

## Ye Chen 4331

### Chapter 4331

After the An family reached a consensus on the matter of the Spring Return Pill, the old lady was in a much better mood all of a sudden, and seemed to be somewhat enlightened as a whole, a smile hanging on her wrinkled face all the time, her expression full of expectation.

She couldn't help but lament, "It would be great to settle the rejuvenation pills for your dad, and then hurry up and find Chen'er!"

On the side, An Kaifeng said in a hurry, "Mom, I plan to organise another group of people to go out and search for Chen'er's whereabouts to see if we can find any valuable clues."

The old lady said seriously, "We have invested a lot of manpower and resources over the years, but we haven't found any clues about Chen'er, so I now wonder if we are going in the wrong direction to begin with."

An Kaifeng asked, "Mum, what do you mean?"

The old lady spoke, "I remember when we first searched the whole of Jinling several times, and then spread out from Jinling to the whole of China, but after searching for more than ten years in China with no clues, we continued to expand the scope to the whole world, and we haven't found any clues until now."

An Kaifeng said, "That's right, as you know, it's not easy to find people, and sometimes, the luck is not that good. All along, we have been looking for orphans of Chinese descent around the world who are about the same age as Chen'er, and then try to collect their DNA to match the DNA information left by my sister."

Even if we use all our abilities and resources, it is impossible to compare the DNA of all 100 million people, if we can do 90%, there are still at least 10 million people who have not been matched. often just don't work as well as they should, and often the people you want to find are in the 10% you haven't found."

An Youyou also nodded and said, "Second Brother is right, luck is something that can't be described very often, even if you look for one out of a hundred, it is possible to find ninety-nine in a row that are wrong."

The old lady also nodded in great agreement and said, "So I think that we should not spread our stall so wide now."

An Kaifeng asked, "Mom, do you mean to narrow down the search?"

"Yes." The old lady said very seriously, "I think the odds are that Chen'er is still in the country."

An Kaifeng said, "Mom, there are more than 9 million square kilometres and 1.4 billion people in the country, so it will take at least 10 years to find them all again, and there is no universal DNA database in the country. information would not be included and it would be very difficult to find them."

But the old lady said very seriously, "It doesn't matter, let's start from home this time! Since we have already checked Jinling in the first place, let's do a thorough investigation of the provinces around Jinling, especially the provinces south of Jinling."

An Kaifeng nodded and said, "Fine, then I'll make arrangements to start with the provinces around Jinling."

An Chongqiu said, "Mum, Kai Feng, Zhaonan and Youyou are all busy with the group's affairs and are too busy to do anything else, so why don't I stay in the country to look for Chen's whereabouts after this trip to Yanjing?"

The old lady nodded gently, "OK!"

At this time, the oldest An Zhaonan glanced at his mobile phone, which had been in Do Not Disturb mode, and suddenly exclaimed, "Something big has happened to the Fei family!"

"The Fei family?" An Zhaonan recalled his speculation with Li Yalin and asked offhandedly, "Has some scandal broken out?"

"It's more than a scandal ....." An Zhaonan said offhandedly, "The Fei family is probably going to offend the whole world this time! The news said that the kidnapped boy of the Fei family had abused and killed at least twenty innocent girls, and there was video evidence of all of them!"

#### **Chapter 4332**

The crowd was all filled with horror at the words.

An Chongqiu hurriedly took out his mobile phone, and just by reading some of the pushing news headlines, he knew that his good brother, Li Yalin, was afraid that he would be late to the party this time.

Out of brotherly love, he hurriedly said, "I'll go make a call."

After saying that, he stepped out of the villa, went to the closed track and made a call to Li Yalin.

At this moment, Li Yalin was in a meeting with a handful of officers and a number of senior executives at the police station.

Just now, the head of the FBI in New York had personally come over and scolded them, and even suggested that if they could not solve the case within the next 24 hours, the FBI would take over.

Li Yalin was scratching his head in worry.

If the FBI took the case away, the NYPD would lose face.

As he was about to retire, he didn't want to leave the force with such a big case on his back, so all he could think about was how to solve the case.

However, all his thoughts and clues seemed to have entered a dead end, making him go round and round, but he could not find the key.

At this time, An Chongqiu's phone call suddenly came, and he hurriedly left the conference room, returned to his office and picked up the phone.

As soon as the call came through, Li Yalin asked, "Chongqiu, how is the old man doing?"

An Chongqiu said, "Fortunately, he has survived."

Li Yalin breathed a sigh of relief and said, "That's good ..... Looks like tonight wasn't all bad ....."

An Chongqiu asked, "How's it going on your end? I saw the news, and it looks like things were guessed by both of us."

Li Yalin said helplessly, "I really didn't f\*cking expect that this Fei Hao Yang could commit such a big thing ..... Did you see the video circulating on the internet? It's too f\*cking brutal!"

"I haven't watched it yet." An Chongqiu said, "I've just been chatting with the old lady, and I didn't dare to open it in front of her when I saw the news push."

He said, An Chongqiu added, "But looking at the headline, I can guess what's going on, such a big scandal, it's really a bit beyond expectation, it seems that the person behind it is really not an idle person to mess with Fei Hao Yang."

Li Yalin blurted out, "More than messing with Fei Hao Yang ..... Did you know that Master Fei suddenly came back tonight!"

"What?" An Chongqiu exclaimed, "Isn't it a death sentence if he comes back at this time? How could Fei Shanhai let him return to New York alive?"

Li Yalin cursed offhandedly, "D\*mn, that's what's strange! I went to Fei's house at night, and Master Fei was there! And what's even weirder is that Fei Shanhai even gave up the headship of the family!"

"Gave it up?" An Chongqiu pursued, "Could it be that he has returned the family headship to Elder Fei?"

"No." Li Yalin said, "It's even more incredible than that!"

Saying that, he added, "Do you know Master Fei's youngest granddaughter, Fei Ke Xin?"

"I know ....." An Chongqiu spoke, "What happened to her?"

Li Yalin said, "The new head of the Fei family, that's her!"

An Chongqiu was dumbfounded for a moment, his mind quickly pondered and he blurted out, "Something's not right! It's not just this thing that's wrong! Everything that has happened to the Fei family recently is not right!"

### **Chapter 4333**

An Chongqiu is a meticulous thinker, and although his style of action is not thunderous enough, he definitely sees things more deeply than the average person.

When he was bidding for the Spring Return Pill in Jinling, he had met with Fei Jianzhong.

At that time at the auction, he had also once raised the price to a height that even Fei Jianzhong, could not reach.

Moreover, what impressed An Chongqiu was that not long after he was expelled from the venue that day, he heard that Fei Shanhai of the Fei family had taken over the position of Fei Jianzhong's family head and had even released a secret flower to buy Fei Jianzhong's life.

An Chongqiu immediately realised that even with his own expulsion, Fei Jianzhong had not been able to bid for the Spring Return Pill as he had hoped.

At that time, An Chongqiu also thought that Fei Jianzhong was already 96 years old and was on his last legs, so he would never have a chance to turn around in his life.

But he never expected that the 96-year-old Fei Jianzhong would suddenly be able to kill a comeback.

Therefore, he immediately realised that there must be something wrong here, not just him, but there must be an expert behind the kidnapping of Fei Hao Yang and the exposure of such a huge scandal.

When Li Yalin heard his judgement, he also said with great certainty: "I also feel that these things are very wrong now. ..."

An Chongqiu said seriously, "Old Li, I don't think you have anyone directly involved in the kidnapping of Fei Hao Yang, do you?"

"No." Li Yalin said truthfully, "We haven't even found a single eyewitness in this line so far."

An Chongqiu said seriously, "Then I suggest that you check out Fei Jianzhong's line of work. Look for Fei Jianzhong, he will definitely know!"

Li Yalin exclaimed, "You mean the one who kidnapped Fei Hao Yang and the one who helped Fei Jianzhong back to New York are the same person?"

An Chongqiu said without thinking, "That's right, I think it must be the same person, or the same group of people."

Li Yalin said doubtfully, "Then I don't understand why this person or this group of people, on the one hand, kidnapped Fei Hao Yang, cut off both of his ears and exposed all the scandals of Fei Hao Yang, and on the other hand, helped Fei Jianzhong return to New York, if he was close to Fei Jianzhong, he shouldn't have done it to Fei Jianzhong's great-grandson, right? "

An Chongqiu suddenly remembered something at this time and said seriously, "Old Li, I suspect that this matter might have something to do with the owner of the Spring Return Pill!"

Li Yalin asked in surprise, "Is that the mysterious person who doesn't even have US\$300 billion in his sights?"

"That's right!" An Chongqiu blurted out, "Think about it, with the strength of the Fei family, after Fei Shanhai became the head of the family, he tried to kill Fei Jianzhong, but he couldn't even find him, but at that time, Fei Jianzhong and his granddaughter could be said to be all alone and without relatives in China, they had no money and no power, if they didn't have someone high up to help them, they would have been killed by Fei Shanhai long ago! "

Li Yalin was also astonished and said with approval, "That's right! This is the truth! If Fei Shanhai wanted to kill the ninety-year-old Fei Jianzhong after he succeeded in seizing power, it would be as easy as a snap, but instead of being killed, Fei Jianzhong was able to suddenly kill his way back to New York.

An Chongqiu also became more and more excited: "If it's really the owner of the Spring Return Pill, then maybe he's in America! Check Fei Jianzhong's entry records and see who entered the country with him this evening!"

Li Yalin immediately said, "Chong Qiu, you really have a good f\*cking brain, you're better than me! I'll go check it out now!"

An Chongqiu was busy instructing, "Old Li, if you find out anything about this matter, you must not hide it from me, my old man can only be cured by the Spring Return Pill, if you find any relevant clues, you must tell me!"

### **Chapter 4334**

"Don't worry!" Li Yalin agreed without hesitation and said offhandedly, "I will tell you the first time I find anything!"

After hanging up the phone, Li Yalin immediately had someone pull up Fei Jianzhong's entry record.

Since Fei Jianzhong had entered the country from the VIP building, the number of people entering the country at the same time was not that many. Li Yalin quickly retrieved the entry information of more than twenty people at the same time.

Among them, apart from Fei Jianzhong, Fei Kexin and Yuan Zixu, there was only one Chinese who entered the country at the same time, named Su Ruoli.

When Li Yalin saw Su Ruoli's name, his entire pupils snapped shut!

This woman, he had never met, but he had heard of her!

Some time ago, after Su Ruoli had led her men to destroy the entire family of Ryojin Matsumoto in Japan, and even escaped under the heavy guard of the Japanese Self-Defence Force, and incidentally made the Self-Defence Force suffer a big dumb loss, Li Yalin had heard of her name.

But he didn't expect that Su Ruoli would come to New York with Fei Jianzhong!

He immediately approached his old colleague in Interpol and asked for help to investigate Su Ruoli's information.

At first, Interpol in Japan, issued a wanted notice for Su Ruoli, and had been trying to bring Su Ruoli back for trial, but after Wan Long Temple announced Su Ruoli's membership, the Japanese side quietly withdrew the wanted notice in order not to provoke Wan Long Temple.

But fortunately, Interpol's databases are connected between countries, so Li Yalin's old colleague immediately compiled Su Ruoli's information and sent it to him.

After carefully reading Su Ruoli's information, Li Yalin immediately gave An Chongqiu a call back.

As soon as the call came through, he said out of the blue, "Chongqiu, I found out that a woman called Su Ruoli entered the country with Fei Jianzhong. That woman used to be the illegitimate daughter of the Su family in China, and she had committed a murder case in Japan some time ago!"

"Su family?" An Chongqiu asked in surprise, "I know something about the Su family in China, it's similar in strength to my sister's in-laws, definitely not as strong as the Fei family, how dare someone from the Su family meddle in the Fei family's affairs?!"

Li Yalin blurted out, "That Su Ruoli, she had joined the Ten Thousand Dragons Hall some time ago and is now a member of the Ten Thousand Dragons Hall!"

"Ten Thousand Dragons Hall?!" An Chongqiu was dumbfounded as he listened and blurted out, "How did they get involved with the Fei family?!"

Li Yalin said, "It could be that the Fei family's senior has promised a heavy sum of money and invited the Ten Thousand Dragons Hall to come and help him take back the family headship."

An Chongqiu said doubtfully, "If it was just this one thing, then your speculation makes sense, but the question is, if the Ten Thousand Dragons Temple was really hired by the Fei family's senior, how would they go and kidnap Fei Hao Yang? Isn't it contradictory to be hired while also kidnapping your employer's heavy grandson?"

Li Yalin remembered something and blurted out, "By the way, Wan Long Temple had friction with your sister's in-laws before, do you know about this?"

"I know." An Chongqiu said in a cold voice, "The Hall Master of the Ten Thousand Dragons Hall has a grudge against my brother-in-law, and the last time he killed him, it is said that the Ye family gave up half of their family fortune to escape a disaster."

Li Yalin blurted out, "Then it's possible that the Hall of Ten Thousand Dragons has tasted sweetness on the Ye family and wants to make another fortune on the Fei family!"

## **Chapter 4335**

An Chongqiu had many grievances against the Ten Thousand Dragons Hall.

The reason for this was that the Hall of Ten Thousand Dragons had made a move against the Ye family before, and had even made it known that his brother-in-law, Ye Chang Ying, would be bruised to death.

An Chongqiu was different from his second brother An Kaifeng, who only knew his sister An Chengqing and his nephew Ye Chen, and did not care about anyone else, not even Ye Changye.

This is mainly because An Kaifeng is younger, and when his sister An Chengqing married Ye Changying, he was still at university and had very little contact with Ye Changying.

But An Chongqiu was different, he was only two years older than his sister An Chengqing, so he had had a lot of contact with Ye Changye, and deep down, he still had some recognition of Ye Changye as his brother-in-law.

It was precisely for this reason that when he heard that the Ten Thousand Dragons Hall had approached the Ye family with the coffin, he had mentioned this matter to An Kaifeng, hoping that An Kaifeng could

put pressure on the Ten Thousand Dragons Hall on behalf of the An family, so that they would not make things difficult for the Ye family.

However, An Kaifeng did not agree.

The reason he didn't agree was simple, it was because he didn't have the Ye Family in his heart.

A long time ago, Ye Zhongquan, the old man of the Ye family, had once approached An Kaifeng at an elite chamber of commerce to get close to him, but An Kaifeng had told him explicitly at that time that the Ye family only recognized Ye Chen, and no one else.

Since Ye Chen had not been found, he naturally had no reason to help the Ye family.

But this incident later also caused An Kai Feng a pang of fear.

For he was so unprepared that Wan Bajun would go up to Ye Ling Mountain to bruise the remains of his sister and brother-in-law into dust!

Fortunately, the Ye family took out half of the family fortune to settle the matter, otherwise, if his sister's remains were destroyed, An Kaifeng would never be able to forgive himself for the rest of his life.

On that occasion, An Kaifeng's feelings towards the Ye family were more or less relaxed, and he also expressed his attitude to An Chongqiu that if the time was right, he would definitely give the Ye family some help in the future.

Now, when An Chongqiu heard that the Ten Thousand Dragons Hall had come again, his heart was filled with disgust.

So, he said to Li Yalin, "If it is true that the Ten Thousand Dragons Temple is behind this, you can't let them get away with it. If your New York police can't deal with them, go to the CIA and Homeland Security.

Li Yalin said seriously, "I also plan to do the same, but right now there is not a good opportunity, after all, the only member of the Ten Thousand Dragons Temple that I know of that has arrived in New York is Su Ruoli, and the information and evidence that I have is seriously insufficient."

Speaking at this point, Li Yalin added, "Moreover, there is something I still haven't figured out until now."

An Chongqiu asked, "What is it?"

Li Yalin said, "What you said just now is that it is reasonable for Wan Long Temple to help Master Fei seize power and make a fortune in the process, but there is no reason for them to kidnap Fei Hao Yang, unless the person who kidnapped him is someone else."

An Chongqiu sighed, "It is indeed a problem, it feels like solving a complex equation, no matter which direction you cut, it doesn't seem right, like there is some necessary condition missing."

Remembering something, Li Yalin busily asked, "Oh yes, do you remember what I told you about, that star called Gu Qiuyi?"

“Remember.” An Chongqiu asked, “What’s wrong? Does this matter have something to do with her?”

Li Yalin smacked his lips and said seriously, “There’s no evidence to show that it’s related to her yet, but I always feel that there’s some connection.”

An Chongqiu didn’t say anything about Gu Qiuyi delivering medicine to her father tonight and saving his life, but asked, “What are you thinking about?”

Li Yalin said, “I think this girl is not simple!”

### **Chapter 4336**

He added, “You see, from what was revealed about this guy Fei Hao Yang, the charity dinner he made on the night he disappeared was clearly a set-up for Gu Qiuyi, he must have wanted to kidnap her and use her to satisfy his own perverted desires, but it turned out that Gu Qiuyi, who came all the way here, didn’t fall in, but Fei Hao Yang, the person who made the set-up, fell in himself instead. The strong dragon is still not suppressing the ground snake, let alone the ground dragon like Fei Hao Yang, you just say how capable this girl must be .....”

When An Chongqiu heard this, his expression was slightly austere.

A moment later, he spoke, “Old Li, do you know what Gu Qiuyi has to do with our family?”

Li Yalin was surprised and asked, “What? You know her? I’ve investigated her details, the only daughter of the Gu family in Yanjing, the Gu family seems to have a good relationship with your sister’s in-laws, but the strength seems to be a bit worse than your sister’s in-laws, so in theory, it shouldn’t be enough in the eyes of your An family, right?”

An Chongqiu said seriously, “Gu Qiuyi, is my nephew’s fiancée!”

Li Yalin was shocked and asked, “Really? Your nephew has found one?!”

“No.” An Chongqiu said, “Gu Qiuyi’s marriage to my nephew was set by my sister when they were both small.”

“Oh ..... doll’s marriage ah .....,” Li Yalin muttered in a wooden voice and said offhandedly, “But I haven’t heard you talk about it before. ”

An Chongqiu seriously said, “I also only found out this evening, my father was critically ill, his heart had stopped beating, just as Miss Gu came to visit and gave a blood dispersing heart saving pill, only to pull my father back from the brink of death, to say the least, it was also the old man’s good fortune.”

Li Yalin froze at the other end of the phone for a long time, and only after a long time did he curse and say, “D\*mn it, what a night! How come all the weird and wonderful things happen on this night? Forget about the Fei family, your old man is critically ill and this Gu Qiuyi flew thousands of miles from the east coast to the west coast to deliver medicine. Or did she get wind of something in advance?”

“This .....” An Chongqiu frowned, “This shouldn’t be ..... she just happened to be coming over for a visit, didn’t I tell you that She is my nephew’s fiancée, this time to tour the United States, so take time to visit the family, just happened to meet my father is critically ill, so it .....”

When An Chongqiu said this, he suddenly paused, his expression was puzzled.

Although Li Yalin could not see his expression, he could also guess a general idea, so he opened his mouth and asked, "Do you also think that it is indeed a bit of a stretch for this Gu Qiuyi to fly from the east coast of the United States to the west coast of the United States overnight to visit at this time of year when the old man is critically ill without knowing anything?"

An Chongqiu muttered, "Hearing you say that, it does sound a bit ....."

He said, An Chongqiu added, "But it's also a bit strange if you put it the other way around, the news of my father's critical illness has never been leaked to the public, no one from the outside knows about it except you, how did she know about my father's critical illness?"

Li Yalin asked him, "What time did that Gu Qiuyi arrive?"

An Chongqiu thought about it and said, "Maybe ten or twenty minutes later than me, I can't remember exactly."

Li Yalin smacked his lips and said, "What the hell, you left from New York and she also left from New York, and she was only ten or twenty minutes behind you, which means that she was basically the same as you! It's not a f\*cking coincidence, it's a f\*cking coincidence, it's a f\*cking coincidence to save the old man!"

### **Chapter 4337**

Li Yalin's words lifted An Chongqiu's entire being.

He also immediately began to mentally calculate the reasonableness of this matter.

After thinking about it, he felt that Li Yalin's point was correct.

If this was all a coincidence, then the old man could no longer even be described as being blessed with a great fortune, he was simply blessed by the gods of heaven.

Moreover, Gu Qiuyi's timing was just too good.

If she had been ten minutes later, the old man would have been brain dead due to lack of oxygen in his brain, and that could not have been saved even by the Great Lawgiver.

On top of that, it was indeed a bit unbelievable that she suddenly flew so far to visit Los Angeles this evening.

After all, the east and west coasts of the United States are more than 4,000 kilometres away, a distance that is farther than from the northernmost Desert City in China all the way to the southernmost island of Hainan.

It was a bit unreasonable to come across such a long distance in the middle of the night to pay a visit.

What's more, Gu Qiuyi had been in America for a day or two, so if she wanted to visit, she could have arranged it earlier, or she could have simply stayed later and visited her home when she was in Los Angeles for her concert.

But she had chosen this time, most likely because, as Li Yalin had said, she had rushed to come after learning that the old man was critically ill.

Thinking of this, he couldn't help but say, "If that's true, then where exactly did Miss Gu get the information from? The An family is large in number, and I certainly don't dare to guarantee that all the An family members as well as the An family's underlings are absolutely reliable, but it takes time for information to flow out, and it can't be this fast."

Li Yalin said, "If you really want to know, then you would have to start from the moment she landed at the An family and comb through her entire line of movement in reverse, such as exactly which airport her plane took off from and what time of day it took off, and then work backwards from the airport, such as exactly how did she get to the airport? What time did she arrive? With whom? And then continue backwards to see exactly where she departed from before she went to the airport."

As he said that, Li Yalin immediately tapped in front of his computer and said, "All civil aviation flight information and flight trajectories are publicly available online, and so are private planes, so I'll take a look at the flight from New York to Los Angeles this afternoon."

As he spoke, Li Yalin identified a series of information from the website, then he spoke while operating his mouse, "There were only seven private planes flying from New York to Los Angeles this afternoon, and the last one that landed at Anjia runway ..... Well, there are only two, I know your one, and this one with registration number B9733, should be the one that Gu Qiuyi was on."

After saying that, Li Yalin exclaimed, "She and you actually both took off from JFK, and the two of you only had a 20-minute difference in takeoff time."

When An Chongqiu heard this, his heart was shocked.

Without waiting for him to say anything, Li Yalin said with some excitement, "Good! Good! Finally, I've caught a clue! I'll have someone check the airport's information and surveillance properly, and see where on earth this Gu Qiuyi got the magic power to receive news in such a short time!"

An Chongqiu was slightly stunned and hurriedly said, "Old Li, why don't we stop this matter here and not investigate any further."

## **Chapter 4338**

Li Yalin was surprised and asked, "Why? This is the only clue that we can catch at the moment, and I feel more and more that my judgment is definitely correct, just because the old man's illness came too suddenly, that's why this Gu Qiuyi didn't have the chance to properly deal with the clues she left behind, otherwise if we really give her enough time and let the person behind the scenes plan and calculate, then we can't even find this clue! "

Saying that, Li Yalin asked again, "Don't you want to find out through what channel that Gu Qiuyi knew about the old man's critical illness?"

An Chongqiu said, "Old Li, no matter through what channel Miss Gu learned of the old master's critical illness, I feel that she has absolutely no animosity towards our An family, not only does she have no animosity, he is also a great benefactor to our An family, if she had not come across thousands of kilometres to save the old master's life, the old master would have pa\*sed away by now. "

When An Chongqiu said this, he gave a slight beating and continued, "Such a great kindness, we haven't had the chance to properly repay it, but now we want to investigate her, this is unjustifiable from a rational point of view, in case people know about it, they will think that we An family people are ungenerous in our actions."

Li Yalin hesitated for a moment and said seriously, "Chong Qiu, this matter is not only an investigation for your An family, but also an investigation to solve this case, as I said before, this Gu Qiuyi was able to remain unharmed in Fei Hao Yang's trap, and even let Fei Hao Yang himself lift a stone to smash his own feet, so it proves that there must be a very strong person sitting beside her. Maybe it was all done by that person!"

After saying that, Li Yalin added: "Whether it's the matter of Fei Hao Yang or the matter of Master Fei killing back, I haven't been able to find any clues, right now this opportunity, I can't let go of anything."

Then, Li Yalin hastily added, "Chongqiu, don't worry, my investigation of this Gu Qiuyi has nothing to do with you, it's entirely my decision as a police officer to solve the case, and you don't need to have any negative emotions."

An Chongqiu sighed helplessly and said, "Old Li, you are a police officer, how you investigate the case is your freedom, so I won't interfere much."

"Good!" Li Yalin could not hide his excitement and said, "Thank you for your understanding Chongqiu, let's not talk to you first, I must solve this case!"

An Chongqiu was busy asking, "Old Li, if this matter has something to do with Miss Gu, please do me a favour and don't implicate her personally as much as possible."

Without thinking, Li Yalin said, "Don't worry, I will!"

After hanging up the phone, Li Yalin immediately called his most trusted subordinate and instructed, "Go to JFK Airport right now, starting from the airport, investigate all the information about the B9733 private jet before it took off, including the boarding time, security check time and arrival time of the passenger named Gu Qiuyi, and then follow this line all the way to Before Gu Qiuyi left the hotel this morning, investigate all her movements since she woke up! Bring me back all the video footage you can get!"

The henchman asked in surprise, "Chief ..... you want to investigate that big star?! She's getting a lot of attention right now, we're investigating her for no reason, this ..... how can we explain if the top asks down?"

Li Yalin said in a cold voice: "I suspect that she is related to Fei Hao Yang's kidnapping case, so I must investigate her to the letter, but before we find any actual clues, you must make sure that nothing will leak out of this matter, otherwise, both of us will be in trouble!"

## **Chapter 4339**

Li Yalin's subordinates were well aware of the seriousness of this matter.

In a country like the United States, where law enforcement is extremely clear and restricted in every way, following a public figure without the permission of his superiors would probably lead to a lot of public pressure once it was revealed.

However, he was one of Li Yalin's inner circle and was very obedient to Li Yalin's orders, so he did not dare to delay and immediately said, "Chief, then I will go and investigate!"

Li Yalin instructed, "Remember, don't miss any clues! Maybe one inadvertent discovery can affect the whole case!"

The other party nodded and said, "Don't worry, I've been with you for so many years, don't you still understand my style of action?"

Saying that, he looked at the time and said, "It's already past two in the morning, I'll try to bring back the clues you want before nine in the morning!"

Li Yalin nodded his head and said, "Hard work!"

As his men left, Li Yalin's heart, finally, had a hint of hidden excitement.

Since Fei Hao Yang had been kidnapped, he had been very depressed because he could not find any clues, and now he also finally saw a glimmer of hope.

At this time in New York, it was already night gods, but the city, however, was not asleep.

Fei Hao Yang's video was still spreading extremely fast on the internet.

Countless New Yorkers were so stimulated by the video that they could hardly sleep, and the people were all in a very complicated mood, either angry, or nervous, or scared, or anxious.

People are constantly voicing their opinions on the matter online, while many have also started to denounce the Fayers online.

Although everyone knew that all these things were the personal actions of Fei Hao Yang, the sober public was well aware that Fei Hao Yang was able to commit so many untold crimes, thanks in large part to the blessing of the Fei family's halo and the support of the Fei family's financial power.

The Fei family's reputation, all of a sudden, hit rock bottom and became the object of everyone's scorn.

And Fei Shanhai, as the head of the Fei family in the eyes of the public, had also become the target of wild attacks by netizens at this time.

Fei Ke Xin did not immediately come out to make a statement on behalf of the Fei family, and Fei Shanhai's whole mood was unusually low as he watched so many people on the internet scold him to death.

He wanted to beg Fei Ke Xin to come out and make a statement, and also officially announce that Fei Ke Xin had replaced himself as the new head of the family.

However, he did not dare to go to Fei Kexin to make such an announcement.

After all, it was already extraordinarily kind of Fei Ke Xin and the old man not to settle the score with him for seizing power, so if he still went over to make a request at this time, he would simply be asking for trouble.

Moreover, he knew very well that Ye Chen had already explained to Fei Kexin that the official launch would be held tomorrow morning.

This also means that from now until tomorrow, before the launch begins, he or she will have to take the bullet for the entire Fei family.

.....

The next morning.

Just as the masses of netizens on the internet were raging, cursing Fei Hao Yang and Fei Shan Hai to death all night long, another video was suddenly posted on the internet.

In the video, the bodies of Fei Hao Yang and Qiao Fei Yun were lying in front of an incinerator. The person who shot the video had them identified and then pushed the two bodies into the incinerator and burnt them cleanly with a fire.

From the identification of the bodies, to their being pushed into the incinerator and set on fire, to their being reduced to a pile of ashes, the entire video is uncut and is shot in one take.

At the end of the video, the video publisher uses Chinese subtitles to present seven big words: "Good and evil will be rewarded in the end."

As soon as this video was released, it immediately exploded all over the internet.

People only knew that Fei Hao Yang had been kidnapped and that his ears had been brutally cut off by the kidnapers, but they did not know what Fei Hao Yang's current condition was.

And now, the fact that the two culprits of the whole thing were both executed by the kidnapers instantly excited everyone!

They knew very well in their hearts that once these two men were arrested and brought to justice, then these two men would definitely only be sentenced to life imprisonment.

#### **Chapter 4340**

If that was the case, I believe every one of them would be very upset.

And now that the mysterious kidnapers had taken out these two scum of the earth, what could be more pleasing than that?

So, people also stopped calling these mysterious people kidnapers and instead started calling them chivalrous robbers and praising these chivalrous robbers.

In the eyes of the general public, if this mysterious group of chivalrous thieves had not kidnapped Fei Hao Yang and exposed him for these crimes, then instead of getting any sanction, Fei Hao Yang would have continued to brutalise an unknown number of innocent women.

So, not only did these chivalrous thieves put an end to the atrocities, they even sent the criminals to hell, so to speak.

Along with the video, the seven Chinese characters for “good and evil will be rewarded at the end of the day” have also become an Internet sensation.

Many Americans who do not know Chinese were so shocked when they looked up the meaning of these seven characters online that they put them on their social media signatures.

There were even many tattoo enthusiasts who called their tattoo artists early in the morning and couldn't wait to get these seven characters tattooed on their bodies.

At this time, Li Yalin, who had not slept all night, had just made a cup of coffee to refresh himself.

He had not left his office all night because he was so eager to solve the case.

He was waiting expectantly for the results of his men's investigation when suddenly there was a knock on the door and a subordinate rushed in in a panic and said out of the blue, “Inspector, something big has happened!”

When Li Yalin, who had not slept all night, heard this, he immediately felt his head spinning, and he hurriedly asked, “What's wrong again?”

The other party said, “Fei Hao Yang is dead! And that Qiao Feiyun, they're both dead!”

“What?!” When Li Yalin heard this, he asked in shock, “When did this happen?”

“Just now!” The other party explained, “A video just came out on the internet, in the video, Fei Hao Yang and Qiao Fei Yun have been cremated!”

Li Yalin's brain was dizzy and he hurriedly said, “Quick, let me take a look!”

His men hurriedly handed over their phones, and on the screen was the video that had just come to light.

When he clicked on it, he saw the two bodies being pushed into the incinerator and immediately cursed in anger, “These people are so desperate! They've blocked all avenues of retreat for us!”

To Li Yalin, the fact that he had not caught Fei Hoang when he was kidnapped, that he had not caught him when his ears were cut off, and that he had not caught him when all of Fei Hoang's evil deeds had come to light, had left him, and the entire NYPD, in disgrace.

The only way to save face is to find the person who kidnapped Fei Hao Yang and bring him back for a public trial.

Only in this way could the NYPD regain its last bit of face.

However, he did not expect that these kidnapers would be so ruthless as to kill both Fei Hao Yang and Qiao Feiyun straight away!

This was tantamount to blocking the NYPD's last remaining avenue of retreat!

From the beginning to the end, the NYPD had failed to seize the opportunity to regain face, and now that Fei Hao Yang was dead, Li Yalin felt that the only thing he could do was to capture the kidnappers.

Only by catching the kidnappers could he prove that the NYPD was still useful.

However, Li Yalin still had a worry in his mind: if he really found a clue, should he arrest them?

If he didn't, the police would lose face and justice would be challenged.

But if he did, how could he explain to the public?

After all, these kidnappers have become chivalrous in the eyes of the public. If the police fail to catch the bad guys and end up arresting these chivalrous people instead, the public will definitely scold them to death .....

In this instant, Li Yalin felt like his entire head was aching and he was completely at a loss as to what to do.

The henchman who had been sent out to investigate called at this time and spoke, "Chief, there's a clue!"
