

Ye Chen 4311

Chapter 4311

After saying that, he said with some emotion, "I don't have a year or two left to live, and I've experienced so many things, I've already looked away from money."

Ye Chen nodded slightly in satisfaction and spoke, "I know that it has not been easy for you to fight in your life until now, and now that you are older, so much money that you have earned, normally speaking, no longer means anything to you, and because of the money matter, it has even made your own son kill you, to say the least, I feel sad for you."

Fei Jianzhong sighed and said with a melancholy face, "Mr. Ye you are right Before reaching my age, there is no longer any positive meaning"

Ye Chen smiled faintly and said lightly, "Normally that is indeed true, however, I can give you a chance to spend your money."

Fei Jianzhong was stunned and quickly asked, "Mr. Ye, what do you mean?"

Ye Chen smiled blandly, "Haven't you always wanted to buy the Spring Return Pill? If I remember correctly, at the auction in Jinling, you were asking for two hundred and ten billion at that time."

When Fei Jianzhong heard this, although he was still unsure of what Ye Chen meant, his whole person was already excited beyond control and said in a loud voice, "Yes Yes Mr. Ye At that time I Indeed, I did ask for two hundred and ten billion You Why do you remember to ask this?"

Ye Chen smiled playfully and didn't answer his question, but looked at Fei Ke Xin and spoke, "Miss Fei, after you successfully succeeded as the head of the Fei family and succeeded to the disposal of all of Elder Fei's a*sets, in order to express my congratulations, I can make an exception and give you an opportunity to purchase the Spring Return Pill!"

Hearing these words, Fei Jianzhong's entire body instantly fell into ecstasy!

"Spring Return Pill!"

"Ye Chen is actually willing to sell Ke Xin the Spring Return Pill!"

"If I can get this Spring Return Pill, I'll be able to live at least another ten or twenty years"

"This Could this be the case of a stuffed horse?!"

Thinking of this, deep inside Fei Jianzhong's heart suddenly began to worry again.

Because what Ye Chen had just said was very clear, this opportunity to make an exception to purchase the Spring Return Pill was not for himself, but for his granddaughter, Fei Ke Xin.

Moreover, it must also wait until after granddaughter Fei Kexin became the head of the Fei family and inherited the right to dominate the a*sets.

In this way, the character and temperament of his granddaughter Fei Kexin will be tested.

If she really took herself seriously as a grandfather, she would certainly be willing to pay for the Spring Return Pill.

However, if she was like his eldest son, Fei Shanhai, who was not willing to pay for the pills, then he would be left with a basket full of water.

So he subconsciously looked at Fei Kexin, his eyes full of eager expectation.

Fei Ke Xin did not disappoint Fei Jianzhong.

She was also very excited at this moment and said, "Mr. Ye, is what you said true? You can really make an exception and give me a chance to buy the Spring Return Pill?"

Ye Chen nodded and said indifferently, "I, Ye Chen, have always been true to my word."

Saying that, he looked at Fei Jianzhong and added, "That day at the auction, you asked for two hundred and ten billion US dollars, today, for the sake of your Miss Fei, I'll erase the change for you, two hundred billion US dollars a piece."

Without thinking, Fei Ke Xin blurted out, "Good! I'll buy!"

Chapter 4312

When Fei Jianzhong heard Fei Kexin's unwavering decision, he was so excited that he could not attach it.

However, he also kept an extra eye out.

Because, Fei Ke Xin only said that she would buy this Spring Return Pill, but to whom she bought it, she had not yet stated her position.

Fei Jianzhong had experienced several ups and downs over this period of time, so he naturally had a few more worries in his heart about such matters.

At this time, Fei Ke Xin looked at him and said very seriously, "Grandpa, later on I will pay the payment to Mr. Ye, and this rejuvenation pill will be left for you to take!"

It was only when he heard this that Fei Jianzhong finally put his heart down, and was suddenly so excited that he burst into old tears.

He was so desperate to get a Spring Return Pill.

Originally, he thought that he might not have a chance with the Spring Return Pill in his life.

But to his surprise, it was Ye Chen and his granddaughter who had given him such a huge surprise!

At this moment, he was so excited that he choked up a little and said to Ye Chen, "Mr. Ye Thank you Thank you! Your kindness, I will definitely remember it in my heart forever!"

Ye Chen waved his hand and said very seriously, "Master Fei, there is one thing I have to say first, although I am willing to make an exception and sell Miss Fei a rejuvenation pill, and Miss Fei is also willing to give you this rejuvenation pill to take, I will deliver this rejuvenation pill to Miss Fei in four instalments."

Fei Jianzhong subconsciously asked, "In four instalments?"

"Right." Ye Chen said blandly, "From now on, I will cash out a quarter of the Spring Return Pill to Miss Fei every three years, until a whole Spring Return Pill is fully cashed out."

Ye Chen knew very well in his heart that if Elder Fei would not live long, then Fei Ke Xin's position as the family head would not be secure no matter what.

And after all, he had his own business to attend to, and could not always protect Fei Ke Xin, so the best way was to allow Elder Fei to continue to live.

And not only to let her live, but also to ensure that when he lives, he will definitely stand behind Fei Kexin and support her with all his might.

If Master Fei, was allowed to get a whole rejuvenation pill at once, then after he had completely solved the problem of survival for the next ten years or so, his deep-seated thirst for power would probably come back to haunt him.

If that were to happen, he would no longer be Fei Kexin's biggest supporter, but would instead become Fei Kexin's biggest enemy.

That was why Ye Chen had come up with such a strategy of deferring delivery in batches.

By giving Fei Ke Xin a quarter of the Spring Return Pills first, it would first allow Fei Jianzhong not to have to worry about survival for the next three to five years.

However, this would also give Fei Jianzhong a strong sense of crisis.

This was because he still had three quarters of the Spring Return Pill left to get.

And as Ye Chen was the seller, he only recognised Fei Ke Xin as the buyer, so Fei Jianzhong must keep his full support for Fei Ke Xin unchanged as long as he still wanted to get the rest of the Spring Return Pills.

Chapter 4313

Only then would he be able to obtain the rest of the Spring Return Pills at the remaining three key nodes, as a way to achieve his wish of extending his life by a decade or two.

Having lived for over ninety years, Fei Jianzhong was a complete human being, and he instantly understood that the reason why Ye Chen was doing this was to pinch himself.

However, at the moment, how could he dare to have any dissatisfaction with Ye Chen's pinching?

In his heart, he could not help but sigh: "If Ye Chen is pinching me, I can at least still live; if he is not pinching me, what other way do I have to go but to die?"

Therefore, without thinking, he said, "Mr. Ye, everything is according to your wishes! I have no opinion!"

Ye Chen nodded, looked at Fei Ke Xin and asked her, "Miss Fei, you don't have a problem with that, do you?"

Fei Kexin said: "I I have no opinion All listen to Mr. Ye's arrangement!"

At this moment, Fei Ke Xin also understood the purpose of Ye Chen's action, and knew that Ye Chen was protecting her, so she was naturally grateful.

The Fei family will soon face a huge reputation crisis and have to pay huge compensation to the victims' families. Even if you want to get the Fei family over the hump and rise again, you won't have enough liquidity on hand."

Saying this, Ye Chen added: "However, if you deliver the Spring Return Pill in batches, you can also make payments in batches, and you only need to pay me \$50 billion each time, from \$200 billion to \$50 billion, so there will naturally be no pressure on your Fei family."

Fei Ke Xin hurriedly said, "What Mr. Ye said is extremely true Thank you Mr. Ye for thinking of the Fei family in every way"

Fei Jianzhong also immediately said gratefully, "Mr. Ye, you are really the saviour of the Fei family Thank you!"

Although he said so, Fei Jianzhong could not help but sigh in his heart, "This Ye Chen, he really knows how to put gold on his face In two or three sentences, he twisted the fact that he deliberately took advantage of me into helping the Fei family to tide over the difficult times, and I don't know how he can be so thick-skinned at such a young age"

At this time, Ye Chen looked at Fei Shanhai and Fei Xuebin again and spoke, "You two, from today onwards, cooperate fully with all of Miss Fei's requests and make sure to shine in the development of the Fei family, if I know that you two have any small thoughts, I will definitely have someone from the Ten Thousand Dragons Hall come over and bring you to Syria to experience the local customs and customs properly. When the time comes, I will give you an in-depth tour for five or eight years, so that Syria will become your second homeland."

Fei Shanhai's body trembled with fear.

I'd rather stay with the Fei family and work as a dog for Fei Kexin than to go to Syria to experience the so-called local customs. What is there to experience in that place? And what about the five or eight years of in-depth tour, isn't that five or eight years of imprisonment?

In shock, he hurriedly bowed ninety degrees and said respectfully, "Mr. Ye, please don't worry, I, Fei Shanhai, swear to heaven that I will do my utmost to help Ke Xin govern the Fei family and will never do anything against the interests of the Fei family!"

Fei Xuebin followed suit and bowed to state, "Please rest assured, Mr. Ye, my humble servant will never let you down"

"Good." Ye Chen nodded slightly with great satisfaction and spoke, "Since you guys are so on board, I believe that Miss Fei will also arrange a relatively comfortable job for you in the Fei family in the future."

As he said that, Ye Chen looked around at the whole week and added: "But I would like to remind you all, from now on, don't engage in any more, hook-ups, and subterfuge! And don't follow that Fei Hao Yang's example of doing wrong!"

The crowd nodded obediently, no one dared to say a word more.

Ye Chen looked at Fei Kexin again and explained, "Miss Fei, in the future, the Fei family must have an internal vetting team that regularly conducts strict investigations on every member of the Fei family every once in a while, and if any problems are found, cut them off quickly and don't give them the chance to develop!"

Chapter 4314

In Ye Chen's opinion, the primary condition for a family to prosper and flourish must be internal unity.

The greatest advantage of unity is that internal conflict can be avoided to the greatest extent possible, and all the energy of this family can be used to do useful work.

In this way, even if the family is a poor peasant with its face to the ground, the family will definitely maintain an upward trend.

But if there is division and confrontation within the family, most of the energy will be used up in internal struggles.

As a result, the family will not only run out of energy to do useful work, but will also fall into a quagmire of regression due to constant internal conflict.

If it kept consuming a lot internally, even if the family assets were in the trillions, there would be a day when they would be exhausted.

That was why Ye Chen reminded Fei Ke Xin that she must keep a complete eye on the Fei family gang, make sure that all these people would follow her lead, and once she found any problems, she must not be merciful and must kill them early in the cradle.

Naturally, Fei Ke Xin also understood Ye Chen's meaning and nodded repeatedly, "Please rest assured, Mr. Ye, I will definitely pay more attention."

Seeing that Fei Ke Xin still seemed more or less apprehensive, Ye Chen gave her an encouraging look and said seriously, "After you finish dealing with the matter of Fei Hao Yang, the Fei family will definitely fall into an unprecedented low because of this incident, but I believe in your ability and will definitely be able to lead the Fei family out of the low."

Fei Ke Xin said gratefully, "Thank you Mr Ye for your encouragement, I will do my best to get the Fei family through the trough as soon as possible."

As she said that, she gave a slight pause, her hot eyes fixed on Ye Chen, and said out of the blue, "If you have any requests for the Fei family in the future, just ask, no one in the Fei family will dare to disobey!"

Ye Chen nodded and said, "If there is a need, I will not be polite with you."

After saying that, he looked at Yuan Zixu, who was beside the old man, and said, "Among these martial arts masters of the Fei family, you are the strongest, so from now on, you will be protecting Miss Fei's safety."

Yuan Zixu was busy saying respectfully, "Mr. Ye I should have returned to my division to resume my duties, in the future, my senior brother Zhang Chuan will be responsible for the safety of the Fei family."

Ye Chen frowned and said, "Zhang Chuan? It wouldn't be that five-star martial artist, would it?"

Yuan Zixu asked busily, "Mr Ye has met senior brother Zhang?"

Ye Chen sneered, "No surprise, he should still be kneeling in the dining hall."

After saying that, he looked at Fei Xuebin and said in a cold voice, "Go and call Zhang Chuan over."

Fei Xuebin dared not disobey and hurriedly said, "Mr. Ye wait a moment, I will go and call"

Soon, Fei Xuebin came over with Zhang Chuan, whose legs were constantly wobbling.

At this moment, between Zhang Chuan's legs and crotch, there was already a large white stain, accompanied by a burst of foul smell, which made people instantly guess that this was the urine alkali formed after he had peed his trousers.

Chapter 4315

As soon as Zhang Chuan saw Ye Chen, he couldn't help but kneel on the ground and choked, "Mr. Ye I have been kneeling in the dining room at your command and have not gotten up for a moment... please, for the sake of my loyalty, restore my cultivation... .."

With that, he couldn't help but wail and cry.

Decades of cultivation had been reduced to nothing in an instant, such a blow to Zhang Chuan could be called a disaster of extinction.

So, as long as he could get his cultivation back, he would be willing to do anything to make him do it.

Yuan Zixu did not expect that, after only half a month's absence, his spirited senior brother would be reduced to this state.

He was then surprised to find that Zhang Chuan, at this moment, no longer had any trace of cultivation on his body and had just become an ordinary person, which made him greatly alarmed and said offhandedly, "Senior brother Zhang, what's wrong with you?!"

All of Zhang Chuan's attention was on Ye Chen, and when he suddenly heard Yuan Zixu speak, he realized that his senior brother had actually returned, so he immediately cried like an aggrieved child meeting his parents, "Senior Brother Yuan You're finally back Senior Brother Yuan... .."

Yuan Zixu hurriedly went forward and supported him while saying painfully, "Senior Brother Zhang, how did you lose your cultivation?!"

Zhang Chuan said remorsefully, "Senior brother doesn't know, today at noon, Mr. Ye came to the residence for a banquet, I had no eyes and didn't know about Tai Shan, I was reckless in front of Mr. Ye, so Mr. Ye abolished my cultivation and made me kneel in the dining room until now"

When he finished, he suddenly remembered something and blurted out, "Senior brother, Mr. Ye said that someone would come to teach me a lesson for him later, he should be talking about you, right"

Yuan Zixu was greatly shocked.

He knew that Ye Chen was very strong, so strong that he was unpredictable, but he did not expect that Ye Chen had directly nullified all of Zhang Chuan's cultivation.

What was even more unbelievable to him was that although Zhang Chuan had lost his cultivation, his meridians were intact and there were no signs of fracture and ruin, which meant that Zhang Chuan's cultivation had not been violently destroyed by someone.

This alone caused Yuan Zixu's expression to flinch.

Violently destroying a person's cultivation was not really that difficult, as long as he was not your opponent, you could violently destroy all of his meridians while knocking him down.

This was the same as picking off a person's tendons and hamstrings, simple and crude.

However, the way Ye Chen did it, it came in an even more bizarre way.

The meridians were intact, but his cultivation was completely ruined, which gave Yuan Zixu a feeling as if Ye Chen had used some kind of power to completely seal Zhang Chuan's cultivation.

If Ye Chen really had this kind of strength, then he would no longer be on the same level as the martial artists in the world long ago.

Thinking of this, he was extremely shocked in his heart.

At the same time, he also subconsciously wanted to take over for self

Chapter 4316

Ye Chen's questioning caused Yuan Zixu to panic a bit, and he could not hide his nervousness as he spoke: "Mr. Ye, don't be angry If you don't feel relieved, I'll break a few of his teeth now No more, no more I'll break his dog's leg! In short, I will make sure you are satisfied!"

Ye Chen waved his hand and said indifferently, "No need, he just bumped into me at noon, I made him kneel in the restaurant until now, I think he must have known his mistake."

As soon as Zhang Chuan heard this, he hurriedly knelt on the ground and said reverently, "Mr. Ye, I do know that I was wrong! Please also ask you to be noble"

Ye Chen nodded and said blandly, "I can no longer pursue your faults."

Hearing this, Zhang Chuan's whole body was immediately excited, and he hurriedly knelt down on the ground and kept kowtowing, shouting loudly, "Thank you, Mr. Ye, for your generosity! Thank you!"

Ye Chen said indifferently, "You don't need to thank me in such a hurry, I really won't pursue you for anything, but I won't help you restore your cultivation either, because this is the price you have to pay for the mistake you have made."

Zhang Chuan's originally incomparably excited expression instantly turned a miserable white.

He even pleaded with a few tears, "Mr. Ye, I have been training hard in the martial arts since I was a child, and I have trained hard for dozens of years to achieve this insignificant achievement today, if you cannot restore my cultivation, I might as well die"

The other side of Yuan Zixu also hurriedly bowed and said, "Mr. Ye, although Senior Brother Zhang is a bit hot-headed, he is indeed a loyal person, and it is not easy for him to cultivate for so many years, so I hope you can give him a chance to reform for the sake that he has not made any big mistakes."

Ye Chen waved his hand and spoke, "If it's not easy to say that it's not easy for everyone, do you think it's easy for Fei Hao Yang to live such a big life? Didn't he have to eat one bite at a time for the past 20 years? Could this also be a reason to forgive him?"

Yuan Zixu was speechless at once.

Zhang Chuan's entire body almost collapsed; to him, if his cultivation could not be restored, this life was basically equivalent to living in vain.

However, Yuan Zixu no longer dared to plead with Ye Chen on his behalf; after all, Yuan Zixu himself had little friendship with Ye Chen, and his words were insignificant in front of Ye Chen.

At this time, Ye Chen suddenly remembered something, looked at Yuan Zixu and asked, "There was a guy surnamed Luo earlier, I think he was also from your division, right?"

Yuan Zixu was instantly lifted up and blurted out, "Is it Luo Jia Cheng Luo's senior brother? He disappeared in Jinling earlier, could he be in your hands, Mr. Ye?!"

At the side, Fei Ke Xin's expression did not change, because she had long guessed that Luo Jiacheng must be in Ye Chen's hands, and the reason why she did not mention this to Ye Chen was because she could not find a suitable opportunity to speak up.

At this moment, Ye Chen said with a frank face, "He is indeed in my hands, if I remember correctly, his strength seems to be a little bit worse than yours, but a little bit stronger than that Zhang Chuan."

Yuan Zixu could not hide his shock as he nodded and spoke, "That's right Senior Luo has broken through to a six-star martial artist, originally he was to take over from me and continue to serve the Fei family, I wonder where he has offended Mr. Ye?"

Ye Chen smiled faintly: "It's not like I was offended, it's just that at that time Miss Fei was racking her brains to investigate me in Jinling, and I saw that the bodyguard by her side was rather obtrusive, so I invited him to stay for a few days at the dog farm under me."

Yuan Zixu's expression was particularly sad at this point.

Although his division had many disciples, there were few masters who could really pull their weight.

He, Luo Jiacheng and Zhang Chuan were almost half, if not more than half, of the division's masters.

However, the loss of two of these masters at the hands of Ye Chen was a great weakening of the division's overall strength.

Chapter 4317

Thinking of this, Yuan Zixu could only say with a stiff upper lip, "Mr. Ye, these two brothers of mine are the mainstay of the division, so please be kind and spare them both If you have any orders in the future, Mr. Ye, I will not dare not obey!"

Ye Chen was indifferent to Yuan Zixu's statement and said with a wave of his hand, "It is useless to talk about such things. If you really want me to let the two of them go, it is not impossible, but you have to accept my conditions."

As soon as Yuan Zixu heard that there was a way out, he said, "Mr. Ye, please speak! Whatever the conditions are, we will try our best to honour them!"

Ye Chen said indifferently, "It is also simple, let the two of them serve in the Ten Thousand Dragons Hall for three years, and after three years, I will return them to freedom!"

As soon as Zhang Chuan, who was kneeling on the ground, heard these words, he immediately said without thinking, "I do! I am willing! As long as Mr. Ye can restore my cultivation, I am willing to serve the Ten Thousand Dragons Hall for three years!"

Ye Chen smiled and spoke, "In that case, you are given one night to clean up, and tomorrow, let Wan Breaking Army arrange for you to go to Syria."

Zhang Chuan hurriedly asked, "Mr. Ye, then will you help me recover my cultivation first, or will you wait until I have served the Ten Thousand Dragons Hall for three years before recovering it?"

Ye Chen couldn't help but ask in return, "If you don't have cultivation, what will you do to serve the Ten Thousand Dragons Hall?"

Zhang Chuan immediately understood the meaning of Ye Chen's words and hurriedly kowtowed, "Thank you, Mr. Ye Thank you, Mr. Ye! Please don't worry, Mr. Ye, I will do my best to serve the Ten Thousand Dragons Hall, and I will never let Mr. Ye down!"

Ye Chen nodded, reached out to him with a slight wave of his hand and spoke, "Remember, I can restore your cultivation today, and if you fall into my hands again in the future, I can still destroy your cultivation again, and next time, I won't leave you any chance."

Zhang Chuan said without thinking, "Mr. Ye don't worry, I will definitely not offend again"

When he said this, his entire body suddenly froze, followed by looking at his hand, closing his eyes again to experience it for a moment, and said offhandedly, "My cultivation my cultivation is back?! How did it suddenly come back?!"

After saying that, he looked up at Ye Chen and said gratefully, "Thank you, Mr. Ye! Thank you, Mr. Ye!"

Yuan Zixu was shocked to hear this, and when he took a closer look, he really found traces of cultivation on Zhang Chuan's body again.

At this moment, his heart was already flooded with shocking waves: "Ye Chen didn't even touch Zhang Chuan just now, he just waved his hand and Zhang Chuan's cultivation was restored just like that! What kind of strength is this, to be able to achieve such an out-of-this-world level?!"

Ye Chen was too lazy to hide his strength in front of the Fei family as well as the Yuan Zixu brothers and teachers, so he spoke with great authority, "After I return to Jinling, I will restore Luo Jiacheng's consciousness and cultivation, and let him go to Syria to report to the Ten Thousand Dragons Hall, after the three years are up, the Ten Thousand Dragons Hall will let them go, but if the two of them intend to escape during these three years, I will definitely take their lives. "

Zhang Chuan nodded his head repeatedly and promised, and even Yuan Zixu, who was at the side, kept on a*suring, "Don't worry, Mr. Ye, the two of them will definitely serve the Ten Thousand Dragons Hall with all their might, and will never escape halfway!"

Ye Chen nodded slightly, and then added, "One more thing, from now on, neither the Fei family, nor these martial arts experts a*sociated with the Fei family, are ever allowed to enter China without my orders, otherwise, no matter who it is, I will not be polite!"

Chapter 4318

Ye Chen knew that behind Yuan Zixu and the others was a clan in the martial arts domain.

And nowadays, apart from a few martial arts families, there were no more martial arts sects in China, and almost all martial arts sects were overseas.

That was why he had to remind Yuan Zixu, and the clan behind him, to stay away from Huaxia from now on.

As for the Fei family, Ye Chen also did not want them to get too involved in China, after all, once such a huge family shifted its focus to China, it would definitely trigger many chain reactions, which might not be a good thing for Ye Chen as well as the Ye family.

Moreover, Ye Chen knew very well that Fei Kexin was too smart a girl, so he subconsciously wanted to keep a certain distance from Fei Kexin to avoid any unnecessary trouble.

Both Fei's family and Yuan Zixu, of course, agreed without hesitation; what they feared most now was Ye Chen's anger, so none of them were willing to provoke his majesty.

It was just that deep inside Fei Ke Xin's heart was more or less bitter.

Just a moment ago, she was still thinking in her head about how she would move her business to China in the future so that she could also find an opportunity to meet with Ye Chen more often.

But to her surprise, it was as if Ye Chen had seen through her thoughts and had directly killed her thoughts in the cradle.

At this moment, Ye Chen also did not want to continue to delay in the Fei family, so he urged Fei Shanhai to sign the legal documents immediately, giving up the chairmanship of the board of directors to Fei Ke Xin.

Subsequently, Master Fei also signed the power of attorney, giving Fei Kexin full authority over all of his a*sets.

In this way, Fei Kexin officially became the new head of the Fei family, and the head of the family who held the two major powers of the board of directors and finance.

As long as she held these two powers in her hands, no one in the Fei family could do anything to stop her.

As the dust settled, Fei Ke Xin took the initiative to say to Ye Chen, "Mr. Ye, \$50 billion can be paid into your account at any time, may I ask when you intend to trade the Spring Return Pill?"

Ye Chen smiled, "I can do it anytime, I will give you my account in a moment, you will pay the money into my account and I will give you the Spring Return Pill immediately."

Without thinking, Fei Ke Xin said, "Okay Mr. Ye, I'll arrange for the finance to make the payment!"

Ye Chen remembered something and spoke, "Miss Fei wait for a moment."

After saying that, he took out his mobile phone and made a call to Wan Breaking Jun.

When the call was answered, Ye Chen said, "Broken Jun, send me the receipt account number of Wan Long Temple, I will ask Miss Fei to transfer ten billion US dollars to your account."

Wan Bajun was surprised and asked, "Mr. Ye you what are you doing? There is no shortage of money in the account of Wan Long Temple, besides how can my subordinates ask for your money"

Ye Chen seriously said, "You now have to build a base, the software and hardware need a lot of financial support, the more money in this area the better naturally, moreover you have also invested a lot of manpower and material resources in coming to the United States this time, how can I let the brothers of the Ten Thousand Dragon Temple return empty handed?"

Wan Bajun said, "Mr. Ye, the entire Dragon Temple is loyal to you, why do you have to be too foreign to us"

Ye Chen said very seriously: "Even a feudal lord or warlord would not let his soldiers bring their own food and fodder to fight for him, since the Ten Thousand Dragon Hall is loyal to me, I have to give sufficient support in terms of funds. "

Chapter 4319

As soon as Wan Bajun heard these words, he immediately stopped excusing himself and said very respectfully, "Don't worry, Mr. Ye, my subordinates will definitely raise the strength of the Ten Thousand Dragons Hall by several levels!"

"Good." Ye Chen said with satisfaction, "Make sure that tonight's event is done beautifully."

Wan Bajun said offhandedly, "Don't worry, I have already arranged for a large number of people to set up control, I will definitely not let any of them escape!"

A few minutes later.

The fifty billion dollars from the Fei family was wired to Ye Chen's and Wan Long Temple's dollar accounts in two instalments.

Among them, Ye Chen was credited with forty billion and the Ten Thousand Dragon Temple was credited with ten billion.

This amount of money was nothing to Ye Chen, but to the Ten Thousand Dragon Temple, it was an extremely abundant amount of money for development.

Originally, the Ten Thousand Dragon Hall had made quite a few functional sacrifices in the planning of the construction of its base in order to save its budget, but with this money, the bases of the Ten Thousand Dragon Hall could be built completely to the highest standards, and perhaps it wouldn't take

long for the Ten Thousand Dragon Hall to become the largest and most powerful mercenary organisation in the world.

Ye Chen, who received the money, also kept his promise and took out a Spring Return Pill, which he divided into four portions in front of Fei Jianzhong.

When Fei Jianzhong looked at the Spring Return Pill, his eyes were so full of anticipation that they could not wait to jump out of their sockets to embrace and hug the pill that he had dreamed of.

As for the rest of the Fei family, each and every one of them stared with wide eyes, they had all heard about the miraculous effects of the Spring Return Pill, and now they all wanted to witness with their own eyes if the pill was really that miraculous.

After dividing the Spring Return Pills, Ye Chen put away three of them, then handed the one left behind to Fei Ke Xin and said, "Miss Fei, this quarter of the Spring Return Pills is now yours, how you should use it is completely at your personal disposal."

Fei Ke Xin said gratefully, "Thank you, Mr. Ye!"

After saying that, she turned around and looked at her grandfather, Fei Jianzhong, and without hesitation, she handed the Spring Return Pill to him and said respectfully, "Grandpa, you are the root of the Fei family, without you, there would be no such thing as the Fei family nowadays, so this quarter of the Spring Return Pill is well deserved by you, please accept it!"

Fei Jianzhong reached out to accept the Spring Return Pill, his heart excited and touched.

He was excited because he had finally received the Spring Return Pill and his life had finally been extended.

He was touched because his granddaughter had not let him down. Even though she was already in a position of power, she still treated him with respect and respect, giving him face and at the same time, she was truly good to him.

Thinking of this, the loss of the Fei family headship no longer had any negative impact on him.

On the contrary, he felt that from now on, he would completely retire to the second line, eat the rejuvenation pills and sing, and live a painful life for at least another 20 years.

If this precious granddaughter of his could make further efforts and help him get another Spring Return Pill, he would be able to live for another 30 or 40 years.

Chapter 4320

As for the Fei family head, there would be nothing left to hold on to.

At this thought, Fei Jianzhong's mood brightened up.

This feeling of clarity was not just a window opened in his heart, it was a painful feeling of tearing down the room in his heart.

So, almost without thinking, he put a quarter of the Spring Return Pill into his mouth, closed his eyes and felt the extraordinary medicinal power of the Pill with his heart.

Although it was only a quarter of a pill, the medicinal effect was still very obvious.

Fei Jianzhong only felt as if his body was instantly lighter, and his exhausted body and sluggish spirit were greatly improved in an instant.

This made him feel the way he did a few years ago again.

When he hit his age, every day he could feel that his body was greatly deteriorating, so getting back his youth of a few years all of a sudden made Fei Jianzhong's physique, spirit as well as physical strength, all recovered in an instant.

Seeing that Elder Fei's physique had visibly improved a lot, each and every member of Fei's family was also speechless with astonishment.

He could not help but sigh in his heart when he saw how effective a quarter of the Spring Return Pill was, "No wonder the old man was willing to spend over 200 billion on the Spring Return Pill. In that case, I'm afraid that he would be almost as old as me"

Then, he couldn't help but think in his heart, "If the old man still has the chance to obtain more Spring Return Pills, then I'm probably going to die ahead of him"

Thinking of this, Fei Shanhai's entire body was somewhat disheveled.

He knew that he had now surrendered, and something like the Spring Return Pill would definitely have no chance with him.

At this time, Fei Jianzhong's whole person was already excited with old tears, he had finally obtained the Spring Return Pill as he wished, and in the next few years, he no longer had to worry about death coming to him.

He was so excited that he wept silently for a long time before he opened his eyes and looked at Ye Chen, choking back tears of gratitude, "Mr Ye, thank you for your kindness! I will certainly remember it for the rest of my life!"

Ye Chen waved his hand and pointed at Fei Ke Xin, "If you want to thank me, thank your granddaughter, she gave you the Spring Return Pill."

Fei Jianzhong nodded his head repeatedly, "I understand!"

After saying that, he hurriedly turned around and said to Fei Ke Xin, "Ke Xin thank you"

Fei Kexin was busy saying, "Grandpa, what are you talking about, these are all things that I am obliged to do!"

Fei Jianzhong couldn't help but sigh: "Good child, grandpa really didn't love you for nothing"

Ye Chen then looked at the time and spoke, "It's late, I have to go back to Providence, you guys sort it out internally tonight, when tomorrow morning, it will be officially announced to the whole society, I will be waiting in front of the TV to see how you perform!"
