

## Ye Chen 4201

### Chapter 4201

Song Peng said with a smile, "That was originally the case."

After saying that, he lowered his voice and said to the maid, "I am now negotiating a big deal, and I can also negotiate it in the next two days, when the bonus will definitely be less, when I get the bonus I will take you to Las Vegas to have a good time for a few days!"

The maid despised in her heart, but asked curiously, "What big deal? Tell me about it, and satisfy my curiosity."

Song Peng raised his eyebrows and smiled, "His Lordship wants to buy a Concorde, and I know a family in France that has a Concorde they want to sell, so I'm talking to their people."

The maid asked in confusion, "What's a Concorde?"

Song Peng explained, "A supersonic airliner that can fly more than 2,000 kilometres an hour."

The maid asked again, "What's the use of buying such a fast plane?"

"Of course it's useful!" Song Peng said with a serious face, "This time, when Master sent his men to Japan, without the Concorde, it would have taken at least 13 hours to fly, but if we had the Concorde, it wouldn't have taken even half that time."

When the maid heard about Japan, it suddenly occurred to her that Qiao Feiyun had told her to keep an eye out for any mention of Japanese ninjas, so her heart instantly went on alert, and at the same time, an eagerness to get credit for her work made her wary and at the same time, she couldn't help but be all excited.

She couldn't wait to do something for Qiao Feiyun, to prove to him that although she was from a lowly background and hadn't studied much, she would be able to do well in her role as the young grandmother of the Qiao family.

So she hastily asked tentatively, "Going to Japan? It wouldn't be to find that Japanese ninja or whatever, would it?"

Song Peng was slightly stunned and felt a little surprised, but he didn't think much about it for a while, so he casually said, "Don't say anything about this, just know yourself."

The maid was so excited that she nodded her head and said, "Yes, I know! By the way, Song Peng, I have to go to Grandma's place to see about Las Vegas, so let me know when it's convenient for you."

Song Peng heatedly smiled, "Yes, I'll make an appointment with you in advance!"

The maid then said, "I'll go over first then."

After saying that, she turned around and left.

Song Peng stared at the maid's back, his eyes focused on her waist and hips that swayed lightly from side to side, and in his heart he could not help but sigh: "This little b\*tch ..... may still be a chick ..... is a duck at the mouth, this time we must not let You will not let it fly this time!"

After the maid left, she did not immediately go to the great grandmother's room, but immediately went to an unoccupied bathroom, took out her mobile phone and sent a message to Qiao Feiyun.

The message read, "Young Master Qiao, I just found out that Master has sent someone on a plane to Japan to look for Japanese ninjas! Also I heard that he thinks that ordinary planes fly too slowly and is planning to buy a plane called a Concorde."

After sending this message, the maid pressed her hands to her chest, waiting with anticipation for her beloved to send her compliments.

However, she did not wait for Qiao Feiyun's reply.

Because, when Qiao Feiyun saw this message, his whole body instantly jumped up from the bed, his heart almost jumping out of his throat.

At this moment, he looked at his phone with a face full of panic and muttered under his breath, "Sh\*t, it's over ..... this time it might really be over ....."

## **Chapter 4202**

Qiao Feiyun knew very well in his heart that once the Fei family started investigating the line of Japanese ninjas, it would be easy to find clues to the Iga ninja.

He couldn't help but say to himself, "How will the doggone Iga ninja be a match for the Fei family, when they face the Fei family, they will surely confess all without hesitation ....."

"The Fei family will then start backtracking from the Iga ninja, and it won't take long to find my head ....."

"Even though I used a fake identity when I contacted the Iga ninja, the \$40 million I sent to the Iga ninja was not fake money ....."

"As long as the Fei family starts with where the money came from and traces it upstream a little, it will inevitably lead to me ....."

"At that point, how do I explain to the Fay family?"

"I say I'm innocent? Will they believe me? I'm sure they won't. ...."

"Then I can only tell them the truth, that I actually helped Fei Hao Yang to find a ninja and the purpose was to kidnap the big star Gu Qiuyi ....."

"The Fei family will definitely not believe it either, in their eyes, their young master is a dragon among men, how could he be a human devil?"

"In that case, I would have to reveal all of Fei Hao Yang's deeds and all the information I have ....."

“But what’s the point of that? The first thing the Fei family will do when they find out their young master is a human evil is to kill me so they can bury the truth once and for all .....

“That would only make me die faster .....

Thinking of this, Qiao Feiyun gritted his teeth and said in a stern voice, “It seems that if I want to live, the only way is to run away before the Fei family finds me!”

“As long as I can run out of the Fei family’s control, I can turn my hand around and send all that information to the Fei family, so that they can stay away from me! Otherwise, I’ll expose all the information!”

Then, Qiao Feiyun raised his eyebrows and sneered, “Right, I can use that information to knock them off hard! Who cares about that when we’ve already torn our f\*cking faces apart anyway?”

Thinking of this, Qiao Feiyun put his heart into it and was ready to run away.

So, five minutes after receiving the maid’s text message, Qiao Feiyun dressed up and left the villa with a duck-tongue cap on his head.

The Fei family was still brightly lit and heavily guarded late at night, but the vast majority of this guardedness was focused from the outside to the inside.

From the inside to the outside, as long as there was nothing in hand, there was basically no obstruction.

This kind of strict entry and lenient exit pattern is like flying on an aeroplane, when you go in you even have to take off your shoes to go through the security machine, but once you get off the plane, the way out of the airport is unimpeded, no matter how much stuff you have with you, the security guards don’t even bother to take a look at it.

So, without alerting anyone, Qiao Feiyun went straight out of the Fei family estate.

After coming out, he originally wanted to take a taxi to leave immediately, but places like Long Beach are the mansions of the rich, and rich people have more cars than they can drive, and basically don’t take taxis, so there are very few taxis in this place.

When he saw that there were no taxis around, he was prepared to walk some distance away before looking.

It was also his luck that he had just walked out of the Fei family’s estate when he saw a taxi parked at a crossroads, and a blonde female pa\*senger stepped out of the back of the taxi.

Relieved to see this car, Qiao Feiyun hurriedly got into it as the female pa\*senger got out and prepared to leave, and once inside, he said without thinking, “Go to the Port Authority Bus Terminal station!”

In the United States, aeroplanes and trains also take real names, and Qiao Feiyun, fearing that his identity would be compromised, planned to take a long-distance bus all the way to Texas for a layover and a trip south.

Texas borders Mexico, so once he got there, he planned to find a way to smuggle himself into Mexico.

## **Chapter 4203**

Qiao Feiyun has been selling people for years and has a strong network of connections in Canada, the United States and Mexico.

Mexico is more like a chaotic era of warlordism because of the many drug lords who are entrenched on one side of the country, so it is easy to hide one's identity and remain anonymous. Once one reaches the territory of those big drug lords, even the Fei family will find it hard to find oneself.

At this moment, the driver glanced at him through the rear-view mirror and smiled, "Yes sir, please buckle up."

Qiao Feiyun said impatiently, "Buckle up my a\*s in the back, just drive your car!"

The driver said very seriously, "Sorry sir, in my car, no matter which seat you sit in, you have to buckle your seat belt, otherwise you will have to get out of the car."

Qiao Feiyun didn't expect that a taxi driver would dare to call his bluff, originally he wanted to get angry, but when he thought that he was still on the edge of the Fei family estate, he couldn't get into trouble because of his emotions at a critical moment, so he could only curse, "sh\*t!"

Then, he honestly buckled up his seat belt.

When the driver saw him buckle up, a hidden smile wiped across the corner of his mouth before he started the car and slowly drove away from the scene.

The car turned onto the expressway and prepared to leave Long Beach.

Qiao Feiyun finally breathed a sigh of relief, and then he took out his mobile phone and began to check the long-distance bus schedule for the night.

However, he did not expect that the car had just driven out for a short distance when it suddenly made a sharp turn directly at the roadside and drove into a villa on the side of the road.

Qiao Feiyun's mobile phone was flung out and his whole body was in a state of disarray, so he subconsciously looked up and immediately realised that the situation was not good, and his first thought was to open his seatbelt and jump out of the car.

Immediately afterwards, he felt the seat belt contract at a great speed, instantly binding him to the back seat.

Qiao Feiyun's face turned pale with fear and he asked the driver, "What the hell are you .....?"

The driver smiled faintly and said, "Don't be nervous, Sir Qiao, I am taking you to meet a friend."

At this time, the taxi had already driven into the villa gate, and immediately afterwards it drove straight to the middle of the garage.

As soon as the car was parked in the garage, the two Wan Long Temple generals opened the door, followed by the driver pressing the switch next to the steering wheel, and the seatbelt buckle instantly popped open.

The two soldiers dragged a panicked Qiao Feiyun out of the car and then, without waiting for him to regain consciousness, stripped him naked, leaving only a pair of trousers.

A soldier of similar stature to him from the Hall of Ten Thousand Dragons then quickly changed into his clothes, put on his duck-tongue hat and got back into the taxi.

With a single kick of the accelerator, the car drove off again, taking no more than a minute in total.

As soon as the taxi left the house, it immediately accelerated violently, carrying the Wan Long Temple soldier disguised as Qiao Feiyun all the way to the coach terminal where Qiao Feiyun intended to go.

The real Qiao Feiyun, on the other hand, was stripped into a white-striped pig and dragged straight to the basement by two of the Ten Thousand Dragons Temple generals.

On the way, Qiao Feiyun asked incomparably frightened, "Big brother big brother ..... you ..... who the hell are you people? What the hell do you want? If you want money, I can give you lots of money ..... lots and lots of money ..... all you have to do is name a number ....."

One of the Ten Thousand Dragon Hall generals sneered, "Qiao Feiyun, you'd better keep your money for yourself, maybe you can still use it when you get there!"

#### **Chapter 4204**

When Qiao Feiyun escaped from the Fei family's house, he thought that through his extraordinary foresight, he would definitely be able to play an extreme game and escape from death.

But he had never dreamed that he would become a prisoner right next door to the Fei family's manor, not even five minutes after he had escaped from the Fei family.

Extremely frightened, his mind was in turmoil with all sorts of thoughts.

Although he did not yet know who the gang that had kidnapped him was, deep in his mind he already had an answer.

This gang, he felt, should be the ones behind the killing of his brother and the evaporation of an entire Italian group.

Soon, he was dragged to the basement, and when the door opened, he was horrified to find a naked man like himself dangling in the room, wearing only his trunks, and this naked man was no other than Fei Hao Yang.

The naked man was none other than Fei Hao Yang. At this moment, there was no trace of the young master of the Fei family.

He was naked, his hands were hanging, and he was like a pig waiting to be slaughtered.

Both ears were gone and all that remained were two large wounds, which were covered with black scabs made of solidified blood.

At this moment, Fei Hao Yang also did not expect to suddenly see Qiao Feiyun here.

When he saw Qiao Feiyun being brought in, he was first surprised, but then his expression was more than a little excited.

Fei Hao Yang had suffered a lot here and was desperate to be here alone.

Even if he had someone to accompany him on the road before he died, it would be better than dying here alone.

However, when Qiao Feiyun saw that Fei Hao Yang was here, he was not at all happy.

In fact, what he feared most was to see Fei Hao Yang here.

Because if the other side even dared to move Fei Haiyang, what was he worth? If he wanted to escape, he would have even less chance .....

At this moment, one of the Ten Thousand Dragon Hall soldiers looked at Qiao Feiyun and questioned, "Young Master Qiao, other Young Master Fei looks excited to see you, why are you not happy to see your old friend at all?"

Qiao Feiyun had the heart to die, he was like a human being, how could he not understand Fei Hao Yang's mind?

If he were Fei Hao Yang, he would have been happy to see someone coming to keep him company all of a sudden.

He had imagined that he would be able to run away successfully, but he didn't expect to be caught here all of a sudden, and at such a time, he was naturally in a rock bottom mood.

Seeing that Qiao Feiyun did not speak, the soldier grabbed him by the collar and slapped him hard across the face with two slaps back and forth, shouting angrily, "I asked you a question, why didn't you answer?!"

Qiao Feiyun's weak body could not withstand his opponent's strong slap, two slaps down, immediately was beaten with stars in his eyes, spitting blood, so he could only hurriedly said: "I am happy ..... I am happy ....."

The soldier again slapped over, angrily cursed: "D\*mn, not at all sincere, give me repeat!"

Qiao Feiyun's teeth were broken several times, and his face hurt as if it was about to explode, but he could only stiffen his head and plead, "I'm really happy ..... please don't hit ....."

The soldier laughed, "Ruthless young master Qiao, how come you're begging for mercy so quickly? It's only been a few slaps, the good show has just begun, you're begging for mercy so early, what can you do later?"

As soon as Qiao Feiyun heard this, he knew that the other party would definitely not make things easy for him, and might even be prepared to kill him, so he subconsciously cried and begged, "Big brother ..... We have no grudge, why are you doing this to me, big brother... .."

## **Chapter 4205**

When Fei Hao Yang saw Qiao Fei Yun crying and begging like a dead dog, he had a flash of light in his heart and immediately looked up at the monitor overhead and shouted, "Are you there, Master Wan, Master Wan? It was this Qiao Feiyun who gave me the idea to kidnap Miss Gu! All the details were planned by him, he is the mastermind ah Wan Hall Master, please take a message to Mr. Ye for me, beg Mr. Ye to give me a lenient treatment ah ....."

Qiao Feiyun's whole body was dumbfounded at hearing this, how could he have expected that the moment Fei Hao Yang opened his mouth, he was dumping the pot on himself!

Moreover, listening to the meaning of these words, it seemed as if the person behind this matter was behind the arrest of himself because of Gu Qiuyi, if that was the case, then it should not be the same wave as the gang that killed his brother, right?

Thinking of this, he blurted out almost without thinking, "Fei Hao Yang! Don't you f\*cking spit on people! This was all your idea! You're the one who went crazy and tried to get Miss Gu, I had nothing to do with it!"

Fei Hao Yang cursed angrily, "You usually lick me with your tongue out behind my a\*s, but now that something has happened, you say you had nothing to do with it, you made the plan to kidnap Miss Gu, you found the ninjas from Japan, you even arranged the boat that was going to blow up the ninjas, maybe that boat is still parked at the pier, Mr. Ye! Wise and wise, just send a few of the elite soldiers of the Ten Thousand Dragons Hall and you will be able to investigate everything, do you think you can get away with just moving your lips?"

When Qiao Feiyun heard this, he knew it would be difficult to clear his name this time, so he looked at Fei Hao Yang and said angrily, "Surnamed Fei, the moment you see me, all you f\*cking think about is dumping the pot, you simply have less brains! Don't you f\*cking understand? We are both gra\*shoppers on the same rope!"

Fei Hao Yang also saw Qiao Feiyun's face and said coldly, "When you dump the pot, you say it was my own idea, but when you can't get rid of it, you say you're a gra\*shopper on the same rope, you're really sinister and cunning, Qiao Feiyun! That's how you dragged me down!"

Qiao Feiyun was shivering with anger and said through clenched teeth, "You say I dragged you into this? If you hadn't been so evil at school, why would I have been in your good graces? It's obvious that I was led astray by you, and now you're even biting me back!"

At this moment, in the surveillance room upstairs, Wan Bajun saw the two of them dog-biting dog and immediately cut down this video and sent it to Ye Chen.

After seeing this video, Ye Chen replied to him, "It's better to let Hattori Kazuo go."

Wan Bajun immediately sent a voice message to Ye Chen and said, "Don't worry, Mr Ye, my subordinate will make the arrangements."

With that, he then instructed the men by his side, "Go and get Hattori Kazuo."

"Yes!" Immediately, his men fetched Hattori Kazuo over.

Hattori Kazuo asked respectfully, "What are your orders, Hall Master Wan?"

Wan Bajun pointed at Qiao Feiyun on the monitor and said, "You should know this person, right?"

Hattori Kazuo fixed his eyes on him and instantly said angrily, "Hall Master Wan! This is the son of a b\*tch who tricked us into coming to New York!"

"Good." Wan Bajun nodded and spoke, "Mr. Ye has said that you should go and entertain him."

Hattori Kazuo froze and quickly asked, "How ..... am I going to entertain him, Master ..... of the Temple?"

Wan Bajun said to the man beside him, "Give him your tactical dagger."

"Yes, Hall Master!"

Without thinking, the henchman pulled out a dagger and handed it to Hattori Kazuo.

Hattori Kazuo, who himself hated Qiao Feiyun with a passion, took the dagger, his eyes chilled and he said coldly, "Please don't worry, Mr. Ye and Hall Master Wan, I will treat this son of a b\*tch well!"

## **Chapter 4206**

When Hattori Kazuo stormed into the basement room with his dagger in hand and in a rage, Qiao Feiyun had already been tied up with his hands and hung by the generals of the Hall of Ten Thousand Dragons.

And he and Fei Hao Yang were still cursing at each other continuously, hating each other while not forgetting to dump on each other.

When they saw Kazuo Hattori pushing his way in, they stopped cursing and each was trembling with tension.

Fei Hao Yang was afraid that Kazuo Hattori would take a dagger and cut something else off his body.

Qiao Feiyun, on the other hand, was afraid that he would get the same treatment as Fei Hao Yang, who had his ear cut off.

As soon as Kazuo Hattori entered the door, he caught a glimpse of Qiao Feiyun, who was hanging in the air.

His expression instantly became angry and fierce as he rushed forward and kicked Qiao Feiyun in the stomach, sending him spinning like a sandbag.

At the same time, Kazuo Hattori cursed angrily under his breath, "b\*\*\*\*\*d! You tricked me into coming to America and caused me to almost make a big mistake in front of Mr. Ye, I would kill you even if I had to!"

Qiao Feiyun was kicked around and spun around, and shouted in a panic, "Mr. Hattori, I'm a victim of this matter, just like you! I was acting on the orders of this Fei Hao Yang next to me, the real culprit is him not me!"

When Fei Hoang heard this, he immediately blurted out, "Mr. Hattori, don't be fooled by this b\*\*\*\*\*d, this b\*\*\*\*\*d has done many harmful things, this time it was his idea to use you Iga ninja!"

Qiao Feiyun hurriedly said, "Mr. Abdominal, don't listen to that Fei, he is the one who is full of sh\*t, he is the one who wants to kill Miss Gu, I invited you here because of his authorization, there is a reason for the wrong, you can't be fooled by him!"

Hattori Kazuo said coldly, "Qiao Feiyun, do you think I still don't know your true identity? Fei is no good, and you're no good at all!"

After saying that, he grabbed Qiao Feiyun's hair and looked at him with a cold smile, "Qiao Feiyun, don't make any more unnecessary struggles, neither you nor Fei Haiyang will be able to leave here alive!"

As soon as the words left his mouth, Hattori Kazuo's right hand swung violently and in an instant, he chopped off Qiao Feiyun's left ear by the root!

Qiao Feiyun almost fainted from the pain and felt warm blood spurting out from the base of his ear.

As he watched his severed ear fall to the ground, he collapsed, unable to control himself and howled.

Seeing him crying miserably, Fei Hao Yang felt no small amount of solace in his heart, so he sneered and sneered, "Qiao Feiyun, can't you stand it anymore? Don't be in a hurry, you'll have to cut off that ear too!"

Qiao Feiyun looked at Hattori Kazuo in despair and cried and pleaded, "Mr. Hattori, I'm a victim just like you ....."

Hattori Kazuo said in a cold voice, "I'm the real victim!"

After saying that, his hand rose and cut off Qiao Feiyun's other ear as well.

Qiao Feiyun hissed madly in pain, while Fei Hao Yang looked smug, in his opinion, if he could successfully dump the pot on Qiao Feiyun, it was naturally the best situation, but if he couldn't, at least he would drag Qiao Feiyun to die with him, so that he would at least have a companion on the way to the Yellow Springs.

Qiao Feiyun could see the smugness in Fei Hoang's expression and was furious, but then he suddenly remembered something and said to Kazuo Hattori, "Mr. Hattori! You mustn't let this Fei Hao Yang go! The Fei family has already sent someone to Japan tonight. They think that you kidnapped Fei Hoang, so they have sent many experts to exterminate the entire Iga ninja family.

When Hattori Kazuo heard this, he was shocked and asked, "How do you know that the Fei family has sent someone to Japan?"

Qiao Feiyun hurriedly said, "Mr. Hattori, I have been hiding at the Fei family's manor for the past few days, and I know every move of the Fei family very well! I have very definite information that proves that Fei Hao Yang's grandfather has indeed sent many experts to Japan, and will arrive there in almost 10 hours, and he seems to be very dissatisfied with the flight speed of civil aviation, and is trying to find ways to beg for Concorde airliners!"

## **Chapter 4207**

Hattori Kazuo's heart instantly tensed up.

He knew very well the strength of the Fei family, and if the Fei family really sent someone to Japan, it was only a matter of time before they found the Iga ninja's head.

Even before the Fei family's experts landed in Japan, the Fei family's intelligence officers would have already found out everything about the Iga ninja.

So, in his heart, he also knew very well that the Iga ninja, who were already on their last legs, would probably be unable to take a single blow in front of the Fei family experts.

And now, the Fei family has taken the blame for kidnapping Fei Hoang and cutting off his ear. Once they find out about the Iga ninja, they will definitely not go soft on the Iga ninja .....

This time, the Iga ninja will be exterminated because of this!

The thought of this, Hattori Kazuo's entire body has panicked, and he even wanted to call his father immediately to report to him, telling him to hurry up and take the Iga ninja into hiding, so as to avoid being wiped out by the Fei family experts.

However, even though he seemed to be unattended in the villa, his every move was under the close surveillance of the soldiers of the Ten Thousand Dragons Temple, and there was no way for him to contact the outside world.

In his anxiety, Hattori immediately put his knife against Fei Hoang's neck and shouted sternly, "Give me your family's contact information! I'll find a way to call them right now! If there is any danger to my family, I will kill you myself to avenge them!"

Seeing that the blade had already cut through his skin, Fei Hao Yang was trembling with fear and said, "Mr. Hattori, this is all a misunderstanding, as long as you give me a phone, I will immediately have my father order all the experts to be recalled to New York, and then have them go north to Canada and kill Qiao Feiyun's family!"

Qiao Feiyun was not afraid at all, because he guessed that Kazuo Hattori must have been reduced to a prisoner as well, and there was no way he could communicate with the outside world.

So he sneered at Fei Hoang and said, "Fei Hoang, you're not really that stupid, since you're already here, how could you possibly have a chance to call your father?"

Fei Ho Yang also knew that the chances were slim, but he had to try everything he could, so he looked at Kazuo Hattori and blurted out, "Mr. Hattori, you have to find a way to contact my father no matter what, as long as you can contact him and tell him my situation, he will definitely withdraw all the ninjas!"

Hattori Kazuo was also worried beyond belief at this point, his whole body in a panic, not knowing what to do.

At this moment, a soldier from the Ten Thousand Dragon Temple came in, handed a mobile phone to Hattori Kazuo and said, "Mr. Ye's phone."

Hattori Kazuo hurriedly took the phone and said nervously, "Ye ..... Mr. Ye ....."

Ye Chen smiled faintly and said; "Hattori Kazuo, are you worried about your family now?"

"Yes....." Hattori Kazuo choked out, "Mr. Ye, the overall strength of the Iga ninja is severely damaged, they are hardly a match for Fei's family ....."

Ye Chen smiled, "You don't need to worry, I have asked Miss Nanae of the Ito family to arrange a chartered plane, it can take off from Iga in Japan anytime and fly straight to New York, you can use this

phone to call your father now and ask him to arrange for someone to get on the plane as soon as possible, as long as they can take off before the Fei family lands, there is nothing that gang can do to them.”

Hattori Kazuo asked in surprise, “Mr. Ye ..... You ..... you intend to let them come to New York?!”

“Right.” Ye Chen on the other end of the phone said with a smile, “Coming to New York is the best choice.”

Hattori Kazuo said nervously, “But ..... But New York is the Fei family’s territory ..... If they come to New York, won’t ..... Wouldn’t they be throwing themselves into the net?!”

Ye Chen smiled blandly, “Don’t worry, it won’t be long before you are no longer the enemies of the Fei family.”

## **Chapter 4208**

Hattori Kazuo did not expect that Ye Chen would be able to consider the safety of his own clan in advance.

The moment he heard that the Fei family had sent someone to fly to Japan, his own heart was hanging in his throat, but to his surprise, Ye Chen had already made proper arrangements.

He knew that the experts sent by the Fei family were still in flight, and as long as his own clan could take off before the plane landed, they would only be out of reach, even if they were strong.

This moment made Hattori Kazuo completely relieved, and he hurriedly said with immense gratitude, “Mr. Ye, thank you ..... really appreciate it!”

The first thing you need to do is to get in touch with your father, within five hours everyone must be on the plane, after they arrive in New York, the Dragon Palace will arrange for them to land in Long Beach and protect them, the rest, wait for my order.”

Hattori Kazuo knew that Ye Chen was preparing to make the Fei family change the sky.

He could not help but think excitedly in his heart, “If this time, we Iga ninja can play a small role in Master Ye’s operation, then when the Fei family’s old man regains power, we Iga ninja will definitely be relied upon!”

“And for a behemoth like the Fei family to feed a mere Iga clan is as easy as can be .....”

“In this way, it will also be a disguised fulfillment of my father’s expectation to move to North America .....”

“Ever since we Iga ninja helped Ryojin Matsumoto kidnap members of the Su family, Iga ninja have already been discriminated against in Japan, continuing to stay in Japan will only become more and more difficult, right now if we have the opportunity to join the Fei family, it is definitely a good opportunity to change our fate against the odds!”

At this thought, he was even more grateful to Ye Chen!

Immediately afterwards, he said to Ye Chen without thinking, "Don't worry, Master Ye, I'll call my father and ask him to bring all of his clan members to New York as soon as possible to listen to your orders!"

Ye Chen gave a hint and said indifferently, "Tell them to move faster."

After Hattori Kazuo thanked him profusely, he immediately used this mobile phone to call his father, Hattori Hanzo.

At that moment, Hattori Hanzo was as anxious as a hot pot because of the loss of Hattori Kazuo and the news of Fei Hao Yang's abduction in the United States.

As he could not contact Kazuo Hattori, his first thought was that something must have happened to his son and that it was likely that someone else had kidnapped Fei Hoang and that his son and the rest of his clan were just being used as scapegoats.

Just half an hour earlier, he had been consulting with a number of the elders of the Iga ninja to see if they should leave Iga for the time being, or even leave Japan, in order to free the family to turn the tables on them.

The other elders shared his view that at a time like this they had to hide out and take shelter anyway, until the matter was clear and obvious.

Otherwise, if the Fei family really turned their wrath on them, they would be unable to resist.

The Iga ninja were already in a bad enough situation, but if they were targeted by the Fei family, they would basically be dead.

At that moment, he suddenly received an unfamiliar phone call, and his heart immediately tensed up.

He hesitated before cautiously pressing the answer button.

The voice of his son, Kazuo Hattori, came over the phone, "Father! It's me, Kazuo!"

"Kazuo?" Hattori Hanzo became excited and asked, "Where are you now, Kazuo? I saw the news, they all said that you kidnapped the youngest of the Fei family, what the hell is going on?!"

### **Chapter 4209**

Kazuo Hattori hurriedly said, "Father, it's a long story at this point, we were tricked by that employer! He tricked us into coming to New York and actually wanted us to kidnap Master Ye's woman!"

"What?!" Hattori Hanzo felt his eyes go black as he shivered and asked, "Is Master Ye ..... the Master Ye Chen who shook the entire Ten Thousand Dragons Hall with his own strength at Yanjing Ye Lingshan that day ....."

Hattori Kazuo blurted out, "That's him!"

"Bugger!" Hattori Hanzo cursed in despair, "You b\*\*\*\*\*d! Didn't you recognize all of Grandmaster Ye's women who appeared on Mount Yeh Ling that day?! Tell me quickly, did you offend Master Ye's women!"

Hattori Kazuo was busy saying, "No, Father! How dare I lay hands on Master Ye's woman! And, as it happens, Master Ip himself was in New York! So the moment I saw him, I immediately got down on my knees and confessed to him ....."

Hattori Hanzo asked nervously, "What did Master Ip say?! Did he forgive you?!"

Hattori Kazuo said, "Master Ye told me to make amends, that's why we kidnapped that Fei Hao Yang ....."

Hattori Hanzo's eyes went black: "That young master of the Fei family, was it really you who kidnapped him?!"

"Yes ....." Hattori Kazuo explained, "I had no other choice but to redeem myself!"

Saying that, he hurriedly added, "Father, now the Fei family has sent someone to Japan, they are expected to arrive in Japan in another ten hours, Mr. Ye is so kind-hearted that he has specially asked Miss Ito to arrange a plane for you and the rest of the clan, all you have to do now is to hurry up and gather all the clan members and head to the airport immediately, make sure to take off before the Fei family's people land! If you can take off five hours before they land, that would be great!"

Hattori Hanzo wanted to die.

He sighed in his heart, "I thought that sending Kazuo to America this time would be an opportunity to open up overseas markets for the Iga ninja, but who would have thought that such a big thing would happen as soon as he went to America ....."

"Offending Ye Chen, is that a f\*cking joke?"

"Not to mention the fact that Ye Chen has already subjugated the entire Ten Thousand Dragon Hall, just Ye Chen's unimaginably powerful personal strength alone could kill the entire Iga ninja all by himself ....."

Thinking of this, he hurriedly asked, "Ichigo ..... Could this be Master Ye's plan to bait the enemy?! Would he want to use this to trick all of us Iga ninja into going to America and then kill them all?!"

The Iga ninja will be able to get back to the position of the head of the Fei family this time, and this will be an excellent opportunity for us Iga ninja. the credit for regaining power!"

Hattori Hanzo was so excited that he couldn't help but ask with some concern, "Kazuo ..... do you think this is credible?"

Hattori Kazuo said without thinking, "Definitely! Father! Think about it, what kind of existence is Master Ye? If he really wanted to harm us Iga ninja, all he would need to do is to have the Ten Thousand Dragon Hall's Ten Thousand Hall Master send some experts to Japan, and that would be enough to wipe us out, he is really going to give us a good chance this time!"

Saying that, Hattori Kazuo remembered Ye Chen's words and blurted out, "Father! Master Ye has said it! Take a chance, a bicycle will become a motorbike!"

Hattori Hanzo couldn't help but mutter a sentence under his breath, "Take a chance ..... bicycle ..... to become a motorbike?!"

Then, after a moment of silence, he suddenly stood up and stomped his foot, “Yes! Then we’ll take a chance on him!”

### **Chapter 4210**

In the Iga ninja clan, both ninja and family members have for centuries enforced a military-style administration, with very strict management from top to bottom.

Therefore, when Hattori Hanzo gave the order, the whole clan immediately began to prepare in earnest.

All the shinobi dropped all their affairs at once, and then they rushed to the school and picked up all the children who were attending school, and any elderly people who were hospitalised due to illness, as long as their lives were not in danger for the time being, were also picked up from the hospital by their families.

All the women began to pack quickly at home, following Hattori Hanzo’s orders to bring only the essentials and small valuables and to leave the rest at home, even if they knew they might not return for the rest of their lives.

It took less than two hours for the entire Iga ninja to prepare for the evacuation, which was scheduled to take five hours.

Then, hundreds of people from all over the Iga ninja arrived at Kansai International Airport in Osaka, less than a hundred kilometres away.

Here, the three Boeing 777 planes arranged by Nanae Ito had been waiting for a long time.

When Ye Chen instructed Nanae to arrange the planes, he had deliberately asked her to be risk-averse, as the two planes were chartered in the name of Kazuo Hattori, and the money was also paid by Ye Chen from the United States, so that even if the Fei family was desperate, they would not investigate the Ito family.

Soon, the entire Iga ninja clan finished boarding the plane, and the three planes took off from Kansai Airport one after another without incident.

At this moment, it would take more than seven hours for a plane of experts sent by the Fei family to reach Osaka.

Little did the experts on the planes know that the closest they would get to their target would be in a little over three hours, when they would pass each other on the route over the Bering Sea.

It was a brush, but for aviation safety reasons, the opposing aircraft would be at least ten kilometres away.

But even so, this will be the shortest physical distance between them at any point.

After confirming that the two Boeing 777s had taken off, Wan Bajun followed Ye Chen’s instructions and anonymously provided CNN with an important clue.

Right now, although the Fei family knew that Fei Hao Yang had been kidnapped by Japanese ninjas, they had not yet found out, for the time being, which Japanese ninjas the kidnappers were, as Kazuo Hattori and the others had all entered the country using disguised fake identities.

Originally, they had planned to send their men to Japan first and then investigate from there, but to their surprise, this anonymous informant revealed all the real information about the eight Iga ninja who were involved in Fei Hoang's kidnapping.

After confirming that the information provided by the other party was accurate, the Fei family's intelligence officers did not bother to study the identity of the anonymous informer and immediately informed the person in charge of the plane via satellite phone that they should go to Iga City directly after arriving in Japan and control all the core members of the Iga ninja to negotiate with Hattori Kazuo.

The reason why Ye Chen gave this instruction was also to completely cut off any other thoughts of the Iga ninja, and at the same time, to play a good game on the Fei family.

In a few hours, the Fei family would find that the entire Iga ninja clan had disappeared without a trace.

When they have pieced together the clues and mapped out the path of the Iga ninja, they will be surprised to find out that the entire Iga ninja clan has chartered a flight to New York, and I wonder how the Fei family will feel when they do.

.....

Seven hours later.

When it was already dawn in America and night in Japan, the plane that the Fei family had sent, finally landed at Kansai Airport.

The person in charge called Fei Shanhai at the first opportunity and reported respectfully, "Master of the family, we have landed at Kansai Airport, and after we finish the entry formalities, we will rush to Iga at the first opportunity!"

Fei Shanhai said coldly, "Make sure you get the head of the Iga ninja and other key people under control! When the time comes, cut off all of their ears first!"

The person in charge said without thinking, "Don't worry, family head, we will complete the task!"
