

## Ye Chen 3811

### Chapter 3811

Fei Jianzhong said offhandedly, "Are you sure? Could that person have the strength of the Dark Realm?!"

Fei Ke Xin said, "I don't have any direct evidence, but analyzing it down, he is the most likely, so I think it is better to be cautious and not to influence your bid for the Spring Return Pill no matter what."

After thinking about it, Fei Jianzhong said, "Kexin, I think you should come back as soon as possible, since you should have the risk and possibility of being exposed, there is no real point in remaining in Jinling, rather it will add to the risk."

After saying that, Fei Jianzhong added, "You come back first, when the auction comes, I will ask Master Yuan to accompany me there, then we will go to Jinling to attend the auction openly and honestly, moreover, I am afraid that other people attending the auction will also bring some martial arts experts as their attendants, even if he is powerful, he cannot make a move on these attendants, right?"

Fei Ke Xin said, "If the mastermind behind the auction is really him, he certainly won't make a move on the people attending the auction, that would be like smashing his own signboard, why don't you let Master Yuan accompany you over then."

Fei Jianzhong asked, "What about you? When will you be back?"

Fei Ke Xin thought for a moment and said, "I'd rather not go back first."

Fei Jianzhong asked, "Kexin, what are you doing there now? It's very dangerous!"

Fei Ke Xin explained, "Grandpa, from what I have learned about this man in the past few days, he is an extremely low-key person, so he will definitely not appear in person at this auction. waste a good opportunity for nothing!"

Fei Jianzhong persuaded, "Ke Xin, the other party has probably figured you out by now, what good chance can you have if you continue to stay there?"

Fei Ke Xin said seriously, "Grandpa, the fact that he didn't make a move against me proves that he doesn't hate me that much in his heart, maybe he just wants to let me know through this matter, so I don't think I will be in any danger."

Speaking here, Fei Ke Xin gave a slight beat and continued, "I think he is at most a little discontent or a little disgusted with me right now, as long as I can make him less discontent and disgusted with me through my way in the next few hours, then I still have a chance in this line."

Immediately afterwards, Fei Kexin said in a sincere tone, "Grandpa, just leave me alone and let me run the show myself!"

Fei Ke Xin was not trying to be a hero.

After carefully analysing the many elements involved, she came to the conclusion that it was unlikely that Ye Chen would make a move against herself.

In her mind, she thought, "If Ye Chen had really reached the strength of the Dark Realm and really wanted my life, then he wouldn't have had to go to all this trouble at all, and would have just made a move on me to solve the problem once and for all."

"But since he didn't do that, and he chose to play along with me, and even took me to the suburbs for dinner without too much trouble, and even didn't flip out with me after settling for Mr. Luo, it proves that he really didn't want to do anything to me!"

"Perhaps, he just wanted me to be sensible and go away on my own."

Thinking about this, a strong desire for victory and defeat also unconsciously welled up in Fei Ke Xin's heart.

The more Ye Chen wanted her to go, the more she didn't want to go!

What's more, right now was the last chance to show herself in front of grandpa, if she didn't seize it this time, there would be absolutely no turning back for her family in the future!

So, she cheered herself up in her heart: "People say that wealth is a great advantage, this time I must seize the opportunity!"

## **Chapter 3812**

When Fei Ke Xin wrapped her beautiful body in a bathrobe and walked out of the bathroom, she immediately called her assistant Chen Ying Shan and ordered, "Shan Shan, come to my room for a moment."

Chen Yinshan immediately replied respectfully, "Miss, wait a moment, I'm coming over."

A few moments later, Fei Ke Xin heard the sound of the doorbell coming from the door.

So she got up and opened the door.

As soon as Chen Ying Shan entered, she respectfully asked, "Miss, what are your orders for me?"

Fei Ke Xin's face no longer had the nervousness and worry she had felt earlier, she let Chen Ying Shan sit down on the sofa and asked her in an unhurried manner, "Shan Shan, how did you go with Xiao Churan today?"

Chen Ying Shan was busy saying, "The contract has been signed, Ms. Xiao insisted on not charging the design fee and wanted to transfer the five million design fee to the cost of decoration, and said that if not, then she would not take this order, I couldn't convince her, so I agreed."

Fei Ke Xin couldn't help but frown and asked in surprise, "Why did she refuse the design fee? 5 million is not a small amount, as far as I know, she shouldn't have much money."

Chen Yinshan explained, "Ms. Xiao means that she feels that she is far from being a senior designer, so she feels very grateful that you have chosen her for this project, and she also hopes that through this project, she will be able to participate in the domestic interior design competition."

After a pause, Chen Ying Shan added: "To put it bluntly, Ms Xiao wants to make this villa of yours, a classic example of her personal experience in interior design, which is why she turned down the five million design fee."

Fei Ke Xin nodded and smiled, "It seems that this Xiao Churan is still very career-minded, she definitely wants to be in the interior design field and make some visibility."

"Right." Chen Ying Shan also agreed and said, "The biggest feeling I got from my contact with Ms Xiao is that this woman is very simple-minded, not too good at hiding things, and does want to run her career a little better."

Fei Ke Xin nodded slightly and said, "How about this, first thing tomorrow morning you go to her company and say that I want to see her and hope to have a chat with her face to face about my design needs for this house."

Chen Yinshan said, "Miss, if you want to see her tomorrow, wouldn't it be quicker for me to make an appointment with her directly and ask her to come here to see you in the morning?"

"No." If you tell her now, then Ye Chen will know. I don't want Ye Chen to know about this, at least not before Xiao Churan comes, so you can go directly to Xiao Churan's company tomorrow and talk to her about the construction cycle first, then I will call you and make an impromptu appointment for her to meet. Probably she won't tell Ye Chen, and you'll also be able to follow her around all the time to see if she's in contact with Ye Chen."

Only then did Chen Yinshan suddenly realize, and hurriedly said, "Okay Miss, then I will go to her company directly tomorrow!"

"Mm!" Fei Ke Xin nodded and said, "Shan Shan, I have one more thing that I need you to work hard and overtime to finish tonight."

Chen Ying Shan said, "Miss, just give me an order for anything else."

Fei Ke Xin said, "When you go back to your room, ask someone in the US to look up the best living interior designers in the world, and I want a list of the top 20 designers in the world. Pay particular attention to the list of female designers!"

Chen Ying Shan was slightly stunned, and then immediately understood Fei Ke Xin's motive, and hastily asked, "Miss, do you want to prepare in advance for tomorrow's meeting with Ms. Xiao, and have something in common with her?"

### **Chapter 3813**

"More than that." Fei Ke Xin said seriously, "After you pull out the Top20 list, then ask the PR team in the United States to confirm the appearance fees of these 20 people for me. What!"

Chen Ying Shan said without hesitation, "Don't worry Miss, I will do it even if I work overtime tonight!"

Fei Ke Xin nodded and instructed, "First, prepare the list and send me the information, I want to get familiar with it in advance."

Chen Yinshan said respectfully, "Yes, Miss, I will prepare it and send it to you as soon as possible, do you have any other orders?"

Fei Ke Xin waved her hand and said, "Nothing else, you go and get busy!"

Although Fei Ke Xin was not a central figure in the Fei family, she was not a small authority in the Fei family because of the blessing of the old master.

She had the power to deploy all the various information channels of the Fei family, and if she wanted any information, the information channels of the Fei family would definitely serve her as a priority.

Therefore, Chen Ying Shan quickly sent Fei Kexin a list of the 20 most recognised and top interior designers in the world, as well as the details of each of them.

Fei read the list word for word on her tablet for hours, until 4.30am, when she finally finished reading it, set an alarm for 8am and went to sleep.

At 8am, Fei Ke Xin got up and immediately checked with Chen Ying Shan.

Xiao Churan's company works at 8am, so Chen Yingshan was ready to go out.

Fei Ke Xin also simply ate some of the breakfast that was sent to her room, and then started to wash and put on makeup, putting on delicate make-up for herself and changing into a beige seven-part sleeve blouse with a mid-length hip skirt in the same colour.

This outfit was not ostentatious, but because Fei Kexin's figure and temperament were excellent, it gave people a noble and competent visual effect.

At this moment, Xiao Churan had just arrived at her company and sat down in her office.

Just after she arrived at the office, she immediately turned on her computer and continued the work she had not finished last night.

What she had to do now was to draw out the structure and specific parameters of Fei Kexin's house in the drawing software, and at the same time to confirm where the building design could be demolished and where it could not be touched.

Only after this could she begin to produce the first version of the sketches.

Of course, before making the sketches, she had one more important thing to do, and that was to meet with the client to discuss the design requirements.

In Xiao Churan's opinion, the greatest professionalism of a designer is not to design a magnificent or whimsical space, but to respect the needs of the client.

It's like the case of a grandfather living in the countryside who asked a designer to design and build a two-storey house with millions of dollars, but the designer wanted to make the grandfather's house, which was already in the countryside, more purely rural.

Even if a designer wants to use a project to highlight his strengths again, it must be based on absolute respect for the needs of the party, otherwise, it becomes using someone else's house and someone

else's money to fulfil his own preferences and ambitions, which will definitely be despised in this industry.

Therefore, Xiao Churan felt that she had to meet with that Miss Zhan to understand her design needs before she made the design draft.

Just then, a young female designer from her company knocked on her office door and spoke, "Sister Churan, Miss Chen from the A party of the Shui Yun Villa project is here and says she is looking for you for something."

Xiao Churan said, "Quickly invite her in!"

### **Chapter 3814**

Soon after, Chen Yingshan arrived at Xiao Churan's office, led by the female designer.

Xiao Churan also got up and walked out from behind his desk to greet him, smiling, "Why are you here so early, Miss Chen?"

Chen Yingshan smiled and said, "Mr. Xiao, I came here to confirm our construction period with you, our lady wants to know how long it will take for us to move in after the whole renovation."

Xiao Churan said with some difficulty, "Miss Chen, this project is still in the communication stage, I don't know how many times we need to find a balance in the communication, and I don't know how many versions of the design sketch are needed to satisfy your Miss Zhan, so I can't give you an exact time frame yet."

Xiao Churan added, "However, I think this matter is divided into two steps, the first step is that we need to remove the original decoration first, this will be faster, the house situation I also understand better, I estimate that in the fastest case, all the interior soft and hard decoration can be removed in a week."

"If we can finalise the design as soon as possible, the subsequent construction time is also better controlled."

Chen Yinshan then followed her words and asked, "Mr. Xiao, if the design is finalised, then how long will it take from the day the design is finalised to the end of construction?"

Xiao Churan said with some difficulty, "To be honest, Miss Chen, I can't guarantee you this now because we don't know how difficult the finalised design will be to construct, and if the construction is very difficult, then the construction period will definitely be longer."

"I have done interior design for some clients before, and some of them will specify a certain material from a certain country, for example, if someone likes natural marble imported from Italy, the stone has to be booked at least half a year in advance so as not to delay the decoration, and if the soft furnishings are imported furniture, the same applies. It's the same thing if you choose imported furniture for the soft furnishings."

"There are so many factors that can influence the construction time that it is impossible to give you an accurate time right away, and for a villa of this size, some people can finish it within a year, while others need five years to finish it, and the span is very large."

When Chen Yinshan heard this, she said with a smile, "It seems that this renovation is indeed a very troublesome matter, and I see that you do seem to have to hurry up and meet with our lady, because I am not quite sure what specific needs our lady has, this will have to be a good chat between you and her face to face."

"Right!" Xiao Churan also nodded in agreement and said, "I was just thinking about this, it would be best if I could meet your lady as soon as possible to understand her needs in person, so that I can prepare the first version of the design sketches."

Chen Ying Shan was relieved.

She was still thinking about how she could talk to Xiao Churan without showing her face, but in a natural way, about asking her to meet with her.

Unexpectedly, after a few words, Xiao Churan had taken the initiative to make this request.

In this way, she was able to make use of the slope to get down.

So, she hurriedly said, "In that case, then Mr. Xiao, please wait for a moment, I will call our lady now and see what her schedule is."

Xiao Churan was busy saying, "No problem!"

Chen Ying Shan immediately took out her mobile phone and called Fei Ke Xin.

Fei Ke Xin was waiting for her message in her room, so when the call came, she quickly picked up and asked in a pretentious manner, "Shan Shan, what's up?"

She said she wanted to meet with you as soon as possible to talk about your design needs so that she could give you a sketch of the design.

Fei Kexin said casually, "I don't have any plans for the morning, so why don't you bring Mr. Xiao over now?"

## **Chapter 3815**

Chen Ying Shan then said, "Alright then, wait a moment, I'll ask Mr. Xiao."

After saying that, Chen Ying Shan looked up at Xiao Churan and asked, "Mr. Xiao, our lady said she has time now, and she is staying at the Buckingham Palace Hotel, which is not far from here, so if you don't have anything to do, we can go there now."

Xiao Churan said without thinking, "I have no problem with that, let's just go straight there."

"OK!" Chen Ying Shan smiled, "It just so happens that I'm driving here, why don't Mr. Xiao take my car?"

"Good!" Xiao Churan agreed readily, then immediately picked up a notepad from the desk, and put her tablet computer into her bag together, and followed Chen Ying Shan out of the company.

Because before taking this order, Xiao Churan had already consulted Ye Chen, so after she took this order, she did not need to report everything to Ye Chen.

This was especially so as meeting with the party was a common occurrence in the decoration field, and it was only natural that she would have to deal with the party all the time, so Xiao Churan did not think much of it.

Chen Yingshan drove Xiao Churan to Buckingham Palace, looking for various topics to chat with her on the way, and at the same time, she was constantly watching her to see if she was contacting anyone on her mobile phone or sending text messages.

However, Xiao Churan was not a person who had to hold her mobile phone every day, plus she had Chen Yinshan to talk to on the way, so she kept her mobile phone in her bag and never took it out from the beginning to the end.

This put Chen Yingshan's mind at ease.

When the car arrived at Buckingham Palace, Chen Ying Shan took Xiao Churan to the presidential suite where Fei Ke Xin was staying.

This was the first time that Xiao Churan met Fei Ke Xin.

At first glance, Xiao Churan was shocked by the natural and powerful aura of the other party.

Fei Ke Xin's appearance was naturally impeccable, but what amazed Xiao Churan even more was that she had an omnipresent sense of dignity about her.

This feeling seemed to be quite a lie, but when she really came face to face with such a person, the thought would unconsciously sprout in her heart that this person must have come from a very distinguished background.

Similarly, Fei Ke Xin also felt that there was a big difference between Xiao Churan and her usual friends of the same sex that she had come into contact with.

Fei Kexin's usual social circle was mostly top celebrities, and everyone was similar in terms of family and education, so when they got along, they had long had an atmosphere and feeling unique to the high circles, and when they were thrown into a sea of tens of thousands of people, they were still able to accurately judge the taste of their kind.

However, she could not see from Xiao Churan's body the kind of aura that the top elite cla\*s should have.

Moreover, Fei Ke Xin found that Xiao Churan was actually nervous in front of herself, which was visible to the naked eye.

At this moment, Xiao Churan was indeed a little nervous.

From the moment she knew that she was going to receive Fei Ke Xin's villa for a \$50 million renovation, she always felt that with her ability and popularity, she should not be able to correspond to such a large renovation project at all.

Although she eventually took the project on, deep down, she still had a feeling that she had climbed too high.

Now that she was meeting the golden master, there was naturally an uncontrollable nervousness within her.

Fei Ke Xin took in her involuntary micro-expressions and took the initiative to extend her hand, saying with a smile, "Hello, Mr Xiao, I've heard a lot about you!"

### **Chapter 3816**

Fei Ke Xin suddenly took the initiative to greet her, which immediately made Xiao Churan somewhat flattered.

She hurriedly said humbly, "Miss Zhan you are really too polite, I am just an ordinary person, how can I have any fame to speak of ....."

Fei Ke Xin laughed, "I always hear Shan Shan talk about you, she speaks very highly of you."

Saying that, she hurriedly greeted Xiao Churan to the meeting area and said with a smile, "Ms. Xiao, let's just sit down and talk."

"Good." Xiao Churan nodded and followed Fei Ke Xin to the meeting area to sit down.

As soon as she sat down, Fei Ke Xin casually ordered Chen Ying Shan, "Shan Shan, go and prepare two cups of coffee."

After saying this, she asked Xiao Churan, "What kind of coffee would Ms. Xiao like to drink? I only have a capsule coffee machine here, so please don't be offended if I'm a bit slow."

Xiao Churan hurriedly waved her hand and said, "Ms. Zhan, you don't have to go to such trouble, I don't drink anything ....."

Fei Ke Xin nodded slightly, then smiled and said to Chen Ying Shan, "Shan Shan, go and prepare two lattes, and by the way, pour Ms. Xiao a cup of warm water."

Xiao Churan wanted to politely decline, but Fei Kexin didn't wait for her to say anything, so she went straight to the point and said, "Ms. Xiao, Shanshan said you wanted to talk to me about your design needs, and I've been thinking about meeting you, so let's get right to it!"

Xiao Churan had to nod her head and said, "Okay Ms. Zhan, you wait a moment."

With that, she took out her notepad and neutral pen and asked Fei Ke Xin, "Miss Zhan, do you have any personal preference for the overall design of this villa?"

Fei Kexin pondered for a moment and smiled, "I don't really have any ideas about this, and would prefer to hear Ms. Xiao's opinions and suggestions."

Xiao Churan nodded and said, "Ms. Zhan, I have thought carefully over the past two days, the area of your villa is relatively large and your personal budget is very sufficient, so I personally suggest adopting the most popular extravagant style in Europe and America these years. The style is more towards Kylie Wiest."

"Kerri Vest?" Fei Ke Xin raised her eyebrows and smiled, curiously enquiring, "Ms Xiao is more partial to the design style of Kerri Vest?"

Xiao Churan said with an adoring face, "I'm not going to lie to you Miss Zhan, Kerri West is my personal favourite designer, bar none, I've been following her design works since ten years ago, every design scheme is ingenious and astonishing!"

Fekosin smiled and nodded, until last night, she had no idea what Kerri Vest did.

But, after last night's badgering, she was impressed by the name Kellie Vest.

Because, this Kylie Vest, is now recognised all over the world, the world's top female designer, known as the Queen of Design, this person is best at designing interior spaces, has taken on several design projects all over the world that are perfect, and has always been the darling of the fashion world.

She is the top stream in the field of interior design today, as long as her design works, will definitely become the world famous pop-up, but also become the object of thousands of fans, a number of high-end luxury hotels around the world because of the use of her design, business is so good that a room is hard to find all year round.

Because she had done her homework in advance, Fei Ke Xin only said with a smile, "I really didn't expect Ms Xiao to be so fond of Kerri West, I wonder if Ms Xiao has any personal acquaintance with her?"

Xiao Churan said awkwardly, "Ms. Zhan is joking, Ms. Vest is the most admired idol of female designers worldwide, I am just a student in this field, how can I have any chance to cross paths with her ..... I'm just an avid fan of hers ....."

Fei Ke Xin winked at Xiao Churan and said, "Ms. Xiao, to be honest, I am very close to Kelly West personally, if you want to get to know her, I can help you make a connection."

### **Chapter 3817**

"What?!" Xiao Churan's entire body was dumbfounded when she heard this and exclaimed, "Ms. Zhan, you ..... You are not joking with me, right? You ..... You really know Kerri West? The one who is known as Interior Design One, Kerri West?"

Fei Ke Xin laughed, "How could I joke with you like that, I do have a good personal relationship with her, and I just extended an invitation to her two days ago to come to China sometime to see and play."

Xiao Churan suddenly became excited and hastily inquired, "Miss Zhan, then Ms Wester she ..... has she agreed?"

"Yes." Fei Ke Xin said with a smile, "She is already coordinating the time and said she will come over as soon as possible, it just so happens that she has not been to China yet and is very interested in it."

Xiao Churan asked her with a wistful expression, "Miss Zhan ..... I have an unrequited request, I don't know if you can win ....."

Fei Kexin looked at her and smiled, "Ms. Xiao, do you want to meet with Kerry?"

"Yes!" Xiao Churan didn't expect that Fei Kexin had instantly said what she wanted in her heart, and asked excitedly and apprehensively, "Ms. Fei, is it possible?"

“Of course!” Fei Ke Xin agreed without hesitation and smiled, “It just so happens that I am not too familiar with Jinling, and after she comes, I am afraid that I will not be able to do the job of a guide, not to mention her, I myself desperately need a guide to show me more about the customs and people of Jinling, so if Ms. Xiao is willing, the three of us can move together regularly at that time. ”

When Xiao Churan heard this, her whole body was already excited to the point of trembling a little.

This was still different from the mentality of going to see Gu Qiuyi’s concert; she liked Gu Qiuyi more based on her musical works and liked her from an appreciation point of view.

But she likes Kerri West based on her extreme admiration for her in the professional field.

So, deep down, she was more excited to meet Kylie West than she was to see Gu Qiuyi in concert, and she was looking forward to it.

So, almost without thinking, she asked out of the blue, “Miss Zhan ..... Is it true that I can be a guide for you and Ms. Vester?!”

Fei Ke Xin said with a serious face, “Being a guide is secondary, being a friend is the most important thing.”

When Xiao Churan heard this, she was even more excited to the point of being unable to attach, and her heart was overflowing with gratitude to Fei Ke Xin.

However, she suddenly thought of a question and could not help but ask Fei Ke Xin, “Miss Zhan, since you know Ms Vester and have such a good personal relationship with her, why did you choose me to do the decoration design for your villa? I’m afraid I can’t even do my job in front of her. ....”

Fei Ke Xin shook her head solemnly and said, “Ms. Xiao, you must not be so presumptuous, Kaili naturally has her strong points, but it does not mean that you are inferior to her in every aspect.”

As she said that, Fei Ke Xin added, “In fact, just now, after listening to your general advice on a direction, I wanted to tell you about a situation that I had overlooked before and did not give you feedback in time, and you happened to mention Kaili, so the topic was diverted.”

Xiao Churan was busy asking, “What was the situation?”

Fei Ke Xin said, “The reason why I bought this house is not mainly for my own residence, but for my grandfather to live more conveniently when he will come back to Jinling to retire.”

Saying that, she added, “Therefore, the decoration of the house, definitely cannot adopt the very fashionable style of Kaili, which the old man will definitely not be able to accept.”

“And as you know, the older an old Chinese like my grandfather is, the more nostalgic and obsessed he is with his homeland and traditional Chinese culture, so I would prefer that the villa be decorated with more of our unique Chinese style.”

“It would be even better if it could incorporate some of the local style and characteristics of Jinling.”

“And this demand of mine cannot be met by Kairi in any way.”

**Chapter 3818**

Only when she heard Fei Ke Xin's words did Xiao Churan finally come to a realization.

She had never met Fei Ke Xin before and had only spoken to her assistant Chen Yinshan about the renovation of the house, so she did not know what Fei Ke Xin's intention was in buying this villa.

But now that she had heard Fei Ke Xin say this, she immediately understood it in her heart.

The Western modernist style is all about mixing and matching various materials, but our Chinese style pays most attention to woodwork, like my father who is particularly obsessed with old Chinese furniture."

"Right!" Fei Ke Xin also seemed to have found a soulmate at once and said off the cuff, "My grandfather was the same! Loves rosewood, loves mahogany, loves huanghuali and incense, and is particularly fond of traditional Chinese literary objects; it seems that what's in the bones of Chinese people can never be forgotten anywhere."

"Yes." Xiao Churan nodded very seriously, and then sighed, "Before, I thought that this villa of yours was mainly for owner-occupation, so the rough scheme I had in mind was basically a more modern and younger style, but now I basically understand your needs, and this villa of yours, if it is all decorated in Chinese style, should also be very atmospheric! And Chinese decoration is simple and atmospheric but at the same time understated and calm, which the elderly will definitely like."

Fei Ke Xin said approvingly, "That's right, simple and atmospheric, understated and calm, that's what I want for the villa design, and Ms Xiao's summary is really too precise."

She said, smiling slightly, "You see, only local designers in China can understand such requirements and put them into practice, foreign designers can't even understand them, so it's definitely not feasible for them to handle the design. style, then I'm really going to be scolded by my grandfather!"

Xiao Churan nodded and said, "Don't worry, Miss Zhan, I will do my best to give you a set of sketches according to the Chinese style, when the time comes, you can see if the general direction and style can satisfy you, if so, I will continue to deepen it, if not, I will modify it as soon as possible."

"Good!" Fei Ke Xin nodded without hesitation and smiled, "Shan Shan has shown me some of Ms. Xiao's designs, which I personally admire, so I also believe that Ms. Xiao's strength will not let me down!"

Xiao Churan said awkwardly, "My design works, are mostly some very small projects, they really can't make it to the stage with you ....."

Fei Kexin said seriously, "As the saying goes, you can see the big with the small, small projects are also very important, so I believe in you."

Saying that, Fei Ke Xin raised an eyebrow at her again and said with a big smile, "By the way Ms. Xiao, if you really like Kaili, when she comes, make sure to seize the opportunity to ask her for more advice on the design style she is good at, it will definitely help you a lot."

"Yes!" As soon as Fei Ke Xin mentioned Kerri West, Xiao Churan's mood surged up again.

She then asked Fei Kexin with some impatience, "Miss Fei, at the risk of asking, when do you plan to invite Ms. Vester to Jinling?"

Fei Ke Xin smiled, "Then of course the sooner the better."

After saying that, she looked at Chen Ying Shan and said, "Shan Shan, I still have to entertain Ms. Xiao, so please call Kelly for me first and ask her to come over as soon as possible if she has time."

Chen Yinshan was already impressed with her own young lady's free play of the sky.

No one knew the real situation better than she did; in fact, before last night, Fei Kexin didn't even know the person of Kerri West at all.

However, just because she had studied her homework in advance last night, Fei Ke Xin was now talking to Xiao Churan about Kerri West with complete ease.

It was a good thing that she had already asked the Fei family's PR department to contact Kerri Vest in advance yesterday, and Kerri Vest had done interior design for many of the world's rich and famous, and was considered the royal designer of the top tycoons, so she herself was very fond of making friends with the powerful.

### **Chapter 3819**

Moreover, the level of the Fei family is completely different from those rich people whose names can be found on the Forbes list. Ordinary people in the outside world have no way of knowing about top families like this, and only those who can reach a certain segment know about the existence of a behemoth like the Fei family.

When Kerri West learnt that the Fei family's eldest lady was interested in befriending her, she naturally agreed to do so without hesitation and had given her word last night that as long as Fei Kexin needed her, she would drop everything she was doing and fly over to see her immediately if she said the word.

This, then, is where the money comes in.

It's like those celebrities that ordinary people can only dream of meeting. It's possible that a certain netizen will pay a few million for an appearance, and the star will fly over to celebrate the netizen's birthday and sing for her.

This, too, is where the money comes in.

So Chen Ying Shan immediately went back to her room and made a phone call to Kerri West.

As soon as the call came through, she spoke straight away, "Hello Miss Vester, this is Chen Ying Shan, Miss Fei's assistant."

As soon as she heard this, Kelly West said respectfully, "Hello, Miss Chen! May I ask what is Miss Fei's order?"

Chen Yinshan said, "Our lady would like to invite you to come to China, what time is convenient for you?"

Kerry West said without hesitation, "I'm available anytime, it's no problem for me to leave now!"

Chen Ying Shan then said, "Then how about this, you leave in twelve hours and arrive in Jinling this time tomorrow, what do you think?"

“No problem!” Kerry West said without thinking, “Please tell Miss Fei that I will make preparations and arrive in Jinling in 24 hours!”

Chen Ying Shan instructed again, “Our lady needs to cooperate, in front of other people, you must pretend that you have known her for a long time and have a good personal relationship with her, this you must remember well, don’t make a mess.”

“Please don’t worry!” Kylie West said firmly, “Miss Chen just needs to tell me exactly what all I need to remember, and also if I have to pretend that I have known Miss Fei for a long time, then is it necessary to make up a little story, if you have a tableau already made up there, Miss Chen, please send me a copy of it, so I can get familiar with it in advance.”

Chen Ying Shan then said, “Don’t worry about this, I will write the text as soon as possible and send it to you by email, you can get familiar with it during the twelve hours you fly to China!”

“No problem!” Kerri West said immediately, “I will send my email address to Miss Chen later, please give me a reply when you receive it.”

“Okay!”

Soon after, Kelly West sent an email address to Chen Ying Shan, who replied with an ok and immediately returned to Fei Ke Xin’s presidential suite.

Once she entered the living room, she smiled and said to Fei Ke Xin, “Miss, I have already communicated with Ms. Vester, she was in a very happy mood when she heard that you had invited him to China, and she also said that she would come over at the soonest possible time, and she expected to arrive in Jinling at this time tomorrow.”

Xiao Churan’s entire body had been dumbfounded when she heard this!

She did not expect that Kelly West, as the number one sister in the entire interior design field, would directly decide to come to Jinling at a single phone call from Fei Kexin’s a\*sistant, which indeed made her somewhat unbelievable.

After all, Kerri West was Xiao Churan’s biggest idol, and Xiao Churan had never thought that she would have the chance to meet her.

However, Fei Ke Xin’s a\*sistant made one phone call and her own dream was about to come true!

## **Chapter 3820**

When Xiao Churan left from Buckingham Palace, her mind was still buzzing.

She really could not believe that this Miss Zhan was so capable, that with a single phone call, she had asked her idol to Jinling, and had invited herself to be her companion throughout.

This was even happier for Xiao Churan than winning the lottery.

Xiao Churan’s excitement and thrill was reserved from the morning until the evening, and even when she returned home, she still had an uncontrollable smile on her face.

Seeing that she had been smiling since she entered, Ye Chen couldn't help but ask, "Honey, what's happening that's so happy, you can't even close your mouth with a smile ....."

Xiao Churan hurriedly came forward and said happily, "Honey, something happened today that made me particularly, particularly excited!"

Ye Chen asked curiously, "What's the matter, excited like this."

Xiao Churan said excitedly, "My idol, the first sister in the field of interior design, Kerri West, is coming to Jinling tomorrow!!!"

Ye Chen had heard Xiao Churan talk about this Kelly West and knew a little about her, but he never thought that this idol, whom Xiao Churan had always dreamed of meeting, would suddenly be coming to Jinling.

So, Ye Chen couldn't help but ask, "How did you know she was coming to Jinling tomorrow? Is she going to attend some event?"

"No." Xiao Churan hurriedly shook her head and said excitedly, "She is coming to Jinling this time, just to have fun, and I will be her guide the whole time!"

Ye Chen was even more surprised and asked, "How did you become her guide? I don't think you guys know each other either."

Xiao Churan said excitedly, "It was Miss Zhan who asked her to come."

Saying that, Xiao Churan couldn't help but praise, "Miss Zhan's connections are really very impressive, I didn't expect that she and Kerri West were still good friends, one phone call and Kerri West decided to fly over!"

Speaking of this, Xiao Churan hugged Ye Chen's arm and said while shaking it, "Aiya, I'll be able to meet my idol tomorrow, I don't know if I can learn some design experience and skills from her in these few days, I'm so happy!"

Hearing the three words Miss Zhan, Ye Chen understood what was going on.

In his heart, he thought, "It seems that this Miss Fei is still not dead, I originally thought that after her bodyguard disappeared, she would most likely leave Jinling as soon as possible out of fear, but to my surprise, not only did she not leave, but she even looked for an entry point from her own wife."

Thinking of this, Ye Chen then asked Xiao Churan, "Wife, you went to see that Miss Zhan today?"

"Yes!" Xiao Churan nodded and explained, "In the morning, Miss Zhan's assistant came to the company and asked me if I had time to meet with her to talk about the design needs, it just so happened that I also wanted to hurry up and have an interview with her, so I went to the hotel to meet her."

Ye Chen asked casually, "Did she ask which designer you liked, and that's why you said the name of that Kerry West?"

“No.” Xiao Churan busily said, “Originally, I wanted to introduce Miss Zhan to Kerri West’s design style to see if she liked a similar feel, but I didn’t expect that as soon as she heard me talk about Kerri West, she told me that they actually knew each other very well, and I didn’t expect such a coincidence .....

When Ye Chen heard this, he probably guessed how Fei Ke Xin was playing.

In his heart, he thought, “This matter, one can see at a glance, is not a coincidence at all.”

“There are so many famous designers all over the world, where can there be such a coincidence that the one that the wife likes happens to be her Fei Kexin’s best friend? The odds of that are much lower than buying a lottery ticket.”

“Only a silly white girl like the wife would be fooled by such a scam .....

“Fei Ke Xin must have prepared in advance, no matter which designer’s name the wife named, she would say that it was her good friend.”

Thinking about this, Ye Chen couldn’t help but have a few moments of admiration for Fei Kexin.

Don’t look at this woman’s young age, she was really good at finding key points.
