

Ye Chen 4001

Chapter 4001

Ye Chen saw that this Claudia was no more than seventeen or eighteen years old, and her appearance seemed to be of mixed Eastern and Western descent.

With blue eyes, long eyelashes, a high nose and brown-black hair, her features were almost impeccable.

However, although her features were very beautiful and her face perfectly shaped, the only thing that stood out was a scar on the right side of her cheek all the way to her neck from a burn, a scar so pronounced that the whole of her skin had been completely screwed up, shocking to the eye and even a little gruesome looking.

Claudia also turned sideways somewhat deliberately, trying not to let Ye Chen see the scar on her right side, and even involuntarily pulled her collar upwards, trying to block it out as much as possible.

Ye Chen looked at Claudia and said politely, "Hello Claudia, your Chinese is very good!"

Claudia nodded slightly and said softly, "Thank you Mr. Ye for the compliment"

Li Xiaofen at the side introduced, "Brother Ye Chen, this is our number two employee in the shop, Claudia DiNorscio, Claudia's mother is Chinese, her father is Italian, half Chinese, and she has been learning Chinese from her mother since she was a child, that's why she is particularly fluent in Chinese, almost no different from us."

"So that's how it is." Ye Chen nodded gently, his heart pondering.

Claudia said to Li Xiaofen with some nervousness at this moment, "Sister Fanny, there is no more cut bread, I will go to the back of the storehouse to bring some over."

Li Xiaofen hurriedly nodded and said, "OK, go quickly."

When Claudia turned around and went inside the storehouse, Li Xiaofen lowered her voice in Ye Chen's ear and said, "Brother Ye Chen, Claudia is rather introverted, plus her parents and two younger brothers were burnt to death in a fire in her family, and her face and neck were also badly burnt, so she has been a bit less confident in general, but she is still very nice. , kind-hearted, and especially hardworking!"

Ye Chen nodded and could not help but sigh, "It seems that this girl's life is quite tragic"

"Yes....." Li Xiaofen sighed lightly and said, "Her family is now the only one left, and her schoolmates often bullied her, so she dropped out of school, alone without a source of livelihood, living in a place without a place to stay, and then she came to shop to work part-time."

Ye Chen asked curiously, "Did you recruit her here?"

"It was Auntie Li." Li Xiaofen said, "When her mother was alive, occasionally she was too busy, so she sent her youngest brother to the nursery cla*s, and over time she became friends with Auntie Li, and her mother had come from Jinling some years ago, so she was a real hometown, so Auntie Li and her got along very well, but I didn't expect that she would suddenly meet with an accident... .."

Saying that, Li Xiaofen added, "After Claudia's family had an accident, she disappeared for almost half a month, and Auntie Li kept looking for her, and then when she came back, Auntie Li left her at home."

"During that time, Claudia didn't dare to come out to meet people, she didn't go to school either, and then it was because she didn't want to eat idle food at home every day that she insisted on coming to the shop to help, Auntie Li thought that this would also help her come out of the shadows as soon as possible, so she let her come over."

Ye Chen nodded thoughtfully.

At this time, Claudia came out carrying a pile of sliced bread, and Li Xiaofen also hurried up to give her a hand.

Seeing that the workload was not too heavy, Ye Chen did not go up to help, but turned around and paced to the entrance of the convenience store.

Ye Chen stood at the entrance, took out the stick of gum he had just taken, gently pulled out a piece, peeled it open and put it in his mouth, chewing it while looking around.

The atmosphere of life in Hastings Street was very strong.

There are all sorts of shops with Chinese signs, mostly Cantonese restaurants and eateries.

The pedestrian areas on both sides of the road are also lined with mobile food carts, selling pancakes and buns, and others selling Northwest pork buns.

Although it was after lunchtime, the vendors were still doing good business.

Ye Chen stopped to look for a while, and his only feeling was that life here was peaceful and quiet, and he couldn't see where the danger was at all.

At that moment, a few men and women in their seventeenth and eighteenth year, looking like secondary school students, came to the entrance of the convenience store in a group, they brushed past Ye Chen and pushed the door inside.

Chapter 4002

Ye Chen looked back and saw that the leader was an Asian girl with long dyed blonde hair, followed by a very trendy and fancy Asian boy, who looked like a couple with their arms.

And behind this boy and girl, there were two other girls dressed in colourful outfits, one of them even had a lip ring on.

Ye Chen's first impression of these people was that they looked a lot like the more common problematic teenagers in third and fifth tier cities in China.

When the four entered the convenience store, the girl at the head of the group spoke directly, "Hey, give me a pack of Marlboros!"

When Li Xiaofen turned around and saw that it was these kids, she frowned and said in a cold voice, "There are rules in BC that you can only buy cigarettes if you are 19 years old or older."

The girl at the head of the group brushed her lips and said disdainfully, "I'm 19 years old!"

Li Xiaofen said lightly, "Then please show me your health card."

The girl at the head said contemptuously, "I don't have my health card, I am nineteen this year, ask that b*tch if you don't believe me!"

With that, she pointed her finger at Claudia beside Li Xiaofen and said with a provocative face, "Hey, that disfigured b*tch, you tell this b*tch if I'm nineteen this year!"

Claudia said somewhat nervously, but firmly, "If I remember correctly, you should have just turned eighteen this year."

After that, she looked at Li Xiaofen and said seriously, "Sister Fanny, if we sell her cigarettes, the shop will be fined up to fifty thousand Canadian dollars according to the law of BC."

Li Xiaofen frowned and said, "I ask you few to focus on your studies every day, don't come here to pick a fight with me in mind, you go away, you are not welcome here!"

The girl's face turned cold as she stared at Claudia and said in a cold voice, "You're really a b*tch, you like to steal the limelight from me at school, and now you're still f*cking disgusting me after you've disfigured your face, and you're making trouble for me even when I'm buying a pack of cigarettes, you're a f*cking b*tch!"

After that, she looked at the boy beside her with her shoulders in her arms and said with a disgusted look on her face, "You're really blind, you used to secretly like this b*tch, didn't you even write a few love letters to her behind my back? You wrote a few love letters to her behind my back, but she didn't even hang on to you back then! But now that she's disfigured, do you want to break up with me and try to woo her again? Maybe she'll say yes to you!"

The boy said with some embarrassment, "Yun Yun, that was all in the past, I was indeed blind in the past, I will definitely not be seduced and compelled by such people again"

When Claudia heard this, she immediately said in a cold voice, "Li Hao Yang, please watch your words! I have never seduced you! Those letters you wrote to me, I returned them to you in their original form without even opening them and reading them! I hope you, as a boy, can at least behave like a boy when you speak!"

The boy who was called Li Hao Yang blushed, but the girl on the other side was adding fuel to the mockery, "Aigoo, Li Hao Yang, she didn't even read the letters you wrote to her, are you ashamed of yourself? The point is that she is now disfigured and ugly, but she still doesn't like you and can still punch you in the face. If I were you, I'd find a piece of tofu and crash to death!"

Li Xiaofen spoke up at this time, "Please go out and crash to death if you want to, not in my shop, you're not welcome here."

"Sh*t!" The girl cursed loudly, "You're a f*cking convenience store owner, why are you pretending with me, believe it or not I'll make your shop unsuccessful in a minute?"

Chapter 4003

Faced with the provocation of the girl at the head, Li Xiaofen simply said indifferently, "I'm warning you, if you don't leave my shop, I'll call the police!"

"Call the police?" The girl said, "You call the police, after you call the police, believe me, I'll make a phone call right now and ask my father to buy all the storefronts in this row, so you can leave tomorrow with your tails between your legs!"

Li Xiaofen asked in a cold voice, "What? You're rich? I've rented this house for five years, so if you want to kick me out, you can do so, as long as you pay me the money I invested in the shop and the breach of contract for the rent, I can change the place anytime, depending on whether you can afford it."

The girl said disdainfully, "Sister, I see you are not young, but you are really naive! Do you believe that after I ask my father to buy this shop, there are 10,000 ways to make it impossible for you to open it, and you won't get back any of the money you invested! If you don't like it, you can hire a lawyer and try it out. My dad spends hundreds of thousands of dollars a year just to hire a lawyer to fight my case.

After that, she pointed at Claudia and said to Li Xiaofen, "If you want to keep this shop open, tell this b*tch to get out now, I won't let you go as long as this b*tch is still working in your shop!"

Claudia angrily questioned, "Huang Xingyu, I thought I had never provoked you, why are you targeting me at every turn? If I remember correctly, when my parents were still alive, you were the one who chased after me every day and even said that you wanted to be my sister, even if I didn't say yes to you in the first place, you didn't have to cross me like this, right?"

The girl at the head of the group, Huang Xingyu, said with a look of contempt when she heard this, "I only wanted to be your sister because I thought your father was more or less capable and I looked up to you, but I never thought your father would say no to me. Besides, I don't like your fake reserve, your own father is a f*cking gangster and a notorious Italian mafioso, and you pretend to be a f*cking good student all the time!"

And with that, Huang Xinhua looked at Claudia with disgust and said in a cold voice, "And what I'm f*cking P*ssed off about is that you seduced my man! You don't even ask around in the Canadian study abroad community, which of my men would dare to seduce a S!t?"

Claudia clenched her fist and said word for word, "I've just said it, I never seduced your boyfriend! It was your boyfriend who kept hara*sing me! I beg you to get your facts straight first!"

Huang Xingyu cursed out of the blue, "D*mn, if it wasn't for you b*tch scratching your head all day long, how would my boyfriend have been bewitched by you?!"

After that, she looked at the boy beside her and shouted angrily, "Li Hao Yang, slap her face hard! And twist her hair for me! I'll see how she can hide her ugly face from now on!"

Before the words left her mouth, she hastily took out her mobile phone and sneered, "I'm going to take a video of the whole thing and post it on a short video platform, so that everyone can see what the former school beauty Claudia looks like now!"

Li Hao Yang said awkwardly, "Come on Xingyue, let's go, there's no need to be normal with her."

Huang Xingyu raised her hand and slapped Li Hao Yang with a loud slap, leaving him dumbfounded and cursing through clenched teeth, "Li Hao Yang, what the f*ck do you mean? Are you defending her? I guess I was wrong about her, you were really hara*sing her behind my back?"

Li Hao Yang covered his face, wavering for a moment.

When Huang Xingyu saw that he was hesitant to move, she became furious and said through clenched teeth, "Fine! You don't want to fight, right? From now on, the two of us are parted, so get lost as far away as you can!"

He said, and immediately said to the other two girls around him, "You two grab her for me, I want to teach this b*tch a lesson myself!"

Li Hao Yang hastily pleaded, "Xingyue, I really don't mean that"

Huang Xingyue said coldly, "I don't care what you mean, I'll give you two choices today, either get lost or go and beat that b*tch up for me!"

Chapter 4004

Li Hao Yang hesitated for a moment, then as if he had made up his mind, he clenched his fist, looked at Claudia, gritted his teeth and cursed, "Claudia, I have never provoked you, but you even said I was hara*sing you in front of my girlfriend, since you started it first, don't blame me for being rude!"

When Huang Xingyu saw this, the corners of her mouth wiped a smile of triumph, and then she said to the two girls beside her, "You two go and catch that b*tch, I want to take a good close-up of her!"

Claudia was a little alarmed at this point and subconsciously took a few steps backwards, but at the same time clenched her fists even tighter.

She knew very well in her heart that Huang Xingyu was in no way joking with herself.

This girl looked harmless, but she was actually bad to the core.

She had always bullied her Chinese cla*smates who were studying on their own, and she was a regular bully at school.

She has bullied more students than she can count on two hands, and her family has some background, so she can take care of many things.

At this moment, Li Xiaofen suddenly stood in front of Claudia without hesitation, and then looked at Ye Chen, who was silent, with a look of help.

She did not understand why brother Ye Chen, who had always been cynical about evil, had hesitated to do anything while watching Claudia being bullied by these troubled teenagers.

In fact, Ye Chen did not want to see any good show, he just wanted to take the opportunity to get to know and observe this girl named Claudia.

On the one hand, he wanted to see how this girl acted, and on the other hand, he also wanted to take the opportunity to learn some information about her life.

In the process of abusing Claudia, these people did unintentionally reveal some information.

For example, that although Claudia was of mixed race, she should have been studying in a school with a large Chinese population, and that was why she was classmates with these Chinese teenagers.

Another example was that this Claudia's father, in his lifetime, was actually a member of the Italian Mafia, and even through Huang Xingyu's previous behaviour of always taking the initiative to flatter Claudia, it could be seen that Claudia's father must have been a ranking figure in the Mafia in his lifetime.

Ye Chen even guessed that this Claudia might even be a bit of a fighter.

Although her figure was a little thin, it seemed to Ye Chen that the sense of strength hidden in her limbs was much stronger than that of an ordinary person, so she had not practised much.

Ye Chen even felt that, don't look at these four troubled teenagers screaming about their greatness, but when they really fought, the four of them combined might not be Claudia's opponent.

However, when Ye Chen suddenly exchanged a glance with Li Xiaofen and saw that Li Xiaofen's eyes seemed to be full of doubt and confusion towards himself, he knew that he definitely could not continue to watch the show like this.

If he continued to look at her like this, he was afraid that his unknown sister would be disappointed in himself.

So, Ye Chen immediately stepped forward and blocked Li Haoyang's body, saying indifferently, "I see that several of you are Chinese, when you go out, haven't your parents taught you to keep a low profile?"

Huang Xingyu rolled her eyes at Ye Chen and said with a disdainful expression, "What the hell are you, what does it matter to you what my aunt does?"

Ye Chen frowned, looked at that Li Haoyang, reached out and patted his shoulder, said seriously, "Little brother, your girlfriend's mouth really stinks, this is not even a fight, are you still waiting for the New Year?"

Chapter 4005

As soon as Ye Chen's words fell, that Huang Xingyu cursed furiously as if her tail had been stepped on, "You f*cking said my mouth stinks! If you don't believe me, I'll call someone to come over and tear your mouth apart!"

Huang Xingyu was furious, but she never dreamed that her boyfriend, who had always obeyed her orders, would suddenly turn around and stare at her with gritted teeth, saying in a cold voice, "Your mouth stinks!"

"f*ck!" Huang Xingyu's eyes widened as she cursed, "Li Hao Yang, what the f*ck are you saying about me?!"

Li Hao Yang bellowed and roared, "I said your f*cking mouth stinks!"

After saying that, he immediately rushed forward and grabbed Huang Xingyu's collar and swung his right hand towards her face, slapping her from side to side.

This made everyone in the scene, except for Ye Chen, look dumbfounded.

Especially Claudia and Huang Xingyu's two followers.

They had all been classmates before and knew very well how humble Li Haoyang was in front of Huang Xingyue.

As long as Huang Xingyue was not happy, Li Hao Yang would not even dare to breathe in front of her.

Moreover, Huang Xingyu would punch and kick him at the slightest displeasure, even at school, so no one expected that Li Hao Yang would suddenly strike at Huang Xingyu!

Huang Xingyu herself was dumbfounded.

She had never been beaten in her 18 years of life, but she didn't think that Li Hao Yang, who was like a dog by her side, would dare to hit her, so she shouted in anger: "Li Hao Yang, how dare you f*cking hit me! I'll kill you, you son of a b*tch!"

Li Hao Yang was so angry that he slapped his opponent with a series of slaps, making his cheeks bruise and blood seep from the corners of his mouth, but he was still not satisfied. You just have a couple of dollars at home, why are you so proud of me? I'll beat you to death!"

Huang Xingyu was slapped a dozen times in a row, her head was dizzy and swollen, and the mobile phone she was holding fell to the ground because she couldn't hold it for a while.

Seeing this, Ye Chen picked it up by hand and found that Huang Xingyu had already opened the short video platform and was even ready to shoot, so he laughed and said, "This sister was yelling about shooting videos just now, why did she drop her phone on the ground? It looks like it's not very convenient to film, so why don't I help you!"

After saying that, he directly clicked the plus sign on the screen, and the camera directly aimed at Huang Xingyu's face and pressed the shot.

At this point, Huang Xingyu's anger had been drained away.

It was true that his own father had money, but money from afar could not save a slap in the face.

Although Li Hao Yang was a bit of a coward before, he was at least a young man of 5'8" and had a crushing physical advantage over Huang Xingyu, so he slapped her dozens of times in a row just like a game.

The crowd watched Huang Xingyue's face being beaten into a pig's head, and the two followers were as anxious as ants on a hot pot, standing and watching, or going to stop her.

After all, they were afraid that Li Hao Yang would lose his mind and grab them both and beat them up together.

When Ye Chen saw that this Huang Xingyu was almost fainting from the beating, he stopped filming and then clicked upload.

Immediately afterwards, he patted Li Hao Yang's shoulder and said with a reproachful face, "Hey, you kid, you are too ignorant of pitying the jade, how can you beat a girl to death?"

Li Hao Yang stopped moving with resignation and cursed furiously, "Bah! This b*tch is not only ugly, but she's also a f*cking b*tch, and she's so arrogant because of her family's money, and she yells at me all the time. I've put up with her for a long time!"

Ye Chen took a picture of Li Hao Yang's face on Huang Xingyu's mobile phone, then went forward and stuffed the phone back into Huang Xingyu's LV shoulder bag, then patted Li Hao Yang's shoulder and said in a serious manner, "Oh, even if you are angry, you can't hit so hard, look at the beating you gave to the little girl, you can barely recognize your own father, it's too much! Aren't you afraid that her father will come to Canada to find you in trouble?"

In this instant, Li Haoyang's entire consciousness instantly regained clarity.

When he came back to his senses, he looked at Huang Xingyu, who was beaten into a pig's head and unconscious in front of him, and was scared out of his wits.

He fell to his knees and hugged Huang Xingyu, bawling, "Xingyu, what's wrong with you? Xingyu I I didn't mean to do it I just got angry and confused you mustn't blame me Xingyu Xingyu, wake up and say something to me Xingyu I'm so scared, please wake up"

After saying this, he saw that Huang Xingyu was unconscious and unresponsive, so he quickly turned to the other two girls and said, "You both must testify for me. I... ..I lost my mind in the heat of the moment, I didn't mean to hurt Xingyu! XinYu is my girlfriend, my favorite person, how could I intentionally hurt her It was all impulsive, impulsive!"

Chapter 4006

The others were still wondering why Li Hao Yang had made a move against Huang Xingyu, but when they saw this scene, they all subconsciously thought that it was probably because Li Hao Yang had been bullied too hard by Huang Xingyu in his daily life, and he had suddenly exploded in emotion and lost his mind.

Now that his emotions had faded and his sanity had returned, he realised that he had made a big mistake.

When he thought about it, he felt that the whole thing had become reasonable.

Even Li Hao Yang himself thought that he had lost his mind because he was so angry.

What he was most worried about now was how this matter should end, if Huang Xingyu was unwilling to let go of himself after he woke up, then he would really be finished

The most important thing now is to get her to the hospital, otherwise if anything happens to her, your life will be over!"

Only then did Li Hao Yang come back to his senses and said in a panic, "Yes! Yes! Take her to the hospital! We have to get to the hospital! Call the emergency number!"

Just as he finished, he shook his head and said to himself, "No! The ambulance is too slow, in case something happens it will be a problem General Hospital is not far from here, I will take a taxi to take her there!"

After saying that, he hurriedly hugged Huang Xingyu, and then ran out of the room, lost in thought.

The two followers were still standing dumbfounded when Ye Chen saw them, so he said, "Why are you two still standing still? Why don't you hurry up and follow."

Only then did the two of them come back to their senses, looked at each other, and hurriedly grabbed the door and went after them.

Li Xiaofen then let out a long breath and sighed, "It's true that evil has its own way I think that Huang Xingyu won't be able to leave the hospital for the next ten to twenty days"

Ye Chen nodded and said casually, "I just used her phone to send a short video, I guess for a long time to come, she won't have the face to come out even if she's healed."

Li Xiaofen couldn't help but laugh out loud and said offhandedly, "Brother Ye Chen, you're so bad"

Saying that, she couldn't help but feel, "It seems that that Li Haoyang, who wasn't bullied by that Huang Xingyu a lot during the day, has completely lost his mind as a whole"

"Yeah." Ye Chen nodded and smiled faintly, hiding his merits and reputation deeply.

This time, he didn't give Li Haoyang a thorough psychological implication directly like he had done to Wu Qi before.

This time, in order not to show any traces, he deliberately used his aura to first give Li Haoyang a much milder psychological suggestion compared to Wu Qi, and after successfully making him lose his mind, he used two more psychological suggestions in a row to bring his mind back.

In this way, the sensation given to others as well as Li Hao Yang himself was that he had lost his mind in a moment of excitement and hurt someone with pa*sion.

For Ye Chen, this was a new way of playing with an aura of light.

Claudia said at this time with a grateful face, "Thank you Sister Fanny and thank you Mr. Ye"

Li Xiaofen laughed, "If you want to thank, thank that Li Haoyang."

Claudia bowed slightly to the two and then said to Li Xiaofen, "Sister Xiaofen, I'll go and get busy at the back."

Li Xiaofen then said, "Take a break, or you can guard the register for me for a while while I go to the back to clean up."

Claudia said, "I'd better go."

After saying that, without waiting for Li Xiaofen to say anything, she turned around and went to the small storage room at the back of the convenience store.

Ye Chen looked at Claudia's back, and in his heart, he became a little more curious about this girl.

At the same time, he took out his own mobile phone and looked down at it.

He had a hunch that the mysterious person, might send himself another message soon.

Sure enough, just under two minutes later, he received a message from the mystery man, which consisted of only eight words: "Get her out of Canada!"

Chapter 4007

When he received this message, Ye Chen called again without thinking, but as expected, the phone was once again switched off.

This time, he did not continue to explore the identity of the other party, but turned back to look at the warehouse and saw Claudia, who was busy inside with her apron on, so he silently tucked his phone into his pocket.

In his eyes, this girl, whose name was Claudia, seemed to be getting more and more interesting.

So, he deliberately pretended that he was not in the least bit surprised by the reminder text message just now, and said to Li Xiaofen with a smile, "Xiaofen, are we eating out tonight, or are we going to eat at home?"

Li Xiaofen smiled and said, "Either way, it depends on how brother Ye Chen wants to eat, if you want to eat at home, wait for Auntie Li to come back and we will cook at home together, if you want to eat outside, see if you want to have western food or Chinese food."

Ye Chen nodded and said, "I'd rather eat at home, I haven't tasted Auntie Li's cooking for a long time."

Li Xiaofen was busy saying, "Then wait for a while I will go and buy some food first."

As she said that, Li Xiaofen said to Claudia in the store room, "Claudia, I'll go to the market later, you can look after the cash register."

Claudia nodded and said politely, "Okay Sister Fanny."

Li Xiaofen smiled and asked her, "Do you have anything you want to eat tonight? Tell sister."

Claudia was busy saying, "Sister Fanny, I won't be eating at home tonight, Mr. Ye has come so far to see you and Auntie Li, you must have a lot to talk about, it just so happens that I have a friend meeting tonight."

Li Xiaofen said seriously, "What is your situation sister still doesn't know? All those so-called friends you used to have are either falling on their sword or avoiding you, how can any of them be trusted?"

With that, Li Xiaofen continued, "You're not going anywhere tonight, the four of us are having dinner together!"

Claudia hesitated for a moment, but nodded gently, then she glanced at Ye Chen again, seeing him wandering around the shop with his hands in his pockets, and a bit of anxiety flashed across his brows.

At this time, a middle-aged man of about thirty years old walked in with a cigarette in his mouth.

This man had a Chinese face, was about 5'7" tall, and had the haircut of Chen Haonan from 20 years ago, and he had dyed it brown.

As soon as he entered, he first saw Ye Chen standing by the shelves doing nothing, and when he looked around and saw Li Xiaofen and Claudia, he asked curiously, "Hey, where's the boss? Where is the shop assistant?"

Hearing the voice, Li Xiaofen changed her expression and exchanged a look with Claudia, then reached out to block her for a moment before turning around and walking back to the checkout counter herself.

Seeing the man, Li Xiaofen smiled politely and said, "How come Brother Lei has time to come over?"

The man called Brother Lei laughed and looked at Li Xiaofen with raised eyebrows, asking, "Fanny, how's business these two days?"

"Not bad." Li Xiaofen smiled politely and said, "The situation here is more or less the same every day, nothing has changed."

Brother Lei nodded and leaned over the counter with his arms, leaned closer to Li Xiaofen and said with a smile, "Fanny, what Brother Lei said to you last time, why don't you think about it again? You see, your brother Lei is a big man now, and my little cousin has adopted you as her god-sister, so if the two of us get together again, it will be an even better match."

You're a big name in Chinatown and even in Vancouver. Besides, you're a big name in the Italian gang, so you'd better find an Italian girl. "

The Italian guys have been urging me to find an Italian girl, and they even said they could find me an authentic Italian girl from Sicily, but I still want to find a genuine Chinese, after all, we are the descendants of the Chinese people, right? "

He took a puff of his cigarette, revealing a mouthful of smoky yellow teeth, and said, "Fanny, in the whole of Chinatown, I've been looking around, but I've always felt the most attracted to you, so if we can make it work, it'll be a good story in Chinatown!"

Li Xiaofen shook her head and laughed, "Brother Lei, to be honest, I'm not really suitable for you, you guys are always fighting and killing, I can't do that."

Chapter 4008

Seeing Li Xiaofen's firm words, Lei threw his cigarette out the door, then looked at Li Xiaofen and asked very seriously, "Xiaofen, really don't you want to give your brother Lei a chance? Even if you just try to get along with your brother Lei, if you really think it's not working we can break up again, your brother Lei is now a big man, follow your brother Lei, your brother Lei will not let you suffer."

Li Xiaofen said politely, "Thank you for your kindness, but we are not really suitable for each other."

Brother Lei asked her, "Are you sure you don't want to think about it?"

Li Xiaofen said with some embarrassment, "I'm sorry, Brother Lei."

The brother Lei paused for a moment, smiled slightly, nodded and said, "It's okay, it's okay, this kind of thing, it's all about your love and my wish, although your brother Lei is not highly educated, but the quality of this piece is absolutely excellent."

As he said that, he straightened up, looked around and asked curiously, "Where is that little cousin of mine? Why haven't I seen her come out to say hello to her cousin?"

Li Xiaofen said, "Claudia is busy, she probably didn't hear."

"I don't know what's going on in your shop. There won't be many customers after dinner."

As he said that, he looked at Ye Chen and asked curiously, "Hey, what do you do, buddy? Buying something? I'm not holding you up, am I?"

Ye Chen said indifferently, "I'm Li Xiaofen's brother."

"Aiyo!" That Brother Lei hurried over and extended his hands in advance, saying very politely, "So it's Fanny's brother, nice to meet you, buddy, where are you from? From China?"

Li Xiaofen said, "My brother happened to be in the United States on business, so he stopped by to see us."

Brother Lei nodded and said to Ye Chen, "Buddy, please help me persuade Fanny when you have time, I really mean it to her."

Ye Chen said indifferently, "I can't make the decision on such matters, everything respects Xiaofen's own wishes."

"Ai!" Guo Lei sighed and said, "I'd better go and see that little cousin of mine."

With that, he went straight to the small storehouse at the back.

When he arrived at the door of the storehouse, Guo Lei was just about to open the door when it opened from the inside.

Claudia looked at Guo Lei and asked with an expressionless face, "Are you looking for me for something?"

Guo Lei said with a helpless face, "Look at what you said, I am your brother, although the relatives are a bit distant, but still your brother, since the family had such a big incident, you have been playing disappearing, look at this face burned to such a state, do not hurry to go to the hospital to see, and still avoid me all day, you know how hard it is for me as a brother? "

Claudia said coldly, "Thank you for your concern, I'm fine now."

Guo Lei sighed and said, "Fine what, fine, all this is fine? Why don't you come with me to the hospital this afternoon and let the doctor see if there's any way to cure your face again.

"No, I don't think so." Claudia shook her head and said, "I quite like the way I look now."

Guo Lei gave a long sigh of helplessness, pointed at Claudia and lamented, "You are really stubborn Come on, I won't bother you here, if you need any help from my brother in the future, come to George Street and look for me. "

He turned back to the cashier and waved his hand at Li Xiaofen, saying seriously, "Xiaofen, if you can still think about what I said, give me a call back before midnight today, Claudia has my contact information."

Li Xiaofen smiled without thinking and said, "I won't consider that brother Lei, we are not really suitable"

Guo Lei waved his hand, "Don't be in a hurry to refuse, think again, think again."

Then, he waved his hand at Ye Chen and said with a smile, "Let's go, buddy!"

After saying that, he pushed the door and walked out.

Chapter 4009

With Guo Lei gone, Li Xiaofen was also relieved.

Ye Chen asked her, "Fanny, does this Guo Lei often come to hara*s you?"

Li Xiaofen shrugged her shoulders and said helplessly, "That guy, Chinatown is known as a smiling tiger, look at him talking with a smiling face and being polite to everyone, but in fact, he is worse than anyone in his bones."

Ye Chen frowned and asked, "Can you be specific?"

"This" Li Xiaofen glanced in the direction of the storehouse, then whispered, "I'll tell you slowly when I have the chance."

No sooner had the words fallen than Claudia had walked out, she looked at Ye Chen and said seriously, "Guo Lei was doing telecommunication fraud in China and fled to Canada after the incident went east and defected to my mother"

“Guo Lei’s grandfather, and my maternal grandmother is brother and sister, the two families more or less related, and Guo Lei is the only child in the family, his mother is afraid that he will be caught in prison, so he begged my mother to take him in, and then my mother arranged for him to follow my father as a driver

“Three months ago, Guo Lei and the group’s second-in-command together persuaded my dad to cooperate with the American gang, but my dad didn’t agree;”

“Two months ago, someone set fire to my house, the whole family of five, only I managed to escape

“Since then, the second in command of the group has taken over my father’s position, and Guo Lei has become a big hit under his hand

Ye Chen asked her, “Is there any evidence to prove that they set the fire?”

“No.” Claudia said firmly with red eyes, “Although there is no direct evidence, it must be them.”

Ye Chen asked again, “What did the police say?”

Claudia pursed her lips and whispered, “The Vancouver police said the fire was due to an accident, saying that rats chewed through the cables in the basement, causing a short circuit, and the fire in turn ignited flammable items stored in the basement, and the flammable items they were talking about were fifty gallons of gasoline, and our family had never stored gasoline in the basement before

Said Claudia, choking back a sob, “And, Guo Lei had made an appointment with my mother a week in advance to come to my house for dinner the night of the fire, he brought two bottles of wine and some drinks for my brothers that day, I didn’t eat at home that night because I never liked him very much, and after that meal, the fire happened that night

Claudia wiped her tears and continued, “When the fire started, the first thing I did was go to my parents’ room and by then, I found them not breathing, followed by my two brothers’ room and they were just as out of breath and heartbeat

Li Xiaofen was dumbfounded as she listened and blurted out, “Then that means your parents and your two brothers, didn’t die in the fire! This is clearly murder, didn’t the police investigate?”

Claudia shook her head and said, “The result announced by the police was death by accident, I was looking for a place to hide after escaping from the fire scene, the days I was hiding, it was Guo Lei who signed the cremation consent form as a family member, then my parents and two brothers were cremated, and the matter was dead and buried.”

Li Xiaofen subconsciously said, “You should have gone to the police and sued them for murder, told the police about these circumstances, and let them arrest them all!”

Ye Chen said lightly at this time, “Little Fen, the reason why Claudia is still alive is because she didn’t tell the police about these circumstances.”

“Yes

Claudia nodded gently and whispered, “They thought I escaped from the fire by a fluke, but didn’t know that I had actually found out that my parents and brother were dead when the fire started

“If they knew this, they would not have let me live.”

Li Xiaofen couldn't help but ask, “Then why did you come back if you had escaped?”

Claudia said helplessly, “What if I don't come back? If I don't come back, they can guess that I must have known something and that's why they don't dare to come back, in that case, they will definitely look for me everywhere and hurry to kill”

“On the contrary, I came back, only to make them feel that everything was done seamlessly, thinking that I must not know anything.”

Chapter 4010

“Moreover, they did not suspect what I said, I told them that the reason why I disappeared for some time was because I was too devastated by the death of my family and the burns on my face, so I did not want to see people, and I waited until I slowly accepted this reality myself before I decided to come back.”

Li Xiaofen asked again, “And what if they are unsure and want to cut off the root of the problem?”

“No.” Claudia shook her head, “The death of my parents and brothers was itself disguised by them as a major accident, and now that I'm back, in everyone's eyes, I'm the only poor thing that survived.”

“If I were to suddenly die too one day, it would look too deliberate in the eyes of outsiders, so as long as they were sure I didn't know the inside story, they wouldn't risk killing me;”

“What's more, if I want to avenge my parents as well as my two younger brothers, I'll have to go back to Vancouver to have a chance!”

Speaking of this, Claudia's eyes broke into tears once again, “It's just that when I came back, my parents and two brothers had already been cremated and hastily buried, and I, as their only relative, wasn't able to give them one last ride”

After hearing this, Li Xiaofen couldn't control her tears, and gently gathered Claudia in her arms, choking back tears, “Why didn't you tell me this before”

Claudia said while shedding tears, “I didn't dare to say it before, I was afraid that if these words got out, I would die”

Ye Chen couldn't help but be impressed with Claudia at this time.

This girl was only eighteen years old, but she was able to analyze her situation so thoroughly in front of such a great ordeal.

Moreover, she had made the calmest judgment, which was indeed remarkable.

Even she knew that that Guo Lei was the culprit who had killed her family, yet she still had this courage and determination to live towards death to come back here, which was indeed remarkable.

At this time, Ye Chen, who had not said anything, spoke up, “Little Fen, go to the street. Buy me a pancake fruit.”

Li Xiaofen was slightly stunned, confused as to why Ye Chen had suddenly asked himself to go buy a pancake fruit at this time.

She was about to ask Ye Chen the reason, when he stopped pretending and said, "I have something to do and I want to talk to Claudia in private."

Hearing this, Li Xiaofen was instantly delighted.

She knew that Ye Chen was capable of great power and must have a way to help Claudia take revenge!

Thinking of this, she immediately wiped away her tears and said excitedly, "Okay Brother Ye Chen, I'll go and get it for you right now!"

After saying that, she hurriedly said to Claudia again, "Claudia, if you have any grievances, just tell Brother Ye Chen, he will definitely help you think of a way!"

Claudia was a little nervous all of a sudden, she didn't know what Ye Chen suddenly wanted to talk to her in private because of.

At this time, Li Xiaofen had already hurriedly run out the door, and by the way, she even flipped over the sign at the entrance that was open for business, turning it into a closed one.

At this time, Ye Chen looked at Claudia and asked straight to the point, "Tell me, you have been texting me non-stop for the past two days, wanting me to come over and take Little Fen away, what exactly is the danger to her?"

Claudia looked at Ye Chen and asked with some alarm, "You how did you know it was me"

Ye Chen said seriously, "From the first moment I entered the shop and saw you, I knew it was you."

Claudia was even more puzzled and subconsciously asked, "Why?!"

Ye Chen pointed at the scars on her face and said indifferently, "Because the scars on your face, they are all fake!"
