

## **Ye Chen 4111**

### **Chapter 4111**

The reason why Fei Hao Yang chose the venue at his own hotel was also to make it more convenient to strike.

Although Fei Hao Yang also knew that once Gu Qiuyi really disappeared in his own hotel, the hotel would definitely generate a lot of negative news, but he did not care about this at all.

On the one hand, it was because negative news about the hotel carried far less weight for him than Gu Qiuyi's.

The other is that he is well aware that consumers are extremely forgetful nowadays, and the survival cycle of negative news for any commercial brand is usually no more than one month.

In the past, many hotels were negligent in their management, resulting in the personal danger or even death of female customers in the hotel, and the reputation and business of the hotel would indeed receive a great impact for a short period of time, but after a month, the occupancy rate of the hotel would return to the level before the accident.

When Lu Si Nian heard the time of the 11th, he was in a bit of a dilemma all of a sudden, he looked at Fei Hao Yang with some embarrassment and asked tentatively, "Young Master Fei, recently our Chamber of Commerce has a lot of affairs, the 11th may be a bit rushed ah ..... I wonder if we can put it after the 15th?"

"After the 15th?" When Fei Hao Yang heard this timeline, he immediately understood in his heart that this was the New York leg of Gu Qiuyi's tour.

However, he asked in mock confusion, "Chairman Lu, why do we have to wait until the 15th? It's still half a month away, and it doesn't take so long to prepare for a dinner party, does it?"

Lu Si Nian was busy explaining respectfully, "You don't know, Young Master Fei, but the executive vice president of our Chamber of Commerce matched the Chamber with a cooperation some time ago, which is the concert of the internationally renowned Chinese singer Miss Gu Qiuyi Gu."

Lu Si Nian looked at Fei Hao Yang and asked him, "Young Master Fei should have heard of Miss Gu, right?"

Fei Hao Yang said in a casual manner, "I've heard of her, I've heard some of her songs, although I can't say I'm a fan of hers, but I still admire her very much."

Lu Si Nian nodded and continued, "Miss Gu is going to hold the first show of her North American tour in New York on the 15th, have you heard about this?"

Fei Hao Yang shook his head in denial, "No, I haven't heard about that. I seem to remember hearing someone say that her North American concert was going to start in Canada first, right?"

Lu Si Nian explained, "Her performance plan has changed, she did start in Canada before, but now it has changed to New York."

Lu Si Nian continued, "Miss Gu's concert in New York is being promoted and the local business cooperation is being handled by our Chamber of Commerce. In the coming week, there will be at least twenty cooperation talks that I need to attend, and everyone else is also busy working around the clock, you have to say that the charity gala will be held on the evening of the 11th, right now, I really can't spare the time and energy ....."

Fei Hao Yang smiled slightly, he knew very well in his heart that everything was just as Qiao Feiyun had said, the key to the success of this plan lay in Lu Si Nian.

So, it was also time to paint the pie for Lu Sinian himself!

So, he looked at Lu Si Nian and said seriously, "President Lu, I know that you are busy with your day-to-day work and are distracted, but I still hope that you can help me get this charity dinner started on time, and if this charity dinner is a complete success, I, Fei Hao Yang, will represent the Fei family and officially join the New York Chinese Chamber of Commerce, and in the future, if the Fei family has suitable good resources, I will also be the first to dock them to President Lu!"

## **Chapter 4112**

When Lu Si Nian heard these words from Fei Hao Yang, his whole spirit was lifted.

If he could bring the Fei family into the New York Chinese Chamber of Commerce, it would definitely be a great achievement for the entire Chamber.

Moreover, once the Fei family officially joined the New York Chinese Chamber of Commerce, it would mean that the New York Chinese Chamber of Commerce would be far more prestigious than other chambers of commerce.

Lu Si Nian is now worried about how he will compete with the other two Chamber of Commerce presidents who are on par with each other for the first post-merger presidency of the New York Chinese Chamber of Commerce.

If he could attract the Fei family to the Chamber at this time, he would be the first president of the All China Chinese Chamber of Commerce!

Thinking of this, he became excited and could not help but ask Fei Hao Yang, "Sir Fei, are you serious about this?"

"Of course!" Fei Hao Yang said with an arrogant expression, "I have always been a man of my word, I will keep my promise as long as you can help me make this charity dinner a success!"

At this moment, Lu Si Nian's heart was already overjoyed, and he hurriedly said, "Yes, Mr. Fei, just ask me how you need my help, as long as it is within my ability, I will do my best!"

Seeing that he had taken the bait, Fei Hao Yang smiled in satisfaction and said, "I have two requests now, the first is that your Chamber of Commerce should officially announce its cooperation with me as soon as possible, and the second is that the charity dinner on the 11th, your Chamber of Commerce should hold up the scene for me as much as possible."

Without thinking, Lu Si Nian said, "No problem! We can officially announce our partnership with you today, and as for the gala dinner, don't worry, I can personally guarantee that at least 80% of the members of the New York Chinese Chamber of Commerce will be there!"

At this moment, Lu Si Nian's heart was already bursting with joy, these two requests of Fei Hao Yang were too simple for him, announcing the event to the public was a simple task, and it was even easier to find more people to support the event.

Now that the young master of the Fei family has invited them to the charity dinner, they will probably scramble to get together.

When Fei Hao Yang heard this, he was naturally very satisfied and said with a smile, "Chairman Lu is really quick! Don't worry, as long as this charity gala is done beautifully for me, I, Fei Hao Yang, will not spare you the benefits!"

Lu Sinian hastily bowed and said, "I am grateful to Mr. Fei for his care!"

Fei Hao Yang nodded, and then pretended to suddenly remember something, and hurriedly said, "Oh yes, President Lu just said that your Chamber of Commerce has a lot of cooperation with Miss Gu Qiuyi Gu next?"

"Right." Lu Si Nian said, "In addition to Miss Gu's American tour, we are also working with Miss Gu to continue her tour in Canada, I'm not going to lie to you, Miss Gu's tour is a farewell concert, after the tour, she will permanently retire from the entertainment industry, so this concert is very significant, and the revenue potential is also very huge!"

Fei Hao Yang couldn't help but sigh, "Aiya, if I can invite such an influential star like Miss Gu to attend this charity dinner of mine, I think it will definitely take this charity project to the next level."

At this point, Fei Hao Yang looked at Lu Si Nian and asked, "Chairman Lu, I wonder if you can help me make a connection with Miss Gu, I don't have any other requests, as long as she can spare two hours of her time on the 11th night to come and support the event!"

Lu Si Nian said with some difficulty, "Young Master Fei, I can't guarantee you on this matter because I don't really have any friendship with Miss Gu, but mainly rely on our executive vice president who has some friendship with Miss Gu's father."

Fei Hao Yang nodded and said, "Then it would be hard for President Lu to communicate with the Executive Vice President and ask him to help make a connection, you just said that Miss Gu's New York concert is on the 15th, so she should be in the US on the 11th. I'm sure Miss Gu will be interested in this kind of charity project, Chairman Lu just needs to help me get the word out."

"I'm sure President Lu will be interested in this kind of charity project, so all he needs to do is to pass on the message to Miss Gu," said Fei Hao Yang, adding, "Oh yes, please say one more thing when you pass on the message to Miss Gu, that if she is willing to give me her face, I will put out an extra US\$20 million as a donation to the charity fund, so that I can help more Chinese orphans who are in North America but have lost their loved ones."

If Gu Qiuyi agreed, then Fei Hao Yang would naturally owe himself a favour, and if Gu Qiuyi did not agree, he would not offend Fei Hao Yang, so agreeing to him would do him no harm.

Moreover, he also had his own little plan in mind.

### **Chapter 4113**

Fei Hao Yang is 26 or 27 years old and is at the right age to get married, while Gu Qiuyi is also in her twenties and is a good match for Fei Hao Yang. If they find each other through this charity dinner and make a good match, won't I be the matchmaker for them?

In the Chinese tradition, it would be a great credit to make a marriage happen.

So, without thinking, he said, "Don't worry, Mr. Fei, I will help you implement this matter!"

When Fei Hao Yang saw Lu Si Nian's agreement, he knew that his bait had been successfully thrown out, so he was overjoyed and said with a smile on his lips, "Thank you very much, Chairman Lu!"

.....

An hour later in Yanjing.

Although it was already past eleven in the evening, Gu Qiuyi was still in the rehearsal room, practising the newly choreographed dance for this concert with her own choreography team.

Every time on the eve of a concert, the group would go through rehearsal after rehearsal to enhance their muscle memory and ensure that nothing would go wrong during the performance.

Sometimes, the whole team even had to work through the night for several nights.

At that moment, her manager, Chen Duo Duo, pushed the door open and walked in.

After entering, Chen Duo Duo smiled and waved at Gu Qiuyi, then sat down on a bench at the side and watched Gu Qiuyi rehearse without saying a word.

It was only after the song was over that Gu Qiuyi said, "The music teacher will stop for a while, everyone take a ten-minute break."

Only then did the girls who were accompanying the dancers finally breathe a sigh of relief, and one of them looked at the unchanged Gu Qiuyi and exclaimed, "Sister Qiuyi ..... Your physical strength is too sick ..... We are almost exhausted, how come you didn't even break a sweat ....."

Only then did Gu Qiuyi realize that she was so focused on rehearsing that she had completely ignored the objective fact that the physical abilities of the others had completely failed to keep up with her.

Ever since she drank the rejuvenating elixir water given by Ye Chen, her physical strength had been greatly improved, not to mention compared to girls of her age, even compared to those well-trained males of her age.

With her excellent physical strength, once she was immersed in the rehearsals and ignored the passage of time, the other dancers would have to suffer along with her.

Seeing that everyone was sweating and panting, Gu Qiuyi said apologetically, "I'm sorry girls, I didn't expect to practice for so long at once, let's take a break for half an hour, I'll treat everyone to dessert, just tell Xiaolan what you want, she'll order it for you."

The girls accompanying the dancers cheered and flocked to a girl in her early twenties next to her, this girl, Xiao Lan, was Gu Qiuyi's on-site assistant.

After settling everyone down, Gu Qiuyi came to Chen Duoduo's side and asked with a smile, "Duoduo, you wanted to see me for something?"

Chen Duoduo nodded and said, "The vice president of New York, Luan, called and said that the son of the American Fei family is planning to cooperate with the New York Chinese Chamber of Commerce in organising a charity dinner to launch a charity fund project, and he just heard that the Chamber of Commerce has cooperation with you, so he wants to invite you to the charity dinner. There's nothing scheduled for the evening."

Gu Qiuyi thought about it and said, "Although there are no arrangements for the 11th night for the time being, it doesn't mean that there is always time, what if I have to go and see brother Ye Chen, or if brother Ye Chen comes to see me?"

With that, she then said to Chen Duoduo, "Duoduo, you'd better politely decline for me, just say that I'm rather pressed for time, so I won't be going to the dinner, but since it's a charity dinner, then I definitely need to donate some money to show my appreciation, you can help me donate one million dollars then."

Chen Duoduo couldn't help but ask, "Qiuyi, don't you want to know what this charity fund is for?"

#### **Chapter 4114**

Hearing Chen Duoduo ask this, Gu Qiuyi asked curiously, "What? Is there anything special about this charity fund?"

"Of course there is." Chen Duoduo said with a smile, "This fund is dedicated to helping orphans of Chinese descent in North America, to provide for their daily needs, and also to support their education until they enter society and have a stable income."

When Gu Qiuyi heard this, her expression had already changed a bit, nodding her head repeatedly and muttering with all seriousness, "So it's specifically for orphans ..... That's really meaningful ..... You help me to see if it's convenient for me to have time that night, and I'll attend if it's convenient."

Chen Duoduo skimmed her lips and deliberately teased her, "Look at you, just because your brother Ye Chen is an orphan, so the charity act of rescuing orphans is infinitely elevated in your eyes, is the charity fund of rescuing widows and orphans inferior to it in your eyes?"

Gu Qiuyi's pretty face flushed and she hurriedly said, "That's not what I meant, don't talk nonsense!"

Chen Duoduo grunted, "I'm not talking nonsense, that's what you think."

Gu Qiuyi said in a panic, "Oops I really didn't mean that ..... I just ..... I just ....."

Chen Duoduo smiled and asked her, "What are you stuttering about, tell me, what are you?"

Gu Qiuyi stammered for half a day before she gave Chen Duoduo a blank look and blurted out, "You're right, I just have a higher regard for the charity act of helping orphans, this is love for the house, what's

wrong? What's wrong with that? I can't go back in time to make up for his childhood, but I can still make up for the childhood of other orphans, so that I can give myself an explanation. Can't I just admit it?"

Chen Duoduo was amused by her serious look and said, "Fine, fine, it's fine if you admit it, although I can't empathise with your feelings, I can still understand them to a certain extent, which is why I said that you should first understand the purpose of this charity fund before making a decision."

This is why I said to let you know about the purpose of this charity fund before making a decision." Chen Duo Duo said, "But Qiu Yi, you can't be so silly all the time and only know how to give in silence, you agreed to attend this charity dinner not only to help the orphans, but also to let Ye Chen know that you did all this because you like him and because you love him!"

Gu Qiuyi awkwardly stroked the long hair between her temples and whispered, "That won't be necessary ..... It's not like I'm looking for brother Ye Chen to claim credit ....."

Chen Duo Duo slapped her thigh in anger and questioned her, "Gu Qiuyi, do you still want to marry him or not?"

Gu Qiuyi was taken aback by her and subconsciously said, "Yes ..... Of course I want to ....."

Chen Duoduo gave her a twist on her thigh and said through clenched teeth in anger, "If you really want to marry him, from today onwards, stop being some big idiot who only works silently behind the scenes! From today onwards, everything you do for him must be made known to him, otherwise you're doing nothing!"

Saying that, Chen Duo Duo glared at her and asked, "Do you know what useless work means?"

Gu Qiuyi was shocked by her aura and stammered, "Know ..... Yes ....."

Chen Duoduo questioned her like a teacher asking a poor student, "Come on, tell me, how do you understand the word useless work?"

Gu Qiuyi muttered, "How else can I understand it ..... Isn't it what physics calls ineffective work? In other words, the work done does not get the desired transformation ....."

Chen Duoduo waved his hand, "I am a liberal arts student, don't give me the whole physics work done routine, let me explain to you in layman's terms what useless work is!"

## **Chapter 4115**

Saying that, she sat up straight and said to Gu Qiuyi very seriously, "The useless work I'm talking about is when a person is standing on top of Mount Everest and you stand at the foot of the mountain and shout at the top of your voice to him, even if you become mute and shout until you're seventy years old, he still won't hear what you say."

"In your case, if your brother Ye Chen has not made up his mind to marry you now, and you keep doing useless work here, then in three years' time, he must still think exactly the same as he does now! What will you do then? What will you do then? Wait for him for another three years and do useless work for another three years?"

Hearing this, Gu Qiuyi's face instantly turned as pale as paper.

She naturally understood the meaning of Chen Duoduo's words.

Moreover, she instantly realised that what Chen Duoduo said was all right.

Thinking of this, she humbly asked Chen Duoduo for advice, "Duoduo, Duoduo, teach me, how should I change the status quo of doing useless work now?"

Chen Duoduo immediately said, "Look at those green tea whores on the internet, why they are called green tea is because not only do they not do useless work, but they will also transform a lot of work that they don't do into the results they want. likes, how much it means to her, how much she would not be able to part with it if she gave it to you."

Saying that, Chen Duo Duo added, "Of course, I'm not advising you to be this kind of woman, but you should at least let Ye Chen know what you really and truly have given to him."

"Take this charity dinner, as soon as you heard me introduce it as a charity fund to help orphans, you immediately decided to go, that would be too silly, let me tell you, this matter, you go or not, there is only one premise, do you know what it is?"

Gu Qiuyi shook her head with a bewildered expression.

Chen Duo Duo sighed and said angrily, "You're stupid! The only prerequisite is that you only go if Ye Chen goes! If Ye Chen doesn't go, you don't go! If you are doing this, you are doing it partly for charity and partly for Ye Chen. If it is only for charity, as you said before, donating a million dollars is already very generous, why do you need to go there yourself? Unless Ye Chen is willing to accompany you!"

"Huh?!" Gu Qiuyi asked in surprise, "Let brother Ye Chen accompany me?!"

"Yes!" Chen Duo Duo said with a firm face, "The charity dinner is in New York, isn't he in Providence? It's so close to you, just a three-hour drive away, why can't he accompany you to this charity dinner? This will not only satisfy your love for the house, but also let Ye Chen know your feelings and create a chance for you two to get close. Isn't that effective work? And it's also efficient work! Super efficient work!"

At this point, Chen Duoduo patted his chest and exclaimed, "Chen Duoduo, Chen Duoduo, you're really a little genius!"

Gu Qiuyi also lit up as she listened and said excitedly, "Geez, Duo Duo, you're so right! Other than that, at least I can get brother Ye Chen to go to New York to meet with me! It's just perfect!"

After that, she looked at Chen Duo Duo and exclaimed, "Duo Duo, you're really my female Zhuge! Come on, let me have a kiss, I'd like to give you my first kiss!"

Chen Duoduo dodged while pretending to be disgusted and said, "Less, didn't you offer your first kiss to your brother Ye Chen?"

Gu Qiuyi said shyly, "I kissed brother Ye Chen's face, that doesn't count, does it?"

Chen Duo Duo bristled, "You know what, kissing the face is also useless, next time don't kiss the face, just kiss the mouth!"

**Chapter 4116**

Inspired by Chen Duo Duo, Gu Qiuyi went back to her single lounge alone with her mobile phone.

As soon as she entered the lounge, she immediately sent a voice call to Ye Chen.

At this moment, Ye Chen was lying on the lazy sofa in the hotel, bored.

Xiao Churan had gone to cla\*s, so he was alone in the hotel with nothing to do, bored out of his mind.

After arriving in New York, it was as if the kid had used a vanishment technique and instantly disappeared without a trace, leaving not even a scent behind.

When he saw that Gu Qiuyi had sent him a voice, Ye Chen pressed connect at the first opportunity.

The sweet voice of Gu Qiuyi immediately came from the other side of the phone, "Brother Ye Chen, are you busy?"

"No ....." Ye Chen stretched out and smiled, "I'm being lazy, what's wrong? Is there something wrong?"

Gu Qiuyi said in a somewhat petulant tone, "It's like this brother Ye Chen, I'm not going to America soon, the Chinese Chamber of Commerce in New York happens to have a charity dinner and wants to invite me to attend ....."

"A charity dinner ....." Ye Chen didn't think much about it and said with a smile, "If you have time, go, but if you don't have time or are too tired, you can also find an excuse to decline."

Gu Qiuyi was busy saying, "Actually I do want to go because the theme of this charity dinner is very meaningful, it was set up for the Chinese orphans in North America."

"Oh ....." Ye Chen laughed, "It sounds quite meaningful, but you should also take into account your actual situation and not add too much burden to yourself."

Gu Qiuyi's voice instantly dropped a few notches and she said shyly, "Brother Ye Chen ....." I'm calling you actually to ask you if you have time to accompany me on the 11th ....." You're not far from New York anyway."

When Ye Chen heard Gu Qiuyi's request, his first thought was to politely decline.

After all, Gu Qiuyi was a big star, and the charity dinner was a public occasion, so if he accompanied her, it would inevitably lead to media coverage and speculation, which might add to unnecessary trouble.

Gu Qiuyi seemed to have guessed what Ye Chen was worried about, so she hurriedly said, "Brother Ye Chen, if you are worried about media exposure, I can speak to the organisers and ask them not to invite any media to the venue."

Ye Chen was still hesitating when Gu Qiuyi pouted, "Brother Ye Chen, just accompany me on the trip, if you are worried about the time being too long, I can have someone arrange a helicopter for you then, flying from your place to New York, one hour is enough, the round trip is only two hours, plus attending the charity dinner, you only need to spare a total of four hours for me, it won't It won't delay anything for you, okay ....."

At this time, Ye Chen's heart had already been loosened a bit, at this time, his mind suddenly remembered the Qiao Feiyun who disappeared in New York and whose whereabouts were unknown, he

could not help but have a few worries about Gu Qiuyi's safety, after thinking about it, he said, "Okay, then I will accompany you when the time comes."

When Gu Qiuyi heard this, she immediately cheered happily, "Great! Thank you brother Ye Chen! Love you!"

Ye Chen said helplessly, "It's just a little thing, there's no need to thank me."

Saying that, Ye Chen said, "Right, Nui Nui, you can ask around for me if there are any people who are close to the An family in this Chinese Chamber of Commerce, if there are, I will have to disguise myself a little bit so that there will be less trouble."

Gu Qiuyi was busy saying, "Then I'll ask now!"

Soon, Gu Qiuyi received a clear reply from that old friend of her father's.

Given the influence of the An family in the whole of North America, if there was someone in the association who was really close to the An family, then everyone would have been offering him up like a star in the moon.

#### **Chapter 4117**

After all, the two sides are so far apart.

Trying to find an acquaintance of the An family in the New York Chinese Chamber of Commerce was more difficult than finding Messi out of the national football team.

Having received this news, Ye Chen had no more worries.

However, the fact that he could not find Qiao Feiyun still made his heart not quite at ease.

So, he specifically called Wan Breaking Jun and asked him to send someone to secretly protect Gu Qiuyi's safety after she arrived in New York.

.....

On the other hand.

After Gu Qiuyi confirmed that Ye Chen was willing to accompany her to that charity dinner, she immediately gave the news back to the other party.

The president of the Chinese Chamber of Commerce, Lu Sinian, was thrilled beyond words after receiving the news, and then immediately informed Fei Hao Yang of the good news as well.

Naturally, Fei Hao Yang was overwhelmed with excitement.

He really didn't expect that the bait designed by Qiao Feiyun would be so effective and had easily tricked Gu Qiuyi, the number one female singer in China, into coming in.

He had someone call Qiao Feiyun to his study, and the first thing he said when they met was excitedly, "Feiyun! You're a f\*cking god! The big fish really took the bait with such ease!"

Qiao Feiyun was slightly stunned, and then asked with an urgent look on his face, “Young Master Fei, has Gu Qiuyi agreed to attend the charity dinner?”

“Yes!” Fei Hao Yang said excitedly, “After I told Lu Sinian of the Chinese Chamber of Commerce about the set of words you devised, Lu Sinian found someone to ask her about it and she quickly agreed.”

Qiao Feiyun laughed, “Gee, that’s great! This way, we’ll have more than a week to properly design and devise what to do to Gu Qiuyi when the time comes!”

Fei Hao Yang looked at Qiao Feiyun and said admiringly, “Feiyun, you’ve got a brilliant mind, I thought this might be difficult and might even end up in a gun battle in the streets, but I never thought it would be so easy! You were born to do bad things!”

Qiao Feiyun laughed and said modestly, “Young Master Fei, this is still thanks to the inspiration you gave me, if it wasn’t for you, how would I dare to have such thoughts about Gu Qiuyi .....

Fei Hao Yang laughed: “That’s how many things are, sometimes it’s not necessarily yourself that makes you go to the next level, but a more demanding client.”

Qiao Feiyun nodded and nodded at the side, “Yes Young Master Fei, you are the most demanding client, giving me the most impossible task, but I will do my best to help you take Gu Qiuyi down without a hitch!”

“Good!” Fei Hao Yang nodded and said with a smile, “Starting from these two days, you should study the overall layout of the Wangfu Hotel and see how to start with the highest success rate!”

“No problem!” Qiao Feiyun said, “Young Master Fei, you should ask for the design of the Wangfu Hotel for me to take a look at later, I will study it properly!”

Fei Hao Yang said without thinking, “I’ll call someone to prepare it out right away, do you need anything else?”

Qiao Feiyun thought about it and said, “Let Gu Qiuyi mysteriously disappeared in the Wangfu Hotel, this kind of thing is the best thing to think of, or the Japanese ninjas are the best at it, and if the Japanese ninjas take action, they can also completely lead the outside world’s speculation in the wrong direction, there is a hundred advantages but no harm, so young master Fei, you’d better gather the ninjas to New York as soon as possible, when the time comes, I will dock the details of the action with them! “

## **Chapter 4118**

For several days in a row, the Ten Thousand Dragons Temple deployed over a thousand generals to New York, but they still failed to find Qiao Feiyun’s whereabouts.

This made Wan Bajun feel disgraced and had to call Ye Chen almost every day to apologise.

Ye Chen did not blame him, he knew that something like a clue was to have a complete chain, once a certain link was missing, it was impossible to restore it immediately, not to mention Wan Long Temple, even the National Security Bureau of the United States, there were many people and things that could not be found out.

Qiao Feiyun's whereabouts were unknown from New York's JFK airport, and since the Dragon Palace could not fill in the gaps in this part of the trail for the time being, it was naturally impossible to find Qiao Feiyun's whereabouts easily.

He planned to investigate all the vehicles and helicopters that entered and left the airport within a few hours after Qiao Feiyun's arrival in New York, so that he could find out who was behind them, and then match them with Qiao Feiyun one by one to see which one had crossed paths with him.

However, after this method was proposed, it was rejected by Ye Chen.

This was mainly because, more and more, Ye Chen felt that this Qiao Feiyun, should have a stronger backer in New York, otherwise, it would not have been possible for him to disappear so completely.

Under such circumstances, if Wan Bajun started to investigate the transport, even if the investigation was as secretive as possible, it would definitely touch the other party's warning mechanism, in which case, it would definitely alert the snake.

Therefore, Ye Chen was not so anxious about Qiao Feiyun's whereabouts.

This was because he knew that Qiao Feiyun could not stay in hiding for the rest of his life.

There was no need to dig into the ground to find him himself, as he would come out again sooner or later.

Now that the Ten Thousand Dragons Temple had placed a heavy force in New York, once Qiao Feiyun ventured out, he and all his superiors and subordinates would be caught in a net.

Although Qiao Feiyun has not shown his face, his specially tailored plan for Gu Qiuyi is still going on in an orderly manner.

In the past few days, he followed Fei Hao Yang every day and went to the New York King Hotel.

However, as he was with Fei Hao Yang the whole time, he was not exposed to public view in the slightest.

The Wangfu Hotel is so large that the ballroom even has a separate two-storey building covering over 10,000 square metres, of which the ground floor houses the ballroom and private rooms, while the first floor houses the back kitchen, equipment rooms and the staff lounge.

Through the field survey of the Wangfu Hotel, Qiao Feiyun already had a very detailed plan of action in mind.

After Fei Hao Yang had brought him here for several days in a row, he was also a little anxious in his heart, so he couldn't help but ask him, "Yun Fei, do you have a plan yet?"

Qiao Feiyun smiled faintly and said to Fei Haoyang, "Young Master Fei, the plan is already in place."

Fei Hao Yang hurriedly urged, "Quickly, tell us!"

Qiao Feiyun then said, "I have already developed a high-priced informant from the local security company that Gu Qiuyi's agency works with, and I have learned from him about their basic mode of

protecting public figures on a day-to-day basis, and they have their own set of execution manual, which has all their execution standards, as well as strategies for dealing with unexpected incidents.”

Saying that, Qiao Feiyun added: “The routine of these American security companies is similar, they will focus their main efforts on protecting their targets outdoors, especially when the targets go out on foot or by car, this process they will keep their guns at hand in case someone along the way tries to do something wrong, and if it is outdoors, they will also arrange observers and snipers at the same time at the high point with the best view to monitor the surroundings in real time however once the target is indoors, their vigilance will be much relaxed;”

#### **Chapter 4119**

After a pause, Qiao Feiyun continued, “Once the target person is going to the indoor environment, their basic process is to first conduct a security check on the indoor environment, to see if there are any bugging and filming devices in the room, to see if there are any security hazards, as long as they ensure that the room is safe, then they will only focus on the entrances and exits of the room, which is generally the door and windows;”

“Generally speaking, their operating procedure indoors is that someone should be guarding outside the door, and someone will be guarding by the windows inside the house apart from the bedrooms, and if it’s a room on the ground floor by the window, they also have to arrange manpower outside the window, and this is a difficult situation, if someone attacks from the outside, the bodyguard outside the door will react first and the people inside will know immediately;”

“If we attacked from the window, on the ground floor we would have to deal with the guards outside first, and on the upper floors we would have to deal with the guards inside the windows;”

“Once we make a move on the people outside the window, the people inside the window will have enough time to deal with it, and if we make a move directly on the people inside the window, the people outside the door will be the first to come in to support them.”

“Therefore, it would be best if we can set aside one of the boxes that are not by the window for Gu Qiuyi as a lounge, this way, since there are no windows, the security personnel will also let their guard down, and as long as she is inside the lounge, the security personnel will only guard the entrance to the room, which will also make it most convenient for us to strike.”

Fei Hao Yang hurriedly asked, “Then what method do we use to do it? We can’t have those ninjas hiding inside in advance, can we?”

“That definitely won’t work.” Qiao Feiyun explained, “We will have the ninjas disguise themselves as waiters and let them strike at the bodyguards outside the door at the right time, they are best at killing invisibly, as long as they can kill the bodyguards outside the door without making a sound, the Gu Qiuyi inside will be at our mercy.”

Fei Hao Yang couldn’t help but ask, “Are you sure the ninjas can take out her bodyguards? Besides, do you know how many bodyguards they will have guarding the door? If we accidentally let them fire a shot, I’m afraid this whole thing will be over.”

Qiao Feiyun laughed, "This is your venue, everything is up to you, ah, if their bodyguards insist on bringing guns into the banquet hall, you can completely use your status as the young master of the Fei family and force them to disarm, this is also normal, after all, you are such a big shot, it is impossible for these bodyguards to appear with guns by your side, not to mention that the Wangfu Hotel is guarded by your people, it is also impossible for anything to go wrong, they certainly won't force it, and you can also control the number of them, such as telling them that the place is very safe, but still allowing them to enter with no more than four people at most out of respect for Gu Qiuyi and for them."

"Makes sense." Fei Hao Yang nodded approvingly and asked again, "Then after capturing Gu Qiuyi, how will they be transported out?"

"This is simple." Qiao Feiyun said, "Just pack the person into a rubbish bin and arrange for a rubbish removal truck to pull it away directly when the time comes, as long as there is no movement inside the banquet hall, the bodyguards who stay outside will not suspect anything even if they see the rubbish removal truck going in and out."

When everyone waits for Gu Qiuyi, or when those bodyguards cannot contact the bodyguards guarding Gu Qiuyi's door, they will find out that Gu Qiuyi has disappeared, and when we cooperate and show all the surveillance evidence, they will be able to see the whole process of the ninja's crime, and combined with their entry information, this matter will naturally be counted on the Japanese head."

Fei Hao Yang frowned and said, "The plan is feasible, but what about the back? If the police want to investigate how these Japanese infiltrated the Wangfu Hotel as waiters, how can we explain to them?"

Qiao Feiyun laughed, "So this matter will have to be faked for real."

Qiao Feiyun said, smiled mysteriously and said, "Young Master Fei, I've been here a few times in the past few days, and I have some idea of the personnel situation here, the person in charge of this banquet hall, I think his name is Chen Fu, right?"

"Yes, what is it?"

Fei Hao Yang didn't know much about the people working below his family, but he was somewhat familiar with Chen Fu, this was because, he often entertained his friends at the Wangfu Hotel, and the person in charge of the banquet hall, Chen Fu, naturally served him often, so he had a deeper impression of Chen Fu.

Qiao Feiyun laughed: "I heard that Chen Fu, this person, earns a relatively high income, almost 600,000 to 700,000 US dollars a year, a proper middle class person, and his person is very family-oriented and has a very successful family, with two daughters and two sons, and his wife is a full-time wife at home, right?"

Fei Hao Yang shrugged his shoulders, "Probably so, I'm not really sure about his situation, why?"

Qiao Feiyun laughed, "I plan to have the ninjas kidnap his wife and children first, and then use this as a threat to force him to arrange for these ninjas to work in the banquet hall. Their direction of solving the case will naturally be diverted, and they will perfectly avoid your layer."

Fei Hao Yang's eyes lit up and he blurted out, "That's interesting! The police will easily find out that he brought the ninjas to the hotel and will naturally ask him for questions, and he will definitely tell the

police what he knows, because he is telling the truth and there is no way the police will suspect him, so there will be nothing for me to do! “

## **Chapter 4120**

Qiao Feiyun's full set of plans had Fei Hoang's heart pounding.

It sounded as if everything had been well planned out.

This way, after something happened, his own Wangfu Hotel would not have to take too much of the blame, after all, the incident was an inside job, and as the saying went, it was hard to prevent a family thief, and everyone would blame the root cause on Chen Fu.

Thinking of this, he asked again, “What about Chen Fu's family?”

Qiao Feiyun bristled and said, “There's no other way but to take them out. When the time comes, I'll have the ninjas kidnap the people and just hand them over to my people to look after. After the incident, I'll arrange for the ninjas to leave the US while I arrange for my men to take out all of Chen Fu's family. After the police find the bodies of Chen Fu's family, they will definitely think that these ninjas killed and killed them, and will naturally be more firm in believing this story that I made up.”

Fei Hao Yang didn't realize it for a moment and subconsciously said, “A family of five, all killed? Aren't there still four children?”

Qiao Feiyun shook his head, bent his right index finger into a hook shape and said, “To be exact, it's a family of nine, I had my people investigate, Chen Fu's family has many children, so he hired two live-in nannies, and his parents just finished their immigration last month, they were also brought to New York by him, that's nine people.”

Even Fei Hao Yang, who had done nothing but evil, was a bit shocked at this point and asked offhandedly, “All nine?”

“Of course!” Qiao Feiyun said firmly, “Not a single one of them can be left behind, otherwise this lie won't be able to go on! When they are all dead, society will naturally be in an uproar, and everyone will subconsciously hate these ninjas for kidnapping Gu Qiuyi and killing so many innocent people, and at that time, there will be even less suspicion that you had anything to do with this matter!”

Hearing this, Fei Hao Yang gritted his teeth and nodded his head, “Then let's do as you say!”

After saying that, he remembered something and asked, “What if the investigation goes to that gang of ninjas?”

“Whatever he wants to investigate.” Qiao Feiyun sneered, “I'll do a good job on the boat that sends them away, so they'll be buried in the Atlantic Ocean!”

Fei Hao Yang was unsure and added, “What if they find the ninja family?”

Qiao Feiyun laughed, “You don't have to worry about that, you just need to give me the contact information of the ninja family, I will use another identity to contact them and won't have anything to do with you.”

The police will not be able to investigate the case for a while, and Gu Qiuyi's dead body will not be seen, so the case will definitely be closed after a long time."

"Good!" Fei Hao Yang nodded with satisfaction and said with a smile, "I'll leave this matter to you to handle, how much money you need, just ask!"

Qiao Feiyun said, "Young Master Fei, you don't need to be so polite with me, I always look up to you! If I need your help in the future, I'd be grateful if you could give me a hand."

Fei Hao Yang was also touched in his heart, so he nodded solemnly and said, "Feiyun, don't worry, from now on, I don't care what happens to you, as long as there is me, there will be you!"

When Qiao Feiyun heard this promise, he was relieved in his heart.

With Fei Hao Yang backing her up, once that mysterious person who killed her brother came to her door, she wouldn't have to be afraid, with the strength of the Fei family, she would definitely be able to protect herself!

.....

The country of Japan, Iga City.

This is where the Iga clan, one of the four great ninja clans, is based.

Once upon a time, the Iga ninja, was the strongest of the four great ninja clans in Japan.

Unfortunately, last year, they chose to work with Ryojin Matsumoto in a bid to help the Matsumoto clan reverse the trend by helping him to sow discord between the Ito clan, the Takahashi clan and the Su clan in Yanjing.

However, that collaboration resulted in the loss of many of the Iga clan's core elites and the extermination of Ryojin Matsumoto by the Su family, so much so that the Iga clan was instantly left in the lurch.
