

Ye Chen 3771

Chapter 3771

As soon as he hit his turn signal, the car behind him, even if it was a few dozen metres away, would immediately brake to let him change lanes first.

The reason is that no one would dare to cut up with such a multi-million dollar luxury car.

In case one is not careful to own the main responsibility or full responsibility, the three people insurance that one or two million amount, simply not enough to see.

So, this also made Xiao Changkun's vanity extremely satisfied.

Walking on the road, he felt that he became the king of the road, and that feeling of being the only one to walk anywhere was something he had never experienced anywhere else in his life.

Because of this, although his mouth was asking Ye Chen what he should do with the car, his heart was silently praying that Ye Chen would let him keep the car.

As a result, before Ye Chen could say anything, Ma Lan said excitedly at this time, "Good son-in-law! Since this car has entered our family's door, then we can't say anything to give it away again!"

She stroked the golden waistline on Cullinan's body and said with pity, "I've never been in a Rolls Royce in my life! Although this villa is the best in Jinling, our family's car is not really worth it in this community."

Xiao Changkun raised his hands in agreement with Ma Lan's words and immediately echoed, "Yes, good son-in-law! Your mother is right! Our family doesn't lack anything but a luxury car!"

In fact, Ye Chen had always had two top-of-the-line sports cars.

Those two cars were given to him by Qin Gang and Wang Zhenggang, a Bugatti Hermes co-branded model and an Aston Martin One77.

However, because these two cars were too eye-catching and really not very practical, Ye Chen had never driven them home, and they had always been kept by Qin Gang on his behalf.

The two cars had been in his possession for so long that he had only used them when Xiao Churan's high school friend Zhang Xiaoman got married.

After that wedding, the two cars were dusted off again and have never been driven again until now.

Moreover, although Ma Lan and Xiao Changkun had seen those two cars, she did not have the slightest doubt when Ye Chen told her that they were borrowed at that time.

However, in her heart, Ma Lan had sprouted her innermost dream of a luxury car because of those two cars.

Now that a Rolls-Royce Cullinan had been delivered to her yard, and it had been written in her husband Xiao Changkun's name, then she could not let Ye Chen return the car, no matter what she said.

She even thought that if Ye Chen really wanted to return this car, then she would simply lie under the wheels of this car!

Whoever wanted to return the car, let him drive over himself!

Ye Chen could see the hotness in his old man's and mother-in-law's eyes, however, he did not want to have too much to do with that Zhan Feier.

However, when he thought about it, since this Zhan Feier had a ghost in her heart, he didn't need to be polite to her.

So, he said to Xiao Changkun, "Since both Dad and Mom like this car, let's keep it."

Chapter 3772

As soon as they heard Ye Chen say that he wanted to keep the car, Xiao Changkun and Ma Lan were so excited that they almost burst into tears!

Especially Ma Lan, who kept clapping her hands in excitement, then scolded Xiao Changkun, "Xiao Changkun! Why don't you open the car door and let me in! I've never been in a Rolls Royce in all my years of life!"

Xiao Changkun was also in a very good mood, so he hastily took out the car keys and pressed the unlock button, then he pulled open the passenger door and said to Ma Lan solicitously, "Come, come, have a seat, I'll show you what a Rolls-Royce Star Top is!"

Ma Lan was surprised and asked, "What is a star roof?"

Xiao Changkun waved his hand and said, "Aiya, you'll know if you go in and take a look!"

Ma Lan hurriedly climbed into the passenger side of the Rolls Royce, looked up and exclaimed, "My goodness, there are so many stars inside this car!"

Xiao Changkun heatedly smiled, "Pay attention, there's a shooting star passing by every now and then!"

Ma Lan looked mesmerised and murmured, "Oh my God, it's so beautiful! Why don't I just sleep in the car tonight?"

After that, she suddenly sat up straight and said to Xiao Changkun, "Get in the car and take me out for a drive!"

Xiao Changkun had just driven all the way home from the Calligraphy and Painting association and hadn't had enough of the car, so he was thinking of going out again later to have a good experience, but he didn't expect Ma Lan to be the first to ask for it.

So he agreed without a second thought, laughing repeatedly, "Fine, fine, then I'll take you out for a few laps!"

After saying that, he looked at Ye Chen and Xiao Churan and said offhandedly, "Churan, Ye Chen, you two should come up too, let's go out and have a look around!"

Ye Chen shook his head, "Dad, we won't go, you two go ahead, I won't disturb you two."

Xiao Churan also spoke, "Dad, you guys go, Ye Chen and I still have something to talk about."

When Xiao Changkun heard this, he no longer insisted and said with a smile, "Then I'll go out with your mother first, call me if you need anything."

After saying that, he immediately got into the cab and pressed the start button of the car.

The 12-cylinder engine of the Rolls-Royce suddenly emitted a low roar, and Xiao Changkun asked Ma Lan, "Where are we going?"

Ma Lan blurted out, "First, we're going to your mother's house!"

"My mother?!" Xiao Changkun said awkwardly, "Isn't that just next door?"

"Right!" Ma Lan laughed coldly, "I'm going to drive the car downstairs to your mother's house, so that they can see clearly that I'm also a Rolls Royce rider! They don't know where they got the money from before, they bought a Bentley and it's not him, this time they have to give them a good eyeful!"

Xiao Changkun hurriedly placated, "Come on, my mum is having a miserable enough time now, why are you still stimulating her"

"She's miserable?" Ma Lan cursed furiously, "How can she be worse off than me? My leg was broken for the first time because of her, have you forgotten? Do you want me to tell you what happened at that time from beginning to end again, so that you won't turn around and forget again, you heartless b*****d."

Xiao Changkun coughed twice and said helplessly, "OK, OK, OK, can't we go?"

After saying that, he started the car and drove out of the courtyard.

Only then did Xiao Churan let out a long sigh and said to Ye Chen, "Honey, do you really plan to keep this car?"

Ye Chen nodded and said casually, "Mom and dad like it, so let them drive it for fun."

Xiao Churan was busy saying, "It's not appropriate for them to go out in this car it's too ostentatious"

Ye Chen laughed: "If we give them this opportunity to flaunt it, all their hormones and energy will be vented externally, but if we don't give them this opportunity to flaunt it, then all their hormones and energy will evolve into a wave of resentment, and probably in the next year or two, or even longer, as soon as we return to this house, they will sigh at us and complain that we didn't leave this car behind, instead of that, it would be better to take it painfully and leave them satisfied."

Speaking of this, Ye Chen looked at Xiao Churan with a faint smile, raised his eyebrows and asked, "What do you think, wife?"

Chapter 3773

Xiao Churan heard this, helplessly shook his head, lamented: "You're right to really return this car, I reckon they both can't get over this thing in the next year or two"

Xiao Churan also said with some concern, “Honey, that Miss Zhan, the offer is a bit too generous you just took time to give her a feng shui reading this morning, and she gave her such an expensive car, it’s not quite right...”

Ye Chen casually said, “There’s nothing inappropriate, she’s asking for something from me.”

Xiao Churan hesitated for a moment and spoke, “This afternoon, a girl surnamed Chen came to the company to look for me, saying that she came to make an appointment with me on behalf of that Miss Zhan to meet and talk about the renovation of the Water Cloud Villa

“Oh?” Ye Chen asked with interest, “That Miss Zhan, is she preparing to find you to renovate the villa?”

Xiao Churan nodded and said, “It sounds like it should be.”

Saying that, Xiao Churan pursed her lips and opened her mouth, “That Miss Chen gave me a rough idea of the budget, and it was said that it was going to cost fifty million to renovate that villa, and the design fee alone was a separate five million

In the domestic home improvement market, users generally do not recognise design fees.

Ordinary designers can easily spend hundreds of yuan a square metre on design fees, which in most people’s opinion is completely robbery in general.

Therefore, most people looking for a decorator to renovate their home will ask the decorator to waive the design fee.

Most decorators will also be more confused, already formed design template directly to the customer to pick a pick, basically even if the work is finished.

The client does not have to pay for the design, but the result seems to be satisfactory, so over time, people are more reluctant to pay for the design.

This is also the current situation of many designers in China.

Xiao Churan has been doing decoration for a long time, and most of her home decoration clients are very generous in terms of decoration, but very stingy in terms of design fees.

Those who could be like Fei Ke Xin, who directly and explicitly took out 10% as the design fee, were almost rare.

Ye Chen was also slightly surprised when he heard this, not so much about whether the five million design fee was too much or too little, he was just surprised by Zhan Feier’s style of action.

This woman, although she was deliberately approaching herself, her actual operation was all kinds of pandering and pleasing, donating a few words to the Calligraphy and Painting a*sociation, sponsoring a \$50 million art exhibition, giving Xiao Changkun a Rolls Royce Cullinan, and then following up with a \$50 million order for her wife.

This gave Ye Chen the feeling that it was like someone was secretly watching himself and pointing a gun at him, but instead of bullets, the gun was firing candy.

Such a huge contrast made Ye Chen even cry and laugh a little.

When Xiao Churan saw that Ye Chen didn't say anything, she asked him somewhat bottomlessly, "Honey, do you think this Miss Zhan, could she also be giving me such a big order because she's begging you? Just like he gave Dad a Cullinan"

Ye Chen nodded with a bland expression, "Yes."

Xiao Churan asked, "Then is it appropriate for me to take her order? If it's not appropriate, I'll politely decline it."

Ye Chen smiled faintly, "She is looking for you as a normal cooperation between A and B. If you want to take it, then take it, if you don't want to take it, then refuse it, there is no need to ask my opinion."

Xiao Churan said awkwardly, "But this budget and this design fee she offered can already hire a very famous interior designer in China, there is absolutely no need to come to me" The premium in this is too high, I am afraid that if I take it, you will owe her a favor... ..In case you didn't want to help her in the first place and ended up having to do so because of these trivialities, then it would be me giving you trouble."

Ye Chen laughed, "Honey, you shouldn't have such a mental burden at all, what that Zhan Fei'er wants to beg me for is too big and far from being solved by such a tiny bit of sincerity."

Chapter 3774

Ye Chen had already been able to confirm that Zhan Fei'er's motive for approaching him was definitely for the Spring Return Pill.

Therefore, under this premise, no matter how Zhan Fei'er sent her favours, he had no ripples in his heart.

Because, in front of the value of a Spring Return Pill, this favour of hers was not even a drop in the bucket.

However, Xiao Churan felt a little frightened and spoke, "Or I'd rather not take it"

When Ye Chen saw that Xiao Churan seemed to be vaguely lost, he asked, "Wife, do you want to take on this project in your heart?"

Xiao Churan hesitated, but still nodded gently and said, "Yes"

After saying that, she hurriedly explained to Ye Chen again, "In fact, I am not mainly interested in making money, it is that this villa of hers does have a very good frame foundation, it is two villas in one, this type of house type will not even be found in Jinling in the future, and her decoration budget is very high, for the design is, the higher the budget, the more room to play, so that there is a chance to create a high standard interior decoration work"

Speaking of this, Xiao Churan looked at Ye Chen somewhat timidly and whispered, "Husband" as an interior designer, the most important thing is to come up with very representative works, if you can get an award in interior decoration with a representative work, it will be a great, great help to the individual designer, as well as the designer's studio, but I haven't done any big independent design projects until now, so there's nothing that I can take to the competition"

Ye Chen nodded understandingly and asked her, "By the way wife, did you do the interior design of the six-star hotel of the Imperial Group?"

"No" Xiao Churan explained, "The overall design of the six-star hotel of the Empire Group was done by a very famous design studio overseas, for such a big project, it must be paired with a famous designer to make the most sense, when the The Xiao family took part of the construction work for the interior decoration, later I set up a studio and was responsible for some of the outsourced projects, we also followed the designs done by others to construct."

Ye Chen smiled faintly: "I understand wife, you also want to have a masterpiece that is completely designed by yourself and can be taken as a masterpiece."

"Yes" Xiao Churan nodded gently and added: "Honey, I have seen all the drawings of that villa, it is indeed too suitable for designers to show off their skills, if you are afraid of owing others because of this matter, then I can not charge their design fees, and I will not even directly handle the specific construction at the back, I will completely volunteer to take on this project, in this way, I will do a good job with this project, and I can use this project to register for the National Interior Design Grand Prix next year"

After saying this, she looked up at Ye Chen and asked blearily, "Honey, do you think this is okay?"

Hearing this, Ye Chen already understood in his heart what Xiao Churan was truly seeking inside.

Xiao Churan was like a new director in the film and television industry, however, she had never really led a big production that could be taken to the next level.

Therefore, she can only play a part in other directors' big productions, such as being an executive director or a costume director.

Most of the projects she leads herself are like the small house where Du Haiqing renovated her parents' house, and the overall volume of the project is relatively small, like a microfilm, which is also a production, but certainly cannot be entered into various film festivals as well as film and television awards.

Chapter 3775

Now, with a budget of \$50 million to go with the villa that Qin Gang had previously owned, Zhan Feier is giving Xiao Churan enough budget and even a very good cast to make it her first big production as long as Xiao Churan agrees.

Therefore, it was naturally very attractive to Xiao Churan.

Thinking of this, he immediately looked at Xiao Churan and smiled softly, "Wife, I have just said that you don't need to have any psychological burden, since you feel that this project is particularly suitable for you to make a big splash, then you should feel free to boldly follow it!"

Hearing this, Xiao Churan asked excitedly, "Is it really possible husband?"

Ye Chen nodded his head and said seriously, "Of course! I've always believed in your strength in design, it's just that for such a long time you were not given importance in the Xiao family, burying your talent

and gifts. Since you want to develop deeply in this field, then this villa of Zhan Feier is indeed a good opportunity for you to show your personal strength, hubby believes in your strength, go for it!"

Xiao Churan excitedly clenched her pink fist and said firmly, "Don't worry husband, I will definitely give my best!"

.....

At this moment, Xiao Changkun had already followed Ma Lan's instructions and drove the car to the door of the villa next door.

After the car was parked, Ma Lan pointed to the roof of the car and said impatiently, "Xiao Changkun, open the sunroof, I want to stand outside the sunroof and shout at them!"

Xiao Changkun said casually, "There is no sunroof in this car."

Ma Lan's eyes widened, "What? A \$10 million car doesn't even have a sunroof, that's too shabby, right? Doesn't your BMW 530 have a panoramic sunroof?"

Xiao Changkun pointed to the star-filled roof of the car and explained, "They chose the more expensive star roof, and if they chose the star roof, the top can't be opened, so there is no sunroof."

Ma Lan said resentfully, "Forget it then, I'll open the window!"

With that, she lowered the passenger window and shouted in the direction of Old Lady Xiao's bedroom, "Qian Hongyan! Qian Hongyan! Are you home Qian Hongyan?!"

Xiao Changkun was stunned and asked, "Didn't Qian Hongyan steal my mother's money and run away some time ago? What are you calling her for?"

Ma Lan said impatiently, "You don't know sh*t! This is called hitting the snake to get the seventh inch, of course I have to rub salt into their wounds!"

After saying that, she continued to shout, "Is Qian Hongyan home?"

At that moment, Old Mrs. Xiao had just finished serving Xiao Changqian and Xiao Hailong dinner.

Because Xiao Weiwei's income had been rising recently, the family's life had finally improved, from being unable to make ends meet before to being truly well-off.

However, their fingers are slow to recover and they are not yet able to take care of themselves, so they still have to rely on the old lady to feed them spoon by spoon at home.

Xiao Hailong had just finished his meal and burped when he heard someone outside shouting his mother Qian Hongyan's name.

So, he subconsciously asked, "Dad, Grandma, did you hear that? It seems that someone is calling my mother's name!"

Xiao Changqian immediately said in exasperation, "Don't mention your mother to me! I get angry just thinking about her!"

As she was saying that, the sound of Ma Lan's shouting came from outside, and when Old Mrs. Xiao heard it, she blurted out, "This voice sounds like Ma Lan!"

"Ma Lan?!" When Xiao Changqian heard this, he immediately gritted his teeth in anger and cursed angrily, "What the f*ck! I still haven't settled the score with her for the cuckold on the balcony, and she still dares to provoke me! I'll scold her!"

Chapter 3776

Xiao Changqian was furious and cursed as he struggled to get up, reaching for his walking stick, ready to go up to the balcony and fight with Ma Lan.

Although Old Mrs. Xiao was also a bit annoyed, she hurriedly stopped Xiao Changqian and said resentfully, "Ma Lan has really turned over a new leaf now, we can't afford to mess with her, you'd better not go out!"

When Xiao Hailong heard this, he also wilted and sighed in dismay, "Yes, Dad, didn't you hear Weiwei say that Ye Chen is the one who fixed her job now, and that our family is relying on Weiwei's income to support our family. ..."

Xiao Changqian's expression suddenly became ugly and said with a black face, "One thing to say, that Ye Chen did help Weiwei and also helped us, so he is kind to us. Since he is Ma Lan's son-in-law, then I can leave Ma Lan's previous offense to me alone"

At this point, Xiao Changqian said with righteous indignation, "But now that she has come downstairs and shouted your mother's name, isn't this a f*cking slap in my face? Their house is not far from ours, and your mother stole your grandmother's money and ran away, and your grandmother even reported it to the police, so it's not like she doesn't know about it.

Xiao Hailong said in a jarring voice: "It's true, but even if we know it well, we can only pretend to be confused! I don't want to live the old days of lying in bed and starving to death again"

Xiao Changqian was also a little frustrated, and after a moment he waved his hand and let out a long sigh, "Hey! Forget it! I don't want to be normal with her, just pretend she's barking downstairs! She's tired of barking, so I guess it's time to get lost!"

Old Mrs. Xiao said approvingly, "Changqian, you've finally made some progress from before! You're a man who can bend and stretch, you've just suffered too little before!"

At this time, Ma Lan, who was downstairs, exchanged words for half a day, but when she saw that there was no movement, she said with some annoyance, "That dead old woman and Xiao Changqian and Xiao Hailong, the two tortoise masters, must be at home. They are all shrinking turtles, and none of them dare to come out to fight!"

Xiao Changkun shook his head and said, "Since they don't dare to answer, then let's go!"

"No way!" Ma Lan coldly snorted and said firmly, "If we leave at this time, they will still think that I, Ma Lan, am only this capable!"

After saying this, she raised her voice a few notches and shouted, “Xiao Changqian? Xiao Changqian? I know you’re home! Your legs, arms and hands have all been broken by Wu Donghai’s men, so where else can you go but to lie in bed? Don’t act like a shrinking turtle, not even daring to utter a single fart!”

Xiao Changqian was so angry that he vomited blood, and he managed to stand up on his crutches, which he was about to use to go out onto the balcony.

Old Mrs. Xiao hurriedly got up to stop him, but she was too old and too tired to stop him for a while, as she had just finished serving the two of them, so she could only follow him onto the terrace.

Xiao Changqian had just stepped onto the terrace when he saw Ma Lan poking his head out of an SUV and scolded him furiously, “Ma Lan! Are you looking for trouble? I haven’t provoked you or messed with you lately, what do you mean by coming downstairs and barking at me for half a day?”

Ma Lan brushed aside his mouth and said with contempt, “I’m looking for your wife Qian Hongyan, where is she? Tell her to come out! I’ve just picked up a Les Rex”

When the words came to her lips, Ma Lan suddenly forgot what model this car was, so she turned back and asked Xiao Changkun, “What is this car called Ku something or other?”

Xiao Changkun rubbed his temples and said helplessly, “It’s a Cullinan”

“Oh, right!” Ma Lan finished, hurriedly poked her head out again and said to Xiao Changqian, “Old Mother just picked up a Rolls-Royce Cullinan, more than ten million!”

Xiao Changqian stared at the Rolls-Royce Cullinan and was shaking with anger.

Chapter 3777

As for the old lady Xiao, when she heard that the car was worth more than ten million, her eyes were almost sucked out by the car.

Xiao Changqian forced down his anger and asked in a cold voice: “You can pick up the car if you want, what are you running to our house to show off?”

Ma Lan said with a serious face, “Alas, alas, alas, I am not showing off with you! I’m here to find your wife Qian Hongyan!”

As she said that, she couldn’t help but sigh and said with great emotion, “Qian Hongyan and I are sisters-in-law, we are both unlucky enough to become the daughter-in-law of the Xiao family, so we both kind of share the same illness”

Speaking of this, Ma Lan said sadly, “Ai! Sister-in-law is even worse off than me! At such an old age, she’s still pregnant and miscarried, it’s really too damaging to her health, so I want to ask her to come out and take a ride in our family’s new car for a walk, so she can feel better too!”

Xiao Changqian heard Ma Lan say so much in a fake way, especially when he said Qian Hongyan was pregnant and had a miscarriage, he was furious and pointed at Ma Lan and cursed angrily, “Ma Lan you you you son of a b*tch! you know Qian Hongyan has long since run away, still f*cking come here to humiliate me Laozi Laozi Laozi f*cking smash you to death this dog!”

With that, Xiao Changqian was ready to swing the cane under his armpit and smash Ma Lan's dog's head.

When Ma Lan saw that Xiao Changqian was going to hit himself with the cane, he was immediately scared out of his mind in a cold sweat.

Not to mention whether Xiao Changqian could hit him, he could easily smash his cane into the car with such a big guy parked here in Cullinan.

Ma Lan thought, this is a 10 million dollar car, in case it is really broken, how can his family have money to repair it?

But if the gla*s was smashed, we couldn't just wrap the windows with plastic sheeting or tape them up with transparent tape to make them look like cobwebs, could we?

The family had only managed to get a luxury car, so if it got hurt again, wouldn't it be too late to cry?

In the nick of time, Mrs. Xiao stepped forward and grabbed his arm, shouting, "Changqian, don't smash it! You mustn't smash it! If you don't think of yourself, you must think of me and Hai Long! If you smash it, how can our family still live"

When Xiao Changqian heard this, tears of humiliation flowed down his face and he choked up, "Mom I don't want to confront you, but Ma Lan is really bullying people too much!"

Old Mrs. Xiao gripped her cane and said with grief, "Changqian! Bear with it for a while, and take a step back to open up the sky!"

Xiao Changqian was silent for a moment before he finally let out a long sigh and threw the walking stick to the ground.

Seeing that Old Madam Xiao had stopped him, Ma Lan was relieved and then she said to Old Madam Xiao, "Old Madam, I've known you for almost thirty years, but you've finally done something human today!"

Old Mrs. Xiao felt humiliated but could only say to Ma Lan, "Ma Lan, our family can't afford you, I'm begging you, old woman, don't come and make fun of our family again"

Ma Lan did not expect that Old Mrs. Xiao, who had always been high-minded and arrogant, even vindictive, would take the initiative to bow down to herself, which made her a bit stunned at once, instead of knowing how to respond.

At this time, her afterglow saw two people walking head-on under the streetlight, subconsciously glanced at them and said out of surprise: "Oh my God, Qian Hongyan? How did you you come back?!"

Xiao Changqian did not see those two people, and hearing Ma Lan mention Qian Hongyan again at this time, the anger that was easily persuaded by Old Lady Xiao just now burst out several times!

He cursed furiously, "Ma Lan! You really can't change your mind! I'll fight you today! I'm going to fight you today!"

After saying this, he swung his other walking stick and was about to throw it out. Impulsiveness is the devil!”

Ma Lan became anxious and pointed to the dodging figure not far away and said loudly, “Xiao Changqian, take a good look! Qian Hongyan is really back!”

Xiao Changqian took a glance at the figure and immediately felt his blood run through his body like a well of oil, and it went straight to the sky with a roar.

He looked at the familiar figure and cursed furiously, “D*mn it! Qian Hongyan! You really have the f*cking face to come back!”

Chapter 3778

At this time, Xiao Changkun, who was in the car, also saw Qian Hongyan who was following Xiao Weiwei over.

After seeing the visitor, his jaw was about to drop to the ground and he said offhandedly, “My God Ma Lan has your broken mouth been enlightened in the Qixia Temple? How come when you shout Qian Hongyan, Qian Hongyan suddenly pops up?!”

Ma Lan was also dumbfounded and muttered, “It shouldn’t be I haven’t even been to Qixia Temple for two or three years”

Xiao Changkun said awkwardly, “This is too evil for you I thought I had seen a ghost alive.”

Ma Lan settled down and said, “You don’t see Qian Hongyan is walking with Xiao Weiwei? Maybe it was Xiao Weiwei who called her back.”

Xiao Changkun nodded gently and muttered, “That’s right, they are after all the real mother and son”

At that moment, Xiao Changqian’s roar from the terrace made even Old Lady Xiao look in the direction of his finger.

This time, she saw Qian Hongyan cowering behind Xiao Weiwei, her face full of tension and fear.

When it came to hating Qian Hongyan, Old Mrs. Xiao was no worse than Xiao Changqian.

Apart from cuckolding her son, spoiling his wild seed, and even infecting him with a disease, the reason she hated Qian Hongyan the most was because she had stolen her hard-earned \$100 from the supermarket and the \$100 she had demanded for compensation after being slapped in the entrance hall of Townsend One.

Two hundred dollars was not a lot of money, but in the old lady’s eyes, Qian Hongyan’s crime was enough to be shot eight times!

In her opinion, Qian Hongyan could be forgiven for stealing a man, but not for stealing money!

Moreover, stealing anyone’s money was no better than stealing Old Mrs. Xiao’s hard-earned money!

She pointed at Qian Hongyan downstairs and cursed in a loud voice, "Qian, you stole my money and still have the nerve to come back! Get the hell out of here and don't ever come into my house!"

Qian Hongyan was crying and didn't know how to plead, but Xiao Weiwei spoke up and said, "Grandma, I told Ma to come back! I hope you can forgive her this time for the sake of her being my mother."

"Don't even think about it!" Old Mrs. Xiao blurted out almost without hesitation, "As long as my old woman is still alive, she Qian Hongyan will never be able to enter my family's front door!"

With that, she immediately said to Xiao Changqian, "Changqian! Call the police now and tell them that the thief who stole two hundred dollars of my hard-earned money has returned! Have the police officers come and arrest her for me! Sentence her to eight or ten years!"

Xiao Weiwei hurriedly said, "Grandma! If there's a fault in this matter, it's the fault of all of us, it's never my mother's fault alone! If you hadn't been oppressing her at that time, not even allowing her to have a full meal, how could she have done such a thing!"

Old Mrs. Xiao said with great emotion, "Weiwei, think about it, why didn't I feed this b*tch? It's because she has done a lot of things wrong to your father! Not only has she wronged your father, but she has also wronged you and Hai Long, and she has even wronged me and the ancestors of our Xiao family! She has disgraced our Xiao family!"

As soon as Old Madam Xiao said this, Xiao Changqian echoed her words, "Weiwei! Your grandmother is absolutely right, your mother has disgraced our whole family, and I've been ruined by her too! She ran away on her own, but now you're bringing her back, isn't that just giving us a hard time? Tell her to get lost and never come back!"

Chapter 3779

Xiao Weiwei's eyes turned red and she said, "Dad! Grandma! My grandmother died some time ago, and my mother has been ostracised by my uncle in her mother's house.

Qian Hongyan, who was also crying, went downstairs and knelt on the floor with a poof, crying, "Mom Changqian was my fault for not fulfilling my duties and responsibilities as a daughter-in-law and wife, I Please, for the sake of raising children for the Xiao family, give me a chance to change my ways please!"

Old Mrs. Xiao said in disgust, "As a woman, what's wrong with marrying into our family and raising children for our family? Isn't this all your duty? Why do I hear you say this as if you have done something to deserve it?"

Qian Hongyan cried, "Mom I'm not saying that I have any merit, but even if I don't have merit, I have been in the Xiao family for so many years, so at least I have some hard work, right? I've been in the Xiao family for so many years that I've at least had a share of fatigue, even if I didn't have any hard work. After so many years, even if you had raised a dog, you would still have feelings for it, why do you have to be so cruel to me?"

Old Mrs. Xiao sneered, "If I had a dog, would it steal my money? If I had a dog, would the dog have given my son a green hat?"

When Xiao Changqian heard this, he felt uncomfortably prickly all over and spoke in a low voice: “Aiya mum you what kind of analogy are you using? It’s too inappropriate”

Old Mrs. Xiao gave Xiao Changqian a white look and grunted, “What’s inappropriate? I’m not being harsh in my words! In my eyes, Qian Hongyan is worse than a dog! How dare she claim credit for having children with me? She deserves it!”

Ma Lan, who hadn’t said anything, was furious when she heard this, and cursed out loud, “You old woman, your words stink worse than farts! Do you think it’s right for us women to give birth to and work hard for your Xiao family? Don’t forget that you are a woman too! If you had met a mother-in-law like you when you were a daughter-in-law, you probably would have died before you could live to be thirty!”

Old Mrs. Xiao snorted coldly, “Humph! I was lucky that my short-lived mother-in-law died early! When I was thirty, my mother-in-law had been dead for two years!”

Ma Lan immediately sneered, “Yes! I really envy you! Your life is really good! Unlike me and Qian Hongyan, who had such a miserable life, we met a mother-in-law who was not only bad, but also an old and immortal woman!”

Old Mrs. Xiao was so angry that she spat blood and cursed out of her mouth, “Ma Lan What are you saying about me?”

Ma Lan said in a cold voice: “I said you are bad and dripping with sh*t, and you are also an old immortal! Bad dripping sh*t old immortal!”

“You you” Old Mrs. Xiao was furious and pointed at Xiao Changqian and ordered through gritted teeth, “Changqian! Quickly smash her to death for me!!!”

Xiao Changqian’s expression was stunned, and his ears recalled what his mother had said earlier, so he spoke up and said, “Mom, it’s better to endure a moment of peace and calmness, and to take a step back to broaden the horizon, that’s what you just taught me!”

Old Mrs. Xiao was furious: “There is another saying that says, ‘endure a moment of peace and calmness, take a step back and get angrier’! You can back out of this today, but I can’t!”

With that, she reached out her hand and grabbed Xiao Changqian’s cane, saying angrily, “You useless thing! Let go of my hand! I’ll smash her myself!”

Chapter 3780

Xiao Changqian was not angry anymore, he hastened to keep his cane and said, “Mom! It’s easy to smash it, but it’s hard to pay for it! That car is over ten million dollars, even a casual smash will cost hundreds of thousands of dollars, how can we pay for it? Don’t blame me for not warning you if you are arrested!”

Old Mrs. Xiao’s face suddenly turned blue and white, and she was at a loss as to what to do.

At this moment, Qian Hongyan really did not expect that Ma Lan, who had been oppressed by herself for decades, could say something fair for herself at this time.

She, who had been oppressed by all sides, was immediately filled with gratitude for Ma Lan, so she hurriedly said to Ma Lan, "Ma Lan, thank you for speaking up for me, but you'd better hurry up and leave, lest you be implicated by me"

When she heard Qian Hongyan's thanks, Ma Lan was somewhat stunned, but she spoke with a righteous face, "Qian Hongyan, to be honest, I'm not just doing this for you, I'm doing it for myself too! This old woman has been bullying me for so many years, I've had a hard time with her for a long time! I didn't think that a daughter-in-law like us would be worse than a dog in her eyes, I really want to tear her mouth apart!"

Old Mrs. Xiao was already furious, but Xiao Changqian held on to his cane and wouldn't give her a chance, so she had nowhere to vent her anger.

After several unsuccessful attempts, Old Mrs. Xiao jumped to her feet in anger and cursed, "How can my life be so miserable! People marry into the family as daughters-in-law, but the two I married into the family are worse than dogs!"

After saying this, she looked at Xiao Weiwei and said through clenched teeth, "Weiwei! I don't care about anything else! I only care about one thing, and that is that Qian Hongyan, this stinking b*tch, will never be allowed to enter this family!"

Xiao Weiwei was also a bit angry and spoke, "Grandma! You shouldn't always pick on other people's mistakes for everything, but once in a while you should also examine whether you have done anything wrong!"

After saying that, she looked at her father, Xiao Changqian, and said, "Dad! You always blame mum for being sorry, but have you ever thought about the fact that it was the two of you who came up with the idea to screw my second aunt in the first place!"

"Besides, in the end, only my mother was sent to the black coal kiln to suffer, and you, the one who hid behind the scenes, didn't do anything!"

"It was Mum who had to bear all the hardships alone!"

"In this situation, you still only think of blaming her for your misery, but why didn't you think of thanking her for suffering for you?"

When Qian Hongyan heard these words, all the grievances in her heart could no longer be tied up, and all of them instantly burst out, kneeling on the ground and bawling.

Xiao Changqian was speechless at this moment.

Although he had always blamed Qian Hongyan, as if he hated her to the bone, when his daughter Xiao Weiwei said these words, he could not help but feel a little self-condemnation in his heart.

In fact, what Xiao Weiwei said was correct, the two of them had jointly conceived the bad idea of victimising Ma Lan, but when it came to actually carrying it out, it was Qian Hongyan alone who was in the front.

In the end, when he was punished by Ye Chen, Qian Hongyan was the only one who suffered, while he, Xiao Changqian, stayed at home and did not have any problems at all.

Therefore, Xiao Changqian didn't know what to say for a while, but the hostility between his eyebrows had been reduced by a lot.

Xiao Weiwei added: "Mum has had a very miserable time. When grandma was alive, even though her aunts and uncles squeezed her, she could at least have a place to live and a full meal to eat. But she doesn't even have a shelter anymore. No matter what, she's the mother who gave birth to me and raised me.

At this point, Xiao Weiwei said in an unusually firm and forceful manner, "Dad, Grandma! If you are willing to accept mum back, then let her live in the villa, so that dad and brother will have another person to take care of them in the future, and your pressure can be reduced a bit, too, grandma!"

"But if you are not willing to accept mum back, then I will pay for a separate house for mum outside, and I will take care of mum's food and drink in the future!"

"I'll spend the money I earn, no need for you to worry about it, and you have no right to interfere!"

At this point, Xiao Weiwei paused slightly and reminded with a serious expression, "But I want to make it clear first! Our whole family's expenses now rely on me alone to earn money, the company needs to grow, and there's no way I can get too high a salary, so if I still need to rent a room for my mother outside, then the expenses will definitely be a whole lot more!"
