

Ye Chen 4151

Chapter 4151

Ye Chen said approvingly, "That's right, I now also suspect that Qiao Feiyun has been hiding in the Fei family."

Chen Zhao Zhong then said, "Since you plan to have these ninjas kidnap Fei Hao Yang, then you might as well have your men control these ninjas as well, have them first demand a huge ransom from the Fei family, and then let them evaporate, then the Fei family will then naturally think that it was these ninjas who kidnapped Fei Hao Yang, so they will definitely follow the ninjas' line of investigation;"

"If they find out the identity of these ninjas, then they will definitely go to Japan to look for the whereabouts of these ninjas, and with the people in your hands, they will only be able to find the relatives of these ninjas in Japan when they go to Japan, and then they will definitely force to ask Qiao Feiyun who hired the ninjas;"

"In this way, the Fei family will probably think that it was Qiao Feiyun who hired these ninjas to kidnap Fei Hao Yang, and that he is the real mastermind behind it, and by then, I'm afraid he won't be able to wash his hands even after jumping into the Yellow River."

"I believe that once the Fei family investigates this layer of Japanese ninjas, without waiting for them to find out the actual result, Qiao Feiyun will already panic, he will only have two choices at that time, either he can take the initiative to confess everything to the Fei family, or he can only grit his teeth and carry this black pot and run for his life, no matter which one he chooses, the Fei family will not let him go!"

Ye Chen frowned and asked, "Uncle Zhong, what do you think, if Qiao Feiyun confesses to the Fei family, how will the Fei family deal with him?"

Chen Zhao Zhong said without thinking, "If I were at the helm of the Fei family, if Qiao Feiyun came to confess this to me, the first thing I would do is to kill him, and do it on the spot to avoid a long night!"

"Because once these things get out, the Fei family's reputation will suffer a devastating blow!"

"Even if Fei Hao Yang, the young master, is never recovered, his father can still find someone to have another one or even several more!"

"But once the family's reputation completely collapses, the loss will not be as simple as one male child!"

"Therefore, even Fei Hao Yang's father would never allow what Fei Hao Yang has done to implicate the whole family. A family that is so powerful, if it didn't have the courage to break its back, it wouldn't have been able to come this far."

Hearing this, Ye Chen's heart opened up and he laughed, "In this way, once the Fei family follows the ninja matter down, Qiao Feiyun will only be able to escape from the Fei family to have a chance of survival."

"That's right." Chen Zhao Zhong said, "Since you have already sent people to lay a net in New York, you might as well use this method and let the Fei family force Qiao Feiyun out! Or let Qiao Feiyun himself be scared out by the Fei family!"

After a pause, Chen Zhao Zhong added: “Young Master Ye, as long as you act well in this drama today, the Fei family will never suspect you even if you die!”

“Moreover, I believe that it won’t take long for you to catch Qiao Feiyun as well, and you won’t have to worry about being exposed in the slightest;”

“After all, when the Fei family finds out that the ninja was hired by Qiao Feiyun, and then when Qiao Feiyun can’t be found, they will definitely think that Qiao Feiyun is hiding in advance, and even if the Fei family can’t find Qiao Feiyun for the rest of their lives, they won’t associate this matter with you!”

“Today you capture Fei Hao Yang and watch the fire, tomorrow you will wait for the hare and capture Qiao Feiyun, in the end you will be able to retreat with your whole body and have the best of both worlds.”

The more Ye Chen thought about it, the more he felt that Chen Zhao Zhong’s method was very feasible, the only thing he had to do was to finish off Hattori Kazuo and the others or hide them.

However, since he had already promised to keep them alive, then naturally Ye Chen would not go back on his word to kill them.

Therefore, as long as they were hidden in a place where no one could find them, the matter would develop in the direction Chen Zhao Zhong had analysed.

As for where to hide the few Hattori Kazuo when the time came, Ye Chen naturally had an excellent choice in mind.

Without a doubt, the best place for them to return to was Syria!

Chapter 4152

Chen Zhao Zhong’s analysis made Ye Chen exclaim, “Uncle Zhong, your idea is really great! Let’s do as you say!”

At this moment, Chen Duo Duo couldn’t help but speak up, “Mr. Ye Didn’t that Hattori Kazuo say just now that that scum called Qiao Feiyun was waiting for him to send someone to the pier? The first thing to do is to catch Fei Hao Yang here and then go to the pier to catch that Qiao Feiyun. What’s the point of going to all this trouble?”

Chen Zhao Zhong smiled and said, “Miss Duo Duo, reality is not the same as movies. How can the person in charge behind the scenes risk putting himself in danger?”

Ye Chen also nodded and said, “If Qiao Feiyun would personally go to the pier to hand over to the Iga ninja, then this person would not have survived today.

Chen Duo Duo smiled awkwardly twice: “Well it’s me who’s overthinking”

After saying that, she asked Ye Chen again, “Mr. Ye, then how are you sure that that Fei Hao Yang will definitely come over? In case he is late in coming, won’t that plan go down the drain?”

Ye Chen said seriously, “It all depends on who is the first to sulk.”

Saying that, Ye Chen looked at Gu Qiuyi and smiled, “Nui Nui, help me perform the play later!”

.....

At this moment, Hattori Kazuo and the others, had already loaded all the corpses of the six bodyguards into the rubbish truck through the internal passage prepared in advance.

In order to ensure that the matter would not be revealed, Hattori Kazuo had long ago forced Chen Fu to clear the entire area in the vicinity, so there were no other staff members active in the area, which greatly facilitated them.

Afterwards, Hattori Kazuo and the others, in accordance with Ye Chen's request, re-assumed the guise of waiters and returned to the vicinity of the VIP room to continue their cleaning work.

And at that moment, inside the banquet hall, Fei Hao Yang was anxiously waiting for the news that the ninja had won.

Originally, the plan Qiao Feiyun had made was that after Hattori Kazuo had gotten his hands on the ninja, he would take the man away in the rubbish truck, and at this time would send a text message to Qiao Feiyun informing him that things had worked out, and Qiao Feiyun would reply with a coded message to Fei Ho Yang, relaying the good news to him.

In this way, Fei Hao Yang did not have to have any contact with Kazuo Hattori throughout the whole process, and when the person disappeared, Chen Fu would take the blame, and he only needed to pretend that he did not know anything, and no one would associate himself with him.

Therefore, Fei Hao Yang was now only looking forward to Qiao Fei Yun's reply.

However, when he saw that Vice President Luan of the Chinese Chamber of Commerce had finished his speech and President Lu was halfway through his speech, it would soon be his turn to speak on stage.

However, he still did not receive any news, and this ninja's efficiency was really disappointing.

At this moment, Fei Hao Yang was in an even more nervous mood.

What he was nervous about was not that he was addressing so many people, but that he knew very well that according to the process he had originally agreed with Gu Qiuyi and even with the two presidents of the Chinese Business Association, when he came to the end of his speech, he was going to announce in public that there was a heavyweight guest of honour at tonight's charity dinner.

Immediately afterwards, he would announce from the stage that there would be a heavyweight guest of honour.

At this point, Gu Qiuyi will come out of the lounge and walk straight onto the stage, dropping a big bombshell on the audience and bringing tonight's charity dinner to a climax.

Of course, this process is based on the premise that there will be no surprises.

The real process is that Hattori Kazuo has to complete his task and kidnap Gu Qiuyi before Fei Hoang can take the stage.

Subsequently, he himself received a coded message back from Qiao Feiyun and boldly took to the stage to deliver his speech, and at the end of his speech, he still announced the heavyweight VIPs for the night in public, and then had the VIPs take the stage.

However, since Gu Qiuyi had already been kidnapped and all the people around her had been killed, the situation would be that after Fei Hao Yang had said on stage that the VIP would be invited to appear, the VIP would not be seen afterwards.

Chapter 4153

At this point, Fei Hao Yang would tell the two presidents on stage that the VIP had probably not heard what he had just said and asked them to go to the VIP lounge and invite the VIP to come on stage.

Immediately afterwards, the two presidents would find that in the VIP lounge, apart from a pile of corpses, there was no sign of Gu Qiuyi?

Thus, the scene was in chaos, and as the host himself, he had to be in a state of crisis, call the police at the first opportunity after seeing the tragic events that had taken place, and ask his men to seal off the entire banquet building at the first opportunity, so that the suspects would not escape.

Subsequently, a large number of police officers would quickly arrive and then investigate the scene, eventually finding Chen Fu to be a major suspect and taking him back for questioning, with things eventually being taken completely off course from Chen Fu and completely away from Fei Hao Yang.

It was because everything had already been arranged in a circular manner that Fei Hao Yang was particularly worried at this point that something might happen to the ninja gang.

So, already somewhat subdued, he took out his specially prepared new mobile phone and sent a message to Qiao Feiyun: "Still no movement?"

Qiao Feiyun quickly replied, "I haven't received any news yet."

Fei Hao Yang urged, "Quickly ask what's going on! I'm about to go on stage to give a speech! Five minutes at most!"

Qiao Feiyun naturally knew what it meant for Fei Haiyang to give a speech on stage, so he immediately called Kazuo Hattori.

However, on the other end of the line, it was temporarily unavailable.

Qiao Feiyun was panicked, he knew that Gu Qiuyi's lounge was equipped with signal blocking equipment, now he couldn't get through to Kazuo Hattori, which meant that Kazuo Hattori's gang was still on site!

If Kazuo Hattori was still at the scene, it meant that he hadn't been able to get his hands on him yet!

Thinking of this, Qiao Feiyun was even more nervous.

The most crucial thing was that he could not contact Kazuo Hattori at all, so he knew nothing about the details of the scene.

So, he immediately sent a message back to Fei Hao Yang, "Young Master Fei, I can't contact the ninjas now you send a trusted man over to see if there's been any accident"

"f*ck!" When Fei Hao Yang saw the content, he immediately replied, "You f*cking swore that everything was fine and under control. If anything goes wrong with this, I'll f*cking kill you!"

After sending the message, although he was getting angrier and angrier, he dared not delay and immediately greeted his most trusted a*sistant and whispered, "Go and check around the VIP lounge to see if there is anything going on, if there is, come and tell me immediately!"

"Yes, Young Master!" The a*sistant didn't dare to delay, he got up and rushed to the VIP lounge.

Hattori Kazuo and the others, who were disguised as waiters, secretly observed the man's approach, but once they thought of Ye Chen's instruction that they were not to make any rash moves until they saw the young master of the Fei family, they did not make any moves.

The a*sistant made his way to the entrance of the VIP lounge, but to his surprise, the door was open at this moment, and Ye Chen was bitterly advising Gu Qiuyi, "Miss Gu, I suggest you should listen to the bodyguard's advice and hurry up!"

Gu Qiuyi said with a difficult face, "It's not appropriate to just go straight away like this, right"

Ye Chen waved his hand and said, "What's inappropriate, safety is important!"

Fei Hao Yang's a*sistant was slightly stunned and hurriedly stepped forward and asked, "Miss Gu, where are you going?"

Ye Chen turned back, glanced at the a*sistant and opened his mouth to ask, "Who are you?"

The a*sistant busily said, "I'm Young Master Fei's a*sistant, my name is Sun Hao."

Ye Chen nodded and spoke, "Please tell Young Master Fei that Miss Gu's bodyguard said that there is a great security risk as there is suddenly no communication signal here, so for the sake of Miss Gu's safety, we have to leave first!"

Chapter 4154

As soon as Sun Hao heard this, he broke out into a sweat in a hurry.

In his heart, he said in shock, "Gu Qiuyi is actually going to leave? If we really let her go, won't the young master and Qiao Feiyun's plan all fall through?"

As Fei Hao Yang's most trusted a*sistant, Sun Hao knew almost everything about Fei Hao Yang.

Even, when Qiao Feiyun quietly flew to New York, it was Sun Hao who went to JFK airport to pick him up and bring him back to the Fei family.

Therefore, he already knew all of Fei Hao Yang's plans for today.

At this moment, seeing that Gu Qiuyi was about to leave, how could he sit back and do nothing, so he hurriedly said, "No signal? That's impossible, is there some kind of misunderstanding here?"

Ye Chen said with certainty, "Our bodyguards just said that both the intercom signal and the mobile phone signal have strangely disappeared, this is definitely unusual, they have already gone out to consult with the bodyguards outside and will come over to take Miss Gu away right away."

Saying that, Ye Chen said with a serious face, "Even if this matter is really some kind of misunderstanding, we can't risk Miss Gu's safety! Please also understand!"

Sun Hao said in a panic: "That you first take it easy we are heavily guarded here, there is absolutely no way there will be any safety issues! As for the signal problem you mentioned, I speculate that there may be some technical fault, we have more various electronic devices here, especially the audio amplifier and wireless microphone, it is likely that there is interference between the signals, why don't you wait for a moment, I will go and talk to our young master!"

Ye Chen waved his hand, "How about this, you go and talk to Young Master Fei, we will leave first, if there are any problems, we can communicate by phone."

When Sun Hao heard this, he was so anxious that he blurted out, "No way! Our young master will be giving a speech on stage soon! If Miss Gu leaves like this, our young master won't be able to get off the stage! He's the young master of the Fei family, you can't refuse to give him any face, can you?"

Ye Chen pondered for a moment with a difficult face, his mouth was slightly loosened and he blurted out, "In that case, then go and inform Young Master Fei quickly, we will apologise to him face to face, I believe that a reasonable person like Young Master Fei will be able to understand us!"

Gu Qiuyi also said apologetically, "Please ask Young Master Fei to come over, I'll explain to him face to face, I'm really sorry about this matter."

Knowing that he could no longer control the scene, Sun Hao hurriedly said, "Miss Gu, you must wait for a moment, I'll go and inform our young master!"

After saying that, he darted back to the banquet hall.

Fei Hao Yang was anxiously waiting for Sun Hao's news, and when he saw him panting and running over, he hurriedly asked, "What's the situation over there?"

Sun Hao said, out of breath, "Young young master you go quickly to check it out! Miss Gu is making a fuss about leaving!"

Chapter 4155

"Want to leave?!" As soon as Fei Hao Yang heard this, he knew that the gang of ninjas had not yet made their move, and he was naturally furious in his heart.

But at the moment, he couldn't care about his anger and subconsciously frowned and asked, "Why does she want to leave?"

Sun Hao busily said, "Miss Gu's bodyguard found that the signal was blocked and thought that the environment was dangerous, so for safety reasons, he wanted Miss Gu to leave here first."

"Holy sh*t!" Fei Hao Yang's body shivered in anger.

He had agreed to turn on the shield when the ninjas made their move, and then to make it quick, but how come the shield had been turned on for a long time and Gu Qiuyi was still not under control?

If Gu Qiuyi escaped, wouldn't that be a waste of effort?

Thinking of this, he hurriedly said, "Go and keep her, say nothing to let her go, say that the signal problem is our equipment failure, and we are already working on repairing it!"

Sun Hao said with difficulty, "Young master, Miss Gu has already got up to leave, I'm afraid that if I go to keep her, they won't give me face, originally Miss Gu was going to leave directly just now, I brought you to pressure them, Miss Gu only gave in a little and said she wanted to explain to you face to face, if you don't go over, I think they will definitely just leave!"

"D*mn it!" Fei Hao Yang was almost furious!

He had no idea what those ninjas were up to, but he couldn't just let Gu Qiuyi go now, once she left, it would be difficult to find another opportunity like this!

Thinking of this, he could hardly think deeply and said to Sun Hao, "Go, you come with me!"

At this moment, Fei Hao Yang was only thinking about how to stabilize Gu Qiuyi first, and then find a way to contact the ninja gang to see if things could still be salvaged.

Therefore, he also did not even think about the possibility that this was a trap against himself.

Moreover, this was the Fei family's territory itself, and Fei Hao Yang was not worried that there would be any danger in his own territory.

What's more, in Fei Hao Yang's opinion, the fewer people knew about this kind of thing, the better, so he walked quickly to the VIP room together with Sun Hao.

As soon as Fei Haoyang arrived at the VIP room, he saw that Gu Qiuyi was already standing at the entrance of the VIP room, accompanied by Ye Chen and the others.

When Fei Hao Yang saw Gu Qiuyi, he couldn't help but ask, "Aiya Miss Gu, what's wrong with you? Why are you suddenly leaving without saying goodbye? It's my turn to give a speech on stage, and I'm going to introduce you to all the guests, a very important guest, so if you leave now, I won't be able to get off the stage"

Gu Qiuyi did not say anything, but only stared at him with angry eyes, staring straight at Fei Hao Yang's heart.

And at this time, Ye Chen sneered and spoke, "Young master Fei need not worry about not being able to get off the stage, because, you no longer have the chance to go up!"

Fei Hao Yang stared at him with wide eyes and asked offhandedly.

Chapter 4156

Just as the president of the New York Chinese Chamber of Commerce, Lu Si Nian, had finished his speech and was about to give the podium to Fei Hao Yang, the scene suddenly erupted into commotion.

The Fei family's men and the hotel staff were drawn over by a shout from Ye Chen, and the next thing they saw was a scene that broke them.

Six of Gu Qiuyi's bodyguards died on the spot, and Sun Hao, the assistant of the young master Fei Hao Yang, also died tragically on the spot.

On top of that, the whereabouts of the young master, Fei Hao Yang, was unknown.

Several of Fei Hao Yang's bodyguards sat paralyzed with fear on the spot, how could they have imagined that their young master would go missing from his own hotel?

One of them, a middle-aged man named Qin Luodong, was the nephew of Yuan Zixu, the personal bodyguard of Fei Jianzhong, a martial arts expert who was specifically responsible for protecting Fei Hao Yang's safety.

However, since he had been protecting Fei Hao Yang, Fei Hao Yang had never treated him as one of his own, so he was often sent away by Fei Hao Yang for various reasons, and even Fei Hao Yang often changed his activity plan without permission to get rid of him.

Over time, Qin Luodong became discontented with Fei Hao Yang, and he even mentioned this to his uncle Yuan Zixu, asking him to find a fellow student from the school to replace him.

Although Yuan Zixu agreed to his request, he was also repeatedly told to hold back for the time being and to wait until Yuan Zixu returned from China.

At the charity dinner today, Qin Luodong wanted to protect Fei Hao Yang closely, but he did not expect that Fei Hao Yang would ask him to stand guard in the banquet hall and would not allow him to leave the banquet hall halfway.

When Qin Luodong arrived at the entrance of the lounge, he saw the seven corpses and his heart thudded.

So, he immediately questioned, "Who found them first?!"

Ye Chen, who was standing at the door frame, said, "It was me!"

Qin Luodong glanced at Ye Chen and asked offhandedly, "Tell me! What is this all about?!"

Seeing how tough he was, Ye Chen took a step back and asked angrily in return, "You still have the face to ask me what's going on? I still want to ask you what's going on! What the hell are you guys up to? Inviting Miss Gu to your charity dinner, only to have all six of our bodyguards killed! How did you do your security? If you don't give us a reasonable explanation for this matter, we will never let it go!"

When Qin Luodong and the other bodyguards heard these words, they were speechless.

Only then did they realise that it was all a mistake on their side, and that Gu Qiuyi and the six of them had also lost their lives because of their mistake.

This made Qin Luodong's heart even more terrified.

His own mission was to protect Fei Hao Yang's safety, but when such a big thing happened under his nose, this was too big a responsibility!

Ye Chen saw that these bodyguards seemed indecisive, so he immediately spoke up, "This is an important matter, I think it's better to call 911 to report it!"

After saying that, he immediately turned around and said to Chen Duoduo, "Miss Duoduo, please call the police."

Chen Duoduo nodded and hurriedly pulled out her mobile phone.

Qin Luodong hurriedly said, "Sir, you should take it easy first, this matter, please allow me to report it to our master and youngest master."

Ye Chen said angrily, "Six of us have died and only one of you has died, you are not in a hurry! You should report to whoever you want, but this matter, we must call the police to deal with it!"

After saying that, Ye Chen added, "To ensure Miss Gu's safety, from now on, I'm going to close this door, and open it only when the police come!"

As soon as the words left his mouth, Ye Chen heaved the door of the room shut.

At this time, those bodyguards left outside by the security company Gu Qiuyi had worked with also rushed in at the sound of the noise, and once they saw that six of their companions had died, they were all very emotional, demanding that the hotel must give an account.

Chapter 4157

The head of the hotel came to hear the news, and although he himself was scared half to death, he still tried to calm the bodyguards down, after all, if this kind of thing went to the police, it would be a scandal for the Fei family, and no one dared to but this responsibility.

However, these Americans were even less adaptable and, seeing that the man was dead, the first thing they did was to call the 911 police.

Seeing that the situation was completely out of control, the hotel manager hurriedly withdrew from the crowd and immediately contacted Fei Hao Yang's father, Fei Xuebin.

Fei Xuebin was in the middle of a dinner party with some business partners at a top Manhattan restaurant. When he heard that his son was missing, and that he was in his own hotel, he was shocked and flew in by helicopter immediately, even though he was located less than five kilometres away from the hotel.

The NYPD, or New York Police Department, also quickly dispatched a large number of police officers after learning of the shooting that killed seven people at the Wangfu Hotel, and also sent a highly ranked detective in a police helicopter to lead the investigation.

A few minutes later, Fei Xuebin rushed over in a panic, and the head of the hotel with a group of staff hurriedly greeted him and said ashamedly, "Young master, my subordinates are not doing a good job, please punish"

With a black face, Fei Xuebin raised his hand and slapped the person in charge, his tone was extremely gloomy as he scolded, "Tell me! What the hell is going on?"

The hotel manager almost collapsed and cried, "Young master, I am not sure of the details, I only know that young master Hao Yang has disappeared, his assistant and six bodyguards from the security company were killed, and the murderer is nowhere to be found"

Fei Xuebin slapped him hard across the face again, turned to Qin Luodong, met him and slapped him across the face, angrily rebuked, "Surnamed Qin, our Fei family gives so much funding to your division every year, and you can't even protect my son's safety, what the hell are you doing?"

Qin Luodong was at least a four-star martial artist, so he was naturally furious at being slapped with such a slap.

However, he also knew very well that even if Fei Xuebin did not have any cultivation, he could only take it if he hit himself.

So, he looked at a middle-aged man who was following Fei Xuebin. This man was Fei Xuebin's personal bodyguard, Yuan Zixu's senior brother and Qin Luodong's senior uncle, Zhang Chuan.

Zhang Chuan's expression at this moment was also somewhat helpless. He knew more or less what kind of person Fei Hao Yang was, and this nephew of his had indeed been teased a lot when he followed him.

The point is, knowing that he was being teased, there was no way to deal with it.

At this moment, Qin Luodong said aggrievedly, "Mr. Fei, I'm not going to lie to you, ever since I was sent by my master to protect Young Master Fei, Young Master Fei has been very wary of me, not telling me many things and often not allowing me to follow him, and even often leaving me alone, so there is no way for me to protect him closely!"

Half a month ago, he told me he was going to Los Angeles for a holiday and arranged for two helicopters to take off from home to JFK. told the pilot to turn around, but the pilot didn't even listen to me and pulled me straight to JFK, and by the time I got a taxi to LaGuardia Airport, his plane had long since taken off"

"Take today for example, he made an appointment with me on the way here, telling me to never leave the banquet hall without his orders, otherwise I would have to go to my uncle to sue, what could I do?"

When Zhang Chuan saw that Qin Luodong's mind was falling apart, he quickly said, "Luodong, now is not the time to whine, hurry up and tell me if you found anything at the scene!"

Qin Luodong adjusted his mind and said, "All seven of the dead had traces of being hit by concealed weapons, which looked like Japanese ninja's hand swords."

Fei Xuebin frowned tightly and asked in a cold voice, "What did you say? Japanese ninja?!"

Chapter 4158

When he heard the words Japanese ninja, Fei Xuebin's first thought was that it was impossible.

He had had his men deal with Japanese ninjas before, and in his opinion, Japanese ninjas would never dare to go against the Fei family, so how could they kidnap Fei Xuebin's son?

So, he looked at Qin Luodong and asked in a cold voice, "Are you sure it was the Japanese ninjas?"

“Positive!” Qin Luodong said without thinking, “A concealed weapon like the hand sword is only still used by the Japanese, and this poison that seals the throat with blood is also their untold secret.”

Fei Xuebin said coldly, “Are there no concealed weapons and blood-sealing poisons in China?”

Qin Luodong was busy saying, “Back to the Young Master, there are in China, but only in the past, back then, among the martial arts, there were indeed these things, but since the defeat of the Boxer Rebellion, the so-called martial arts basically ceased to exist, and all that remained was the martial arts, so such despicable means of hurting people with concealed arrows are no longer seen in China.”

Speaking of this, Qin Luodong added: “In fact, after entering the 20th century, the whole world started a craze of ‘going to cold weapons’, only the Japanese ninja preserved it, so this kind of thing, nowadays, is only still used by them.”

With a furious expression, Fei Xue Bin gritted his teeth and ordered his a*sistant, “Immediately inform your family and send all the men you can to find those ninjas and bring Hao Yang back to me intact!”

He added, “And tell all the gangs and organisations in New York to reward anyone who can provide valuable clues with US\$10 million to US\$50 million, depending on the clues, and US\$100 million for anyone who can save my son! If anyone can save Ho-yeung and catch those ninjas at the same time, I’ll reward him with \$200 million!”

Without a second thought, the a*sistant said, “Yes, Young Master, I’ll get right on it!”

Fei Xuebin looked at his bodyguard Zhang Chuan again and spoke, “Mr. Zhang, please, with your master brother, also help me to investigate properly and see if we can get Hao Yang back.”

Zhang Chuan nodded, but asked with some concern, “Young master, your safety is not guaranteed here, why don’t I send you home first!”

“No.” Fei Xuebin shook his head and said in a cold voice, “I’m not going anywhere!”

After saying that, he turned to look at the hotel manager angrily and questioned offhandedly, “How did you do your security work? How could you let Japanese ninjas get in here?!”

The hotel manager choked back a sob, “Young master, young master Hoang’s men took over the security work this time and are fully responsible for it, young master Hoang he did not allow me to interfere”

“What do you mean?” Fei Xuebin asked with a frown, “Hao Yang does not allow you to interfere?!”

“Yes” the hotel manager said aggrievedly, “Young master Hao Yang said, this charity dinner has important guests, it is not trivial, so he wants Sun Hao to be fully responsible for the co-ordination and security, the specific arrangements and process will not allow me to interfere”

Fei Xuebin was in deep thought for a moment.

Then, he looked at the lounge with the door closed tightly and asked, “The important guest that Hao Yang said was here?”

The head of the hotel hurriedly said, "Back to the young master, the important guest inside is Miss Gu Qiuyi Gu, the now hugely popular Chinese singer."

"Gu Qiuyi?" Fei Xuebin frowned and said, "If I remember correctly, it should be the only daughter of the Gu family in China, right?"

"Yes, " the hotel manager nodded, "It is indeed the Gu family's thousand daughter."

Fei Xuebin originally wasn't quite sure why his son wanted such a charity dinner, but hearing Gu Qiuyi's name, he probably had an answer in his mind.

Chapter 4159

He thought that his son should have wanted to take the opportunity to woo this actress surnamed Gu, and that was why he had pulled off such a perverse operation, but to his surprise, the Japanese ninja had seized the opportunity.

In this instant, he could not help but wonder if Gu Qiuyi had anything to do with this matter, and whether she could be behind all this.

So, he said to the hotel manager, "Tell that Miss Gu to open the door, I have something to ask her!"

The hotel manager was busy saying, "Back to the young master, the person beside Miss Gu just now said that she would open the door only when the police came."

"How outrageous!" Fei Xuebin said furiously and angrily, "Doesn't she know that this is my Fei family's territory?!"

After saying that, he stepped forward and kicked the door of the VIP lounge and chided out, "Open the door!"

Ye Chen spoke from inside, "We're only talking to the police, so keep away from anyone who has nothing to do with it! As for those unqualified guys, get as far away as you can!"

Fei Xuebin was instantly furious.

His son's disappearance had already made him angry and anxious, but he didn't think that a guy whose name he didn't know would dare to sarcastically talk to him inside the door.

Ye Chen said disdainfully, "I don't know who you are, nor do I want to know who you are, if you can understand human language, please stay away from us, we only communicate with the police, others can't even be the president."

Fei Xuebin was shaking with anger, he had always been treated with two hundred per cent respect wherever he was, but now he was being ignored by an unknown person, so he was furious and gritted his teeth and said, "What you need to do now is to tell me honestly what you know, without waiting for any bullsh*t police! What the f*ck are the New York police in my family's territory?"

As soon as the words left his mouth, a middle-aged man spoke in an unpleasant tone, "Young Master Fei, I don't think the NYPD has ever offended you in their day-to-day life, right?"

Fei Xuebin subconsciously turned around and saw a middle-aged Chinese man in a suit walking over with a dozen police officers.

As soon as Fei Xue Bin saw him, he said with an ugly expression, "Oh, so it's Sergeant Li. Sergeant Li is really a detective, he has a good nose, he came here so quickly."

The one who was called "Sheriff Li" was Li Yalin, a very famous Chinese sheriff in New York.

Li Yalin is very famous in New York, not only is he the largest division chief of the New York Police Department, but he is also the detective with the highest crime solving rate in New York.

However, Fei Xuebin and Li Yalin have never been very close, mainly because the Fei family has always wanted to cooperate with Li Yalin and engage in collusion between the government and business, so as to facilitate their future actions.

But Li Yalin has never given face to the Fei family. Li Yalin does not care if you are the Hilton family or the Fei family or the An family, all of them must not be a stumbling block to justice in front of him.

Although the Fei family was very strong, they had settled in New York after all, so it was inevitable that they would have to deal with the New York police, and Li Yalin was the one who gave them the most headaches.

At this time, Li Yalin walked up to Fei Xuebin and said indifferently, "Young master Fei, we received a report of a serious murder case here, so we rushed over to investigate."

After saying that, he pointed at the seven corpses on the ground, looked around and asked, "Can someone explain to me what is going on here? When did the people die, when did they die, and who was the first witness?"

At this time, Ye Chen opened the door to the room and spoke, "I was the one who called the police, the person died about ten minutes ago, I heard the commotion outside and opened the door and the person was already dead."

At this moment, Fei Xuebin stared at Ye Chen, his heart was very hot, he heard Ye Chen's voice, the one who just disliked each other through the door with himself, was this kid!

Chapter 4160

Ye Chen felt Fei Xuebin's extremely unfriendly gaze and gave him a sideways glance, noticing that this guy looked a bit similar to Fei Jianzhong.

Based on the conversation he had just heard inside the door, he could be sure that this man was Fei Hao Yang's father, Fei Xuebin.

Fei Xuebin was in an extremely angry mood at this moment, and when he met Ye Chen at eye level, he almost immediately blurted out a question, "I asked you to open the door just now, why didn't you open it?"

Ye Chen said with a bit of annoyance, "I don't know you, do I know who you are? In such an emergency situation, I naturally don't trust anyone except the police!"

Fei Xuebin said in exasperation, "I am Fei Xuebin of the Fei family, you haven't even heard of my name?"

Ye Chen shook his head: "Sorry, I've just come from China, I really haven't heard of you, besides, your priority right now should be to find your son, there's no need to play hard to get with me here, right? If you have the time, wouldn't it be better to go and find out where your son is?"

"You" Fei Xuebin was so angry that he didn't know what to say at once.

Then, Fei Xuebin suppressed his anger and asked through clenched teeth, "What did you see just now? Say it quickly!"

Ye Chen said with a bland expression, "Sorry, I only talk to police officers with law enforcement powers about these matters, as for you, I have no comment!"

Fei Xuebin had never met anyone who dared to talk to him like that in his life, and in this instant, he simply wanted to have his bodyguards beat Ye Chen to death on the spot.

However, when he thought that Chinese Inspector Li Yalin was with him, he could only hold back his anger for the time being.

At this time, Li Yalin looked at Ye Chen and opened his mouth to ask, "Young man, I am the detective of the New York Police Department, and I am the division chief of the whole city, you can tell me what you saw."

Ye Chen pointed to the seven corpses on the ground and said with an obscure look on his face, "What else can I see? Of course I saw dead people as soon as I opened the door! Before I came to the United States, I thought you guys had better security here, but I didn't know that when I pushed the door, I would see dead people on the floor!"

Li Yalin laughed and asked, "Did you see the murderer? And the young master of the Fei family?"

"No." Ye Chen shook his head and said, "We were inside waiting to come out, when we heard a movement outside, as if someone had fallen down, we felt something was wrong, so I first called our bodyguards from the door, but no one responded, I was afraid of any accident, I purposely waited for a while and made sure there was no movement outside the door before I opened the door, after opening it, the doorway was already blocked by the dead man."

Li Yalin nodded and asked, "Then did you hear anyone talking?"

Ye Chen nodded and said, "Yes, I heard them."

Li Yalin asked again, "Then did you hear what they were talking about?"

Ye Chen shook his head, "I think they were speaking Japanese, but I don't understand it."

Li Yalin nodded gently and said to himself, "It seems that it was indeed the work of Japanese ninjas."

After saying that, Li Yalin asked, "You should be able to hear the voices of both male and female people, right? Are there more men or women?"

Ye Chen said without thinking, "All men, and it sounded like at least seven or eight of them."

Li Yalin nodded, thanked Ye Chen, and said to the police officers around him, "You guys, immediately seal off the scene and conduct a full examination of every body. The other thing is, contact the Immigration Bureau and get the entry records from Japan to New York for the last week, and get all the Japanese males between the ages of 18 and 48!"
