

## Ye Chen 3081

### Chapter 3081

After sending Gu Yanzhong and Lin Wanqiu to Buckingham Palace and leaving them to Chen Zekai, Ye Chen drove back to his family's villa in Townsend.

At this time, it was only after two o'clock in the afternoon, and Ye Chen had thought that his wife Xiao Churan might not be finished until three or four o'clock, so he thought he would go home first and pick her up when she was almost finished.

What he didn't expect was that when Ye Chen arrived home, his wife Xiao Churan, his father-in-law Xiao Changkun and his mother-in-law Ma Lan were already busy in the kitchen.

When he saw that Xiao Churan was home, Ye Chen was surprised and asked, "Wife, when did you come home? Why didn't you tell me so that I could go and pick you up?"

Xiao Churan said with a smile, "I sped up my progress a bit, I came home at two o'clock, I had to prepare a birthday dinner for you today, so I came back earlier."

Ma Lan was currently carrying a huge king crab with both hands, putting it into the steamer while saying to Ye Chen with a smile, "Good son-in-law, tonight mum will cook a big meal for you, look at this big crab, it costs more than three thousand for one!"

When Xiao Churan saw that she was about to steam the crabs, she hurriedly said, "Oh mum, you can't steam the crabs now, it's not even three o'clock yet, it's still early for dinner! If you steam it now, it won't taste good at dinner time!"

Ma Lan was surprised and asked, "Then why did you come back so early to cook for us?"

Xiao Churan said helplessly, "First of all, let's do the preparation work, brush the king crab and put it in a bucket, and the same with the other ingredients."

Ma Lan said unhappily, "Hey, I thought we were going to start cooking now, don't we just steam the crabs? Do you have to wash them?"

"Of course I have to wash it." Xiao Churan said, "At least take a brush and brush the dirt off the surface, then rinse it a few times with water."

Ma Lan brushed her mouth, "I wouldn't dare brush this thing, it's covered in thorns, in case it sticks me again..... better let your dad clean up this seafood."

The crab is a very good choice, but it's a very good choice.

Xiao Changkun couldn't help but spit out, "I have other things to do here, you can do it yourself."

Ma Lan said in exasperation, "Cut the crap and go and clean the crabs! Otherwise you won't be able to eat a single bite tonight!"

Xiao Changkun asked discontentedly, "If you want me to clean up the crabs, what are you doing?"

Ma Lan said casually, "I'm going to peel some garlic."

After saying that, she grabbed some garlic, sat down in the corner with a small stool and peeled the garlic from the bin.

Xiao Changkun was a bit resentful, but he didn't dare to argue with Ma Lan, so he honestly fished out the crabs carefully and took them to the sink to clean them.

When Ye Chen saw this, he spoke up, "Dad, it's better for me to clean the crabs."

Xiao Churan hurriedly said to Ye Chen, "Honey, you are the birthday girl, so don't go into the kitchen today, go outside and watch TV in the living room, the cake delivery man will be here in a moment, so pay attention to the doorbell."

Seeing her clear attitude, Ye Chen didn't continue to insist, so he said, "Then remember to call me if you need anything."

"Okay."

## Chapter 3082

---

Ye Chen came out of the kitchen and had just sat in the living room for a while when the doorbell rang.

He saw from the monitor that the person ringing the doorbell was a delivery man, so he walked out of the room.

Outside the courtyard, a middle-aged delivery man spoke up and asked, "Is this Ms Xiao's house?"

Ye Chen nodded, "Yes."

The other man handed him a square box with a side length of about fifty centimetres and said, "This is the cake Ms Xiao ordered, please sign for it."

When Ye Chen took the cake and was about to sign the slip, the other party reminded him, "You'd better open it and look at it, if there's any problem I'll carry it back to the cake shop directly, don't turn around and complain after you've signed for it, then we riders will also be responsible."

Ye Chen didn't think much about it, so he untied the red ribbon on the cake box and carefully opened the top lid, and a beautiful double-layer cake leapt into view.

The cake did not look as luxurious and exquisite as the five-layer cake made by Gu Qiuyi, nor did it have lifelike shock-absorbing flipping sugar dolls, but only a modest cake.

The line read, "Happy birthday, my dear Mr. Ye."

It was inscribed, "Love, your wife, Chu Ran."

Seeing these words, Ye Chen smiled heartily and said to the rider, "The cake is fine, I'll sign for it straight away."

After saying that, he signed on the slip and handed it back to the rider.

The rider took the order and left, so Ye Chen repacked the cake and carried it back to the house.

This scene happened to be seen by Old Lady Xiao who was drying her clothes on the terrace of the villa opposite.

When she saw Ye Chen walking back to the villa with the cake, she couldn't help but be curious and asked Xiao Changqian and Xiao Hailong, who were lying on the bed, "Changqian, Hailong, do you know what day it is today?"

Xiao Changqian let out a bitter smile, "Mom, from before New Year's until now, I've been eating, drinking, sleeping and shitting all in bed, so I don't know what day of the week it is."

Xiao Hailong echoed, "Grandma, I don't remember the days either."

Old Mrs. Xiao muttered, "Today is the second day of the second month of the lunar calendar, the head of the dragon, but I can't remember who's birthday is today."

Xiao Hailong remembered something and spoke, "February 2nd Dragon Raising Head ..... today seems to be that bastard Ye Chen's birthday!"

Old Mrs. Xiao frowned and asked, "Are you sure?"

"Sure!" Xiao Hailong nodded repeatedly, "Once just after the first month, I ran to the barber shop to get my hair cut, and I just happened to see Ye Chen and Xiao Churan eating at the small restaurant next to the barber shop, and there was a small cake on the table, and I observed that it was Ye Chen who blew out the candles, so it must have been Xiao Churan's birthday for Ye Chen, grandma you don't know, at that time, that cake was shabby, it was not as big as a fucking vegetable. The plate was bigger."

When Old Mrs. Xiao heard this, she seemed to be in a good mood and said with a smile, "Aiya, so today is that white-eyed wolf Ye Chen's birthday! I didn't expect him to die so soon!"

Xiao Hailong asked in confusion, "Grandma, what's wrong? Why do you say that?"

Old Mrs. Xiao bristled, "How many people lined up in front of Ye Chen's house to give him gifts before New Year's. Look, it's just the first month of the year and no one has come to congratulate him on his birthday, which proves that he's no longer viable, those rich and powerful people don't take him seriously anymore!"

Xiao Hailong subconsciously asked, "Grandma, can you tell from this alone that Ye Chen can't make it?"

Old Mrs. Xiao said seriously, "Hai Long, there is an idiom called 'A leaf knows the autumn', as long as you see a leaf fall, it means autumn is coming, when autumn comes, can winter be far away?"

She said, with a profound analysis, "Think about it, if Ye Chen is really good now, then his home must be surrounded by those rich people now, there is a Chinese idiom called "gate court is like a market", which describes a person who is popular and his home is more lively than a vegetable market!

"But look, today is Ye Chen's birthday, for those who want to flatter him, such a big event is much more important than the New Year, their house has not seen a single person come to the door so far, instead it reflects another idiom, called the door is full of sparrows!"

"I can clearly tell from this signal alone that Ye Chen is definitely in trouble now, or even worse, is about to be finished!"

### **Chapter 3083**

---

When Xiao Hailong heard these words from Old Madam Xiao, he became excited and said excitedly, "Grandma! If it's really like you say, then that's really great! I've always felt that that bastard Ye Chen was going to thunder sooner or later, so it seems that this is the signal before the thunderstorm!"

Old Mrs. Xiao's expression surfaced with a bit of smugness, "Their family has been doing so well for over a year now, all because of Ye Chen's deceitfulness! In the past, those qigong masters and masters of metaphysics have also made a lot of money out of the pockets of rich people, but none of them have ended up well! I think this Ye Chen will also be finished!"

Xiao Hailong's body twitched with excitement as he said, "If this Ye Chen really goes on a thunderstorm, I'm sure their family will soon be finished with him! It's possible that in a few days, that Wang Zhenggang will have to come and take back this villa!"

Xiao Changqian, who was lying next to him, said excitedly, "If that's the case, then the wind and water will really turn! It's best if Ye Chen goes on a thunderstorm, then the family will have nowhere to go and end up on the streets, so we can watch their family's jokes then!"

At this point, he could not help but say with pride, "Thirty years in the east, thirty years in the west! They would never have imagined that our family could still come back from the dead. Now that Weiwei has the help of a valuable person and manages the largest ceremonial company in the whole of Jinling, our future will definitely be better and better!"

Old Mrs. Xiao grinned and said, "Weiwei is a real fighter! She started with nothing and has managed to make an etiquette company the number one in the city, just by doing that, she is much better than you two!"

As she said that, Old Mrs. Xiao looked at the two of them and said angrily, "Speaking of which, you two are really a pair of iron trash! I told you to go and beat up Ma Lan, but you both got yourselves crippled and are now lying in bed, asking me, an old woman, to bring you shit and urine! How outrageous!"

At these words, Xiao Changqian and Xiao Hailong looked at each other, and they could see the endless embarrassment in each other's eyes.

It was true that none of the male members of the Xiao family had any ability or capacity.

Although Xiao Changqian was the eldest son and had always been highly valued by the old lady, he was essentially a straw man, one of those who wavered in half a bottle.

As for Xiao Hailong, the eldest son and grandson, he is even worse, a standard incompetent in everything he does and the first in pretending.

The two of them have been working in the Xiao Group for so many years, but basically they have not created any performance. The base of the Xiao Group was built up by Master Xiao with the severance pay from the Ye family and after half a lifetime of hard work.

The old lady Xiao saw the father and son stop talking and shook her head helplessly, sighing: "I don't know what kind of person Weiwei is, but from what she said, the other party is very capable. And her previous boss didn't even dare to say a word, he even willingly went to a karaoke bar to become a turtle! You can tell how capable this person must be to kill someone and still kill their heart!"

"Yes!" Xiao Changqian couldn't help but sigh, "I heard that Weiwei's previous boss was a socialite with a bit of finesse, but I didn't expect that he would be completely cleaned up with just two words.

Old Mrs. Xiao said, "If only Weiwei could get together with that nobleman, what our family needs now is a good backer!"

Xiao Changqian nodded gently and said, "I see Weiwei's eyes light up every time she mentions that nobleman, so maybe she has long been in love with him."

"Hmm." Old Mrs. Xiao nodded and said, "I can also see what you are talking about, but Weiwei has never been willing to reveal the identity of that nobleman, so I, an old lady, can only be anxious."

She said, "Right, Chang Qian, you should talk to Wei Wei alone later, and ask her how far she has progressed with that nobleman, if it is still unclear, ask her to speed up a bit, the best is to cook the rice before it is too late!"

## **Chapter 3084**

---

Xiao Changqian said awkwardly, "Mum, how can I talk to Weiwei about such things? It's as if I'm desperate to sell my daughter."

Old Mrs. Xiao blurted out, "You're the only one who can ask, because of Xiao Yiqian, Weiwei has always had something against me, and if I ask her, she will definitely not be able to tell me her feelings."

Xiao Hailong immediately volunteered, "Grandma, why don't I talk to Weiwei, we don't have any generation gap and it's easier to communicate."

"Go ahead and pull the plug!" Old Mrs. Xiao gave him a blank look and said, "Just that ability of expression of yours, you can't find anyone worse than you in the whole Xiao family!"

Xiao Hailong immediately said in disbelief, "Grandma! What do you mean by that? What's wrong with my ability to express myself? I think I'm quite eloquent!"

Old Mrs. Xiao said unhappily, "If you were really eloquent, Dong Ruolin would have become the daughter-in-law of the Xiao family! If you had held on to Dong Ruolin, our family wouldn't be in this situation now!"

At this point, Mrs. Xiao said in exasperation, "But Hai Long, you're not good at anything else, but you're good at fanning the flames! If you hadn't slandered Xiao Churan in my ears at that time, I wouldn't have gone back on my word and given you the directorship that I promised Xiao Churan!"

"Originally, Xiao Churan was just a puppet on a string, except for asking her to divorce Ye Chen, she didn't listen, she did whatever I told her to do.

At this point, she looked at Xiao Hailong and said with great dissatisfaction, "Hailong, the words "unfit for use" are about you!

Xiao Hailong didn't expect that his grandmother would give him a rebuke, so he was speechless for a while and could only lower his head in shame.

Xiao Changqian hurriedly intervened and said, "Mum, don't say anything about Hailong, we've had a bit of a hard time in the past, but honestly, who hasn't had some hardships in their life? Look at Xiao Changkun and his family, they had a hard time in the first few years, but they've gotten better since then. Weiwei's career is going smoothly now, if she can have a successful career and love, our family might be able to rise again!"

Hearing this, Old Mrs. Xiao could not help but sigh: "Hey, I used to think that my grandson was good, that he was my own person, but now I see that my granddaughter is much more reliable than my grandson!"

After saying that, she spoke again and lamented, "If I had known that Wei Wei had such strong abilities, I should have given the company to Wei Wei to take care of over a year ago, maybe the Xiao Group wouldn't have collapsed and gone bankrupt."

## **Chapter 3085**

4-6 minutes

---

Old Mrs. Xiao's emotion made Xiao Changqian and Xiao Hailong's father and son lower their heads in shame.

Seeing their abject appearance, Old Mrs. Xiao felt a pang of contempt in her heart, so she stood up and said, "You two stay in bed, I'm going to Ye Chen's house for a while!"

Xiao Hailong asked, "Grandma, what are you going to Ye Chen's house for?"

Old Mrs. Xiao snorted coldly, "Humph! What else could it be to do, of course it's to mock them!"

Xiao Changqian said with some concern, "Mom. If you go to trouble them now, what if Ye Chen doesn't go on a thunderstorm and clean us up by hand, then wouldn't that be an unwarranted disaster?"

Old Mrs. Xiao said disdainfully, "When has my old woman's wise eyes ever looked away? I told you long ago that your wife was unreliable and asked you to transfer all your money to me, but you didn't believe me, see, now your wife has run away, right?"

At this point, the old lady couldn't help but gnash her teeth and curse, "Shameless bitch. Just get lost, but how dare you steal my money! If the son of a bitch doesn't die, it's simply that God doesn't have eyes!"

Xiao Changqian was speechless for a moment.

The matter of Qian Hongyan had indeed brought shame to his face.

Stealing the old lady's money was a small matter. It was stealing someone else's child and infecting himself with a disease that he hated the most.

Xiao Hailong spoke up at this time, "Grandma, this kid Ye Chen has always been very evil, sometimes the more you think he is going to be finished, the more he can play out.

Old Mrs. Xiao was in deep thought for a moment.

She had suffered so much from Ye Chen's stimulation in her heart that she had been trying to find a chance to wipe out her shame.

However, she also admitted that her grandson, Xiao Hailong, did have a point. This fellow Ye Chen was always inscrutable and did not play by the rules, so she really had to be more careful and must not be sloppy.

So, after thinking about it, she said, "How about this, I'll go to their house first and probe the truth!"

Xiao Hailong hurriedly reminded, "Grandma, you must be careful!"

"Don't worry." Old Mrs. Xiao waved her hand, "I know what's going on in my heart."

As she said that, she suddenly remembered something and said through clenched teeth, "No! Since it's Ye Chen's birthday today, how can I go empty-handed? I'm going to the vegetable market to buy two catties of leeks and send them to him!"

Xiao Hailong was confused and asked in amazement, "Grandma. Why do you want to give Ye Chen leeks? It's not like Xiao Churan has given Ye Chen a cuckold's hat."

Just as Xiao Hailong mentioned the cuckold, Xiao Changqian felt his head glowing green and cursed angrily, "Don't mention the cuckold in front of Laozi!"

Xiao Hailong looked resentful as Old Mrs. Xiao spoke up, "At first Ye Chen used daffodils to pass off as leeks. He made us vomit and have diarrhea and was taken to the hospital for emergency treatment.

Xiao Hailong recalled the time when he was incontinent at home and shivered as he said, "Grandma, I have always remembered this revenge, but you can't solve this problem by buying two catties of leeks!"

Old Mrs. Xiao gritted her teeth and waved her hand, "It's just that. I'd better go and feel them out first!"

After saying that, she walked out of the bedroom.

Old Mrs. Xiao, who had always been proud, had experienced a lot of human warmth since she had fallen on hard times. But what angered her the most was how the Ye Chen family had ignored her.

Originally, the family even gave her some face, but when she was bent on seizing the Ye Chen family's villa, she ended up completely tearing her face off with the Ye Chen family of four.

Since then, she has been in jail, fallen and even reduced to pulling plastic bags for customers at the supermarket, and the Ye Chen family has never offered her a helping hand. In particular, Xiao Changkun treated her like air at the supermarket, which is something she holds a grudge against to this day.

Soon, Old Mrs. Xiao arrived at Ye Chen's door in a rage and rang the doorbell straight away.

Inside the villa, after putting the cake in the fridge, Ye Chen returned to the living room, where Xiao Churan and her parents were still busy in the kitchen.

## **Chapter 3086**

---

At that moment, Ye Chen heard the doorbell. Then he got up and went to the front door.

He glanced at the monitor and found that the person standing outside the courtyard was, surprisingly, Old Mrs. Xiao, so he asked in a cold voice, "What do you want?"

Old Mrs. Xiao heard Ye Chen's voice. With a cold snort, she said, "Let me in, I want to see Xiao Changkun!"

Ye Chen said casually, "Sorry, you are not welcome here. Hurry up and leave, or I'll find the property security!"

"You!" Old Mrs. Xiao angrily scolded, "This is my son's home, so you say you're not welcome? I still have to go in today!"

Ye Chen laughed and said, "It's true that my father-in-law is your son, but you have to be clear, this is my home, the house is registered in my name and the property rights belong to me, so if I don't let you in, you just can't enter, understand?"

Old Mrs. Xiao was furious at Ye Chen's words and blurted out, "Ye Chen! Do you really think you are still the same bullish Master Ye? Don't think I don't know that you're a charlatan who makes a living by wooing and cheating. It's about to thunder!"

Ye Chen couldn't help but laugh and asked, "Aiyo, who told you that I was about to thunderstorm? How come I didn't even hear about it myself?"

Old Mrs. Xiao bristled and sneered, "Ye Chen, do you think you can hide from my old woman's golden eyes with that little thing of yours?"

Speaking of this, the old lady said with a contemptuous face, "Yes! I admit it! You did fool a lot of rich and powerful people before, but you have to know, which of these people are not a dragon among men? They will be deceived by you, they were only blinded by you for a while, they cannot be unable to see the truth for the rest of their lives!"

Said. Old Mrs. Xiao looked him up and down a few times and asked with a cold smile, "During the New Year, I saw that many people came to your house to give you gifts, why is it that you have a birthday today and not even a single person has come to your door to give you gifts? Don't you know what the reason for this is? You're still playing dumb with me here!"

Ye Chen burst out laughing.

It turned out that Old Mrs. Xiao had concluded that the reason for her thunderstorm was because no one had come to her door to give her a gift today.

This was really a slip of the tongue, not seeing Mount Tai.

However, when you think about it, in fact, in life, we rely on this kind of so-called "experience" to judge a person's affairs with a blind eye. There are too many of them.

In life, there are many victims who think they are big spenders or rich people when they see someone driving a luxury car, and then they go up to them with all their heart and soul and end up being cheated of their money or even sex.

Ye Chen still remembers reading a news story about a hanger-on who bought a domestic crossover and then changed it into a Mercedes-Benz G, posing as a rich young man who had a dozen girlfriends at the same time. Each girlfriend, as soon as she saw the fake G he was driving, immediately identified him as a super rich second generation, and then he cheated on her, and there were even a few women who were left empty. He even got pregnant.

I originally thought that only love-brained women would make this kind of one-leaf mistake, but I never thought that old lady Xiao, who is so old, could be so stupid.

The reason why no one came to the door today to send gifts. That's because she had greeted them all in advance, otherwise with today's schedule, she would have had to go see Gu Qiuyi's concert after dinner, so she was in such a hurry, and then a bunch of people came to her door to send gifts, it would have been a real headache.

Only, how could Old Lady Xiao know all this?

She relied on her experience in the marketplace to judge that Ye Chen would soon be out of business, so she thought of coming over to mock and taunt him.

When she saw that Ye Chen did not say anything, she felt that her guess was right!

So, she looked at Ye Chen with a disgusted face and said, "I think this villa of yours will be taken away in a short time, and if your family ends up on the streets, don't say that I won't take care of you as a grandmother, you can ask Xiao Churan to come back and kowtow to me, and I will let Weiwei arrange a job for her as a lady of etiquette!"

The old lady said with a smug look on her face, "By the way, I forgot to tell you, our Weiwei is now working as the general manager of the biggest etiquette company in Jinling, and her future is bright!"

## Chapter 3087

---

Ye Chen really didn't expect that Old Mrs. Xiao's strength to come and have some fun with herself was because of Xiao Weiwei.

She must not have known that the reason why Xiao Weiwei was able to leap from being a bullying lady to becoming the general manager of Shangmei Etiquette Company was purely because she saw her pity. He gave her a chance.

Hearing this, he looked at Old Madam Xiao as if she was a stupid old monkey and said playfully, "Old Madam, the most important failure in your life is your short-sightedness.

Then he said seriously, "If you still want to continue to be a Thomson, then remember that in the future you and our family will not cross the river. But if you can't do that, then maybe you won't have the chance to continue living here in the future."

After saying this, Ye Chen prepared to close the door. But to her surprise, when Old Mrs. Xiao heard this, she became anxious and hurriedly stepped forward, blocking the doorway, and cursed out loud, "Ye Chen! How dare you lecture me, who are you? If it wasn't for my old man who brought you back from the construction site, you'd be begging for a living somewhere right now, and you dare to call me short-sighted? Do you think my Xiao family's previous foundations were all blown by the wind?"

Ye Chen shook his head and said, "I don't know if your Xiao family's fortune was blown by the wind, but you've already lost it all now, and the Xiao Group should have been liquidated long ago, right? If I'm not wrong, you should still owe a lot of money to the bank, otherwise your old villa wouldn't have been seized by the bank, what else do you have now besides being able to temporarily live in this villa in Wu Donghai? If it weren't for the fact that Xiao Weiwei could earn more money now, I'm afraid you would still be pulling plastic bags in the supermarket right now, right?"

Old Mrs. Xiao did not expect that Ye Chen would poke himself in the face with every word, the Xiao family was bankrupt. The bankruptcy of the Xiao family was the one thing she could not let go of deep down, while being forced to work in a supermarket was the one thing she felt most humiliated about deep down.

She was furious and furious. She said repeatedly, "Ye Chen! Don't get too complacent! It won't be long before you're sure to go on a thunderstorm! When that happens, I'll wait to see your family's joke!"

Ye Chen nodded and laughed, "Welcome, but I'm afraid that you, old man, won't be able to wait until the day I thunderstorm, won't it be a pity that you won't be able to witness it then?"

Old Mrs Xiao gritted her teeth and sneered, "I think you'll only be around for a month or two! By then, when those rich people react. Not only will they take back all the money you cheated them out of, they will also send you to prison for life!"

Old Mrs. Xiao became more and more angry as she spoke. One went on cursing like a man on his head, "When the time comes, Xiao Changkun and Ma Lan, as your accomplices, will definitely not end up well either!"

Saying that, she panted, "Right, I almost forgot! There's also Xiao Churan!"

Ye Chen's eyes instantly went cold as he stared at her and said in a cold voice, "Old Madam. It's for the sake of Churan's face that I'm reserving one last point of forbearance for you, but if you dare to speak out against her, don't blame me for not showing mercy!"

"Aigoo! You think I'm an old woman who's scared? I've even been in jail, how can I be afraid of you?" Seeing that Ye Chen seemed to be very sensitive to her mention of Xiao Churan, Old Lady Xiao immediately thought that she had caught Ye Chen's sore spot. As a result, her anger suddenly became even more arrogant.

Just as she was about to target Xiao Churan and take a good dig at Ye Chen. Suddenly, she heard someone shout out, "Grandma! What are you doing here?!"

The person who spoke was, surprisingly, Xiao Weiwei!

Today was the weekend, and Xiao Weiwei originally did not have to go to the office to work. But because there were more students at the training school, she had gone there to keep an eye on the professional classes for half a day.

Thinking that today was Ye Chen's birthday, she went to the Hermes boutique after work and spent more than 8,000 yuan to buy a Hermes belt for Ye Chen as a birthday present.

Although Xiao Weiwei knew very well that with Ye Chen's current financial strength, a Hermes belt was really nothing in his eyes.

But to the current Xiao Weiwei, it was one of the few luxury items she could afford.

## **Chapter 3088**

---

After all. She was now earning money for one person, eating for four, and her dad and brother still needed quite a bit of convalescence money, so she had been saving the eight thousand or so for herself.

After she had asked the shop assistant to help her wrap the belt at the boutique, she had been thinking about it on her way back. How should she hand over the gift to Ye Chen.

After thinking about it, she planned to put the gift in the mailbox at Ye Chen's doorstep, and then send Ye Chen a WeChat message, asking him to come out and pick it up himself.

She felt that this was relatively safe and would not be known by other people, especially her sister Xiao Churan.

Moreover, if Ye Chen did not want to accept her gift, there was no chance that she could refuse it to her face. More or less, she could still give herself some leeway.

However, just as she was about to pass by Ye Chen's door, she heard her grandmother's furious voice from quite a distance away.

This scared Xiao Weiwei's soul half to death!

So, she hurriedly stepped on her high heels and ran furiously to the door of Ye Chen's house. She dragged Old Mrs. Xiao by the hand and pulled her without any further ado, "Grandma, come home with me!"

Xiao Weiwei had gone through this period of training. Now she could be said to be very discerning, and when she saw that the old lady had come to trouble Ye Chen, she knew that the old lady must have caused a great deal of trouble. She could not continue to argue with her in front of Ye Chen's house at this time, or else she would not know what she would say to anger Ye Chen if she became emotional and agitated.

Therefore, the best way was to get the old lady out of the way first, and then find a way to apologize to Ye Chen!

Old Mrs. Xiao did not expect Xiao Weiwei to return at this time, and when she saw that she was pulling herself to leave as soon as she arrived, she hurriedly said, "Aiya Weiwei, don't pull me, I'm telling you, this guy Ye Chen is about to go on a thunderstorm, what are you afraid of him for? Maybe in a few days the family will ask us to take them in!"

Xiao Weiwei felt her back filled with cold sweat and blamed offhandedly, "Grandma what are you talking nonsense! Brother-in-law is so powerful, how could he possibly thunderstorm! You quickly apologize to brother-in-law, let's hurry home after apologizing, don't give brother-in-law a hard time here!"

Old Mrs. Xiao raised her eyebrows, "What? You want me to apologise to him? How can a liar like him, who is always trying to cheat, deserve to have me apologize to him? How dare you ask me to apologize to him? I'm telling you Wei Wei, you've been deceived by the illusion that he's been answering all the calls before! Look at his birthday today, not even a single person came to his door to give him a gift, what does that mean? It means he's gone! Maybe he'll be reprimanded sometime later!"

Xiao Weiwei knew very well that Ye Chen's connections in Jinling were extremely strong, so how could he just say thunderstorm?

If Ye Chen really wanted to storm, then Liu Zonghui, the previous owner of Shangmei Etiquette Company, would definitely have to come back to find himself and snatch the company back again at the first opportunity.

Therefore, there is no need to look at anything else, as long as Liu Zonghui hasn't come looking for himself, then Ye Chen will definitely not be able to storm.

The only possibility was that his grandmother was in big trouble again!

## Chapter 3089

---

Seeing her grandmother's arrogant appearance, Xiao Weiwei was afraid in her heart and hurriedly spoke up, "Grandmother! How can you be so rude to brother-in-law! Hurry up and apologise to brother-in-law!"

Old Mrs. Xiao listened in disbelief and blurted out, "Weiwei, are you out of your mind? Has our family suffered less from his bullying?"

The old lady scolded with righteous indignation, "Don't you forget! Your mother was sent to the black coal kiln by him!"

"If he hadn't sent your mother to the black coal kiln, your father and mother wouldn't be in this situation today! That shrew Ma Lan wouldn't have had the chance to humiliate your father by hanging cuckolds all over the balcony!"

"And have you forgotten what happened to us when we were taken into custody? Wasn't that all thanks to him?!"

"Now that you have a chance to take revenge, not only do you not help me, you even turn your elbow to this bastard, you want to kill me!"

Xiao Weiwei's expression suddenly became very ugly, and she said very seriously, "Grandma! You are so old, why don't you still have a correct sense of right and wrong? You are right, my mother was indeed sent to the black coal kiln by her brother-in-law, but have you ever thought about why she was sent to the black coal kiln by her brother-in-law? If she hadn't made a trap with that He Lian, screwing Ma Lan of all her money not to mention her brother-in-law's villa, brother-in-law couldn't have punished her that much!"

"The villa was originally given to brother-in-law by Wang Zhenggang, but you insisted on hogging it, repeatedly coming here to cause trouble, and you even encouraged your brother to come over and hit that old housekeeper of Wang Zhenggang's. We were not sentenced at that time, but brother-in-law was already merciful! "

Old Mrs. Xiao stood dumbfounded as if she had been struck by lightning.

She looked at Xiao Weiwei, unable to utter a single word for half a day, while her entire body was already trembling violently non-stop due to her anger.

Half a day later, she pointed at Xiao Weiwei and said in the utmost pain, "Weiwei ah Weiwei! What kind of mesmerizing soup have you been put under by Ye Chen? You've always hated him so much, why are you starting to speak to him now?"

Xiao Weiwei looked at her and said without flinching, "Brother-in-law didn't pour any enchantment into me, and I didn't speak to her, I just saw the truth of the matter itself! A thousand mistakes in the past, it's all our fault, we're sorry to Sister Churan and to brother-in-law, we're the ones who hurt and failed them over and over again!"

"You ..... you fart!" Old Mrs. Xiao was so angry that she almost had a heart attack, trembling and pointing at Xiao Weiwei, she angrily rebuked, "Have you forgotten how Ye Chen plotted to harm our family? We almost lost half of our lives when we ate the dumplings wrapped by that foreign daffodil! Isn't that a blood feud?!"

Xiao Weiwei shook her head and blurted out, "Daffodils were planted at home by brother-in-law, you stole them as leeks and ate them, that in itself is theft! Stealing someone else's food and eating it and getting poisoned is entirely your own fault, what does it have to do with brother-in-law?"

Old Mrs. Xiao instantly turned red with anger and cursed through clenched teeth, "You ..... are trying to piss me off you! If you continue to look towards Ye Chen, then I won't have you as a granddaughter!"

Xiao Weiwei was not willing to show any weakness and shot back, "If you don't apologize to brother-in-law, then I won't have you as a grandmother!"

Old Mrs. Xiao was stunned and cried out, "Weiwei, are you crazy? What's so good about this guy that you're willing to turn your back on grandma for him?"

Xiao Weiwei's eyes were red and she yelled emotionally, "Honestly I've had enough of you bossing me around for a long time!"

## **Chapter 3090**

---

"You were the one who made me go with Wang Yunfei, you were the one who made me go with Xiao Yiqian, you were the one who caused me to lose my reputation, caused the Xiao family to go completely bankrupt, and caused me to be forced to work as a courtesan to support my family!"

"You're the reason I've been suffering for over a year! You don't repent, but now you want to force me to turn against my brother-in-law, who has been so kind to me, what the hell are you thinking?"

Old Mrs. Xiao also broke down and cried, "Of course, you can blame me for what I did in the past, and I have nothing to say about it. You don't know how to be thankful to me, but you even said that Ye Chen has been kind to you, don't you think you are losing your conscience?"

The angry Xiao Weiwei said without thinking, "Of course I don't feel ungrateful! When I was forced to sign a contract of sale at the etiquette company, it was my brother-in-law who rescued me!"

With tears in her eyes, Xiao Weiwei continued, "Not only did brother-in-law save me, but he also drove that black-hearted boss and his concubine away, and restored the freedom of all the other sisters who had been forced to sign the deed of sale together!"

"And, I'll tell you the truth, it was my brother-in-law who gave me the Shangmei Etiquette Company! It's all because of my brother-in-law's care that I, Xiao Weiwei, have become what I am today! The noble man I'm talking about is him!"

When Old Mrs. Xiao heard this, her entire body was instantly shocked, and her eyes could not wait to fall to the ground.

She had never dreamed that the noble person that Xiao Weiwei had met would be Ye Chen!

It was ridiculous that she had thought that Xiao Weiwei had climbed up the ladder of nobility and that Ye Chen might have a thunderstorm instead, so she had come over to taunt Ye Chen, but she had never thought that the only reason her family could still have food and drink was because Ye Chen had rewarded them with a meal!

At this moment, Xiao Weiwei became more and more agitated as she spoke to Old Mrs. Xiao and said loudly, "It's not because I, Xiao Weiwei, am so capable that Shangmei Etiquette Company has been able to get up so quickly, it's because my brother-in-law has long helped me deal with Master Hong's men, so the outside world is now trying to take care of my business by all means!"

"Master Hong has so many powerful men and so many different kinds of industries in his hands, and now whenever there is a need for Miss Manners, he will definitely seek my cooperation!"

"Even on occasions where they don't need a courtesy girl, they still have to ask me to work with them!"

"Have you ever seen the head of the gang sick in hospital and asked a few courtesans to help collect gifts and register at the entrance of the ward?"

"Have you ever seen the bosses at a meeting and asked dozens of hostesses to welcome them and sign in?"

"Have you ever seen a big brother marry his daughter-in-law and instead of hiring the hotel's own waiters, he pays for over a hundred courtesans to serve the guests with food and wine and tea?"

"The reason they did this was because of my brother-in-law's face, so they tried to help me! It's because of this relationship that Shangmei has been able to develop so quickly!"

Saying that, Xiao Weiwei pointed at Old Lady Xiao and rebuked, "The food and clothing you, my father and my brother have now are all given by brother-in-law!"

"Even this new dress you're wearing is only possible because of brother-in-law's blessing!"

"Otherwise, I would have been forced to sign a contract to sell my body and become an escort at a KTV, so I wouldn't have any money to buy you new clothes!"

"You might even have to go to the supermarket and pull plastic bags to feed yourself!"

"Now that you've got a stable life, you've come out to make a fool of yourself."

"Do you want to force me to leave home and make a clean break with you?"
