

Ye Chen 4041

Chapter 4041

A roar of excitement and ecstasy from André also excited the members of the group behind him.

The group of people were all fist pumping, waiting to get on board and find out what was going on.

Andre said with a smile as he held his gun against Ye Chen, "Mr Ye, it's hard for you to lead the way in front."

Ye Chen didn't say anything, and stepped in.

Andrei and Guo Lei followed closely behind, while the crowd immediately behind them cheered as they quickly followed and swarmed in.

The power, control and crew life sections of such a large cargo ship are all at the stern, while the front is full of cargo bays.

The first thing you enter through this hatch is a steel stairwell that leads down to the engine room and forward to the cargo hold, but these passages have been locked in advance, so you can only go up the stairs once you've entered.

None of the men, including Andrei, were interested in the interior of the ship, they just wanted to get to the top and take control of the bridge first.

So the men rushed up in a flurry.

At this moment, there were only a few generals from the Ten Thousand Dragons Hall inside the pilot deck, and the leader of them was Wan Breaking Jun.

As soon as Ye Chen walked up, Wan Bajun opened his mouth and reported, "Mr Ye, we are ready, when do you think we should set sail?"

"You still want to sail?" Andre beside Ye Chen sneered twice, raised his pistol and pointed it at Wan Bajun's head, saying coldly, "Tell everyone to stop what they are doing and gather on the deck, if anyone dares to call the police, I will be the first to kill you!"

Seeing the other party's gun, Wan Bajun couldn't help but be a little dumbfounded and sighed to Ye Chen, "Mr. Ye, I'm not going to lie to you, I can't remember the last time I had a gun pointed at my head."

Andre didn't expect Wan Bajun to speak to him like that, so he immediately said with a vicious face, "Kid, in Vancouver, don't speak too loudly, there are hidden dragons and crouching tigers here, a small character like you, who doesn't know how to die, will not even know how to die if you offend someone here."

When Ye Chen heard this, he couldn't help but laugh twice and said to Wan Bajun, "Bajun, this is the owner of the Italian Group in Vancouver, it is said that he has only one hand in Vancouver, very impressive."

“Only his hands cover the sky?” Wan Bajun couldn’t help but laugh, “Mr. Ye, I’m not going to lie to you, although my subordinate doesn’t do business in North America, I still have some knowledge of the situation in Vancouver.”

Saying that, Wan Bajun looked at Andre with contempt and sneered, “This small place has a total population of less than one million, the words ‘hidden dragon and crouching tiger’, it is far from being able to talk about, at most it can be considered as a mix of fish and dragons;”

“However, this place is not very populated, but there are a lot of gangs. If it wasn’t for the rise of the Chinese gangs, which beat the Vietnamese gangs into submission, the Italian gangs would have been beaten back to Sicily.”

“b*****d you’re f*cking looking for death!”

Wan Bajun’s words instantly enraged all the gang members, including Andre, completely!

Andre even turned on the hammer of his pistol, with the attitude that if you tell the f*cking truth again, I will finish you off.

Although they all knew that their gang really didn’t rank in the top three in Vancouver, and they also knew that they didn’t rank in the top five in terms of fighting ability. But such words being said by a boat runner really made them feel doubly insulted.

Especially that last sentence of Wan Breaking Jun, which poked their soft spot.

The Italian gangs had indeed been unlucky over the years.

The reason they used to do well in Canada was entirely because they came early.

They had come out of Sicily and established themselves in the United States and Canada respectively before Asian immigrants flooded into Vancouver.

However, after the Vietnam War, a large number of retired and defeated Vietnamese soldiers came to Canada and, with their superior military qualities, soon took their place there.

Chapter 4042

From then on, the Italian group did not have such a good time.

Later, with the rise of the Chinese gang and the infiltration of Eastern European forces again, it became increasingly difficult even for the Vietnamese, let alone the Italian group.

These years, the whole Italian group was just trying to survive in the cracks, and life was really suffocating.

At this moment, Wan Bajun ignored Andre’s pistol and did not even look at him, but said to Ye Chen with a calm face, “Mr. Ye, just this small place of less than one million people in Vancouver, if you are interested, just give your subordinates one night, I can make all the gang leaders in Vancouver line up and kneel down in front of you and sing congratulations! “

“Crap!” The group of Italian group members had almost stormed out, even Guo Lei was furious.

Although Andre didn't know exactly how to sing conquest, he also knew that this was simply a complete disregard for his own eyes.

He looked at Wan Bajun and said in a cold voice, "You've got a lot of f*cking nerve! Originally I just wanted this ship and didn't want to do anything to you crew, but since you are so insensitive, don't blame me for treating you badly!"

Wan Bajun glanced at Andrei and said indifferently, "The only reason you are still alive is because Mr. Ye wanted to keep you alive, otherwise, you would have been dead the moment you pointed your gun at me!"

When Guo Lei heard this, he became furious and pointed at Wan Bajun, gritting his teeth and cursing, "Have you been f*cking kicked in the head by a donkey? A f*cking boat runner, and you still dare to brag about it, you really think your life is too long!"

Wan Bajun smiled slightly and asked Guo Lei curiously, "I don't quite understand why you, a Chinese, would want to be a dog with a bunch of Italians?"

Guo Lei was furious and cursed through clenched teeth, "f*ck, who the hell said I'm a dog? I'm the second-in-command of the Italian group!"

Wan Bajun nodded and smiled, "Good second in command, don't worry, I will definitely take care of you in the future."

Guo Lei did not know at this moment, what exactly Wan Bajun meant by this so-called more care.

He only knew that his dignity, at this moment, had been provoked and insulted like never before.

He immediately said to the Italian group members around him, "You guys, drag this guy out onto the deck and give him a good beating! And tear his mouth out for me!"

Those few members of the Italian group immediately rushed over to Wan Bajun in an aggressive manner.

As they walked, they deliberately clicked their fingers together.

Wan Bajun looked at Ye Chen without changing his face and spoke respectfully, "Mr. Ye, please give an order!"

Guo Lei couldn't help but spit and cursed, "I'm really f*cking convinced of you, you're still pretending to be a p*ssy even when you're dying, I think your surname is p*ssy and your name is King, the King of p*ssy that people often say is you, right?"

Wan Xiaojun's expression was incomparably cold, but he did not look at him, but waited silently for Ye Chen's order.

At this time, Ye Chen was too lazy to pretend to be a wimp anymore, and stretched lazily as he casually said, "Broken Jun, before you make a move, introduce yourself to them."

Chapter 4043

With this statement, Ye Chen directly froze Andre and Guo Lei's group.

Guo Lei couldn't help but think: "It doesn't matter if the one called What's Broken Army has lost his mind, has this guy surnamed Ye also lost his mind along with him?"

As he was wondering, Wan Bajun respectfully arched his hand to Ye Chen, then looked at Guo Lei and Andre and the others and said indifferently, "Introduce yourself, my surname is Wan, my name is Wan Bajun."

"Wan Broken Jun?!" When Guo Lei heard this name, he was first stunned, he always felt that this name seemed particularly familiar, but he couldn't remember exactly who it was at once.

At this time, Andre subconsciously said, "Your name is Wan Bajun? D*mn, no wonder you're so arrogant, so you have the same name as the famous Hall Master of the Ten Thousand Dragons!"

It was only then that the crowd suddenly realized!

No wonder that name sounded familiar!

The famous Ten Thousand Dragons Hall Master, Wan Bajun, is a legendary god-like figure!

However, at this moment, no one believed that this Wan Breaking Army in front of them was the same Wan Breaking Army, the Hall Master of the Hall of Ten Thousand Dragons.

Therefore, Guo Lei came back to his senses and said in a cold voice, "You think that just because you have the same name as the Lord of the Hall of Ten Thousand Dragons, I won't dare to touch you? Of the 1.4 billion Chinese people, there are an unknown number of people called Wan Bajun, but there is only one Wan Bajun who is truly capable! What the f*ck are you?"

Wan Bajun smiled faintly and said, "I am the Wan Bajun you are talking about!"

Guo Lei was exasperated by him and was about to say something when Wan Bajun was no longer in the mood to continue playing with them, so he faintly said two words, "Do it!"

As soon as the words left his mouth, dozens of black-clad soldiers with assault rifles immediately poured in from outside the C*ckpit.

Immediately afterwards, dozens of soldiers with assault rifles also rushed in from the bottom staircase!

Andre's group was partly blocked inside the C*ckpit, and partly completely blocked inside the multi-storey staircase.

They were all scared out of their wits when they saw so many soldiers with loaded guns.

Of all the people in the Italian group, not many really had guns, and those that did were only a few pistols, so their firepower was not on the same level as that of the soldiers of the Dragon Palace.

Andre was almost frightened silly because he was holding a gun in his hand and was pointing it at Wan Breaking Army, so there were a dozen assault rifles pointing at him at the moment.

Guo Lei instantly came back to his senses and immediately put his hands on his head and shouted, "Don't shoot, don't shoot! I surrender!"

He really didn't expect Guo Lei to fall so quickly at this critical moment!

At this moment, he was still holding on, his right hand trembling as he pointed his gun at Wan Bajun and said through clenched teeth, "D*mn it, if you don't let them put their guns down, we'll all die together!"

Wan Bajun laughed contemptuously and suddenly reached out his hand, snatching the Beretta pistol out of his hand with great speed.

Before Andre could react, his beloved pistol was already in Wan Bajun's hand.

Wan Bajun looked at the pistol, shook his head disdainfully, grabbed the handle with one hand and the barrel with the other, and with a little force, twisted the steel pistol into a twist!

When Andre saw this scene, he almost P*ssed himself in fear!

He had heard that the Ten Thousand Dragon Hall were all top experts in certain fields, but he had never thought that Wan Bajun's body function would be so strong that he could easily twist even a pistol made of steel, such strength was simply not possessed by normal humans!

At this moment, he was also firmly convinced that the man in front of him was the famous Master of the Hall of Ten Thousand Dragons, Wan Bajun!

When the others saw this scene, they were all trembling with fear, knowing that their side had absolutely no chance of winning, and that if they still dared to step forward at such a time, it would basically be a death sentence.

So a whole bunch of people crouched on the ground with their hands on their heads, even those who were still crowded on the stairs, and they all fell down in a heap.

Andre was also frightened with a pale face, looked at Ye Chen, shivering and asked, "Ye Mr. Ye this what is going on here is there some misunderstanding here"

Ye Chen faintly smiled: "There is no misunderstanding, didn't you win a boat from me? I will give you this boat now."

Even if Andre was stupid, at this time he knew that Ye Chen was actually pretending to be a pig and eating a tiger.

Even the famous Hall Master of the Ten Thousand Dragons Hall was calling himself a subordinate in front of him, so I was afraid that the strength of this man had long since far exceeded his own imagination.

Chapter 4044

Thinking of this, he immediately raised his hand to slap himself and choked, "Mr. Ye, I am really sorry I shouldn't have cheated with you at the gambling table begging you to give me a chance to make amends for the sake that there is no other misunderstanding between us"

Ye Chen smiled with interest and asked, "Come on, tell me, how do you plan to make amends with me?"

Andre hurriedly said, "I don't want this ship In addition to that the money you lost to me at the casino, I'll return all of it to you! On top of that, I will give you another one million Canadian dollars as an atonement, I hope you will be kind enough to forgive me"

Ye Chen laughed, "Andre, if you've heard of the Ten Thousand Dragons Temple, then you should know that the generals of the Ten Thousand Dragons Temple have very high appearance fees, not to mention that the Master of the Ten Thousand Dragons Temple is here today personally, this one million of yours is not even one hundredth of his appearance fee, if this is just a little bit of sincerity, then there is no need for us to talk."

Andre's legs went limp and he fell to his knees with a poof, crying, "Mr. Ye just now Mr. Wan also said, our Italian group is now getting worse and worse, our financial strength is really not strong enough, if you really ask me to take 100 million Canadian dollars, even if you kill me, I can't take out so much ah"

Ye Chen waved his hand and laughed, "Don't worry, I am sure I won't ask you for a single cent."

When Andre heard this, he was slightly relieved, but his heart was still very nervous and he asked in fear, "Mr. Ye Then what exactly do you want to be satisfied with today"

Ye Chen laughed: "Andre, I see that you stay in Vancouver is also a small fight, so many gangs are riding on your neck, you are pressed by them, do not you feel suffocated?"

Andre was a bit confused about Ye Chen's intention, but still answered honestly, "Mr. Ye not to hide from you we are indeed rather embar*sed in Vancouver, our territory is getting smaller and smaller, our income is getting smaller and smaller, and the weekly salary of our men is dropping again and again, it is indeed a very difficult time"

Ye Chen nodded and spoke with a serious face, "We often say in China that we don't fight, we don't know each other, today we can come to this point, it is some fate, so I can give you a chance."

Saying that, Ye Chen looked at him and asked, "Andre, you and your Italian group, are you interested in joining the Hall of Ten Thousand Dragons? If you are willing to join, then in the future you will be considered part of the periphery of the Ten Thousand Dragons Hall, and the Ten Thousand Dragons Hall will protect all of you since, ensuring that no one can threaten you, and with the Ten Thousand Dragons Hall covering you, you are bound to have a bright future."

"Join the Ten Thousand Dragons Hall?!" Andre's eyes widened in shock when he heard this.

He knew by heart what kind of organisation the Ten Thousand Dragons Hall was.

It wasn't an ordinary gang, it was a mercenary group in the true sense of the word!

With the strength of the Ten Thousand Dragons Temple, they could wipe out all the gangs in the whole of Vancouver with the crook of their fingers.

However, when he thought of his own group, they were all punks who couldn't make it to the stage, so if he really wanted to become a mercenary and fight everywhere, he was afraid that he wouldn't have the strength to do so, and he might even encounter danger and become cannon fodder.

After thinking about it, he cautiously asked, “Mr. Ye If we join the Ten Thousand Dragons Temple, shouldn’t we be allowed to follow the generals of the Ten Thousand Dragons Temple to fight together

This question spoke to the hearts of the others.

“How could it be.” Ye Chen waved his hand and said with a look of proof, “There are tens of thousands of well-trained mercenaries under the command of the Ten Thousand Dragons Hall, how could they possibly let a bunch of half-baked people like you go to war? I let you join the Ten Thousand Dragons Hall so that you can serve the Hall in the future, and in return, the Hall will protect all of you.”

When Andre heard this, his heart burst into excitement and the first thought that came to him was, “F*ck, there’s still such a good f*cking thing? Isn’t this what the Chinese always say? If I had the chance to join the Ten Thousand Dragons, and I wasn’t allowed to take my men to fight for the Ten Thousand Dragons, wouldn’t that be like picking up a very powerful backer from the Ten Thousand Dragons for nothing? I’ll be able to walk around Vancouver with a free hand!”

Chapter 4045

In this instant, Andre thought he had a desperate chance of survival, and without thinking, he nodded his head repeatedly and said offhandedly, “Mr. Ye, I am willing to join the Ten Thousand Dragons Hall!”

Ye Chen nodded in satisfaction and asked Guo Lei again, “Little Guo, are you interested in joining the Ten Thousand Dragons Temple?!”

Guo Lei raised his head and said with a pious face, “Mr. Ye, I am too interested to join the Ten Thousand Dragons Hall, it’s an honor for me!”

Saying that, he hurriedly added in a fawning manner, “Mr. Ye, since you want to incorporate this group of ours, then I have a word to say, I don’t know if I should say it

Ye Chen saw his eyes slithering around, he knew that this grandson did not have good intentions, so he waved his hand and smiled cheerfully, “You can say anything!”

Guo Lei became excited and said, “Mr. Ye, there is an old saying from our Chinese ancestors, “If you are not of my race, you will have different hearts. You have recruited these Italians today, so in order to prevent them from turning against you in the future, you must have someone you can trust to command, lead and supervise them. So you mustn’t let Andre be the head of the group anymore, otherwise you won’t be able to defend yourself if he tries to do something behind your back!”

When Andre heard this, he became furious and stared at Guo Lei, “Guo, what the hell do you mean by that?”

Guo Lei didn’t pay any attention to him, but looked at Ye Chen and said with enthusiasm, “Mr. Ye, I have been in this Italian group for a long time, and I know every single one of them like the back of my hand, if you give this group to me to manage, I will definitely manage it for you in an orderly manner, and nothing will ever go wrong!”

Ye Chen listened attentively and said with an admiring face, “Guo Lei, even at such a time you can seize the opportunity to climb up the ladder, I have to say, you really have a quick brain.”

Guo Lei said in a flattering manner, "Mr. Ye, I have no other skills, but my brain is quite good, and I am loyal and faithful. If you trust me, I will do my best for you in the future!"

When Andrei heard Guo Lei express his loyalty to Ye Chen so impatiently, his heart was suddenly in a panic.

He was really afraid that Ye Chen would give his position to Guo Lei with a wave of his hand, in that case, he would not be able to get along in this group at all.

So, he immediately pointed at Guo Lei and complained to Ye Chen, "Mr. Ye, you must not fall for this Guo's trick, this b*****d is not a good person!"

Ye Chen sneered, "You two are in the same group, you say he is not a good guy, as if you are a good guy yourself, Guo Lei only cheated me of a few hundred thousand in the casino, you are not satisfied after cheating me of a few million in cash, you still want me to lose my boat to you too, how do I look at it, it seems like you are a bit more bad."

Andre was speechless when he was said, to say that he had pitted Ye Chen's money, it was indeed himself who had pitted it a bit harder, so he didn't know how to reply for a while.

At this time, Ye Chen spoke to the group of Italian group members, "Originally, I wanted to kill all of you trash, but considering that most of you have not offended me, I will not bother with you, from now on, Guo Lei is your new boss, you have to serve the Ten Thousand Dragons Temple with all your heart and soul, do you understand? "

How dare the crowd say a word no, they all couldn't wait to make their attitude clear.

Ye Chen then looked at Andrei and said indifferently, "Andrei, you are a person who is just too black-hearted, if your heart wasn't so black, you wouldn't have put so many brothers in harm's way, if you continue to be the boss, so many people following you will definitely have nothing good to do in the future."

Once Ye Chen said this, these people at the scene were deeply convinced.

At this time, Guo Lei took advantage of the heat and said, "Brothers, what Mr. Ye said is so right! If it wasn't for Andre's black heart and his desire to eat up all of Mr. Ye's a*sets, all of us wouldn't have been held at gunpoint by the generals of the Ten Thousand Dragons Temple! It was all his fault!"

Chapter 4046

Saying that, Guo Lei added, "Everyone should know clearly in their hearts that after the death of the previous boss, Andre claimed that he wanted to bring everyone to make more money, but in fact, everyone's income has basically remained the same up until now."

At this point, someone in the crowd chanted, "Our income hasn't changed, but we're doing a lot more than we used to!"

"Other than that, just those businesses that the boss didn't allow to be done before when he was alive, everyone has made a lot of profit for Andrei during this time, but we haven't received any substantial change in treatment at all!"

“On the contrary, Andre’s own income, however, has rapidly risen over the course of these few months, and he has even been driving a Rolls Royce!”

This speech completely provoked the discontent of these gang members.

Everyone felt that Andre was indeed not a qualified leader and that he must be made to step down immediately.

At this time, Ye Chen looked at the crowd and opened his mouth to ask, “From today onwards, Guo Lei will be your boss, do you have any opinions?”

The crowd looked at each other for a while.

Even if everyone was discontented with Andre, but if they really wanted Guo Lei, a Chinese, to lead them, it was hard for them to accept it in their hearts for a while.

After all, this was an Italian group, and even if not everyone was from Sicily, at least they all had Italian descent in their blood.

If this Italian group were to be led by a Chinese, it would be a laughing stock if word got out.

However, at times like this, although everyone had opinions in their hearts, no one dared to say so in public, because in everyone’s opinion, Guo Lei already had the support of this Mr. Ye.

Although they didn’t know exactly what this Mr. Ye’s origins were, the fact that even the famous Wan Bajun called himself his subordinate in front of him was enough to see that this man must be extremely powerful.

Moreover, Guo Lei had already received his approval, so anyone who stood up against him at this time would definitely be asking for trouble.

Therefore, none of them dared to express any opposition.

When Ye Chen saw this, he looked at Andre and smiled lightly, “Andre, since you have lost everyone’s support, from now on, there is no longer any relationship between you and this Italian group.”

Seeing that he had lost his ma*s base so quickly, Andre naturally had a million resentments in his heart, and he angrily pointed at Guo Lei and said to Ye Chen, “Mr. Ye! You mustn’t fall for this villain’s trick! This son of a b*tch, Guo Lei, has been bad to the bone for a long time! The last boss of our group was killed by him! If you keep him around, he will definitely do the same to you in the future!”

When Andrei said this, all the members of the organisation were in an uproar!

They all thought that Claudia’s father had died in a fire, but no one had thought that it was by Guo Lei’s hand!

Guo Lei also panicked and said, “Mr. Ye, don’t listen to his bullsh*t! Our last boss died in a fire, I had nothing to do with it!”

“You’re the one who’s bullsh*tting!” Andre cursed through gritted teeth, “It was you who poisoned the wine and drinks, killing DiNorscio, his wife and two sons! And then you burned them all to the ground!”

And DiNorscio's wife was your sister! If she hadn't taken you in, you'd be dead on the streets of Vancouver, you ungrateful b*****d!"

Chapter 4047

Andrei's sudden roar made all the members of the Italian group stand aghast.

Someone stared at Guo Lei and asked in a stern voice, "Is what Andrei said true?"

"Of course not!" Guo Lei's voice was shivering as he shouted, then pointed at Andrei and accused him loudly, "Andrei, don't you think that Mr. Ye has violated your interests by making me the boss of the group? You see that you are losing your power, so you made up this kind of lie to frame me and make me out to be a shameless villain so that Mr. Ye would be disappointed in me, but Mr. Ye knows what he is doing, how could he fall for your trick!"

Hearing this, the corner of Ye Chen's mouth wiped over a strange smile, then looked at Andrei and said with a cold face, "Andrei, this tactic of yours is really a bit too despicable! In my opinion, this Guo Lei p*ssy, oh no, this Guo Lei kid, is loyal and honest looking, he also speaks very truthfully, and has a Chen Haonan haircut, at a glance, he is very righteous, he doesn't look like that kind of ungrateful person at all."

After saying that, Ye Chen looked at Andre with some disgust and said coldly, "On the contrary, you, with your cross face and that big mouth of stubble, don't look like any good thing! From my point of view, I'm afraid you're the one who killed that boss of yours before!"

Andre didn't know what Chen Haonan did, but after hearing Ye Chen's words, he was immediately scared to death.

He hurriedly fell to his knees and choked up, "Mr. Ye what I just said is the truth! He had been dissatisfied with his previous boss, and felt that the salary he was paid was too low and that he had not been nurtured, so he was unwilling to remain the boss's driver and follower. I have to give him the second-in-command position after sitting in the boss's position"

When Guo Lei heard this, his face turned a little white, but his mouth was still very strong and he said, "Andrei what are you talking about?! Boss he is my brother-in-law! How could I possibly want to kill him? And even if I really wanted to kill him, I wouldn't have to kill my sister or my two nephews, would I? It was you who wanted to kill him! You were the one who wanted to kill him! You were the one who wanted to be the boss, and now you're making up such a lie that will kill you!"

Andre said through gritted teeth, "Guo Lei, you're really good at acting! Do you think that if I agree to cooperate with you, I won't leave some evidence in my hand to prevent you from backtracking in the future?!"

With that, he looked at Ye Chen and begged, "Mr. Ye, I have the recording of that day after the incident in my phone, if you don't believe me, then I will play it for you to listen to now!"

Guo Lei was scared out of his mind and also knelt down in front of Ye Chen and said loudly, "Mr. Ye, don't pay any attention to him, this person is crazy, he deliberately set me up"

At this time, Ye Chen looked at Guo Lei and said with a serious face, "Little Guo, since you are walking straight and doing right, you don't need to be influenced by such a villain, we are righteous and not afraid of the shadow, since he is framing you, I don't think he can produce any substantial evidence!"

Guo Lei was already scared and shivering, and wanted to say something, but Ye Chen didn't give him a chance and said to Andre directly, "Come on, play your recording for me to listen to."

As if he had been pardoned, Andre excitedly took out his mobile phone and was trying to find the recording from it when Guo Lei suddenly went crazy and reached out to grab his phone.

Chapter 4048

Guo Lei had only one thought at this moment, since Andre had said there was a recording, it must not be an empty talk, once the recording was released, even if Ye Chen did not kill himself, these Italians would not bypa*s him.

So, no matter what, I have to grab the phone and use all my strength to smash it to pieces.

It would be the last chance for him to get it back.

However, the moment he reached out his hand, Wan Bajun grabbed his wrist and squeezed it between his tiger's mouth with a little force.

Guo Lei kept wailing in pain, and Ye Chen spoke, "Broken Army, don't waste his hand, in case it's really wasted, the man won't be of much value."

Guo Lei did not understand what exactly Ye Chen meant by value, but he had just seen Wan Bajun's strength and knew that if he used a little bit of force, his right hand would be completely ruined, and it was Ye Chen's words that allowed him to escape for the time being.

Hearing Ye Chen's words, Wan Bajun nodded respectfully and did not continue to use any more force, but turned to one of his men and said, "Tie him up for me!"

The Wan Long Hall soldier immediately stepped forward and tied Guo Lei's hands behind his back to death, and kicked him again in the nest of his legs, and Guo Lei instantly fell to his knees again out of control.

Seeing that his last attempt was unsuccessful, Guo Lei was like a defeated rooster, waiting in despair for his fate to be pronounced.

At this point, Andre found the recording, turned the volume up to maximum and clicked play.

In the recording, Guo Lei's laughing voice came out: "Mr. Ritchie, the job is done. I put sleeping pills and poison in the wine and drinks for the four members of the family, the sleeping pills will take effect in about an hour and the poison will take effect in about an hour and a half. "

André asked him, "A family of four? Not five?"

Guo Lei was busy saying, "That girl Claudia didn't eat at home tonight, she said she went to a party with her classmates, I reckon she should be back late too, by then she must think her family is asleep and won't notice anything unusual."

Andre said coldly, "Easy for you to say, in case she finds out that the person has died of poisoning, the whole thing will be exposed!"

After Claudia returns home, I will have someone ignite the gasoline and create a fire. With 50 gallons of gasoline, there is no way for Claudia to escape. How will she know how people died?"

Andrei said, "Guo Lei, you did all this, if this incident comes to light, it is all your responsibility, I did not participate in this matter with you!"

Guo Lei said with a smile, "Mr. Ritchie, please don't worry, this matter is my idea, my Guo Lei alone, it has nothing to do with you, I have been very unhappy with their family for a long time, kill them all, even if I can't get any benefit, I can still feel pain in my heart!"

I'm not asking for anything else, I'm just asking you to give me a hand when you become the boss of the group."

Chapter 4049

Andre was also going out on a limb at this point.

He was afraid that Ye Chen would really put Guo Lei up, in that case, with Guo Lei's style of acting, he would definitely be finished.

Therefore, he would rather have this matter completely blown up than let Guo Lei muddle through!

The incomparably clear recording was in itself a killer app that he had left behind to check Guo Lei, and he didn't expect to use it at this time.

In fact, Guo Lei also knew that this kind of thing, Andre would definitely keep evidence.

The reason is that, in ancient times and in modern times, such a thing as a nomination is, frankly speaking, an initiative to give the other party a big handle about oneself.

You want to be on the beam, then you can't be innocent.

We are all bandits here who kill and take over the mountain, and if you are the only one who is innocent, no one can trust you and will not treat you as one of their own.

The only way is for you to go down and kill two people, and for you to come to me with your head and let me know what you have, otherwise I won't accept you at all.

André was the same.

He was also afraid that one day things would come to light and the matter would be imposed on him, so he left behind complete evidence to prove that it was all Guo Lei's doing.

At this moment, Guo Lei's whole face was ashen.

He knew that he had completely fallen this time.

He just didn't know how Ye Chen would deal with him.

At this moment, all the members of the Italian group present understood that the previous boss of the group, his family, had been killed by Guo Lei!

Moreover, the most outrageous thing was that if Guo Lei had not been taken in by the boss's family in the first place, I was afraid that he would have died on the streets.

However, instead of showing any gratitude, he had even killed the boss's family, who were all related to him and had been kind to him.

Even these Sicilian descendants, who usually did wrong, were extremely indignant at this time at Guo Lei's unconscionable act.

Claudia's father, who was relatively influential within the group during his lifetime, and the fact that Andre had come to power had set off Claudia's father even more, so the crowd exploded at once.

Many people shouted things like Guo Lei, I'm going to kill you and so on.

The crowd of Italian group members were so enraged that they wanted to tear Guo Lei alive.

If it wasn't for the soldiers of the Ten Thousand Dragons Temple carrying guns to control the situation, I am afraid that Guo Lei would have been swarmed by the group and beaten to death.

However, apart from their anger towards Guo Lei, they were also angry with Andrei.

They could also hear that although Andrei was not directly involved in the killing, without his consent and without the terms he had negotiated with Guo Lei, Guo Lei would never have taken the initiative to kill.

Therefore, these two people were in cahoots and in collusion, and neither of them was a good thing.

At this time, Ye Chen looked at Guo Lei with a cold expression and said in a cold voice, "Little Guo'er, I didn't expect that you would have such a black heart!"

Guo Lei's heart was panic and fear, his whole body trembled like a chaff sieve, shivering and said, "Ye Mr. Ye I was also forced to have no choice"

"Oh?" Ye Chen asked curiously, "Explain to me properly, I'd like to know exactly how you were forced to do so."

Saying that, Ye Chen then said to Guo Lei, "Don't be in a hurry to say anything, wait for me to call out the victim."

Ye Chen looked at Wan Bajun and spoke, "Bajun, bring the person here."

"Okay Mr. Ye!" Wan Bajun nodded respectfully and turned back to bring Claudia over from the next cabin.

At this moment, Claudia's face was already covered with tears.

When she heard the recording of Guo Lei's phone call with Andre, she was so furious that she wanted to kill Guo Lei herself and avenge her family.

Chapter 4050

So, the moment she followed Wan Bajun in, she clenched her fists so tightly that her nails dug into her flesh, and looked at Guo Lei in anger, asking in a loud voice, "Guo Lei! When you had no way out, my parents took you in and gave you a way out, why did you harm them?"

Seeing Claudia come out, Guo Lei said in a panic, "Claudia I was confused it was all because of that b*****d Andrei that lured me into doing this, if it wasn't for him, I wouldn't have been able to do such a thing"

Andrei instantly roared, "Guo Lei! You son of a b*tch b*****d is still trying to frame me! You were the one who approached me and offered to kill the family in return for giving you the second-in-command position after I took over as the boss, and it was all your own idea! You killed them too! I had nothing to do with it!"

When Guo Lei saw that Andre was biting at him, he cursed, "f*ck, why did you agree to my offer in the first place? Wasn't it because you wanted him dead yourself?"

At this time, Ye Chen looked at Guo Lei and said coldly, "Guo Lei, you two should stop dog-eating dog here, I just want to know now, you just said that you were forced to do so, how exactly were you forced to do so."

Guo Lei could only say with a sniffle, "Mr. Ye, I've been in Canada for quite a long time, but that brother-in-law of mine, I don't know what's wrong with him, just let me work as a sh*tty driver, but he won't let me touch anything else Even though my sister has made it clear for me, he won't budge"

"I obviously have the ability to help him run the group better, but he just won't give me a chance I am wanted in the country and have to stay in Canada for the rest of my life, as long as he is still alive, I have no chance to move up, I am only thirty years old, I can't just be mediocre for the rest of my life"

Claudia suddenly questioned angrily, "Just because my father didn't give you a chance to move up, you killed my parents and my two brothers?!"

Guo Lei was so weak from Claudia's stare, but he said stiffly, "I couldn't help it! Your father forced me to do it! From the day I came to Canada, I was willing to work for him as an ox and a horse! But if he would have given me a chance to move up the ladder, I wouldn't have killed him!"

Claudia was shaking with anger, then she turned to face Ye Chen and choked up, "Mr. Ye please give me a chance to kill him with my own hands and avenge my dead parents and two brothers"

Ye Chen nodded and asked, "How do you want to kill him?"

Claudia looked up at Ye Chen and said word by word, "Mr. Ye I want to burn him with my own hands! Otherwise, it's really not enough to repay the blood feud of my parents and two younger brothers!"

Ye Chen seriously asked, "Are you sure you want to do this? Don't be impulsive and leave an indelible demon in your future!"

Claudia said firmly, "I'm sure! In front of a blood feud, there is no heart demon that cannot be overcome!"

Seeing her resolute expression, Ye Chen gently nodded and said, "If you have already made up your mind, then I will make it up to you."

After saying that, he looked at Wan Bajun and said, "Bajun, pick a place, make the necessary preparations, and let Claudia send him on his way."

Wan Bajun said respectfully, "Yes, Mr. Ye, all the cargo holds on the ship are empty, I will choose one to send him on his way!"

When Guo Lei heard this, he was scared out of his wits and shouted, "Mr. Ye, spare my life, Mr. Ye! I beg you to spare my life, I will definitely follow your lead from now on!"

When you killed Claudia's family of four, you should have thought that there would be a day when you would return the favour with a tit for tat.

After saying that, he said to Wan Breaking Jun, "Take him to the cargo warehouse!"

When Guo Lei heard this, he immediately bared his teeth and roared, "Surnamed Ye! You want my f*cking life, believe it or not I'll let Li Xiaofen die without a burial place!"

Although he was not sure whether the men he had sent had succeeded in kidnapping Li Xiaofen or not, this was the only straw he had left to save his life!
