

## Ye Chen 3121

### Chapter 3121

It was a long time after Gu Qiuyi's exit that some of the fans at the scene came back to their senses and cursed as they were the first to leave the stage.

And many female fans also turned around and left silently while wiping their tears.

Ye Chen even heard a male hanger-on behind him, cursing and saying, "Shit! Where the hell did that stupid prince charming come from? Don't let me meet him, or I'll break his hoof!"

Immediately afterwards, someone chimed in, "Dude, I'm in! I don't think he wants to be a part of the world anymore!"

"What the hell is this bastard capable of that my goddess is singing in her wedding dress and rushing to marry him? Damn, I'm really pissed off!"

At this moment, Ye Chen only felt a chill run down his back.

What is the public enemy?

This was the public enemy of the whole fucking world!

Xiao Churan, who was at the side, also said with some loss, "Honey, let's go back too."

Ye Chen faintly nodded his head.

Xiao Churan stood up and said to Su Zhiyu, who was beside her, "Miss Su, my husband and I will leave first."

Su Zhiyu was busy saying, "I'll go too, let's go out together."

After saying that, she also hurriedly stood up.

Ye Chen looked at Gu Yanzhong and Lin Wanqiu, always feeling that it was a bit disrespectful that he couldn't say hello to them both even after he left.

At this time, Gu Yanzhong looked like I understand you, nodded gently and waved his hand with a smile.

Lin Wanqiu also gave Ye Chen a look of reassurance, meaning that Ye Chen should hurry home first and not worry about the two of them.

However, Ye Chen knew that the two of them would be rushing back to Yanjing tonight and would probably be heading to the airport soon.

With no choice, he could only decide to say goodbye to the two on WeChat later.

As for the five golden flowers, they had to be the first to give up the first row of the aisle when everyone started to exit because they were sitting relatively outside, so everyone just got up from their seats and were pushed by the crowd to go outside.

This whole scene, with tens of thousands of people exiting together was a spectacular sight.

When they arrived, these tens of thousands of people were spaced out at long intervals back and forth, some early and some late arrivals.

But now, they all got up one after another and rushed towards several exits in a single stream, so the whole arena seemed unusually congested.

When Ye Chen and Xiao Churan walked out from the first row of seats, Wang Dongxue, Song Wanting, Ito Nanaezi, Qin Ao Xue and Chen Xiaozhao, who were sitting on the outside, had all gone.

There were so many people around, so Ye Chen didn't bother to deliberately look for them.

His wife Xiao Churan and Su Zhiyu were walking side by side, and when Su Zhiyu saw Xiao Churan's eyes glowing red, she asked curiously, "Mr. Xiao likes Gu Qiuyi very much?"

Xiao Churan nodded gently and said seriously, "I have always liked her, I feel that not only is she a good singer, but she is also a very rare stream of cleanliness in the entertainment industry nowadays, very clean and pure."

### **Chapter 3122**

Su Zhiyu smiled and said, "No need to doubt, not only is she a clean stream, but she is the only one in the entertainment industry."

Xiao Churan asked curiously, "What does Miss Su mean by that?"

Su Zhiyao laughed: "Let me tell you this, in the entertainment industry, there is no shortage of flies and dogs, some sell themselves out for profit, some fake their past for fame, and others tend to follow the trend for connections ....."

"There are also people who rack their brains to establish a persona, and who do everything they can to promote CP ....."

"There are those who are obviously from poor backgrounds but have to package themselves as rich kids;"

"Some of them are obviously not educated at all, but they still have to package themselves as rich;"

"The most disgusting thing is that some so-called publicists who flatter foreigners are trying to denigrate the country in order to get a living, even going so far as to package those dirty third world countries as a fairyland on earth, with malicious intentions and despicable purposes."

"In addition, there are countless plagiarism, imitation and malicious speculation, and when you really count them, no one's history is absolutely clean."

The only one who has never had any black history is Gu Qiuyi. So far, she has not made a single hype or done any fly-by-night activities in the entertainment industry, and all her personal history is 100% true. The media does not report it, truly low-key and truly cultivated."

Xiao Churan asked curiously, "Miss Su seems to be very familiar with the entertainment industry?"

"Not really." Su Zhiyu smiled lightly and said casually, "It's just that there are no secrets in this circle that can be hidden from me."

As she said that, she smiled and asked Xiao Churan, "Does Mr. Xiao know what Gu Qiuyi's family does?"

Xiao Churan thought for a moment and said, "I think someone said that her family is in business, but there are few reports on what exactly they do, it gives people the impression that they are rather powerful."

Su Zhiyao laughed, "More than powerful, her family's industry's annual profits are much higher than the profits generated by the entire entertainment industry in a year, so for someone like her to get involved in the entertainment industry is like a phoenix falling from the sky and landing in a flock of chickens, a complete downgrade."

Xiao Churan was dumbfounded and said, "No wonder Gu Qiuyi never engages in any publicity hype, even hype CP, something that the whole entertainment industry is doing, she never touches it. In the past, there were several male stars who insisted on hype CP with her, but the fake news was just released, usually not more than an hour, Gu Qiuyi's agency would immediately issue a strict disinformation statement, never giving others the opportunity to hype ....."

Su Zhiyao nodded and laughed: "But what exactly is done seems to be rarely reported, giving the impression that it should be more powerful like."

Su Zhiyao laughed: "More than powerful, her family's industry, a year's profit is much higher than the profit generated by the entire entertainment industry in a year, so people like her to mix in the entertainment industry is a phoenix descending from the sky, landing in the flock of chickens, a complete and total descending blow."

Xiao Churan was dumbfounded and said, "No wonder Gu Qiuyi never engages in any publicity hype, even hype CP, something that the whole entertainment industry is doing, she never touches it. In the past, there were several male stars who insisted on hype CP with her, but the fake news was just released, usually not more than an hour, Gu Qiuyi's agency would immediately issue a strict disinformation statement, never giving others the opportunity to hype ....."

Su Zhiyao nodded and smiled, "So Mr. Xiao should not feel sad about her quitting the entertainment industry, let me use an analogy, people are actually just like fairies coming down to earth, they just come over to have fun and experience life, when they have had enough fun and experience, they will naturally go back to heaven and stay there."

Xiao Churan nodded thoughtfully and said, "What Miss Su said is very reasonable, according to you, it is indeed unlikely that she will stay in the entertainment industry."

Su Zhiyao glanced at Ye Chen who was silent and said with a smile, "Didn't the opening video of the concert just now also say that Gu Qiuyi has actually been looking for her Prince Charming, I feel that she joined the entertainment industry, most likely to achieve this purpose of finding someone."

"Yes." Xiao Churan said in agreement, "I feel the same way."

Su Zhiyao added, "You see that she has been raised well since she was a child, so I think that her Prince Charming's origins will not be worse than hers, and may well even be better than hers."

With that, Su Zhiyu used her slender finger to lightly tap her lower lip and said to herself, "Aiya, in that case, the analogy I just made is actually not very appropriate ..... although it is true that people are fairies coming down to earth, but they are not coming down to earth to have a little fun or experience. The two of them will go back together."

### **Chapter 3123**

This set of analogies of Su Zhiyu's fairy descending to the mortal world made Xiao Churan nod her head repeatedly as she listened.

She felt that what Su Zhiyu had said was too right, and that the true direction of things should be the same as what she had speculated.

Only, she didn't know that these words would fall into Ye Chen's ears, but they were something else.

Ye Chen knew that Su Zhiyu's words were as if she was deliberately mentioning her wife, but in a deliberately very hazy way, so that her wife would not even know that it was all related to her.

Ye Chen did not understand why Su Zhiyu was telling Xiao Churan all this, was it to give Xiao Churan a precautionary shot?

However, he himself did not want to leave Xiao Churan either.

Or maybe she was saying this to herself on purpose?

But what was the point of that?

Ye Chen didn't quite understand for a while, and he couldn't quite understand this woman, Su Zhiyu.

He felt that this woman was a little too clever, so much so that he was always a little wary of her deep inside his heart.

When the three of them followed the crowd out of the arena, Su Zhiyu asked Xiao Churan and Ye Chen, "By the way Mr. Xiao and Mr. Ye, how did you get here?"

Xiao Churan said, "We took a taxi to come here."

Su Zhiyu said, "Oh, you can't take a taxi at this hour. I estimate that there are at least 10,000 to 20,000 people in our neighbourhood who need a taxi, and even if we use the software to call a taxi, we still have to wait for at least an hour."

Xiao Churan hurriedly said, "Don't bother Miss Su, we're not too far away, it's only a 20-minute walk."

Su Zhiyu said, "How can I do that? It's so late now, you'll be exhausted when you walk home, and it will definitely affect your work tomorrow. "

When Xiao Churan heard this, she couldn't refuse any longer, so she looked at Ye Chen and asked, "What do you think, husband, should we walk back or take Miss Su's car?"

Ye Chen glanced at Su Zhiyu and said indifferently, "Since Miss Su has so kindly invited us, we can't disappoint her kindness."

After saying that, he looked at Su Zhiyu and said seriously, "Miss Su, I've given you trouble."

Su Zhiyu hurriedly said, "Mr. Ye is too kind, such a small thing, it's something I should do."

At that moment, Dong Ruolin saw Xiao Churan in the crowd and ran over quickly, saying as she ran, "Churan, how are you going to get back? My cousin is driving to pick me up, or I'll give you guys a lift."

Kong Delong now had two tasks, one was to live in the urban village and suffer, and the other was to act as a driver for Dong Ruolin, so Dong Ruolin generally took him with her wherever she went, so that she, her cousin, would not be so bored.

And Dong Ruolin also had her own personal feelings.

She felt that the living conditions of her cousin Kong Delong in the urban village were really very difficult, so she often called him out, on the one hand to act as a driver for herself, and on the other hand so that she could take him out to eat something nice on the pretext of work.

When Xiao Churan saw Dong Ruolin coming over, he was busy saying, "Sorry, Ruolin, I've already made an appointment with a friend to take his car back, so I won't bother you and your cousin."

Only then did Dong Ruolin see Su Zhiyu beside Xiao Churan.

## **Chapter 3124**

The moment she saw Su Zhiyu, Dong Ruolin's entire body was dumbfounded.

She recognised Su Zhiyu right away, after all, Su Zhiyu was the eldest granddaughter of the Su family and was extremely famous in the circle of Yanjing's second generation, arguably the strongest one in Yanjing's circle of celebrity daughters.

Although they were not exactly friends, they were acquaintances in the past and had met on many high society occasions.

It was just that she didn't expect why Su Zhiyu was here.

So, she subconsciously asked, "Miss Su ..... Su? How come you are here?"

Su Zhiyu was also a little surprised, Dong Ruolin she remembered, the daughter of the Dong family, although it was much less powerful than these top families, the Dong family, but after all, they were also people in the same circle, and they all had some interactions with each other.

So, she then smiled slightly and said, "Miss Dong has also come to Jinling, is it specifically to see the concert?"

Dong Ruolin hurriedly waved her hand and said, "No, no, I am now working in Jinling, right in Jinling's Dihao Group!"

Su Zhiyu nodded her head and said with a smile, "So it's the famous Dihao Group."

After saying that, she also intentionally or unintentionally glanced at Ye Chen, and there was even a little bit of proclivity in her eyes.

It was because the first instant after she knew that Dong Ruolin actually worked at the Dihao Group, she felt that this was a very fishy matter.

She thought in her heart, "Although the Dong family is only a ten billion dollar family, it is far from letting its own first daughter run to Jinling thousands of kilometres away to work, moreover, these families in Yanjing are all more refined than monkeys, no one would do such a disgraceful thing, there must be a demon when things go wrong, the Dong family must have a deep meaning in this move."

Before she could be surprised for two seconds, it immediately dawned on her and she exclaimed inwardly, "It must be because of Ye Chen!"

Although she did not know through what channel the Dong family had groped for clues related to Ye Chen, Dong Ruolin was definitely running towards Ye Chen.

On the side, Xiao Churan did not know Su Zhiyu's real background, she was busy with her work all day long, even though Su Zhiyu's previous car accident in the Forbidden Mountain Tunnel was a big deal, Xiao Churan had only heard that there was that one thing and had never taken the initiative to learn about it.

So, she asked Dong Ruolin with some surprise, "Ruolin, you know Miss Su too?"

Dong Ruolin was just about to speak, when Su Zhiyu took a step ahead and said with a smile, "When I used to work in Yanjing, I had cooperation with Miss Dong's family's company, to say the least, Miss Dong was still my party."

As soon as Dong Ruolin heard this, she immediately understood that Su Zhiyang did not want her to reveal her true identity.

So, she had no choice but to go along with Su Zhiyu's words, nodded and said to Xiao Churan, "It's like this, I just didn't expect that you and Miss Su also knew each other."

Xiao Churan didn't suspect anything and smiled, "Miss Su's mother is a client of mine, and we just met not long ago."

"Understood." Dong Ruolin nodded gently.

Su Zhiyu was also curious and asked, "Right Mr. Xiao, how do you and Miss Dong know each other?"

Xiao Churan smiled and replied, "The two of us are good girlfriends, we used to come from college together, including Ye Chen who used to be classmates with us for a year."

Deep inside, Su Zhiyu was even more surprised: "What the hell is going on here? How could Ye Chen have been classmates with his wife and this Dong Ruolin? But this Dong Ruolin came to work in Jinling, she must have come for Ye Chen, and she works in Ye Chen's Dihao Group, could it be that this Dong Ruolin is Ye Chen's lover under Xiao Churan's eyes? If that's the case, then Ye Chen's game of "darkness under the lamp" is really a masterpiece!

Thinking of this, the dialectical thinking that was always present in her heart started to work again.

She also thought, "It doesn't seem right, from what I know about Ye Chen, he's definitely not the kind of person who keeps a mistress behind his wife's back, and it's even more unlikely that he would directly get together with his wife's college classmate and best friend in private ..... Then could it be that Dong Ruolin doesn't know Ye Chen's true identity? Just think of him as a classmate, as well as a bestie's husband?"

When I thought of this, Su Zhiyu said tentatively, "Right Miss Dong, since you work in the Empire Group, then I have an unrequited request, I do have some projects that I want to dock with the Empire Group, I wonder if you can introduce me to the chairman of your Empire Group?"

### **Chapter 3125**

Hearing this, Dong Ruolin replied somewhat awkwardly, "Miss Su, although I have also come to Dihao Group for a year, but to be honest, I have never met our chairman, he seems to never come to the group, the group affairs are all in the charge of Wang Dongxue Wang's vice director, why don't I introduce her for you?"

"That way." Su Zhiyu figured it out instantly, it seemed that Dong Ruolin did not know Ye Chen's double identity.

Thinking of this, she laughed in her heart, "This Dong Ruolin is also stupid enough, she must have come to Jinling just to run to Ye Chen, but after coming for so long she didn't even figure out Ye Chen's identity ....."

Dong Ruolin noticed that Su Zhiyu was looking at herself in a more or less strange way.

She also couldn't help but look at Su Zhiyu, but when the two of them were facing each other, Dong Ruolin always felt that she was under a lot of pressure in front of Su Zhiyu, so she hurriedly said, "That, Churan, Ye Chen, since you are going back with Miss Su, then I won't see you off, my cousin is still waiting for me in the car park, I will go there first."

After saying that, she hurriedly said to Su Zhiyu, "Miss Su, I'll go first, you guys take care on your way."

Su Zhiyu nodded, remembering something, she hurriedly said, "By the way, Miss Dong, I may have to stay in Jinling all the time in the near future, the two of us can be considered to have met each other in other countries, why don't you leave me your contact information, I will treat you to dinner if you have time."

Although Dong Ruolin only knew Su Zhiyu, she was far worse than Su Zhiyu in terms of rank.

The difference between the two was the kind of difference that even if they were at the same banquet, they would never be able to sit at the same table, so she and Su Zhiyu did not have each other's contact information at all, let alone have dinner together in private.

Now that Su Zhiyu had taken the initiative to invite her to dinner, she was indeed a bit flattered.

So Dong Ruo Lin agreed almost without thinking, and hastily took out her mobile phone and said, "Yes, Miss Su, I've been in Jinling longer than you, so I'd better invite you, I'm more or less a half host."

Su Zhiyu smiled and said, "Sure, you treat me first, and I'll treat you back another day."

Dong Ruolin hurriedly said, "That's fine, Miss Su, let's add a WeChat, I'll sweep you."

Su Zhiyu nodded, took out her phone, found out her WeChat QR code, and then passed Dong Ruolin's friend request.

The moment she added Su Zhiyu as her friend, Dong Ruolin's heart was indeed a bit excited and leaping.

This could not be blamed on her snobbery, after all, she had always grown up in the kind of atmosphere of Yanjing's high society.

And the Dong family's strength, in the entire Yanjing upper class society, could only be ranked at the lower middle level.

Therefore, people of their class had always been used to surviving in the cracks of the upper class, and naturally, they especially cherished every opportunity to come into contact with people at the top of the hierarchy.

However, when Ye Chen saw Su Zhiyu taking the initiative to show goodwill to Dong Ruolin and even wanted to have a private dinner date with her, he became more and more suspicious in his heart, confused as to what this woman, Su Zhiyu, wanted.

After the two of them had added WeChat, they all went to the car park together. Dong Ruolin's car was not parked in the same area as Su Zhiyu's, so she waved goodbye to the three of them at the entrance of the car park.

## **Chapter 3126**

Ye Chen and Xiao Churan followed Su Zhiyu and found her car.

Ye Chen did not expect that the car Su Zhiyu drove when she went out by herself was a very ordinary Audi q5 SUV, which was indeed quite different from her status.

Su Zhiyu looked at Ye Chen and Xiao Churan and said with a smile, "The car is not very good, so please don't mind too much."

Xiao Churan was busy saying, "Why not, it's already very good!"

Su Zhiyu said with a smile, "It's good if you don't mind, then you two can sit in the back row."

Churan answered, and then sat in the back row of the q5 with Ye Chen, Su Zhiyu then started the vehicle and drove towards Townsend First Class.

On the road, Su Zhiyu sighed while driving, "I didn't expect that we were all quite destined to be together, my mother chose Mr. Xiao's decoration and design company, and it turned out that Miss Dong was also a college classmate of Mr. Xiao and Mr. Ye.

Xiao Churan also couldn't help but nod and said with a smile, "It's indeed quite a destiny, and I didn't expect that your business, Miss Su, was still related to the Dihao Group, my biggest partner now is the Dihao Group, and the hotel project I'm working on in my hand is owned by the Dihao Group."

"Is that so?" Although Su Zhiyu's tone was very surprised, no one saw that there was not the slightest element of surprise in her expression as she sat in the driver's seat and drove.

In her heart, she thought, "You don't even know that your husband is the owner of the Dihao Group, and you, as his wife, it's not as easy for him to give you a hotel project?"

Thinking of this, she also couldn't help but sigh: "This Xiao Churan, she is really a silly white sweet, she still hasn't figured out Ye Chen's identity until now ....."

However, she said with a smile on her face, "That's still a real coincidence, in the future, I may also have a lot more cooperation with the Dihao Group side, so maybe there will be business between us in the future."

Xiao Churan subconsciously smiled and said, "That's really great."

Ye Chen listened for a moment and then his head swelled.

He really wanted to tell everyone around him to stop negotiating cooperation for his wife, how could she finish so many projects? Song Wanting's side still wanted to give her the Song family's projects, and this seemed to be a bit of a hint for Su Zhiyu again.

He also knows that in the business world, if party A is willing to take the initiative to give party B a project to do, it is a gift of money, but he does not want Xiao Churan to be too exhausted.

At this moment, the mobile phones of the three people in the car, all began to send various tweets like crazy.

Ye Chen looked down and saw that almost all of these tweets were related to Gu Qiuyi.

This concert by Gu Qiuyi was really blowing up in the entertainment circle, and even on the entire internet.

No one expected that this concert by Gu Qiuyi would explode with so many explosions, and from the beginning to the end, there was a succession of shocking news.

First the announcement that there was a childhood friend for an hour and that she had been looking for each other.

Then there was the singing of 'Tomorrow I'll Marry You' in a wedding dress - could there be a more direct confession than that?

Just after everyone thought that the news that Gu Qiuyi might be marrying someone in the near future would be the biggest bombshell, Gu Qiuyi suddenly announced her permanent retirement from the entertainment industry!

This was a cosmic explosion, the best top stream singer, saying she was quitting the industry, not only was it extremely decisive and crisp, it was even a bit too capricious.

The good thing is that although her fans were disappointed, the vast majority of them could understand her decision in conjunction with the story Gu Qiuyi had shared with everyone.

After all, she had spent a large part of her life searching for her Prince Charming, and when she finally found him, she naturally wanted to double up with him and be a virtuous wife and mother, while her career in the entertainment industry itself was very busy, and if she did not quit the circle, it would be difficult to have enough energy to play the role of a virtuous wife and mother.

The small number of people who can't understand the situation are mainly jealous and envious.

However, there are still many fans who hope that the day will come when the tide will turn.

After all, many celebrities have made statements about quitting the entertainment industry, and have had an unknown number of so-called farewell concerts, and then after a year or two, they make a comeback.

Xiao Churan was hoping for the same thing, so she hurriedly went to browse through the news and Weibo hot searches to see if anyone was discussing this, but after looking around, she couldn't help but sigh, "Gu Qiuyi's agency has already released a statement confirming that Gu Qiuyi is officially quitting the entertainment industry after this tour, so it looks like there won't be any room for this matter to be reversed ....."

### **Chapter 3127**

At this moment, backstage at the show.

In Gu Qiuyi's lounge, Chen Duo Duo, with red eyes, personally helped her take off her wedding dress carefully, choking up with some heartache under her breath, "Qiuyi, I really don't understand, since you've already decided to wear your wedding dress at this concert, why didn't you name that Ye Chen guy?"

Speaking of this, she complained somewhat indignantly, "If I were to say so, you should have just forced him to get married in front of tens of thousands of viewers, in front of all the fans in the country! Once the wedding dress is on, just shout his name for him to come on stage, and then ask him on stage in front of everyone when exactly he's going to honour his promise."

Gu Qiuyi looked at herself in the mirror, carefully removed her sparkling diamond earrings and said with a smile, "You, you must have watched too many romance idol dramas, relationships and marriages are not forced, why use your influence to force people off the stage? It's not like no one in the entertainment industry has ever done this before, and didn't they still end up getting divorced?"

I just want to tell him myself on his birthday what kind of feelings I have had for him all these years, and I promised long ago to wait for him for three years. If I call his name on the spot at this time and ask him when he will honour his promise, that would be me going back on my word."

Chen Duoduo said in a depressed voice, "But this confession you made today is too big, and you have to quit the entertainment industry completely, things, you have given so much for him, if you don't push him a little bit, what if he backs out on you? What if he doesn't keep his promise after three years?"

Gu Qiuyi said seriously, "If he really can't keep his promise, then I wouldn't blame him."

"What?!" Chen Duoduo said dumbfounded, "Won't blame him, I tell you Gu Qiuyi, my that Ye Chen doesn't keep his promise after three years, I, Chen Duoduo, am the first to not want him! When the time comes, I will expose this heartless man on the internet!"

Gu Qiuyi said, "Don't talk nonsense! Brother Ye Chen's family has been kind to our family, his father helped our family a lot in the past, and my father's life was also saved by Brother Ye Chen, with such a great kindness, no matter what decision Brother Ye Chen makes, I will willingly and fully accept it."

Chen Duoduo was as anxious as an ant on a hot pot: "Gu Qiuyi, how can you think like that? He is kind to your family, but don't you have any love for him? Isn't the video that was played at the beginning of the concert the silent dedication you have shown to him for so many years? Could it be that just because he saved your father, after all your years of devotion, he can completely fail you?"

Gu Qiuyi said, more or less impatiently, "Oh well, you're the one who talks the most! Hurry up and help me take off my wedding dress, I still have to catch a flight later."

Chen Duo Duo asked, "You're leaving tonight?"

"Yes." Gu Qiuyi said, "The concert is over, so there's nothing more for me to do. You stay here and work with the executive company to take care of the aftermath, while I go back to Yanjing to prepare for the next concert."

Chen Duo Duo said, "Then there's no need to catch a flight back so late, rest for one night and wait until tomorrow."

Chen Duoduo said, "You made such a heartfelt confession at the concert, but that Ye Chen took his wife home after the concert, don't you want to stay one more day to see if he will give you a statement?"

"No need." Gu Qiuyi said with a smile, "I've said it all, I just want brother Ye Chen alone to know clearly what kind of true feelings I have for him is enough."

### **Chapter 3128**

"That's why I didn't put any frontal photos of him on the concert video, not even as a child, and I didn't say in public that it was his birthday or that he was there today, because I didn't want anyone else to guess that my Prince Charming was him, especially not to make his wife suspicious."

"And since I said I would wait for him for three years, I will definitely wait for him in a down-to-earth manner, and will definitely not create any trouble for him in advance, not to mention not wanting to put him in a dilemma."

Chen Duoduo was convinced and arched his hand at Gu Qiuyi, exclaiming, "I'm really convinced of you! Really, I don't even hold up the wall when it falls down, I'm just convinced of you! Typical devotional personality! If Ye Chen doesn't marry you home, he will regret it until his next life and the next!"

"Don't be poor." Gu Qiuyi carefully removed her wedding dress with her help and said, "Duoduo, I haven't taken off my stage makeup yet and I have to go to the airport later, so I won't be able to take my time to put this wedding dress away."

Chen Duoduo said helplessly, "I know, I know it's your treasure, don't worry, I will help you put it away properly and bring it back to you in perfect condition!"

Gu Qiuyi nodded and smiled, "Thank you! You're my good sister! I'll treat you to a big meal when we get back!"

Chen Duo Duo gave her a blank look and muttered, "You're still treating me to a big meal, you've announced that you're quitting the entertainment industry this time, so I can be laid off as an agent."

Gu Qiuyi hurriedly laughed and said, "Don't! We still have a dozen or twenty concerts to attend, wait for your concert. When you're done, let me quit the entertainment industry first, but I still have to do other things, ah, then I'll look for a job at the Recollection Group and you'll come and work for me as an assistant!"

Chen Duo Duo said helplessly, "I know, I know this is your treasure, don't worry, I will help you to bring it back to you properly and intact!"

Gu Qiuyi nodded and smiled, "Thank you! You're my good sister! I'll treat you to a big meal when we get back!"

Chen Duo Duo gave her a blank look and muttered, "You're still treating me to a big meal, you've announced that you're quitting the entertainment industry this time, so I can be laid off as an agent."

Gu Qiuyi hurriedly laughed and said, "Don't! We still have a dozen or twenty concerts to attend, wait for your concert. When you're done, let me quit the entertainment industry, but I still have to do other things. I'll give you double the annual salary!"

Chen Duoduo was happy, but her face still hummed and said, "Being an assistant is no problem, after all, we are also a graduate from a famous university majoring in economics and management, we are more than enough to be your assistant for anything, but forget about this double annual salary, your sister Duoduo is not a person who is short of money, the reason why she wants to rely on you is also because she has a good relationship with you, even if she doesn't make money, she is comfortable working with you. "

Gu Qiuyi took Chen Duo Duo's arm and said with a smile, "Aigoo Sister Duo Duo, you finally told the truth today, it seems that I still have a stronger personality charm, I can keep a talent like you around to serve me, hahaha, this lady is really charming!"

"I pooh!" Chen Duoduo brushed aside his mouth and spoke, "Stop being so poor here, don't you have a flight to catch? Hurry up and take off your makeup."

As she was talking, there was a knock at the door and Gu Qiuyi's mother, Lin Wanqiu, asked in a soft voice, "Nui Nui, can mommy come in?"

## **Chapter 3129**

Hearing her mother's voice at the door, Gu Qiuyi hurriedly said, "Mom, I am taking off my makeup and changing my clothes, are you by yourself?"

Lin Wanqiu was busy answering, "Mom is by herself."

Gu Qiuyi then said to Chen Duoduo, "Duoduo, go and open the door for my mother."

"Okay." Chen Duoduo agreed and hurriedly opened the door to the room.

After the door opened, Lin Wanqiu looked at Chen Duoduo and said with a smile, "Duoduo, this time has really been hard for you."

Chen Duoduo hurriedly waved her hand and said, "Auntie Lin, this is all my job, it wasn't hard at all."

After saying that, she said with a shocked face, "Auntie Lin, why do you look so much younger today? I feel that if I don't control my control, I might look even older than you in another two years ....."

Lin Wanqiu said with a smile, "Auntie does have some relatively niche skin care products that are really quite effective, I've been using them, when I return to Yanjing, I'll have someone send you a set, or you can come directly to the house to pick them up."

Lin Wanqiu knew that she naturally could not tell Chen Duoduo about the Spring Return Pill.

Moreover, even if she told her, she was afraid that it would be difficult for her to get it, and instead, she would also cause trouble for Ye Chen, so she covered over with skin care products.

Chen Duoduo had always been very close to Gu Qiuyi, so she was also very familiar with Lin Wanqiu. Hearing this, she said with a smile, "Then I'll thank you in advance, Auntie Lin!"

Lin Wanqiu laughed, "What else do you have to be polite to Auntie, from now on your skincare products will be provided by Auntie for you, I will have the group's driver send them to you regularly."

"Ah?" Chen Duoduo was flattered and said with some trepidation, "Auntie Lin, there's no need to go to such trouble, if it's good enough, I'll just go and buy it myself in the future."

Lin Wanqiu laughed and said, "You are still being so formal with your aunt? It's settled, if you keep pushing back, you'll be treating auntie like an outsider."

Hearing this, Chen Duoduo nodded and said, "Thank you, Auntie Lin, then I'm sorry!"

Lin Wanqiu nodded and then said to Gu Qiuyi, "Nui Nui, your father and I are going to the airport. Your father thinks you have worked too hard today, so he asked me to tell you to take a good rest at the hotel tonight and not to come with us at night."

"Don't ah mum." Gu Qiuyi was busy saying, "I'm just going to take off my makeup and go back with you guys, I'm not tired at all now, I don't need much rest, besides, there's no point in me staying overnight, I might as well go back with you guys, then I can still get a good night's sleep at home."

Lin Wanqiu reached out and touched her face, asking gently, "You made such a deep confession at your own concert today, don't you want to see how Chen'er reacts in person? Stay an extra night and you might even be able to meet up with Chen'er tomorrow."

"No no." Gu Qiuyi said with a smile, "Making such a big noise and not saying hello to brother Ye Chen in advance, I was afraid that I would scare brother Ye Chen, so I'd better go back first and see him again after a while."

Lin Wanqiu shook her head helplessly and laughed, "You girl, you dare to do something so earth-shattering, are you still afraid that you won't know how to face Chen'er afterwards?"

Gu Qiuyi said delicately, "Aiya mum, you know I actually have the thinnest skin, I was nervous about doing this today for many days, my back is still sweating, the last thing I want to see right now is brother Ye Chen, you just let me go home to avoid the storm ....."

"This child .....", Lin Wanqiu helplessly laughed: "then okay, you seize the time to remove the makeup, change into a more comfortable clothes, I go to talk to your father, we wait for you a little longer. "

"Thanks mum!" Gu Qiuyi smiled happily and gave Lin Wanqiu a kiss on her cheek.

### **Chapter 3130**

Ten minutes later, Gu Qiuyi, who had changed into an everyday outfit, got into the car with her parents and headed to the airport.

On the way, Gu Qiuyi kept chatting with her mother, Lin Wanqiu.

As a woman, Lin Wanqiu had many questions in her mind to ask her, but her first question was, "Nui Nui, when did you order that wedding dress you are wearing tonight behind our backs?"

Gu Qiuyi said with a smile, "Mom, you know Vera Wang, right?"

"Yes." Lin Wanqiu nodded, "Isn't it the independent brand of the Chinese-American designer Wang Weiwei? It's really hot in Europe and America these years, even former US President Clinton as well as the daughter of Boo Ten, got married wearing wedding dresses designed by her, you ordered that wedding dress from her as well?"

Gu Qiuyi laughed, "She had announced a few years ago that she was retiring and no longer making wedding dresses for others personally, but I invited her over from the US a few months ago and took my measurements, then she brought them back to the US and made them for me personally."

Lin Wanqiu laughed, "Then you've got a lot of face, people have called it a day, and you're still making your wedding dress again."

Gu Qiuyi said seriously, "Mom, to be honest, originally I couldn't invite her, although her assets are not as big as the top big families, but she usually befriends the top powerful people, many top wealthy and executive families in the United States have asked her to design their wedding dresses, and these celebrities in China are also lining up to find her, but even so, no one can invite her personally these years, not to mention me, even the Su's and Ye's family seek her out, it's impossible for her to come out in person."

Saying that, Gu Qiuyi paused slightly and added, "The main reason why she is willing to come to China personally to help me take my measurements and make my wedding dress this time is because she knows that I am the future daughter-in-law that Auntie An has long approved."

Lin Wanqiu asked in surprise, "You're saying that this Wang Weiwei is here because of Chen'er's mother's face?"

"Right." Gu Qiuyi said, "I had only paid a deposit to her brand for a designer under her to design a high order wedding dress for me, but I didn't expect her to come in person ....."

"I was actually surprised at the time and didn't understand why she would come over in person, and only after asking her did I find out that she had been good friends with Auntie An and Auntie An's mother for many years ....."

"Moreover, when brother Ye Chen went back to the United States to visit his family with Auntie An when he was a child, she had also met brother Ye Chen and knew about our family's relationship with Auntie An's family."

Lin Wanqiu lamented, "Wang Weiwei must also be over seventy years old, at least almost twenty years older than sister An, I didn't expect to still be friends with sister An."

Gu Qiuyi said, "Or maybe they met through Auntie An's mother."

Saying that, Gu Qiuyi added, "But according to her, Auntie An has also helped her a lot in the past, and looking at her tone she seems to be quite grateful."

Lin Wanqiu nodded, "Your Auntie An has helped so many people, in Silicon Valley alone, more than half of the big companies have taken investment from your Auntie An."

Gu Qiuyi gave a hint and continued, "So she came all this way to help me take my measurements, and went back to personally help me make my wedding dress for a few months, and after it was done some time ago, she even personally brought it to me to try it on and make fine adjustments on the spot, and after all this work, she didn't want to take a penny at the end, saying that I was Auntie An's daughter-in-law, just like her own daughter-in-law. "

Gu Yanzhong, who had been silent at the side, suddenly asked Gu Qiuyi very seriously at this time, "Nui Nui, you didn't tell her about Chen'er's situation, did you?"

"No." Gu Qiuyi said, "She only mentioned her relationship with Auntie An's family, but didn't ask me about Ye Chen's brother."

Gu Yanzhong suddenly remembered something, slapped his thigh and blurted out, "Oh no, we've forgotten something important!"

Gu Qiuyi's heart tightened and she hurriedly asked, "Dad, what's so important?"

Gu Yanzhong blurted out, "You made such a big noise at the concert today, if the An family saw it, they would know that Chen'er is still alive, and they would know that we have found him!"
