

Ye Chen 4091

Chapter 4091

In the face of money, kinship and faith are no longer worth anything.

Ryan, who was shot, was revered as the Godfather, but this Godfather, more like that mafia figure in the movie "The Godfather", was more like a very authoritative and respected elder in his meaning to the congregation.

So, killing Ryan could only be considered treachery, not a betrayal of the faith.

However, taking the church priests into custody was another matter.

These priests were all clergy and represented their faith.

However, the fact that they even had all the priests under control in order to keep them from going out and calling the police was already tantamount to a complete condemnation of the faith.

At the same time, a group of young people had already started to prepare to dispose of the shooting scene and Ryan's body. Luckily, everyone was a relative of the mafia and was familiar with this kind of thing, so someone immediately made a perfect plan.

Firstly, they were to clean up Ryan's body, as well as all the blood and brain tissue from the scene.

Secondly, they were to clean the area where the blood had burst out with strong acid, while destroying Ryan's fingerprints and face with strong acid.

Immediately afterwards, someone had to pull all of Ryan's teeth out.

Because someone said that Ryan must have left a complete dental record at the dentist because he had had custom dentures made at the dentist.

The thing about dental records is that, in fact, like fingerprints, each person's teeth are unique and, in the forensic field, key to verifying identity traits.

The best outcome for this matter is that the body is buried and never found.

But if it does get found it doesn't matter, all the various elements are destroyed and even if it is found it will be difficult to identify him.

In this way, the secret would be well hidden.

So, having done that, they also had to think carefully about where they should bury the body.

All gang members know that killing is not difficult, burying the body is the real big question.

This is because how well the body is buried directly determines whether or not the story will be revealed.

If it is not buried well, the body may reveal itself after the rain.

Even if the body is buried well, in case there is a big construction project or someone finds it a few years later, even if there is only a pile of white bones left, it will still become a criminal case and be investigated.

Therefore, everyone was worried about how to bury the body.

Just when everyone was at a loss, a middle-aged man stood up and blurted out, "My mother died of illness and was just buried yesterday, the soil in the cemetery itself was freshly filled in, if we put Ryan into my mother's coffin and then refill the soil and restore it to its original state, it will definitely not arouse anyone's suspicion!"

The crowd lit up, and then there was a cheer!

Someone gave a thumbs up, "You're a f*cking genius!"

Everyone thought it was a brilliant idea.

But the one who came up with the idea spoke up, "Gentlemen, as you know, this kind of thing is a great disrespect to my dead mother, so I hope that, for that matter, you can look at this and offer some spiritual compensation"

Speaking here, he busily explained, "Don't worry everyone, I won't be as lavish as Ryan, I just need five hundred dollars from each family!"

Five hundred dollars.

That wasn't much.

The crowd combined and agreed readily.

And so, old Godfather Ryan finally had his final home.

.....

While thousands of family members of the Italian group, had the situation at the church under complete control, Qiao Feiyu's body, had been brought back to Seattle from the sea by seaplane.

During the plane's return to Seattle, Qiao Feiyun's entire body remained somewhat muddled.

With his brother dead and the loss of US\$4.1 billion, his greatest fear was that he would not be able to keep the story under wraps.

Chapter 4092

If this matter could really not be covered up anymore, he was afraid that he would have to disappear from this world completely, otherwise, those vip's who had a lot of nasty hookups with him would definitely not let go of him.

So, although the forty-one million was a pain in the neck, he wouldn't have frowned if the money could really shut up all those families.

An hour or so later, the body arrived in Seattle.

Fearing that his parents would not be able to accept it for a while, Qiao Feiyun did not dare to have the body sent home, but sent it to the funeral home first.

He then went to the funeral home himself to see his brother one last time.

Deep inside, Qiao Feiyun blamed himself for Qiao Feiyu's death.

He felt that it was he who had brought his brother into his circle, yet failed to protect him well, and in the end, he also let him end up losing his life because of his involvement in this circle.

The moment he saw Qiao Feiyu's body at the funeral parlour, his whole body could no longer be controlled and he hugged Qiao Feiyu and let out a loud cry.

The coroner who had been invited by Qiao Feiyu hurriedly went up and pulled him up and spoke, "Young Master Qiao you must control your emotions, don't be too sad, and it's best if you don't touch the third young master's body, I'll try to find out if there are any useful clues."

Only then did Qiao Feiyun let go of his brother's corpse and took a step back, wiping away his tears as he choked out, "Make sure you find out everything for me, don't let go of any clues!"

"Yes Young Master Qiao!"

The coroner hurriedly and respectfully agreed.

What followed was a very meticulous autopsy.

The cause of Qiao Feiyu's death was death by shock due to a gunshot wound to the heart and excessive blood loss.

The coroner surmised the order in which Qiao Feiyu was shot based on the condition of each wound and the subtle changes in the body near the wound.

He then said to Qiao Feiyun, "Eldest Master, from my analysis, the third young master should have been shot first in his right leg, then in his left leg and private parts, and the gunshot wound to the heart, as a fatal wound, naturally came last."

Qiao Feiyun asked him, "Why was the right leg shot first?"

The forensic doctor replied, "Because when the third young master was shot in his right leg, his muscles were in a looser state, and at a glance, he was directly hit without any preparation, but when he was shot in his left leg, his muscles were obviously more tense than his right leg, so it was clear that he had already prepared before he was shot in his left leg, thus it was clear that the robbery in his right leg came first and the shot in his left leg came second."

"Moreover, in addition to his forehead being carved, he also had injuries to his face and lost eight teeth, which should be initially presumed to have been knocked out by the other party with his bare hands."

Speaking of this, the forensic doctor gave a slight beat and added: "Eldest Young Master, in my opinion, the third young master must have been inhumanly tortured by the other party in his last moments of life, and the other party should have wanted to force some information out of him, from his mouth."

When Qiao Feiyun heard this, his heart immediately tightened!

The news had come so suddenly and the Italians had screwed him over so badly that his mind was completely unable to think fully.

After the coroner's reminder, he was in a cold sweat of fear!

If he had given his brother information about himself before he died, would the other man target himself next?

After all, this man was ruthless and had killed his brother and a whole boatload of people, and made more than 800 members of the Italian group disappear without a trace, from which it could be concluded that the other party's strength was far above his own.

If the other party found him, I was afraid that he would not be able to resist.

Moreover, since the other party had killed so many people, there was no reason for them to stop completely after killing these people, and he, as the mastermind behind the scene, would definitely be on the other party's kill list next

When he thought of this, he immediately took out his mobile phone and wanted to call his number one vip for help.

However, the moment the phone was picked up, he immediately gave up on the idea again.

This was because he realised that if vip number one knew that he was no longer in control of the situation, then he might not choose to help himself, and would probably choose to take himself out first as a way to save himself.

So, he decided to cover up the matter no matter what and not let it be known to those vip's of his own.

Just as he was about to put the phone away, it suddenly rang.

On the screen was the word "vip001".

He was so nervous that he hurriedly pressed the answer button and asked respectfully, pretending to be calm, "Young Master Fei, what are your orders?"

Chapter 4093

On the other end of the phone, a young man's voice in his twenties spoke up and asked, "Feiyun, have the goods I ordered started to be dispatched?"

This man was the Fei family's most favoured young master today, Fei Hao Yang.

Fei Hao Yang was the eldest grandson of Fei Ke Xin's eldest uncle, Fei Shan Hai, and was the same age as Qiao Fei Yun, both being twenty-seven years old this year.

Although Fei Hao Yang is a few years older than Fei Kexin, he is Fei Kexin's cousin-nephew, and his father, Fei Xuebin, is Fei Kexin's oldest cousin.

The young Fei Hao Yang was a very well-behaved and cruel playboy.

Although he ostensibly worked for the Fei family's investment foundation, he was really just a hang-out, spending most of his time and energy on hunting and looking for excitement.

When he was a teenager, Fei was sent to the best public schools by his family, thus befriendng a large number of wealthy children from extremely privileged families.

Some rich kids got together to study how to make money and make a career for themselves, but there were others who got together to find pleasure and excitement.

Fei Hao Yang was one of the latter.

From his early teens, he had been practically untouchable, even growing more and more twisted inside, gradually developing a horrible taste for killing, especially sadistic killing.

But at that time, Fei Hao Yang had little personal access or ability, and when he occasionally killed someone and needed the help of his family to wipe his a*s, he would inevitably be scolded by them, so he was relatively restrained.

Luckily, among his cla*smates, there is a shrewd and bold Qiao Feiyun.

In order to get closer to Fei Hao Yang, he immediately tailors a perfect outlet for him to vent his frustrations after noticing Fei Hao Yang's special hobbies.

In the past, Fei Hoang would need to pick his own prey, trick it into his hands himself, and then find his own way to dispose of the corpse after the abuse.

But Qiao Feiyun took the initiative and solved all his worries for him.

Qiao Feiyun would specifically find a large number of prey for him to choose from, and as soon as Fei Hoang selected any of them, he was able to get his hands on the person immediately.

After a few times, Fei Ho Yang became his first vip client, with the internal number vip001.

After that, Qiao Feiyun gradually attracted many rich kids with a twisted and perverted mentality like Fei Haoyang, and he had more and more clients.

And this unconscionable chain of his has gradually improved and expanded.

He has created special venues for people like Fei Hao Yang, where he can not only let these people vent their bestiality in peace, but also take care of all their worries and dispose of the bodies and evidence in a seamless manner.

It is not uncommon in this world to cater to the wicked taste of the rich.

In some African countries, there has been a legal business of paying to hunt cherished wildlife, and wealthy people in Europe and America who love hunting have travelled to Africa to hunt just to satisfy their hunting hobby.

A lion costs \$20,000, an elephant \$30,000 and a rhinoceros \$50,000, and the agencies in Africa have long been putting a price tag on these rare animals for the rich to shoot and enjoy.

Some rich people's bad hobbies hit the ceiling here, but there are a few rich people whose ceilings are much higher than that.

They have hobbies that are far more cruel than hunting rare animals.

For them, they are willing to pay ten, twenty, or even a hundred times more than \$50,000, but the prey, must be changed from rhinoceros, to live human beings.

And, they are more than willing to pay a higher price to ensure that they don't get into any trouble afterwards.

In short, their demand is to spend the most money, do the most poisonous thing, and not have to suffer any consequences.

Chapter 4094

And what Qiao Feiyun was best at was meeting all of their needs.

At this moment, when Qiao Feiyun heard Fei Hao Yang ask about the shipment, he immediately realised that the shipment he was talking about was the young girl called Li Xiaofen from the batch of girls that third brother Qiao Feiyu had gone to pick up at sea last night.

Fei Hao Yang had taken a glance at this Li Xiaofen in the batch he had submitted a few days ago, and that was why he was directly willing to pay a huge sum of money to buy it from Qiao Feiyun.

If it were usual, Fei Hao Yang would have taken this opportunity to make a fortune first, after all, he was providing a service, and it was only natural that the client would pay for the service.

However, some time ago, Fei Hao Yang had a real bully.

His grandfather, Fei Shanhai, who had been the crown prince for decades, had finally taken out his grandfather and ascended to the throne.

This means that Fei Hao Yang's father has become the new prince of the Fei family.

Fei Hao Yang, on his way to becoming the head of the Fei family, is also one step closer to becoming the Prince of the Fei family.

Qiao Feiyun was also very good-natured, and in order to cater to Fei Ho Yang, when Fei Ho Yang chose Li Xiaofen, he immediately took the initiative to offer to send her to him, telling him to wait in New York and that he would arrange for delivery immediately after receiving the goods.

Fei Ho Yang naturally laughed at Qiao Fei Yun's filial respect, and he had waited all night and was really anxious, so now he called to ask him when he could deliver the person to New York.

Qiao Feiyun was very nervous at this point.

He didn't know how to answer, not knowing whether he should tell Fei Hoang everything and seek help from the Fei family, or keep the matter under wraps and not let any of his clients, including Fei Hoang, know about it for the time being.

The main reason for wanting to seek help was that Qiao Feiyun was worried that his brother's murderer would be too much for him to handle.

However, he also knew that if he sought help today, those top VIPs, including Fei Hao Yang, would definitely help him once because they were afraid of the matter being revealed, but after this incident, they would definitely draw a clear line and keep their distance from him.

It was even likely that they would kill themselves to silence themselves after the wind of this matter had passed.

Therefore, Qiao Feiyun decided not to tell anyone about this matter for the time being. He would simply organize his brother's funeral and then find a place to hide first to see how this matter would be followed up.

If he could get through it safely, he could always come back to kill again.

If that mysterious black hand was really too much for him to handle, it would not be too late to seek help from these top vip's when the time came.

Having made up his mind, he immediately said to Fei Hao Yang, "Young Master Fei, the Chinese girl you chose had a little accident when picking up the goods last night, I didn't expect her to have a severe allergic reaction to tranquilisers, and she went into anaphylactic shock on the way away, my men did first aid, but in the end, she couldn't be saved."

Fei Hao Yang said in astonishment, "What's the situation? Dead?!"

"It's" Qiao Feiyun was busy saying, "I'm really sorry young master Fei, this matter is all my fault for not arranging it properly, you give me some more time, I will find a better one for you!"

Fei Hao Yang did not have any doubts, because he knew that Qiao Feiyun had always followed his own lead, and since he had already let himself pick the goods, he would definitely not string them out to someone else.

Thinking of this, he sighed somewhat resentfully, "To be honest I kinda like that girl, I saw her being secretly photographed at the convenience store, very pretty and innocent, it's been a long time since there were such fresh and good goods over here in Europe and America"

Qiao Feiyun looked at his brother's miserable corpse while he could only smile at Fei Hao Yang and said, "Aiya, young master Fei you have recently started to like this bite? I thought you liked top-notch, sexy, hot horses the most!"

Fei Hao Yang sighed, "Hey, everything gets tiresome after eating too much. After eating these big fish and meat for a long time, I want to try those light, sweet, pure and unpolluted organic vegetables, which are not only nutritionally balanced, but also relieves the tiresomeness."

Qiao Feiyun said, "Don't be in a hurry, give me a week's time and I'll look for something for you."

Fei Hao Yang hesitated for a moment and smacked his lips, "Forget it, you don't have to search everywhere for me, I've found a great top-quality product myself, let's see if you can kidnap her and send her to your newly developed island?"

Chapter 4095

Once Qiao Feiyun heard this, he inquired curiously, "Young Master Fei, which woman do you have your eye on? Please give me her basic information, I'll have someone investigate her movements first! Let's see if there's any chance of making a move! As long as there is a chance, even if she is the princess of any country's royal family, I will definitely get her for you!"

Fei Hao Yang laughed and immediately said, “Feiyun, ah, it’s still you!”

Saying that, he smiled and asked, “Feiyun, have you heard of a very famous female singer in China named Gu Qiuyi?”

“Gu Qiuyi?!” Qiao Feiyun’s jaw dropped and he said, “Young Master Fei, you’re not kidding me, are you? You have your eye on, is it Gu Qiuyi?!”

As a fellow Chinese, it was impossible for Qiao Feiyun not to know about Gu Qiuyi.

After all, in the field of culture and entertainment, Gu Qiuyi was known as the light of the Chinese.

She is currently one of the highest impact Chinese singers in the world.

Moreover, Gu Qiuyi really has all the qualities of a universal idol, not only is she extremely good-looking, but her figure and temperament are one in a million.

On top of that, she is not like those celebrities who like to put gold on their faces and specialise in posing as rich kids and creating a rich kid persona, she is a real rich kid, and a top one at that.

The Gu family is already ranked third in the country, not to mention that Gu Qiuyi is the only daughter of the Gu family! This gold content is much stronger than those rich second generation from big families who are prosperous.

What is even more rare is that she is different from those stars in the entertainment industry who are always in scandals and have a large history of promiscuous affairs.

She is the absolute perfect goddess, the perfect idol.

Therefore, Qiao Feiyun was, in a sense, also a fan of Gu Qiuyi.

When he heard that Fei Hao Yang actually wanted to make a move on Gu Qiuyi, his entire body was shocked beyond belief.

However, Fei Hao Yang said at this moment in a bland manner, “If you look at Chinese males all over the world, there shouldn’t be anyone who can’t see Gu Qiuyi, right? She should be the highest Mount Everest in the hearts of Chinese males, of course I want to find a chance to kiss her.”

Qiao Feiyun suddenly felt some rejection and disgust towards Fei Hao Yang in his heart, because he did not want his goddess to fall into Fei Hao Yang’s hands.

No one knew better than him how beastly Fei Hao Yang was as a person.

If a top goddess like Gu Qiuyi ended up dying tragically in his hands, it would definitely be a pain for Chinese people all over the world.

So, he said stiffly, “Young Master Fei, Gu Qiuyi’s status is very special She is not only the most famous Chinese star, but also her family’s assets are conservatively estimated to be more than 200 billion dollars, if you touch her Wouldn’t this negative impact be a bit too great?”

Fei Hao Yang asked rhetorically, “Isn’t there you? As long as you operate well, by then the world will only know that Gu Qiuyi has disappeared, or perhaps may have died, but no one can possibly know how

she died, at most it will be in the news headlines for a while, after a while the heat will drop and no one will be concerned.”

Qiao Feiyun listened in a cold sweat, although he had gotten many girls killed, most of those girls came from ordinary families, and some of them didn't even have homes, so naturally they didn't have much of a background.

Chapter 4096

If such a person went missing, at most it would generate a little attention in a small local community, it might not even make the news in the municipal media, and it would be much safer for Qiao Feiyun.

However, if Gu Qiuyi really went missing, the news would definitely explode all over the world.

At that time, in case the investigation goes to his head, wouldn't it be a disaster?

Thinking of this, he hurriedly said, “Young Master Fei, I'll say it from the bottom of my heart, you are also twenty-seven years old this year, just the right age for marriage, if you really like this Gu Qiuyi, you can totally pursue her and find a way to marry her ah”

The actual fact is that you'll be able to get a lot more than just a few of these. She has been claiming for years that she is looking for her prince charming, and that she will not marry him. Might as well just kidnap her.”

I don't intend to get married now, it's too meaningless to get married. I'm not willing to give up a whole forest for a tree.”

Qiao Feiyun stammered, “But But You still have to get married sooner or later”

Fei Hao Yang said offhandedly, “That's something for later, we'll talk about later, right, isn't that island of yours being developed? The time will come to get her there, when you've had enough, when to kill her, when the time comes to push the body into the incinerator to burn, scatter the ashes into the sea, God knows not, who can know that we did it?”

Qiao Feiyun's back had been repeatedly soaked with cold sweat, and his nerves were all a bit numb.

At this time, Fei Hao Yang also noticed that Qiao Fei Yun was a bit of a pushover, so his voice immediately cooled down and he questioned, “I said Fei Yun, what do you mean by asking so many f*cking questions? Don't you want to work for me, do you?” If you don't f*cking do it, then I'll find someone else to do it!”

Qiao Feiyun still had an unknown enemy hiding in the shadows, so he dared not offend Fei Haiyang at this time, after all, at this critical moment, Fei Haiyang was his lifeline.

So, he hurriedly said, “No, no, Young Master Fei, since you have asked for it, I will definitely try to help you do it.”

Saying that, he paused and added, “It's just that It's just that I'm afraid that it's not easy to do it on the Chinese side!”

The first time I saw her, I said, “I don’t need to go to China, she’ll be touring North America soon! Originally she was scheduled to tour Canada first and then the US, but I heard that her agency has changed their plans and is opening in the US first, and the first show will be in New York! When the time comes, you just have to do it in New York!”

Qiao Feiyun hurriedly asked, “Young Master Fei, has the New York tour been scheduled?”

“It’s set.” Fei Hao Yang said with a smile, “Ten more days!”

Saying that, Fei Hao Yang added, “When Gu Qiuyi comes to the United States, it is definitely impossible to bring many bodyguards from China, the biggest possibility is to cooperate with a local American security company in advance, and have the American security company provide personnel, vehicles and other equipment to protect her closely;”

“When the time comes, you should pay attention in advance to see which security company she is working with, which security company it is, then get the list of specific security personnel, choose the one most suitable as a breakthrough point, pull him down first, then respond from the inside and find a suitable time to kidnap Gu Qiuyi, as long as you don’t leave any evidence, this matter will be done!”

Qiao Feiyun said awkwardly, “Young Master Fei, it’s very difficult to kidnap her from under the eyes of a whole security team, the slightest mistake would be a failure”

Fei Hao Yang laughed: “Difficult is the only way to show your value, I have helped you a lot in business these years, in the future I will have more say in the Fei family, so naturally I can help you more, Fei Yun, now is the time for you to repay me properly!”

Chapter 4097

Qiao Feiyun still tried to think of a way to persuade Fei Hao Yang to give up, but Fei Hao Yang could not hide his excitement and said in a trembling voice: “D*mn it I’ve been with so many women, but all of them together are not as good as one Gu Qiuyi If I could get Gu Qiuyi too, then my life would be truly complete!”

“Besides, the ones I’ve been doing have always been ordinary people with little background and no ripples at all afterwards, and to be honest, I’ve long since grown tired of it.

Qiao Feiyun said, “Young Master Fei, Gu Qiuyi is indeed the best of women, but the risk is too great, and if it is really exposed, you will have a hard time getting out of it!”

Fei Hao Yang said excitedly, “It’s because of the risk, that’s why it’s exciting!”

He said, “Feiyun, all walks of life have their own highest pursuit, those who play football want to win the World Cup, those who run want to win the Olympics, who doesn’t want to win a world championship, set a world record or something so that future generations can admire? For me, Gu Qiuyi is my world championship trophy, my world record!”

After a pause, Fei Hao Yang added: “Gu Qiuyi will soon be retiring from the entertainment industry, this is her last farewell tour before she launches, and it’s also her last appearance in the public eye as a star, and coincidentally, she has chosen New York as her first stop! It was meant to be! Even God is giving me a chance, so how can I not take advantage of it!”

Qiao Feiyun was about to say something else, but Fei Hao Yang was already getting more and more excited as he couldn't hold back his excitement and said with a smile, "If I can get Gu Qiuyi this time, I'll definitely record the whole thing and film all the details, and when I'm dead, I'll publish it for the world to know another side of me, hahaha! By then I'm afraid I'll be on the front page headlines all over the world for months on end!"

Qiao Feiyun had been racking his brains for many years in the service of this gang of demons.

At one time, he was even afraid that these demons were not bad enough and could not let go, thus trying every possible way to stimulate the brutal and bloodthirsty nature in their bones, so that they could go further and further down the road of indulgence.

To put it bluntly, he was a coach who nurtured demons.

But at this moment, after he heard Fei Hao Yang's series of grand ambitions, he was suddenly afraid.

He was afraid that Fei Hao Yang's perverted mentality of pursuing higher thrills would drag himself down someday in the future.

But although he was afraid, he still did not dare to be disobedient to Fei Hao Yang in spite of his internal and external worries.

The current situation left him with no choice but to do everything he could to bind himself to Fei Hao Yang and then follow him down a path to black!

Moreover, it occurred to him that he just had to leave Seattle for a while, so New York became a perfect place to go instead.

When he thought of this, he gritted his teeth and said, "Young Master Fei, I will plan this matter properly, and I must draw up an absolutely comprehensive plan! And one plan is not enough, there must be at least one or two alternative plans and contingency plans!"

Hearing this, Fei Hao Yang smiled with satisfaction and said, "Feiyun, with your intelligence, this will definitely work!"

Qiao Feiyun said, "By the way, Master Fei, I happen to be going to New York today for a break, so if you have time, we can meet up then, this is very difficult and there are only ten days left, we must prepare everything in advance."

When Fei Hao Yang heard that Qiao Feiyun was planning to come to New York for a break, plus the matter of Gu Qiuyi was haunting him, so he said without thinking, "If you come to New York for a break, why don't you just stay at my house and we can meet and have a good chat."

When Qiao Feiyun heard this, his heart was overwhelmed with joy.

What he had in mind was to stay at Fei Hao Yang's home for a few days. The Fei family had a huge estate in New York with tight security, and staying there would definitely ensure safety.

Chapter 4098

However, it was not good for him to initiate such a request, after all, he was a man who specialized in dirty work to Fei Hoang, so he knew very well that most of the time, Fei Hoang would keep a certain distance from himself in his normal life.

It was a good thing that Fei Hao Yang was now preoccupied with fixing Gu Qiuyi, and when he heard that Qiao Feiyun was coming to New York, he naturally wanted him to stay at his house so that the two of them could discuss the matter properly.

So, without thinking, Qiao Feiyun said, "Okay, in that case, I'll prepare and fly there directly!"

Fei Hao Yang was also kind enough to speak, "Let me know before you take off, I'll have the butler pick you up at the airport!"

"Okay Young Master Fei, let you take the trouble!"

Qiao Feiyun thanked him and hung up the phone, then he immediately called his a*sistant and instructed, "Tell the crew to get ready, I'm going to New York."

The a*sistant tentatively pointed to Qiao Feiyu's corpse and asked him in a low voice, "Young master, what about the third young master's afterlife if we go to New York now?"

Qiao Feiyun barked, "Put Feiyu's body in the funeral parlour for the time being, in addition to blocking out the news, don't let anyone know about him, after I go to New York, you go and pacify the families of those crew members, say that the ship met with a shipwreck and the people have gone missing, give them a pension straight away and tell them to shut up."

The a*sistant asked again, "Young master, what about the master and wife? Should we tell them?"

"For now, it's better not to." Qiao Feiyun shook his head and said, "They don't know exactly what I'm doing, so try not to drag them into this, and keep Feiyu's affairs a secret from them for the time being. If they ask, just say that Feiyu asked me for a sum of money and took some girls to Paris for a holiday, so that they don't overdo it or bother."

Qiao Feiyu's playful and promiscuous habits were well known to his family.

He was known in Seattle as a promiscuous rich kid who changed his girlfriends faster than he changed his clothes, and all of them were internet celebrities who were famous in Seattle and even in the whole United States, and taking girls on holidays abroad was also a common occurrence.

It was precisely for this reason that Qiao Feiyun was absolutely sure that if he told his parents this, they would not suspect anything.

As for how long the lie would last, Qiao Feiyun didn't know, but he couldn't care less. The most important thing right now was that he had to get out of Seattle before the person behind his brother's death came to his door.

However, what Qiao Feiyun did not know was that while he was still waiting for his brother's body to be brought back from the sea, a number of generals from the Ten Thousand Dragons Temple had already arrived in Seattle from Canada and the school where Xiao Churan was.

Using their own intelligence network, they had already monitored both Qiao Feiyun's home and company, and when they found out that Qiao Feiyun had rushed from his home to the funeral home, they followed quietly all the way.

Soon, Qiao Feiyun, surrounded by several bodyguards, hurriedly boarded a car and prepared to travel from the funeral parlour to the airport, and this movement was spotted by the generals of the Ten Thousand Dragons Temple.

After following him for some distance, the soldiers found that the car he was in was heading straight for the airport, so the team leader who was leading the team immediately reported to Wan Bajun, "Hall Master, we found that Qiao Feiyun was heading for the airport, should we stop them now?"

Wan Bajun immediately reported the situation to Ye Chen and asked him to give the order.

But Ye Chen smiled faintly and said, "Coming out of the funeral hall and going straight to the airport, he must be scared and planning to run away, why don't we let him go first and see where he is planning to go and who he is planning to meet!"

Chapter 4099

At this moment, Qiao Feiyun was completely unaware that he had been exposed.

On the way to the airport, he kept telling his a*sistant to make sure that the Italian group's families and Seattle were properly taken care of.

The a*sistant took note of this and asked, "Master, should we send someone to Vancouver to investigate the girls from last night and see what their current situation is? Maybe the person behind it has something to do with them."

"No, don't!" Qiao Feiyun refused without a second thought, "The other party was able to kidnap over 800 gang members in Vancouver in one go, with this kind of strength, if we still dare to go to Vancouver to investigate, we are definitely sending ourselves to death.

The a*sistant nodded gently and said respectfully, "I understand, Eldest Master."

Qiao Feiyun instructed again, "From today onwards, stop all business in this area, we must keep a low profile so as not to cause trouble outside."

"Okay Young Master, I understand!" The a*sistant had to give up on the idea.

Half an hour later, Qiao Feiyun took a private jet and hurriedly left Seattle for New York.

The intelligence officers of the Wan Long Temple easily looked up the registration numbers of several private jets under his name, and then made enquiries about the real-time status of these jets.

They soon discovered that there was only one aircraft under Qiao Feiyun's name that was in sailing status.

This one, Boeing bbj business jet number 2674, had just taken off from Seattle, and the real-time position, altitude and speed of this aircraft could be seen on the publicly available radar map of the airport in Seattle.

They then easily checked the flight path permit applied for by this business jet and found that the plane's destination was actually New York!

When the news came back to Ye Chen's ears, Ye Chen couldn't help but smile and say, "I thought this Qiao Feiyun was running away to somewhere, but I didn't expect it to be to New York New York is only about two hundred kilometres from Providence where my wife studies, the more this guy runs the closer he is to me surprisingly."

Wan Bajun was busy saying, "Mr. Ye, do you need my subordinates to deploy more men to New York, just in case?"

Ye Chen nodded and said, "Since we want to uproot Qiao Feiyun and his upper and lower families, we will definitely need a lot of manpower to cooperate."

He also said, "How about this, you should deploy more people to New York today, but make sure not to fly a large group of people directly from the Middle East, that would be too easy to attract attention, it is better for everyone to leave from the Middle East first, scatter around the world, and then each go to New York, each find a hotel and settle down, ready to listen to the next instructions. "

Wan Bajun immediately said respectfully, "Yes, Mr. Ye, I will deploy a thousand elites and have them arrive in New York one after another within the next three days as you requested."

"Good!" Ye Chen smiled faintly and said, "Choosing the battlefield in New York is really friendly to me, it just so happens that I still have a month to play with them properly!"

Wan Bajun nodded and asked again, "Mr. Ye, my subordinate also intends to travel to New York to wait for your next instructions at any time, what do you think?"

Ye Chen asked him, "Will there be any trouble for your identity to go to the United States? Their Homeland Security will surely be very nervous when you go to America, right?"

"No." Wan Bajun said confidently, "I have several legitimate American identities, one of them is a Greater China executive of an American company, this company is invested by the Wan Long Temple, the person in charge is also a member of the Wan Long Temple, the details of this identity are all done very realistically as well, there won't be any problems."

"Good." Ye Chen nodded and said, "In that case, then you should also go to New York and wait for me."

After formulating this, Ye Chen looked at the time and said to Auntie Li and the three of them, "Auntie Li, Fanny, Claudia, I have to go back to the United States first, this side of Canada should be safe for the next period of time, and there are still generals from the Hall of Ten Thousand Dragons here for secret protection, you three just work and live normally, don't worry about anything else. "

Auntie Li nodded and said, "Ye Chen, you should hurry back to accompany Churan, she is a girl, she will definitely be a bit uncomfortable being in a foreign country by herself."

Chapter 4100

Ye Chen nodded slightly and said, "Once I have settled this matter completely, I will arrange for someone to pick up the three of you to return to Jinling, and by then I will have arranged for all the clothing, food and accommodation over there in Jinling in advance."

Li Xiaofen hurriedly reminded, "Brother Ye Chen, don't forget about Claudia's return to study in Jinling"

Ye Chen smiled and said, "Don't worry, I can't forget."

Afterwards, Ye Chen said goodbye to Auntie Li, Li Xiaofen and Claudia one by one and hurried to the airport to take a flight back to Providence City.

Before taking off, Ye Chen called Xiao Churan and asked her about her situation in Providence. Xiao Churan said that she was all right, and then asked Ye Chen with concern, "Honey, has the matter with Xiaofen been resolved?"

Ye Chen smiled and said, "It's settled, a few gangsters had a bad idea about Xiao Fen, one of Xiao Fen's friends asked me to come over to help, I have solved all the problems, and Xiao Fen is not in any danger, don't worry."

Xiao Churan finally breathed a sigh of relief and said, "It's good that it's okay, it's good that it's okay, I was worried last night and didn't sleep well all night, I wanted to call you to ask about the situation, but I was afraid that it would delay you from doing your business"

Ye Chen was busy saying, "It's fine now, I'm already at the airport, the plane will take off soon and is expected to land in four hours."

Xiao Churan asked excitedly, "Really? That's great!"

After saying that, she hurriedly asked, "Is it okay for Fanny to leave? If it's not possible, let's invite them to come to America first!"

Ye Chen smiled, "All the problems over here are solved, and I have also asked my clients to help me find some local connections, so they can help take care of Xiao Fen and Auntie Li, they will definitely be fine, so I can also go back to accompany you with confidence and boldness."

Xiao Churan instantly relaxed and said, "That's great! It's already after five in the afternoon here, so it will probably be after nine by the time you land, I'll pick you up at the airport then!"

Ye Chen said, "No, I've already driven the car to the airport, how can you pick me up? Just wait for me at the hotel, I'll drive back as soon as I get off the plane."

Xiao Churan then said delicately, "Alright then Then I'll wait for you back at the hotel"

After nearly four hours of flight, the plane Ye Chen was on, was finally about to arrive at Green Airport in Provident.

When the plane's altitude dropped below one thousand meters, Ye Chen's phone searched for a mobile phone signal, followed by a large string of WeChat and missed call text alerts popping up in a flash.

He checked the missed call alerts first and found that the callers were all Gu Qiuyi, and the same was true for WeChat.

He thought that Gu Qiuyi had something important for him, so he hurriedly called her back.

Once the call came through, Gu Qiuyi asked urgently over the phone, “Brother Ye Chen, what are you doing, I can’t reach you for so long!”

Ye Chen said casually, “I was on the plane just now, just before landing, and I just got a signal. Is there something urgent for me?”

Gu Qiuyi said with a smile, “It’s not really urgent, I just want to tell you that I have a new change in my North American tour plan.”

“A new change?” Ye Chen asked, “What exactly is it about?”

Gu Qiuyi smiled, “It’s just a change in the number of shows and the time sequence. Previously, the tour was scheduled to go to Canada first, and then go to the US after the tour in several major cities in Canada.

Gu Qiuyi added, “By the way, my first stop in the US is New York!”
