

Ye Chen 4231

Chapter 4231

“Afraid?!”

Hearing his father’s speculation, Fei Xuebin asked in surprise, “Dad, do you mean that he knows who the people who did it to Hao Yang are, and at the same time is afraid that those people will do it to him?”

“That should be the case!” Fei Shanhai nodded with an extremely grave face, and then added: “Thinking about what Li Yalin said just now, I suddenly feel a bit of taste

Fei Xuebin’s perception was still almost meaningful, so he asked, “Dad, what are you analyzing?”

Fei Shanhai didn’t answer his question, but instructed the housekeeper to take the others, including Wang Yuanyuan, out first.

Only after everyone had left did Fei Shanhai say to Fei Xuebin with a serious face, “We have not been able to figure out what the scandal Li Yalin just mentioned is, but now I have a vague feeling that this scandal has a great probability of happening to Hao Yang, and it is also likely to be related to this Qiao Feiyun.”

I think it’s possible that Hao Yang and Qiao Feiyun are doing something unspeakable together. This would also explain why Hao Yang quietly received Qiao Feiyun into his home, and also plotted with him every day in that unused villa

Fei Xuebin was busy asking, “Dad, what do you think these two 20-somethings could be studying?”

Fei Shanhai said coldly, “The two of them must be talking about some kind of plan, and they must have already started working on it.”

Saying that, Fei Shanhai remembered something and hastily asked, “When Hao Yang disappeared, he was having a charity dinner?”

“Right.” Fei Xuebin nodded and said, “It said that he had joined forces with the Chinese Chamber of Commerce and wanted to donate some money to Chinese orphans.”

Fei Shanhai frowned more tightly and asked Fei Xuebin, “Your own son, you must know him better than anyone else, do you think he suddenly ran out to do a charity, is this matter perverse?”

Fei Xuebin nodded truthfully and said, “I’m not going to lie to you, Dad, this is indeed very abnormal.

“Then that’s it.” Fei Shanhai said gruffly, “Since it’s unusual, there must be something odd here. Maybe, the two of them have been plotting for days to plan this charity dinner.”

Saying that, Fei Shanhai asked again, “You went to the scene when the accident happened, tell me, what were the more special circumstances at that time?”

“Special circumstances” Fei Xuebin thought for a moment and spoke, “There was a big international star named Gu Qiuyi, the most famous of the Chinese singers now, and she was the mystery guest at the charity dinner that day.”

Fei Shanhai pursued, "Who invited her?"

"Of course it was Hao Yang" Fei Xuebin said bluntly, "That charity dinner was led by Hao Yang, it was also Hao Yang's intention to invite Gu Qiuyi, he commissioned the Chinese Chamber of Commerce to help pull the strings, I reckon, he should be a bit interested in that I reckon, he should have some interest in that actress and want to take this opportunity to get acquainted with her, boys, as you know, everyone wants to have something with actresses."

Fei Shanhai also asked, "Is it necessary to go to such trouble to pursue an actress? No matter what level of celebrity she is, she should have already taken the initiative to cater to her if she knew who she was. Why should Hao Yang need to rack his brains to please the other party?"

Fei Xuebin said, "This Gu Qiuyi is also not simple, she is not an ordinary star, she is the only daughter of Gu Yanzhong, the head of the Gu family in China, and the sole heir to hundreds of billions of dollars in assets, the gold content is very high."

Fei Shanhai nodded gently and muttered, "No wonder"

Chapter 4232

Fei Xuebin was busy asking, "Dad, what do you mean by strange?"

Fei Shanhai said, "No wonder Hao Yang went to so much trouble to pander to please her, and even threw a charity dinner especially for her"

Speaking of this, the words that Li Yalin had just said suddenly came back to him in his mind.

Whirling around, he exclaimed, "Damn it! This son of a b*tch, Hao Yang, isn't he having some kind of crooked thoughts about this Gu Qiuyi, is he?!"

Fei Xuebin laughed awkwardly, "Dad fair ladies, gentlemen are good at martyrdom, so there's nothing wrong with Hao Yang playing dirty tricks on her, right?"

Fei Shanhai said in a cold voice: "What I mean by crooked brains and what you mean by crooked brains are not the same thing at all! Wanting to please her and have a night with her is a crooked idea, wanting to force her to sleep is also a crooked idea, wanting to force her to sleep and then destroy her body is also a crooked idea!"

Fei Xuebin's face instantly chilled and said offhandedly, "Dad actually at the time I also felt that this matter Hao Yang's performance was perverse, but there has been little substantial evidence, you said Hao Yang he he shouldn't be stupid enough to go to that kind of extent, right?"

"I don't know" Fei Shanhai said with incomparable seriousness, "but I think that, by combining various clues, this kind of thing is the most likely!"

The most important thing is to find out who is paying for the commissions of the Iga ninja. If I'm right, these ninjas are probably hired by Qiao Feiyun!"

Fei Xuebin said, "If they were hired by Qiao Feiyun, then the question goes back... could it be that Qiao Feiyun did this to Hao Yang?"

“No!” Fei Shanhai shook his head, “I now suspect that Qiao Feiyun hired that gang of ninjas to work for Hao Yang

Fei Xuebin shivered and said offhandedly, “Dad you mean Hao Yang’s crooked idea is to use this gang of ninjas to kidnap Gu Qiuyi?!”

Fei Shanhai said, “If we can find out that there is indeed money coming and going between Qiao Feiyun and the Iga ninja, then that will basically confirm my suspicions.”

Fei Xuebin busily said, “I’ll go and order someone to look into it right now!”

With the Fei family’s ability, it was easy to check bank transactions.

So, Fei Xuebin soon received a message that the Iga Ninja had indeed received 40 million dollars, the money was paid to an American technology company, I had someone check the shareholding structure behind this company in depth, and found that it was a company held by a fund under the Joe Style Group

“f*ck!” Fei Shanhai muttered, “This b*****d Hao Yang, he’s really got some nerve! As the youngest master of the Fei family, he dares to play with fire like this, how outrageous!”

Fei Xuebin was busy saying, “Dad, this doesn’t necessarily prove that it’s Hao Yang’s problem! If it’s really like you said, these ninjas were hired by Qiao Feiyun, then why would they kidnap Hao Yang? That doesn’t add up to logic either!”

Fei Shanhai said, “The answer to this question probably lies with that Gu Qiuyi! After all, Qiao Feiyun only gave them US\$40 million, and didn’t you say that Gu Qiuyi’s background is also very strong? What if she bribed the ninjas with a promise of \$400 million on the spot?”

“This” Fei Xuebin was also dumbfounded, thinking before and after half a day, frowned and said, “It’s not without that possibility”

Fei Shanhai said immediately, “You think of a way to make an appointment with this Gu Qiuyi and invite her to come to the house.” One trip! I’m going to have a good time with this girl to see if she has any problems! “

Chapter 4233

Ever since Qiao Feiyun had also been captured by the Ten Thousand Dragons Temple, Ye Chen had not been in a hurry to go to New York again.

According to his plan, he first asked Hattori Kazuo to cut off Qiao Feiyun’s ears and lock him up with Fei Hao Yang, so that the two of them could have a good scare for one night, and then after he went to New York, he would break them one by one.

The day after Ye Chen asked Kazuo Hattori to kidnap Fei Hoang, she put the matter behind her and focused on preparing for the upcoming concert.

All day today, Gu Qiu Yi was busy with the concert, and in order to work better with her team, her agency had rented a dance centre in New York for Gu Qiu Yi to rehearse choreography with her back-up dancers.

After she returned to the hotel in the evening, Gu Qiuyi had just finished washing up and was ready to rest when her assistant Chen Duoduo knocked on the door and said to her, "Qiuyi, Fei Xuebin from the Fei family called and wants to invite you to their home for lunch tomorrow."

"Fei Xuebin?" Gu Qiuyi frowned slightly and asked, "Is that Fei Hao Yang's father?"

"That's right." Chen Duo Duo nodded and said, "It's him, what he means is that Fei Hao Yang's grandfather is eager to meet you."

Without thinking, Gu Qiuyi said, "No way! Refuse it!"

Chen Duo Duo was busy saying, "Qiu Yi, the Fei family is very influential in New York, I'm afraid it's not appropriate to reject it outright"

"What's inappropriate?" Gu Qiuyi, who was always modest, showed a rare expression of disgust and disdain and coldly said, "How influential their family is has nothing to do with me, I don't ask him to borrow money or ask him to do anything, he is the richest man in the world, I don't have to give him face!"

I don't even have to guess what their intention is in inviting me to dinner, they just want to take this opportunity to find out from me how Fei Hao Yang disappeared, and in the end, they want to find out Ye Chen's brother.

Chen Duo Duo said helplessly, "If we leave New York and the United States tomorrow, then we don't even need you to say, I'll just give them a refusal, but we still have a lot of venues in the United States, I'm really afraid that the Fei family will trip us up when the time comes"

Gu Qiuyi said indifferently, "It's okay, we're not accustomed to their problems, you just refuse to do what you want, and the rest, we'll just let the troops come in and cover up."

"Yes." Chen Duoduo nodded and said, "It's so refreshing to hear you talk, I'm going to reject them!"

Afterwards, Chen Duoduo walked out of Gu Qiuyi's room and picked up the phone to call Fei Xuebin back. When the call was answered, she said in a nonchalant manner, "Sorry, Mr. Fei, Miss Gu has to prepare for a performance recently, so she has a lot of things to do, so she doesn't have time to come to the door.

Fei Xuebin did not expect that this Gu Qiuyi would even dare to refuse the Fei family's invitation, so he said with some anger, "Even if Miss Gu is busy, there is always time for a meal, right?"

Chen Duoduo smiled and said, "Sorry, this time is really not available."

After saying that, Chen Duoduo hurriedly said, "Mr. Fei, I still have something to do, I have to hang up now."

Listening to the busy tone of the disconnected phone, Fei Xuebin was furious.

He immediately reported to his father at the side, "Dad, that Gu girl has refused! What an outrage!"

Fei Shanhai was also a bit annoyed and said in a cold voice, "This little girl is a bit of a sight for sore eyes."

After saying that, Fei Shanhai waved his hand and said sternly, "Isn't she coming to New York for a concert? You arrange for someone to go and buy out her performance venue, then tell her team that the whole venue is going to be upgraded and the performance will be postponed indefinitely, as for the contract the venue signed with her, we'll compensate her as per the price, I'll see what she does then."

.....

Chapter 4234

The next morning, Gu Qiuyi woke up early to wash and pack, ready to go to the dance centre to continue rehearsals.

As Ye Chen had not come to New York yesterday, she had been a little worried in her heart, so she took the initiative to send a message to Ye Chen asking if he planned to come to New York today.

Ye Chen had originally planned to go there today and find a way to get Fei Hao Yang and Qiao Fei Yun to talk and tell him all about the hookups the two of them had done, and then find a way to fix the evidence.

As long as he got the evidence, the rest of the matter would be solved.

In order to keep his wife Xiao Churan from getting suspicious, he used the excuse of helping Gu Qiuyi adjust her feng shui and planned to take a helicopter to New York directly after she left for school.

Therefore, when he received Gu Qiuyi's text message, he replied directly, "I'll be there later, but I have something to sort out first."

Gu Qiuyi then said, "Brother Ye Chen, I have to rehearse at the dance centre today, so if you're not in a hurry to go back, let's have dinner together tonight."

Ye Chen readily agreed to do so.

Seeing Ye Chen's promise, Gu Qiuyi was naturally happy and hurriedly arranged a time with him, so she hung up the phone beautifully and prepared to go out.

At that moment, Chen Duoduo ran over in a panic and said, "Qiuyi, it's not good! The venue has sent out a notice saying that the venue has to be upgraded for maintenance and the time required cannot be determined, so the performance will be postponed indefinitely!"

"What?!" Gu Qiuyi was shocked and asked out of the blue, "How could this happen? Haven't we already signed a contract with them and paid a 50% deposit in advance? What was signed in black and white, aren't they afraid of breaking the contract?"

Chen Duoduo said helplessly, "They said that they would give us ten times the compensation according to the contract"

Gu Qiuyi was even more surprised after hearing this and quickly asked, "What the hell is going on here?! I've had so many concerts, it's the first time I've encountered a venue party taking the initiative to breach the contract"

Chen Duo Duo explained, "I heard that the venue just changed ownership this morning, the whole venue along with all the hardware, all the contracts, debts, receivables etc etc, all were transferred to the new buyer, our contract naturally also transferred to the new buyer, this new buyer is clearly not bad money, directly put ten times the breach of contract on our account! "

After hearing this, Gu Qiuyi's expression suddenly became grave, she seriously analysed, "Ten times the compensation is definitely not a small amount, no one in business would make such a decision, because by doing so, he has no profit to speak of at all, unless he doesn't care about profit in his eyes!"

Chen Duo Duo was busy asking, "You mean that someone is deliberately screwing us?"

Gu Qiuyi nodded and said without thinking, "I reckon this is done by Fei's family, don't worry yet, wait for Fei's family to contact you!"

Chen Duo Duo asked, "Qiu Yi, what if that Fei Xuebin uses this as blackmail and insists that you go to the Fei family? They're definitely going to look for you to go and ask for punishment!"

After thinking about it, Gu Qiuyi said, "If he dares to open his mouth, I'll go beg Brother Ye Chen to accompany me, anyway, Brother Ye Chen will come to New York in a while! As long as Brother Ye Chen is here, I'm not afraid of anything! I don't believe that anyone can bully me in front of brother Ye Chen!"

Chapter 4235

As soon as Chen Duoduo heard Gu Qiuyi mention Ye Chen, she immediately lit up and said offhandedly, "Yes, yes! Get your brother Ye Chen, if the Fei family dares to bully you, let your brother Ye Chen beat the sh*t out of him!"

Gu Qiuyi said awkwardly, "Can you be a little more ladylike"

If your brother Ye Chen can kick that Fei Xue Bin to the ground, I Chen Duo Duo will definitely go up and make up for his black kick!"

Gu Qiuyi shook her head helplessly, "There's really nothing I can do about you."

After that, she looked at the time and said, "Let's go to the dance centre to rehearse first."

Chen Duo Duo asked, "What about the Fei family? If we can't manage it, the show will definitely be cancelled"

"It's fine." Gu Qiuyi waved her hand, "The Fei family's purpose is to see me, not really to spoil the show, they should call for you soon."

Gu Qiuyi had indeed guessed correctly.

Before she could leave the hotel, Chen Duo Duo received a call from Fei Xuebin.

On the phone, Fei Xuebin smilingly asked, "About the previous comment about wanting to invite Miss Gu to dinner, do you think Miss Gu has time?"

Chen Duoduo pulled open the car door and sat in the passenger seat, saying indignantly, "Mr. Fei, you're also a big name in New York, so it's a little inappropriate to engage in such petty tactics against our family Qiu Yi, right?"

Fei Xuebin played dumb and said, "Oh, what are you talking about, Miss Chen, we admire Miss Gu very much, how could we possibly use any petty tactics against her?"

Chen Duo Duo didn't bother to talk nonsense with him and asked bluntly, "If you are a man, then tell me the truth, did you buy the venue for our performance?"

"Yes." Fei Xuebin admitted without a second thought, "The venue was indeed bought by one of our companies, and to be honest, the venue was last renovated a year ago, and in our opinion is more or less out of step with the times, so we plan to invest a large sum of money to upgrade it in all aspects."

"Miss Gu is an international star after all, we definitely can't let her suffer a single bit!"

"So please don't worry, once we finish the construction of this venue, we will definitely invite Miss Gu to come over for the concert at the first time, and I promise you that we will definitely not charge a single penny for the venue at that time."

Chen Duoduo gritted his teeth in anger and asked, "Mr. Fei, let's just open up and tell me what it will take to ensure that our performance will be held as scheduled."

Fei Xuebin smiled and said, "It's not impossible to hold the show as scheduled, but we have already invested a lot of manpower and resources to prepare for the upgrade, and we have also paid a lot of compensation for breach of contract for the postponement of many shows."

Chen Duo Duo said coldly, "I can't make the decision on this, I need to ask Miss Gu for instructions and get back to you later."

"Okay." Fei Xuebin said, "Then I'll wait for good news."

When Chen Duoduo hung up the phone, he asked Gu Qiuyi, "Qiuyi, what should I say? Should I say yes to him or?"

Gu Qiuyi said, "Brother Ye Chen will come to New York in a while, let's go to rehearsals first, I'll call Brother Ye Chen at noon and ask him."

.....

At exactly nine in the morning, Ye Chen took a helicopter and arrived in Long Beach, New York.

Chapter 4236

The plane flew directly to the luxurious villa rented by Wan Bajun, while Wan Bajun came out to greet him together with Hattori Hanzo and Hattori Kazuo, father and son.

When Hattori Hanzo saw Ye Chen, his whole body was extraordinarily nervous and he hurriedly came forward and bowed, "Master Ye I am Hattori Hanzo, the head of the current generation of Iga ninja, earlier my son did not know that you were in New York and had bumped into me, please forgive me!"

The Iga ninja, from now on, will do as I say, I will find a good home for you in the United States, so don't even think about going back to Japan. "

"Yes yes yes" Hattori Hanzo nodded his head repeatedly in a pious manner, ever since he recorded that video admitting that he had staged a terrorist attack, he had understood that Japan was basically

out of the question, excluding the iron will to follow Ye Chen, he didn't know what other way out the Iga ninja could have. What other way out.

After all, in another estate just a few hundred meters away from this villa, the entire Fei family was racking their brains to find the whereabouts of the Iga ninja, only they never dreamed that the Iga ninja would dare to f*ck all the way from Japan to under their noses.

Ye Chen was satisfied with Hattori Hanzo's attitude, and nodding, he said to Wan Bajun, "Bajun, how are those two guys?"

Wan Bajun said, "Mr. Ye, those two guys have been hanging in the basement overnight."

Ye Chen nodded and said indifferently, "Go, go take a look."

When the four of them arrived at the basement, Fei Hao Yang and Qiao Fei Yun were already on the verge of exhaustion. The two of them had been hanging in the air and had not eaten or drunk anything, so their physical strength, endurance and energy had long been exhausted.

Seeing Ye Chen coming, the two of them were trembling with fear. Fei Hao Yang knew that Ye Chen would not let him go, but he still cried and said, "Mr. Ye begged you to have mercy and let me go, no matter how much money you want, I will ask my family to give you the full amount... .."

Ye Chen waved his hand, "Okay Fei Hao Yang, there is no need to say such words, save yourself some energy."

Fei Hao Yang still howled and begged, "Mr. Ye I beg you how much money you say a number Fei family will make sure you are satisfied! "

Ye Chen coldly said, "Fei Hao Yang, from now on, if I hear another word of begging come out of your mouth, I will have someone remove a part of your body, until you are removed into a human pig with only drive and head left!"

Fei Hao Yang was scared out of his wits and could only shut his mouth honestly.

Ye Chen then looked at Qiao Feiyun beside him and asked coldly, "You are Qiao Feiyun, right? Do you know that I have been looking for you for a long time?"

Qiao Feiyun shivered in fear and asked nervously, "You who are you I don't seem to have offended you"

Ye Chen laughed: "You may indeed not have offended me, but I have offended you."

Qiao Feiyun asked with a foggy face, "I'm sorry I didn't understand"

Ye Chen looked at him and smiled faintly, "Your brother, Qiao Feiyu, was killed by me!"

Hearing these words, Qiao Feiyun's expression was instantly shocked!

He knew that his greatest fear had still happened!

Chapter 4237

Qiao Feiyun was afraid that he would end up like his brother, which is why he fled to New York and hid in the Fei family.

But he never dreamed that even though he hid in the Fei family, he was not able to hide from the person behind the curtain.

The person who kidnapped Fei Hao Yang and the person who killed his brother were actually the same

Thinking of his brother's death, his heart was horrified and he subconsciously asked Ye Chen, "What grudge do my brother and I have against you? Why do you want to do this to us?"

Ye Chen sneered, "You really don't have any self-awareness at all, let me ask you, do you know what kind of relationship Li Xiaofen and I have?"

When Qiao Feiyun heard the words Li Xiaofen, he was scared out of his wits, and even Fei Hao Yang, who was at the side, trembled violently in fear.

How could Qiao Feiyun not know that Li Xiaofen

His brother, it was when he went to pick up Li Xiaofen from the sea that he had an accident.

And Li Xiaofen, too, was the very girl Fei Hao Yang had specified he wanted earlier.

The moment he heard that Ye Chen was related to Li Xiaofen, Qiao Feiyun knew that he was really dead this time.

Fei Hao Yang was even more terrified.

He had never dreamed that the two girls he wanted would both be related to Ye Chen!

Wouldn't it take two deaths to satisfy Ye Chen?

At this time, Ye Chen looked at Qiao Feiyun and said in a cold voice, "I'm sure that with the way someone like you acts, you must have kept a lot of relevant information about Fei Haoyang, as well as other clients, if you can take the initiative to hand over all the information you have to me, I can give you a painful time, otherwise, I will let you experience what it means to be worse than death. "

Qiao Feiyun shuddered and blurted out, "You must want that information against the Paid Family! If you promise to spare my life, I will give you all that information! Otherwise, even if I die, I won't let you get what you want!"

Ye Chen hummed and laughed, "You are in my hands, and it is not up to you to say whether you live or die."

After saying that, he looked at Wan Bajun and spoke, "Bajun, bring over the drugs you used to extract a confession under torture before!"

Wan Bajun immediately nodded his head and said, "Yes Mr. Ye!"

After saying that, he turned around and walked out of the room, and a moment later, he came back with a syringe in his hand.

Ye Chen took a glance at the syringe and said to Wan Bajun, "You come and introduce them both."

"My subordinate follows orders!" Wan Bajun immediately raised the syringe in his hand and said in a cold voice, "The drug in this, once injected into your bodies, will cause your pain to be amplified by more than a hundred times, at that time, you will have to suffer great pain even for breathing and heartbeat, even if you are just stabbed with the tip of a needle a few times, it will still cause you to die of pain."

Speaking here, Wan Bajun added, "But don't worry, this stuff only works on the nervous system, so even if you feel like you are about to die from the pain, there will be no danger to your lives, so you will have plenty of time to slowly experience this extraordinary and wonderful feeling!"

After hearing this, the two people were scared and almost collapsed since.

Ye Chen pointed directly at Qiao Feiyun and said to Wan Bajun, "Give him a shot first!"

Hearing the order, Wan Bajun immediately stepped forward and directly stuck the needle of the syringe into Qiao Feiyun's thigh.

Qiao Feiyun only felt an unprecedentedly strong and sharp pain rapidly hit him, and immediately afterwards, that pain began to spread throughout his body from his leg!

Soon, he felt his dangling wrists become extremely painful, the feeling was like putting both hands under the wheels of a train and crushing them repeatedly, it was extremely painful.

And his already hungry stomach, because of this drug, also hurt for a moment almost causing him to faint.

Every pain he endured was already far beyond the maximum pain a normal person could touch.

If a woman giving birth was a ten-level pain, he was now feeling at least over a hundred!

The excruciating pain had made him bruised and battered, and his whole body was screaming in agony as he was undergoing hellish torture.

He nearly broke down and pleaded loudly, "Mr. Ye I am in too much pain I am just in too much pain... . please kill me, I really can't take it anymore!"

Ye Chen looked at his extremely painful appearance without the slightest sympathy in his heart and said in a cold voice: "When begging me, you might as well think about how many innocent girls have said the same thing to you and have you spared them?"

Qiao Feiyun cried out, "I really know I'm wrong Mr. Ye beg you to give me a break... .."

Chapter 4238

"Want pain?" Ye Chen snorted and said, "Unless you produce all the information you keep, otherwise, I will keep your dog's life and make you try this feeling once a day."

After saying that, Ye Chen looked at Hattori Kazuo and said in a cold voice, "Hattori Kazuo, pull out your belt and use all your strength to hit hard!"

Hattori Ichio dared not to disobey, so he immediately pulled the belt off, rushed to Qiao Feiyun and waved it like crazy.

Qiao Feiyun was wearing only a pair of trousers and the rest of his body was naked, so he was immediately beaten by Hattori Ichigo.

The pain was almost like an explosion that swept through his body, as if every cell was suffering the ultimate pain.

After a few strokes of Hattori Kazuo's belt, Qiao Feiyun was already in so much pain that it was as if the sky was about to explode.

His entire body was already blurred with consciousness, but the pain did not diminish in the slightest, and continued to destroy his nerves and will.

Ye Chen added at this time, "Broken Jun, have someone prepare a basin of hot water, I want him to try and find out if he can find that feeling of being thrown into iron water!"

Without thinking, Wan Bajun said, "Yes Mr. Ye, my subordinate will arrange it now!"

Hearing this, Qiao Feiyun cried and howled, "Mr. Ye I'll give! I am willing to give you all the evidence please don't torture me anymore please"

Ye Chen sneered, "Qiao Feiyun, it's too late to beg for mercy now, I've given you a chance ah, but you're really useless too!"

After saying that, he added: "I heard that this medicine has at least two hours of effect, you first grasp the two hours, enjoy yourself, the rest, we will talk when you are done enjoying."

At this moment, Qiao Feiyun was turning his intestines blue with regret.

He really didn't expect that Ye Chen was even more devilish than himself.

At this time, Wan Bajun's men, carrying a basin of hot water, walked in.

The hot water was still steaming at this moment, and the temperature would not be low at first glance.

Ye Chen knew that if this basin of hot water went down, although Qiao Feiyun would not be scalded to death, he would still be severely scalded.

The pain from the scalding was already extremely intense, and if the medicine was superimposed on it, I was afraid that it would cause him to die in place.

However, Ye Chen didn't care.

If he really killed him, even if he fed him a rejuvenation pill, he would have to bring him back to life and continue to make him taste the extreme pain!

Otherwise, it would be a shame for the innocent girls who had been killed by these scum!

So, he directly took the basin of hot water from the hands of the General of the Ten Thousand Dragons Hall, and then without any hesitation, he poured the entire basin over Qiao Feiyun's body.

At this moment, painful wails like hell instantly rang out, Qiao Feiyun seemed like a pig that had been retreated from its hair alive, hanging in mid-air and struggling desperately

Ye Chen suddenly remembered something and pointed at Fei Hao Yang at the side and said coldly: "Broken Jun, hurry up and give Young Master Fei a shot too, we can't let him watch dryly from the side! Look at how anxious he is for Young Master Fei!"

Fei Hao Yang broke down and cried, "Mr. Ye, I am sweating in fear!"

Ye Chen said to Wan Bajun, "Never mind how he got sweaty, first give him a shot to refresh his mind!"

Wan Bajun immediately said, "Okay Mr. Ye!"

Ye Chen asked again, "Right Broken Jun, in your Ten Thousand Dragon Hall, are there any generals who are male in gender and male in preference?"

Wan Broken Jun nodded awkwardly, "Back to Mr. Ye, there are definitely such cases are indeed more common now as well."

Ye Chen asked again, "Are there any here?"

Wan Breaking Jun nodded, "There should be."

Ye Chen waved his hand, "Then why don't you hurry up and arrange for the two distinguished guests?!"

Chapter 4239

Ye Chen's words caused Qiao Feiyun and Fei Hao Yang to be completely scared out of their wits.

The two cried out for mercy almost simultaneously, but Ye Chen turned a deaf ear to their pleas for mercy.

Qiao Feiyun broke down in fear, after all, his perception of pain was now magnified a hundred times, and he dared not imagine what kind of pain he would endure if he was set up, so he yelled out of the blue, "Why are you doing this to us! Even if we have broken the law, we will be judged by the law! According to American law, the most we can get is life in prison without parole, so why are you treating us so inhumanely!!!"

"Inhumane?" Ye Chen asked curiously, "What? When you abused those innocent girls, why didn't you talk to them about what humanity means? Now that it's your turn to be unlucky, you're talking to me about humanity again? What? Is humanity your family's business?"

Qiao Feiyun cried, "I didn't do the killing of those girls I was only responsible for setting them up, it was Fei Hao Yang and the others who did the killing! Not only Fei Hao Yang! There are at least a few dozen other perverts like him! If you can let me off the hook, I will definitely give them all up to atone for their crimes!"

Ye Chen raised his eyebrows, "What? You're not guilty because you didn't kill them? You think you're innocent because you handed them over? Well, according to your reasoning, I didn't touch you or beat you anyway, and the special program I'll arrange for you later will also have special people to serve you,

so in that case, why do you still say I'm inhumane? According to you, I'm so f*cking innocent, what did I do that you want to accuse me of being inhumane?"

Qiao Feiyun knew that he was already full of evil and deserved it, and it was impossible to beg for Ye Chen's forgiveness at this time, so he could only cry and say, "Please, I am willing to give you all the information, which includes every client's information, every girl's information that was killed, and all kinds of hidden filming videos, as long as you let me off the hook, I will give it all to you"

Ye Chen asked in a cold voice: "When I asked you just now, why didn't you say anything? When I asked you for that information just now, why didn't you give it? Didn't you say that you would rather die than give out that information? Then I'll let you try what it means to be worse than death!"

After saying that, Ye Chen added, "Trust me, Qiao Feiyun, those information, you will still give them to me sooner or later."

At this moment, Fei Hao Yang wanted to tear Qiao Feiyun alive and roared in anger, "Qiao Feiyun, you f*cking son of a b*tch! How dare you take a video of me! What the f*ck did you promise me in the first place?"

Qiao Feiyun, tormented by the severe pain, was already broken down and yelled like a madman, "Of course I want to keep f*cking evidence! Otherwise, what the f*ck am I going to do if one day when things go wrong, you b*****ds will dump all the black pots on me alone?"

Seeing the two of them start to bite each other again, Ye Chen said in disgust, "You two remember, those who insult others will always be insulted; those who abuse others will always be abused! This is how the gods know good and evil, the way of heaven is good for reincarnation!"

Chapter 4240

After saying that, he turned to Wan Bajun and said, "Bajun, you can arrange the rest, I will come back to talk to them in two hours!"

Wan Bajun immediately nodded and said, "Okay Mr. Ye, my subordinates will make the arrangements!"

Ye Chen didn't say anything more and stepped out of the basement.

.....

Two hours later.

When Ye Chen returned to the basement, both Qiao Feiyun and Fei Hao Yang had turned into walking corpses.

The immense pain and humiliation had completely disintegrated the will of both of them.

At this moment, none of the two men had any regrets in their hearts.

It was at this moment that they truly began to feel remorse for what they had done before.

If they had been sentenced to life imprisonment, they would not have felt any real regret.

Only by letting them experience the pain they had once inflicted on innocent people for no good reason could they truly realise what kind of brutes they really were.

Seeing Ye Chen step in, Qiao Feiyun, who had already completely calmed down, suddenly howled.

He struggled to crawl towards Ye Chen, but his body had long since lost any breath after the severe pain, and he could only squirm on the floor like a maggot, wailing under his breath, "Mr. Ye I'll tell you everything, please You give me a pain"

Ye Chen asked him, "What? Now you know you're wrong?"

"I know know,," Qiao Feiyun cried, "I'm guilty, I deserve to die... ..I'm really sorry for all the innocent girls I've killed I don't ask for anything, I only ask that you give me a chance to pay for their lives"

The past two hours had been ten thousand times more horrifying to Qiao Feiyun than purgatory on earth.

At this time, he had already given up his desire for survival deep down in his heart at the thought that he might have to endure such extreme torture in the future.

Right now, he only wanted to die quickly, and the more painful his death was, the better.

Seeing that this man was already as humble as a maggot, Ye Chen could not show him the slightest bit of pity.

Ye Chen had never been a saintly mother, in his view, if a person had made a mistake, he had to pay the corresponding price for the mistake, this was the true fairness and justice.

If he did not let such people fall into complete despair, how could he face up to those innocent girls who had been tortured to despair by them?

At this moment, Ye Chen looked at Qiao Feiyun with cold eyes and said indifferently, "I can give you a chance, but only once, you must hand over all the evidence you have to me, without the slightest concealment, and as long as you cooperate honestly, from now until the day you die, I will give you the last humane treatment."
