

Ye Chen 4181

Chapter 4181

All the way back to the Fei family estate in Long Beach, Fei Xuebin could hardly control his grief and anger. He was heartbroken and worried about his son, but at the same time he hated those Japanese ninjas with a pa*sion.

He couldn't wait to catch those ninjas and cut them into pieces, but unfortunately, they hadn't been able to get hold of their true identities yet.

Fei Shanhai had many ears and eyes, and most of the bodyguards around Fei Xuebin reported to him, so before Fei Xuebin returned, he had already heard about the incident.

When he heard that his eldest grandson's ear had been cut off, he was even more furious and was already in his study, smashing everything he could.

When the old lady heard the news, she rushed to see what was going on. After asking Fei Shanhai about what had happened, she herself was even more distressed. If not, I'll die for you!"

Fei Shanhai was distracted and did not want his wife to add to his troubles, so he said impatiently, "All right, I know! Hao Yang is your grandson and my grandson, I will do whatever it takes to get him back!"

The old lady asked again, "Are you sure? In case they kill without a second thought and give Hao Yang to"

When she said this, the old lady couldn't say any more.

Fei Shanhai waved his hand and said, "Don't worry, they must be looking for money, as long as they are looking for money, they will definitely not kill Hao Yang."

The old lady said in a hurry, "No matter what the final outcome is, you must cut those people into pieces for me!!!"

The commotion of the old man and the old woman smashing in the study soon alerted Fei Hao Yang's mother, as well as the rest of Fei's family.

Fei Shanhai didn't hide anything from them, so he informed everyone of what had happened.

Fei Hao Yang's mother pa*sed out straight away, while the rest of the Fei family were also apprehensive.

They were accustomed to being pampered, but when they heard that someone had dared to kidnap the Fei family and even cut off their ears, they were all angry and scared.

The whole Fei family was in a state of shock.

Before Fei Xuebin could reach home, another popular video appeared on the internet.

The title of the video was very shocking, reading "Fei Xue Bin, the eldest son of the Fei family, kisses a prostitute on the street in North Brooklyn! .

The video clearly captures Fei Xuebin shoving \$1,000 in cash into the collar of the prostitute, and the prostitute hugging him in a pa*sionate kiss.

The video ends abruptly at this point, with no follow-up.

This is the Western media's 'partial news rule', where they don't report the whole story but only the part they want to report, so that they can entice viewers to take things out of context.

It's a simple, straightforward and nasty trick, but it works like a charm.

People didn't know what was going on, and all they knew from watching the video was that the young master of the Fei family was buying sex on the street and kissing a prostitute.

This immediately sparked a fervent debate on the internet.

In the United States, it's not really breaking news that people are relatively more open to that aspect, so they are not used to seeing it.

However, although they have seen cheaters, they have never seen such a rich man stealing such an unglamorous affair, which is simply upsetting.

It was as incomprehensible as being bored at home and watching a short video platform and suddenly seeing the richest man in the world eating slop by the roadside.

Many people were incredulous at Fei Xuebin's heavy-handedness, and it was because of this huge contrast that the story quickly festered online and soon exploded all over the internet.

Little did Fei Xuebin know that by the time his motorcade pulled into the Fei family estate, he had already become a major internet sensation.

Chapter 4182

What Ye Chen likes most is to kill to kill.

He knew what the rich cared most about, so he could always find their seventh inch.

For most rich people, there were only two things they cared about the most, profit and face.

Since they wanted to make a big deal out of it, and wanted to inflict more damage on the Fei family, this way of bringing the scandal to light was the best solution.

When Fei Xue Bin returned home and met a group of furious family members, he realised that he had actually caught fire on the internet.

When he saw the video of himself that had gone viral on the internet, his entire being was almost P*ssed off to the point of dying in place.

The unpleasant stand-up girl made him sick all the way to the car and he almost vomited several times.

Add to that the feeling of holding his son's two ears in his hands, and the pain was even more excruciating.

He managed to make it home and was ready to take his HIV blocking medication immediately, but to his surprise, the video of himself kissing the street girl went viral first.

In front of his family, he yelled, "I have to find the b*****d who posted the video, I can't take it until he's dead!"

Fei Shanhai said in a cold voice, "This video must have been taken since you didn't get out of the car, it was obviously waiting for you, maybe it was one of them."

Fei Xuebin was confused and said, "Dad, if they want money, just ask for it, what the hell are they doing?"

As he said that, he handed out his son's two ears and blurted out, "Also, why are they treating Hao Yang so cruelly? Aren't they afraid that our Fei family will fight them to the death?!"

Fei Shanhai frowned and said, "I can understand if they cut off Hao Yang's ears, it's just to show us their guts and let us know that they are capable of doing anything, so as to break our will"

I really don't understand this move, I don't see how it's necessary at all you guys say, what good will it do them if this matter is exposed? "

The Fei family members all shook their heads with bewildered faces.

No one could understand why the other party did not put the Fei family in their eyes in the slightest, kidnapped the Fei family and spat in the Fei family's face.

Meanwhile, Fei Xuebin's video has been getting hotter and hotter all over the internet.

Not only in the United States, but even around the world, it has caused a huge stir.

Even in China, which is half a world away, it has made it to the short video platforms, as well as the hot searches on the Weibo platform.

Internet users all over the world love to eat the melons of the rich.

The Fei family, in turn, is one of the top families in the world, much stronger than the Lee family in Korea and the Ito family in Japan.

Not to mention the Lee family, one of Korea's top plutocrats, when the daughter of a Korean airline made a scene at New York's JFK airport and forced the plane to return because a packet of nuts given to her by a flight attendant was not put on her plate, the incident immediately became a hot topic around the world, and the daughter was forced to resign and apologise publicly, and was even sentenced to one year in prison.

The Fei family's curiosity is many notches higher than that, so this kind of big melon is naturally loved by people all over the world.

As a result, the internet was flooded with all kinds of comments and banter.

Some people said, "I think this Fei Xuebin must be a pervert, otherwise he wouldn't be able to go for such a prostitute, such a prostitute would not even get a glance for ten dollars when placed on a country lane!"

"I think the Fei family's old ancestors' coffin boards are about to be covered! They must be confused as to how their own family could produce such a heavy-handed offspring!"

Someone else said, "I reckon, this Fei Xuebin should have some special fetish, maybe people with money like the kind of women who are covered in needles and may even carry HIV;"

Chapter 4183

There were even more damaging comments, "You all don't know that the Fei family has invested in a large number of drug research and development teams as well as biological laboratories over the years, I reckon the Fei family may have developed a special drug to treat AIDS, and Young Master Fei is planning to contract AIDS himself and then test the drug on himself!"

On the internet, there were all sorts of sarcastic and sarcastic comments, and in all sorts of languages, simply tuning out the gossiping pa*sion of netizens around the world.

The public opinion of the Fei family is getting worse and worse, Fei Xuebin is also anxious, crying to Fei Shanhai said: "Dad, you help me think of a way ah, if this matter continues to ferment like this, not my face alone, is the face of our entire Fei family ah" "

The most important thing that Fei Xuebin was worried about at this time was that this incident would cause him to lose his reputation.

If in the future everyone who sees him, or hears the word Fei Xuebin, will immediately a*sociate him with his kissing of a street girl, then his future in this life will be completely finished, he will be like a bad artist, and his father, in the future, will never let him succeed as the head of the Fei family.

Therefore, he could only beg his father to think of a way to help him reverse this situation.

Fei Shanhai was also very worried at this time.

Not only was he worried about his son's reputation, he was also worried about the future of the Fei family.

After all, he had just taken the position of the Fei family's head, and there had been rumours of his usurpation of power and his seizure of the throne, which had caused the Fei family itself to carry a lot of negative influences, and now if this matter was allowed to fester, then the Fei family's reputation would only get worse and worse.

Thinking of this, he could not help but grit his teeth and said offhandedly, "In this situation now, if I want to save the day, I can only sell misery" "

"Sell misery?!" The Fei family members looked towards Fei Shanhai, many of them had already guessed what he was going to do.

Fei Shanhai spoke at this time, "We must completely eliminate the negative impact Xuebin is having now, but the internet is spreading too fast and copying too fast, there is no way we can get all the platforms around the world to delete the video, that would only turn the public off even more" "

Speaking of this, Fei Shanhai's voice sank as he coldly said, "So, the only thing we can do now is to hurry up and set up a new persona for Xuebin!"

The crowd looked puzzled, and Fei Xuebin also asked with some confusion, "Dad, what kind of persona are you going to give me?"

Fei Shanhai said, "To create a persona of a great father for you!"

He said, "Since the whole internet is now focusing on your scandal, let's just tell everyone openly and honestly that the reason why you did what you did on the video was not because you were looking for a woman or had any special fetishes, but because your son was kidnapped and you had to go to the danger alone because of your love for your son! This would not only overturn all the negativity on the internet, it would also give you a lot of supporters! Your image in the eyes of the public will reach a peak!"

Hearing this, Fei Shanhai's second brother, Fei Shanchuan, couldn't help but ask, "Big brother, do you mean to publicise the matter of Hao Yang's kidnapping?!"

"Right!" Fei Shanhai said without hesitation, "That's right! It's all about releasing it all to reverse the situation!"

Saying that, Fei Shanhai added, "And we have to strike while the iron is hot, immediately contact the media reporters and let them come to the house to cover the story, turning pa*sivity into initiative!"

Fei Xuebin hurriedly said, "Dad! Will this anger the kidnappers? If we provoke them, I'm afraid Hao Yang will be in a bad way"

"No." Fei Shanhai waved his hand and spoke, "Do you think they will stop without getting the money? They have done so much with all their heart and soul, but don't they just want the money? If they kill Hao Yang, then they won't get anything!"

Chapter 4184

In Fei Shanhai's opinion, it doesn't matter if you are misunderstood, as long as the misunderstanding can be completely lifted as soon as possible, you can often get better results instead.

If you don't believe me, take a look at romance films from around the world, where men and women who start off with preconceptions about each other often fall in love with each other after the preconceptions are broken.

This is how human nature works.

Therefore, Fei Shanhai felt that this was instead a good opportunity for crisis communication.

As long as he seized this opportunity and gave Fei Xuebin the persona of a great father, not only would he be able to turn the tide against the wind, he would also bring the Fei family a better ma*s base.

At this time, his younger brother Fei Shanchuan spoke up, "Big brother, it's a bit deliberate to have reporters come to the house directly, even if the kidnappers aren't angered, the public will think we're deliberately selling out."

Fei Shanhai asked rhetorically, "Then what do you think should be done?"

Fei Shanchuan hastened to offer his advice, "Brother, in my opinion, why don't we do the same as that video, first release the news of Hao Yang's kidnapping and Xuebin's rescue through the hands of a third party, then push the news in the dark and let the news ferment, then the media will definitely take the initiative to approach us, then we will accept the interview and make the truth of the matter public."

Fei Shanhai nodded repeatedly: "Good idea! This way, it will seem more natural!"

When Fei Xuebin heard this, he hurriedly said, "Dad! There were quite a few people at the scene, and a few of them took out their mobile phones to take videos. They must have captured the whole process on video, especially the process of me pouring out Hao Yang's ear from that box."

Fei Shanhai immediately said, "Order it down, offer a reward of 100,000 dollars to find the video shooter, and then post these videos on the internet!"

"Yes!" Fei Xuebin hurriedly said, "I'll go arrange it now!"

After saying that, he remembered something and hurriedly asked, "Dad, I've already had that woman under control, should we interrogate her?"

"Let it go, there's no point." Fei Shanhai waved his hand, "That woman is clearly a pawn, it's impossible to ask anything out of her even if she is beaten to death."

Fei Xuebin nodded, "Okay dad, I'll give the order."

Just as Fei Xuebin was about to follow what Fei Shanhai had said and go look for the passerby who had filmed the video at the scene, his phone suddenly received a text message from an unfamiliar number.

The text message read, "If you want your son to live, prepare US\$200 billion in crypto-digital currency within the next 48 hours, otherwise, wait until you collect your son's corpse!"

Fei Xuebin's heart stuttered and he blurted out, "Dad These people said They want US\$200 billion before they will let them go"

"How much?!" Fei Shanhai's eyebrows knitted as he questioned in a cold voice, "Two hundred billion dollars? Have these people lost their minds?! What kind of f*cking kidnapers dare ask for two hundred billion dollars?!"

Fei Xuebin was also shocked, what was the concept of US\$200 billion? According to the current share price, it could buy two Jingdong Group!

Fei Shanchuan, who was also dumbfounded, couldn't help but mutter, "This is no f*cking sincerity at all If he asks for a little less, a billion or two billion dollars, then they have some brains, but when he asks for 200 billion dollars, he doesn't even know how to return the f*cking offer"

Fei Shanhai said in a cold voice: "Tell them that I am willing to pay them two billion dollars worth of cryptocurrency as long as they release Hao Yang!"

Fei Xuebin immediately called the other party back, but without exception, the mobile number was also switched off.

Fei Shanhai said in a cold voice, "These b*****ds, they don't even give a chance to bargain! Do they really think that by kidnapping someone from the Fei family, they can extort 200 billion dollars?!"

Fei Xuebin asked him, "Dad What should we do now? The other side has only given us 48 hours"

Fei Shanhai said with a gloomy face, "Be calm! Since the other side has given us 48 hours, we should ignore him for now. During these 48 hours, what we need to do is to reverse public opinion on the one hand, and find these Japanese ninjas by all means! If we can't, we'll send someone to Japan and arrest all their relatives, if they dare to kill Hao Yang, I'll kill their whole family!"

.....

Soon after, the Fei family began their own crisis PR.

Chapter 4185

They sent a large number of people to search for witnesses near the scene of the incident in Brooklyn, and then promised \$100,000 in cash for video of what happened at the time of the incident.

On top of that, the Fayers promised to pay cash to anyone who provided video, without recording any of their personal information, in order to put pa*sers-by at ease.

Needless to say, this worked well for them.

The news soon spread through Brooklyn, and those who had caught the incident on film came running to sell the video to the Fay family.

In the space of twenty minutes, the Fay family had bought eight videos of the incident taken from different perspectives.

However, some of them started filming from Fei Xuebin kissing the prostitute, while others, from Fei Xuebin finding two ears.

It was the latter that the Fei family wanted.

Because they wanted to take this opportunity to sell themselves in front of the media and the audience.

It was just that the family never dreamed that four of these eight pa*sers-by who sold them the video were all members of the Hall of Ten Thousand Dragons.

Chen Zhao Zhong had predicted that the Fei family would definitely find a way to reverse their reputation, and would definitely use the opportunity to sell misery, so this step by step, was all within his calculation.

The reason why these members of the Hall of Ten Thousand Dragons were nearby disguised as pa*sers-by to take videos was to provide the Fei family with the shields and ammunition needed for their defence.

Even the ones who had exposed Fei Xuebin's pa*sionate kiss with a prostitute on the street in the first place were also from the Ten Thousand Dragons Temple.

Fei Shanhai never dreamed that the people who attacked them, as well as the people who provided them with defensive support, were actually Ye Chen's people.

The powerful Fei family, at this moment, were like rats pressed into a maze by Ye Chen, seemingly running out of every step on their own, but they did not know that how they ran and where they ran, were all precisely controlled by a pair of big invisible hands.

And just as the Fei family was looking for the video, Qiao Feiyun, who was hiding in the Fei family, also saw the video of Fei Xuebin kissing the street girl on the internet.

This made his heart amazed. According to reason, when Fei Hao Yang went missing, shouldn't Fei Xuebin be trying to find Fei Hao Yang's whereabouts?

How could he have the leisure to go to the streets of Brooklyn and kiss a twenty dollar woman on the street?

Qiao Feiyun couldn't figure it out, so he muttered darkly, "Maybe Fei Hao Yang's father has his own rather unique alternative fetish"

As he said that, Qiao Feiyun felt a twitch in his stomach.

It was already the latter part of the night, and he hadn't had a hot meal all night.

This was also mainly because, on weekdays, his meals were brought over by a maid who served Fei Hao Yang specifically.

Since Qiao Feiyun had lived in the Fei family, Fei Hao Yang had been in close contact with him, so the maid knew that he was a good friend of the young master, so she paid extra attention to him, and came to bring him his meals every day at mealtime and clean up afterwards.

However, the Fei family suddenly had a change of heart and it seemed that everyone was busy all of a sudden, and the maid did not show up for the whole night.

Qiao Feiyun didn't know if she had forgotten about herself or was too busy to care.

Just as Qiao Feiyun was starving, a footstep came, followed by a knock on the door, and outside the door, the maid asked softly, "Are you asleep, Young Master Qiao?"

Qiao Feiyun hurriedly rolled onto his back and opened the door quickly. Seeing that the woman did not have the huge lunch box with her, but merely carried a plastic bag, he hurriedly pulled her into the room and asked in a low voice, "What is the situation outside now? Has there been any news from Young Master Fei?"

The maid explained with some apprehension, "Young Master Hao Yang has not been found yet, the eldest young master just went to Brooklyn and brought back two human ears" It is said" It is said to be Young Master Hao Yang's"

Qiao Feiyun's eyes suddenly widened and he asked in horror, "What did you say?!"

Chapter 4186

Qiao Feiyun really didn't think that in this world, someone would dare to cut off Fei Hao Yang's ear.

This kind of thing, cutting off the ear, would probably not occur once in a lifetime among a large family.

Because this method was just a little too rough, no matter which big clan, once a member of the clan had his ear cut off, he would definitely fight with the other side at all costs.

He couldn't help but mutter in his mind, "If it was really those ninjas who did it, they certainly wouldn't have the guts to do it After all, the Fei family's strength is there, not to mention the fact that the United States and Japan are thousands of miles apart, but once the Fei family really goes to their death, the entire Iga ninja would not be enough for the Fei family even if they put up a fight."

Thinking about this, he wondered, "Could it be that the real culprits behind this are not those ninjas? But if not those ninjas, who else could it be? The young master of the Fei family doesn't even take it into consideration, so I'm afraid the strength of this mysterious person is elusive"

Qiao Feiyun's eyes suddenly went wide as he subconsciously asked himself in his mind, "Could it be Feiyu's murderer?!"

At this moment, Qiao Feiyun's body trembled violently with fear, and his entire body was also instantly tense to the point of being in a bit of a trance.

He knew very well that if the person behind the kidnapping of Fei Hao Yang was really the one who killed his brother Qiao Feiyu and made the entire Italian group vanish into thin air, then his next target would definitely be himself

The maid at the side saw Qiao Feiyun's face full of panic, and his body was trembling uncontrollably, so he hurriedly asked, "Young Master Qiao You What's wrong with you?"

Qiao Feiyun came back to his senses and quickly waved his hands and said, "It's nothing I just I didn't expect I didn't expect anyone to dare to do this to Young Master Fei"

"Yes" The maid also couldn't help but sigh, "I heard that the master is going crazy"

Qiao Feiyun hurriedly asked, "What else have you heard?"

The maid thought for a moment, "There doesn't seem to be much else I heard that after the young master was kidnapped, the housekeeper asked us all to serve the ladies in the house, for fear that someone who couldn't stand the excitement would have something happen, the great grandmother was stunned on the spot when she saw young master Hao Yang's ears, I have been following and serving, just as someone changed shifts, I rushed to bring you food."

Saying that, she hurriedly handed the plastic bag in her hand to Qiao Feiyun, somewhat shy and somewhat ashamed, "Sorry ah young master Qiao, the situation is urgent, I can't well let the back kitchen cook for you alone anymore, so I brought some convenient food over"

Qiao Feiyun smiled slightly, nodded and said, "Thank you"

The maid said shyly, "Young Master Qiao you don't have to be polite to me Anyway I'm already your person anyway"

Qiao Feiyun nodded, deliberately pretending to be stupid and smiled, but in his heart he was cursing: "D*mn, a goods that can't be on the stage, and still f*cking want to pretend to be pure and close to her, what the hell."

However, there was nothing unusual on his face, instead he said very gently, "Xiao Yuan, keep an eye out for me, if you find anything over there, remember to tell me first."

He took off his Richard Miller watch, worth over three million dollars, and handed it to the maid, saying, "Hope, I came to New York in a hurry and have nothing to give you, so take this watch as a small gift from me."

The maid had been working for the Fei family for five years, and although she didn't have much money herself, she was definitely well-informed. She knew that Richard Mille was a very expensive watch brand, and that a basic watch would cost several hundred thousand dollars to start with, and the piece Qiao Feiyun was wearing was a limited edition, priced at least two or three million dollars.

When she saw that Qiao Feiyun was going to give her this watch, she was shocked and delighted and wanted to reach out to take it, but then said with a nervous look on her face, "Young Master Qiao This This is too valuable I can't accept it"

Qiao Feiyun said very seriously, "Xiao Yuan, you have just said that you are now my person, how can I, Qiao Feiyun, be stingy when I give gifts to my own woman?"

When the maid heard this, her heart was instantly sweetened to the core and she said happily, "Then Then, thank you, Young Master Qiao"

Qiao Feiyun smiled, "There's no need to be so polite with me."

Chapter 4187

Saying that, Qiao Feiyun added, "When this matter is over and Young Master Fei returns safely, I will tell him that from now on you should stop working in the Fei family and come back to Seattle with me."

The maid was surprised and asked, "Young Master Qiao Are you serious?!"

"Of course!" Qiao Feiyun touched her face and said tenderly, "You are the woman I like Qiao Feiyun, I can't let the woman I like, work as a maid in someone else's home, you are destined to be a young grandmother, to have others serve you and take care of you, how can I let you take care of someone else?"

These words of love from Qiao Feiyun, a domineering president, made the maid fall deep into it, and her whole being seemed to fall into a sea of Mary Sues.

She felt like she was the happiest Cinderella in the world, finally waiting for her Prince Charming.

The dream of a rich family that had been nurtured in various dramas and literary works since she was a child was instantly and infinitely activated by Qiao Feiyun, making her entire body thrilled beyond measure.

Her entire being instantly choked up, sobbing while saying, "Qiao Young Master Qiao..... You Do you really not mind me?"

"No! Of course I don't mind!" Qiao Feiyun took her hand and stroked it while smiling, "Don't think too much about it now, wait for Young Master Fei to come back without worrying, I will mention it to him then, and I believe he will definitely not refuse."

"Good" The maid nodded her head like a garlic, her heart already excited to the point of no additional.

At this time, Qiao Feiyun seemed to suddenly remember something and hurriedly spoke, "Right Xiao Yuan, I'm really worried about Young Master Fei now, if anything happens to him, I'm afraid it will also affect the happiness of both of us, so during this period of time, if you have the opportunity to approach the Fei family, you must definitely keep an eye on them for me, if they have mentioned Japanese ninjas, if so, you must make sure to pay close attention to it and try to note down what they have said, if there is no good opportunity, you have to use your intelligence to create one, understand?"

What Qiao Feiyun was most worried about now, apart from the mysterious man who killed his brother, was those Japanese ninjas.

If this matter was really the work of those Japanese ninjas, he would really be finished.

Once the Fei family found out about this, he would not be able to wash his hands in the Yellow River.

If the Fei family found out about this, he would not be able to get away with it. Could he tell Fei Shanhai that he hired those ninjas to help his grandson kidnap a popular actress so that he could have a taste of killing her?

If he really said that, Fei Shanhai would kill himself, believe it or not!

The maid's mind was already imagining her grand wedding to Qiao Feiyun, and when she heard Qiao Feiyun say that, she realised that her lifelong happiness now rested on Fei Haiyang alone, so she said without thinking, "Young Master Qiao, don't worry, I will definitely keep an eye on it!

Qiao Feiyun nodded in satisfaction and added, "Remember, you must not tell anyone about what I've told you, including your nearest and dearest."

The maid could not resist asking, "Young Master Qiao, can I tell my parents about the two of us? They have always been very concerned about my lifelong matter, and if they knew I was with you, they would be very pleased"

"Never!" Qiao Feiyun, hurriedly said, "Once this matter is spread out in advance, it will definitely be known by others!"

Saying that, he hurriedly reassured, "Xiao Yuan, you have to remember, I do want to get you to Seattle and live with me, but as you know, you are now in the status of a servant, if word gets out, it will be very stressful for both of us;"

"So, my plan is to ask Young Master Fei to help me when the time comes, so that he can erase all your history and file of having been a servant in the Fei family, and then I will give you a new identity, and get you a degree from a famous university, and package you as a scholarly girl from a great family!"

"That way, when you follow me in and out of high society in the future, no one will look at you through tinted glasses!"

"However, if this matter is leaked in advance, when the time comes, in case others expose your identity of having worked as a servant, I am afraid that my parents will not approve of the two of us and you will also face great pressure."

"So, until Young Master Fei returns safely, this matter must be kept a secret and must not be known to anyone other than you and I. Understand?"

Chapter 4188

At this point, the maid had long been lamed by Qiao Feiyun's series of flowery words.

Hearing Qiao Feiyun say that he would also package a brand new identity and background for himself, this instantly poked at a sensitive place in her heart that had always been humble and fragile.

This made her heart simply burst with gratitude towards Qiao Feiyun, feeling that this man was the angel who had brought her from the abyss to heaven.

So, she did not have the slightest doubt about what Qiao Feiyun said. Gratefully, she agreed to do so.

Qiao Feiyun was temporarily relieved.

He knew that he was in an awkward position and that staying at the Fei family was only temporarily safe, but it was still a crisis, so he had to prepare in advance.

So, he wrapped his arm around the maid and continued to compel, "One more thing Xiao Yuan, if you hear anyone in the Fei family mention my name, make sure you tell me first, and leave my mobile number for a while."

The maid had been completely brainwashed by him at this point. Without hesitation, she nodded her head and said firmly, "Don't worry, Young Master Qiao, I will definitely keep a good eye on it."

"Good" Qiao Feiyun nodded his head. Exchanging mobile phone numbers with the maid, he then instructed, "Then hurry over and see if you can find out anything."

The maid said shyly, "Young Master Qiao people people have just handed over their shifts, there's nothing going on at the moment or... . why don't I stay with you for a while, okay?"

Qiao Feiyun was like a human being, how could he not see what this maid meant.

However, right now, he didn't have the leisure to think about those male and female matters.

So he suppressed his impatience and said, "This is an urgent matter, let's get down to business first, in case anything goes wrong, then the two of us might not have a chance to get together."

As soon as the maid heard this, her heart shook and she nodded hastily, "Okay Young Master Qiao, then I'll go over there and see if there's anything I can do to help!"

Qiao Feiyun nodded in satisfaction and said, "Go quickly and don't forget to tell me first when you have any news!"

"Okay" the maid promised. Only then did she leave Qiao Feiyun's room with reluctance.

After she left, Qiao Feiyun cursed this woman for not having half a clue about herself, while at the same time, he felt pain for his limited edition Richard Mille watch. After she left, Qiao Feiyun cursed the woman for not having any self-awareness, while feeling distressed by his limited edition Richard Miller watch.

The Qiao family was already worth hundreds of billions. But a large part of it is the money he has been able to get back on his knees, little by little, with great care.

In order to earn this money, he didn't know how many, and the same young woman as that maid just now, he had killed.

So how could he afford to waste a multi-million dollar watch on such a woman.

However. He quickly thought of an idea and wondered, "If this can pa*s peacefully, then before I leave the Fei family. I'll just trick her out, have her arrested, get the watch back, and then sell her. But it's still easy to sell her for a hundred thousand dollars or so, and those Algerian gangs can make that money back in two or three years if they get her to Eastern Europe!"

Thinking of this, Qiao Feiyun's heart finally felt better.

I guess there was no getting away with this watch.

.....

At the same time, several videos suddenly caught fire on the internet.

The difference with the previous Fei Xuebin street kissing prostitutes is that. These videos, captured the follow up of Fei Xuebin's pa*sionate kissing of the prostitute.

When people saw Fei Xuebin getting two human ears from the prostitute, everyone thought they were blinded.

And when people saw Fei Xuebin holding the two human ears. When people saw Fei Xuebin holding the two human ears, howling and crying and calling out his son Fei Hao Yang's name under his breath, everyone was dumbstruck!

Chapter 4189

Just then, a number of water soldiers in the comments began to guide public opinion.

They took the role of those in the know. Telling all netizens that Fei Xuebin wasn't really looking for a woman on the street, the real reason was because his beloved son Fei Hao Yang had been kidnapped!

The bandits brutally cut off both of his son's ears and gave them to this prostitute.

And the pa*sionate kiss between Fei Xuebin and the prostitute was just a prank by the bandits.

As for Fei Xuebin, a person not only had to suffer the pain of his son being kidnapped and hurt, but even had to suffer those crazy-like internet violence from the unknown netizens.

It was at this moment that people realised. It turned out that they had completely misunderstood Fei Xuebin before!

Previously, the video of Fei Xuebin kissing a prostitute pa*sionately on the street had made countless people's senses extremely disgusted with him, and the internet was also clear of accusations and abuses against him.

But now, everyone realised. It turns out that Fei Xuebin is a great father who deserves everyone's respect and admiration.

Everyone who had scolded him felt immense remorse and guilt in their hearts for their previous comments.

In an instant, countless people began to support and stand in solidarity with Fei Xuebin, and many even took to the comment section to apologise for their previous erroneous comments, all with an extremely sincere tone and attitude!

The Fei family's previous public opinion crisis was instantly resolved, not only eliminating all the negative effects. It even allowed the Fei family to gain a large number of pa*sers-by.

Seeing the overwhelming apologies, sympathy and compliments on the internet, Fei Xuebin's mood instantly improved and he couldn't help but say to Fei Shanhai full of excitement, "Dad, your solution is really wonderful, it's simply a way to save the day and fight back from the dead"

Fei Shanhai saw that the situation was completely controlled by himself with ease. At the same time as he was finally relieved, he could not help but be a little complacent.

He stroked his beard and spoke, "There are only two important things on our hands right now. One is to find out the true identity of those Japanese ninjas as soon as possible, and the other, is to strike while the iron is hot. Maximise the role of the media, give interviews if you should, and if you can't, hold a press conference."

Fei Shanchuan, the second brother, hurriedly said, "Big brother, the people who are going to send to Japan are ready, they will be rushed to the airport right away, and will arrive in Japan in thirteen hours."

Fei Shanhai frowned and smacked his lips, "Tch the speed is still too slow"

"Can't be helped." Fei Shanchuan said helplessly, "Before some families brought in retired Concorde airliners from Europe, we were too late to grab them, and there are no more supersonic airliners available on the market at the moment."

Fei Shanhai said, "Find out which families bought them at that time, and find a way to buy one back at any cost, as it will definitely be used in the future."

"Good!" Fei Shanchuan nodded and said, "I'll have someone investigate the Concorde airliners registered worldwide today and try to buy one back."

At this time, the Fei family's butler walked in and said to Fei Shanhai, "Master, the president of CNN and the New York Times called and wanted to do an interview with the youngest master, I don't know if it's convenient for you, what do you think?"

"A good thing!" Fei Shanhai said without thinking, "Let them come over, it's just that Xuebin can also spread a message to the kidnapers in front of the media, saying that the Fei family is ready to take two billion dollars to ransom the person, as soon as they have considered it, they will contact you."

Fei Xuebin hurriedly nodded his head and said, "Okay dad, I know!"

Chapter 4190

At midnight, a team of journalists from CNN and the New York Times arrived at the Fei family estate overnight to conduct an interview with Fei Xuebin.

In the interview, Fei Xuebin gave a detailed account of the whole incident, and then went on to praise his son, Fei Haiyang, in front of the media.

He said, “Hao Yang is not very old, but he has always been very mature and low-key. He is a young man, but has always been very mature and low-key. He is also honest, humble and kind, and is considered a very outstanding young talent.”

“What you may not know is that the second before he was kidnapped, Hao Yang was hosting a charity dinner that he had initiated and organised himself, and because of his low profile, this charity dinner, which he did not open to the outside world, was unexpectedly the same charity dinner that gave the kidnapers the opportunity to take advantage of, and just a few minutes before he was about to go on stage to give a speech, he was kidnapped.”

The reporter couldn't resist asking, “May I ask. What was the charity dinner that your son started, and what was it about?”

“It's about rescuing orphans.” Fei Xuebin explained, “Hao Yang is not very old and has always been concerned about the growth and education of orphans, so he put up tens of millions of dollars. In cooperation with the New York Chinese Chamber of Commerce again, he intends to set up a charity foundation to specifically aid orphans.”

When the reporters heard that Fei Hao Yang was prepared to put up tens of millions of dollars for charity, each one of them also admired him.

At this time, Fei Xuebin pleaded very emotionally in the interview, “If the people who kidnapped Hao Yang, can see this interview, as a father, I beg you not to continue to harm Fei Hao Yang, the US\$200 billion ransom you are offering is indeed too unrealistic, but the Fei family is willing to put up a US\$2 billion ransom, only to ask you to let Hao Yang return home safely, he is still young and has a long road ahead, let him return home, he still He can do a lot for this society!”

This interview, which was quickly posted by two media outlets overnight to the TV media as well as online platforms, instantly ignited the entire public opinion.

After everyone saw Fei Xuebin's choking and painful statement in the interview, everyone sympathised with this middle-aged man beyond measure, and when they heard that Fei Hao Yang was actually such an outstanding young talent, their sympathy for Fei Hao Yang immediately flooded in.

The netizens spontaneously started an online campaign in support of Fei Hao Yang, and over hundreds of thousands of enthusiastic netizens even went to the White House to petition for his rescue. Requesting the White House to step in and rescue Fei Hao Yang.

This instantly stirred things up.

In the New York Police Department, Li Yalin was worried after reading the media reports.

Now. The whole world knows that Fei Hao Yang has been kidnapped in New York and his ears have been cut off, but the delay in finding the kidnapers and Fei Hao Yang has increased the pressure on the NYPD.

Li Yalin, as a well-known Chinese police detective, is even more anxious as an ant on a hot pot.

Unfortunately. There really weren't any valuable clues left at the scene, and up to now, all the police officers had poured out to find the latter part of the night, but they couldn't find where the junk car had gone.

The car couldn't even be found. It was even more difficult to find the man.

Just when he was at a loss, a phone call came in.

When he saw the words on the phone screen, he hesitated for a moment, but picked up the phone and said with a sarcastic smile, "What, you just saw the media report and you can't resist coming to troll me?"

On the phone, a man said with a smile, "If you, a Chinese sleuth, were to accidentally fall on your face. I would have been the first to troll you, but you're on the edge of a cliff now, so how can I fall on my sword?"

The person who spoke was An Chongqiu, the great uncle who had been instructed and expelled by Ye Chen at the Jinling Spring Return Pill auction the other day.

At this moment, An Chongqiu added, "You should still be at the police station now, right?"

"In." Li Yalin laughed to himself, "After such a big incident, I'm afraid I'll have to live in the police station for the next few days."

An Chongqiu smiled faintly. He said, "Looks like I guessed right, I'm downstairs now, if it's convenient for you, I'll come up now."
