

## Ye Chen 3371

### Chapter 3371

Su Shoudao was frightened by Ye Chen's aura that was full of murder.

At this moment, he had only one thought in his head, that is, the Su family should not be blind and involved in this matter.

It would be better if they had nothing to do with this matter.

However, little did he know that his elderly father was already very excited and was waiting to go up to the Ye Ling Mountain tomorrow morning with Wan Xiaojun to witness the demise of the Ye family!

At this moment, Su Chengfeng, while eating his dinner, used his chopsticks to order a few bowls and plates and said to his butler Su Anshun, "Anshun, there is no wine for this dinner, it's not very interesting!"

Su Anshun said with a smile, "Master, the doctor told you to drink less and not to drink as much as possible. I was afraid that you might miss out on something, so I didn't prepare anything."

Su Chengfeng said with a stern face, "I'm asking you, what day is it today?"

Su Anshun said, "The fourth of April, what's wrong?"

Su Chengfeng scolded, "Bullshit, I don't know it's the fourth of April! I mean, what is the big day today?"

Su Anshun's eyes twinkled and he thought quickly, then he said, "Master, today is the day that the Ten Thousand Dragons Hall will kill the Ye family and bring shame to the Ye family!"

"That's right!" Su Chengfeng laughed and said, "This day, even compared to the New Year, is no better, right? Do you think if I don't have a few drinks on such a festive day, I'll be able to stand up to the hundred or so coffins that Wan Bajun gave to the Ye family! Would it be worthy of Ye Chang Ying, who will be thrown to the bone first thing tomorrow morning?!"

Su Anshun hurriedly nodded, "You are right, Master, I will go and get you some wine now! Which kind would you like to drink?"

Only then did Su Chengfeng nod in satisfaction and instructed with a smile, "Get the best Moutai, and bring me an extra glass, I have to toast Ye Chang Ying! Hahahahaha!"

Su Anshun hurriedly fetched the best Maotai wine, and also brought two Maotai wine glasses.

Su Chengfeng put down his chopsticks and laughed loudly, "Here, fill them all up for me!"

Su Anshun hurriedly opened the Maotai and poured out two glasses.

Su Chengfeng picked up one of the glasses, tilted his head and drank it all, smacking his lips as he laughed, "Aiya! Tsk tsk tsk ..... People are in high spirits when they are happy, this wine has become even more mellow than usual!"

After that, he picked up another glass and said with a cold smile on his face, "Ye Changyang, Ye Changyang, back then you were a great success in Yanjing, but did you ever think that twenty years later, Wan Liancheng's son would personally open your grave and bruise you to the ground?"

At this point, Su Chengfeng grunted, shook his wrist and poured a glass of wine onto the ground, laughing, "Come on, nephew, have a drink! After tomorrow, you will be a ghost floating in the air, scattered and scattered! Hahahahaha!"

.....

On the other hand, after Ye Chen left the farmhouse, he asked Tang Sihai to send him back to the Gu family.

On the way back, Ye Chen explained to Tang Sihai, "Housekeeper Tang, tonight, have your men outside keep an eye on the movements of all the Ye family members, see who are sneaking out to buy birthday clothes at night, but whenever anyone goes out, send someone to keep an eye on them, take some photos and keep them as evidence. "

Tang Sihai said without hesitation, "Yes, Young Master! I'll arrange it now!"

Ye Chen nodded and muttered, "These young and old men of the Ye family have lived a good life for too long, their bones have become too soft, after this time, it's time to temper them properly!"

Tang Sihai said respectfully, "Young master, after tomorrow, you are the god of the Ye family, with you around, these people definitely won't dare to act rudely!"

## **Chapter 3372**

Saying that, Tang Sihai added: "Moreover, after tomorrow, you will also be an unreachable existence in the eyes of all the families in the country, just like your father was back then!"

Ye Chen waved his hand and said seriously, "Remember to keep the news of tomorrow's incident under wraps, don't let my identity reach the outside world, now is not the time to come forward."

Tang Sihai was puzzled and said, "Young master, if you have even defeated the Ten Thousand Dragons Hall, why don't you take advantage of this perfect opportunity to announce your identity and become the Ye family head at the same time?"

Ye Chen said seriously, "A mere Ten Thousand Dragons Hall, apart from having a large number of people, does not have any real influence. offensive, that is true strength."

Speaking of this, Ye Chen sighed and said, "The Rothschild family, which is pervasive in the western world, is such a behemoth, so I want to hide in the shadows and feel their bottom first."

"Understood!" Tang Sihai immediately said, "Tomorrow I will lead people to cordon off Ye Ling Mountain in advance, except for people from the Ye Family and the Ten Thousand Dragons Hall, no one else will enter."

Ye Chen asked him, "Steward Tang, how many people do you have available in Yanjing now?"

Tang Sihai busily said, "Back to Young Master, I still have nearly a hundred reliable people under me, ready to be deployed at any time!"

Ye Chen asked curiously, "How come there are so many? Did they not flee this time when the Ten Thousand Dragons Hall let out their ruthless words?"

"No." Tang Sihai said respectfully, "All of us, who have once received great favours from your father, have coalesced together, and our greatest wish is to avenge your father! Now that someone is trying to disturb the peace behind your father, we have long been prepared to fight to the end, so we will not run away from the battle!"

After their orderly withdrawal from Jinling, they have all returned to Yanjing, many of them are older like me, but some are as young as you, or even younger than you. "

Ye Chen asked in confusion, "Since they are all my father's old ministry, how can someone be younger than me?"

Tang Sihai explained, "Some are orphans that your father sponsored and rescued, there are also children of your father's other old men, if it wasn't for your father, the majority of these people would have died long ago, including me, our lives are all given by your father."

Speaking of this, Tang Sihai sighed with emotion, "The reason we didn't leave the Ye family after your father had been gone for so many years was to wait for you to return!"

Hearing this, Ye Chen's heart was not only full of emotion, but also full of admiration and respect for his father.

A man had been dead for almost twenty years, and there were still so many people willing to die for him, so it was clear that when his father was alive, he was definitely a decent and great person.

As he sighed, Tang Sihai had already parked his car at the entrance of the Gu family.

Tang Sihai stepped out of the car, pulled open the door for Ye Chen and said respectfully, "Young master, you should rest and refresh yourself tonight, other trivial matters will be properly handled by me!"

"Good." Ye Chen nodded slightly, "Housekeeper Tang, you have worked hard, go back and rest well too."

"Thank you for your concern, Young Master!"

As soon as Ye Chen entered the Gu household after bidding farewell to Tang Sihai, Gu Qiuyi rushed out the door.

With red eyes, she ran up to Ye Chen and hugged him in a hug, choking with pity, "Brother Ye Chen, tomorrow I want to accompany you to Ye Ling Mountain!"

Seeing her eyes red from crying, Ye Chen couldn't help but ask, "What's wrong? Still crying like this?"

Gu Qiuyi choked up and said, "Brother Ye Chen, not long after you left today, Dad heard that the Ten Thousand Dragons Temple was looking for you, so he ran around all day, begging for help, but no one was willing to help, when Dad came back, he was so angry that his blood pressure rose and he couldn't even stand up ....."

### **Chapter 3373**

Today, after Gu Yanzhong heard about the Ten Thousand Dragons Hall killing the Ye family, he went out and begged everywhere.

He originally wanted to rely on brushing his old face and begging for more help for Ye Chen.

However, now all the members of the great families of Yanjing had taken the matter by storm.

The fame and strength of the Ten Thousand Dragons Hall was so powerful that everyone in these great clans of Yanjing had concluded that the Ye family was bound to die this time.

Therefore, no one wanted to have any further involvement with the Ye family at this time.

This was also the reason why Su Chengfeng had started to get carried away so early.

It was because in everyone's opinion, there was no way the Ye family would be able to escape this time.

The Ten Thousand Dragons Hall was like a swarming steel chariot that could easily crush the Ye Family's flesh and blood beneath its wheels!

Therefore, when these people heard that Gu Yanzhong still wanted to go to Ye Lingshan to help, they were scared and refused repeatedly.

Not to mention coming to help, they didn't even dare to say a few more words to Gu Yanzhong, and sent him straight out of the house like a plague.

Gu Yanzhong ran around for a day, but it was all for nothing, and he was also angry.

His blood pressure had risen so high by the time he returned that he almost passed out.

At this moment, he was lying down in the living room and receiving antihypertensive medication, with his wife Lin Wanqiu watching over him.

Hearing Gu Qiuyi's words, Ye Chen hurriedly said, "Quickly take me to see Uncle Gu, he is a person who has taken the rejuvenation pill, how can he still be angry into high blood pressure, what kind of anger is this ....."

Saying that, Ye Chen pulled Gu Qiuyi and rushed into the villa with a single step.

Once he entered, he saw Gu Yanzhong lying on the sofa, cursing while infusing fluids, "These motherfucking snobs, usually surround me like dogs wagging their tails and begging for mercy, now that I asked them to contribute some manpower and support me, they all want to beat me out of the house, what an asshole!"

Lin Wanqiu couldn't help but advise him, "Alright, alright, calm down first, don't let these people upset you."

Gu Yanzhong said in a depressed voice, "I'm not angry, I'm just anxious! I'm afraid that tomorrow Chen'er won't be able to fight that what the hell what dragon's temple ....."

Seeing this scene, Ye Chen couldn't help but laugh, "Don't worry Uncle Gu, no matter how powerful that Hall of Ten Thousand Dragons as well as that Ten Thousand Broken Jun are tomorrow, I will be able to take them all."

When the couple heard Ye Chen's voice, they hurriedly looked over.

Gu Yanzhong struggled and then sat up, saying offhandedly, "Chen'er is back!"

Ye Chen nodded and quickly stepped forward and said to Gu Yanzhong and Lin Wanqiu, "Uncle Gu, Auntie Lin, this little matter of the Ten Thousand Dragon Hall is actually not enough to be feared at all, you don't need to worry about me at all."

Gu Yanzhong was surprised and asked, "Chen'er, you ..... You do have a way to deal with that Ten Thousand Dragons Hall?"

Ye Chen laughed, "To such a small character, it's not even possible to talk about dealing with or not dealing with."

Saying that, Ye Chen added, "I've actually been waiting for that Wan Breaking Army to come to my door, as long as he dares to come, I will trample it under my feet and then logically ascend to the Ye Family's headship."

Speaking of this, Ye Chen shrugged his shoulders and smiled, saying, "If he doesn't come, I really don't know where to start with this matter of accepting the Ye family, the old man is in his prime, I can't pull him down hard from the position of the family head."

Gu Yanzhong was overjoyed and said with great excitement, "Chen'er! What you said is true?!"

Ye Chen nodded and smiled, "Of course, how could I lie to you about such things? Didn't you want me to become the head of the Ye family, to inherit my father's legacy, and then to carry the Ye family forward? As the saying goes, if you don't break it, you can't build it! If the Ye Family is not in crisis at all, how would it willingly allow me to sit as the head of the family?"

"Therefore, the best way is to break and then establish!"

"And this Wan Broken Army is the hammer that will help me break the Ye Family!"

After hearing Ye Chen's words, Gu Yanzhong froze for a few seconds, then subconsciously asked, "Chen'er, this Wan Long Hall is actually very strong, with tens of thousands of people under its command, you can hardly beat four hands with two fists, let alone so many people!"

Ye Chen laughed, "Uncle Gu, don't worry, it's true that there are a lot of people in the Hall of Ten Thousand Dragons, but the majority of them are mercenaries that they pay for, if something happens above, these people will immediately scatter, and their real core team is only about a hundred people, not enough to be feared."

He said, "Besides, they wouldn't dare to bring a lot of people into China with great fanfare, at most, they would just be a bunch of cadres quietly mixed in."

Gu Yanzhong added: "I have heard that almost all of their cadres, one by one, are martial arts masters, and some of them are extremely top martial arts masters, can you handle it?"

Ye Chen smiled and said, "I was in the Middle East some time ago and fought with the Ten Thousand Dragon Hall, indirectly causing them to lose thousands of lives and more than 10,000 people were captured, and one of them, one of the four war kings whose strength was second only to that of the Ten Thousand Broken Jun, was no different from a waste in front of me, I have already captured him and also had him brought to Yanjing, tomorrow morning I will bring him up to Ye Lingshan to go."

Gu Yanzhong said, dumbfounded, "Chen'er! Rumours in the jianghu say that this Ten Thousand Dragons Temple suffered a huge defeat in the Middle East some time ago, and this matter is related to you?"

### **Chapter 3374**

Ye Chen nodded and laughed, "It can almost be said that they owe most of that defeat to me."

Gu Yanzhong's jaw dropped as he listened, and after a long time, he couldn't help but look up at the sky and laugh!

Then, he laughed aloud, "Hahaha! That's great! That's great! In that case, the Ten Thousand Dragons Hall is not an enemy at all, but a friendly army that has crossed ten thousand fucking miles to bring you a pillow!

After saying that, he smoothly removed the infusion needle from his wrist and flung his hand at Lin Wanqiu, "Wife! Quick! Prepare the food and wine! I want to have a few drinks with Chen'er! I want to get drunk tonight!"

Lin Wanqiu was equally excited, but she didn't expect her husband to be ready to drink after he had been given the antihypertensive medicine on the first foot and had the needle removed on the second.

So she laughed helplessly, "You're having an infusion, how can you drink?"

But Gu Yanzhong retorted, "Drink! We have to drink! This is much more enjoyable than New Year's Eve! It's better than Chinese New Year!"

What Gu Yanzhong didn't know was that Su Chengfeng was thinking the same thing at the moment.

.....

This night, it suddenly rained lightly in Yanjing.

At this time when the spring rain was silent, there were many people who lost sleep and many people who got drunk on wine.

The first to fall intoxicated was the elderly Su Chengfeng.

He could not help it, he was too happy tonight.

After the Su family had suffered one huge blow after another and had been torn apart, he had finally come to an exciting moment.

Because he had suppressed it for too long before, he was already a little overjoyed at the moment.

Su Anshun brought over a bottle of Maotai, and he drank more than half of the bottle himself, while the remaining small half was poured onto the floor by a glass, all toasting Ye Chang Ying.

He said that he wanted to toast Ye Chang Ying of the Ye family, but in fact it was just to satisfy the pleasure deep inside him.

At the end of the drink, Su Chengfeng looked back at himself as he quietly rushed back to Yanjing alone with Su Anshun, without a single child or grandchild around him or a single family member, and his heart was incomparably melancholy.

He drank a few more glasses and cried and laughed for a long time before he finally fell asleep and was sent back to his room by Su Anshun.

Also drunk was Wan Bajun.

Tomorrow morning, he will take his parents' coffin out of their ancestral tomb and take it to Yeh Ling Mountain, so he plans to spend the night in front of their grave.

After 20 years of enduring humiliation, he was finally going to avenge the death of his parents, and he was so excited that he drank several pounds of white wine at their graves.

Originally, with his strength, he was able to force all the alcohol out of his body through his inner strength, but he did not do so because he really wanted to get very drunk.

On the other hand, Gu Yanzhong was also drunk, so drunk that he was almost unconscious.

It was Ye Chen who helped him back to his and Lin Wanqiu's bedroom.

He was too happy tonight.

After a long day of worry, fear and frustration, he suddenly got good news from Ye Chen, a low start and a high end, which made him excited.

When Lin Wanqiu took care of Gu Yanzhong and went to bed, Gu Qiuyi took Ye Chen's hand and was unwilling to let go of it for a long time in the living room.

Ye Chen persuaded her to go to bed, but she refused with all her might and insisted on leaning on Ye Chen's shoulder on the sofa.

She said that this way she could always feel Ye Chen's presence, because she was afraid that when she woke up, Ye Chen would have already left home and gone up Ye Ling Mountain alone.

Ye Chen knew that this girl cared for herself, so he let her go.

So the two of them sat on the sofa and talked about the past until Gu Qiuyi couldn't stay up any longer and fell into a deep sleep.

Ye Chen just sat on the sofa and let Gu Qiuyi lean against him, and did not move or fall asleep all night.

All he could think about was how he would inherit his father's legacy and bring the Ye family to the top of the world.

Although he knew very little about the situation overseas, he felt that the road to prosperity had already taken shape and was just waiting for him to set off!

And, in the same way as Wan Bajun, he also hopes to one day avenge the death of his parents!

## **Chapter 3375**

Five o'clock the following morning.

It had rained all night, and the humid climate unique to the Qingming season had cast a light mist over the early morning in Yanjing.

After spending the night in front of his parents' grave, Wan Bajun forced out all the residual alcohol from his body and burned three incense sticks and kowtowed three times in front of his parents' grave.

With that, he said with a resolute expression, "Dad! Mum! I'm going to disturb your long sleep! I hope you can forgive me when you know that you are dead! Today, I am going to move you two to the Wanling Mountain, which will be your new resting place!"

With these words, his eyes filled with tears, he choked up and said, "Dad and Mom! Broken Army will avenge you both today! I will bury the bones of that Ye Chang Ying in front of you! I hope your spirits in heaven can see this!"

With that, Wan Bajun stood up and said to his men, "Prepare the coffin!"

"As you command, Hall Master!"

The men around him were all dressed in all-white mourning clothes.

Today, like Wan Breaking Jun, they were the mourning sons of the Wan family, and were to escort the coffins of Wan Breaking Jun's parents all the way up to Ye Ling Mountain.

For today's spectacle, Wan Bajun also hired a troupe specialising in white ceremonies to set off with the team at seven o'clock sharp.

At six o'clock, the coffins of Wan Breaking Jun's parents had been carefully lifted out of the mud and cleaned up by Wan Breaking Jun's own hands.

Immediately afterwards, eight five-star warriors from Wan Long Hall tied thick hemp ropes around the two coffins, which would later be lifted by the eight of them and hiked up to Ye Ling Mountain.

Ye Chen, who had not slept all night, could not feel any fatigue at this moment.

His body was filled with powerful spiritual energy, which made him confident deep inside.

At exactly six o'clock, Gu Qiuyi's mobile phone rang in her head, and she, who had slept on Ye Chen's shoulder all night, immediately woke up like a lightning bolt, then seeing Ye Chen still by her side, she was relieved and opened her mouth to ask: "When did you wake up, brother Ye Chen?"

Ye Chen smiled faintly, "I just woke up."

Gu Qiuyi was busy standing up, moving her somewhat stiff torso, and asked him, "Brother Ye Chen, when are you leaving today?"

Ye Chen looked at the time and smiled, "Soon, housekeeper Tang will pick me up in twenty minutes, and I have to be at Ye Ling Mountain by seven o'clock."

"Good!" Gu Qiuyi busily said, "Then I'll go wash up now!"

At that moment, Gu Yanzhong and his wife also walked out.

Although Gu Yanzhong was drunk last night, he had woken up early today and was in excellent spirits.

When he saw Ye Chen, Gu Yanzhong said with a smile, "Chen'er, are you ready?"

Ye Chen smiled and said, "Always ready."

Gu Yanzhong nodded and said excitedly, "Then your Auntie Lin and I will accompany you up Ye Ling Mountain!"

Gu Qiuyi looked at her dad and said offhandedly, "Dad! I want to go too!"

Gu Yanzhong laughed, "You'll have to ask Chen'er about that, I'm not the one to say!"

Gu Qiu Yi hurriedly hugged Ye Chen's arm and pouted, "Brother Ye Chen, please just take me with you!"

Ye Chen nodded and said, "It's okay to go, but you must be obedient and must stay honestly by my side, remember?"

Gu Qiuyi said excitedly, "I remember, I remember! Brother Ye Chen, don't worry, I will stay by your side honestly!"

Ye Chen smiled faintly, "Okay, go wash up, the car will arrive in twenty minutes."

.....

At this moment.

The Ye family.

Everyone in the Ye family hadn't slept last night.

Ye Chen's answer of "half" had kept Ye Zhongquan tossing and turning all night.

Although Tang Sihai was already resting on his laurels, he was also excited and did not close his eyes all night.

Last night, Ye Changkong and Ye Changyun discussed the matter quietly. They were all afraid that Master Ye might get hot under the collar today at Ye Lingshan Mountain and then fight to the death with Wan Bajun.

Therefore, they sent Ye Hao out overnight to buy a batch of mourning clothes, which they planned to take with them to Ye Ling Mountain.

### **Chapter 3376**

Their intention was that, in case the old man really did not give in when the time came, everyone would change their mourning clothes and fall back on the spot, while agreeing to all the demands of the Ten Thousand Dragons Hall.

In any case, life was most important.

The first thing to do is to gather everyone to go to Ye Ling Mountain and pin all hopes on Ye Chen.

.....

At six twenty, Ye Chen got into Tang Sihai's car, while the three members of the Gu family were driven by Gu Yanzhong himself in another car, and together they headed to Ye Ling Mountain.

After driving, Tang Sihai said to Ye Chen, "Young master, last night, young master Feng and young master Hao, as well as your fourth uncle and great aunt, all quietly slipped out, and my men followed them all the way and found that they had all bought varying amounts of mourning clothes from different places."

Ye Chen grunted and spoke, "Good, once I've finished with Wan Bajun, I'll punish and discipline them, the unworthy sons of the Ye family, in front of their ancestors!"

Tang Sihai added, "Young master, there is another thing, it's the members of the side line of the Ye family over at Buckingham Palace, since yesterday afternoon, they have been fleeing one after another, and by now they have basically all run away."

Ye Chen nodded gently and said without concern, "This is all to be expected, it's fine, when I take over the Ye family, I will settle this score with them properly."

Saying that, Ye Chen asked again, "Right, Butler Tang, these side branches, are they still related to the Ye family in business?"

"Of course." Tang Sihai busily said, "Most of their business is related to the Ye Group, most of them are suppliers or distributors below us, and at least half of their profits come from the Ye Group."

Ye Chen nodded in satisfaction and said, "That's much better, in this society nowadays, not many people still care about family honor, so we have to jam them in the neck in terms of profit to make them behave."

.....

Six forty-five minutes.

The morning after the rain carried a bit of a chill.

Ye Chen rode in Tang Sihai's car and drove into the gates of Ye Ling Mountain.

At this moment, outside the main gate, more than thirty middle-aged men with somewhat graying hair, uniformly dressed in black suits, stood in three rows in the middle of the road.

The oldest of these thirty men looked to be in their sixties, while the youngest was in his forties.

They looked solemn and solemn, while at the same time carrying a bit of a death defying look.

When Tang Sihai's car arrived, the thirty-odd people immediately dodged to the sides and made way for a passage.

Ye Chen suddenly discovered that one of the thirty people outside was the director of the original Jinling Welfare Institute!

He was also one of Tang Sihai's men. Ye Chen knew that he had been transferred to the orphanage as its director not long after he had entered the orphanage, and had only left some time ago, having worked there for nearly twenty years.

After recognising the director, Ye Chen asked Tang Sihai, "Butler Tang, these are all my father's men from back then, right?"

Tang Sihai nodded, "That's right, they are all of them."

Ye Chen said, "Stop the car quickly."

Tang Sihai immediately stopped the car.

Before Tang Sihai could get down and open the door for himself, Ye Chen had already pushed open the car door and stepped out.

A group of people outside, seeing that it was Ye Chen who had arrived, were all surprised and excited, and many of them were already in tears.

"Young master! You've come back!"

"Young master! It's really you ....."

"Young master ....."

The people were all a bit emotional for a while.

Unlike the orphanage's Director Zhang, the others, hadn't seen Ye Chen again for so many years.

Although they knew that Ye Chen had been living in Jinling, they had not seen him since they were on the principle of not venturing to disturb him.

But, after all, Ye Chen looked too much like his father, Ye Chang Ying.

Therefore, as soon as Ye Chen stepped out of the car, everyone immediately recognised his identity.

As Ye Chen saw each and every one of these elders with red eyes, he felt a layer of mist clouding his eyes as well.

Immediately afterwards, he looked at the crowd and knelt down on one knee, clasped his hands in a fist and said in a loud, incomparably serious voice: "Uncles and uncles, you have worked so hard all these years! Please accept Ye Chen's obeisance!"

### **Chapter 3377**

Seeing Ye Chen suddenly kneel down on one knee, these old loyalists of Ye Chang Ying's, who were already in tears, came forward to support him.

One of them, the oldest, said with tears streaming down his face, "Young master, please don't! We are all your subordinates, how can we accept such a big gift from you!"

Ye Chen said firmly, "All of you are my father's old men, and to be here today is a token of gratitude to the Ye family.

The old man said, "Young master, this is all we should do! In fact, when Young Master Chang Ying was in trouble, we, the underlings, failed to do our best by his side, so it was our fault! For so many years, not a single day has passed without us blaming ourselves and feeling guilty, and now that you have finally returned, you have given us a chance to redeem ourselves!"

Ye Chen sighed, "You all have spoken too highly!"

Then, he looked at the orphanage's Director Zhang and said respectfully, "Director Zhang, how have you been?"

Dean Zhang hurriedly took a step forward and bowed respectfully, "I am grateful for your concern, I have been doing quite well recently, but for so many years, I have had to hide my identity from you for special reasons, so please forgive me."

Ye Chen arched his hand and said, "Dean Zhang, you have spoken too highly, I know that you have been protecting me in secret, for so many years, you have worked hard."

After saying that, Ye Chen looked at the crowd again and said from the bottom of his heart, "All of you, uncles and uncles, have worked hard!"

The old man from earlier said, "Young master, this is all within our duty!"

Dean Zhang also said, "Yes, young master! This is all our part, almost all of our lives are given to us by Young Master Chang Ying, in a moment Young Master, don't worry, if the people of the Ten Thousand Dragon Hall come up to kill us, they will have to step over our corpses!"

Ye Chen was busy saying, "Gentlemen, there is no need for that! Today's matter, I will personally settle it face to face with Wan Breaking Army of the Ten Thousand Dragons Hall, all you uncles here, just guard the gate, don't let other idle people into the mountain, as for the people of the Ten Thousand Dragons Hall, please also make sure to let them in without any hindrance."

"How can this be!" The old man from before, immediately said somewhat anxiously, "Young Master, we came here today to fight the Ten Thousand Dragons Hall to the death!"

Tang Sihai hurriedly stepped forward at this time and said, "Listen to me first, gentlemen! Young Master Chen is absolutely certain of dealing with that Wan Breaking Army, none of you should spoil the

young master's good deed, so when the Wan Long Hall's people come, you should just let them go up the mountain!"

The crowd had shocked faces.

Several people immediately went forward and repeatedly confirmed with Tang Sihai.

Tang Sihai spoke with great certainty each time, which forced the crowd to accept the order.

They didn't know if Ye Chen was really sure of dealing with Wan Bu Jun or not, but since both Ye Chen and Tang Sihai were certain several times, they could only do as they were told.

Seeing that he had convinced them, Ye Chen once again arched his hand at the crowd and spoke, "It's hard for you all to guard here, so I'll go up the mountain first."

After saying that, Ye Chen rejoined Tang Sihai's car and continued driving towards the top of the mountain.

Ye Chen felt a lot of emotions in his heart as he rode the car all the way up the mountain.

This was his second time on Mount Yehling, and it meant a lot to him.

At this moment on the top of the mountain, all the members of the direct lineage of the Ye family in Yanjing had arrived.

In addition to that, Hong Wu, Chen Zekai and Helena had also arrived.

However, the original 700-odd members of the Ye family's side branches had almost all run away last night.

The only one left behind was Ye Zhongquan's younger brother, Ye Zhongzhuo.

The children and grandchildren of Ye Zhongzhuo had also fled Yanjing and returned to North America in the early hours of last night.

As for the rest of the hundreds of people, they all ran back home in the dark.

They knew that this time, the Ten Thousand Dragons Hall was only targeting the Ye family in Yanjing, and had nothing to do with them, the side branches.

Under such circumstances, how could they possibly stay and share the hardships with the Ye family?

### **Chapter 3378**

Ye Chen got down from the car, and seeing that there were only so few people at the scene, he asked in a cold voice, "Didn't you say yesterday that a total of more than seven hundred members of the Ye Clan from all over the world would come to attend this ancestral ceremony? Why are they all gone now?"

Ye Zhongquan said awkwardly, "Chen's son, as the saying goes, each one of them will fly away when the disaster comes, they know that we will not be able to escape this time, so naturally they cannot die with us, so it is only natural for them to leave overnight."

Ye Chen grunted and said indifferently, "Who has the big list from yesterday? Bring it to me."

Eldest uncle Ye Changkong walked forward somewhat depressed and handed a thick roster into Ye Chen's hands, saying resentfully, "Here! You can read it yourself."

Ye Chen threw the roster directly at Ye Changkong and said coldly, "Immediately notify everyone on here who should come but hasn't! If they don't show up within an hour, they will have to come up from the foot of the mountain tomorrow and kneel down three times to atone for their sins!"

Ye Changkong was so angry that he didn't know what to say, and Ye Feng, who was on the side, said with a disheveled look on his face at this time, "Ye Chen, come on ..... The old pretend old pretend will be meaningless, this after another hour Wan broken army will come, are dead to death, you still say such pretend words, what is the point?"

Ye Chen frowned at him and questioned, "What? Didn't you get enough of a slap yesterday, did you?"

Ye Feng took a few steps back in fear and said resentfully, "Fine, fine, I'll shut up, I'll shut up! Anyway, it's only an hour away, I'm waiting here to see how you're going to solve Wan Bajun!"

Ye Chen didn't bother with him and turned to Ye Changkong, saying indifferently, "Call them one by one immediately!"

Ye Changkong had no choice but to take out his mobile phone and dial them one by one.

After making dozens of calls in a row, none of them got through.

Ye Changkong helplessly spread out his hands and said, "There's no way out, they've all turned off their phones, and I believe they won't turn on their phones until tomorrow."

"Good." Ye Chen nodded expressionlessly and spoke, "Then let's wait and see these seven hundred people lining up and kowtowing to the mountain tomorrow."

At this time, Gu Yanzhong also drove the car up after catching up with Ye Changye's old men at the bottom of the mountain.

When the car stopped and Gu Yanzhong's family stepped out of the car, everyone in the Ye family was stunned.

Ye Zhongquan was the most astonished, and he asked Gu Yanzhong, dumbfounded, "Yanzhong ..... You ..... What brings you here?"

Gu Yanzhong stepped forward and said respectfully, "Uncle Ye, Chang Ying is my eldest brother and Chen'er is my future son-in-law! How could I not come for such a momentous event!"

Ye Zhongquan's eyes were slightly red as he sighed, "Yan Zhong ..... You have love and righteousness, uncle appreciates it! But this kind of thing is not in jest, I advise you to hurry up and take your wife and children back! No matter what, the Ye family can't drag you down with them!"

Gu Yanzhong said firmly, "Uncle Ye, what kind of words are you talking about! I'm sure you know how I am, Gu Yanzhong, and until this matter is resolved today, I will never leave Ye Lingshan!"

Ye Zhongquan wanted to say something, but hesitated for a moment, but in the end, it only turned into a sigh: "Ai! Yan Zhong! You are a good man! Chang Ying has not misjudged you!"

The Ye family members were all a bit resentful, and Ye Changkong was depressed in his heart, as he and his son had been ignored by the old man since yesterday, and now that even Gu Yanzhong could receive his praise, he was even more upset in his heart, and looking at Gu Yanzhong, he could not help but complain, "Gu Yanzhong, you are at least the head of the Gu family, which is worth hundreds of billions of dollars, so if you really came to help, why didn't you even bring a helper? How can you help with just a family of three?"

Gu Yanzhong said seriously, "Brother Changkong, originally I wanted to bring all of the Gu family's subordinates up here, but that would have added to Chen'er's mess, so I won't add to it."

Ye Changkong brushed aside his mouth and said disdainfully, "Adding to the chaos? What we are not afraid of now is adding to the chaos! The Ten Thousand Dragons Hall will be here at eight o'clock, so I really want to see how they will cope with just this many people."

Ye Zhongquan glared at him and was about to reprimand him when Tang Sihai received a report over the intercom and came running to Ye Chen, "Young master, the people down the mountain say that there are some cars that insist on going up the mountain, and they say they are your men, surnamed He."

Ye Chen nodded and said, "They are indeed my people, let them come up."

"Good!" Tang Sihai immediately picked up the walkie-talkie and spoke, "Let them come up!"

Each and every one of the Ye family was a little surprised, they didn't expect that Ye Chen had even found helpers.

At this moment, Ye Hao whispered to Ye Changyun and the others beside him, "I don't know what kind of helpers this Ye Chen can get!"

Ye Feng sneered with a black face, "What kind of reliable helper can he find? I think it's just like that Hong Wu and Chen Zekai, just a few bumpkins from Jinling!"

### **Chapter 3379**

Soon, several off-road vehicles with Jinling number plates drove all the way up from the bottom of the mountain.

When he saw that these cars were all with Jinling number plates, Ye Feng immediately sneered in front of the few people around him, "You see, I'm right, expecting this kind of hangers-on from a small place to do any good, sending them to their deaths is not even fucking good enough!"

The expressions of the people around him were all very much in agreement, they all felt that no matter where Ye Chen brought help from at this time, in front of the Ten Thousand Dragons Temple, it would be a mantis.

Several SUVs came to a halt, and on the passenger seat of the first vehicle, a young woman dressed in a black practice uniform with a long ponytail tied high behind her head immediately jumped down.

The Ye family's eyes widened at the sight of this woman.

Not only because this woman was extremely beautiful and valiant, but also because they had seen this woman before!

Because, this was the personal bodyguard who had previously been following Su Shoudao, the son of the Su family, Su Ruoli!

Moreover, everyone knew what Su Ruoli had done in Japan some time ago.

Everyone even knew that she had been arrested in Japan and eventually betrayed by Master Su, and that her whereabouts were completely unknown.

In Yanjing at that time, this matter was a great sensation.

But how could they have imagined that Su Ruoli would appear on Ye Ling Mountain!

Ye Feng's entire body was dumbfounded as he said, "Su ..... Su Ruoli is actually still alive?! Besides, how did she come? Could she be Ye Chen's helper?"

Ye Chen also did not expect that Su Ruoli would come over.

He had thought that when the He family came, it should be Elder He and the other He family children, with Su Shoudao as well as Chen Zhonglei.

But never did he expect that Su Ruoli would also come.

When Su Ruoli saw Ye Chen, he immediately took a few quick steps to Ye Chen and clasped his hands together, "Sir Ye, Ruoli has come to wait for your orders!"

Ye Chen sighed and said, "Your appearance here today will bring a lot of trouble in case word gets out."

Su Ruoli said unconcernedly, "Don't worry about that! Ruo Li's life was saved by Duke Ye, so at times like this, I naturally have to come and give my liver and brain to Duke Ye!"

Ye Chen nodded gently and said indifferently, "After the matter of the Ten Thousand Dragons Hall is resolved, I will tell everyone who saw you today that I, Ye Chen, will never spare anyone who dares to leak out your information."

At this time, He Yingxiu and He Hongsheng and the others, also got down from the car.

When the Ye family saw He Hongsheng, each of them was even more shocked.

"Elder He?!" Ye Zhongquan exclaimed in shock, saying, "How did you ....."

The He family was originally a martial arts family under the Su family, so Ye Zhongquan naturally knew He Hongsheng.

A while ago everyone knew that the He family and the Su family, because of Su Ruoli's matter, had some conflicts, and then the He family broke up with the Su family completely.

Immediately afterwards, news also came from the martial arts field that He Hongsheng had officially broken through to become a four-star martial artist, which had indeed caused quite a shock in the country at first.

Many people wanted to recruit the He family, but He Hongsheng left Desert City and his whereabouts were unknown.

Ye Zhongquan also did not expect that He Hongsheng would appear here.

He Hongsheng clasped his fist to Elder Ye at this moment and spoke, "Greetings, Elder Ye, I have come here, just like my granddaughter, to be at the disposal of Lord Ye!"

When the Ye family heard this, they were immediately overjoyed.

Although they knew that even He Hongsheng and the He family could not be a match for the Ten Thousand Dragons Hall, at least the He family were all martial arts experts, which could more or less give them a certain sense of security.

Apart from that, the Ye family members were also a bit puzzled in their hearts. This He Hongsheng, who was originally a member of the Su family, how could he be taken in by Ye Chen? Ye Chen and the Su family, this is too far from each other, right?

At that moment, He Hongsheng had already walked up to Ye Chen and said respectfully, "Sir Ye, I have done everything you ordered without disgracing my mission!"

Ye Chen nodded slightly and asked him, "Where are those two people now?"

### **Chapter 3380**

He Hongsheng immediately said, "They're in the back of the car! I've gagged them and also put black cloth bags over their heads."

"Good." Ye Chen nodded and said, "Please ask Old Mr. He to arrange for someone to bring them out and escort them to my parents' tomb first, so that they can kneel down respectfully."

Saying that, Ye Chen instructed, "Also, don't uncover the black cloth bag on their heads yet, I want to keep this suspense until the last moment!"

"As you command!"

He Hongsheng answered respectfully, and then immediately arranged for a few He family members to bring Su Shoudao, as well as Chen Zhonglei, down from an SUV at the back.

As the Ye family watched the He family bring out two men with black cloth bags over their heads from the car, they were all astonished beyond measure.

They did not know exactly what the identities of these two men were, nor did they know why Ye Chen, at this time, had brought two men who seemed to be captives to Ye Ling Mountain.

So, they all looked at each other, not knowing exactly what these two people were from, and even more so, not knowing what kind of medicine Ye Chen was selling in his gourd!

.....

At the same time, Song Wanting and Elder Song, as well as the Song family's men brought with them, had already met up with Ito Yohiko, as well as Ito Nanaeko, father and daughter.

Nearly a hundred of the Song family's men were mostly weak ordinary martial artists, and some of them were not even martial artists.

The strength of the Ito family, on the other hand, was clearly extraordinary.

The hundred or so men they had brought with them were all experts from the four great ninja clans of Japan.

Ever since the fall of the Takahashi and Matsumoto clans after the chaos in Tokyo, the four great ninja clans had all pledged their allegiance to the Ito clan.

Only, these ninjas do not know until now, what they are facing today.

Song Wanting asked Ito Nana-chan at this point, "Nana-chan, should we call Master Ye?"

Ito Nanaeko thought about it and said seriously, "No need for that sister Wanting, I'm afraid that Ye Chenjun's character will refuse our help, so it's better to go directly to Ye Lingshan!"

Saying that, she asked Song Wanting, "Sister Wanting, when will the car arrive?"

Song Wanting said, "I made an appointment with them yesterday, to arrive at six twenty, I don't know why it hasn't come yet, I'll make a call and ask."

After saying that, she hurriedly took out her mobile phone and called, asking, "This is Ms Song, who ordered eight of your buses, may I ask why your buses haven't arrived yet?"

The other party said awkwardly on the phone, "I just heard about the matter between the Ten Thousand Dragons Temple and the Ye family, so I absolutely cannot leave for Ye Lingshan today! I'm really sorry, but the deposit you paid will be returned to you in the same way when the finance goes to work."

Song Wanting was instantly furious and blurted out, "How can you do business like this? Don't you have the basic spirit of contract?"

The other party wasn't angry and said with a smile, "We can't be blamed for this, all the car rental companies in Yanjing don't dare to rent a car to go to Yelingshan at this time of the year."

Song Wanting said, "In that case, you can send a car to take us a kilometre away from Mount Yelings, is that okay?"

The other party was not moved at all and said, "Sorry, we don't want to get into this kind of trouble, please forgive us."

Song Wanting was furious, over two hundred people from the Song and Ito families were waiting to leave, if they couldn't solve the problem of the car, it would be too cold to walk there.

In desperation, Song Wanting immediately said, "In this way, I will not force you, you have the driver send the car to me, I will arrange my own driver to drive there, how much the car bought, I will rent it, and your people do not need to go to Ye Ling Mountain, when today is over, these cars are still yours!"

The other party exclaimed, "Eight cars for nearly five million, you're not fooling me, are you?"

Song Wanting blurted out, "I'm not that boring! As long as you agree, I'll transfer two million to you now, and I'll transfer the remaining three million to you when the cars arrive!"

"Fine, fine!" As soon as the other party heard this, he agreed to do so almost without thinking.

Anyway, these cars had been driven for several years, and their residual value was not even half of the original price, so the big deal was to treat them as if they were all unwanted.

And even if Wan Long Temple came looking for him, he would have a reasonable argument, after all, he had only rented the cars to his guests, where they drove them themselves was none of his business.

It was twenty minutes before the eight tourist buses finally arrived, so the two families took eight cars and travelled in great numbers to Yehling Mountain!
