age of eighteen.

She couldn't help but close her eyes and carefully feel every change that occurred within her body, thinking in her heart, "If I didn't already know that this cup of water was magically effective, even if I was told that I had traveled back six or seven years ago, I definitely wouldn't have half a doubt"

Chapter 3075

Ye Chen looked at the three members of his family, who were at least five or six years younger in body, spirit and outlook, and was particularly pleased.

After the death of his parents, he had always been alone and had never experienced the feeling of having a real family.

After his marriage to Xiao Churan, although Ye Chen had a family, the Xiao family treated him much worse than outsiders at that time.

Even though his mother-in-law and old husband were now treating him very well, Ye Chen knew very well in his heart that this was all in exchange for the benefits and favours he had used, and compared to Gu Yanzhong's family, it was naturally a hundred thousand miles worse.

After all, the three members of Gu Yanzhong's family, their feelings for him were completely from the bottom of their hearts, not mixed with any profit component, this, was the real, pure family.

Seeing that the family's mental state had all improved greatly, Ye Chen smiled faintly and said, "Uncle Gu, Auntie Lin, and Nui Nui, this cup of water just now should be able to maintain your current

physical state for at least three to five years, and during that time, your body's resistance will also exceed that of the vast majority of people, and you basically won't get sick."

Speaking of which, Ye Chen added, "But you should still pay attention to the combination of work and rest, don't let yourselves become even busier and more tired just because your health has become better."

The three members of the family nodded in unison, and Lin Wanqiu wiped away her tears and said seriously, "Don't worry, Chen'er, auntie and your uncle Gu, we will definitely put the combination of work and rest in our work in the future, otherwise, won't we fail to live up to this great gift from you"

Gu Yanzhong also sighed, "That's right, health is the most important thing!"

Ye Chen smiled gratefully and said, "You two can have this knowledge, then I am really happy."

As he was talking, outside the door Hong Wu knocked and said, "Master Ye, the cake Miss Gu ordered is ready, should I send it in now?"

As Ye Chen was about to speak, Gu Qiuyi was busy saying, "Don't be in a hurry yet!"

After saying that, she hurriedly said to Ye Chen, "Brother Ye Chen, wait for me for a moment, I'll go check if there's anything wrong with the cake!"

Then, she said to Gu Yanzhong, "Dad, turn off the lights first, and turn them on later when the candles are blown out!"

Gu Yanzhong hurriedly turned off the lights inside the box, and Gu Qiuyi opened the door of the room a crack and mysteriously got out.

A few moments later, she gently pushed open the door to the room, only to see her pushing a food delivery cart in, and above the cart, there was a large cake with five layers.

The first to the fourth layer of this cake, each layer with six candles, the top layer with three candles, a total of 27.

What surprised Ye Chen was that the top layer of the cake, with two very, very realistic dolls made of fondant.

What surprised him more is that these two dolls are a little boy and a little girl, the boy is a little older, about five or six years old, the girl is a little younger, about three or four years old.

These two children are dressed very dated, at least 20 years from now.

But even if it is already 20 years ago, but still can see that the clothing on the two are very elaborate and detailed.

The posture of the two is also very interesting boy standing in place, obviously short on the head of the girl is shyly holding the boy's arm, and then look closely at the two expressions are also very similar, the boy's expression at this time, some mute, even some do not know what to do, while the girl looks very happy, smiling into a flower.

Chapter 3076

When Ye Chen looked at these two cute dolls, he always had a feeling of déjà vu, but where exactly he had seen them before, he couldn't remember at once.

At this time, Gu Qiuyi beside him looked at Ye Chen with a smile on her face and asked, "Brother Ye Chen, do these two children look familiar to you?"

Ye Chen nodded his head repeatedly and said, "They look familiar, and they look very familiar, but I can't remember where I've seen them before."

Lin Wanqiu said with a smile, "Silly boy, isn't this you and Nui Nui? This is when you two were little, and it was your 6th birthday!"

Ye Chen couldn't help but exclaim, "Is that so? I said why it looked so familiar, but I don't have any specific memory of the image at that time."

Lin Wanqiu nodded and took out a photo album from her handbag, then flipped it open and found an old yellowing photo and handed it to Ye Chen.

When Ye Chen took a look, he found that the photo was of himself and Gu Qiuyi, and their clothes and appearance, their movements and even their demeanour were exactly the same as the flipped sugar dolls on the cake.

Lin Wanqiu, who was on the side, said with a smile: "That day Nui Nui, after you sang the Happy Birthday song, you kept yelling that you wanted to marry your daughter-in-law, and you said no at first, but your parents and I told you that you must marry Nui Nui when you grow up, so you looked so aggravated, saying that you didn't want to marry a heel who clung to you all day long, and then when you had to take pictures of the two of you, you were a bit sullen, that's what it was like."

Ye Chen looked at the photo, not looking back for a long time.

He remembered a lot of things from back then, but many things from back then were only an outline in his mind, and the relevant images had long since blurred to the point where he could barely find any memories.

This was mainly because, ever since his parents had passed away, he had completely lost the channels and ways to retrieve his image memories.

For so many years, he did not even have a single picture of himself as a child, or a picture of himself with his parents as a child, or a picture of his parents when they were young.

So much so that after all these years, even his parents' appearance was somewhat blurred in his memory.

Therefore, at first, when he saw the sugar-flipped doll, he did not even think that it was actually himself and Gu Qiuyi.

Now that he suddenly saw this old photo of himself and Gu Qiuyi from his childhood, Ye Chen was naturally filled with emotions in his heart.

Gu Qiuyi, who was smiling at the side, asked him, "Brother Ye Chen, do you still like this cake?"

"Yes, I really like it too much!" Ye Chen sighed heartily, "I really didn't expect this cake to be made so realistically!"

Gu Qiuyi said with a smile, "This is made by the most powerful flipping cake master in Yanjing, the number of people who have approached her to line up to make a flipping cake is too many to count, and many of them are very, very famous rich and famous ladies, I have been making an appointment with her for this birthday cake for months, and I asked my parents to bring it all the way from Yanjing, just to give you a surprise. "

Ye Chen looked at the dolls on the cake, looked at himself and Gu Qiuyi that was full of childish innocence, his heart was filled with mixed feelings, even his eyes were a little hot and moist.

So, he hurriedly smiled and joked, "Aiya, the dolls are so beautifully made that I don't even want to eat them."

Gu Qiuyi laughed, "Brother Ye Chen, this doll was not meant for you to eat, it was left for you as a souvenir, except for the flipped sugar doll, all the others can be eaten."

Chapter 3077

When he heard that the sugar dolls were not for eating, Ye Chen was slightly relieved, otherwise if he really ate the dolls of himself or Gu Qiuyi when she was a child, it would indeed feel a bit strange.

Next to him, Gu Qiuyi looked at Ye Chen with affection and said softly, "Brother Ye Chen, let me still sing you a happy birthday song like I did when I was a kid! You can make a birthday wish while I sing, and when I finish singing you can blow out the candles."

Ye Chen nodded gently and smiled, "Good!"

Gu Qiuyi slightly adjusted her breathing before she then sang softly in a deep voice, "Happy birthday to you~ Happy birthday to you~~ Happy birthday to you~~ Happy birthday to you~~ Happy birthday to you~~~~"

At this point, Ye Chen put his hands together, closed his eyes and silently made a small wish.

Now he no longer had any material desires, his greatest wish was to find out the truth about his parents' death and to avenge them, but this kind of wish was more or less not quite appropriate if he made it on such a warm birthday.

So he made a silent wish in his heart that all his family and friends would be safe and healthy.

That would be enough.

After making the wish, Gu Qiuyi's birthday song was finished, and Ye Chen blew out the 27 candles on the five-tier cake one by one.

Gu Qiuyi, Gu Yanzhong and Lin Wanqiu applauded together, and Lin Wanqiu said with a smile, "Chen'er, auntie wishes you every year and every year, and all your wishes will come true!"

Gu Yanzhong also nodded and said, "Chen'er, uncle wishes you all the best and peace in your life!"

Ye Chen was touched in his heart and thanked him repeatedly, while Gu Qiuyi, who was at the side, came up to Ye Chen's ear and quietly pointed at herself in the candy doll, and spoke in a volume that only Ye Chen could hear, "Brother Ye Chen, I wish you to marry this heel soon!"

Ye Chen smiled heartily and didn't say anything.

He had long understood what Gu Qiuyi had in mind, but there were many things that there was no way to explicitly say, so he simply played dumb.

At this time, Lin Wanqiu handed over a knife for cutting the cake and said, "Chen'er, you're the birthday boy, you cut the cake first, so we can all have a bite of it and then we'll officially start the meal!"

"Okay, Auntie Lin!" Ye Chen quickly agreed and then used a knife to cut off a few pieces of the cake from the bottom layer, put them on a small plate and handed them to the three people one by one.

Afterwards, Gu Yanzhong pulled him along and sat back down at the dining table and began to have a drink.

He took the initiative to lift his glass and said to Ye Chen, "Chen'er, I've said too many words of thanks, so I won't continue here, I'll toast you with this glass of wine on behalf of the three of us!"

Ye Chen didn't push back, lifted his glass and said seriously, "Thank you Uncle Gu!"

The two of them then drank the white wine in their cups in one go.

Chapter 3078

Gu Yanzhong added: "Chen'er, your parents left early, with my relationship with your father, after he left, I should have taken on the obligation to take care of, raise and educate you and treat you as my own child, but for so many years, I have not been able to find you, in your twenty-seven years of life, nearly twenty years are missing, there are too many regrets in it"

Speaking of this, Gu Yanzhong sighed lightly and said seriously, "In the future, uncle only hopes to spend a few more birthdays with you in his lifetime!"

Ye Chen was touched in his heart and said with a smile, "Uncle Gu, how can you have just a few birthdays, at least a few dozen?"

Gu Yanzhong laughed and said cheerfully, "Yes! Dozens of times!"

As they exchanged glasses, Ye Chen and Gu Yanzhong had each drunk a kilogram of white wine, but both of them were only slightly drunk.

Even Lin Wanqiu, who was originally incompetent to drink, did not show any discomfort even after drinking a bottle of red wine by herself.

On the contrary, she felt very happy because of the alcohol. Her cheeks were slightly red under the effect of the alcohol, and coupled with the fact that she had just taken the rejuvenation pill, her whole complexion looked white and red and charming.

Gu Yanzhong looked at his wife, slightly stunned, and could not help but exclaim: "Honey, when I look at you now, I especially have the illusion that we have just gotten married"

Lin Wanqiu smiled faintly and said with some blush, "The children are here, don't talk nonsense"

Gu Yanzhong said in a serious manner, "What I said was from the bottom of my heart!"

The two of them are in the same room.

Gu Yanzhong handed the photo to Ye Chen and Gu Qiuyi and spoke, "Look, are you guys telling the truth?"

Ye Chen looked at the photo, the Lin Wanqiu on the photo was about twenty-six or twenty-seven years old, but at that time, she was taking the mature route, even if it was an old photo, she still looked exceptionally attractive, the her at that time, her temperament was a few points better than the Gu Qiu Yi now.

On the side, Gu Qiuyi looked at her mother's old photo and exclaimed, "Mom, you were so beautiful when you were young, although I have seen this photo many times, but every time I see it, I can't help but praise"

Lin Wanqiu said with a smile, "Less blowing rainbow farts here, to say a pretentious word, those are long gone youth, you are the age of youth."

Saying that, she couldn't help but add with emotion, "But to say that when she was young, Sister An was really pretty."

After saying that, she looked at Ye Chen and said from the bottom of her heart, "Chen'er, you don't know how outstanding your mother was when she was young, there was a saying in Yanjing's celebrity circles back then that the moment Ye Chang Ying brought An Chengqing from America to Yanjing, the light of all women in Yanjing was instantly extinguished"

Ye Chen couldn't help but laugh lightly, "Auntie Lin, was it as exaggerated as you said?"

"Of course there is." Lin Wanqiu said extremely seriously: "Your mother at that time in Yanjing, is an absolute descending blow, looks, temperament, body, education, heritage, all is not a crushing level of existence, after all, at that time the country has just begun to open up, when it comes to trends, the

United States is definitely the centre of the world trend at that time, so your mother in our eyes, all aspects are very stunning. "

Your mother was the jewel of the An family and grew up with an aristocratic education from both the East and the West, which we could not compare with..." ..."

At that time, your mother was the trendsetter in Yanjing's celebrity circle, and whatever she wore, others would immediately try to buy it and follow suit..." ..."

Gu Qiuyi asked in awe, "Mom, is everything you said true?"

"Of course!" Lin Wanqiu said seriously, "At that time, we were not really connected to the world, and there was still a huge information gap between home and abroad." Unlike now, when the information network is so advanced, there is basically no information gap between home and abroad anymore."

Speaking of this, Lin Wanqiu suddenly remembered something and asked Ye Chen, "Right, Chen'er, have you ever thought of going to America to meet your grandparents?"

Chapter 3079

Hearing Lin Wanqiu's question, Ye Chen was a little stunned for a while.

This was the second time that Ye Chen had heard someone ask him if he wanted to go to America to find his grandparents.

The last person who had asked him was Gu Qiuyi.

So, Ye Chen said to Lin Wanqiu what he had said to Gu Qiuyi before, stating that he did not want to disturb his grandparents, whom he had not met for twenty years and had not even met a few times before.

When Lin Wanqiu heard this, although deep down she understood, she could still see from her expression that she felt more or less sorry for Ye Chen.

After a moment's hesitation, she said seriously, "Chen'er, in fact, for so many years, you are not the only one who has been searching for the truth about your parents' murder, your uncle Gu and I have also been doing everything we can to find out who was behind that incident back then, but for so many years we have not been able to find any real meaningful clues, so your uncle Gu and I both feel that this incident So your uncle Gu and I both feel that there must be a very powerful mastermind behind this matter, pushing and manipulating everything, and if you want to find them out by your personal ability, I'm afraid it will be very difficult."

Gu Yanzhong also nodded at this time and said, "Chen'er, although on the surface, today's society has become globally integrated, when it really comes to dividing the classes, the barriers between each class are far beyond your imagination."

"In our country, there are only four or five top families, even if other families are also very rich, they can never integrate into the circle of top families, and many secrets, many special channels and resources, only these top families can know and master, and this is only in the country, if we look at the whole world, there are only those three real top families, many secrets, only There are many secrets that only these three families know, and many things that only these three families can possibly investigate."

"Who killed your parents, your grandparents probably already know the answer to this matter, even if they don't know, if they use their resources, I think they will be able to investigate the whole thing.

Lin Wanqiu also agreed and said, "Yes, Chen'er, your uncle Gu is right, it is even possible that your grandparents have already avenged your parents' death. In any case, it would be safest to first identify your grandparents and then confirm with them about this matter."

When Ye Chen heard this, he was silent for a few dozen seconds and said, "Auntie Lin and Uncle Gu, I understand your reasoning, but I'm not mentally prepared for this yet, so let me think about it again."

Lin Wanqiu nodded and said seriously, "Chen'er, there is another great benefit if you identify with your grandparents as soon as possible, and that is the An Family's immensely powerful resources, if the An Family is willing to give you a hand, it's not as simple as helping you get on the horse, they can even make you struggle for twenty years less."

In his heart, Ye Chen did not think of using his grandparents' resources, but Lin Wanqiu's words did come from a completely good intention, so he knew that he definitely could not hurt other people's good intentions.

So he also tentatively agreed and said, "Auntie Lin, you are right, I will also integrate in and seriously consider this aspect."

"That's good!" Lin Wanqiu breathed a sigh of relief and said with a smile, "You are the grandson of the Ye family and the grandson of the An family, if you can fully inherit the Ye family in the future and then integrate the resources of the An family, all the major families in the country will be dwarfed in front of you in the future, and coupled with your own outstanding abilities, perhaps in a few years' time, the Ye family, under your leadership, can become the second among the top Chinese family."

Gu Yanzhong also said seriously, "Although the Gu family is not yet at the top of the world in the true sense of the word, it still has the strength to give you a boost and may be able to help you stand taller and see further!"

Ye Chen looked at the couple gratefully and said from the bottom of his heart, "Uncle Gu, Auntie Lin, thank you for your expectations of me, I will definitely do my best in the future and not let you down."

These words came from the bottom of Ye Chen's heart.

Chapter 3080

He does hope that he will be able to climb to the top and see the mountains.

Only, he would prefer to be able to climb up entirely on his own, rather than relying on the right and left.

The meal went on very smoothly and naturally in this family atmosphere.

After the meal, Ye Chen used his aura to dispel all the alcohol in his body and made sure that he would not have anything to do with drink driving before driving Gu Qiuyi to the performance venue and then drove Gu Yanzhong and Lin Wanqiu to Buckingham Palace.

The two of them had a lot of things to do, so they took a short break at the hotel this afternoon and had to fly back to Yanjing overnight after going to the venue to watch Gu Qiuyi's concert in the evening.

After Ye Chen heard about their plans, he spoke up, "Uncle Gu, Auntie Lin, why don't you guys not toss and turn back tonight, just rest at Buckingham Palace for the night and then return tomorrow morning it shouldn't affect anything."

Gu Yanzhong shook his head and smiled, "There is another meeting tomorrow morning, if we leave tomorrow it will be too late."

Ye Chen said, "But with all this tossing and turning, I'm afraid my body won't be able to take it."

Gu Yanzhong laughed, "It might have been slightly unbearable before, but it definitely won't be the case now."

"Yeah." Lin Wanqiu also nodded and smiled, "After taking the Spring Return Pill, my body feels like it has inexhaustible strength, so taking a night flight shouldn't have any effect. After your Uncle Gu and I return to Yanjing tonight, we can still have a good 10,000 rest at home and go directly to the group's meeting tomorrow, so it's much more relaxed than rushing back tomorrow morning."

Hearing this, Ye Chen stopped persuading and was busy saying, "Then I'll take you to the airport tonight."

"No need for that Chen'er." Lin Wanqiu said very seriously, "I heard from Nui Nui that you are going to see her concert with your wife tonight, when the concert is over, you will definitely be going home with your wife, it will be late at night then, we can't let you leave her behind, you can take her home at ease after the show, your Uncle Gu and I will just go to the airport by ourselves."

Gu Yanzhong also said, "Chen'er, you don't have to worry about us tonight, when you get to the concert, if you see us in front of your wife, you don't have to say hello to us, otherwise you won't be able to explain to her, tonight we'll just watch the show happily and then go home separately, when you go back to Yanjing to pay respect to your ancestors, we'll get together again! "

Ye Chen did not expect Gu Yanzhong and his wife to think so much of themselves, and while he was touched, he could not help but feel a little guilty.

The guilt was that Gu Yanzhong and Lin Wanqiu had given themselves three years to settle their marriage with Xiao Churan and let Gu Qiuyi marry himself after three years.

Although he had not denied it in front of them at that time, he had made a decision in his heart long ago that he would not divorce Xiao Churan.

So now, in the face of their unfailing concern, Ye Chen was ashamed of himself.

So, he secretly decided in his heart that since the matter of marriage could no longer make the three members of the Gu family as they wished, he must give them more compensation in other areas in the future
