

Ye Chen 3801

Chapter 3801

In Fei Ke Xin's opinion, for a six-star martial artist, his reflexes and body speed were too much stronger than normal people, and it was completely impossible for him to fall into a pit accidentally with his mobile phone.

Seeing her nervousness, Ye Chen went up to her and said in a serious and reassuring manner, "I see that your driver is very stable, standing all meticulously, at a glance he is a practitioner, nothing should happen to such a person! Besides, our security in Jinling is always very good, he is a big living person, nothing can possibly happen to him, don't worry!"

Fei Ke Xin's anxiety was not relieved in any way by Ye Chen's comfort.

It was because she knew very well in her heart that Luo Jiacheng was a six-star martial artist of superb strength.

It was reasonable to say that no one in the whole of China could find an existence whose strength could surpass his.

Therefore, it was almost impossible for him to have any accidents.

But now, it was this person who could not possibly have any accidents that had disappeared for no apparent reason, which instantly gave her a strong sense of crisis, making her feel as if she was firmly wrapped by an incomparably powerful, yet completely invisible and untouchable whirlpool.

Ye Chen, who was still engrossed in acting at this time, ran to the kitchen door and knocked on it, and when it opened, he immediately asked the cook inside, "Did any of you see the man standing in the courtyard just now?"

The chef shook his head and said, "Master Ye, I haven't been out ah"

Ye Chen asked again, "What about the little brother who greeted us at the door when we arrived?"

The chef was busy saying, "He has already left, he went back first not long after you and your distinguished guests arrived, because today Master Wu had instructed us not to receive other guests, just to serve your table, so he had nothing to do if he stayed, so he left first."

"Strange" muttered Ye Chen, "A big living man standing there, when did he leave and where did he go that no one knows?"

The cook shook his head vigorously and said offhandedly, "We really don't know"

Ye Chen asked again, "Then do you have surveillance here?"

The chef shook his head again and laughed twice before saying, "There is no monitoring ah Master Ye, you also know that our boss is under the hand of the Fifth Master, we usually entertain here, are also people on the road, in order to avoid trouble, so there is no monitoring"

Ye Chen sighed helplessly and said, "Alright then, I'll think of another way."

After saying that, he turned to the nervous Fei Ke Xin and said, "Miss Fei, why don't I wait with you for a while longer, if we still can't contact him, let's go to the police."

Although Fei Ke Xin was apprehensive, she could not think of any solution at all at this moment, so she said to Ye Chen, "Thank you Mr. Ye, I'll send a message to the others first to say"

After saying that, she hurriedly sent a WeChat to Chen Yingshan with her mobile phone, asking her to immediately inform the other people accompanying her of the news of Luo Jiacheng's disappearance, and also asking them to make sure to find a way to check the surveillance around the farmhouse to see if they could find a little clue before calling the police.

Chen Yingshan, who was measuring the room with Xiao Churan, was also in a cold sweat when she heard that Luo Jiacheng could have disappeared, so she hurriedly coordinated to instruct the others to hurry up and search for clues.

Luo Jiacheng's disappearance meant a complete loss of security for them.

It was as desperate as if a group of rookies who didn't know how to raid a tomb had followed Hu Bayi from Ghost Blows Out the Lamp, only to have Hu Bayi let the dumplings kidnap them as soon as they entered the tomb!

Moreover, they knew very well that if this place, Jinling, had an existence that could make Luo Jiacheng vaporize, then if the other party wanted to make Fei Ke Xin vaporize along with their entourage, it would be as easy as a snap!

Chapter 3802

As time passed by, Fei Ke Xin became more and more nervous and panicked.

After not hearing from Luo Jiacheng for a long time, and not even being able to get through on the phone, she hurriedly sent a message to her grandfather, Fei Jianzhong, reporting the sudden situation that had just occurred.

At the moment, the matter was more difficult than Fei Kexin's ability and the strength of others around her, so she could only seek guidance and help from her grandfather.

At this moment, Fei Jianzhong is half lying in bed, surrounded by servants who are serving him a special nutritious breakfast, spoonful by spoonful.

Recently, his health had been deteriorating.

After waking up every day, he doesn't even have the strength to go for a walk, and even sitting motionlessly is physically exhausting.

Therefore, he is confined to bed rest for the vast majority of the time.

His health care team, just two days ago, gave him a full assessment of his physical condition.

The experts believe that he is at the end of his natural ageing process and that the time he has left cannot be measured in years.

So, deep down, Fei is only looking forward to two things.

One is good news for his granddaughter, Fei Kexin.

The other was that he would be able to win the Spring Return Pill at the auction at the end of the month!

Now that he had suddenly received a message from Fei Kexin, Fei Jianxin could not help but feel a little excited.

He hurriedly picked up his phone with a trembling hand and tapped the text message open with his own hands.

However, when he saw the content, his whole body was struck by lightning, and he couldn't control his phone and it slipped out of his hand!

“Luo Jiacheng has actually disappeared..... this..... how is this possible.....”

Fei Jianzhong was instantly horrified, so he immediately said to the servant beside him, “Quick! Quickly go get Master Yuan!”

Soon, a middle-aged man dressed in a black Tang suit and black cloth shoes stepped into the room.

This middle-aged man looked to be in his forties, and walked not too fast, but as if he was carrying a swift wind.

This man was Yuan Zixu, the personal bodyguard who had been with Fei Jianzhong for many years.

Yuan Zixu's actual age this year is already sixty to six.

Twenty-six years ago, he was ordered by his master to enter the world to protect Fei Jianzhong, and because he was brave and resourceful, he helped Fei Jianzhong so much that he was respected by Fei Jianzhong as Master Yuan.

In the past twenty-six years, he had already broken through to a six-star martial artist, but in the past twenty-six years, because he had spent much of his energy on protecting and assisting Fei Jianzhong, his cultivation had slowed down considerably, and to date, he had only broken through to a seven-star martial artist.

Luo Jiacheng, on the other hand, is his fellow disciple.

According to the requirements of his master, Yuan Zixu was originally scheduled to serve the Fei family for thirty years, and would return to his master's retreat after four years.

Therefore, the division had sent Luo Jiacheng several years ago to prepare to take over from him.

Luo Jiacheng had spent most of his time protecting Fei Jianzhong's eldest son, Fei Kexin's eldest uncle. This time, Fei Kexin was ordered to go to China to look for clues to the Spring Return Pill, so Fei Jianzhong specially asked Luo Jiacheng to protect Fei Kexin all the way.

However, Luo Jiacheng had disappeared for no apparent reason after arriving in Jinling for only a few days!

He went to Fei Jianzhong's bedside, bowed slightly and asked, "What do you want me to do, Master Fei?"

Fei Jianzhong said, "Master Yuan, Kexin has just sent word that Jiacheng has disappeared! Kexin suspects that he has met with an untimely death!"

"What?!" Yuan Zixu was instantly stunned and blurted out, "That's impossible! Jia Cheng is a six-star martial artist, so he has no rival in the martial arts field in China, how could he have met an untimely end?"

Chapter 3803

Fei Jianzhong said, "What Kexin said was true. She had just met someone for dinner, and after a meal, when she came out, there was no sign of Jia Cheng, and her phone was out of service.

Yuan Zixu was slightly stunned, then he frowned and said in a low voice: "With Jia Cheng's character, he would not leave his post without a reason, and he would not lose contact without a reason. Both of them happened at the same time, so I am afraid that he has really met with an accident This matter seems to be very difficult indeed"

Fei Jianzhong blurted out, "Master Yuan, have you ever heard that there are experts in China whose strength exceeds that of Jia Cheng?"

"Never heard of it." Yuan Zixu spoke up, "As far as I know, there is not even a single five-star martial artist in China, not to mention, if it is as Miss Ke Xin said, she was in the box just a wall away, yet she never heard any movement of the fight, this proves that if there is really a mastermind behind this matter, the strength of the mastermind behind it is much more than simply exceeding Jia Cheng!"

He said with a grave expression, "Even I can't kill or kidnap Jia Cheng without a sound! Because even if Jia Cheng is not as strong as me, he can still fight me for at least a few dozen rounds, and if the two of us were to go all out against each other, the noise would be so loud that it could be heard from several kilometres away."

Yuan Zixu's analysis startled Fei Jianzhong and he opened his mouth to ask, "Master Yuan, in your opinion, if someone could really kill or kidnap Jia Cheng silently, what level of strength would this person be?"

"What level" Yuan Zixu's eyelids fluttered lightly and he spoke seriously, "I'm afraid that it would be difficult to do so within the Bright Realm, so the other party's strength would be at least at the Dark Realm!"

"The Dark Realm" Fei Jianzhong murmured, "Didn't Master Yuan say that Dark Realm experts have not been seen in the world for at least ten years"

"Yes" Yuan Zixu nodded and said in a deep voice: "More than ten years ago, my master had said in a letter that the only few Dark Realm experts, had gone missing and there was no news even today. "

Fei Jianzhong asked, "Then, could Jia Cheng's disappearance be related to the Dark Realm experts?"

Yuan Zixu, with a grave look on his face, said, "It's not impossible , but I can't figure out, even if there really were Dark Realm experts in Jinling, how could they have attacked Jia Cheng? Jia Cheng went to Jinling only a few days ago, did he offend someone?"

After saying that, he hurriedly said to Fei Jianzhong, "Elder Fei, please ask Miss Kexin if she has offended anyone in Jinling these days, I believe that even if there is a Dark Realm expert, he would not strike at a junior for no reason, unless there is some kind of trouble or misunderstanding!"

Fei Jianzhong nodded and busily said, "I'll ask Kexin right now!"

.....

Meanwhile.

In the farmhouse by the roadside of National Highway 104 in Jinling, Fei Ke Xin still hadn't waited for news from Luo Jiacheng.

Luo Jiacheng's phone number still didn't work, and Chen Yingshan was leading the hackers and trying to figure out how to decipher the surrounding surveillance footage, so she hadn't returned any valuable clues either.

Ye Chen saw that Fei Ke Xin seemed a bit indecisive, so he asked her tentatively, "Miss Zhan, do you want me to accompany you to the police?"

Fei Kexin shook her head and said, "Mr. Luo has only been missing for less than half an hour, and he is a fully mobile adult, so I guess the police won't put a lot of effort into an adult who has only been missing for half an hour."

Ye Chen nodded slightly and sighed, "That makes sense, too, if you go and tell the police officers that a grown man has been missing for half an hour, I'm afraid you'll be treated as a brainwashed person who makes fun of the police officers"

Fei Ke Xin sighed and was about to speak when her phone suddenly received a text message from her grandfather.

She had just clicked on the text message when she heard Ye Chen actually say most of the text message, "Miss Zhan, did you offend someone?"

And the text message from grandpa read, "Ke Xin, did you offend someone in Jinling?"

Chapter 3804

Fei Ke Xin was completely baffled at this point.

She thought she hadn't offended anyone since she came to Jinling, and she hadn't revealed her identity to the public.

What's more, if Luo Jiacheng had really been killed or kidnapped, the other party's strength was so high that it was even beyond imagination, how could she have possibly messed with such a big shot.

At a certain moment, she looked up at Ye Chen and suddenly thought to herself, "Could this all be Ye Chen's doing?!"

However, when she saw Ye Chen's sincere face, she couldn't help but think in her heart, "How could it be Ye Chen First of all, not to mention that Ye Chen is really nice as a person, and he also has no motive to lay hands on me ah"

"What's more, he's so young, how could he be above Mr. Luo in terms of strength?"

"Moreover, he ate with me the whole time and only went out to answer a phone call, if he was able to solve Mr. Luo in the time it took to answer a phone call and didn't make any noise, wouldn't his strength be unbelievable?"

After thinking about it, Fei Ke Xin still took the initiative to completely rule out Ye Chen's suspicion.

Thus, she said to Ye Chen, "Mr. Ye, I'm new to this country and have always been a good boy, I really don't know who I've offended"

Ye Chen nodded and said seriously, "I guess so, how could a beautiful woman like Miss Zhan, who knows her books and manners, offend anyone."

Saying that, Ye Chen added: "By the way Miss Zhan, say could it be that this driver of yours has offended someone himself? Maybe he has enemies in Jinling, and this time he came to Jinling just to be bumped into by his enemies!"

Fei Ke Xin shook her head and said, "Mr. Luo has been serving our family for some years, and as far as I know, he hasn't been back to China for at least twenty years, so it's unlikely that he still has enemies in Jinling."

Ye Chen smacked his lips and said with a frown, "That's really strange"

After saying that, Ye Chen was busy saying, "Miss Zhan, I think this place seems a bit dangerous, why don't we go back first! It doesn't matter if you don't want to call the police now, go back to the hotel and think about other ways to find a little clue first, if there's no news tomorrow, I'll accompany you to the police!"

Fei Ke Xin also felt that it was not safe to stay here, so she looked at Ye Chen and said with a pleading face, "Mr. Ye, I don't have the car keys, so I can't drive, can you please take me back to the hotel?"

Without thinking, Ye Chen quickly agreed, "Of course not! Get in!"

With that, Ye Chen immediately pulled open the door of the passenger side of the BMW 530 and said to Fei Ke Xin, "Miss Fei, please!"

Fei Ke Xin said gratefully, "Thank you Mr. Ye!"

With that, she leaned down and sat in the car.

Ye Chen also hurriedly returned to the driver's seat, started the car, and quickly left the farmhouse, driving towards the city at a fast pace.

At this moment, the business car carrying Hong Wu and Luo Jiacheng had already stopped in the middle of nowhere on the outskirts of Jinling City, where there were no people and no surveillance cameras, so it was most suitable for doing something unseen.

As soon as the business car pulled over, a nondescript black Honda Accord pulled out of the woods next to it.

This car is very common in Jinling and has a large number of owners, so no one will give it a second glance wherever it goes.

When he saw the Accord coming, Hong Wu immediately pulled open the door and pulled Luo Jiacheng out of the business car with his own hands.

Afterwards, Hong Wu sat down in the back seat, lowered the window and said to the driver of the business car, "You few go on to Suhang, find a nightclub to have some fun, and then find a high-class bathing centre to take a bath and sleep."

The driver smiled and asked, "Master Five, are we going to have a meat bath or a vegetarian bath?"

Chapter 3805

Hong Wu grinned and cursed, "D*mn it! I don't care whether you wash meat or vegetarian, you can wash whatever the f*ck you like, and if you have any special fetishes, I don't care if you get a few men to wash with you."

As he said that, he took out his wallet from his pocket, and in the bulging wallet, there was not much cash, but all kinds of bank cards.

Interestingly, each of the bank cards had a series of numbers pasted on it with sticky notes, some were 10, others 20, 30 or even 50 or 100.

Hong Wu directly pulled out a bank card with the number 30 pushed on it and threw it through the window into the cab of the business car, speaking, "There's half a million in this card, the pa*sword is 5-0-0-0-0-0-0, you guys take it and spend it, the rest is divided equally."

Hong Wu always carried at least several million bank cards on his person, none of these cards were issued by him personally, but the pa*sword of each card corresponded to the amount of this card, for a card of three hundred thousand, the pa*sword was 3 and five zeros, for a card of five hundred thousand, the pa*sword was 5 and five zeros.

The reason why I brought so many such cards was to make it more convenient to give money, just throw a card over and settle it, more convenient than cash and safer than transferring money.

The little brother got the card and said excitedly, "Thank you, Master Five!"

Hong Wu instructed, "By the way, don't rush back tomorrow either, sleep solidly until you wake up naturally, then find a mall to shop and shop, and then drive back at night."

The little brother hurriedly said, "Don't worry, Master Five, I will definitely follow your orders!"

Hong Wu nodded and said to the driver of the Accord, "Go straight to the highway and return to the dog farm."

The driver hurriedly said, "Yes, Master Wu."

Then with a kick of the accelerator, the car immediately leapt out.

.....

As the traffic was much smoother at night, it only took Ye Chen about twenty minutes to deliver Fei Ke Xin to the Buckingham Palace Hotel.

The car stopped in the hotel lobby, and the porter who was serving was just about to go up and open the door when he saw that it was Ye Chen sitting inside and immediately said respectfully, "Greetings, Master Ye!"

Ye Chen nodded and said to the porter, "Tell your General Manager Chen to send more men to protect Miss Zhang Zhan's safety."

The porter hastily agreed and said, "Don't worry, I'll give feedback to General Manager Chen right away!"

Only then was Ye Chen satisfied, and said to Fei Ke Xin on the passenger side, "Miss Zhan, do you want me to take you in?"

Fei Kexin was busy saying, "Don't bother Mr. Ye, I'll just go up myself"

Ye Chen nodded and said comfortingly, "You don't have to worry too much about what just happened, I believe it's broad daylight and clear sky, that driver of yours couldn't have just lost it, maybe he'll be back tomorrow."

Fei Ke Xin felt that Ye Chen simply did not know the seriousness of the matter, and that was why he had this wonderful fantasy.

And in Fei Ke Xin's own opinion, the chances of Luo Jiacheng coming back on his own were almost nil!

Nevertheless, she said to Ye Chen with great gratitude, "Thank you Mr. Ye, then I'll lend you my good fortune!"

Ye Chen nodded and said, "Miss Zhan don't be polite to me, you are not familiar with the place, if you have any bad things to do, you must say hello to me, although I am not much of a local snake in Jinling, but at least I have some roots, I should be able to help you!"

Ye Chen's attitude gave great comfort to Fei Ke Xin, and relieved her panicked heart and nervousness.

She looked at Ye Chen and said from the bottom of her heart, "Mr. Ye, it's fortunate that you're here! I'm really grateful!"

Ye Chen waved his hand and said in the spirit of his face, "Miss Zhan, we are all friends, it would be too much to keep saying thank you!"

Chapter 3806 - Avnovel

Fei Ke Xin was lame by Ye Chen's attitude.

At this moment, she only felt that Ye Chen was simply a spring breeze on earth, and was very warm and sincere to herself.

Looking at Ye Chen's sincere eyes, Fei Ke Xin even began to feel guilty in her heart for having been deceiving Ye Chen.

At a certain moment, she had an urge in her heart to confess everything to Ye Chen.

However, when she thought of it, her grandfather was still waiting for the Spring Return Pill to renew his life, so she could only suppress this impulse, hard and fast.

She thought to herself, "If grandpa can win the Spring Return Pill at the auction, then I will definitely confess to Mr. Ye and pray for his forgiveness at the first opportunity"

And at this moment, Ye Chen saw Fei Kexin looking at herself in a daze, so he opened his mouth and asked, "Miss Zhan, what's wrong with you?"

Fei Kexin came back to her senses and hastily covered up, "Oh, nothing Mr. Ye, I'll go up first then"

"Good!" Ye Chen nodded and once again instructed, "Always remember to call me if you encounter any difficulties!"

"Okay!" Fei Ke Xin thanked again, before reluctantly getting out of the car.

After waving goodbye to Ye Chen and watching him drive away, Fei Ke Xin quickly rushed back to her presidential suite.

On her way to the presidential suite, she had already called Chen Yingshan and the others to inform them of the meeting in her room.

When she returned to her room, apart from Luo Jiacheng, all the members of her entourage were seated in the small conference room of the Presidential Suite.

Everyone's expressions carried a lingering look of tension and gravity.

As soon as Fei Ke Xin entered, they all hurriedly stood up and looked at her respectfully, shouting a respectful hello to Miss.

Fei Ke Xin nodded and asked straight to the point: "How are you doing with the things you were asked to investigate? Are there any clues?"

Chen Ying Shan said, "Miss, I had the hacker retrieve the road surveillance system of Jinling, but unfortunately, the power supply system of the surveillance system in the area where you were today had a problem, and their staff was working overnight to restore it, so there was no valuable surveillance video left."

Fei Ke Xin blurted out, "How could it be such a coincidence? It so happens that all the surveillance in that area is broken?"

Chen Ying Shan said helplessly, "We can't tell now whether this is a coincidence or whether someone did it deliberately."

Fei Ke Xin said with a black face, "It must be man-made! Otherwise it couldn't be such a coincidence!"

Chen Yinshan said, "Miss, it's hard for us to find any direct clues now, and since the other party is even more powerful than Mr. Luo, he definitely won't let us check him out easily"

Chen Ying Shan said, "Miss, what I am most worried about now is your personal safety, as Mr. Luo has disappeared, your safety can no longer be guaranteed, why don't you go back to America first, and we will stay here to continue our investigation."

"No!" Fei Ke Xin said out of the blue, "If I go back now, I will have come to Jinling for nothing! Not only have I come for nothing, I've even gotten Mr. Luo involved"

Chen Yinshan said worriedly, "Miss, if Mr. Luo is missing, the other party's real target is probably you! If that's the case, he'll definitely go after you next!"

Fei Ke Xin shook her head and said seriously, "If he wanted to make a move on me, I wouldn't be here right now."

Chen Ying Shan asked, "Miss, according to you, the other party is coming for Mr. Luo?"

Chapter 3807

Fei Ke Xin murmured, "It may not necessarily be directed at Mr. Luo, but I feel that I won't be in any danger anytime soon. I think that since the other party is so strong and has spared me, he probably sensed that Mr. Luo is not bad and thinks that he is a threat in Jinling, so he has gone after him"

Chen Ying Shan said in disbelief, "But this is too strange although Mr. Luo's strength is very strong, he has never struck in Jinling, and he is a bodyguard, not an assassin, and is not an active threat to others, so why would the other party strike at him?"

Fei Ke Xin pursed her lips and said, "That's what I'm trying to figure out now"

As she was saying that, her mobile phone suddenly rang.

The person calling was his grandfather, Fei Jianzhong.

Fei Ke Xin hurriedly picked up the phone and walked inside to the bedroom, only after arriving in the bedroom did he press the answer button and respectfully said, "Grandpa."

Fei Jianzhong asked in a very anxious tone, "Kexin, where are you now?"

Fei Kexin said, "I've already returned to the hotel."

Fei Jianzhong asked again, "Is there still no news from Jia Cheng?"

"No." Fei Kexin said, "Shanshan arranged for the hacking team to hack into the traffic surveillance, but there are no valuable clues either, it seems that the other party is prepared, not only is it very strong, but also has a strong sense of anti-surveillance."

Fei Jianzhong hurriedly said, "I have just communicated with Master Yuan, and what he means is that the other party's strength has probably reached the Dark Realm, not to mention Jia Cheng, even he is no match, so what Master Yuan means is that it is best for you to hurry back to avoid any danger!"

Fei Ke Xin refused, "Grandpa, I want to stay! I've managed to get closer to the owner of the Spring Return Pill in Jinling, so if I leave at this time, won't I be throwing away all my work?"

Fei Jianzhong sighed, "Then you can't risk your own safety either!"

Fei Ke Xin said, "Grandpa, if the other party is really a Dark Realm expert and has already set their eyes on me, it would be impossible for me to go back even if I wanted to, but since the other party hasn't made a move against me yet, it proves that the other party doesn't have any hostility towards me yet, or their hostility isn't strong yet. ."

If I leave now, the situation in Jinling will be like looking at flowers in a fog, and I won't be able to understand the reality of the situation. I can at least spy for you."

In fact, there was another layer of Fei Ke Xin's mind that she had not said.

That was, in her subconscious mind, she still wanted to have more contact with Ye Chen and understand him a little more.

Therefore, in her heart, she was ten thousand times reluctant to leave.

When Fei Jianzhong heard this, his heart sighed with emotion.

He did not expect that Fei Ke Xin would pay so much attention to his affairs, which indeed touched him a lot.

So, he thought for a moment and spoke, "Ke Xin, if you really want to remain in Jinling, I will let Master Yuan go over to protect your safety."

Fei Ke Xin said, "Grandpa, don't let Master Yuan come over! If the other party is really a Dark Realm expert, it is very likely that they are very hostile to all other martial artists who appear in Jinling, and if Mr. Luo suddenly appears here as a six-star martial artist, in the eyes of a Dark Realm expert, it would be like a fox entering a tiger's hunting range, so he would naturally be targeted. Moreover, the other party is so powerful, Master Yuan wouldn't have any chance of winning if he came, it would be better for me to stay here by myself and slowly look for clues, this way, I can also continue to draw closer to the owner of the Spring Return Pill, killing two birds with one stone."

Fei Jianzhong hesitated for a moment and said with a long sigh, "Ke Xin, then this matter, I'm counting on you! If there is anything that you need grandpa's help with, just say so!"

Chapter 3808

Ye Chen, who was in the opposite mood to Fei Kexin, was on his way home.

After bringing Luo Jiacheng under control, he felt much more relaxed. Since that Fei Kexin still wanted to continue hiding her identity, Ye Chen could also continue to play with her.

However, in order to find out Fei Ke Xin's background, he made another phone call to Wan Bajun, in which he asked him, "Bajun, do you have any details of that Fei Ke Xin?"

Wan Bajun said, "Mr. Ye, the information I have so far shows that Fei Kexin is the young lady of the Fei family in North America, and this Fei family is quite a powerful Chinese family in North America,

although its strength is not as strong as the An family, it is still stronger than the Li family in Hong Kong Island and the Su family in China.”

Saying that, Wan Bajun added: “The founder of the Fei family, the current family head is named Fei Jianzhong, a founding generation who stayed abroad to work in the world some years ago, but now he is over ninety years old, it is said that his health is not too good, and it is estimated that it is almost time to reach the end of his life.”

When Ye Chen heard this, it dawned on him and he thought to himself, “No wonder this Fei Ke Xin has been trying to get close to me and my family, here’s the reason”

He had seen Fei Jianzhong’s name on the registration list for the auction, and combined with this information that Wan Bajun had fed back, it was not difficult to surmise that Fei Jianzhong must have known that his time was running out, so he could not wait to get a Spring Return Pill, and he should have been worried that there would be an accident at the auction, so he sent Fei Ke Xin to the country in advance and looked for clues to the Spring Return Pill from other means, so that it would also serve as a double insurance.

After thinking about this, Ye Chen asked Wan Bajun, “What is the status of this Fei Kexin in the Fei family?”

Wan Bajun explained, “This Fei Ke Xin is the granddaughter of Fei Jianzhong, but she is the youngest among the grandchildren of the Fei family, among the brothers and sisters of the same generation as her, the oldest is already over fifty, while she is only in her early twenties, it is said that she is more favored in the Fei family, and is the most favored granddaughter of Elder Fei.”

Ye Chen asked him, “What is Fei Ke Xin’s father’s ranking in the Fei family’s son generation?”

Wan Bajun said, “Her father, like her, is also ranked the youngest in his generation.”

Ye Chen smiled faintly, “No wonder she worked so hard, her father’s generation must not have much status in the family, the old man is also relatively old and might pass away one day, so if she doesn’t work hard and gain more favours in front of the old man at this time, when the old man leaves, then she will be directly divided out.”

“Yes.” Wan Bajun sighed, “This is where all the big families are not immune, after the new family head takes office, he will definitely do a round of purging of his siblings, and when he gets old, such things will happen again to his children.”

Ye Chen said, “Right, and asked, “Broken Jun, is there any more detailed information about this Fei Ke Xin?”

Wan Bajun said, “Mr. Ye, there is not much information about Fei Ke Xin, her life history is mainly two parts, one is that from the age of six until last year, most of her energy was basically focused on her studies, she is considered a genius in studies, a school master, only 22 years old, and already got a doctorate degree at Stanford, the other is that she has been in contact with business management since she was a teenager. had business management, Fei Jianzhong had given her several projects with a market value of over 100 million dollars to practice, and it was said that the results were all very good.”

Ye Chen did not expect that Fei Ke Xin was a Stanford graduate.

Stanford was his mother's alma mater, so by calculation, this Fei Ke Xin and his mother were from the same school.

However, this did not make Ye Chen feel more favourable towards Fei Kexin. He did not like Fei Kexin's cleverness in this kind of mechanism, although he had some appreciation for it.

In Ye Chen's opinion, it would be best for her to back off because of tonight's incident and go back to the United States at dawn tomorrow, so as to save herself the trouble.

As for that Luo Jiacheng, of course he himself would not finish him off, the big deal would be to erase this part of his memory and find a chance to secretly send him to some country in Southeast Asia and let him find his own way back.

In this way, this matter would not have any direct connection with oneself.

Chapter 3809

In the meantime, Fei Ke Xin in the hotel, put a bathtub of hot water for herself, and after washing herself off, she soaked her body in the hot water, forcing herself to relax both physically and mentally, and then replayed in her mind all the things that had happened tonight.

The events of the evening, apart from shocking and frightening her, also felt vaguely bizarre to her.

She always wondered what kind of person could have targeted Luo Jiacheng with such precision.

Moreover, the other party had done it so crisply and without leaving any clues.

In her heart, she had also suspected Ye Chen.

But her mind would always be wrapped up in what Luo Jiacheng had said before.

She always felt that although Ye Chen was mysterious, he shouldn't be so powerful.

She recalled what her grandfather had said on the phone again, and Master Yuan speculated that the opponent Luo Jiacheng had encountered should be a Dark Realm expert.

An expert of the Ming Realm Grand Perfection Realm was unheard of, and a Dark Realm expert who was a large level higher than the Ming Realm as a whole was even more rare in the world.

This made Fei Ke Xin couldn't help but be impressed with Jin Ling, she subconsciously fiddled with the water in the bathtub with her hands while muttering, "I really can't imagine that a city that can only rank tenth in China can hide a Dark Realm expert and this city has, in addition to a Dark Realm expert A Master Ye who can take out the Spring Return Pill Little Jinling, there really are crouching tigers hiding dragons"

Thinking of this, a thought suddenly flashed in Fei Ke Xin's mind.

She frowned and chanted softly, "The matter that Ye Chen has the Spring Return Pill, through the various clues obtained, basically it can already be confirmed, this kind of pill can not only bring people back to life, but also make people twenty years younger, if it really has such an effect, then it proves that this pill itself, has a very powerful energy... .."

“Mr. Luo said that the reason why martial artists can have physical qualities that far exceed those of ordinary people is because they have mastered an energy that ordinary people can’t, true qi!”

“And the energy contained in Ye Chen’s Spring Return Pill, no matter what, can’t be worse than the true qi of a martial artist, right? After all, there are many martial artists in this world, but the Spring Return Pill, however, is only available to Ye Chen!”

“Although the energy of the Spring Return Pill and the true qi of a martial artist may not be the same thing, and it is difficult to compare who is better and who is worse, in terms of rarity, the energy of the Spring Return Pill is much rarer and more precious than the true qi of a martial artist!”

“Hiring a six-star martial artist is only tens of millions to at most 100 million dollars a year, but to buy a rejuvenation elixir, it costs at least tens of billions of dollars, from here it can also be seen that the energy of the rejuvenation elixir is worth more.”

“If that’s the case then why does Ye Chen not have any strength himself when he holds energy that is worth more? Isn’t this a bit strange?”

Fei Ke Xin remembered that Luo Jiacheng had told her that for martial artists, an inch of realm is an inch of strength, and those with a high cultivation level could see through at a glance exactly what level someone with a lower cultivation level than themselves was at, so he could tell that Ye Chen did not have any cultivation level on him, and could even say that he was not a martial artist at all.

At first, Fei Ke Xin had not doubted this statement, after all, there were specialties in the art, and since Ye Chen was a feng shui master, it would be difficult for him to have any achievements in the path of martial arts.

However, when one looks back and analyses the matter now, one feels that there is a bug in the logic, that is, a hole in the logic, and this hole is that since Ye Chen has mastered a powerful energy-containing elixir like the Spring Return Pill, how could he not have any cultivation in his body?

This is just as strange as a person who has a mountain of gold at home but no money in his bank account!

Chapter 3810

As she continued to follow this line of thought, Fei Ke Xin became more and more alarmed.

She sat up from the bathtub all of a sudden, panicking and exclaiming in a low voice, “Mr. Luo is a six-star martial artist, if he can’t see any cultivation on Ye Chen, then only two possibilities exist, either Ye Chen doesn’t have any cultivation at all, or he must be above a six-star martial artist!”

“Moreover, if it’s above a six-star martial artist, then it may not be a seven-star martial artist, but rather above the top!”

“If Mr. Luo was really killed or controlled by him, then his cultivation level is, as Master Yuan said, already at the Dark Realm!”

“And! He also chose the place for today’s meal, deliberately choosing such a remote place, was it really just to give me a taste of the local specialties?”

“Coincidentally, the only thing that went wrong with the CCTV footage around the place he chose was that he didn’t find any valuable clues!”

“Moreover, Ye Chen wasn’t with me the whole time we were eating, he went out to take a phone call in between! If he was a Dark Realm expert, then the time he spent answering the phone would have been enough for him to make a move on Mr. Luo!”

Thinking of this, Fei Ke Xin felt her heart suddenly beat more than twice as fast, the intensity of her heartbeat even shook her chest with a sharp pain!

In her heart, she knew very well that if her guess was right, then it would prove that everything Ye Chen had shown in front of her was all a show, or even a deliberate attempt to confuse herself.

Fei Ke Xin was instantly flustered.

There was only one possibility for Ye Chen to act in front of himself, and that was that he had recognized himself and knew his true motives, so he wanted to give himself a trick.

Fei Ke Xin also knew that if she was really recognized by Ye Chen, it would prove that her mission to come to Jinling this time was a complete failure.

Moreover, not only would her plan to find the Spring Return Pill fail, but even if Ye Chen knew her true identity, it would probably implicate her grandfather’s plan to attend the auction normally.

If that was the case, wouldn’t she become a sinner in grandpa’s eyes?

Thinking of this, Fei Ke Xin was as anxious as an ant on a hot pot.

Her greatest fear now was that Ye Chen would not only detect her motives, but also find out her identity as Fei Ke Xin.

If that was the case, she would be completely powerless.

If Ye Chen only detected her motive but did not discover her true identity, then there was still a silver lining to the matter.

After all, she and her grandfather had originally planned to adopt a double insurance approach; even if this path of her own was blocked, at least it would not affect her grandfather’s ability to come to the auction normally.

As long as Ye Chen did not know her true identity, she would be able to isolate the risk by not following her grandfather to the auction at that time.

As soon as the call was answered, she hurriedly said, “Grandpa, I am at risk of being exposed, so from now on, until the end of the auction, I will not contact you again, and you do not need to contact me. I won’t be attending this time.”

Fei Jianzhong was shocked and asked, “What’s going on? Did something unexpected happen again?”

“No.” Fei Ke Xin said truthfully, “I am afraid that I have been exposed in front of the owner of the Spring Return Pill, and I now suspect that he is behind Mr. Luo’s disappearance, in which case I have probably

offended him, and if he finds out about my relationship with you, I am afraid that it will affect your participation in the auction.”
