

## **Ye Chen 4021**

### **Chapter 4021**

After the four of them had eaten happily, Claudia and Li Xiaofen were helping Auntie Li clean up the table and kitchen when Guo Lei's call came to Claudia's mobile phone.

When Claudia got through, Guo Lei told her, "Older sister, I've arrived at Xiaofen's doorstep, so tell that buddy to come out."

Claudia said, "Wait for a moment, I'll talk to Mr. Ye."

With that, Claudia hung up the phone and came to Ye Chen's side, whispering, "Ye Xian ..... brother Ye Chen, Guo Lei has already arrived at the door."

Ye Chen nodded and greeted Li Xiaofen, "Xiaofen, if you don't have anything to do, why don't you accompany me out for a walk?"

Li Xiaofen knew that Ye Chen was going to Guo Lei's casino, so she immediately said, "Sure, Brother Ye Chen, wait for me."

After that, she said to Auntie Li, "Auntie Li, I'll take Brother Ye Chen out for a walk, you don't have to clean up the dishes, just ask Claudia to put them in the dishwasher later."

Auntie Li laughed, "I've got nothing to do, why don't you and Claudia accompany Ye Chen for a walk around?"

Claudia faintly stared and subconsciously said, "I ..... won't go if I ..... stay and help you clean up."

The uninformed Aunt Li said with a smile, "No, I can clean up myself, you can go along, don't always stay at home after work."

Claudia considered briefly for a moment, then nodded and said, "Okay Auntie Li, then I'll go around with Sister Fanny and Brother Ye Chen ....."

Claudia really wasn't too sure in her heart and also wanted to follow Ye Chen over to have a look.

Ye Chen did not mind, as long as Claudia herself was willing to go, he had no problem at all.

So, the three of them went out the door together.

Outside the gate at this moment, a brand new Rolls-Royce Obsidian was parked behind Li Xiaofen's second-hand Chevrolet.

In the driver's seat, Guo Lei, who had medium-length hair, tossed his head with a burnished face and waved to the three of them, smiling, "Here it is!"

Claudia took a look at the Leslie and asked curiously, "Newly replaced?"

Guo Lei said with a smile, "How can I afford such an expensive car, it was newly replaced by the boss, I borrowed it to use it."

Saying that, he smiled at Ye Chen and said, "Buddy, I heard from my cousin that you want to go to the venue to play a few games?"

Ye Chen nodded and said casually, "My hands are itching, I can't sleep without playing a couple of games."

Guo Lei laughed, "I think Claudia has introduced you to my side of the game, right?"

Ye Chen brushed aside his mouth and ignored him, but said to Li Xiaofen at the side, "Xiaofen, open your trunk."

Li Xiaofen nodded and unlocked her used Chevrolet with the car key.

Ye Chen walked straight to the rear of the car, opened the trunk and took the three hundred thousand Canadian dollars in cash, out of the boot.

Three hundred thousand Canadian dollars, Ye Chen carried it directly in a translucent plastic bag, Guo Lei saw the bundles of cash inside at a glance, and was instantly delighted, thinking: "Li Xiaofen, this brother who appeared from nowhere, seems to be a really rich master ....."

At this time, Ye Chen carried the front, walked straight to the Rolls Royce passenger side, pulled open the door and sat inside.

Afterwards, he said to Li Xiaofen and Claudia, "You two sit in the back. "

Guo Lei was surprised and asked, "The two of them are going too?"

Ye Chen said casually, "I'm taking them both for a bit of fun, why? Can't you?"

Guo Lei had originally planned to kidnap Li Xiaofen tonight, and the manpower had already been arranged, so in order not to delay the original plan, he pretended to be kind and said, "A place like a casino is not very suitable for girls to have fun, or else someone else will take them both, what do you think?"

Ye Chen frowned and said to Claudia, "Claudia, do you know any other casinos? Let's change one to play."

When Guo Lei heard this, he immediately panicked.

If Ye Chen didn't go to his own casino, all he could lose was his draw for the night.

But if Ye Chen took Li Xiaofen and Claudia to another casino, then the plan to go after Li Xiaofen tonight would follow.

After all, in a place like a casino, most people go in and play until dawn, and if a big client like Ye Chen, who was carrying hundreds of thousands of dollars in cash, went to the Hua Gang's casino and arranged for accommodation in a five-star hotel when he was tired of playing, then it would be even more impossible to carry out the plan, which was tantamount to putting both things on hold.

So, after thinking about it, he decided that he would not rush to make a move on Li Xiaofen tonight, so he could kill Ye Chen, the fat sheep, first, and then make a move on Li Xiaofen tomorrow night, after all, Li Xiaofen would not be able to run away.

So, he hurriedly changed his tone and said, "Ha! Buddy don't mind, I'm not saying I won't let the two of them go, just a friendly suggestion, since you insist on taking them, I definitely have no problem with it."

With that, he looked out of the car at Li Xiaofen and Claudia and waved his hand, "Xiaofen, cousin, hurry up and come up, we're leaving now!"

Li Xiaofen and Claudia looked at each other and got into the back of the Rolls Royce.

After that, Guo Lei started the car and drove the three of them to the outskirts of the city.

Guo Lei drove the car all the way to the Italian group's territory, where the environment was much more chaotic than Chinatown, with not only all kinds of gangsters on the streets, but also a lot of very sultry dressed street girls.

The Rolls Royce that Guo Lei drove looked particularly conspicuous in this kind of place, but no one dared to hit this car, on the contrary, when this car passed by, they would usually stand up straight and raise their hands to say hello.

In this neighbourhood, everyone knew that the car was a new purchase by the owner of the group, so they didn't care who was in it, they would salute and show respect as soon as they saw it pass by.

Guo Lei played a deafening hi-fi tune in the car and bobbed his head as he drove the car into the door of an auto repair shop.

There were a few young men with European faces standing guard at the entrance of the garage, and seven or eight cars were already parked in the yard.

Guo Lei drove the car directly into the repair workshop of the garage, and then said to Ye Chen, "Buddy, here we are."

## **Chapter 4022**

Ye Chen and the two girls pushed the door and got out of the car, looked at the repair workshop, which was full of parts and covered with oil, and asked with a frown, "What is this place?"

Guo Lei said, "Don't worry, the field is at the back, this place is mainly used as a cover, follow me."

Ye Chen followed Guo Lei through the repair workshop and came to another room at the back.

This room was not big, a round table was set up at the entrance, and four or five young men were sitting in front of the table playing poker, they were also the guards on sentry duty.

When they saw Guo Lei coming, they stood up and greeted him respectfully.

Guo Lei waved off his long hair in triumph and staggered in.

In the room inside, there was a staircase leading down to the ground floor.

Guo Lei pointed at the stairs and said with a smile, "The field is down here."

It was only when Ye Chen and the three of them followed him to the underground that they discovered that there was another cave inside.

Once they got down the stairs, there was a hall of about one hundred and fifty to sixty square meters, with all kinds of gambling tables set up inside.

In front of each table, there was a special dealer who dealt cards, but not every table had gamblers at it.

Ye Chen took a look at the place and found that business was not good, half of the gambling tables had no customers, and at the other tables, there was only one person at least, and only three or five at most.

So, Ye Chen frowned and said with a few spoiled words, "This place of yours, why are there so few people?"

Hearing this, Guo Lei couldn't help but feel a little embarrassed.

Recently, the casino's business had been getting worse and worse, and there were indeed fewer and fewer people.

However, he couldn't let his timidity slip in front of Ye Chen, so he said with a smile, "We came a little early, many customers like to come over later to have fun."

Ye Chen said unabashedly, "I've played in so many casinos all over the world, no matter which country, the prime time for casinos is from 8pm to 12am, you're still not serving customers after 9pm, so it's obvious that business is not good."

The casinos with good business would have been full by this time, but here you are, I can see that there are even more youngsters standing guard outside than customers."

Upon hearing this, Guo Lei was even more embarrassed.

He saw that Ye Chen was carrying hundreds of thousands of cash in his hand, so he was afraid that if Ye Chen suddenly said that he was not going to play, then he would have worked for nothing tonight.

Even if he was arrogant, he wouldn't dare to kill people in the casino. If word got out, he wouldn't be able to work in the casino in the future.

So, he said to Ye Chen, "Buddy, I'm not going to lie to you, we mainly serve high net worth customers here, unlike other gang-run casinos where all the three religions and nine classes are put in, this is also mainly to provide a comfortable and quiet atmosphere for high net worth customers."

With that, Guo Lei said with a flattering face, "Buddy, you've come all the way over here, not only are you a relative of Fanny, but you're also a domestic compatriot, so you're a VIP customer here with me, so I'll personally serve you tonight and make sure you have a good time and enjoy yourself here!"

Immediately afterwards, Guo Lei greeted a junior and ordered with a bold face, "Go, get this gentleman 10,000 yuan in chips and put it on my account."

After saying that, he said to Ye Chen with a smile, "Buddy, I'll personally pay out of my pocket and give you 10,000 chips to play around with and try your luck!"

To the casino, the chips given out in front are the bait, they have 10,000 ways to win back the chips given out, and then lure the customers to pay out their real money.

Ye Chen smiled at this point and said blandly, "I, Ye Chen, have gambled from the south to the north and from the east to the west, although I have lost more than I won, I have never taken someone else's chips off the table, I can't afford to lose that person!"

After saying that, he directly took out ten bundles of cash from the plastic bag and threw them directly into Guo Lei's arms, saying indifferently, "Go, change me one hundred thousand chips first."

Faced with the hundred thousand Canadian dollars in cash suddenly thrown at him, Guo Lei woefully embraced his left and right before he could hold the hundred thousand Canadian dollars firmly in his arms.

At this moment, he felt the shame of being called on by Ye Chen and could not help but curse in his heart, "D\*mn, this little b\*\*\*\*\*d is quite f\*cking arrogant, I am not a casino boy, how dare you f\*cking ask me to exchange chips for you?"

But then he thought, "I've got \$100,000 in my pocket! Maybe I can get this guy's pocket full of money tonight! This is a big deal ..... temper must be controlled ....."

So, the fire in his heart dissipated again instantly, and that shame was thrown away to the sky.

He secretly said in his heart, "This dude looks like a master who is not bad with money, I guess he used to gamble in other places and was served like a master, he has long been used to this way of calling on others, forget it, I will serve him today, who the hell has a problem with money ....."

Thinking of this, he immediately said with a smile, "Okay buddy, wait, I'm going to change your chips!"

### **Chapter 4023**

Soon, Guo Lei diligently brought Ye Chen a tray of flowery chips.

The denominations of the chips started from one hundred Canadian dollars, and there were five hundred and one thousand higher.

He handed the chips to Ye Chen and said with a smile, "Buddy, your chips!"

Ye Chen nodded, waved his hand unconcernedly and said blandly, "You carry it on your end."

"I ....." Guo Lei was stunned, once again feeling a slight insult to his personality.

But Ye Chen directly took out five \$1,000 chips from it and stuffed them into Guo Lei's pocket, saying casually, "Don't worry, you won't be allowed to end it for nothing."

Guo Lei's expression was slightly stunned, and then he felt that this guy Ye Chen must be an old gambler who had been in the casino for years, and at first glance, he was generous, giving five thousand US dollars for a tip, which had never been seen in his own casino.

So, Guo Lei immediately put on a flattering expression and said smilingly, "Aiya, thank you Mr. Ye!"

Guo Lei, who had received the money, became even more polite to Ye Chen, and even changed his address from buddy, to Mr. Ye.

Ye Chen gently waved his hand in response, so he picked up another pile of chips and kept holding them up and down in his hand, making a crisp plastic tapping sound, and said to Guo Lei, "Tell me about it, what are the fun items?"

Guo Lei said with a smile, "I'm not going to lie to you, Mr. Ye, we have everything here, including craps, blackjack, roulette, baccarat, and Pai Gow, which is popular in North America, and Pai Gow, which is popular among Chinese."

Guo Lei said, "If you want to play gold fry, I can also arrange it for you."

Ye Chen nodded and said, "Let's play Pai Gow, I just like to play Pai Gow, it's simple, effortless and not brain-dead."

Guo Lei hurriedly said, "Okay, this way please!"

At the pai gow table, a European-faced dealer was sitting at the table on behalf of the casino, and there were three foreign players sitting next to him, who were having a good time at the moment.

Guo Lei took a look at the table and saw that the man opposite the dealer only had a few thousand dollars in chips on the table, so he tapped him on the shoulder and said, "Get up and go play something else."

The man was about to get angry, but as soon as he saw that it was Guo Lei who was speaking, he immediately nodded resentfully and hurriedly gathered his chips and gave up his seat.

Afterwards, Guo Lei politely said to Ye Chen, "Come, Mr. Ye, you sit here."

Ye Chen nodded and sat straight down in that seat, then asked, "What are the rules?"

Guo Lei said smilingly, "There are no special rules, the game is the same as in China, the minimum bet is one hundred dollars, and the venue takes 5% of the bets!"

Ye Chen skimmed his lips and said, "5%, that's dark enough."

Guo Lei laughed and said, "Since you've spoken, we must give you a discount, so we'll give you a 2.5% discount on your draw!"

Ye Chen nodded in satisfaction and said indifferently, "That's more like it, I don't care about this small amount of money, but the minimum rules must be in place."

After saying that, he threw in a thousand dollars in chips and said indifferently, "Come, let's begin."

Guo Lei, who was standing behind Ye Chen, took a step back without showing his face, and then gave a wink to the lottery official sitting at the dealer.

The other party understood and immediately started dealing the cards.

On the first hand, Ye Chen easily got a pair of heavenly cards and easily won a thousand dollars from the dealer.

Seeing this, Ye Chen said with a smile, "Good luck today, it's a good opening."

After saying that, he counted another three thousand chips, and with the capital and profit he had just made, he threw five thousand dollars down in one hand.

This time, Ye Chen won again.

After winning two hands in a row, Ye Chen looked in a good mood and threw a large handful of \$100 chips to Guo Lei, saying, "Change them all to a thousand, a hundred is too small."

#### **Chapter 4024**

Guo Lei nodded, found a waiter and hurriedly ordered it down.

At this time, Ye Chen at the gambling table casually counted his chips and simply threw in 10,000, smiling and saying, "Tonight, I'm going to kill the banker three times!"

Guo Lei saw that Ye Chen was full of confidence and wanted to take advantage of the situation, so he immediately gave a wink to the dealer.

In this hand, Ye Chen did not have a big hand, and the dealer's hand was not too big, only one point bigger than Ye Chen's. So, the dealer took Ye Chen's hand.

So the dealer took Ye Chen's hand and paid out the other two.

However, the other two bets were very small, a hundred and a two hundred, so the banker was able to recoup all his previous losses and make a profit on this hand.

In fact, when the dealer was shuffling his cards, Ye Chen could already see the movements in his hands.

These lottery officials, just like He Lian, who had pitted Ma Lan with Qian Hongyan back then, were actually all experts in the art of Chiaroscuro.

And this kind of thing is not a special function, just like a close-up magician, it relies on the speed of the hand, as well as all the special blindfolds and props.

The dealer in front of Ye Chen was himself a master of the art of Chiromancy. When he shuffled the cards, he hid the nine cards he wanted in the position he wanted, and then with his extremely fast hands and specially trained memory, he made the cards in the order he wanted.

However, his hand speed could fool ordinary people, but not Ye Chen.

But Ye Chen didn't care.

He was here to be the God of Wealth tonight, and he was about to send Guo Lei's whole gang to Wan Breaking Army in one pot to do hard labour, so in Ye Chen's opinion, this amount of money was just to pay for his head.

So, he deliberately pretended to be a bit chagrined and said, "D\*mn, it's just a bit short of ah ..... I still don't believe it."

After saying that, he threw in another 10,000 and said in a loud voice, "Again!"

Guo Lei was in a good mood at this time.

As the saying goes, nine out of ten gamblers are fraudulent, and those who run casinos are the originators of them.

Just like Guo Lei, what he played, was the most common psychological tactic.

First, he let Ye Chen win two hands by a huge margin, giving Ye Chen the illusion that he was very lucky with his cards tonight, and then he used a very small margin to narrowly win a round against Ye Chen and get back all the money Ye Chen had won before, with interest.

He thought that this would make Ye Chen feel resentful and that he would feel that he was just a little bit off this hand and that he would soon win back the next one.

All this made Guo Lei feel that Ye Chen had already fallen into his trap, and that the trap was becoming more and more secure and deeper with the naked eye.

Ye Chen did indeed live up to Guo Lei's expectations and soon fell deeper and deeper into the pai gow game.

Within half an hour, he had already lost all the 100,000 chips he had exchanged.

Guo Lei saw that Ye Chen had lost his last chip and looked a bit reluctant, so he immediately went forward and said comfortingly, "Mr. Ye's luck seems to be getting a bit worse this time, why don't you take a rest and slow down a bit?"

Ye Chen looked at Guo Lei, smiled slightly, waved his hand and said, "Victory and defeat are commonplace in a soldier's house, besides, such a small amount of money is not enough to win or lose, at best it is just a fishing bait."

After saying that, he threw the plastic bag in his hand to Guo Lei and waved his hand, "Go, change all these money into chips for me!"

## **Chapter 4025**

Guo Lei took the cash that Ye Chen flung at him and was so happy that he immediately went to change a tray of chips for him.

This time, he did not prepare a hundred chips for Ye Chen, the smallest denomination was a thousand Canadian dollars, and there were two thousand, five thousand and ten thousand.

When he returned with the chips in his arms, he respectfully placed them in front of Ye Chen and said politely, "Mr. Ye, your chips, count them."

"No need." Ye Chen didn't even bother to look at it, and directly took out a 10,000 Canadian dollar chip from it and threw it to him, saying indifferently, "This is for you."

"Aigoo, thank you Mr. Ye, you're really generous!"

Guo Lei was flattered and accepted the chip, thanking him profusely with his mouth, but his heart was already overflowing with joy.

Ignoring him, Ye Chen took out another 10,000 chips and placed it on the table, tapped the table top and said to the dealer, "Come on, deal the cards."

The dealer nodded and glanced at Guo Lei, seeing that Guo Lei had his arms wrapped around him and his right hand grasping his left upper arm, he knew that Guo Lei wanted Ye Chen to lose another hand, so he immediately moved his hand again while shuffling the cards.

Guo Lei, at this point, had become the conductor of the entire gambling game.

If he wanted Ye Chen to win, Ye Chen would win; if he wanted Ye Chen to lose, Ye Chen would win.

If he wanted Ye Chen to lose, Ye Chen would definitely lose.

Ye Chen was certainly very clear in his heart.

But he did not care about it.

Moreover, as he lost more and more money, he did not show any displeasure at all because of the loss.

Guo Lei saw that Ye Chen was still unchanged after losing 300,000 Canadian dollars, so he knew that Ye Chen was indeed a man who was not short of money, otherwise, if he were an ordinary person, he would have been sweating and agitated after losing so much money.

Ye Chen saw the chips on the table getting smaller and smaller, and when there was finally five thousand chips left, he pushed all the chips in and said indifferently, "Come on, last hand."

The lottery official nodded his head and stole a glance at Guo Lei, seeing that Guo Lei was still grabbing his right arm with his left hand this time, he knew that he was still going to let Ye Chen lose this hand.

He then dealt Ye Chen a very small hand.

After the cards were opened, the dealer once again won Ye Chen by a slim margin without any doubt.

At this time, Ye Chen stood up and said to Guo Lei, "Come on, I'm not playing anymore, I'm not in shape today."

Guo Lei hurriedly took out 10,000 chips and handed them to Ye Chen, saying with a smile, "Mr. Ye, why don't you continue to play with this 10,000 Canadian dollars in chips for two more hands, you might still have a chance to turn around."

Ye Chen waved his hand and said indifferently, "I don't want to play, it's not much fun to play small and win back."

Saying that, he looked at Guo Lei and spoke, "How about this, tomorrow night is still the same time, I'll prepare two million to come over."

When Guo Lei heard this, he was so excited that he could barely keep his mouth shut and quickly said, "Since Mr. Ye still wants to play tomorrow, I will still pick you up from Xiao Fen's house tomorrow!"

Ye Chen nodded and said blandly, "Still drive that Rolls Royce, I'm not used to riding in other cars."

"That's for sure!" Guo Lei laughed without thinking, "Tomorrow night, I will make all the arrangements!"

"Good." Ye Chen stretched and said to Li Xiaofen and Claudia, "Don't come with me tomorrow night, the environment here is really bad and the ventilation isn't good, it's not good for your health."

Claudia was confused.

She didn't understand why Ye Chen didn't bring herself and Li Xiaofen tomorrow, if she didn't bring the two of them over, what if Li Xiaofen was in danger?

However, she could not ask this to her face, so she had to nod obediently.

Li Xiaofen also felt that this place was particularly meaningless, and it hurt to see Ye Chen lose money.

She wanted to advise Ye Chen not to come tomorrow, but on second thought, it seemed like Ye Chen had come here to lose money on purpose today, so she was also a bit confused about Ye Chen's ruse, so she had no choice but to nod her head in agreement, just like Claudia.

Immediately afterwards, Ye Chen instructed Guo Lei, "Send us back."

### **Chapter 4026**

Guo Lei hurriedly said solicitously, "Come Mr. Ye, this way please!"

After leaving the casino, Guo Lei drove the Rolls Royce and sent the three back to Auntie Li's house again.

Because Ye Chen had lost his money so quickly, it had only been just two hours since the three of them had left home at this time.

Before getting out of the car, Guo Lei respectfully said to Ye Chen, "Mr. Ye, then you have a good rest tonight, I will come back to pick you up tomorrow night!"

He then asked, "Right Mr. Ye, is it convenient to leave your contact information so that I can contact you in advance tomorrow night."

"No need." Ye Chen said casually, "You can just contact Claudia directly at that time. "

Guo Lei nodded and said readily, "That's fine! Then I'll contact Claudia directly tomorrow."

Ye Chen gave a hmph, pushed the door and got out of the car, and entered the villa with the two girls.

Guo Lei watched Ye Chen walk in with a smug smile on his face as he secretly sighed, "This is the god of f\*cking money! 300,000 today, 2 million tomorrow, if we mess with his mind one more time, maybe we can make him lose even more tomorrow!"

When he thought of this, he immediately took out his mobile phone, found a phone and dialed it. Once the phone was connected, he instructed, "Hold off on Li Xiaofen for today."

The other party asked, "Mr. Guo, when do we do it?"

Guo Lei said, "Don't be in a hurry, stand by, if the time is right, we'll talk about it tomorrow night!"

.....

Back at Auntie Li's house, Auntie Li didn't have any suspicions about the three of them going out.

She had already packed a guest room for Ye Chen on the first floor, a room right next door to Claudia's and opposite Li Xiaofen's.

Each bedroom in this house had its own en-suite bathroom, so it was relatively convenient for Ye Chen, a big man, to stay here.

After returning to his room, Ye Chen sent a video message to Xiao Churan.

When Xiao Churan asked him about the situation, Ye Chen told her that he had everything under control and said that one of his clients had some background in Canada and he had been asked to help him with the investigation, and he believed that there would be results soon.

After the video call with Xiao Churan ended, Ye Chen's room door was knocked gently.

Ye Chen said, "Enter."

Then he saw Li Xiaofen and Claudia pushing the door together and walked in.

As soon as she entered, Li Xiaofen asked impatiently, "Brother Ye Chen, what kind of plan are you working on, why did you lose so much money to that Guo Lei? I was watching from the sidelines and it was killing me ....."

The money that I lost to them is nothing compared to what I'm going to do, so I'll consider it as a bit of settlement money for their families."

Ye Chen intended to wipe out the Italian group, the 700 to 800 people would be reduced to lifelong labour, losing them two to three million Canadian dollars was nothing, on average, less than three thousand dollars per person, if we calculate the purchasing power, I am afraid that the price of the slave trade in Europe and America was not so cheap.

Hearing this, Li Xiaofen hurriedly asked, "Brother Ye Chen, do you have any plans?"

Ye Chen nodded and said indifferently, "I have prepared a big show, which will start tomorrow night on time, so you will both have the opportunity to see it up close."

Li Xiaofen's eyes lit up with anticipation.

And Claudia, who was at the side, couldn't help but ask, "Brother Ye Chen ..... You're going to the casino by yourself tomorrow, what about me and Xiaofen ....."

Ye Chen knew that Claudia was worried about Li Xiaofen's safety, in case Guo Lei's men came over to lay hands on Li Xiaofen tomorrow night while Ye Chen was at the casino, it would be really troublesome.

Ye Chen said with a smile at this time, "I have some of my men coming to Vancouver tomorrow, I will arrange all these things, don't worry!"

## **Chapter 4027**

Ye Chen knew that Guo Lei must be thinking about the two million he had promised tomorrow, so he would definitely not make another move against Li Xiaofen tonight.

The night turned out to be just as he had expected, and nothing happened.

After he got up, Ye Chen received a call from Wan Bajun.

When the call was answered, Wan Bajun said respectfully, "Mr. Ye, my subordinates and more than two hundred men from the Ten Thousand Dragon Temple have arrived in Vancouver and are at your disposal at all times!"

Ye Chen was surprised and asked, "Why are you here too?"

Wan Bajun hurriedly said, "There is nothing important in the Middle East for the time being, and since you are in need of people, I brought my men here personally."

Saying that, Wan Bajun asked, "Mr. Ye, if you have any requests, please just give me an order, I will do my best!"

Ye Chen said, "You and your brothers should first find a place to settle down, and wait for my orders on the specific arrangements."

Without thinking, Wan Bajun said, "Okay, Mr. Ye, if you have any needs, feel free to contact my subordinates!"

After hanging up Wan Bajun's phone, Ye Chen was about to wash up when he suddenly felt that someone was eavesdropping at his door.

From the other party's breathing rate and habits, Ye Chen could tell that it was Claudia, whom he had just met not long ago.

So he walked to the door of his room and pulled it open before Claudia could turn around.

Claudia, who was lying at the door of the room eavesdropping, heard the movement of opening the door, and when she subconsciously wanted to run it was already too late, so she looked at Ye Chen with embarrassment and said with a little bit of trepidation, "Brother Ye Chen ..... sorry ..... I ....."

Ye Chen smiled faintly and said lightly, "Come in if you need to see me."

Claudia hurriedly nodded and entered Ye Chen's room.

As soon as she entered, she pursued in a low voice, "Brother Ye Chen, can you tell me a little bit about your plans for today? If there's anything I need to cooperate with, please make sure you tell me in advance!"

Ye Chen shook his head and said indifferently, "I've already made all the arrangements, you will go to the shop with Little Fen normally during the day today and don't need to worry about anything else, I will arrange for people to protect Little Fen here in advance before I go to the casino at night, I will never let Little Fen meet any danger."

Claudia put down the new slightly, and asked a little nervously, "Brother Ye Chen, then what are you going to do with Guo Lei?"

Ye Chen looked at her and asked seriously, "He is the culprit who killed your parents and two brothers, what do you want me to do with him?"

Claudia shook her head and murmured, "I don't know..... used to want to kill him myself whenever I thought of my parents and two brothers dying from poisoning and being burnt to a crisp by fire, but, when I calmed down, I felt that if my parents were alive in heaven, they might not want me to avenge them in that way....."

Saying that, Claudia gave a slight beat and added, "If I can make him and the mastermind behind the curtain accept the punishment of the law, that should be the fairest and most just solution."

Ye Chen smiled faintly and asked, "Claudia, according to Canadian law, if Guo Lei pleads guilty to the law, what kind of sentence will he face?"

Claudia said, "Canada has abolished the death penalty, so if he pleads guilty, it should be life imprisonment."

Ye Chen asked again, "Do you think that's reasonable?"

Claudia hesitated for a moment with a torn expression, but still nodded and said, "I think it's reasonable ....."

Ye Chen said blandly, "I don't think it's reasonable."

Saying that, he said with a cold expression, "It's not that I don't respect the laws here, it's just that since he's got his mind on my Ye Chen's sister, then I have to use my own means to make him pay a bigger price!"

At this moment, Claudia saw in Ye Chen's expression a majesty and boldness that did not allow any provocation, and she could not help but envy Li Xiaofen in her heart, how lucky she was to have a brother like Ye Chen.

.....

When we were eating breakfast, Li Xiaofen suggested, "Brother Ye Chen, why don't we just close the convenience store today, and the three of us will take you around Vancouver!"

Ye Chen laughed, "Sorry Little Fen, I have some business to attend to later, I have to go out for a while."

## **Chapter 4028**

Auntie Li asked curiously, "Ye Chen, do you have any other business in Vancouver this time?"

Ye Chen smiled, "Auntie Li, the Ye family's shipping company just happened to be looking at a ship in Vancouver, and I happen to be here, so I will go to the port later to take a look at it, and do some transaction procedures by the way."

Auntie Li didn't suspect anything and nodded, "The port is not that far from here, let Fanny take you there!"

Ye Chen said, "No need Auntie Li, I can just take a taxi there myself."

After saying that, he looked at Li Xiaofen and said, "Xiaofen, you should go to the convenience store normally, I'll come back to the shop after I'm done."

Seeing this, Li Xiaofen didn't insist any further.

After breakfast, Li Xiaofen drove Claudia and Auntie Li to Chinatown.

Auntie Li didn't have to go to daycare in the morning and would usually go to the convenience store to give them a hand.

Ye Chen took a taxi for himself and headed for the Vancouver port.

He Zhiqiu had found him a 15,000-ton bulk carrier from Vancouver, as he had ordered, for \$20 million, not a beautiful price, but the advantage was that it could be traded immediately and put into service straight away.

All Ye Chen had to do was to take the documents, go to the port and do the transfer formalities, and the vessel was his.

Ye Chen went to the port of Vancouver and found the owner of the ship at the address provided by He Zhiqiu.

The owner took him to see the freighter docked at the port. Although a 15,000-ton freighter was only a younger brother in the field of freighters, this iron fellow was really big enough, and in terms of displacement, it was not a problem to stuff a few thousand people inside.

So, Ye Chen directly signed the ship transfer agreement with the other party on board, and then he asked He Zhiqiu to transfer US\$20 million to the ship owner to buy the freighter under his name.

After the deal was made, the ship owner warmly invited Ye Chen to lunch, but Ye Chen politely declined. He sent off the previous owner of the ship, and then called Wan Bajun and told him the location of the ship.

Half an hour later, Wan Bajun arrived one after another with nearly 300 people.

On the deck, Wan Bajun was the first to kneel down on one knee towards Ye Chen and said respectfully, "Mr. Ye, I, Wan Bajun, report to you with more than two hundred men from the Ten Thousand Dragon Hall and stand by for your orders!"

Behind him, more than two hundred soldiers of the Hall of Ten Thousand Dragons also knelt down on one knee, shouting in unison after Wan Bajun to show their sincerity.

To Ye Chen, there was no one in the ranks of the Hall of Ten Thousand Dragons who did not obey him.

Even for those who did not go to Mount Ye Ling, they knew that Ye Chen was extremely strong, killing the two great kings of the Hall of Ten Thousand Dragons in two moves and being so powerful that Wan Bajun surrendered without a fight.

Moreover, since Ye Chen was able to convince Wan Bajun to bow down to him, the others would not dare to show any disrespect to him.

Ye Chen looked at the crowd, nodded slightly, and spoke, "Alright, everyone get up, there is no need to kneel and salute when you see me in the future."

Only then did Wan Bajun stand up and said respectfully, "Mr. Ye, what do you need your subordinates to do, please command!"

Ye Chen looked at him and spoke, "Broken Jun, I will give you three tasks, all three of which will allow no mistakes to be made!"

After saying that, Ye Chen told Wan Bajun about his three tasks, one by one.

After hearing this, Wan Bajun immediately said firmly, "Mr. Ye, don't worry, my subordinate will definitely complete the mission!"

## **Chapter 4029**

After dinner, Guo Lei diligently drove his boss's Rolls Royce and came to wait in front of Auntie Li's house.

Ye Chen came out of the villa alone, with a huge sports bag on his shoulder.

Inside, the bag was filled with the two million Canadian dollars he had just cashed in today, in addition to all the materials for the cargo ship he had just bought.

When Guo Lei saw Ye Chen, his eyes immediately burst out with the light of money and he hurriedly got out of the car and opened the door of the back seat of the Rolls-Royce for Ye Chen in advance, and when Ye Chen came to him, he said with a respectful face, "Mr. Ye, please get in!"

Ye Chen nodded and was about to throw his bag into the car when Guo Lei hurriedly reached over first and said with a smile, "Come, come, let me help you put the bag in!"

Ye Chen didn't refuse, so he watched as he struggled to put the bag into the seat inside.

Guo Lei casually asked, "Mr. Ye, this bag is heavy enough for you, what's in it?"

Ye Chen casually said, "Of course it's filled with cash."

Guo Lei couldn't help but stick out a thumb and exclaimed, "Mr. Ye is really rich, it's beyond the reach of a small character like me."

Ye Chen laughed, did not reply and bent down to sit in the car.

Guo Lei jogged all the way back to the driver's cab, and just as he got in, he started the car while respectfully saying to Ye Chen, "Mr. Ye, after our boss heard about you, he also felt that you were a particularly generous person and very worthy of friendship, so today he specially put off other things and personally waited for you at the casino, intending to get to know you. "

Ye Chen nodded gently and asked, "Is your boss planning to play a couple of games tonight as well?"

Guo Lei smiled, "It depends on you, if you want to play a couple of games with our boss, he shouldn't refuse."

Ye Chen smiled, "Fine, let's go and get to know each other first."

Guo Lei once again drove Ye Chen to the underground casino from yesterday. Inside the casino today, the environment was much better than yesterday, the hygiene had just been cleaned, some greenery and decorations had been added, and even the air was filled with the smell of high-grade aromatherapy.

The waiters in suits from yesterday had disappeared and were replaced by a group of beautifully dressed, sexy casino bunny girls.

Guo Lei led Ye Chen inside while introducing him attentively, "Mr. Ye, after listening to some of your comments yesterday, we overhauled an all-round overhaul of the casino, which we hope will satisfy you."

Ye Chen nodded and said indifferently, "It's indeed better than yesterday."

Guo Lei smiled heatedly and pointed to the innermost part of the casino and said to Ye Chen, "There is a VIP room inside, our boss is already waiting for you inside, please follow me!"

Ye Chen followed Guo Lei to the door of the VIP room, Guo Lei knocked on the door, inside was a box of about 20 to 30 square meters, the box was quite well decorated, in the middle was a gambling table that could accommodate ten people, in front of the table sat a white man with a full beard, his age was about forty years old.

Guo Lei smiled and said to Ye Chen, "Mr Ye, this is the owner of our group, Mr Andre Ritchie."

Then, he hurriedly said to Ritchie, "Boss, this is what I told you about, my compatriot from China, Mr. Ye!"

With a smile on his face, Andre Ritchie stood up and said to Ye Chen with a big brother's attitude, "Hello, Mr. Ye! I am Andre Ritchie, you can call me Andre, welcome to Vancouver, if you have any trouble in Vancouver, or if you need any help from me, you can always contact Guo Lei."

Ye Chen smiled slightly and said casually, "Thank you for your kindness, but I'm here in Vancouver to run some errands and play a couple of games with you on the side, so there shouldn't be anything that I need to trouble you with."

### **Chapter 4030**

Speaking of this, Ye Chen raised his eyebrows and casually laughed, "But if you have the chance to go to China in the future, you can contact me if you encounter something there, listen carefully I am talking about the whole of China, not just limited to a certain city, I am still somewhat capable in the country."

Andre Ritchie's heart became a little annoyed after hearing this.

He could probably understand the meaning of Ye Chen's words, which meant that he had some power in the whole of China, unlike himself, who only had some power in one city like Vancouver.

This was a clear indication that he did not think highly of himself.

So, he immediately became a bit angry in his heart.

According to his brutal character, if he dared to humiliate him to his face, he would first beat his head into a pig's head with a heavy fist and then break his teeth off one by one with a vise.

However, thinking that Ye Chen was a god of wealth who had come to deliver money, he would not have a problem with money even if he was upset in his heart, so he smiled sarcastically and asked, "Since Mr. Ye wants to play a couple of games, I wonder how exactly he wants to play?"

Ye Chen casually laughed and said, "Any way you want to play, it's all a game anyway."

As he said that, he unzipped his backpack and poured two million Canadian dollars in cash onto the table and said to Guo Lei, "Here, exchange all this money for chips, I'm leaving Canada tomorrow, so let's play tonight!"

Guo Lei was dumbfounded at the sight of the two million dollars in cash, while Andrea Ricci, who was standing by, couldn't help but stare in disbelief.

Andre had just become the boss of this Italian group not long ago and had not amassed much money, the Rolls-Royce that brought Ye Chen to the casino was still bought with the money earned from the abduction of young girls, the casino had not been doing well recently and the income was not stable, so he had never really seen two million in cash piled up together.

How could he not be excited when he saw that Ye Chen had sent him so much money?

As long as he ate up Ye Chen's money, he would be able to take 90% of it with him when he went home!

The displeasure he felt just now was temporarily pushed to the bottom of his heart, and he said to Ye Chen with a smile, "Mr Ye is really something else! In that case, then I will play with Mr. Ye today."

Saying that, he said to Guo Lei, "Hurry up and change the chips, and invite the lotteries over."

"Good!" Guo Lei was busy collecting all those cash from Ye Chen, and then laboriously carried a large bag of cash out.

Soon after, he arranged for two rabbit girls, each carrying a large tray full of large chips, to walk in.

The two rabbit girls each carried their chips to Ye Chen and Andre's side. The rabbit girl beside Ye Chen kept scratching her head and said to Ye Chen in a crispy voice, "Sir, here are your two million chips, please check them!"

Ye Chen waved his hand, "Isn't it just one million nine hundred and eighty thousand? What else is there to check."

The rabbit girl said in a panic: "Sir, you must not misunderstand, here is a whole two million chips, not one million nine hundred and eighty thousand ..... you can count it yourself if you are not sure!"

Ye Chen smiled, smoothly picked up two ten thousand chips and tossed them to the rabbit girl, saying indifferently, "Look, isn't it one million nine hundred and eighty thousand now?"
