

## Ye Chen 4421

### Chapter 4421

An Chengqi's vision was unmatched in the entire An family.

When she was building the Anbang Mansion, she spent a lot of money to make the top floor of the building impregnable.

The top floor of the Anbang Building is made of bullet-proof glass of the highest standard, and the passages and lift shafts leading from the top floor to the roof and downstairs all have physical partitions that are as strong as a bank vault, and once all the strong physical partitions are closed, the entire top floor can be considered as solid as gold.

The solid design makes it impossible for any kind of single weapon to enter the top floor from the roof, downstairs or the windows, unless the opponent dares to attack with helicopter gunships in downtown New York.

Moreover, the Anbang Building is located in the middle of Manhattan, the most prosperous area in New York, and even in the whole of the United States. In addition, after the 9/11 attacks, the US police and the national security authorities attach great importance to the security of the skyscrapers in New York, so no one would dare to launch an attack on the Anbang Building in such a place in a dignified manner.

It was even more unlikely that any bandits would be able to fly a weapon of mass destruction like a helicopter gunship over Manhattan.

Because of this, An Chengqi had long since decided that if the An family faced a major disaster, it would be safer to hide in the Anbang Mansion than anywhere else.

No matter where a New Yorker is in New York, as long as he looks up into Manhattan, he will be able to see the Anbang Tower.

No one could possibly do anything to the An family in front of such a large number of eyes.

An Chengqi called the Anbang Mansion the last bastion of the An family, and only the old man and the eldest An Chongqiu knew the secrets about this fortress.

Other than that, even An Kaifeng, who spends most of his time working at An Bang Mansion, did not know that there was such a mystery on this floor.

The reason why he didn't tell An Kaifeng was because the old man thought that An Kaifeng had an aggressive personality and was suitable for breaking new ground in the business field, but once the matter rose to the level of the safety and security of the whole family, his aggressive personality could easily make a wrong judgment because he was not cautious enough.

In the nick of time, a lack of prudent judgement could lead to a catastrophic outcome.

In contrast, the eldest, An Chongqiu, is cautious and seeks stability in all matters, and the old man trusts him more when it comes to decisions concerning the safety of the An family.

This kind of fortress, which would not be activated until the last minute, had secrets that only he and An Chongqiu knew.

Right now, although the An family had managed to escape a disaster, the situation was most urgent at such a time, so the only place the old man could think of was the Anbang Mansion.

An Kaifeng didn't quite understand his father's decision, and he said doubtfully, "Dad, in terms of security, I'm afraid that nowhere is better than the manor in Los Angeles, right? There is an underground refuge there, and if something really bad happens, the refuge can protect the family."

An Chongqiu stepped forward at this time and said, "Kai Feng, Dad is right, now for us, nowhere is as safe as the Anbang Mansion, Sis has left us a way out there."

An Kaifeng's eyes widened as he wanted to say something, but then he quickly figured out the reason for it, so he nodded firmly and said seriously, "Good! Then we will go to An Bang Mansion!"

An Chongqiu nodded and didn't say anything more, but in his heart he couldn't help but feel very surprised at how the old man had behaved tonight.

Tonight, the old man's performance did not dare to say that he was absolutely unperturbed by changes, but it was also beyond normal calmness.

His thinking was also very clear and logical, with no sign of Alzheimer's disease.

Just when he thought that the old man's brain might have improved, he suddenly discovered that he had been hiding a very miniature biros in the fingers of his right hand.

And he, too, had been constantly poking the tip of the pen quietly at the palm of his left hand.

When he took a closer look, he realised that there were quite a few words densely written on the palm of the old man's left hand, and that every time the old man poked the palm of his hand with force, he would look down quietly at those small words written in the palm of his hand.

## **Chapter 4422**

An Chongqiu even noticed that several points on the palm of the old man's hand, where he had been poked, had been poked so deeply that even the skin was broken from the constant poking, and the ink from the biros had even penetrated into the skin, forming marks similar to old tattoos.

Although he couldn't see what was written on his palm, An Chongqiu could guess that it must be the words that he had written himself to constantly remind him of himself.

While An Chongqiu was distressed, he couldn't help but quietly lean over to the old man's side. It was only when the old man next poked his palm with a biro and peeked at the writing on his palm that An Chongqiu could see the three lines written on it.

"Chengqi and Changye have been gone for a full twenty years;"

"Thanks to the kindness of Chen'er's fiancée for saving his life;"

"Chen'er has not yet returned."

Seeing these three lines, An Chongqiu's nose sank and his eyes could not help but feel a damp heat.

He could tell that the old man must have been in great pain when he wrote these three lines.

He could also see that the reason he had written these three lines was to remind himself not to forget.

As a child, seeing his father struggling so hard to remember that his own daughter and son-in-law had been dead for 20 years and that his grandson had not yet been found, An Chongqiu's heart ached even more.

However, he knew very well in his heart that he could not persuade himself on such matters and could only let the old man digest it himself.

Soon after, An Kaifeng gathered all the An family's bodyguards in New York, one by one, near the performance venue.

Once everyone had arrived, An Kaifeng said to the old man and the old lady, "Dad, Mom, everyone has arrived, we can go now."

Master An nodded and said very politely to Fei Ke Xin, "Miss Fei, in that case, we'll take our leave and thank you for your help! If there is any need for the An family in the future, the An family will definitely spare no effort!"

Fei Kexin said, "You are too kind, Mr. An. I am doing this purely for the sake of repaying your kindness, so you need not take it to heart."

After saying that, she added, "My benefactor has instructed me to send you and all of you to safety, so I'd better go with you all!"

Master An nodded slightly and said with an arching hand, "Then it will be hard on Miss Fei!"

Fei Ke Xin remembered something and asked, "Right, the body of the woman that Master Yuan carried out just now, I wonder what you all plan to do with it, if it is not convenient for the time being, I can arrange a safe place to put it properly first."

Master An then said, "I want to ask the forensic doctor to do an autopsy to see if there are any clues, but I really can't spare the energy at the moment, so I'll work hard for Miss Fei to help settle it down for the time being, and then contact you to retrieve it after the An family has slowed down."

"No problem!" Fei Ke Xin agreed readily and said, "Then I'll have someone send the corpse to a safe place later."

Master An nodded and said, "Then let's leave here first."

At this time, the old lady at the side suddenly remembered something and asked with concern, "Miss Fei, I wonder if Miss Chen, who received us earlier, is here? She hasn't been hurt in any way, has she?"

Fei Ke Xin busily said, "Don't worry, Miss Chen is fine and is right outside."

"Good." The old lady breathed a sigh of relief and said, "Then let's go out, I'll stop by and say hello to Miss Chen too!"

## Chapter 4425

As soon as Lu Ming heard this, he immediately pinned him to the ground and warned in a cold voice, "Kid, I know all about you and Chen Zhao Zhong, if you don't want to be repatriated back as well, stay honestly on the side and say nothing, otherwise, I can't help you!"

As he struggled, Keung shouted, "Send me back! I want to go back with Uncle Zhong!"

Lu Ming said sternly, "You kid are really insensitive, I want to let you go for the sake that we are all Chinese, don't be insensitive!"

Chen Zhao Zhong hurriedly came out from the back kitchen and, without bothering to take off his apron, said hurriedly, "Officer, officer! I'm Chen Zhao Zhong, I fully cooperate with you and all of you in enforcing the law, it's just that Qiang is still young and he doesn't know any better, so don't take it personally!"

When Lu Ming saw Chen Zhao Zhong come out, his tone and attitude softened considerably, he let go of Keung and warned in a low voice, "Little brother, it's lucky you met me this time, if it was one of those devils, you would have been finished! I won't give you a hard time, but you must know in your heart that you must learn to endure everything. There were many compatriots like you who came to the United States illegally back then, and those who have become human beings now, which of them did not endure first?"

Keung knew that the policeman did not mean any harm, so he could not help but cry and asked, "What are you going to do to Uncle Chung? He can't go back to Hong Kong Island, if he does, he'll be killed ....."

Lu Ming sighed and was about to say something when Chen Zhao Zhong said with a bemused smile, "Keung-boy, don't worry about nothing, Hong Kong Island is also a society under the rule of law, it's not as chaotic as you think."

After saying that, he looked at Lu Ming and said, "I knew you guys would come, the luggage is already packed, can you let me go and get it?"

Lu Ming beckoned to another colleague beside him, saying, "Ah Dong, you go with him!"

The other party immediately agreed: "Yes!"

Soon after, Chen Zhao Zhong pulled his shabby little suitcase and walked up, accompanied by the policeman.

He looked at Keung-boy and smiled faintly, "Keung! You've grown up, you won't be Keung-boy anymore, you'll have to learn to be on your own! Remember what I told you, run this shop properly, don't ruin my twenty years of hard work, got it?"

With tears streaming down his face, Keung nodded repeatedly while choking back tears and said, "I know, Uncle Zhong ....."

Chen Zhao Zhong nodded in satisfaction, and looked at the shocked diners, and said, "Many of you are my regular customers, after tonight, I won't be able to cook roast goose rice for you, but Keung has been with me for more than ten years, he has learnt his craft very well, I hope you can support his business more in the future!"

The old diners all knew that Chen Zhao Zhong was illegally stranded in the United States, and although they didn't know about his past, it was clear that since the police had approached him, he would definitely have to be deported back.

So, they all spoke up to reassure him and said they would definitely take care of Keung's business more often.

Chen Zhao Zhong thanked everyone and then looked at Keung Chai and instructed, "Keung, I'll go first, this meal is on me tonight, you must remember to give you all a free bill!"

#### **Chapter 4424**

After saying that, she also stopped dwelling on this issue and said with a depressed beak, "Oh, I don't want to care how exactly I fell asleep just now, mainly because I don't know how long the concert has been going on now, so nice opening clips were all missed, the opening performance was also missed, really so depressed ah... .."

Ye Chen laughed: "Oh, it's okay, we didn't get to see the opening part of the show today, we can wait for the next one to make up for it! The theme of this tour is the same, the way each concert opens and the order of the songs won't be different, just rest well before the next concert starts, don't fall asleep again."

Saying that, Ye Chen added, "If you think you can't make up for it in one show, then let's watch two more! That's always fine, right!"

Although Xiao Churan still felt regretful in her heart, but since Ye Chen had said so, she could only nod and said helplessly, "Even if I watch two more shows, I will definitely watch the next one without missing a second!"

Seeing that Xiao Churan had accepted the reality, Ye Chen was also slightly relieved, and then looked at the time and smiled, "It's okay, it's okay, the concert is only about thirty to forty percent over, so enjoy it from now on!"

"Mmm!" Xiao Churan nodded heavily, rested her chin on her hands and concentrated on Gu Qiuyi's performance.

.....

A few moments later.

At the exit of the VIP area of the venue, dozens of cars drove out from here one after another.

These cars included the Fei family's convoy and the An family's convoy, of which the An family took eight cars and quickly drove away from the venue and headed for the Anbang Mansion.

Meanwhile.

Chinatown, New York.

Several police cars drove quickly into Chinatown and stopped in front of Chen Zhao Zhong's roast goose shop.

More than ten New York police officers got out of their cars and walked into the restaurant.

At the head of the group was Li Yalin's confidant, known as Xiao Wu.

His real name was Lu Ming, and he was always called Xiao Wu by his father and elder brothers because he was the fifth in the family.

At this moment, there were still many customers eating at the roast goose restaurant.

As soon as Lu Ming entered, he startled the diners.

At this moment, Lu Ming pressed one hand on the pistol at his waist, pointed one hand at his badge and said to the crowd, "Excuse me, gentlemen, the police are handling a case, please sit where you are and don't move."

Seeing so many police officers coming to the door, the mate, Keung Chai, was so nervous that he could not speak. He was carrying a portion of roast goose in his hand and was about to put it on the customer's table, but he still unconsciously dropped it on the floor with a shake of his hand.

Then, he suddenly turned around like a madman and shouted in the direction of the back kitchen, "Uncle Chung! The cops are here! Run! Run!"

#### **Chapter 4425**

As soon as Lu Ming heard this, he immediately pinned him to the ground and warned in a cold voice, "Kid, I know all about you and Chen Zhao Zhong, if you don't want to be repatriated back as well, stay honestly on the side and say nothing, otherwise, I can't help you!"

When Lu Ming saw Chen Zhao Zhong come out, his tone and attitude softened considerably, he let go of Keung and warned in a low voice, "Little brother, it's lucky you met me this time, if it was one of those devils, you would have been finished! There were many compatriots like you who came to the United States illegally back then, and those who have become human beings now, which of them did not endure first?"

Chen Zhao Zhong thanked everyone and then looked at Keung Chai and instructed, "Keung, I'll go first, this meal is on me tonight, you must remember to give you all a free bill!"

## **Chapter 4426**

The words spoken by Chan Siu Chung sounded like a farewell to Keung's ears.

To him, Chen Zhao Zhong had played the role of a father for the past ten years or so, and was the only family member in his heart.

However, Chen Zhao Zhong did not want to let it sink in too much, and police officer Lu Ming originally wanted to leave him some time to say goodbye to Qiang Zai, but Chen Zhao Zhong himself picked up his suitcase and spoke, "Officer, let's go."

Lu Ming sighed and said, "OK, let's go."

Chen Zhao Zhong asked him, "Do we still need to put on the handcuffs?"

"No need." Lu Ming waved his hand and said, "You are only suspected of illegal detention, it is not a felony, we will take you back, we will conduct a preliminary investigation and then take a statement, then the commissioner from the Immigration Bureau will come over for a joint investigation, if it is

confirmed that your illegal detention is true, we will start the repatriation process, at that time you will be sent to the plane by a special officer. ”

Chen Zhao Zhong nodded and bowed slightly in a very polite manner, saying, “I have given you all a lot of trouble.”

Hearing him say that, Lu Ming was also a little embarrassed all of a sudden, coughed twice and said with great meaning, “Ahem ..... By the way, I have to tell you, this matter of yours is not led by our police, it is led by the Immigration Bureau, I guess someone there received a report about your illegal stay, so fed back to us and asked us to assist in the arrest.”

Lu Ming said, “f\*ck, I don’t know who is so boring, there are many people in Chinatown who choose to stay illegally or illegally smuggle people into the US, so many of them have not been reported, but you have been reported.”

Lu Ming’s implication was to remind Chen Zhao Zhong and Qiang Zai that someone was behind this matter.

Naturally, Chen Zhao Zhong knew it well, but he had already looked at this matter lightly and looked away, so he only smiled slightly and said, “After all, it was me who broke the law in the first place, so it was reasonable for others to report me.”

Lu Ming did not expect that Chen Zhao Zhong was so calm and said helplessly, “Alright, I have read your information, you are a smart person, since you have figured out what is at stake, then I will not talk more nonsense here.”

After saying that, he deliberately gave Keung-chan a look and spoke, “Regarding the whole process of arresting, investigating and determining deportation, it usually takes five to seven days to go through the whole process, but your case is obviously quite special, so the Immigration Bureau requires that the case be closed within three days, but then again, my boss has recently been forced to retire early, which has caused me to be in a bad mood, so I’m going to rub it in and estimate If you have any other abilities, don’t hide them and think of something.”

Lu Ming had read Chen Zhao Zhong’s profile, until he returned to Hong Kong Island would definitely be in danger of his life, and he also knew that Chen Zhao Zhong and Gu Qiuyi’s father were family friends, if Gu Qiuyi’s family could help in this matter, then perhaps they could save his life, that’s why he deliberately reminded the two of them, and even indicated that he would try to help delay Chen Zhao Zhong’s repatriation.

Chen Zhao Zhong also heard the meaning of Lu Ming’s words, he looked at Qiang Zai and said seriously, “Ah Qiang, don’t ever contact anyone, I don’t want to owe anyone any more favours, do you understand?”

“I understand Uncle Zhong .....,” Qiang Chai cried and nodded his head, but in his heart he already had his own calculations.

He felt that he had to inform Miss Gu no matter what, and I was afraid that she was the only one who could save Uncle Zhong at the moment.

Chen Zhao Zhong smiled faintly at Qiang Zai at this time and turned to walk out with Lu Ming.

Qiang chased him out of the shop and watched as Chen Zhao Zhong was taken into one of the police cars.

The whole convoy then left Chinatown with its blinding police lights flashing.

When the convoy disappeared from sight, Keung immediately returned to the shop and tried to call Gu Qiuyi.

However, it was only then that he suddenly remembered that he did not have Gu Qiuyi's contact information.

After all, Gu Qiuyi was a big star, and every time she came, she was always a valued guest of Uncle Zhong, so Qiang Chai always worked quietly with Uncle Zhong and rarely interacted with Gu Qiuyi.

He knew that Gu Qiuyi was the only one who could save Uncle Zhong, but the lack of a way to contact Gu Qiuyi still made him anxious.

### **Chapter 4427**

Thinking of Gu Qiuyi's concert today, he hurriedly took off his apron and said to the diners in the shop, "I have something to do, please make yourselves comfortable, and please close the door for me if you are the last to leave.

With that, he hurried out of the shop and hailed a taxi to the gig.

He didn't know if he would have a chance to meet Gu Qiuyi if he went to the performance venue.

But, at the moment, this was the only way he could.

.....

Meanwhile.

The An family, escorted by their own bodyguards as well as Fei Kexin and Yuan Zixu, arrived safely at the Anbang Mansion.

After Fei Ke Xin saw the An family into the building, she said to Elder An, "Elder An, I will see you all off here, if there is anything you need from me recently, please feel free to contact me."

Master An nodded and said gratefully, "Thank you Miss Fei!"

Fei Ke Xin was busy saying, "You're welcome, it's all what I should do."

Master An then added, "By the way Miss Fei, I have contacted one of my personal assistants when I was in the car just now, he and his team have come over from Los Angeles now, it's hard for you to keep that corpse and her personal belongings, I will contact you when my people arrive."

"No problem." Fei Ke Xin said without thinking, "Just have him contact me directly when he arrives in New York!"

"Good!" Elder An nodded slightly and said, "Then we'll go up first!"

At this moment, at the entrance of the lift lobby, the security check equipment had already been set up. An Kaifeng said to his parents and the rest of his family, "In order to prevent accidents, all of us have to do a full security check before going upstairs, I have just had the lift checked and confirmed that there is no abnormality, but we should still be cautious and enter the lift two by two and go upstairs in groups after pa\*sing the security check."

An Kaifeng's caution did not arouse anyone's objection, and everyone knew very well that safety was the most important thing at times like this.

So, the old man and his wife went through the security check first and then took the lift upstairs.

An Chongqiu and his wife followed closely behind.

Only after everyone had successfully pa\*sed through the security check and gone upstairs did Fei Ke Xin breathe a sigh of relief and, without staying much longer, turned around and led the others out of An Bang Mansion.

The first thing that Master An did when he led everyone to the top floor was to close the physical partition on the top floor of the Anbang Mansion, as this floor was well stocked with supplies and the An family would have no problem living here for several months.

After closing the partition, Master An called his three sons and one daughter to the conference room, and once everyone was seated, he took the lead and said, "For the next seven days, all of us should stay here and wait and see how things develop, and if the danger is temporarily lifted, we will all leave in groups."

After saying this, he added, "Also, as you can see from what happened tonight, the other party's aim is not to get rich, but to wipe out the entire An family, so from the time everyone leaves here, no one from the An family is allowed to gather anywhere outside the An family's boundaries, and at the same time, we have to double our investment in security and ensure that there are sufficient security personnel at all times as well as sufficient security means!"

An Chongqiu spoke up, "Dad, I suggest that in the future, instead of relying on a small number of martial arts masters for our security, we should build a complete, comprehensive and powerful security system, just like the President, and form our security personnel into multiple independently operating security systems, ensuring that multiple systems are cross-covered from near to far and from inside to outside, and that sufficient redundancy is in place, so that even if one of the systems goes down, the others will still be able to work as usual!"

"That's right!" Master An nodded and said seriously, "Chong Qiu, you have a delicate mind, you will be in charge of this matter, from now on, security is the primary need of the An family, in terms of security, even if we invest more money, we will not hesitate to do so!"

## **Chapter 4428**

At the show, tens of thousands of people were thrilled to witness the first performance of Gu Qiuyi's worldwide tour.

The entire performance was almost flawless, leaving all fans completely engrossed.

Although Xiao Churan missed the opening few minutes of the show, the impeccable performance that followed for over an hour had left her regrets completely behind.

The performance, too, ended half an hour later than expected.

Because, the fans at the venue kept strongly asking for Gu Qiuyi's Encore (Encore), Gu Qiuyi returned to the stage five times and sang five songs, but the fans were still not satisfied and were still shouting the slogan of Encore.

However, the show could not go on and on with the fans' enthusiasm, so after five times, Gu Qiuyi bowed deeply to the stage and then the lights were turned on and the staff informed everyone through the sound system that the show was over for the night and that everyone should exit the stage in an orderly manner.

The fans all knew very well that once the lights were at full volume and the closing credits were played, the show was completely over.

Although they were all impatient, they started to leave the stage in a very orderly manner.

At this point, Ye Chen said to Xiao Churan, "Honey, let's go too, it's easier to drive away while the ma\*s are still out, if we wait any longer, tens of thousands of people will have left the stage, and the outside will definitely be jammed into a congee."

Xiao Churan nodded gently and pouted, "Honey, don't you ever forget that you have to take me to the next game ....."

"Good!" Ye Chen laughed, "The next game should be the day after tomorrow in Boston, the day after tomorrow hubby will definitely accompany you to watch it!"

Only then was Xiao Churan satisfied, holding Ye Chen and smiling, "Then let's go first."

When the two of them came out of the box, the whole VIP area, long ago, could not see half of the blood stains, nor could they smell half of the blood smell.

Everything here was no different in Xiao Churan's eyes from the time he came.

When the two of them walked to the lift hall, it happened that Chen Duoduo also came up in the lift. When she saw Ye Chen and Xiao Churan, she hurriedly went forward and said in a pretend relaxed manner, "Master Ye, Mrs. Ye, did you two enjoy watching?"

Ye Chen nodded and smiled, "Very good, Miss Gu's performance was really great."

Xiao Churan also said seriously and incomparably from the side, "This is the most stunning concert I've ever seen ..... The only regret is that I myself accidentally fell asleep at the beginning ....."

Chen Duoduo smiled slightly and said, "It doesn't matter, the day after tomorrow in Boston, I still have VIP boxes reserved for you two, you are welcome to come over and support the show then!"

The day after tomorrow in Boston, I still have a VIP box reserved for you two, you are welcome to come over then!" said Chen Duo Duo and said, "By the way Mrs. Ye, if I remember correctly, you and Master Ye should be in Providence, right?"

“Yes!” Xiao Churan nodded her head.

Chen Duo Duo then said, “It’s very close to Boston, it’s just an hour’s drive away, so you two must come over then!”

Xiao Churan said happily, “Yes, yes! We’ll definitely be there then! I definitely won’t fall asleep again at the next game!”

Chen Duoduo glanced at Ye Chen, smiled and nodded, and said, “Now that the audience has started to exit, it is estimated that there will be traffic congestion near the arena soon, so you two should go out early, otherwise you might have to delay for a few minutes if you get stuck.”

Ye Chen nodded and said, “We are planning to go first, so as not to get stuck in traffic later.”

Chen Duoduo was busy saying, “Then I’ll see you two down!”

The three of them took the lift downstairs, and Chen Duoduo sighed heavily after seeing Ye Chen and Xiao Churan get into the car.

She had actually been dealing with the aftermath of the murdered staff member, and had been rather depressed, but considering that Ye Chen and Xiao Churan were VIPs, she still managed to come over to exchange pleasantries and send them off, and seeing that her task was completed, she didn’t dare to relax a bit, as she had to rush backstage to explain things clearly to Gu Qiuyi.

#### **Chapter 4429**

Meanwhile, outside the venue, Keung was begging the security guard, “I really know Miss Gu, I have something very important to ask her, it’s urgent! Please tell Miss Gu that my name is Keung and I’m a fellow of Chinatown Roast Goose, she’ll know for sure!”

The security guard scoffed at his words and said disdainfully, “Come on, I don’t know how many fans have come over tonight to make up stories with me, and you’re the worst at it! You’re a fellow from a roast goose shop, how could Miss Gu know you?”

Keung said eagerly, “I’m telling you the truth, if there’s a word that’s not true, God will strike you down! Please help me pa\*s on a message, just pa\*s on a message!”

The guard pushed him and said disgustedly, “Come on, don’t waste your breath here, not to mention I don’t believe you at all, even if I did, I’m not qualified to talk to Miss Gu, and you really think highly of me!”

As soon as Qiang heard this, he wanted to cry.

He finally understood that there was basically no chance of success for him to find Gu Qiuyi using this method.

He then had a bright idea, and came up with a solution. Although Gu Qiuyi was performing in this venue, she definitely did not live here, and after the show, she would definitely leave with his team in a car.

So, his best option was to wait for her car to come out and try to stop it, even if he had to run directly into the road or directly into her caravan, as long as he could attract her attention, then Uncle Zhong would be saved!

Thinking of this, he immediately went to the exit of the VIP channel of the arena, because he knew clearly that Gu Qiuyi could not come out from the normal exit and go to the car park to take a car, she must take a car directly to leave through the VIP channel, he just had to wait here, he would definitely be able to wait for her.

At this time, Ye Chen drove his car, taking Xiao Churan with him, and drove out from the VIP lane.

As it was only one car, Qiang Zai concluded that Gu Qiuyi could not be in this car, so he did not pay much attention to it.

However, when Ye Chen came out, he still spotted Qiang Zai.

When he saw Qiang Chai standing anxiously by the roadside, he realised in his mind that something might have happened to the roast goose shop or Uncle Zhong.

However, as Xiao Churan was with him, he could not stop the car to ask Qiang Chai directly, so he took out his mobile phone while waiting for the red light and sent a text message to Gu Qiuyi, telling her that Qiang Chai was outside the venue and might have something to ask her, so she could receive him.

At this moment, Gu Qiuyi was sitting in the dressing room removing her make-up, with several make-up artists surrounding her, helping her to remove the headpiece from her head, while others began to remove the make-up colour from her face.

She also couldn't wait to get her mobile phone out of the drawer, ready to send a message to Ye Chen to ask him how she was doing tonight.

Unexpectedly, before he could send a message to Ye Chen, she received a text message from Ye Chen.

After seeing the content of the text message, she hurriedly asked the make-up artist beside her, "Where is Duo Duo?"

As soon as the words left her mouth, Chen Duo Duo pushed the door open and entered.

Gu Qiuyi saw Chen Duoduo enter through the mirror and hurriedly said, "Duoduo, please help me go out to pick up someone, just at the exit of the VIP channel, named Qiang Chai, a fellow from Uncle Zhong's roast goose shop."

Chen Duoduo waved her hand and said incomparably serious, "Let him wait for a while, I have something more important to say to you ....."

After saying that, she said to the make-up artists beside Gu Qiuyi, "You guys go out for a while first."

Several make-up artists were also very sensible and immediately put down the things in their hands, turned around and left the make-up room.

Gu Qiuyi saw Chen Duoduo with a very ugly expression and hurriedly asked, "Duoduo, is something wrong?"

Chen Duoduo came to Gu Qiuyi's side in a disheveled manner, took a look at Gu Qiuyi and suddenly couldn't hold back his emotions, covered his face and cried out, "Oooh ..... Qiuyi ..... when you performed... ..Something big happened in the VIP area ..... A lot of people died ..... Oooh ..... I... ..me ..... I'm f\*cking scared to death ....."

### **Chapter 4430**

Chen Duoduo had been forcing herself to stay calm.

Even though she had always acted in a style that was rather feminine, what had happened today was something she had never experienced before in her life.

She had seen Li Yalin's corpse with her own eyes, seen Ye Chen's third aunt die of poison, and seen the gruesome images of multiple members of her team dying horribly.

However, she kept holding strong to keep her mind from breaking down.

Because, with Gu Qiuyi still performing, she was the head of the whole team and she had to take care of these matters.

However, the moment she saw Gu Qiuyi, the mind she had been holding on to was no longer strong enough to continue and she burst into tears.

Gu Qiuyi was also startled by her performance and quickly asked, "What's wrong with the vip area? With my brother Ye Chen around, what big deal can happen that you, Chen Duoduo, nicknamed Yanjing Vajra Gourd Boy, gave a frightened woop?"

Chen Duoduo cried and said, "You don't know ..... A wave of bandits came during the show and killed many people ..... Even that Chinese detective Li Yalin was killed ....."

"What?!" Gu Qiuyi's whole eyes widened and she asked offhandedly, "What's going on?! What about Ye Chen's brother and his grandparents?!"

Chen Duo Duo was busy saying, "They are fine, it's just that a woman from the An family has died of poison ....."

Immediately afterwards, Chen Duoduo told Gu Qiuyi everything he knew, in its original form.

After hearing this, Gu Qiuyi was also shocked and lost her face.

She had never dreamed that such a serious and horrible attack would happen at her own concert, and the most crucial thing was that she knew nothing about it!

However, after knowing that Ye Chen and the An family were mostly safe, and that the woman who had died of poison was only Ye Chen's aunt, Gu Qiuyi was slightly relieved.

After that, her first thought was to call Ye Chen and ask him what had happened, after all, what Chen Duo Duo knew was only very partial.

And only at this time did she suddenly think that she had just received a text message from Ye Chen saying that Qiang-zi was at the venue's vip exit.

From the content of Ye Chen's text message, Gu Qiuyi was able to surmise that Ye Chen and Xiao Churan had already left, thinking that they must not be in much danger, so she hurriedly said to Chen Duoduo, "Duoduo, let's not discuss this matter for now, you can dry your tears first, go outside and fetch Qiang Zai in, you should know Qiang Zai, the fellow from Uncle Zhong's roast goose shop."

Chen Duoduo hurriedly wiped away her tears and nodded her head, "Okay, I'll go to ....."

After saying that, she said to Gu Qiuyi again, "You have to hurry up, let's get out of here first, it's safer to the hotel in comparison."

"Good." Gu Qiuyi said, "You bring Qiang-zi in first."

Soon, Chen Duo Duo came in with an anxious and red-eyed Qiang Zai.

As soon as Qiang Chai saw Gu Qiuyi, he knelt down directly in front of her, crying and begging, "Miss Gu, please must save Uncle Zhong, if you don't save him, he definitely won't survive ....."
