

Ye Chen 3331

Chapter 3331

As both the Ye family and the Gu family had prepared a motorcade, Gu Yanzhong simply had the Gu family's motorcade follow as well, to help Ye Chen make more of an appearance.

On the way to the Ye family, Tang Sihai drove the car himself and gave Ye Chen a detailed report of what had happened to Helena today.

After listening, Ye Chen had only three feelings in his heart.

Firstly, Helena was hiding the truth and had bad intentions.

Secondly, the Ye family was really shameless in dumping the pot.

Thirdly, the fact that Helena and the Ye family had managed to reach a consensus on such a basis proved that both sides were human beings and none of them were frugal.

In addition, he could also deduce that Helena's current situation should be at the end of her rope.

On the Chinese side, the Ye family would hardly be willing to let her through the door again, while on the Nordic side, the royalty who had threatened her with her mother's life were unlikely to let her go back easily.

Right now, she could be said to be in a dilemma.

But Ye Chen did not want to help Helena.

For one thing, he did not know her well, and for another, although Helena was pitiful but her heart was too heavy.

This kind of person was not suitable for too much contact.

When the twenty Rolls-Royces drove into the Ye family in great numbers, Ye Zhongquan had already led all the members of the Ye family and personally came out to greet them.

In the crowd, Helena had already changed into a very formal dress gown and had put on a very decent make-up, so that it was not at all obvious that she had just walked through a ghostly gate.

At this moment, Ye Zhongquan was in a particularly excited mood.

Ye Zhongquan had many expectations for Ye Chen.

It was not only because of Ye Chen's unpredictable strength, and the kind of destructive momentum he had shown against the Su family and in the Middle East.

It was also because of the mystery that Ye Chen had mastered, the mystery of bringing people back to life and youth.

Not to mention the fact that the incident of Helena biting her finger to save her life happened just over half an hour ago, the entire high society of Yanjing during this period of time has been trying to

understand until now how Gu Yanzhong went from being a dying patient with advanced pancreatic cancer to being miraculously cured and even twenty years younger.

But unfortunately, Gu Yanzhong kept his mouth shut and did not say anything to the public, even to his close friends, he did not reveal a single thing.

Others did not know the reason for this, but Ye Zhongquan did.

He knew that it was all Ye Chen's doing.

Because, Ye Chen had said it to Ye Changmin himself.

For this reason alone, Ye Zhongquan was willing to bow and scrape to Ye Chen.

If he could get twenty years of increased longevity in exchange for his groveling, it would be the most cost-effective deal he had ever made in his life.

However, no one else in the Ye family, apart from Ye Changmin, understood what the old man was doing.

It was fine for Ye Chen to come back, as he was after all a first cousin of the Ye family.

But the old man personally brought all of Ye Chen's uncles, aunts and siblings to greet Ye Chen at the gate, a self-subordination that the group could not accept.

However, Ye Zhongquan did not say anything and did not allow them to do so.

When the others saw him coming out, they could only follow honestly.

Soon, the vehicle Ye Chen was riding in came to a stop in front of the Ye family.

Ye Chen looked out of the car window at Ye Zhongquan and the Ye family members lined up in two rows behind him, and felt a lot of emotions in his heart.

Back then, when his parents had left the capital in anger with him, none of the Ye family members had sent him off.

Now, twenty years later, he had returned and the Ye family, led by the old man, had all lined up to greet him.

How ironic to compare the two!

And at this moment, Ye Chen sat in the car and had no intention of getting out.

Chapter 3332

Tang Sihai had already stepped down from the front car and quickly came to the door of the car where Ye Chen was, took the initiative to pull open the door and respectfully said, "Young Master Chen, we have arrived."

Ye Chen nodded gently.

He still didn't rush to get out of the car, but said to Gu Qiuyi inside the car, "Nui Nui, it's hard for you to make a special trip to see me off."

Gu Qiuyi smiled sweetly, "Brother Ye Chen, why are you still polite with me."

Ye Chen nodded, then said, "Then I'll go down first, you don't have to pick me up at night, after I'm done, I'll have Butler Tang send me back."

"Good." Gu Qiuyi was busy saying, "Then I'll wait for you at home."

Ye Chen answered, and only then did he walk out of the Rolls Royce.

At this moment, Ye Feng was already dying of anger.

He lowered his voice and complained to his father, Ye Changkong, who was beside him, "I don't know where on earth this Ye Chen got such a big stance! Grandpa brought us out to greet him personally, and he didn't even get out of the car and wait for Butler Tang to open the door for him! He's too good at putting up a show!"

Ye Changkong glared at him and said in a low voice, "Keep your mouth shut! Don't you know the words "trouble comes out of your mouth"?"

Ye Feng could only shut his mouth resentfully.

Although his heart was still full of indignation, he did not dare to show too much discontent.

Ye Chen got out of the car and did not immediately greet the Ye family members, but stood outside the car, turned around and waved to Gu Qiuyi in the car, and watched the Rolls Royce Gu Qiuyi was riding in leave before he turned back.

Most of the Ye family members were dissatisfied with Ye Chen's performance, but Ye Zhongquan was not angry at all, instead, he was very excited and went forward to take Ye Chen's hand, choking back a sob, "Chen'er, you've been away from home for so long, and you've finally returned! God has blessed my Ye family, now that I have lived to see you return to the Ye family, I have no regrets in dying!"

Ye Chen knew that the old man's words did not have a high degree of credibility.

However, Ye Chen did not refute his face and politely said, "Grandpa, I have made you worry for so many years."

Ye Zhongquan said with emotion, "It's alright, it's good to be back! It's good to be back!"

Saying that, he hurriedly took Ye Chen's hand and faced the Ye family behind him and said enthusiastically, "Come, Chen'er, you've been away from home for too long, you may not remember many people, grandpa will introduce you to them."

At this moment, Ye Chen noticed that Helena, who was in the crowd, had a pair of azure eyes that had been staring at him without blinking.

Ye Chen briefly met her gaze and saw that her eyes were full of gratitude and pleading, so Ye Chen acted as if he didn't see it and immediately turned to his eldest uncle, Ye Changkong.

This was because the first person the old man was going to introduce to Ye Chen was his eldest son, Ye Chen's eldest uncle Ye Changkong.

Although Ye Chen and Ye Changkong had not seen each other for twenty years, after all, the middle-aged man's appearance had not changed much, so he could recognize them at a glance.

Ye Zhongquan pointed at Ye Changkong and said to Ye Chen, "Chen'er, this is your eldest uncle, do you still remember?"

"I remember." Ye Chen nodded, and also out of respect for etiquette, took the initiative to speak, "Greetings, Eldest Uncle, it's been a long time since I've seen you."

Although Ye Changkong was more than a little upset with Ye Chen, he still managed the surface work very well and sighed, "Chen'er, I'm really so happy that you're back, Eldest Uncle! For so many years, you don't know how much we worried about you"

Ye Chen nodded and said politely, "Thank you, Eldest Uncle."

Ye Changkong said with a fake smile, "Chen'er, when you come back this time, how long do you plan to spend in Yanjing? Let your brother Feng show you around Yanjing properly when you return!"

These words of Ye Changkong were also what many people wanted to ask Ye Chen.

They all wanted to know what Ye Chen's intentions were when he came this time.

Was he coming over to attend an ancestral ritual and then return to Jinling, or had he come and simply not left.

Especially Ye Changkong, he knew that the old man was getting old and would soon hand over his power, when he himself would naturally be the next head of the family, and Ye Feng would naturally be the candidate for the next head of the family again.

However, killing back a Ye Chen at this time would more or less definitely affect the future direction of development.

Therefore, he had to find out Ye Chen's intentions first.

Ye Chen, who could not hear the meaning of Ye Changkong's words, smiled slightly and said, "Eldest uncle, I came back this time to acknowledge my ancestors, and after I acknowledge my ancestors, I will become a member of the Ye family again, so the answer to such a question of how long to live should be to live as long as you want!"

After saying that, he added with a smile, "Even if I don't live here often in the future, I should still ask grandpa to reserve a room for me, because I will definitely come back often!"

Chapter 3333

Hearing Ye Chen's words, Ye Changkong was depressed to the extreme.

He understood Ye Chen's meaning, from now on, whether he lived in the Ye family or not, whether he stayed in Yanjing or not, he, Ye Chen, had officially returned to the Ye family.

Ye Changkong cursed in his heart, "This kid is a bit disgusting when he gets like this"

However, in front of the old man, he did not dare to say a word.

So, he could only say with a smile, "Fine, fine! It's good to be back!"

The old man turned to introduce Ye Chen to his third uncle Ye Changyun, fourth uncle Ye Changjun, as well as his aunt Ye Changmin and youngest aunt Ye Changxiu.

When Ye Changmin was introduced, Ye Changmin's expression was very attentive and said with an excited face, "Chen'er, auntie has waited for you for so many years, and you've finally come back! Your parents' spirits in heaven will be so relieved!"

He said, choking back a few fake sobs, but there were no tears flowing down his face.

Ye Chen had already gotten used to Ye Changmin's behavior. After all, Ye Changmin was the daughter of the noble Ye family, and in the current fashionable language, she was definitely an old princess.

The old princess had been arrogant and domineering all her life and had never had to bow down to anyone, so it was understandable that her acting skills were not very good at the moment.

After all, an old princess like this would not have the energy to study and improve her acting skills.

Ye Chen could also see that she had tried her best to act, but her tears were really not obedient.

So, Ye Chen also smiled faintly and said politely, "Thank you, aunt."

It was Ye Changxiu, the youngest aunt who had not spoken, who had not said a word but whose eyes were already red.

By the time Elder Ye introduced her, she could not hold back her tears, pulling Ye Chen's hand while crying and choking, "Chen'er, this time when you come back, don't ever leave again"

Looking at his little aunt, who was about forty years old in front of him, Ye Chen couldn't help but recall his childhood in his heart.

Little aunt Ye Changxiu was a whole round older than himself, and when he was small, he was a child and she was an older child.

Back then, he was very clingy to her because she would take him with her every day after school to play.

And she in turn was very clingy to her dad, because of the several older siblings, she had the best relationship with him.

And Ye Chen's father also doted on his youngest sister the most back then, basically treating her like a daughter and giving her whatever she wanted, so although the two siblings were quite different in age, they did have a very cordial relationship.

As far as Ye Chen could remember, her younger sister was very lively and cheerful and did not have as many petty thoughts as Ye Changmin.

At that time, Ye Changmin got close to Ye Changkong and deliberately distanced herself from her father, Ye Changye.

The reason for this was that Ye Changmin felt that the future heir of the Ye family would definitely be Ye Changkong, who was the eldest son, so she had already developed a sense of standing in line early on.

It was Ye Changxiu, on the contrary, who had never had those complicated thoughts.

When Ye Chen followed his parents to leave home, his younger aunt Ye Changxiu was attending school abroad, and Ye Chen's memory of her was still stuck in the image of when she graduated from high school and everyone sent her abroad.

At that time, she was still a young girl, but now, she had reached her age of confusion.

Seeing his little aunt's true feelings, Ye Chen couldn't help but feel a sigh of relief in his heart and said respectfully, "Little aunt, don't worry, I've come back this time to acknowledge my ancestors, and even if I leave Yanjing temporarily in the future, I won't break off my ties with the Ye family."

With these words, Ye Chen's meaning was already very clear.

After he returned to the Ye family this time, he would definitely still have to return to Jinling, but he had already officially acknowledged his ancestors and would officially become a part of the Ye family's direct lineage again in the future.

When they heard these words, Ye Zhongquan and Ye Changxiu were naturally happy, but when the others heard them, they were all very upset in their hearts.

This statement by Ye Chen about acknowledging his ancestors meant that there would be another competitor in the future battle for the family fortune.

After the old man led Ye Chen to greet the elders one by one, the rest were those who were Ye Chen's equals.

The oldest was Ye Feng, followed by Ye Hao, and several other relatively young siblings.

Apart from Ye Feng and Ye Hao, the rest of the rich second generation, who had been brought up well, did not feel much for Ye Chen, a relative who had been away from home for twenty years, and everyone just exchanged a few superficial pleasantries.

Chapter 3334

Seeing that Ye Chen had already met everyone one by one, Ye Zhongquan looked at the time and said cheerfully, "It's a great thing that Chen's son is back, let's go in and sit down, let's all have a good catch up together, it's time for the foreign relatives to come and pay their respects later."

Seeing the old man's order, everyone moved together into the main hall of the Ye family villa.

Helena had been following Ye Feng's side and wanted to find a chance to communicate with Ye Chen alone, but seeing that the situation was unlikely at this point, she had to give up for the time being.

At this moment, inside the main hall of the Ye family villa.

In the centre of the large main hall, a fan shape had been set up with a number of huanghuali wood chairs in accordance with the ancestral tradition.

In the middle of the fan was the main seat of the old man, and on both sides of the main seat, there were more than ten chairs on each side.

These, were the seats for members of the Ye family's direct lineage.

Around the fan, there were also hundreds of simple folding chairs neatly arranged, and these, on the other hand, were seats for the foreign relatives.

Ye Zhongquan pulled Ye Chen to the main seat and pointed directly to the seat on the right hand side and said to Ye Chen, "Chen'er, if your father were alive, the seat on my right hand side would be his, now that he is gone and you have returned to the Ye family, then this seat, naturally, will be yours!"

Ye Zhongquan directly made Ye Chen sit at his right hand, a move that immediately surprised everyone.

This was because according to the rules, when foreign relatives came to pay their respects in a while, the oldest son sat in the main seat, the eldest son in the lower left seat, the second son in the lower right seat, and the sons' generation sat next to each other to the left and right before the grandchildren's generation took their turn.

After the grandchildren have been seated, the daughters and granddaughters sit next to each other on the outermost side.

As for grandchildren, they were not allowed to attend, so Ye Changmin and Ye Changxiu's husband and children did not come.

As Ye Changyang, who was the second son, had already passed away, Ye Changyang's place, according to the old rules, should be taken by Ye Changyun, the third oldest, by extension.

At the last ancestral ceremony twelve years ago, Ye Changyun did take Ye Changyang's place.

However, this time, Ye Zhongquan did not give Ye Changyun a chance.

Ye Changkong felt that the old man had gone too far in favour of Ye Chen, so he could not help but say, "Dad, Chen's son has just returned, I understand that you feel sorry for him, but this rule cannot be changed casually.

Ye Changyun's heart was slightly relieved.

Seeing that Ye Chen was going to take his place, he was most unhappy in his heart.

But he didn't dare open his mouth to argue with the old man, so it was good that he had his elder brother to stand up and say something fair for him.

Ye Zhongquan scoffed at Ye Changkong's words and said indifferently, "The rules are all made by people! I am the head of the Ye family, so I will make whatever arrangements I say."

After saying that, he looked at Ye Chen and said without any doubt, "Chen'er, you will sit here!"

Ye Chen certainly had no opinion.

Now, he was not only going to sit next to Elder Ye, but in the near future, he would also have to replace Elder Ye and sit in that proper seat of the old man.

Therefore, offending Eldest Uncle and Third Uncle today was just a small appetizer.

One day, he would have to offend the entire Ye family.

But it didn't matter to him, as the saying goes, if you want to wear a crown, you must bear its weight.

If he wanted to make the Ye family submit, he had to first offend all of them.

Then, one by one, he would be able to rule over the stinking temper of the bunch of them.

They must be made to learn to bend their backs, learn to bend their knees and learn to submit!

Only then would he be able to sit firmly as the Ye family head.

So, with a faint smile, he said without a second thought, "Good! Then I will sit here!"

After saying that, he simply sat down on his buttocks!

Chapter 3335

No one expected that Ye Chen would sit so openly and casually.

It was as if, that seat itself was his.

Ye Changyun, who had been robbed of his seat, was so angry that his face turned green.

He had thought that since Ye Chen was a newcomer, he must have restrained his sharpness a bit, and even if the old man had asked him to sit in this seat, he would have taken the initiative to resign and then returned the seat to himself.

But who would have thought that this guy would just sit down!

This caused Ye Changyun to curse angrily in his heart, "Damn it! This Ye Chen is too ignorant of rules, haven't you learnt the story of Kong Rong giving up the pear? You've just come back and you're stealing my seat from your third uncle, do you want to step on my head to get to the top?"

The elder brother, Ye Changkong, was also upset in his heart.

He had thought that Ye Chen would be more restrained and humble when he returned to the Ye family and in front of the old man and so many uncles, but he had never expected that Ye Chen would simply ignore these so-called elders.

Ye Changkong couldn't help but curse in his heart, "This Ye Chen, stealing Chang Yun's position, on the surface is a slap in Chang Yun's face, but in reality, it's giving Xiao Feng a downward spiral!"

"He Ye Chen is a grandchild after all, whether it's by generation, by seniority, or by order of seniority, he should be behind my two younger brothers, and also behind my son Little Feng!"

"But now, the old master has actually let him go straight past Xiao Feng, past the oldest three and the fourth, and sit directly in front of the old master"

"If the old master is favoring him to such an extent, that's an extremely dangerous sign! In case he overtakes even Little Feng, wouldn't the Ye family be in danger of falling into his hands in the future?!"

Ye Feng was just as angry.

In any family, the eldest son and grandson had the highest gold content, so in Ye Feng's eyes, his younger siblings, who would all be working under him in the future, were naturally several levels below him.

Not to mention these younger siblings, even if they were aunts and uncles, what would happen?

When the old man is gone and the power of the Ye family is handed over to his father, these uncles and aunts will start to develop towards the direction of foreign relatives.

At that time, wouldn't they also have to look at their own faces?

But today, the old man had raised Ye Chen to such a high position, which really gave him a huge sense of crisis.

The other Ye family members were also mostly dissatisfied with what the old man had done, but at this time no one dared to say it to his face, so each one could only hold back.

After everyone had taken their seats, Tang Sihai took a guest list written with a brush and handed it to Ye Zhongquan, saying respectfully, "Master, for this ancestral ceremony, there are seven hundred and ninety-one members of the Ye family from all over the world, and the list is all on this list."

"Good!" Ye Zhongquan nodded in satisfaction and said, "For so many members of the Ye family's side branches to come, it proves that they haven't forgotten their roots!"

Tang Sihai handed over another invitation and continued, "Master, the total number of representatives of foreign relatives who have come to pay their respects today is one hundred and thirty-six, all of them are the heads of the branches of the Ye family and their eldest sons and grandsons.

Ye Zhongquan took it, scanned it, and smiled, "This time, there are many more first sons and grandsons of various families coming to pay respects than last time!"

"Yes." Tang Sihai nodded, "There are quite a few young people in there, all around the age of 16 to 25, last time at the Ancestral Ceremony, they were still children, so they didn't come to the worship service."

Ye Zhongquan nodded and said with a smile, "Our Ye family is thriving and has spread its branches all over the country and the world.

Tang Sihai said, "That's natural!"

Chapter 3336

Saying that, Tang Sihai asked again, "Master, it's three minutes short of half past nine, and over a hundred of the Ye family's collateral relatives are already waiting outside the manor, is it time to let them come in one by one to pay their respects?"

Ye Zhongquan nodded and said with a smile, "That's fine, let's begin!"

As he said that, he also turned his face and introduced himself to Ye Chen, "Chen'er, the first one to come to pay respects in a moment will be your second grandfather's family, I wonder if you still remember him?"

Ye Chen shook his head, "I don't remember much."

Ye Zhongquan laughed, "You should have met him once or twice when you were young, but you have been away from home for too long after all, and this second grandfather of yours has his family in Canada, so there are not many opportunities for him to come to China."

Saying that, Ye Zhongquan added, "Speaking of which, of all the many side relatives of the Ye family, your second grandfather's family is the closest to us, after all, he is my own brother."

When the others saw that Elder Ye had been talking and laughing with Ye Chen, they were all jealous in their hearts.

Soon, the crowd heard at the door, Tang Sihai shouted out, "Ye Zhongzhuo, the grandson of the Ye clan, with his eldest son Ye Changming and eldest grandson Ye Fan, pay a visit to the door!"

As soon as the words left his mouth, an old man with pale white hair walked in with a middle-aged man and a young man smilingly.

This old man was Ye Zhongquan's own brother, Ye Zhongzhuo.

With his eldest son and grandson in tow, Ye Zhongzhuo marched straight to Ye Zhongquan, who was sitting at the centre of the main table, and spoke excitedly, "Big brother! It's been a long time!"

Ye Zhongquan nodded and smiled, "You haven't been back for the past two or three years, have you? You don't even come back to see me as your big brother, that's not fair!"

Ye Zhongzhuo said ashamedly, "Big brother, my body can't stand the strain anymore, I had a serious illness a few years ago and lost half of my stomach."

Speaking of this, Ye Zhongzhuo sighed, "The children didn't want me to come to this ancestral ceremony, but how could I not? Maybe this will be the last time I attend the ancestral ceremony!"

Ye Zhongquan said, "Don't talk nonsense, take good care of your health, you will definitely be able to come in twelve years' time!"

Ye Zhongzhuo sighed lightly and waved his hand, "Brother, I know my health well, I'll be satisfied if I can live another three to five years, how dare I hope for twelve years."

He said, "I just finished working with my children a few days ago. I wanted to send my body back to China after I died and bury it in the ancestral grave of the Ye family, but the children didn't agree at first, thinking it was too far away and that it wasn't easy to come and see me and pay respects."

Ye Zhongquan blurted out, "Come on, Lao Er! Don't say such sad things, just stay for a few more days this time and let's get together as brothers!"

"Good!" Ye Zhongzhuo nodded repeatedly, and then said to his son and grandson, "Changming, Xiaofan, what are you still standing there for?"

Ye Changming hurriedly knelt down on one knee and said with a clasped fist, "Changming pays respects to Eldest Uncle!"

His son, Ye Fan, also knelt down after him and said respectfully, "Ye Fan pays respects to Eldest Grandfather!"

Ye Zhongquan smiled and lifted the two men up, saying cheerfully, "Come, come, oldest two, and Changming, little Fan, let me introduce you."

Ye Changkong, the son of the Ye family, had by now lifted his buttocks and prepared to get up.

It was because according to the rules, on such formal occasions, even if everyone knew each other, they had to go through the motions.

And since he was the eldest son, he must be the first to be introduced.

But who would have thought that just as his buttocks lifted up a few centimetres, Ye Zhongquan, who was at the side, pulled Ye Chen and introduced him to Ye Zhongzhuo's grandchildren, "This is Changye's son, Ye Chen!"

Chapter 3337

The moment Ye Zhongquan uttered the word Ye Chen, Ye Changkong sat back down on his chair with his buttocks.

The anger in his heart had made him feel a little numb.

"From the moment the old master asked the whole family to go and greet Ye Chen today, everything related to Ye Chen has been above normal standards!"

"I can see that the old master is bent on promoting Ye Chen to the top"

"To me and Little Feng, this is an extremely dangerous sign, if it continues to develop like this, Ye Chen might well replace me as the heir!"

And at this time, Ye Zhongzhuo's three grandchildren, hearing that Ye Chen was Ye Changye's son, were all shocked.

Ye Zhongzhuo looked Ye Chen up and down and said with an incomparable sigh, "You really do look like Chang Ying!"

As he said that, he looked at Ye Zhongquan and asked, "Big brother, hasn't Chen's son been missing for many years? When did you find him? Why didn't you tell us earlier about such a big event, so that we could be happy too!"

Ye Zhongquan laughed, "It has been some days since we found Chen'er, but Chen'er's character is rather low-key, and he has not been in Yanjing during this period of time, and today is also the first time he has returned after being away from home for so many years."

"So that's how it is!" Ye Zhongzhuo turned to look at Ye Chen again, stretched out a pair of wrinkled hands and shook Ye Chen tightly, sighing, "Chen'er, your father is the pride of the Ye family, even now,

those top families in North America still smell the mention of your father's name! Since you have returned to the Ye family, you must inherit your father's legacy and carry the Ye family forward!"

Ye Chen really didn't remember much about this second grandfather, but he could also see that this second grandfather was speaking from the bottom of his heart, so he respectfully said, "Don't worry, second grandfather, I will!"

"Good! Excellent!" Ye Zhongzhuo said with relief, "The return of the son of the long tassel to the Ye family is really a joyous occasion, and tomorrow at the ancestral ceremony, the old ancestors will be overjoyed!"

Ye Changming could not help but sigh, "When Chang Ying was alive, he was the light of the Ye family.

Ye Zhongquan laughed and said, "I am sure that Chen'er will!"

After saying that, he added, "Older Two, take Changming and Xiaofan to sit next to you for a while, we are starting half an hour late today, so we are short of time, so we won't introduce the pleasantries one by one."

Ye Zhongzhuo nodded and said, "Okay, big brother, we'll go and sit next to you while you continue!"

Ye Changkong was depressed in his heart, "During the whole meeting, as the eldest son, I didn't even have a chance to stand up and exchange pleasantries.

Just as Ye Changkong's resentment was unbearable, a second wave of foreign relatives who had come to pay their respects also walked in.

As before, Ye Zhongquan only introduced Ye Chen to the visiting relatives, not giving him, the eldest son, a chance to get up at all.

In half an hour's work, dozens of branches of the Ye family and over a hundred relatives who had come to pay their respects had basically done so.

The nearest relatives were Ye Zhongquan's two half-brothers' families, followed by his cousins who shared his grandmother's family, and the further back they went, the more distant their relatives became.

After everyone had paid their respects, Ye Zhongquan stood up and said in a loud voice, "Thank you all for coming all the way here. I also hope that all the descendants of the Ye Clan here can be more united to carry forward the Ye Clan in the world!"

The main hall erupted in applause.

As the head of the Ye family, Ye Zhongquan felt an overwhelming sense of achievement and said with a smile, "Gentlemen, nowadays, the Su family has suffered various blows one after another, and the whereabouts of the eldest and second sons are unknown, so the overall strength has taken a serious dive!"

Speaking of this, Ye Zhongquan laughed with great enthusiasm, "I believe that when the revenue figures for this year come out, our Ye family will surpass the Su family, achieve a reversal, and become the number one family in China!"

Once again, there was thunderous applause in the main hall.

While Ye Zhongquan was making his impassioned speech, a very large motorcade was coming in a big way.

Chapter 3338

At the head of the convoy were more than twenty plain black Les Roches, followed by a number of extended Land Rover Land Cruisers.

What was most shocking was that behind the Land Rovers, there were 20 to 30 extended flatbed transporters!

And on each of these flatbed transporters, there were several cheap, poor quality coffins laid out horizontally!

As the flatbed trucks had no fences at all, the coffins were all fastened to the trucks with big red ropes.

What was even more outrageous was that not only were the coffins secured with big red ropes, but each coffin even had a large red flower woven from red satin hanging from it!

In Chinese funeral customs, black and white is the predominant colour, yellow and purple are supplementary.

Big red, on the other hand, is extremely taboo!

The black coffin, with red ropes and red satin flowers, gave the impression that it was full of spookiness.

The Ye family's bodyguards and guardians were alerted at the sight of this scene.

Hundreds of people immediately blocked the front of the opposing caravan, while closing the gates of the manor tightly.

One of the chief guards stepped forward and shouted at the Lesleys caravan, "This is the important place of the Ye House! No idle people are allowed to approach! If you don't back off again, don't blame us for being ungracious!"

At this moment, the Rolls-Royce at the head of the line slowly stopped.

Immediately afterwards, the car door opened and Lu Haotian, the white-clothed Tiger King of the Ten Thousand Dragons Palace, stepped down.

The Chief Protector of the Ye Family stepped forward and questioned in a cold voice, "Who are you? What do you mean by this?"

Lu Haotian laughed coldly, "You are not worthy of knowing what kind of person I am, you are just a mere guard dog! Go and tell those members of your Ye family's direct lineage that the coffin prepared for them by our temple master has been delivered! Tell them to crawl out on their knees and sign for it one by one!"

The Chief Protector of the Ye Family was furious and blurted out, "How dare you! How dare you! If you don't get lost, I will not be polite!"

In the martial field he knew, the only four-star martial artist was He Hongsheng of the He family, and no one else could be higher than four stars.

Lu Haotian's strength, on the other hand, was that of a solid six-star martial artist, so this Chief Protector of the Ye Family could not see his strength at all.

At this moment, Lu Haotian glared at him, his eyes full of murderous aura as he said, "Just a dirt dog like you, you're worthy of shouting in front of me?"

After saying that, he frowned and shouted coldly and angrily, "Give me death!"

As soon as the words fell, Lu Hao Tian immediately threw a fierce punch towards the abdomen of that chief steward of the Ye Family.

The speed of this punch was so fast that everyone present could not even see it clearly.

In almost a flash of lightning, the Chief Steward of the Ye Family flew backwards at an extremely fast speed.

At the same time, an extremely pressurized blood gushed out from his mouth, cutting an arc of blood mist in the air

After flying backwards for dozens of metres, this Ye Family's strongest Chief Protector hit the gate of the Ye Family Manor with a heavy thud, his eyes wide and his face as white as paper, while his abdomen had already deflated a large chunk visible to the naked eye!

Immediately afterwards, his whole body slid down from the gate like a free fall, and he fell to the ground with a crash, dying of breath!

Chapter 3339

This bloody scene in front of them had struck all the Ye family retainers like a thunderbolt!

Who would have thought that these men would directly kill the most powerful chief steward of the family with a single punch just after a single encounter?

This, what kind of terrifying strength is this?

In an instant, over a hundred of the Ye Family's guards subconsciously took a few steps back, each of them terrified deep inside!

Lu Hao Tian's expression was still relaxed as he killed the Ye family's chief guard with one punch, taking out a handkerchief from his pocket and gently wiping the back of his hand, he looked around and said in a cold voice, "Anyone else who is not convinced, please stand out!"

As soon as the words left his mouth, the hundred or so guards of the Ye family retreated a dozen metres one after another.

They had already lost all their fighting spirit when the chief steward was killed by a single blow from the other side just now.

When Lu Hao Tian saw these people retreating one after another, he immediately took out a cigar, lit it up and took a puff, sneering, "Listen to me, I am here to settle a score with the Ye family, not with you, the dogs who are guarding the house. "

At this point, Lu Haotian's expression suddenly turned cold, pointing at the dead chief guard in the distance, and said in a stern voice, "But if anyone still dares to stand in my way and speak to me like this dead dog, then don't blame me for not being polite!"

When the crowd heard these words, their expressions became even more panicked.

The other party's strength had already surpassed them by more than one level, and if they didn't have the sense to behave themselves at this time, they would only end up worse than the Chief Steward.

So, the gang hurriedly opened the gate, and then one by one, like captives who had surrendered, they lowered their heads and quickly backed up to the sides, completely giving way to the gate of the Ye Family Manor.

Lu Haotian watched the gang's actions and grunted disdainfully.

In fact, he didn't want to proceed with this kind of shitty thing of sending coffins today at all.

He was one of the four battle kings of the Ten Thousand Dragon Hall, with the super strength of a six-star martial artist, and as a result, he had come to deal with a group of courtyard fighters like the Ye family who had no strength and no backbone, which was really a bit of a big deal.

However, since it was the order of Hall Master Wan Breaking Jun, he could only agree unconditionally.

However, seeing that the strength of this group of people was so weak that it was negligible, he could not help but feel a little bored in his heart.

Seeing that the gate had already given way, he turned to the elites of the Ten Thousand Dragons Hall behind him and shouted, "All of you follow me in, and the flatbed trucks come in together too, and bring the coffin that the Hall Master sent to the Ye family to the door!"

A group of Wan Long Hall elites immediately followed Lu Hao Tian and swaggered into the gates of the Ye family's manor, while dozens of flatbed transporters behind them also slowly drove in, pulling over a hundred coffins, one after another, into the gates of the Ye family's manor.

Seeing the convoy enter, one of the Ye family's guards hurriedly took out his walkie-talkie and blurted out, "Quickly inform the master! A group of unidentified people have barged in! They are extremely strong! The Grand Master has been killed by a single punch!"

As soon as the words left his mouth, the man's forehead was pierced by a cigar that flew at great speed!

The back half of the cigar had penetrated his brain, while the front half was exposed beyond his skull!

The front end of the cigar was still lit, emitting wisps of smoke.

The guard also lost all consciousness in that instant and fell to the ground with a crash, killing him completely.

Chapter 3340

And at this time, Lu Haotian, took out another cigar from his pocket, and after lighting it, shook his head and sighed: "Because of a dirt dog, I wasted a good Cuban cigar, which is fucking all delicate as a flower Cuban 16 or 17-year-old girl, rubbed out a little bit with her own thigh root, it's a pity"

.....

Meanwhile, the guards in front of the villa inside the manor, hearing the message over the intercom, were stunned beyond addition.

One of them dashed into the villa and prepared to report to Ye Zhongquan.

Inside the main hall of the villa, Ye Zhongquan had just received all the representatives of the Ye family's relatives, and they were all sitting together, sighing at the glory and achievements of the Ye family nowadays, and even beginning to think of the situation when the Ye family was the only one after the rapid decline of the Su family.

As the head of the Ye family, Ye Zhongquan was naturally elated, his mood incomparably happy and his sense of achievement soaring as never before.

Just as everyone was having a good time, a subordinate rushed in in a panic, shouting with a crying voice: "No It's not good! A large group of people have broken in! They've even killed the chief caretaker!"

At this instant, everyone in the main hall of the Ye family was dumbfounded!

Only Ye Chen, outwardly unperturbed, could not help but sigh inwardly, "Ten Thousand Dragons Hall, Ten Thousand Dragons Hall, your father has waited for you all morning, but finally you have come! If you don't come, your father can't start this big show!"

At this moment, Ye Feng subconsciously blurted out, "Who dares to barge into the Ye family and spill the beans? Are you tired of living?"

His father, Ye Changkong, also blurted out, "My Ye family has been cultivating in Yanjing for many years, but no one has ever dared to be so reckless! Hurry up and gather everyone! I want to see what kind of person is so daring!"

Ye Zhongquan's expression was grave as he immediately asked, "You said that the Chief Protector was killed, is this true?"

The servant who had come to inform him said in a panic, "Master I don't know about this either, it was the guard outside the manor who said it over the intercom"

Only now did Ye Changkong realize the crux of the matter and blurted out, "The chief steward was killed? That That's not possible, is it? He's a martial arts master!"

The others also figured this out and all of a sudden they all tensed up.

Ye Changmin asked nervously at this point, "Oh no, could it be the Su family coming for revenge?!"

Ye Zhongquan said with a solemn face, "It's unlikely! We don't have any conflict with the Su family on the surface, so even if they wanted to seek revenge, they wouldn't be able to kill our Ye family in broad daylight"

Ye Changmin stammered a little and asked, "Dad Then Then who could it be"

After saying that, she looked at Ye Chen and couldn't help but ask, "Chen 辰儿..... Did you offend someone outside?"

Ye Chen laughed lightly and said, "I returned to the Ye family for the first time today, and besides the Ye family, only Uncle Gu's family knows about this, even if it was my enemies, they wouldn't come here to seek revenge on me."

Ye Changmin felt that Ye Chen had a point, after all, Ye Chen's current return to the Ye family had not been made known to the outside world, and it was unlikely that others looking for him to seek revenge would come directly to the Ye family.

Just as everyone was on edge, a roar came from outside, as well as the loud sound made by the air release valve when the big truck braked.

One by one, the Ye family looked at me and I looked at you, all knowing that there must be a big battle outside, but no one knew what to do.

Just then, Lu Haotian's voice came from outside: "All those surnamed Ye inside, listen to me carefully, I am Lu Haotian, the White Tiger King of the Ten Thousand Dragon Hall! I'll give you thirty seconds to come out honestly! If not, I will kill you all when I rush in!"
