

Ye Chen 4171

Chapter 4171

Wan Bajun said again to the two henchmen left behind, "You guys take this junk car away and dispose of it."

One of the yellow-haired white henchmen nodded and spoke, "Don't worry, Hall Master, I've already found a car recycling station, and in an hour's time I'll be able to take the vehicle car all apart and crush its parts into dozens of discs along with dozens of other cars, so absolutely no one will be able to find its whereabouts."

"Good!" Wan Bajun nodded in satisfaction and said, "Then you two hurry up and get on with it, and meet me back downtown after it's done."

"As you command!"

.....

Meanwhile, both the police and the Fei family had a clue about the junker.

Although Hattori Kazuo and the others, left no video surveillance footage inside the hotel, the municipal surveillance outside, was beyond their control.

So, whenever a person or a car came out of the hotel, it would definitely appear in the video footage of the surrounding municipal surveillance.

The rubbish truck was instantly caught by both the police and the Fei family.

So both sides started to trace the rubbish truck.

In addition to the police and the Fayers, all the gang members, professional killers and private detectives in New York were also out in force for the reward money, and the streets of New York were in chaos.

However, no one expected that Wan Bajun would rent a super luxurious villa in Long Beach, New York for \$80,000 a day!

This luxury villa, one of the top luxury houses in Long Beach, is usually rented out to foreign tycoons who come to New York for holiday or to film crews for use, but after receiving Ye Chen's order, Wan Bajun directly fictitiously rented out this villa to a film crew from Hong Kong Island, falsely claiming that he was going to shoot a biographical film about a Chinese tycoon breaking into New York.

Moreover, the most unexpected thing was that the mansion rented by Wan Bajun was only less than five hundred metres away from the Fei family's estate.

So, after driving around downtown New York, Wan Bajun's men brought the eight ninjas, including Kazuo Hattori, and the unconscious Fei Hao Yang, to this villa.

No one expected that Fei Hoang, who was being searched for all over New York, was lying in his neighbour's house less than 500 metres next door to his own.

Wan Bajun's men took the eight ninjas, as well as Fei Hao Yang, straight into the villa's basement.

At the same time, a large amount of film equipment that Wan Bajun had had rented was also brought to the scene overnight.

And Wan Bajun even had his men move all the rented lighting and camera equipment into the courtyard, and even set it up in the foyer and the courtyard. The whole villa was in full swing, and those who didn't know really thought that a film crew was going to shoot a movie here.

At this point, Wan Bajun made a phone call to Ye Chen to report on the progress and to ask him for his next instructions.

Ye Chen adopted Chen Zhaozhong's proposal and conveyed the next order to Wan Bajun.

Wan Bajun hung up the phone and immediately stepped inside the basement where the eight ninjas and Fei Hao Yang were being held.

At this moment, the eight ninjas were sitting in the corner like defeated roosters, while Fei Hao Yang was still unconscious on the floor.

The eight ninjas stood up as soon as Wan Bajun came down, looking at him with a respectful face.

Wan Bajun ignored them, but pointed at Fei Hao Yang on the floor and said to his men, "Wake him up!"

Immediately, his men brought a basin of cold water and poured it over Fei Hao Yang's body with a crash.

The unconscious Fei Hao Yang suddenly gave a jolt and sat up with a scream.

As his vision slowly returned, he asked in a panic, "What do you want? Do you know who I am?!"

Wan Bajun gave him a look and pulled out a dagger from the waist of his men, then threw that dagger in front of Hattori Kazuo and said in a cold voice, "Go, cut off both of his ears!"

Chapter 4172

When Hattori Kazuo heard these words, his whole body shivered violently in fear.

He really did not expect that Wan Bajun would let himself cut off both of Fei Hao Yang's ears as soon as he opened his mouth.

Fei Hao Yang was also stunned.

He was the youngest son of the Fei family, and he was a person who no one dared to mess with in New York, but he never thought that this man in front of him would be so vicious as to cut off his own ears, and two of them at that!

Panicked, Fei Hao Yang shouted, "Do you know who I am? I am the young master of the Fei family, Fei Hao Yang! I don't need to tell you how strong the Fei family really is! If you guys dare to touch a hair on my head, my father and my grandfather will definitely take your lives!"

Wan Bajun looked at Fei Hao Yang and said indifferently, "Let me tell you, my name is Wan Bajun and I am the Hall Master of the Hall of Ten Thousand Dragons, not to mention a mere grandchild of the Fei family, even if it was your father or your grandfather, as long as Mr. Ye says so, I will kill them all! Even if I kill your Fei family to the point where not even a dog is left, I, Wan Bajun, will not blink an eye!"

Hearing these words, Fei Hao Yang's entire body instantly felt a whirlwind of heaven and earth.

"Wan Broken Army?! You You are Wan Breaking Army?!" Fei Hao Yang was terrified to the extreme and said offhandedly, "Mr. Wan Our Fei family has no grudge against you, I have even always looked up to you, why would you lay a dark hand on me?!"

Saying that, he asked again nervously, "And who is Mr. Ye? I've never offended anyone surnamed Ye!"

Wan Bajun looked at the time and sneered, "Soon you will know."

After saying that, he looked at Hattori Kazuo again, pointed at the dagger on the ground and said in a cold voice, "Hattori Kazuo, the order was given by Mr. Ye, I am just relaying it for Mr. Ye, Mr. Ye will come over soon, you better get it done before he comes, otherwise, when the time comes, I will even cut your ears together!"

When Hattori Kazuo heard this, he turned pale with fear and said in a panic, "I'll cut! I'll cut it right now!"

Hattori Kazuo was now very clear that he could not mess with Ye Chen by messing with anyone.

It was still the same, if he messed with the Fei family, the Iga ninja would just possibly be exterminated, but if he messed with Ye Chen, the Iga ninja would definitely be exterminated!

So, he did not dare to delay, and hurriedly picked up the dagger and walked towards Fei Hao Yang with a single step.

When Fei Hao Yang heard Wan Bajun say Hattori Kazuo's name, he immediately realised that this guy was actually the Japanese ninja that Qiao Fei Yun had found to kidnap Gu Qiuyi.

But how could he not understand why the man Qiao Feiyun had found to kidnap Gu Qiuyi would suddenly turn against him to kidnap himself?

Angry, he stared at Hattori Kazuo and angrily rebuked, "You Japanese ninjas are too discredited! Not only did you not do anything after receiving money, but you even turned around and kidnapped your employer! If you don't believe me, the Fei family will exterminate your entire family!"

Ichio Hattori gave up his life and slapped Fei Hao Yang across the face, saying through clenched teeth, "You b*****ds asked us to kidnap Mr. Ye's woman. Luckily I didn't make a big mistake, otherwise the whole Iga ninja would have disappeared from this earth! I can't even kill you to satisfy my hatred!"

Hattori Kazuo was right.

He was now mad with hatred for this Fei Hoang.

If it wasn't for him, how could he have come to America to wade through this mess? Although he had saved a dog's life for now, who knew how Ye Chen would punish himself next?

Thinking of this, he walked forward in a fury, ignoring Fei Hao Yang's struggle, grabbed his hair, and the dagger flew around twice with great speed.

"AHHH!!! My ear!!!"

Chapter 4173

On the ground, two bloody ears stood out, while Fei Hao Yang covered his ears to death, wailing repeatedly, blood gushing out from his fingers in an unbearable manner.

At this time, Wan Bajun gave a wink to his subordinate and said, "Treat his wounds."

His men nodded and immediately took out a bottle of golden sore medicine to stop the bleeding, stepped forward and sprinkled the powder on both sides of his wounds.

Wan Bajun then said to Hattori Kazuo, "Pick up the things on the floor and go to the bathroom to wash them up, I still need them."

Hattori Kazuo dared not refuse, and hastily bent down and picked up the two ears, walked to the next bathroom and washed them with water.

At this time, a helicopter landed in the courtyard of the villa.

Ye Chen stepped off the plane alone, and then a soldier from the Ten Thousand Dragons Temple walked up and said respectfully, "Mr Ye, the Temple Master is in the basement, please follow me."

Ye Chen nodded and was led by the soldier to the basement of the villa.

Pushing the door in, Wan Bajun was standing in the middle of the room, while Fei Hao Yang had already had his two ears cut off, wailing in pain while shivering all over.

Seeing that Ye Chen had arrived, Wan Bajun immediately said respectfully, "Mr. Ye!"

Ye Chen nodded, looked at Fei Haoyang and sneered, "Young Master Fei, we meet again."

Only then did Fei Hao Yang see Ye Chen, and in this instant, he couldn't care less about the sharp pain coming from his ear, and said in shock, "You You're the feng shui master?!"

Ye Chen laughed: "What? Are you surprised to see me?"

Fei Hao Yang's brain was not even enough and questioned offhandedly, "Who the hell are you?! Why did you let the Ten Thousand Dragons Temple tie me up here?! Why did you let them cut off my ears? Why?!"

Ye Chen said indifferently, "There's no such thing as why... I don't like you, okay?"

Fei Hao Yang roared in anger, "I have no f*cking grudge against you! What the hell do you mean by that? Aren't you afraid that my Fei family will take revenge on you?!"

Ye Chen looked at him, his eyes gradually becoming cold as he asked in a stern voice, "What enmity did you have with so many innocent girls who died at your hands? And why did you work in cahoots with Qiao Feiyun, hunting them and abusing them without any bottom line of conscience?!"

At this point, Ye Chen's voice rose a few notches and he shouted angrily, "You ungrateful dog, you even moved your mind to Gu Qiuyi's head, do you know that Gu Qiuyi was engaged to me when she was three years old? If you're moving dirt on the head of a taiyoung man, what the hell is wrong with your life?"

Fei Hao Yang was instantly struck by lightning, his eyes wide and unable to speak a word.

He had never dreamed that this feng shui master, surnamed Ye, would learn about him

He subconsciously sophomORIZED, "I don't even know what you're talking about! I, Fei Hao Yang, have never done any of the things you say! I didn't have any ill intentions towards Miss Gu either!"

Ye Chen said disdainfully, "Fei Haoyang, do you still f*cking think that I run the court? You deny it and I won't judge you? Since I got you here, I won't listen to a single word of explanation from you!"

Saying this, Ye Chen coldly said, "Fei Hao Yang, I can tell you bluntly, you fell into my Ye Chen's hands this time, you are f*cking dead!"

Chapter 4174

Fei Hao Yang saw the undisguised killing intent in Ye Chen's eyes, and his heart was instantly terrified to the core!

He fell to his knees with a thud and kowtowed while begging in tears, "Mr. Ye I was young and impulsive... I beg you to spare me this time for the sake of my family, which is at least the second largest Chinese family in the United States, and ask for as much money as you want, my father will make you happy please"

Ye Chen did not want to see him act, coldly said: "Fei Hao Yang, you really think that money is everything? Your great-grandfather was so rich, but didn't he still fail to hold on to the position of family head? Let me tell you, even if I were to trade the entire Fei family's assets for your life, I wouldn't agree to it! Adults must pay for their actions! Not to mention you, even your father and your grandfather will have to pay the appropriate price for your actions! For as the old saying goes, if a son does not teach, his father is at fault!"

Fei Hao Yang subconsciously questioned, "Aren't you afraid of the Fei family's revenge?! My father, my grandfather, if they knew that you killed me, they would definitely pour out everything in the Fei family to avenge my death!"

"Your father, your grandfather?" Hearing this, Ye Chen sneered, "To tell you the truth, your great grandfather, Fei Jianzhong, and your cousin aunt, Fei Kexin, are all being protected by my people now, not only do I have to settle you, I also have to settle your father and your grandfather, if your great grandfather has the chance to return to America, do you think he will let your father and your grandfather go? If he dares to let them both go, I will not let him go!"

When Fei Hao Yang heard this, his whole body was horrified to the core!

He had never dreamed that his great grandfather, whom his grandfather had been trying to find, as well as his cousin's aunt, were in Ye Chen's hands!

At this moment, he finally realised what kind of existence Ye Chen was.

Originally, he had thought that Ye Chen was a vicious wolf who had rushed to the Fei family to try to take a bite.

But now he realised that Ye Chen was actually the hunter with a gun.

And the current Fei family, in his eyes, was nothing more than a dirt dog at the muzzle of a gun.

In this instant, he was already scared out of his mind and said in tears, “Mr. Ye I beg you to have mercy and spare me once No matter what you ask, I will make my father and grandfather agree to you unconditionally just beg you to leave me a dog’s life”

Ye Chen smiled faintly and spoke, “Begging for mercy won’t be necessary, it’s better to save your energy and think about how you will die.”

The terrified Fei Hao Yang wanted to continue to beg Ye Chen for mercy, but Ye Chen didn’t give him a chance at all and turned to Wan Bajun and Hattori Kazuo and said, “Bajun, Hattori Kazuo, you two come with me, I have something to explain.”

The two men immediately answered and were about to follow Ye Chen upstairs when Fei Hao Yang kept kowtowing and begging like crazy: “Mr. Ye please let me go Mr. Ye Mr. Ye... ..”

Ye Chen ignored him and directly led the two to the ground floor.

Wan Bajun said to Ye Chen, “Mr. Ye, there is a meeting room on the ground floor, let’s go there.”

“Okay.” Ye Chen nodded and followed Wan Bajun to the meeting room on the ground floor.

Hattori Kazuo also followed him in with trepidation, his two hands rubbing together in front of his chest, his heart already tense to the extreme.

Ye Chen looked at the two of them and spoke, “I want to make this matter bigger now, since it is a stage to sing, a small movement would be a pity for a stage as big as New York.”

Wan Xiaojun asked respectfully, “Mr. Ye, what is your plan?”

Ye Chen smiled, “I asked Hattori Kazuo to cut off both of Fei Hao Yang’s ears, just to properly stimulate the Fei family, and simply give the Fei family the highest ransom kidnapping case in the history of New York.”

He said, he looked at Hattori Kazuo and laughed, “You cut off Fei Ho Yang’s ears, why don’t you send these two ears to the Fei family, and by the way, tell them that if they want Fei Ho Yang to live, they will pay a ransom of US\$100 billion, and it must be paid in the form of crypto-digital currency, otherwise, wait for Fei Ho Yang’s corpse to be collected. “

Chapter 4175

“Huh?!” Hattori Kazuo’s legs went weak in fear and blurted out, “Mr. Ye With the strength of the Fei family, I’m afraid that our Iga ninja will be exterminated”

Ye Chen smiled and waved his hand, “Don’t worry, neither Fei Xuebin nor Fei Shanhai will have that chance to go to Japan to seek revenge on the Iga ninja, after this matter is over, they both will be finished, and when the Fei family’s old man regains power, you Iga ninja will not be the Fei family’s enemy, but one of the Fei family’s benefactors.”

Saying that, Ye Chen added, "Hattori Kazuo, there are multiple sides to everything, how the Fei family will treat the Iga ninja depends on whose a*s is sitting in the position of the Fei family's head, can you hear me?"

Hattori Kazuo's whole spirit lifted when he heard this.

He was not a fool, so how could he not understand the meaning of Ye Chen's words.

In a flash, his mind also underwent a hundred and eighty degree change.

Before, he was afraid that the Iga family would be retaliated by the Fei family and thus be tragically exterminated.

But now, he suddenly felt that a saying on the Chinese Internet was right: "If you take a chance, you can turn a bike into a motorbike!"

Thinking of this, he was already a little excited and said offhandedly, "Mr. Ye, whatever you need me to do, just give me an order, I will do my best!"

Ye Chen nodded in satisfaction and smiled, "Yes, get on the path!"

After saying that, Ye Chen then informed Hattori Kazuo of his requirements in detail.

After hearing this, although Hattori Kazuo was apprehensive in his heart, he said without hesitation, "Don't worry, Mr. Ye, I will complete the task!"

Ye Chen nodded slightly and said to Wan Bajun, "Bajun, I will be returning to Providence soon, so you will take care of the rest with Hattori Kazuo, and I will come back tomorrow."

Wan Bajun said respectfully, "Okay Mr. Ye!"

.....

A few minutes later, the helicopter took off from the courtyard of the large villa and flew directly to Providence.

Meanwhile, the number of people searching for Fei Hao Yang's whereabouts throughout New York had exceeded tens of thousands.

But even with so many people racking their brains for clues, everyone was still coming up empty-handed.

The junk car that drove out of the Wangfu Hotel had vanished like a ghost, and no more clues could be found.

The more delayed the results were, the more nervous the Fei family became.

Although Fei Shanhai was usually very strict with his son Fei Xuebin, he was very indulgent and doting towards his grandson Fei Hao Yang. Now that Fei Hao Yang had been kidnapped and there were no clues, he called Fei Xuebin to his study and asked him in a stern voice: "What the hell are you doing? So much time has pa*sed, why is there no news yet!"

Fei Xuebin was also at a loss and said, "Dad, those Japanese ninjas seem to have vanished into thin air, I can't find any clues!"

Fei Shanhai said in a cold voice, "Have you found out which faction of ninjas did it?"

"Not yet." Fei Xuebin sighed, "We've already pulled out the entry data, but there are too many of them, so we're sifting through them." "What's more, these ninjas all know disguise and have multiple identities."

Fei Shanhai asked again, "Has no one contacted you yet? According to common sense, the other party has kidnapped Hao Yang, so it's time to ask for ransom!"

Fei Xue Bin shook his head and said, "No one has contacted me for ransom yet."

Just as he finished speaking, his mobile phone suddenly rang.

When he looked down, it was a text message from an unfamiliar number.

The text message read, "Want to know your son's whereabouts, drive to Brooklyn!"

Chapter 4176

Brooklyn, once the most famous ghetto in New York.

Right now, although the environment has improved somewhat, it is still, relatively speaking, the most chaotic and least secure borough in New York.

North Brooklyn, in particular, has a very large black and Hispanic population and is simply the best and largest source of soldiers for the major gangs in New York.

Many of the young men here were going around with guns in their hands at the age of 12 or 13, sort of starting their reserve service in gangs.

By the time they reach 14 or 15, they are already eating, drinking, gambling, vandalizing and looting.

The law and order in such places is so bad that if you pick ten young men on the street, you can find eleven guns.

It was at Ye Chen's request that Hattori Kazuo had asked Fei Xuebin to meet him here.

When Fei Xuebin saw the message, he said in a panic, "Dad, someone sent me a text message saying that if I want to know the whereabouts of Hao Yang, I have to go to Brooklyn!"

Hearing this, Fei Shanhai slapped the table and said angrily, "Go! Have someone prepare immediately! Also hurry up and give the mobile phone number to the intelligence department and have them monitor the location of this phone immediately!"

Fei Xuebin was slightly stunned and asked, "Dad, I'm going?"

"Nonsense!" Fei Shanhai blurted out, "If you don't go, should I go?"

Fei Xuebin said somewhat nervously, "Brooklyn is too bad for law and order, and I'm worried that it's a trap"

Fei Shanhai waved his hand and said, "There is nothing to worry about, you just go, let the martial artists all go with you, plus bring two more teams of bodyguards to secretly protect your safety, in this case, even the special forces can't kidnap you away!"

Seeing his father's insistent attitude, Fei Xuebin had no choice but to nod and said, "Then I'll ask him for the exact address."

After saying that, he sent his mobile phone number to the Fei family's intelligence team while picking up his phone and replying to the message, "Where am I going to meet you?"

After sending it, the message sank in stone.

The intelligence team also fed back the message that the mobile phone number was now in shutdown mode and could not be located.

When Fei Xue Bin saw this, he knew that the other party was a veteran and was even more apprehensive.

However, Fei Shanhai did not give him a chance to hesitate and instructed, "If the other party can kidnap Hao Yang, he must not be an ordinary petty thief, so he has probably been secretly watching us for a long time.

Fei Xuebin did not dare to refuse and could only stiffen his head and agree.

Although he was anxious about his son's kidnapping, he hoped that he could use money to solve the problem, or use the people under the Fei family to solve the problem, and was not willing to put his own life at risk.

But at the moment he had no other choice but to follow his father's instructions and arrange for the men to be ready to go.

Soon, three convoys left the Fei family's estate one after another.

They had two missions: firstly, to protect Fei Xuebin's convoy secretly, and secondly, to wait for information from the intelligence team, so that once the other party's mobile phone was switched on and their location was found out, they would immediately take control of them.

Fei Xuebin's convoy was led by three bullet-proof Rolls-Royces and followed by three bullet-proof Cadillacs.

Fei Xuebin, himself, did not sit in the Rolls-Royce, but in the one in the middle of the three Cadillacs.

In his opinion, if the other side was trying to get at him this time, they would definitely mistake him for being inside the Rolls-Royce in the middle, so that if something happened, that Leslie would be able to draw fire and his safety factor would naturally be a bit higher.

But even so, when the vehicle drove into Brooklyn, as for Fei Xuebin, there was inevitably a pang of nervousness in his heart.

There is a law that is as universal as gravity: the richer a person is, the more afraid of death he must be.

Fei Xuebin was naturally no exception.

Even though he was the youngest master of the Fei family and the current first heir to the Fei family headship, when he came to a place like this, he was somewhat scared.

After all, it's not once or twice that a person has been shot because of an Apple phone in a place like this.

Chapter 4177

When Fei Xue Bin's motorcade drove into Brooklyn, it did attract the attention of many street youths.

In Brooklyn, only gang bosses can afford Rolls-Royces, but the local gang members knew the Rolls-Royce license plates by heart, so they could tell at a glance that the cars were all foreign.

Some of the gang members couldn't help but have second thoughts when they saw this convoy.

However, when they saw that there were six cars, they could only look on in disbelief.

At this moment, Fei Xuebin in the car suddenly received a text message.

This time, the other party changed his number and sent the following message: "Go to the Wharton Motel in North Brooklyn."

A motel is the lowest end of fast hotels in the United States.

It has the worst rooms, the worst location, the laxest management and the worst security.

You don't need any ID to register to stay in a motel, you park your car at the door, walk in and hand the owner cash and get a key to your room, without showing any ID the whole time.

The owner is also of the mindset that it is better to collect the money than to ask about the identity of the guests, and does not even want to look at them twice to avoid trouble.

Therefore, this kind of place is full of fugitives, prostitutes and drug addicts.

Fei Xue Bin did not expect the other party to set the location in such a place. He first sent the other party's mobile phone number to the intelligence team, hoping that the other party could locate the person's position.

But the intelligence team came back with the news that the other party had switched off his phone again.

As it was a new number, there was no way to prepare for it in advance, so the location failed again.

The location failure meant that Fei Xuebin could only follow the other party's request and head to this motel.

Although he was reluctant to do so, he had no choice but to go there.

The motel was located on the edge of North Brooklyn.

As soon as the convoy arrived at the motel, they saw at least seven or eight scantily clad women standing in front of the door, waving whenever they saw a man driving, and the male driver would immediately stop beside him and "exchange" a few words with him with his window down.

The exchange is about what kind of service to provide and how much to pay.

If a deal was agreed, the woman would get into the man's pa*senger seat or go to the motel room with him to complete the dirty deal.

Fei Xuebin eyed his surroundings and frowned in disgust.

Just then, several of the street girls spotted their convoy, some of them more or less self-aware, knowing that a few dozen dollar-a-time prostitutes like themselves were unlikely to win the favour of the owner of the Rolls-Royce.

But there were also women who were so high on drugs that they came over to the Rolls Royce and knocked on the window, scratching their heads.

However, no matter how hard they knocked, the drivers of the Rolls-Royces in front of them did not open their windows.

So, they knocked on the windows one by one, all the way to the one Fei Xuebin was in.

Fei Xuebin looked through the window at the women, who were as thin as flesh and had rotten teeth and had already lost a lot of teeth at a young age, and cursed in the car as if he had seen a ghost: "What kind of f*cking sh*t is this! Get them out of here and keep them away from my car!"

The bodyguard on the pa*senger side turned back around and explained, "Young master, these women are like that, we don't have to bother with her, they'll leave on their own without knocking on the window."

With that, he added, "Did you see the number of disposable syringes discarded on the ground by the roadside? They're all used by these women, every one of them is a drug addict, they earn a little money every day just by standing on the street to eat and buy contraband, many of them have AIDS, we'd better not open the window just to be safe."

"f*ck!" Fei Xuebin recoiled for a moment and cursed angrily, "That's f*cking disgusting!"

Luckily, the women didn't pester, and when they saw that no one had opened the window, they all went back to the roadside and continued to look for other targets.

At this point, Fei Xue Bin's mobile phone rang again.

He hurriedly looked down and saw that this time it was a text message from a new unknown number, and the text read: "See that blonde woman on the side of the road with two missing incisors?"

Get out of the car and walk up to her, slip a thousand dollars into her collar and she'll give you something, my men are watching you, don't pull any tricks or you'll be waiting for your son to die!"

Chapter 4178

Fei Xuebin received this text message and looked up at the women standing by the roadside. Only then did he realize that the woman with blonde hair and two missing incisors was not the woman who had just come knocking on the window of his car and startled him.

The thought that she might have AIDS made him sick to his stomach.

But he had never dreamed that the mystery man who had kidnapped his son would ask him to stuff money into that woman's collar!

He couldn't help but curse: "Isn't this f*cking bullying! If there was really something to give me, wouldn't it be enough to just ask her to take it out?!"

The bodyguard couldn't help but ask, "Young master, did the other party send another text message?"

Fei Xuebin looked at the woman outside the car window and said in disgust, "Son of a b*tch, how dare he ask me to stuff a thousand dollars into that woman's collar in exchange for something he gave me! What an outrage!"

The bodyguard said, "Young master, why don't I go? The man should have instructed the woman to give her something if someone stuffs \$1,000 into her lapel.

"No" Fei Xuebin said offhandedly, "They have people watching from the shadows, if I play tricks they will turn on Hao Yang!"

The bodyguard blurted out, "Young master, you can't go by yourself either, what if this woman is a killer or she has a bomb on her? We can't guarantee your safety!"

When Fei Xue Bin heard this, he was shocked himself. He was worried that if this was a trap against him, then once he got out of the car, he was afraid that he would be in a bad way.

However, he knew very well in his heart that if he did not do as he was told, his son would probably be in danger of his life.

Moreover, if he did not do as he was told, his father would be displeased with him when he found out.

Fei Shanhai's style of action was ruthless and he had a strong aversion to timid and cowardly people. Moreover, Fei Xuebin was not his only son, and he had two younger brothers who were eyeing the position of family head.

After thinking about it, he decided to take a chance.

So, he called his father, Fei Shanhai, and as soon as the call came through, Fei Shanhai asked, "Xuebin, how is it going?"

Fei Xue Bin told his father about the situation, and deliberately said in a tone of generosity, "Dad, if anything happens to me, you must promise me that you will get Hao Yang back!"

Fei Shanhai hummed lightly and said, "Don't worry, he has no reason to kill you."

Fei Xuebin was surprised and asked, "Dad, why do you think so?"

Fei Shanhai said in a cold voice, "He kidnapped Hao Yang and took the initiative to contact you, which proves that he must be after his money. If he kills you, not only will he not get a single penny, but he will also ruin his credibility in front of us. If he uses Hao Yang to threaten me and ask me for ransom after killing you, it is unlikely that I will give it to him, and it will be more than worth the loss for him, so just go ahead and be bold."

Fei Xuebin was suddenly a little resentful.

He had thought that he could take this opportunity to show off a bit with his father, but he had not expected to end up bungling the situation instead, making his father think that he was a fool who could not understand the situation.

Depressed to the core, he could only say to Fei Shanhai, "Alright dad, I know, I'll go over there and see what medicine they're selling in the gourd!"

"Hurry up!" Fei Shanhai urged, "If there's any news, let me know at the first opportunity!"

Fei Xuebin could only do as he was told.

Chapter 4179

He hung up the phone, asked his bodyguard to take out a thousand dollars in cash, clutched it in his hand, and took a deep breath before speaking, "Open the door!"

The bodyguard said nervously, "Young master, it's too dangerous to go there directly, why don't I go check and see if there's anything wrong with that woman first!"

"No need" Fei Shanhai shook his head, his father Fei Shanhai had already said that much, if he still asked someone to check the woman, in case word got to Fei Shanhai's ears, Fei Shanhai would definitely be very disappointed with him.

So he could only push his way out of the car and walk towards the woman on the side of the road.

Several women did not expect that a middle-aged man would get out of the Cadillac and walk straight towards them.

So, they were all busy scratching their heads and squeezing their eyebrows in the hope of gaining the man's favour.

As Fei Xuebin watched, he was even more disgusted and stung and scratched all over.

But he had no choice but to brace himself and go to the blonde woman, roll up the thousand dollars in his hand and stuff it into the woman's collar.

A gasp went up from around the room as the other women looked on in awe.

They could not even earn a hundred dollars a day standing here, but this rich man gave his companion a thousand dollars as soon as he came over, which made them extremely envious.

The blonde woman, who was also excited at the moment, pulled the money out of her collar and counted it one by one, and after she was sure it was a thousand dollars, she said excitedly, "Oh my God, you must be Mr. Fei?!"

Fei Xuebin almost stumbled at the stench from her mouth and, resisting the urge to vomit, opened his mouth and asked, "You got the money, where's the stuff? Did someone ask you to give me a certain item?"

The blonde woman said with delight, "I thought that guy was playing a trick on me on purpose, but I didn't think it was really such a good thing"

After saying that, the woman looked at Fei Xuebin and suddenly stepped forward, hugged him to death and kissed him hard on the mouth!

A large group of bodyguards thought this woman was going to suddenly turn on Fei Xuebin and suddenly rushed out from the car with guns.

At this time, Fei Xuebin was also shocked and hurriedly pushed the woman away, wiping his mouth hard while saying angrily: "Blah blah blah! D*mn it! What the f*ck is wrong with you? Who the hell told you to kiss me?"

Immediately afterwards, he saw that the woman's two arms were covered with dense needle holes, and he was even more frightened and pale.

He kept spitting hard, while slapping his clothes, and cursed, "Do you have f*cking AIDS? If you have f*cking AIDS, I'll have someone f*cking shoot you!"

The woman, seeing so many fierce bodyguards, all pointing their guns at her at the moment, said with fear and aggression, "The doctor at the foundation told me that AIDS is not transmitted through kissing"

Fei Xuebin instantly broke down and jumped up in a rage and cursed: "f*ck! You really f*cking have it!"

A group of bodyguards heard this also like a big enemy, one of them thought that this woman was deliberately poisoning the eldest young master, immediately angrily rebuked: "Say it! Why did you do that! What is your purpose?"

The woman was so aggrieved that she spoke blearily, "It was that man who told me that a gentleman named Fei would give me a thousand dollars and that if I received his thousand dollars I was to give him the most pa*sionate kiss and an elaborate little gift"

"f*ck!" Fei Xuebin instantly understood that he was being set up by that son of a b*tch.

At this moment, he couldn't care about that much, he just wanted to hurry up and get the clue, then go back immediately and have the doctor prepare the HIV blocking drugs for himself.

So, he stared at the woman with a black face and questioned, "D*mn it, what the hell is this little gift? Get it out to me now!"

Chapter 4180

The woman was scared out of her wits with so many people pointing guns at her, so she hurriedly took out a crumpled box of condoms from the old shoulder bag she was carrying.

When Fei Xuebin saw the picture of a condom on the box, his face darkened to the extreme. He thought it was just a prank, so he cursed coldly, "Is this what that son of a b*tch told you to give me?!"

"Yes" the woman said in a panic, "He also asked me to pa*s on a message to you... .."

Fei Xuebin shouted angrily, "Speak up! If you stammer again, I'll f*cking kill you!"

The woman shuddered in fear and hurriedly said, "He said sorry Mr. Fei, there was a shortage of time to find a container for the individual pasta, so he had to make do with this box. So I had to make do with this box The packaging was substandard but the stuff inside was still very precious"

Fei Xuebin reached out to grab the condom box, but once he thought that the woman had AIDS, he immediately withdrew his hand and pointed at the woman and yelled, "You, throw the box to the ground!"

The woman could only obediently do as she was told and dropped the box on the ground.

Fei Xuebin took out a handkerchief from his pocket, wrapped his right hand in it and cautiously squeezed that box up.

He was in a dilemma because he did not dare to open the box with his left hand. Although he was highly educated and knew that AIDS could not be transmitted through this level of contact, he still could not resist the fear in his heart.

Fortunately, one of his men had the good sense to hand him a black glove.

Only then did Fei Xue Bin breathe a sigh of relief and put out his left hand, allowing his men to put the black glove on his hand, before opening the lid of the condom box.

Because of the darkness of the ambient light, he could not see what was inside the box at once.

So he turned the box upside down with his right hand, and with his left hand he blocked the mouth of the box and poured out the contents.

As the two things poured into his palm, Fei Xuebin fixed his eyes on them, and his whole body let out a yell of fright, and his hand flung out violently as if he had been electrocuted, and the two bloody ears were thrown out directly by him.

A few women had long been curious about what was inside, but when they saw that it was two bloody human ears, they screamed in terror.

The bodyguards also froze, never dreaming that the box contained human ears!

Fei Xuebin was so frightened that he suddenly thought of something and hurriedly went after them to check them out, and immediately recognised the ears as those of his son Fei Hao Yang!

His heart felt like it had been hit by a heavy hammer, and he couldn't speak at once because of the pain.

Immediately after, he picked up the two ears and bawled: “Hao Yang my good son it’s my father who has wronged you it’s my father who has failed to protect You ah Hao Yang

Some good pedestrians had already started to take out their mobile phones to shoot the video, and it was only at this time that a number of bodyguards reacted and hurriedly surrounded Fei Xuebin, while chiding, “No filming, delete the video!”

But by this time it was already too late, many people had already taken the video, and seeing that the other side’s bodyguards were aggressive, they hurriedly slipped away.

The bodyguards didn’t have the energy to question the pa*sers-by, so they had to surround Fei Xuebin and protect him from this place of trouble as soon as possible.

Among those who took the video and slipped away was an Iga ninja.

After taking the video, he immediately went to the corner behind the motel and got into a dilapidated Dodge car, which then started its engine and quickly drove away from the place of the incident.

At this time, Fei Xuebin was still holding both of Fei Hao Yang’s ears and crying out in pain.

The bodyguards repeatedly persuaded him to do nothing, so they had no choice but to help him into the car, and the convoy quickly returned to the Fei family estate in Long Beach.
