

## Ye Chen 4291

### Chapter 4291

Wan Xiaojun's shout immediately caused the entire Fei family to explode!

Originally, they hadn't figured out why the Fei family manor, which hadn't lost power for over ten years, would suddenly suffer a power outage.

Only when they heard Wan Bajun's shout did they realise that the Fei family had been targeted by the Ten Thousand Dragons Hall!

Moreover, what they didn't expect even more was that this time, even the famous Hall Master of the Ten Thousand Dragons Hall, Wan Broken Jun, had personally come.

It felt as if the Ten Thousand Dragons Hall wanted to fight the Fei Family to the death.

What they didn't expect was that Wan Bajun, this time, was really a bit unmartial, not only did he want to deal with their group of bodyguards, he even let out the word that he would not spare even their family members, which completely disintegrated all their fighting spirit at once!

When Fei Shanhai heard this, he was also trembling with fear, and he said in a panic, "Wan Long Temple? When did we offend the Ten Thousand Dragons Hall?!"

Fei Xuebin said with a face full of panic, "Dad ..... could the Ten Thousand Dragons Hall be hired by grandpa?!"

"How is that possible!" Fei Shanhai shook his head, "First of all, let alone this old thing has no money, even if he has money, there is no way he could have hired Wan Breaking Army, even if it is a bigger client, it is still someone else from Wan Long Temple who accepts the hiring, Wan Breaking Army has long stopped working for others personally ....."

When Fei Shanhai heard this, he was also trembling with fear as he said in a panic, "Ten Thousand Dragons Hall?! When did we offend the Ten Thousand Dragons Hall?!"

Fei Shanhai said in a trembling voice: "I'm not sure ....."

Fei Xuebin asked, "Dad, should we go to the emergency shelter? In case Wan Bajun brings someone in, we won't be able to run away!"

The first thing I want to do is to go to the emergency shelter. If Wan Bajun leads his men to block the top, then we'll become a rat in a hole, won't we? Are we just going to stay there until our supplies run out and we die of thirst and hunger?"

When Fei Xuebin heard this, he fell into deep despair.

At that moment, someone shouted, "Oh no! People from the Hall of Ten Thousand Dragons have come in!"

Fei Xuebin, who had recovered a little, rolled and crawled towards the window, but fortunately his wife and housekeeper came forward and held him in place.

At this time, Fei Xuebin, who had risen to his feet, also saw the situation outside through the window.

A middle-aged man dressed in a black Zhongshan suit, with a group of people dressed in the same way as him, surrounded him from all sides in an aggressive manner.

This villa building, which covered the largest area, was the centre of the entire Fei family, and the fact that Wan Bajun could bring his men here was proof that the people outside had already been subdued by his men long ago.

Don't look at the Fei family's bodyguards, all of whom were from top special forces, but in front of a martial arts expert, they were not too different from a three-year-old child.

Therefore, these martial arts experts could silently take out all these bodyguards.

The reason why they didn't directly touch in to bring Fei Shanhai under control was also entirely Ye Chen's personal preference.

Compared to having Wan Breaking Army appear directly beside Fei Shanhai and give him a surprise, he preferred this kind of play where he pushed the other party into a desperate situation little by little.

In other words, to make a move on Fei Shanhai directly, the process was too short and boring, or this step-by-step approach was a more delicate way of playing.

At this time, the bodyguards inside the villa were already frightened and did not know what to do.

Although Wan Breaking Jun and the others were exposed to their firing range, no one dared to fight for the sake of the Fei family against the Ten Thousand Dragon Temple at such a time.

The reason for this was that shout from Wan Breaking Jun just now.

Ye Chen had long guessed that Fei Shanhai would definitely stimulate his bodyguards to resist through heavy rewards.

Therefore, he had explained to Wan Bajun in advance that he must give heavy medicine to the bodyguards of the Fei family!

In his opinion, all bodyguards worked for their employers for nothing more than to make money.

## **Chapter 4292**

And the money they earned was either for their own enjoyment and dazzle, or to keep their families clothed and fed.

If they were to be deterred by the safety of their own lives, they would probably go out of their way to fight so that they could earn a huge pension for their families.

If that were the case, it would instead inspire them to fight.

Although the ones from the Ten Thousand Dragons Temple who came to New York this time were all masters among masters, and it was absolutely easy to take on the bodyguards of the Paid Family, Ye Chen still hoped that he could give up without a fight.

Therefore, he directly asked Wan Bajun to pose as a serial killer, just to make this group of bodyguards understand that even if they sacrificed their lives for the Fei family today, it would still not give their families a worry-free life for the rest of their lives.

On the contrary, it would also bring his family members, the scourge of death.

In this way, the bodyguards would naturally lose the courage to fight to the death.

Moreover, the deterrent power of the Ten Thousand Dragons Hall naturally went without saying. Not to mention these bodyguards, even the Fei family would definitely not dare to go against the Ten Thousand Dragons Hall.

Therefore, at this time, the bodyguards had already given up the thought of resisting.

And at this moment, Wan Bajun gradually closed in, standing just less than fifty metres from the main entrance of the main villa of the Fei Family Manor.

He looked up at the imposing and massive villa, a cold smile wiped across the corner of his mouth as he said aloud, "All bodyguards with guns listen up, I'll give you one minute, after that, all bodyguards who don't come out and surrender will be killed!"

With that, he looked at his wristwatch and said in a cold voice, "Start the clock!"

Those bodyguards who were already in a state of confusion heard these words, and almost without thinking, they raised their weapons with both hands and ran out of the villa to surrender to the Ten Thousand Dragons Temple.

And a portion of the bodyguards who had already arrived at the ward also left the ward quickly and flew downstairs to surrender without a second thought.

After all, no one wanted to become an enemy of the Ten Thousand Dragons Temple.

When the Fei family saw that all the bodyguards had run away, their hearts were even more desperate, and they all looked at Fei Shanhai, hoping that he, the family head, could save the day.

Although Fei Shanhai was already in a panic, he understood in his heart that since the Ten Thousand Dragons Hall was on the rampage, he would not be able to escape even if he wanted to, so he was able to pretend to be calm and said, "Don't panic first! In this situation, it's useless to panic!"

Fei Xuebin said with a tearful face, "Dad, Wanbeijun has arrived downstairs, what should we do ..... or go upstairs and take the helicopter to retreat first!"

"Retreat?!" Fei Shanhai's eyebrows rose as he angrily rebuked, "I am the Fei family head, where do you want me to withdraw now?! If I withdraw, wouldn't it be like giving the Fei family back to your grandfather with my hands?!"

Fei Xuebin blurted out, "Dad ..... it's important to stay alive now!"

Fei Shanhai's face was pale, and he didn't know what to do for a while.

Just at this time, Wan Bajun shouted downstairs, "Who is the master of the Fei family? The one who is in charge comes to meet me on the ground floor!"

After saying this, he stepped into the Fei family villa and sat down on the sofa in the hall on the ground floor.

Fei Shanhai's mind kept flying as he spoke, "If that Wan Bajun really wanted us dead, we might have been killed by him silently when the power went out just now, and since he has now come downstairs openly and asked me to go down to meet him, he must want to talk to us about the terms."

Fei Shanhai knew very well that it was a blessing but not a curse, and that there was no other solution at the moment except to go and face Wan Xiaojun and try to meet his demands.

So, he gave up in his heart, thinking that he would just pay a big price for peace, and as long as he could take care of Wan Brejun, he would still be the head of the Fei family!

Thinking of this, he said to his second and third sons at his side, "Help me up, I want to go down to see Wan Bajun!"

### **Chapter 4293**

The Fei family had no other choice at this point, so they could only follow Fei Shanhai down the stairs in the lift to the ground floor lobby.

The few remaining martial arts masters of the Fei family could only follow behind them in silence at this time, not daring to move in the slightest.

They knew very well that after Yuan Zixu had left, Zhang Chuan, the strongest of them all, had already spent the afternoon kneeling in the dining room, and under such circumstances, how could the few of them be a match for the Ten Thousand Dragon Hall.

Only, just now Wan Breaking Jun only told the bodyguards with guns to go out and surrender, he didn't say that they, the martial arts experts, should also go out, so the only thing they could do now was to play the grandchild.

And when Fei's family arrived downstairs, they realised that the hall, which was as opulent as a palace, was actually filled with only Wan Bajun.

Fei Shanhai was assisted to Wan Breaking Jun's front, bowed respectfully and said with some apprehension, "Hall Master Wan ..... I am Fei Shanhai, the head of the Fei family ..... don't know... I don't know what my Fei family has done to anger and offend Hall Master Wan that has caused Hall Master Wan to come to the door to ask for punishment ....."

Wan Bajun glanced at him and sneered, "It seems that you, the Fei family head, don't have any self-awareness either, don't you know in your heart what your Fei family has done to harm heaven and earth?"

Fei Shanhai said in a panic: "Lord Wan Hall ..... under ..... I really don't understand what you mean by that, although I, Fei Shanhai, am not a great good person who is treacherous to the world, but I have never done anything to harm heaven and earth things ....."

As he said that, he suddenly remembered something and hurriedly explained, "By the way, Hall Master Wan ..... has had some minor problems with the transfer of power within our Fei family before, but I personally think that those are the family affairs of our Fei family, even if there are some inappropriate

things in it, it is far from being harmful to God, right? I don't think it's a good idea to talk about harming God, right?"

Before I came here, my boss explained to me that he would give you a chance to repent yourself, and if you could tell us all your sins, he would give you some leniency when he came. What's wrong with you?"

Fei Shanhai was horrified, he didn't expect that Wan Bajun, who was the Lord of the Hall of Ten Thousand Dragons, would have a boss!

Then who would be Wan Bajun's boss?

As he was thinking, the roar of a helicopter suddenly came from outside.

A heavy helicopter slowly landed on the lawn outside.

The hatch opened and Ye Chen jumped out of the aircraft alone and stepped into the hall on the ground floor.

The moment he just saw Ye Chen, Fei Shanhai's entire person was struck by lightning.

"Surprisingly ..... surprisingly it was him?!"

Fei Shanhai had never dreamed that the boss that Wan Broken Jun, the Hall Master of the Ten Thousand Dragons Hall, was talking about would be this fellow surnamed Ye!

The other members of Fei's family were also dumbfounded, especially Fei Xuebin, who was so scared that his legs went weak.

He could not help but recall the scene of his first meeting with Ye Chen.

At that time, he still thought that Ye Chen was just a clown who jumped the gun.

But to his surprise, he was the one behind all this!

Wan Bajun had just stood up from the sofa at that moment and respectfully said to Ye Chen, "Mr. Ye!"

Ye Chen nodded slightly in greeting, then looked at the horrified Fei Shanhai and said in a cold voice, "What? Are you surprised to see me?"

Fei Shanhai hurriedly said respectfully, "Mr. Ye ..... It was my eyes and Quanzi's eyes that offended you repeatedly before, please be able to give me a chance to change my ways for the sake of my advanced age ..... "

Ye Chen laughed: "Oh? Want to reform, then do you know what you have done wrong?"

"This ....." Fei Shanhai arched his hand and said, "My mistake was that I should not have seen the mountain with a blind eye and neglected you, Mr. Ye ..... Please forgive me! I'm sorry!"

Ye Chen said in a cold voice: "Fei Shanhai, you have at least five sins, arrogance is only one of them, do you know the other four?"

**Chapter 4294**

Fei Shanhai said in fear: “Mr. Ye ..... I ..... am a man of integrity and a man of work, because of my high position, I am indeed arrogant, but what are the seven sins? .....”

Ye Chen coldly said, “You think highly of yourself and have no one in sight, this is arrogance!”

Fei Shanhai quickly nodded his head like a garlic and said, “Yes, yes, yes ..... Mr. Ye, you are right!”

Ye Chen raised his voice a few notches and said in a stern voice, “You seek power and profit and do whatever you can, this is greed!”

Once Ye Chen’s words came out, Fei Shanhai’s heart suddenly thumped, he did not expect that Ye Chen would mention that he was scheming for power and profit, his heart could not help but think: “Could it be that this Ye Chen ..... is looking for me because I took my father’s family head’s position?!”

Just as he was panicking in his heart, Ye Chen continued, ““You are disloyal as a minister, but you have violated your superiors below!”

“As a human son, you forced away your biological father, this is unfilial!”

By the time Ye Chen said this, Fei Shanhai’s face was already pale.

At this moment, he was already sure in his heart that Ye Chen must have come for his father, and this was to settle accounts with himself after the autumn .....

And just then, Ye Chen looked at him and asked coldly, “Fei Shanhai, let me tell you the truth, I came to America this time, not for your four sins, but for your fifth sin! I will give you one last chance, do you know what your fifth sin is?”

Fei Shanhai’s heart panicked, subconsciously shook his head and said, “Ye ..... Mr. Ye ..... you just said the three sins, I admit ..... not to hide from you I dare not deny it, but apart from this matter, I really haven’t done anything harmful to heaven and earth .....”

Ye Chen scolded in a stern voice, “Your grandson Fei Hao Yang has repeatedly committed heinous crimes! This is what the ancients call the fault of not teaching!”

“Hao Yang?” Fei Shanhai’s heart thumped, never dreaming that the real highlight would be related to his own grandson .....

At this moment his brain couldn’t help but run fast, secretly thinking: “The surnamed Ye admitted to kidnapping Hao Yang at noon, in that case, this Hao Yang must have angered him because of some things, which brought me such a big disaster ..... Could it really be because Hao Yang was plotting against that Gu Qiuyi? ”

Thinking of this, Fei Shanhai hurriedly said, “Mr. Ye ..... that grandson of mine ..... is indeed a bit naughty since he was young and may do something out of the ordinary some times... ..”

Speaking here, Fei Shanhai sighed and continued, “After he was kidnapped, we had also analyzed the reason why he was kidnapped and also guessed that it was most likely because he had evil thoughts about that Miss Gu, thus angering you, Mr. Ye .....”

“However, you cut off his ear without mercy, I believe that he has already paid for his stupid thoughts, and I also believe that he must have suffered a lot under you in the past two days .....

“So ..... so why should you hold on to him because of an attempt on his life ..... if you are willing to let him back, I am willing to give ten billion dollars as spiritual compensation to Miss Gu .....

Hearing this, Ye Chen gave a cold laugh and said, “I hear you, what you mean in these words is nothing more than that he did not do any substantial harm to Miss Gu, you think he is not guilty to death, right?”

Fei Shanhai nodded his head: “I ..... do feel that ..... even if you are angry, you must give the young man a chance to reform... ..”

Ye Chen’s expression gradually cooled down and asked in a stern voice: “I ask you, if I give him a chance, what about those innocent girls who were killed by your grandson? Don’t they deserve someone to do them justice?!”

## **Chapter 4295**

Ye Chen’s words caused Fei Shanhai and Fei Xuebin’s faces to turn pale.

They had long guessed that Fei Hao Yang had probably caused a great deal of trouble, but they had limited knowledge and could not find out in a short time what Fei Hao Yang had done that was so outrageous.

Hearing Ye Chen’s angry rebuke, it seemed that Fei Hao Yang still had quite a few fatalities on his hands, which instantly made the two of them terrified.

Fei Shanhai hurriedly spoke: “Mr. Ye ..... Hao Yang’s affairs, I really know very little, the things you say, I have never heard of ..... and... . and .....

Fei Shanhai said, subconsciously glanced at his son Fei Xuebin beside him, torn for a moment, then gave up the general, said seriously: “And ..... this Hao Yang grew up not personally disciplined by me, I have not been much involved in his growth and training, it is my son Xuebin in education and training .....

Fei Xuebin shuddered when he heard this, he never dreamed that the old man would still remember the revenge of the noon meal, and even now he did not forget to dump the pot on himself.

So, he could only say with trepidation, “Mr. Ye, I’m not going to lie to you, I’ve always lacked sufficient care for Hao Yang’s upbringing, this child has been attending an aristocratic school since he was young, and has been boarding at school since he was twelve or thirteen years old, rarely coming home, and his mother has always been arrogant towards him, lacking discipline... ..”

Fei Xuebin’s wife was also panicking and said, “Fei Xuebin! You want to drag me down with you at a time like this?”

Fei Xuebin hurriedly said, “No, no, I didn’t mean that, what I meant was that ..... both of us ..... are really negligent with our children... ..”

Ye Chen, seeing this family shrugging off each other, sneered, “Since your Fei family likes to pass the buck from generation to generation, then I’ll find another person to come over and see if he’s just as irresponsible as you are!”

After saying that, Ye Chen looked at Wan Bajun and spoke, "Bajun, bring the man in."

"As you command!" Wan Bajun turned around and went out, and soon, he came with three people in stride.

When the Fei family got a good look at the three men, each of their expressions were extremely shocked.

Fei Shanhai, in particular, was so scared that his legs went weak and his body trembled, as if he was a mouse that had seen a cat.

These three people were Fei Jianzhong, the old man of the Fei family, Fei Kexin, the eldest Miss of the Fei family, and Yuan Zixu, the personal bodyguard of old man Fei!

Although Fei Jianzhong had been sitting in the helicopter, his mood had already been a bit overwhelmed with excitement.

He had finally realised why he had suddenly called himself and his granddaughter back to New York from the Indian Ocean on an emergency basis.

It turned out that it was his own son and grandson, who had caused a big trouble and offended Ye Chen here!

To him, this was a godsend.

He had previously thought that there was no chance of revenge for his own son's ouster from office and his descent into a foreign land, but to his surprise, Ye Chen had given him a chance that was within his reach.

Therefore, at this moment, his heart was overwhelmed with excitement.

When he saw Fei Shanhai, his excitement was immediately replaced by a great deal of anger!

With his eyes fixed on Fei Shanhai, he blurted out a furious rebuke, "You beast! I have given you life and a lifetime of glory and wealth in vain! How dare you usurp my power and want my life!"

Fei Shanhai shivered in fear and stammered, "Dad ..... Dad, you misunderstood me, Dad ..... I didn't want to usurp your power, nor did I want your life. billion dollars for medicine at once, this is indeed a huge burden for the Fei family ....."

"Burden?!" Fei Jianzhong pointed at him angrily and questioned, "The entire Fei family was fought by me, the assets of the Fei family, I earned them all! Now that I'm old, I need to spend some of the money I earned to renew my life, and you, as a son, are not happy about it?"

## **Chapter 4296**

Fei Shanhai explained in a panic: "Dad ..... I'm not unhappy ..... I just ..... I just don't want you to be cheated! ..... You said you wanted to buy some kind of rejuvenation pills, that stuff sounds like a scam, how can it be worth so much money ....."

"You bullsh\*t!" Fei Jianzhong gritted his teeth and cursed, "Fei Shanhai, do you know who the owner of the Spring Return Pill is? It's Mr. Ye!"

When Fei Shanhai heard this, he was scared out of his wits!

Never did he think that the Spring Return Pill would be Ye Chen's!

Wasn't this the same as scolding Ye Chen?

Thinking of this, he hurriedly fell to his knees and slapped himself while saying to Ye Chen, "Mr. Ye, I'm sorry, I didn't know that the Spring Return Pill was yours ..... If I had known that it was yours, I would have let my father pay for it without saying a word... .."

Ye Chen looked at him coldly, "Don't say anything, keep smoking!"

Fei Shanhai dared not say anything and could only keep slapping himself.

At the side, Fei Jian Center laughed coldly and thought to himself, "This b\*\*\*\*\*d has offended Ye Chen to death this time, so it seems that the return of the Fei family to my hands is a sure thing!"

By this time, Fei Shanhai had already swollen his cheeks, black with purple, but Ye Chen still had no intention to let him stop, he could only look at Fei Jianzhong, pleading: "Dad ..... you plead with Mr. Ye, Dad ....."

Fei Jianzhong saw his son in such a state, not only did he not feel any pain, but instead he raised the anger and hatred in his heart to the extreme, he pointed at Fei Shanhai and said in a cold voice: "You still have the face to call me dad? I'm telling you, Fei Shanhai, after this incident, you and I will sever our father-son bond!"

At this time, Ye Chen said in a cold voice: "Old man, don't be in a hurry to say harsh words first, your Fei family's sons and grandsons are all fly-by-night, despicable and nasty, you, as an old man, are also guilty of not teaching!"

Fei Jianzhong was stunned by Ye Chen's tone and asked respectfully, "Mr. Ye, I don't know what these b\*\*\*\*\*ds of my Fei family have done to offend you, please explain! I will deal with them impartially and will not tolerate them!"

The Fei Ke Xin, who had not said anything, heard this and inwardly sighed: "Grandfather ah ..... you are acting too eagerly ..... Mr. Ye has not yet asked you to become the head of the Fei family again, you are now in front of Mr. Ye Playing such word games will definitely not have a positive effect ....."

As expected of Fei Ke Xin, Ye Chen heard this and frowned and asked Fei Jianzhong back, "You handle this impartially? Did I say I gave you this right? Don't forget, you are no longer the Fei family head!"

After saying that, Ye Chen raised his finger and pointed at Fei Shanhai, saying indifferently, "You should know that the current Fei family head is him!"

Fei Jianzhong's heart thudded.

He had originally thought that Ye Chen would definitely help him restore the Fei family's headship today, but he had never expected that he would accidentally turn a coincidence into a botch, and instead, he had lifted a stone and smashed his own feet.

Thus, he hurriedly said with trepidation, "Mr. Ye, you are right, I have been abrupt."

After saying that, he hurriedly added, “Mr. Ye, if my son or grandson of the Fei family has done something wrong or offended you, you can punish him! If my son makes a mistake, I, as a father, am guilty of not teaching him, and if my grandson makes a mistake, then his father and I, as a grandfather, are both guilty of not teaching him, and the whole Fei family, anyone who does something wrong, I cannot shirk my responsibility! I am willing to accept all your punishment!”

Hearing this, Ye Chen nodded in satisfaction and spoke, “Good! Since you have said so, then I will show you something, and after you have read it, I would like to hear your advice and see what you intend to do about it!”

### **Chapter 4297**

At this moment, Fei Jianzhong hurriedly bowed and bowed with both hands, “Mr. Ye has orders, I dare not disobey!”

Ye Chen took out his mobile phone, unlocked the screen, and opened one of the video albums, which were all videos related to Fei Hao Yang that he had downloaded in advance.

Then, he threw the phone to Fei Jianzhong and said in a cold voice, “You can click on it yourself and watch it!”

After that, he pointed at the children and grandchildren of the Fei family behind him and said in a cold voice, “All those who are over eighteen years old, come forward and watch it together; those who are under eighteen years old, evade immediately!”

Fei Jianzhong agreed in a loud voice, while most of the Fei family’s children and grandchildren also hurriedly gathered around, as they were now eager to know what exactly was the reason for Ye Chen to kill the Fei family with great fanfare.

Although those who were under 18 years old also wanted to find out what was going on, they did not dare to come forward at this time and could only back up honestly to the end of the hall.

On the mobile phone, each video was just a thumbnail the size of a fingernail, plus there was a play button in the middle, so no one could see what the videos were all about.

Fei Jianzhong didn’t think much of it and clicked on the first video.

The moment the video popped up, a girl screaming in pain like crazy immediately came from the phone, in addition to the sound of Fei Hao Yang’s perverted-like laughter.

When Fei’s family saw the images on the phone, they all turned pale with shock, and a few of the youngsters could not even control their dry heaves.

Fei Jianzhong was also scared out of his wits at this point, and almost lost his grip on his phone.

Fei Shanhai, Fei Xuebin and all the middle-aged and elderly members of the Fei family were all terrified.

Fei Shanhai’s wife, who is also Fei Hao Yang’s maternal grandmother, only watched for ten seconds before her legs went limp and she collapsed, fortunately assisted by her daughter, otherwise she would have fallen on the back of her head.

Fei Xuebin's wife, Fei Hao Yang's mother, only looked for a moment before covering her eyes and crying: "This ..... is not true ..... that person is not Hao Yang... . there's no way Hao Yang would do something so devilish ....."

Fei Xuebin also broke down, and while shedding tears, he muttered, "Why ..... is this why ..... this son of a b\*tch why would he do something so inhumane... .."

Fei Shanhai's blood pressure spiked wildly as he mumbled, "b\*\*\*\*\*ds ..... are really b\*\*\*\*\*ds ....."

After saying that, he no longer dared to continue watching and could only turn his face to the side.

The video only lasted less than thirty seconds, and all these middle-aged people also turned their faces away not daring to look any further.

Fei Jianzhong kept staring at the phone screen, only to feel his heart rate soaring all the way up, shaking his entire chest cavity with pain.

In less than a minute, he could no longer hold on and could only lock the phone screen, choking, "Mr. Ye ..... under ..... I just can't watch anymore... .."

Ye Chen said in a cold voice: "There are many more videos like this, at least a few dozen, each with a different girl as the victim."

Fei Jianzhong muttered under his breath, "Family misfortune! What a misfortune for the family! Mr. Ye, I really didn't expect that such a scum would come out of my Fei family! What an outrage to the gods and the people!"

Ye Chen looked at him and gave a cold laugh, then turned to Fei Shanhai and asked indifferently, "Come, current Fei family head, tell me, as the family head, how do you plan to handle this matter?"

Fei Shanhai was a little hesitant all of a sudden.

He didn't know what to say.

If he were to put it more seriously, to say that this scum should be broken into pieces, how could he say such things when he was, after all, his own grandson?

But if he said something lighter, something that didn't match what this beast had done, then Ye Chen would definitely blame himself again .....

And he didn't dare to say that all this would be handed over to the law for a fair trial. Although a fair trial would definitely save Haoyang's life, it must be accompanied by a thorough exposure of all his actions.

## **Chapter 4298**

At that time, the Fei family's reputation would be in ruins and they would become the target of everyone's criticism in the United States.

Therefore, for Fei Shanhai, no matter how he chose, there was an unbearable price to pay .....

Seeing his hesitation, Ye Chen said in a cold voice, "Since you can't say it, then don't say it."

Then, he looked at Fei Jianzhong and coldly asked, “You are the last Fei family head and are considered to be experienced, let me ask you, what do you think about this matter, what should be done about it?”

At this moment, Fei Jianzhong was also in a dilemma.

He and Fei Shanhai had basically the same idea.

Fei Hao Yang could not be killed, nor could he be forgiven lightly, and at the same time, he could not make it public.

He valued the reputation of the Fei family more than anyone else, after all, he had built this family up with his own hands, and it was all his blood.

So, after thinking about it, he could only say: “Mr. Ye, it is indeed a family misfortune that such a beast came out of my Fei family ..... I am willing to pay out US\$10 billion to compensate the families of all the victims, and as for that beast, I will have Master Yuan break his legs and hands with his own hands, and lock him up at home for the rest of his life. As for that beast, I will have Master Yuan personally break his legs and hands, lock him up in the house for the rest of his life, and that he will be raised as a dog, so that he can never leave the Fei family half a step in his life .....

Ye Chen sneered, “What, you still want to keep him alive?”

When Fei Jianzhong saw Ye Chen’s playful face, his heart suddenly panicked!

He suddenly realised that he had made an extremely serious mistake.

He couldn’t help but inwardly sigh with remorse, “I’m really stupid ..... Ye Chen making such a fuss over the matter of Hao Yang is proof enough that he will never let Hao Yang have a chance to live, he will definitely kill him and eliminate the harm for the people, but I actually wanted to keep that beast’s life just now, how stupid! ”

“Ye Chen just deliberately asked me how to dispose of it, must be giving me a chance, to see how I state my position, but my answer just now, must have made him extremely dissatisfied .....

The first thing that I did was to think of a way to get rid of it. If he doesn’t die, I’ll be sorry for the innocent girls who died at his hands! Therefore, I think he should be allowed to die as a thank-you for his crimes!”

As soon as Fei Jianzhong said this, Fei Xuebin became furious and yelled, “What are you talking about, you old b\*\*\*\*\*d? Hao Yang is your great-grandson! And he is the eldest great-grandson of the eldest son and grandson lineage! When you die in the future, he will be the one to beat the streamers for you! How dare you ask him to die as a thank-you for his sins... what are your intentions?”

Naturally, Fei Xuebin was most concerned about Fei Hao Yang’s life and death, for that was his son after all. Hearing these words from Elder Fei, he was so infuriated that he had long since lost his senses.

But his father, Fei Shanhai, thought differently.

Fei Shanhai had also worked out Ye Chen’s intention in doing so.

He knew that Ye Chen would not let Fei Hao Yang go and had already made up his mind to kill him. The reason why he asked Fei's family was just to kill to kill!

At such a time, the safety of the Fei family was in question, so if he still wanted to protect Fei Hao Yang, he would be too naive!

So, he hurriedly said to Ye Chen respectfully, "Mr. Ye, I feel that ....."

"You don't need to feel!" Ye Chen did not wait for him to finish and directly interrupted him, saying in a cold voice, "One person has one chance to express his opinion, and yours has already been expressed."

After saying that, he looked at Fei Ke Xin and asked indifferently, "Miss Fei, what do you think?"

### **Chapter 4299**

"Me?"

How could Fei Ke Xin not have expected that Ye Chen would let her express her opinion at such a time.

She was very clear about her position in the Fei family, not to mention that she was no match for Fei Shanhai or Fei Xuebin, even Fei Haoyang was no match for her.

Don't look at her grandfather as doting on her, but when it really came to discussing seniority, she could only stand back and retreat in silence.

Moreover, she had not seen her parents here tonight, so he could also guess that her eldest uncle Fei Shanhai had already expelled his parents from the Fei family, and at such a time, she would have even less confidence here.

Ye Chen could see that she was a bit weak, so he said, "Miss Fei, if you have an idea, just say it, and don't be afraid to offend people, I'll do it for you!"

Fei Ke Xin pursed her lips, and her heart instantly became more solid.

With Ye Chen making the decision for her, she immediately plucked up her courage and said aloud, "Mr. Ye, I think the best solution now is to make Fei Hao Yang pay for what he has done!"

When Fei Xuebin and his wife heard this, they exploded, and his wife pointed at Fei Kexin and cursed angrily, "Fei Kexin, you heartless little cousin, our family Hao Yang is your nephew after all, can you bear to let him die?"

Fei Xuebin also gritted his teeth and scolded, "Fei Kexin, Fei Kexin, you really have a snake's heart! Do you think that since we drove your parents away, you're looking for this opportunity to take personal revenge?"

Ye Chen frowned slightly at this moment and said to Wan Bajun, "Bajun, these two people are chattering very annoyingly, slap your mouth!"

Without saying a word, Wan Bajun quickly stepped forward and slapped Fei Xuebin upside down, followed by a slap to his wife's face, directly spinning her around several times and causing her to faint on the spot.

At this time, Ye Chen looked at Fei Ke Xin and said, "You continue."

Fei Ke Xin nodded and continued, "On the other hand, we should immediately make what he has done public, we must not hide the cover up for him!"

At Fei Ke Xin's words, everyone was dumbfounded!

Fei Shanhai was shocked, and Fei Jianzhong was even more shocked!

They all knew very well that if this matter was made public, it would be a crushing blow to the entire Fei family.

This would be the biggest scandal of the century for the top American families, bar none.

Therefore, both of them stared at Fei Kexin with incredulous eyes, wondering why she would come up with such a solution that would push the entire Fei family into the abyss.

However, neither Fei Shanhai nor Fei Jianzhong dared to open their mouths to refute Fei Kexin's words at this time, and they could only look at Ye Chen with trepidation, wondering how he would react.

Ye Chen opened his mouth at this time and looked at Fei Jianzhong, saying coldly, "Elder Fei, now you know the gap between you and Miss Fei, right?"

When Fei Jianzhong heard this, his heart was dead.

He thought that Fei Kexin was deliberately playing a strong hand to break her wrist as a way to gain Ye Chen's goodwill.

He even felt that Fei Ke Xin was probably trying to take this opportunity to take over the position of the Fei family head.

This made him instantly feel a little more anger towards Fei Kexin in his heart.

Originally, he had wanted to take this opportunity to regain power, but he had never expected that his most trusted granddaughter would jump out and copy him at this time!

He could not help but look at Fei Ke Xin, his eyes filled with anger and questioning.

## **Chapter 4300**

The first time Fei Ke Xin saw her grandfather looking at herself with such a look, she was first shocked, and then she understood the reason for this look from her grandfather.

"It seems that ..... grandfather must have misunderstood me ....."

The problem can never be solved by his death. Our family must take up enough responsibility and must make this matter public, apologize to the victims and the public, and actively pay huge compensation to the families of the victims as a way to to obtain the forgiveness of the people ....."

Fei Xuebin, who had been slapped by Wan Bajun, shouted, "If we want to make it public, then we should hand over Hao Yang to the judiciary and let the federal court try him for his crimes!"

Fei Shanhai also came back to his senses and blurted out, "That's right! Fei Kexin! Your girl's heart is truly poisonous! Not only do you want my grandson's life, you want to drag the Fei family into the abyss! If it's as public as you say, why do you want my grandson, Hao Yang, to pay for his life? If we hand him over to the law, the most we can do is to sentence him to life imprisonment without parole!"

Fei Kexin questioned, "Have you not thought about why Mr. Ye did not just hand over the videos to the American police if this proposal was really feasible? Why did you have to make the extra effort to come to the Fei family and let us talk about the solution ourselves?"

The crowd was stunned by this question from her.

Especially Fei Jianzhong, his entire body was instantly enlightened.

Fei Ke Xin's words made him finally realise the crux of the problem.

He couldn't help but sigh in his heart, "Why didn't I think of this layer ..... This Ye Chen is definitely not satisfied with unusual means to solve the problem since he has come to the door ....."

"At a time like this, if we still think of relying on the American judicial system to save Hao the beast Yang a dog's life, we can only say that the rest of us, have not thought through the key to this matter!"

"The fact that Ye Chen can come to the door means that he must be planning to use his means to solve this matter, and given his style of action, it's impossible to save either Hao Yang's life or the Fei family's reputation! The fact that he's asking people to express their views is just a test!"

"Hao Yang committed such a great crime, how can he satisfy Ye Chen just by paying for his life? What's ridiculous is that I was just thinking of using money to suppress everything, which in itself is a provocation to Ye Chen, how could Ye Chen allow ....."

Thinking about this, he could not help but look at Fei Ke Xin, thinking in his heart, "It seems that it is still Ke Xin who sees things more clearly ....."

At this time, Fei Ke Xin continued, "Gentlemen ..... this matter, although the direct fault is on Fei Hao Yang alone, but have you ever thought, how can he commit so many inhumane crimes, but still get away with it? The only thing he relied on was the Fei family's powerful resources, funds and contacts to back him up?"

"Otherwise, if he were just an ordinary man, he would not have had the chance to do so much evil even if he wanted to! He might even have been arrested long ago because the matter was exposed!"

"It was the Fei family's strength and aura that helped him cover up the evil in his body, which allowed him to commit serious crimes time and time again, while getting away with it!"

"So, from this point of view, the Fei family bears an inescapable responsibility for this! Each and every one of us in the Fei family also bears an unshirkable responsibility!"

"That's why, at a time like this, what we really need to do is to face up to our mistakes! And take the initiative to disclose this to all the people!"

"And we also need to make a sincere apology and positive compensation! If we can get the public to understand us, we will be lucky; if they don't, we will have to suffer the consequences ourselves!"
