

## Ye Chen 3791

### Chapter 3791

Moreover, she was not worried that her true identity would be revealed at the auction, as her identity as Zhan Feier was true and the Zhan family in France was still a distant relative of the Fei family, so it made sense for her, as a junior of a distant relative, to accompany the head of the Fei family to the auction.

Thinking of this, she felt even more relaxed.

Even deep inside her heart, she had begun to fantasise uncontrollably.

She imagined that at the auction, her grandfather had missed out on the Spring Return Pill, and just when he was stifling his heart and feeling deeply resentful, she had bought a Spring Return Pill directly from Ye Chen through her personal friendship with him.

At that time, he would be the saviour of his grandfather's eyes.

Although Fei Ke Xin felt a little bit of shame and humiliation for such a thought, when she thought that her family could only rely on such an opportunity to fight a beautiful turnaround in the Fei family, the shame in her heart immediately disappeared.

She knew in her heart that fighting for power in the Fei family was like fighting for a kingdom in the royal family, and it was no surprise that she would use any means to achieve her goal.

Five minutes later.

There was a knock on the door and Luo Jiacheng's voice came from outside the door, "Miss, the car is ready."

"Okay, I'm on my way."

Fei Ke Xin picked up a limited edition Hermes Himalayan platinum bag in a black and white gradient that complemented this long dress she was wearing.

Standing in front of the dressing mirror at the door, Fei Ke Xin surveyed herself in the mirror and shook her head helplessly, thinking to herself, "I should have known not to wear this outfit, dressing like this to eat iron pot stew at a farmhouse always makes me feel like a clown ....."

With a light sigh, Fei Ke Xin opened the door to her room.

Six-star martial artist Luo Jiacheng was already waiting outside the door.

When he saw her come out, he immediately said respectfully, "Miss, it's time to go."

"Good." Fei Ke Xin nodded and went to the hotel lobby with Luo Jiacheng.

Her bulletproof Cadillac sedan of the same model as the President of the United States of America was already parked in front of the lobby, and one of her men handed the car keys to Luo Jiacheng, and then pulled open the rear door for Fei Ke Xin.

After Fei had gotten in, Luo came to the driver's side and unlocked the central control of the vehicle while asking, "Miss, where are we going?"

Fei Kexin said, "You should search Liujia Village on the navigation, it seems to be on the side of some National Highway 104."

Luo Jiacheng frowned and spoke, "Liujia Village? It sounds like a suburb, why are you going to such a place, Miss?"

Fei Ke Xin said, "Ye Chen said he wanted to treat me to dinner, and the place was chosen there."

Luo Jiacheng typed in Liujia Village on the navigation and after finding the location, he was surprised and said, "This place is nearly thirty kilometres away from the city, it's too remote, how could that Ye Chen choose this place? Is there something fishy here? "

Fei Ke Xin was silent for a moment and whispered, "I don't think so, I've only met Ye Chen once, does Mr. Luo think I've exposed any clues?"

Luo Jiacheng thought for a moment and said, "I didn't go in with you yesterday, so I can't say specifically if you have revealed any clues or if there is anything you have missed."

Fei Ke Xin thought carefully for a moment and then said, "There doesn't seem to be anything I've missed, I've always been quite cautious."

Luo Jiacheng suddenly thought of something and said seriously, "Miss, I am actually a clue."

Fei Ke Xin asked curiously, "What does Mr. Luo mean by that?"

Luo Jiacheng said with a straight face, "If that Ye Chen is above me in strength, he should be able to tell that I am a six-star martial artist, in that case, he would definitely suspect your identity, Miss, because with that Zhan Feier's background, it is impossible for you to have a six-star martial artist close to protect you."

Fei Ke Xin asked somewhat nervously, "Mr. Luo, do you think that Ye Chen's strength, would be above yours?"

Luo Jiacheng said very seriously, "A six-star martial artist in his twenties, I haven't heard of one, but just because I haven't heard of one, doesn't mean there isn't one!"

## **Chapter 3792**

Luo Jiacheng's words made Fei Kexin's brows tighten.

It wasn't that Luo Jiacheng was being alarmist, he had just broken through his sixth meridian last year and officially became a six-star martial artist.

With his current strength, he was a hanging chad within a six-star martial artist.

Therefore, as long as Ye Chen's strength reached the level of a six-star martial artist, then the odds were that he was going to be stronger than him, and seeing through his cultivation would be a breeze.

However, although he did not dare to say his words to death, seeing that Fei Ke Xin seemed a little worried, after thinking for a moment, he still said to her, "Miss, I personally feel that the possibility of Ye Chen being a six-star martial artist, or even a higher level martial artist, is very unlikely, and you do not need to worry too much."

Fei Ke Xin asked, "And what makes Mr. Luo say that?"

Luo Jiacheng said, "The country is so peaceful and prosperous that there has been little opportunity for the development of martial arts in the country over the years, and the powerful martial arts masters are basically overseas."

Fei Ke Xin gently nodded and said, "I vaguely feel that this Ye Chen is really too mysterious, and there are many things that people can't see or figure out, but I think it's unlikely that he is a martial arts master at a young age, not to mention that he has to study feng shui and run a pharmaceutical factory ..... Even if he is even stronger, it is impossible to become a martial arts master in his twenties under such circumstances, it seems that I have overthought ....."

The youngest six-star martial artist I know of was around thirty-five years old at the time, and this person practiced martial arts from the age of three to the age of thirty-five when he broke through to a six-star martial artist. In the thirty-two years since he was three years old, until he broke through the six-star martial artist at the age of thirty-five, his daily martial practice time was conservatively estimated to be over fourteen hours."

Fei Ke Xin marveled, "Fourteen hours of martial arts practice every day, the rest of the time minus eating and sleeping, there is basically nothing left over ....."

"Right." Luo Jiacheng nodded and said, "Those who really want to achieve something in the martial path basically have to put in their best efforts, and must avoid the world to cultivate, otherwise there are too many various distractions around them, it is difficult to improve quickly, and that Ye Chen does everything and his energy is so scattered, even if he is really a martial artist, it is difficult to achieve anything."

Saying that, Luo Jiacheng added, "But if Miss is really worried, I can arrange for a few more people to come over to spell it out, to ensure that nothing is lost."

Hearing this, Fei Ke Xin's doubts were allayed and she waved her hand, "Forget it, it makes sense for me to bring a driver when someone invites me to dinner, but if I bring a group of people, the other party will definitely think too much about it, so it's not appropriate."

Luo Jiacheng nodded and didn't say any more.

The Cadillac drove out of the city and walked along the aisle for another twenty minutes before finally arriving at the Liu Laoshi Farmers' Iron Pot Stew that Ye Chen had mentioned.

Just as the car reached the entrance, a young man directed, "Pull into the courtyard, Master Ye has arrived!"

Fei Ke Xin looked inside, and there was indeed a BMW 530 parked in the courtyard.

She couldn't help but think: "This Ye Chen is really low-key to the extreme, of the three cars their family currently has, this BMW 530 is the worst, and as a result, this car has really come into his hands ....."

Luo Jiacheng didn't think much about it at this time, and directly drove the car into the farmhouse, and parked it together with Ye Chen's BMW.

Between getting out of the car, Luo Jiacheng paid careful attention to the farmhouse.

The farmhouse was of medium size, with a courtyard of over a hundred square feet, and apart from a kitchen, there were several private rooms that had been converted into brick houses.

However, of these rooms, only one was lit.

Although Luo Jiacheng had no aura, he was a six-star martial artist after all. With his eyes slightly closed and his true qi flowing, he was able to determine the distribution of people in this farmhouse through his powerful perception.

### **Chapter 3793**

At this moment, apart from the young man directing the parking in the courtyard, there were three other people busy in the kitchen, while there was one person sitting in the lighted box and all the other rooms were empty.

He extended his senses slightly again, and there seemed to be no sign of anyone else hiding within a few dozen metres around the courtyard either.

Moreover, from the rhythm and strength of these people's breathing, he could tell that these were ordinary people who had not even entered the door of martial arts.

From this, he also came to a basic judgement that in this courtyard, there was no ambush.

Luo Jiacheng then said to Fei Ke Xin, "Miss, you can get off now."

Hearing these words, Fei Ke Xin nodded gently, and her slightly knitted brows relaxed.

She knew that Luo Jiacheng was very strong and could even detect enemies hidden behind several walls by sensing the breathing and heartbeat of others.

So, as long as he told himself that he could get off, it proved that there was nothing unusual about this place.

It was just that the environment of this place was really a little hard for her to describe.

The buildings of the farmhouse were all a bit dilapidated, and although they had been renovated, you could tell that they had a long history.

As soon as she got out of the car, she could smell a stench wafting through the courtyard, and only after a closer look did she realise that in the corner of the courtyard, there were a dozen large, fat geese kept in captivity.

Perhaps they were disturbed by the sound of the car's engine, and the dozens of geese were fluttering their wings in the nest, emitting loud honking noises.

Fei Ke Xin looked at the snow-white geese and then at the equally snow-white Hermes handmade high-fashion dress she was wearing, and couldn't help but sigh, feeling that she was the clown in front of this flock of geese.

At the same time, she also sighed in her heart, "The environment here is so poor, how can I eat the meal later, the key is that this is still Ye Chen's invitation to dinner, if I sit down and just look and don't eat, the etiquette is definitely not justified ....."

Just when she was feeling distressed about the environment here, the door of the lighted compartment was pushed open and Ye Chen, wearing a pure white T-shirt and a pair of washed white jeans, walked out of the door.

He looked at Fei Kexin and smiled warmly, "Aiya, Miss Zhan is here, come in come in!"

Seeing Ye Chen's simple and casual outfit, Fei Ke Xin felt a little ashamed of herself in her heart for the first time.

Ye Chen dressed like this, in a place like this, it looked unconventional, and with his handsome appearance and sunny smile, it gave people an inexplicable good feeling.

However, when Fei Ke Xin looked at herself, she felt that she was dressed like an overdressed clown today, and looked out of place with everything around her.

Ye Chen also did not expect that Fei Kexin would be dressed so formally, and even had the feeling of attending a top dinner party, so he could not help but praise her, "Miss Zhan is dressed beautifully today!"

When Fei Ke Xin heard this, she was even a little embarrassed in her heart.

Originally, she had always been quite confident, but she had never expected to feel strongly constrained and uncomfortable for the first time in this kind of suburban farmhouse.

She said somewhat awkwardly, "Sorry Mr. Ye, the choice of clothes today is really a bit inappropriate, so I have made you laugh."

Ye Chen smiled and said, "Why? It's because I chose the place with some lack of consideration, so please don't take offence at Miss Zhan."

Hearing this, Fei Ke Xin's shortness of breath was instantly relieved.

Ye Chen looked at her with a faint smile and said, "Miss Zhan, please come in, the goose has almost been stewed!"

## **Chapter 3794**

Seeing Ye Chen's invitation, Fei Ke Xin had no choice but to walk towards the door of the box.

At this time, Ye Chen looked at Luo Jiacheng again and warmly invited him, "Brother Driver, why don't you come in and have some food with us? There's no one else here!"

Luo Jiacheng shook his head and said politely, "Thank you, Mr. Ye, for your kindness, but as the driver, it's better for me to wait outside."

Ye Chen borrowed the slope and nodded, "In that case, I'll be sorry for the greeting."

Luo Jiacheng was busy saying, "You're very kind, Mr. Ye!"

Ye Chen smiled faintly and went into the box with Fei Ke Xin.

It was said to be a private room, but in fact it was just an ordinary brick room.

The area of the room was not large, and the inside was rather empty, with a four-square earthen stove built against the wall facing the door.

The fire underneath the stove was all wood, and the flames burned so brightly that the large iron pot on top, although covered with a wooden lid, was steaming outwards from all around the pot.

The room was filled with a strong smell of meat.

For some reason, Fei Ke Xin's mouth began to salivate uncontrollably as soon as she smelt this strong meat aroma with a spicy flavour.

She took out a small bottle of mineral water from her bag and gently took a sip to cover up her embarrassment, while also wondering in her mind, "This goose meat smells really good, but can the food cooked in such a place really be good?"

While wondering, Ye Chen pointed to one of the chairs and said to Fei Ke Xin, "Miss Zhan, please have a seat! I don't know if the food here is to your liking, I originally wanted to find a high-end Western restaurant, but I heard that French food is the Rolls Royce of Western food, so I guess a Chinese like you, who grew up in France, must taste like wax when eating Western food from a place like Jinling, so I'll just take you to try the local specialties, I hope you don't mind, if you don't like it, just say so, let's go to the city now It's not too late to change restaurants."

Ye Chen's burst of nonsense made Fei Ke Xin's heart even more touched.

She thought that Ye Chen had really thought it through, but she didn't know that Ye Chen was just talking out of his a\*s, he had never researched where to eat western food in Jinling, and he wasn't prepared to take Fei Ke Xin to any western restaurant.

However, Fei Ke Xin did not expect that Ye Chen was just playing along, and when she was touched, she smiled slightly and said politely, "Mr Ye is too polite, I would actually like to try some local specialties that I have not tried before."

Ye Chen nodded and smiled, "That's just right, this is a local specialty in the country."

With that, he reached out and lifted the lid off the pot, and as a large cloud of water vapour tumbled up to the ceiling, an even stronger smell of meat came over him.

Fei Kexin could also see what was gurgling and boiling in the pot; it was a pot of goose that was already sauced and tumbling, in addition to some thick, lean five-flower meat.

Growing up in the United States, Fei rarely ate pork. The two types of meat she ate most often were beef and chicken, and the only chicken she ate was the low-calorie chicken breast, and the only pork she would eat in her life was processed bacon, so she had little to no taste for this fatty pancetta.

However, when she saw that big piece of pork rolling around in the pot, she was actually eager to taste what it would really taste like.

Seeing that she was a bit dumbfounded, Ye Chen gave her a piece of goose meat and placed it on the plate in front of her, saying with a smile, "I was afraid that a lady like you would be concerned about her image when eating goose meat, so I specially asked the cook to chop the meat into small pieces, so you can taste how it tastes first."

Saying that, Ye Chen hurriedly explained again, "Oh yes, I haven't used these chopsticks yet, don't mind if you do."

"No, no." Fei Kexin hurriedly shook her head for a while, seeing Ye Chen taking such an initiative to dish out food for herself, she couldn't help but feel a little girlish and shy in her heart.

### **Chapter 3795**

At this time, Ye Chen took another piece of pancetta and put it on her plate, saying, "The goose stewed with pancetta is delicious, and the pancetta itself is even better, so you should try it too."

"Also the dried bean curd stew in here is a masterpiece, the kind of dish you'd never get in France!"

Fei Ke Xin saw the small plate in front of her being piled up with food by Ye Chen, her heart was both shy and touched, she rarely ate alone with boys, so this feeling of being thoughtfully taken care of by the opposite sex was a first.

So, she blushingly nodded and said, "Mr. Ye you don't always give me food, you yourself haven't eaten a single bite until now ....."

Ye Chen smilingly said, "No hurry, I think if I use these chopsticks, I won't be able to give you food!"

Said, and gave her a piece of goose meat with skin, said: "In fact, eating big goose, is to eat this meat with skin is the most fragrant, you quickly taste!"

Fei Ke Xin nodded her head, carefully put the piece of meat on the edge of her mouth and blew on it gently, and then carefully tested the temperature with her thin lips before putting it into her mouth and chewing it gently.

She felt the rich flavour of the meat filling her mouth and taste buds. The aroma of this wood-fired iron pot stewing for a long time was something she had never tasted before in the United States, and she was instantly amazed.

Afterwards, she couldn't wait to try the pancetta that Ye Chen gave her, and the melt-in-your-mouth, fatty but not greasy sensation turned her perception of pork upside down.

However, what surprised her the most was the inconspicuous dried bean curd in the pot.

Because, she really couldn't imagine why the originally crisp bean curd would turn into this very soft but tough texture, and it was so delicious that it brought tears to her eyes.

Ye Chen also did not expect that this woman, who had returned from a foreign country, would be so superb at fighting when she ate goose stewed in an iron pot, so he hurriedly called the cook again and used cornmeal to stick a circle of corn cakes in the pot.

Unexpectedly, it was this simple coarse grain cake that once again refreshed Fei Ke Xin's perception and made her praise it.

While Ye Chen enthusiastically opened up for Fei Ke Xin to eat, he looked at the time, it was already 7.30pm and although there were curtains inside, he could see that the sky outside was already dark.

Ye Chen felt that right now, it was almost the best time to make a move on that six-star martial artist in the courtyard.

He planned to use the excuse of going to the toilet to leave the box, go directly to the courtyard, take control of that six-star martial artist as quickly as possible, and then have Hong Wu load him directly onto the car and take him away.

So, he sent a text message to Hong Wu and asked him to drive over now.

Hong Wu was currently waiting by the roadside two kilometres away with two of his men.

Upon receiving Ye Chen's text message, he immediately instructed his men in the driver's seat, "Drive, let's go there now!"

His men immediately put the car in gear and drove it out.

Just as Ye Chen was planning to find an excuse to go out, his mobile phone suddenly received a call from Wan Bajun.

At this moment, Ye Chen's brows knitted slightly and he thought in his heart that he must have gotten news from Wan Bajun's intelligence network.

He then picked up the phone straight away and naturally said to Fei Ke Xin, "Miss Zhan, I'm going out to take a call."

Fei Ke Xin did not doubt it, nodded and said, "Mr. Ye, please make yourself comfortable."

Ye Chen took his mobile phone and went out to the courtyard.

Luo Jiacheng, Fei Kexin's driver and bodyguard, was still standing motionless at the door of the Cadillac.

Ye Chen glanced at Luo Jiacheng, he knew very well that with Luo Jiacheng's status as a six-star martial artist, once he picked up the phone, Luo Jiacheng would definitely be able to hear Wan Bajun's voice and what he said on the phone.

However, Ye Chen still nodded at Luo Jiacheng very calmly, then directly pressed the answer button and said indifferently, "Hey, Broken Jun, have you got any results on the matter you were asked to investigate?"

## **Chapter 3796**

When Ye Chen said this, Luo Jiacheng did not feel anything unusual.

However, because Fei Ke Xin was paying extra attention to Ye Chen, he also kept his ears open, ready to listen to Ye Chen's conversation with the other party to see if he could hear any useful information.

At this time, Ye Chen glanced at Luo Jiacheng, and when the four eyes met, he held his mobile phone in one hand, while the other hand even took the initiative to raise a hand at Luo Jiacheng.

Luo Jiacheng didn't think much of it and subconsciously nodded back as a greeting.

At this time, Ye Chen was already walking towards Luo Jiacheng's direction.

At the same time, he took out a cigarette from his pocket with his right hand and made a gesture to put it in his mouth.

Smoking a cigarette while answering the phone was a common occurrence for many people, so Luo Jiacheng wasn't surprised at all.

However, what he didn't know was that Ye Chen didn't smoke at all, and the box of cigarettes in his pocket was also something that Ye Chen had asked Hong Wu's little brother for before they arrived.

At this time, Wan Bajun, who was on the phone, spoke, "Mr. Ye, the intelligence network has exact information back, that Zhan Feier you want to check, her real name is Fei Ke Xin, she is the Miss Fei family ....."

Every word that Wan Bajun said fell clearly into the ears of six-star martial artist Luo Jiacheng.

When he heard the three words Fei Kexin, his entire pupils instantly shrank violently!

Immediately afterwards, he looked towards Ye Chen with a look of complete hostility and killing aura!

But even at this moment, he did not realise how dangerous Ye Chen would be to himself.

He just didn't expect that Ye Chen would have the channels to find out Miss's true identity!

This also meant that both himself and Miss had been exposed, and that Miss in the room, could be in danger at any moment!

Thinking of this, he stared at Ye Chen and questioned, "Who the hell are you?!"

Ye Chen laughed, "I haven't even questioned you yet, and you're even questioning me? I, Ye Chen, don't change my name when I walk or sit, unlike the Miss Fei sitting inside, who has deliberately put on a vest."

Luo Jiacheng immediately said, "Miss doesn't have any ill will towards you! There is also a reason for using another identity!"

Ye Chen nodded and laughed, "I didn't say she had any malice towards me either, what are you so nervous about?"

Saying that, Ye Chen said to Wan Bajun on the phone, "Bajun, I still have something to do, I'll hang up first."

Wan Bajun busily said, "Mr. Ye, there is a man called Luo Jiacheng beside Fei Kexin, a six-star martial artist!"

Ye Chen smiled, "I know, he's right in front of me."

Wan Bajun on the other end of the phone faintly froze, and then laughed, "Sorry Mr. Ye, it was my subordinate who was overly concerned!"

After saying that, he immediately said, "Mr. Ye, since you have something to do, then my subordinate will not bother you!"

The conversation between the two was naturally overheard by Luo Jiacheng, who couldn't hide his nervousness as he asked Ye Chen, "To be able to find out the identity of Miss, and also to find out that I am a six-star martial artist, who exactly are you?"

Ye Chen laughed, "You're such a nosy person, I told you, my name is Ye Chen!"

Luo Jiacheng frowned tightly and said to Ye Chen, "I don't care who you really are, I'm going to take Miss out of here now, as for the issue of Miss hiding her identity, she will naturally explain it to you personally later, now please move aside!"

Ye Chen laughed, "What if I don't let you?"

Luo Jiacheng clenched his fists, his joints crackling, and said coldly, "There are no martial arts masters around here, and the few in the kitchen are just like you, they are all ordinary people, if I want to go in, you can't stop me at all, the reason why I ask you to move aside is because I don't want to hurt you, don't be insensitive!"

"Insensitive?" Ye Chen laughed lightly and said playfully, "It's been a long time since someone said those four words to me ..... Suddenly, there are a few nostalgic moments!"

Luo Jiacheng gritted his teeth and said, "Do you think I'm joking with you?! Since you have such a powerful intelligence network, don't you know clearly what strength a six star martial artist is?"

Ye Chen nodded and laughed, "The strength of a six-star martial artist, I know, ah, I'm not going to lie, a six-star martial artist just like you, I killed two of them with a stone the other day."

As he said this, Ye Chen did not forget to extend his right hand and gesture a scissors hand pose.

Hearing this, Luo Jiacheng's entire being had been completely enraged!

### **Chapter 3797**

He didn't believe that Ye Chen could kill two six-star martial artists with his own hands, and he had done so by smashing them to death with a stone, this was simply a travesty of the world!

So, he stared at Ye Chen and said in a cold voice, "Mr. Ye, I didn't want to hurt you, but I can't help but feel that you have angered me with your words several times, since that's the case, don't blame me for not being polite! I will use my fists to show you what a six-star martial artist is!"

With that, he gathered his true qi into his fists and legs almost without thinking, and fiercely tried to charge directly at Ye Chen!

However, Luo Jiacheng didn't really want to kill Ye Chen, he just wanted to teach him a lesson, to show him the strength of a six-star martial artist!

Luo Jiacheng's body rushed towards Ye Chen like a speeding truck, in his mind, even if he didn't swing his fist, but just hit Ye Chen with his body, it would be enough to kill Ye Chen half.

But what he didn't expect in his wildest dreams was that Ye Chen didn't have the slightest intention to dodge, he just lazily stretched out an arm and said indifferently, "A six-star martial artist is no different from a dead dog in my place!"

Feeling humiliated, Luo Jiacheng gritted his teeth and roared, "You seek death!"

With that, his body exploded with even more power as he rushed straight towards Ye Chen!

However, at the moment he was about to rush towards Ye Chen, he suddenly felt as if all his strength had been instantly sucked away from him, and his entire body was like a grain of sand falling into the desert, not making any waves at all!

Only when he saw clearly did he realise, to his horror, that it was Ye Chen's right hand that was blocking his body at that moment!

This made him feel like he had been struck by lightning!

Because he couldn't believe that Ye Chen had blocked his entire body with just one hand, and had even used one hand to remove all his force!

All the force he had just brewed up seemed to have sunk into the sea at this moment, and the huge impact was instantly removed without a trace!

At this moment, Luo Jiacheng's world view was completely turned upside down!

It was only at this moment that he finally realised the difference between himself and Ye Chen, it was like a difference between clouds and mud!

He looked at Ye Chen with incomparable horror and asked with difficulty, "You ..... how ..... do you ..... have such great strength ..... what on earth are you person!"

Ye Chen raised his eyebrows and laughed: "You've already asked this question three times."

Luo Jiacheng subconsciously asked, "What exactly is your ..... cultivation level?! I've never seen someone who is less than thirty years old and whose strength can surpa\*s that of a six-star martial artist ....."

Ye Chen asked him curiously, "Then have you heard of the Wan Broken Army?"

"Wan Broken Army?" Luo Jiacheng blurted out, "I've heard of it, the Hall Master of the Ten Thousand Dragon Hall and an eight-star martial artist!"

Ye Chen smiled and asked, "Then do you know how old he is?"

Luo Jiacheng shook his head, "This person is very mysterious, no one knows his exact information ....."

Speaking of this, he suddenly came back to his senses and asked in shock, "You ..... the person you just called, is Wan Breaking Jun?"

Ye Chen nodded and smiled, "That's right, it's him, but he's not even thirty years old this year."

Saying that, Ye Chen added: "Also, I am also less than thirty years old, so it seems that you are a bit less knowledgeable!"

Luo Jiacheng's body was stunned as he finally realised what it meant to say that there were people outside of people, and there were heavens outside of heaven.

He had always thought that Wan Bajun must be at least forty or fifty years old to be able to have the strength of an eight-star martial artist and run such a huge organization as the Ten Thousand Dragon Hall, but he had never expected that he would be less than thirty years old.

Moreover, what he didn't expect was that Wan Bajun, as the Hall Master of the Ten Thousand Dragons Hall, would call himself a subordinate in front of Ye Chen!

Could it be that this Ye Chen in front of him was the true master of the Ten Thousand Dragons Hall?!

### **Chapter 3798**

Just as Luo Jiacheng's three outlooks were turned upside down and his heart was greatly shaken, a business car drove up to the entrance of the farmhouse.

As soon as the car stopped, the electric door in the back opened directly, followed by Hong Wu stepping out of the car and waiting quietly at the door.

When Luo Jiacheng looked back, he was inwardly nervous to the extreme. He thought that Ye Chen must be trying to kidnap his own lady by making such a show.

So, he subconsciously tried to loudly report to Fei Ke Xin inside the compartment.

But to his surprise, his voice was stuck in his throat and he could not get it out.

He stared at Ye Chen in fear, wondering what method he had used to make himself unable to make a sound.

At this time, Ye Chen smiled lightly and patted him on the shoulder, and instantly a few auras were transferred into him, sealing Luo Jiacheng's consciousness firmly inside his body just like he had sealed the consciousness of Chen Zhonglei of the Hall of Ten Thousand Dragons.

Afterwards, Ye Chen looked into his eyes and spoke, "You don't need to be afraid, I won't take your life for now, just need to work hard for you to change your place to rest and rest, besides the conditions over there are not very good, you still need to overcome it."

With that, he pointed to Hong Wu's commercial vehicle and said to Luo Jiacheng, "Here, go up yourself."

Luo Jiacheng found that he was now completely unable to control his own body, and his whole body was even more terrified to the extreme, completely unaware of how exactly Ye Chen had managed to do it!

When he realised that his body had turned around and walked towards the commercial vehicle completely uncontrollably, his entire person was immediately thrown into extreme despair.

This was because he had already realised that he had completely lost control of his body, and that his body was, to his surprise, being manipulated by Ye Chen's orders.

Therefore, he could only watch as he got into that business car.

When Hong Wu saw Luo Jiacheng, his eyes widened in surprise, then he ran all the way to Ye Chen's side and said in a low voice, "Master Ye, I've seen this man before!"

Ye Chen asked curiously, "Where did you meet him?"

Hong Wu busily said, "The other day there was this group of people who directly chartered a month's worth of gold boxes at my Tian Xiang Mansion, and a handful of them gave more than ten million dollars for meals and came over for two meals every day, and among them was him!"

Ye Chen was slightly stunned and could not help but frown, his expression somewhat playful as he said, "It seems that this is a long time to keep an eye on me ah ..... this woman does have a child something ....."

After saying that, he immediately said to Hong Wu: "You hurry up and take the man back, remember never to get his face caught on the surveillance."

I've arranged for the cameras in the area to be destroyed. I'll have the car drive in the direction of the city and go to the lower road 20 kilometres away. As for this car, it will go all the way south to Suhang along National Highway 104."

Speaking of this, Hong Wu said confidently, "This way, even if others check all the cars pa\*sing by on National Highway 104 today, it will be impossible to find another car."

Ye Chen nodded in satisfaction and smiled, "Not bad, Hong Wu, you are getting more and more detailed."

Hong Wu heatedly laughed, "Hey Master Ye, I'm actually not good at this kind of thing, but Mr. Chen taught me a lot before, he's a pro at this!"

Ye Chen nodded, Chen Zekai was naturally better than Hong Wu in terms of brains, but Hong Wu had been in contact with him more and had indeed improved a lot.

With that, he spoke, "Alright, since you've made all the arrangements, just hurry up and go."

Hong Wu waved his hand at Ye Chen and said respectfully, "Master Ye, I will go then."

Ye Chen nodded, "Go on."

### **Chapter 3799**

Hong Wu hurriedly got into the car and directed his little brother to hurry up and drive away.

Seeing Luo Jiacheng being taken away, Ye Chen did not delay, turned around and went back to the box.

At this moment, Fei Ke Xin in the box was completely unaware of what was happening outside.

After all, this place was located next to a national highway, and the vehicles whistling back and forth were extremely noisy, and every now and then an overloaded lorry would pa\*s, and even the whole ground would shake with it.

So, Fei Ke Xin couldn't hear any other movement outside at all either.

When Ye Chen returned, he said to Fei Ke Xin with a smile, "Sorry, Miss Zhan, something happened just now, so I kept you waiting."

Fei Ke Xin was busy saying, "Mr. Ye, there is no need to be so polite, are you done with your settlement?"

Ye Chen nodded and said casually, "I've finished, the client was just consulting on a little feng shui matter, so I'll probably explain it to him and that's about it."

Ye Chen was acting too sincerely, so Fei Ke Xin did not have the slightest doubt.

Then, Fei Ke Xin said with a smile, "Right Mr. Ye, I don't know if your wife has told you that the villa I bought in Shui Yun Villa has been fully entrusted to her for design and decoration."

Ye Chen nodded and said, "Chu Ran has told me about this, and she personally is very happy because she has never come across such a good project."

Saying that, Ye Chen politely said, "I would also like to thank Miss Zhan for being able to put such a big project, into her hands."

"Where." Fei Ke Xin was busy saying, "Mr. Ye helped me with the feng shui and didn't take a penny, I'm just returning the favour, you mustn't be polite to me."

Ye Chen smiled faintly and said with a sincere face, "Since Miss Zhan is so kind, then if there is any need for Ye Chen in Jinling in the future, please don't be polite to me!"

Hearing Ye Chen's words, Fei Ke Xin's big eyes could not help but shine brightly with excitement.

She had deliberately approached Ye Chen with the intention of accumulating some personal friendships and favours with him.

Only then would she be able to beg him shamelessly to sell her a Spring Return Pill someday in the future.

Ye Chen's words just now had given her great confidence.

She believed that as long as she kept up her efforts and continued to get closer to Ye Chen before the auction started, then she was afraid that the matter of the Spring Return Pill was really a sure thing!

Excited to the point that she could not help but lift up her gla\*s of water and said to Ye Chen, "Mr. Ye, I'll drink a toast to you with tea instead of wine!"

Ye Chen nodded and smiled, and similarly lifted his gla\*s of water and clinked it slightly with her, saying politely, "Come, come, Miss Zhan, have some more meat!"

After saying that, he used his own chopsticks to give her a few pieces of meat by hand.

Seeing that the chopsticks were Ye Chen's used ones, Fei Ke Xin was slightly stunned and her heart couldn't help but beat a little faster as she blushed and said, "Thank you, Mr. Ye!"

Ye Chen smiled and said, "Don't be polite, make sure you eat well!"

Only after twenty minutes did Fei Ke Xin finally put down her chopsticks and said softly while gently wiping her lips with a tissue, “Mr. Ye, I’m full ..... This is probably the most filling meal I’ve had in my entire life .....

Ye Chen laughed: “It’s best if you like the food, I’ll take you to eat some other local specialties when I have the chance later.”

Fei Ke Xin followed his words and said, “That’s great! I’ve never been to Jinling before and I don’t know anything about the local specialties here, so if I have Mr. Ye to take me along, I’m sure I can take a lot less detours!”

Ye Chen nodded and smiled, “Then in a couple of days, I’ll take you for another meal of the most famous Huaiyang cuisine in the Yangtze River Valley!”

Saying that, Ye Chen deliberately said casually, “Just in time, I have a friend who owns a restaurant, the main focus is Huaiyang cuisine, it’s quite famous in Jinling, it’s called Tian Xiang Fu, I’ll talk to him later and ask him to prepare a table!”

### **Chapter 3800**

As soon as she heard the words Tian Xiang Fu, Fei Ke Xin felt a pang of headache.

She thought to herself, “The food at this Tian Xiang House is certainly good, but even if it’s good, it’s completely unbearable to eat it every day .....

“Moreover, I am already considered a familiar guest at the Heavenly Fragrance House these days, if I were to be known by Ye Chen again, he might even think more about it, definitely a disadvantage without a benefit.”

Thinking of this, she then smiled and said to Ye Chen, “Mr. Ye, I have already been to the Tian Xiang House, the food is indeed very good, but eating there is still a bit too wasteful, I wonder if you have other more grounded options? Like this farmhouse meal today, I think it’s very good .....

Ye Chen was surprised and asked, “You’ve been to the Tian Xiang House? Oops, I should have known I would have said hello and asked the boss there to give you a free bill.”

Saying that, Ye Chen added: “This way, I’ll give the owner of the Tian Xiang House a call later, no matter when you go, Miss Zhan, let him give you a free bill!”

Fei Ke Xin said, “How can I say that? They are open for business, how can they ask them to waive the bill, Mr. Ye must not be so polite .....

Ye Chen was not being polite, he was just treating Fei Ke Xin like a little mouse, teasing her for a while, waiting to see how she would look when she was at a loss for words.

So, Ye Chen said with a smile, “In that case, then I’ll go back and find a restaurant with more local characteristics, and then I’ll take Miss Zhan for a tasting.”

Fei Ke Xin nodded and smiled, saying, “I am not familiar with Jinling, and I only have you as a friend, so I am grateful to you for taking care of me during this period of time!”

Ye Chen laughed, "Good point, I'll make the arrangements!"

Saying that, Ye Chen looked at the time and smiled slightly, "Miss Zhan, it's getting late, why don't we just stop here today?"

"Good!" Fei Ke Xin nodded and smiled, "Thank you Mr. Ye for your hospitality today!"

"You're welcome!" Ye Chen smiled and stood up, seeing that Fei Ke Xin had also got up and grabbed her handbag, so he went to the door first, opened the compartment door and smiled, "Come on, Miss Zhan, please."

Fei Ke Xin slightly bowed and nodded her head to say thank you, and then stepped out of the box.

By now, it was completely dark outside the door, and although there was a wall lamp lit in the courtyard, the light was still very dim.

As soon as Fei Ke Xin went out, she subconsciously looked for the figure of Luo Jiacheng, but to her surprise, Luo Jiacheng was not standing by the car, as usual.

She was surprised and thought to herself, "Where is Mr. Luo? He used to wait by the car every time, but today he was nowhere to be seen. Is he resting in the car?"

With this in mind, she immediately walked towards the Cadillac.

But when she reached the window, she leaned down and saw that the car was empty and there was no Locke inside.

So she hurriedly looked around again, and in the whole farmyard, there was no Luo Jiacheng in sight.

This made her heart, at once, panic a little.

She then anxiously took out her mobile phone and tried to call Luo Jia Cheng, but the call was unreachable.

This caused her to panic instantly, and she continued to try to make a call while turning in circles in the same place in a hurry.

Ye Chen pretended to be surprised and asked, "Miss Zhan, what's wrong with you?"

Fei Ke Xin subconsciously blurted out, "My ..... my driver has disappeared ....."

"Disappeared?" Ye Chen said in surprise, "A big living person, how could he say he's gone? I even said hello to him when I came out to answer the phone just now ....."

After saying that, he hurriedly added, "Could it be that he went to the toilet?"

Fei Ke Xin's expression could not hide her panic as she said, "But his mobile phone is also not working ..... he is a person, his mobile phone never fails to work, and he has a cautious style of doing things, he would never disappear without saying hello, so ..... so I suspect that he is probably in some kind of trouble ....."

Ye Chen said casually, "What if it was when he went to the toilet and his phone accidentally fell into the pit?"

Fei Ke Xin faintly froze, then immediately shook her head and said, “Impossible ..... With his skills, he definitely wouldn’t make such a low-level mistake .....
