

Ye Chen 4471

Chapter 4471

He Zhiqiu did not expect that Liu Jiahui would want Ye Chen to stay at his home.

However, He Zhiqiu did not know what exactly Ye Chen's visit to this Liu Jiahui was about, so she did not dare to agree to it for Ye Chen without permission, so she said, "This Mr. Liu should wait until we meet and talk to him personally, depending on what he wants."

"Good!" Liu Jiahui said with a smile, "Please don't worry, Mr. He, I'll make sure he feels the warmth of Hong Kong Island!"

He Zhiqiu said, "Good, this assistant of mine is named Ye Chen, the name of Ye, the name of Ye, the name of Star, when you hold up a sign at the entrance of the airport, a sign with his name on it, he will go to you when he sees it."

"No problem!" Without saying a word, Liu Jiahui said at once, "Then I'll prepare to leave now!"

After saying that, he hung up the phone and said to Fang Jiabin, "Tell the maids to hurry up and clean up the largest guest room on the first floor, first we have to entertain a valuable guest!"

Fang Jiabin was a bit surprised and asked, "Jiahui, what is such an important guest that you have to go and pick him up personally and arrange for him to stay at home?"

Liu Jiahui said, "It's someone from Isu Shipping, and it's said to be a person handpicked by the two major shareholders of Isu Shipping, the Ito family behind Isu Shipping and the Yanjing Su family are very powerful super families in East Asia, whether we can cooperate with this group all depends on him!"

Fang Jiabin looked puzzled, "Isn't our own business also going well? Shouldn't we need to rush to cooperate with others?"

Liu Jiahui waved his hand, "What the hell do you know, since the establishment of Isu Shipping, the whole Asian shipping market has changed a lot, not only has Isu Shipping integrated all the resources of the Ito family and the Yanjing Su family in shipping, but it also works closely with the famous Wan Long Temple. escort resources are also given priority to Isu Shipping, if we can cooperate with Isu Shipping, we can have sufficient protection in terms of both capacity and security."

The Ito family is the number one family in Japan, and the Su family is also the number one family in China, and since the Ye family has lost half of its assets to the Vanguard Palace, the Su family is riding high in China. In the future, not only will they be able to earn more money than they could before, they will also be able to do more things that they couldn't do before!"

Fang Jiabin asked in confusion, "Isn't the Ten Thousand Dragons Hall just mercenaries? Isn't a mercenary supposed to work for whoever pays him? He should reasonably be the one to please us, where's the need for us to please them?"

Liu Jiahui said contemptuously, "The uninformed are fearless! The Ten Thousand Dragons Temple is not an ordinary mercenary organisation, it is one of the most powerful mercenaries in the world! They basically don't bother to work with individuals, they work with some countries and the warlords of those

countries, the reason why Iso Shipping was able to take on the Hall of Ten Thousand Dragons this time is also because the Su family has some connections with the Hall of Ten Thousand Dragons!”

He said, with a smug look on his face, “I’ve already investigated almost everything about the Iso Shipping Line, the father of Wan Breaking Jun, the master of the Wan Long Hall, was the junior brother of Su Shoudao of the Yanjing Su family back then, and was promoted by Su Shoudao, which is equivalent to the Su family having a favor to the Wan family, that’s why Wan Breaking Jun cooperated with the Su family after taking care of the Yanjing Ye family, otherwise, even if the Su family is rich, they may not be able to make Wan Bajun move!”

Chapter 4472

At this point, Liu Jiahui saw that Fang Jiabin was confused, so he hurriedly urged, “All right, go and order the maids to pack the guest room first, then order the housekeeper to prepare the banquet, then hurry up and change your clothes and go with me to the airport to pick her up! By the way, call Manqiong back and tell her that I’m looking for her on an important matter!”

Fang Jiabin said with a somewhat ugly expression, “Calling Manqiong back at this time, aren’t you looking for discomfort? In case Manqiong fights with you again and neglects your honoured guest, won’t you miss your big event then?”

Liu Jiahui laughed, “It’s because of Manqiong’s character that I want her to come back as a companion! She is so pretty that men will lose at least half of their souls when they see her, and with her around, maybe that Ye boy will turn around and try to please me! She is the carrot that is dangling in front of the donkey’s eyes, so that the donkey can see it, eat it and run away with more energy! So, as long as she is around, even if she throws a foul face, she can still ensure that I get half the results!”

Fang Jiabin muttered, “Your daughter doesn’t even listen to you, so how can she listen to me, her stepmother? If you want to call her, you’d better do it yourself”

Liu Jiahui was a little irritated by Fang Jiabin’s attitude, but after a moment’s hesitation, he waved his hand and said helplessly, “Forget it, I’ll talk to her on the way later! You go and get the other things arranged!”

“Okay!” Fang Jiabin didn’t dare to refuse and nodded her head in a hurry.

Meanwhile, Ye Chen received a call from He Zhiqiu and learned that Liu Jiahui actually wanted to invite himself to stay at his home.

Surprised, he couldn’t help but have a teasing thought in his mind, so he called Wan Bajun, and once the call came through, Ye Chen asked him, “Bajun, where are you now?”

Wan Bajun respectfully said, “Back to Mr. Ye, my subordinate is preparing to pick you up from the airport.”

Ye Chen informed him, “Broken Jun, you don’t need to specifically greet me at the airport today, I plan to stay at Liu Jiahui’s home for a few days first.”

Surprised, Wan Bajun asked, “Mr. Ye, you’re going to stay directly at Liu Jiahui’s home?!”

“Right.” Ye Chen said blandly, “Since he wants to lure the wolf into his home, then I will also take advantage of the situation and go to his home to have a good natter with him.”

Wan Xiaojun couldn't help but laugh, “Maybe this will become the most regrettable decision Liu Jiahui has ever made, in his life.”

Ye Chen smiled faintly and asked him, “How have you been feeling in Hong Kong Island these two days?”

I have already compiled all of Liu Jiahui's information, and I have also mapped out the situation of several major forces on Hong Kong Island. But the Hong Kong police have also received the news that they and the Customs have been on standby for the past two days to ensure that nothing happens after Chen Zhao Zhong arrives in Hong Kong and is handed over to them, so these a*s*sins who want to take the hidden flower want to wait until Chen Zhao Zhong is released.”

Ye Chen asked curiously, “What is the process after Uncle Zhong is repatriated back, have you understood it clearly?”

“Understood clearly.” Wan Bajun said, “Because the process when he left the country was reasonable and legal, he was only illegally staying in the US because his visa had expired and he had broken the US law, so he would not be convicted after he came back, the police and customs on this side of Hong Kong Island would give him a normal entry process, plus he had been away from Hong Kong Island for too long, so they might apply for new documents for him, and then they would notify his family to meet and take him home, and the whole process is not expected to take more than 48 hours.”

“Good.” Ye Chen said indifferently, “In that case, time is not pressing, so we can take our time and play with Liu.”

Wan Bajun said, “Okay Mr. Ye, then my subordinates will be on standby for your dispatch. “

Chapter 4473

One hour later.

The plane Ye Chen was on, landed at Hong Kong Island International Airport.

At this moment, at the exit of the airport.

The famous Hong Kong Island tycoon, Liu Jiahui, was personally holding a sign with the word “Ye Chen” written on it, standing at the airport exit with his wife, Fang Jiaxin, in anticipation.

Fang Jiaxin was wearing heavy sunglasses and a mask, and her expression was somewhat unhappy.

She didn't know much about business, she just felt that she, as the famous Mrs. Liu of Hong Kong Island, personally came to the airport to pick up people, so it was indeed a bit embarrassing to her face.

And Liu Jiahui didn't care about that.

He knew very well in his heart that in business, one should never have trouble with money.

If by sacrificing a little bit of face, this cooperation could go smoothly, then wouldn't this be a no-brainer deal?

At this time, Ye Chen walked out from the exit with his shoulder bag on his back.

As he looked around, he saw the fat man who was holding up his name tag.

Then, with a slight smile wiped across the corner of his mouth, he took a step up.

Ye Chen came in front of Liu Jiahui and asked with a smile, "Are you Mr. Liu?"

Liu Jiahui looked at Ye Chen and asked with a delighted face, "You must be Mr. Ye Chen Ye!"

Ye Chen nodded, "That's right, it's me."

Liu Jiahui immediately handed the sign to the bodyguard beside him, extended both hands to shake Ye Chen's hand and said excitedly, "Aiya Mr. Ye, I've really heard a lot about you! Welcome to Hong Kong Island, my humble self is Liu Jiahui, the chairman of Liu's Property Group! It's a pleasure to meet you!"

Ye Chen smiled faintly, extended his one hand and shook Liu Jiahui's hand while saying blandly, "Mr. Liu, right, nice to meet you."

When Ye Chen shook hands with Liu Jiahui with one hand, Fang Jiabin, who was beside him, as well as Liu Jiahui's assistant and bodyguard, all had a change in expression.

They really did not expect that this young man, who knew that Liu Jiahui had taken the initiative to extend both hands to him to shake hands, would still respond with one hand, which was really a bit impolite.

Ye Chen also knew that it was indeed a bit rude for him to do so, but he felt that manners also had to be divided among people, and a person like Liu Jiahui was not worthy of giving him face.

After all, he had promised his own father back then that he would not pursue Chen Zhao Zhong any further, but immediately after his father's death, he threw his promise to the wind.

This kind of person, in Ye Chen's eyes, did not deserve any respect.

On the contrary, he must also be made to pay the price for betraying his promise back then.

Liu Jiahui also did not expect that Ye Chen would still be so arrogant in front of him, and was naturally annoyed in his heart.

However, once he thought of what He Zhiqiu had said, that Ye Chen was very close to Su Zhiyu and Ito Nanae, he could only suppress his anger for the time being.

After a brief handshake, he pointed to Fang Jiabin at his side and said to Ye Chen, "Mr Ye, this is the wife of the forced man, Fang Jiabin."

Although Fang Jiabin was a bit unhappy about personally coming to the airport to pick up Ye Chen and about Ye Chen's slight disrespect to her husband, but seeing that her husband had put up with it after all, she could only say with a forced smile, "Hello, Mr. Ye."

Chapter 4474

Ye Chen nodded slightly and said with a smile, "I have long heard that Mrs. Liu is stunningly beautiful on Hong Kong Island, even though Mrs. Liu is wearing sunglasses and a mask, she still can't hide her elegance!"

Hearing Ye Chen's compliment, Fang Jiabin felt slightly more comfortable in her heart and smiled, "Mr. Ye has praised you."

Liu Jiahui at the side could not help but say, "Jia Xin, hurry up and take off the sunglasses and mask, what do you look like in front of your distinguished guests!"

Fang Jiabin hurriedly took off her sunglasses and mask and said to Ye Chen with an apologetic face, "Sorry Mr. Ye, I was a bit rude just now."

Seeing Fang Jiabin's real face, Ye Chen couldn't help but sigh in his heart, "Finally, I understand why Uncle Zhong was willing to stay in America illegally for Fang Jiabin for so many years, such a woman, even though she is already half old, she still has her charm! Looks, skin, figure, temperament, almost nothing can be picked out, and she only looks like she's in her thirties, so you can imagine that she must have been even more incomparable when she was younger."

Then, Ye Chen deliberately teased, "Before I came here, I had heard many rumours about Mrs. Liu's legendary past, and just before I got off the plane, I still had doubts about these rumours, but now that I have seen Mrs. Fang's real face, all the doubts I had in my heart have vanished!"

Fang Jiabin's expression was a little embarrassed for a moment.

Liu Jiahui, who was at the side, even twitched his facial muscles a few times.

Although Ye Chen had said something cryptic, it was actually to point out a little bit about these two people.

Although Ye Chen did not say anything specific about Fang Jiabin, this husband and wife, both of them, coincidentally thought of Fang Jiabin's elopement with Chen Zhao Zhong.

For so many years, this matter had been Fang Jiabin's soft spot in front of Liu Jiahui, and was likewise a sore spot deep inside Liu Jiahui's heart.

Ye Chen's implicit point here made both of them feel very uncomfortable in their hearts.

The reason why Ye Chen said this was also completely deliberate.

He just wanted to see how much patience this Liu Jiahui had in front of himself.

He was only provoking him a little now, and if he could endure it, there would be even greater provocations waiting for him later.

If he could make Liu Jiahui flip out in front of himself, that would be great.

After all, Ye Chen had flown all the way from America this time to teach him how to behave.

Even if Liu Jiahui accidentally stepped on Ye Chen's foot, Ye Chen would still use this as an excuse to pick up his skin.

However, Liu Jiahui did not know that Ye Chen was not a god of wealth who came to cooperate at all, but rather a fury who came to pick his skin.

Chapter 4475

At this moment, he suppressed his anger at being exposed by Ye Chen and said to Ye Chen with a smile on his face, "Mr. Ye has travelled a long way, the journey must have been hard, my humble self has prepared a reception banquet for Mr. Ye at my residence, if Mr. Ye does not mind, we will leave directly now."

Ye Chen nodded and said indifferently, "Then I'll respectfully accept your request."

Liu Jiahui laughed and made a gesture of invitation, then wrapped his arm around Ye Chen's back and said enthusiastically, "Come, come, Mr Ye, this way please!"

Outside the door of the airport exit hall, a convoy of several Rolls-Royces was neatly parked at the roadside.

Liu Jiahui led Ye Chen to the Rolls-Royce car in the middle and then said to his wife Fang Jiaxin, "Jiaxin, you take the one in front, I'll take this one with Mr. Ye."

Fang Jiaxin had to nod and turned around to walk to the Rolls-Royce in front, and after the bodyguard pulled open the door for her, she bent down and got in.

Liu Jiahui, on the other hand, took the initiative to pull open the rear door for Ye Chen and said with a smile, "After you, Mr. Ye!"

Ye Chen was not polite, and after a slight nod, he directly sat in the car.

Liu Jiahui got in next, and as the caravan slowly drove away from the airport, Liu took the initiative to talk to Ye Chen, "I wonder if Mr. Ye has ever been to Hong Kong Island before?"

Ye Chen said blandly, "I have, but it was when I was very young."

Liu Jiahui laughed, "The changes over the years have been very great. If Mr. Ye has enough time in the next two days, I will show you around Hong Kong Island and see how it has developed over the years!"

As he was talking, Liu Jiahui's mobile phone suddenly rang, and the person who called was his daughter, Liu Manqiong.

He apologetically said to Ye Chen, "Sorry Mr. Ye, I'll take a call, it's my daughter."

Ye Chen nodded, "Be my guest, Mr. Liu."

Liu Jiahui picked up the phone and asked, "Manqiong, have you arrived home yet?"

On the other end of the phone, a cold voice came out, "I have something to do at noon, so I won't go back."

Liu Jiahui was furious and said, "What the hell are you doing? Didn't I tell you that I have an important guest at noon! I don't care what you have to do, you have to go home at noon today!"

The person on the other end of the phone said with great dissatisfaction, "I have said that I have something to do, you can entertain your valuable guests yourself, what does it have to do with me?"

Liu Jiahui was furious and said, "If I don't see you home within half an hour, you don't want the second HK\$50 million donation!"

"You" The voice on the other end of the phone was shaking with anger, "How can you go back on your word!"

Liu Jiahui said in a cold voice: "The money is mine, I can give it if I want to, or not if I don't want to, in any case, you think it over!"

After saying that, Liu Jiahui immediately hung up the phone.

Immediately after that, he hurriedly said to Ye Chen, "Mr. Ye, I'm really sorry, my daughter is naughty, so I made you laugh!"

Chapter 4476

Before Ye Chen landed, he had already read Liu Jiahui's full profile.

This old boy was a womanizer, had been married three times and had five children.

The oldest of his six children is his eldest daughter, Liu Manqiong.

She is 24 years old and is studying for a PhD in Chinese at the University of Hong Kong.

Her mother died of cervical cancer when she was five years old, and a year after her mother's death, her father, Lau Kar-fai, married an actress ten years younger than him in the Hong Kong Island entertainment industry.

When Fang Jiaxin ran away from the United States a few years later, Liu Jiahui divorced his second wife and then married Fang Jiaxin.

Liu Jiahui's first wife gave him two daughters, Liu Manqiong being the eldest and her sister, three years younger, currently studying in England.

The actress had given Liu two children in three years to secure his position, but all of them were daughters.

When Fang Jiaxin returned, Liu Jiahui gave the actress a sum of money and sent her off to Canada with her two daughters.

After marrying Liu Jiaxin, she gave birth to a son at the age of forty, who is now ten years old and in primary school.

He spent tens of millions of dollars on his son's 100th day banquet at the best hotel on Hong Kong Island, and gave Fang Jiaxin a luxurious mid-levels mansion, a luxury yacht and a private jet at the banquet.

Fang Jiaxin was also more favoured in Liu Jiahui's eyes because she gave birth to his son.

As for Liu Manqiong's profile, Ye Chen had also looked at it carefully.

This girl, by no means, was the naughty girl that Liu Jiahui said she was; on the contrary, all of this girl's resumes were very good.

That she was academically successful, and that she basically got the best grades in any examination recorded in the file.

On top of that, she has been a keen philanthropist since her teenage years, not only donating consistently to various charitable causes over the years, but even taking almost all her spare time after school to volunteer for those charitable funds.

Recently, Lau Man-kiong has been promoting a charity campaign to solve the problem of drinking water in impoverished areas of Africa, aiming to raise HK\$200 million in two phases by raising funds from the whole community.

In order to act as a true rallying point, she will personally be responsible for half of the funds raised in the two phases, i.e. HK\$50 million in each phase.

Of course, although she has excellent grades, she has not entered society to earn money, so it is her father Liu Jiahui who will foot the bill for her.

Twenty minutes later.

The convoy pulled into the famous Shih Hoon Road on Hong Kong Island.

Shixun Road is a mountain road, and the mansions here are almost all mountain-style villas built on the mountain.

All the mansions located here are invariably worth hundreds of millions of Hong Kong dollars, with the largest even worth more than a billion Hong Kong dollars.

Every inch of land on Hong Kong Island is precious, and this is the pinnacle of property prices on Hong Kong Island.

Those who can live here are almost invariably among the island's top tycoons.

The entire villa covers an area of at least a few thousand square metres, and the courtyard is big enough for 20 to 30 cars to stop.

When the motorcade drove in, more than twenty servants and gardeners dressed in white overalls were already lined up here waiting, and from the first car coming in to the last car coming in, they bowed throughout, not moving a muscle.

When the motorcade came in, the bodyguards got down from the cars first and opened the doors for Ye Chen, Liu Jiahui, and Fang Jiabin in the other car.

Chapter 4477

The maids shouted in unison to say hello to Mr. and Mrs., but Liu Jiahui pointed directly at Ye Chen and said to the crowd, "Come, say hello to Mr. Ye!"

The crowd then hurriedly bowed and greeted Ye Chen again.

Liu Jiahui continued to say to the crowd, "In the next few days, Mr. Ye will be staying at home, you must serve Mr. Ye well and not let Mr. Ye have any dissatisfaction, do you hear me?"

Naturally, all the people promised in a loud voice, not daring to be negligent in any way.

Only then did Liu Jiahui say to Ye Chen, "Mr Ye, I had the maids pack up the guest room before you arrived, as long as you are on Hong Kong Island, stay with me and treat this place as your own home, don't ever be polite to me!"

Ye Chen was also happy to do so, so he said with a smile, "In that case, then I'll be more than respectful!"

"Fine, fine!" Liu Jiahui enthusiastically wrapped his arms around Ye Chen's back and said with a smile, "Come, Mr. Ye, please come inside!"

With that, he joined Ye Chen and went into his mansion.

The butler followed along with him and said respectfully with his mouth, "Sir, the banquet is ready, when do you think it will start?"

Liu Jiahui asked him, "Has Miss returned?"

The butler said truthfully, "Not yet."

Liu Jiahui immediately said angrily, "This stinking girl! If she dares to stand me up this time, I won't give her a single penny for the next three years!"

Fang Jiaxin on the side said in a tasteless tone, "Why do you have to say this when you know you can't do it?"

Liu Jiahui was furious and questioned, "How do you know I can't do it?"

Fang Jiaxin said indifferently, "You've said this kind of words not once or twice, but in the end, aren't you still the one who compromises?"

Feeling humiliated, Liu Jiahui said angrily, "This time it's different! This time I, Liu Jiahui, will do what I say and never go back on my word!"

Fang Jiaxin laughed and said casually, "Then I will wait and see."

Ye Chen looked on coldly, feeling that Fang Jiaxin was a bit of a whore, and that there was something in her words to provoke a rift.

He couldn't help but feel sorry for Chen Zhao Zhong, who originally had a bright future but had thrown away half of his life in that roast goose shop in New York's Chinatown for her, which was a bit unworthy.

Moreover, he could see that Chen Zhaoxiong was still thinking of Fang Jiaxin, and when she was mentioned, there was always a different light in Chen Zhaoxiong's eyes.

He always thought that Fang Jiaxin had chosen to leave because she could not bear the hardships of being in America.

However, if he saw the Fang Jiaxin of today, I wonder if he would be surprised and disappointed in his heart?

Just then, a woman's cold voice came from behind Ye Chen: "Sorry Mrs. Liu, if you want to see a good show, then I'm afraid I'll have to let you down this time."

When Liu Jiahui heard the voice, he hurriedly turned around and saw his eldest daughter looking at Fang Jiaxin with a cold face, he was first stunned, then he hurriedly rounded up and said, "Manqiong, what your dad and I said just now were all angry words, I knew you couldn't possibly stand up to dad!"

After saying that, he hurriedly introduced himself to Ye Chen, "Mr. Ye, let me introduce to you, this is my eldest daughter, Liu Manqiong, who is now studying for a PhD at the University of Hong Kong!"

Immediately afterwards, he greeted Liu Manqiong and said, "Manqiong, come here, dad will introduce you to a young talent, Mr. Ye Chen from the Mainland!"

Chapter 4478

When Ye Chen first saw Liu Manqiong, he only felt that this girl, was so much prettier than in her photos.

What Ye Chen had seen on his profile were all of this girl's ID photos, which showed her wearing glasses and not smiling, just looking more showy and pretty, but far from being stunning.

However, the Liu Manqiong in front of her, with her slim and tall figure, fair and reddish skin, and unpowdered features has a very classical Chinese beauty, with a long vertical ponytail, as if an angel had fallen into the neighbourhood and turned into a top-quality version of the neighbourhood sister.

Liu Manqiong's dressing was very simple, an ordinary dress, a pair of simple black sandals, plus a shoulder bag that could not be seen at all. Such a casual outfit, on the contrary, took her transcendent and out-of-the-ordinary temperament to a new level.

Ye Chen really did not expect that the fat-headed Liu Jiahui could give birth to such a fairy-like daughter. Judging from Liu Manqiong's facial features, Liu Jiahui's genes hardly had any effective effect on her.

At this moment, Liu Manqiong only gave Ye Chen a nonchalant glance and said casually, "Mr. Ye, right, how are you?"

After saying that, she didn't wait for Ye Chen's response and said directly to Liu Jiahui, "Didn't you say that I should come back for dinner? Please hurry up, I have something to do this afternoon, I can't delay for too long."

Exasperated by Liu Manqiong's attitude, Liu Jiahui blurted out, "What kind of attitude is that? Mr. Ye is an honoured guest of the family, he's new to Hong Kong Island, I was planning to ask you to help me entertain him and show him around this afternoon!"

Without thinking, Liu Manqiong refused, "No, I said I have something to do this afternoon! Since it's your guest, why don't you entertain yourself?"

Liu Jiahui said angrily, "I was thinking that you and Mr. Ye are about the same age, both are the same age, it's more appropriate for you to entertain than me!"

"I don't have the time!" Liu Manqiong said with some anger, "You asked me to come back for dinner, I have already come back, please also stop and don't get ahead of yourself!"

Liu Jiahui said in a cold voice, "Is this the attitude you have when talking to your father?"

Fang Jiaxin hurriedly came over to round up the situation and said, "Hey Jiahui, what are you doing with the child in such a tense manner? Besides, Mr. Ye is also here, we can't let our honoured guests look at us funny."

With that, she hurriedly went to persuade Liu Manqiong with a smile, "Manqiong, you know your father's temper, don't be ordinary with him, hurry up and sit down to eat."

Liu Manqiong gave Fang Jiaxin a disdainful look and said coldly, "There is no need for you to pretend to be a good person here."

Fang Jiaxin's expression changed slightly, but she said with a smile, "Manqiong, you may have misunderstood me just now."

Liu Manqiong said lightly, "It's true that there is no hatred between father and daughter, but between a daughter and a family-destroying fox spirit, there is an unmitigated hatred!"

Once these words came out, Fang Jiaxin's expression instantly became very ugly.

At the side, Liu Jiahui's face also turned ironic for a while.

Fang Jiaxin's big eyes instantly clouded with a layer of moisture, and said to Liu Jiahui in a condescending manner, "Jiahui"

Liu Jiahui was also very annoyed, after all, Liu Manqiong called Fang Jiaxin a fox spirit, the subtext is also equivalent to calling him a negative hearted man.

So, the irritated Liu Jiahui immediately barked at Liu Manqiong, "Apologize to your little mother, immediately, right now!"

Liu Manqiong said with a cold expression, "Sorry, you and she are both indirectly responsible for my mother's death, I will never apologise to you both!"

"You!" Liu Jiahui was instantly furious, pointing at Liu Manqiong for a moment, unable to speak.

And in her life, the person Liu Manqiong hated the most was Fang Jiaxin.

Ever since she could just remember, she remembered her mother washing her face in tears at home every day, and her father almost rarely coming home. At that time, her mother had told her that her father had been seduced by a fox spirit outside, and that was why he did not care about them, mother and daughter.

The fox spirit her mother spoke of was Fang Jiaxin, whom Liu Jiahui was hiding in his golden house.

Chapter 4479

At that time, her mother was still carrying her sister in her womb, and it was because she was pregnant with her sister that she neglected routine medical check-ups and failed to detect and intervene in time at the initial stage of cancer.

After giving birth to her sister in October, her mother breastfed her sister herself for six months. During that time, she was reluctant to take even one pill even if she had a cold in order to ensure that her breast milk was healthy, so her condition was delayed even further.

When the mother noticed that she was not feeling well and went to the hospital, the doctor informed her that she had terminal cancer.

The doctor also said that the reason why the condition had progressed so rapidly had a great deal to do with her pent-up mood.

Because of this, Liu Manqiong has never been able to forgive her father, Liu Jiahui, let alone the person in front of her, Fang Jiaxin.

Fang Jiaxin knew that she was in the wrong, so she did not dare to confront Liu Manqiong head-on. After giving birth to her son, her mother, by virtue of her son, had tried to use her position in front of Liu Jiahui to find a way to get Liu Manqiong out of the family.

However, after several attempts, she found out that although Liu Jiahui had never admitted to Liu Manqiong on the surface about his mistakes back then, he had always felt very indebted to this daughter in his heart, which was why Liu Jiahui was so tolerant and forbearing towards Liu Manqiong.

Because of this, Fang Jiaxin had never been able to find the right opportunity to drive Liu Manqiong away from her sight.

Thus, these three people, each with their own thoughts, were caught in a bizarre stalemate.

Ye Chen then rounded up the situation and said to Liu Jiahui, "Mr. Liu, I can't interfere in your family affairs as an outsider, why don't I go first and we can talk again sometime?"

When Liu Jiahui heard this, he quickly changed his face and said with a smile, "Aiya Mr. Ye, I'm really sorry, it's my incompetence in teaching my son that made you look funny!"

After saying that, he then said to Liu Manqiong, "Today Mr. Ye is here, we can't let Mr. Ye look funny, I don't ask anything else from you, let's have a nice meal together at noon, in the afternoon, you can help me to accompany Mr. Ye around, from tomorrow, I won't take up your time anymore, what do you think?"

Liu Manqiong immediately pursued, "What about the 50 million you promised me for the charity?"

Liu Jiahui waved his hand and said boldly, "As long as you help me take care of Mr. Ye, I'll cash in that donation tomorrow!"

"Good." Liu Manqiong agreed without a second thought, saying, "I promise you!"

Once Ye Chen heard this, he smiled slightly and said, "Since you two have agreed, then let's sit down and talk while we eat."

Liu Jiahui said with a smile, "Yes, yes, let's chat while we eat, while we eat!"

The four of them sat down at the dining table and the maids immediately brought up many dazzling meals.

Almost all of these meals were classic Cantonese dishes, each of which was extremely elaborate.

Liu Jiahui greeted Ye Chen as he ate the dishes, while introducing these expensive dishes to him, "Mr. Ye, our Cantonese cuisine is famous for its expensive ingredients, and my family's ingredients are even the best of the best! Look at these shark's fin, abalone, flower maw, fish maw, bird's nest and Australian dragon, all of them are top quality! The chef at home is a master of Cantonese cuisine, so any one of these dishes on the table is the pinnacle of Cantonese cuisine!"

Ye Chen nodded slightly and didn't move his chopsticks, but looked at Liu Jiahui and asked seriously, "Hey, Mr. Liu, I heard that among the Cantonese dishes, roast goose is the classic of classics, I wonder if Mr. Liu's house has prepared it?"

Chapter 4480

The moment Ye Chen mentioned roast goose, both Liu Jiahui and Fang Jiaxin's expressions suddenly changed.

As an authentic Hong Kong Islander, Liu Jiahui used to love roast goose the most.

But ever since he learnt that Chen Zhao Zhong, a talented businessman, had been selling roast goose in Chinatown in the United States for 20 years, he had hated roast goose with a passion.

Whenever he thought of roast goose, he would think of Chan Siu Chung.

Whenever he thought of Chan Siu Chung, he would think of Fong Ka Yan eloping with him and making everyone on Hong Kong Island aware of the incident.

What depressed him even more was the fact that a woman like Fang Jiaxin, who did not have her fingers in the water, had willingly followed Chen Zhaozhong and sold roast goose in Chinatown for a few years.

But anyone who has been wounded, even if they appear to be strong on the surface, must be vulnerable in their heart, or in a particular way.

Although Liu Jiahui was powerful and in a position of supremacy on Hong Kong Island, the more because of this, the more he cared about the cuckold he had worn back then.

Fang Jiaxin blushed with embarrassment also because of this.

She had been very much favoured by Liu Jiahui's side for so many years, and after she had given birth to his son, she was even held in Liu Jiahui's heart.

However, the only thing that had always made her feel very apprehensive was that incident back then.

Because she knew that it had always been a minefield for Liu Jiahui, and the fundamental reason why Liu Jiahui had isolated himself from his assets was also because of the existence of this minefield.

If it wasn't for this incident, she would have become Liu Jiahui's most important and trusted person by now, and Liu Jiahui would naturally have half of his assets.

This was one wrong step, one wrong step.

When Ye Chen saw the two people's subtle expressions, he was amused for a moment, but his mouth was curious as he asked, "What's wrong with you two? Is there something wrong with the roast goose?"

Liu Jiahui said awkwardly, "No, it's mainly because there is no roast goose prepared at home today, if Mr. Ye likes it, I will have someone prepare it tonight!"

"Good!" Ye Chen nodded and sighed, "I like the crispy and greasy texture of roast goose the most, with the sweet taste of cinnamon sauce, that is called authentic"

Liu Jiahui's expression was even more depressed, he even felt for a moment that Ye Chen was deliberately mentioning roast goose to stimulate himself.

However, on second thought, there should not be many people who know about the matter of Chen Zhaozhong selling roast goose in the United States.

After all, the news of Chen Zhaozhong's imminent deportation had only recently been released by himself, and when he released it, he did not reveal what Chen Zhaozhong was actually doing in the United States.

So, thinking of this, he was slightly relieved, thinking that Ye Chen might have just happened to mention the roast goose.

He then said with a stiff smile, "It seems that Mr. Ye is still quite knowledgeable about Cantonese cuisine, in that case, then I will have someone prepare more marinated water, roast goose and roast squab tonight!"

Ye Chen smiled with satisfaction and gave a thumbs up, "Mr. Liu is really a good cook! I'm not going to lie, I once came to Hong Kong Island with my father when I was a child, many memories are blurred, but the roast goose is still fresh in my mind!"

Liu Jiahui asked curiously, "Oh? I wonder if Mr. Ye still remembers which roast goose he ate when he was a kid? If he's still open, I'll have the maid go and buy it back for you!"

Ye Chen nodded, thought back for a moment, and said with a serious face, "If I remember correctly, that roast goose shop should be called Chen Ji roast goose, I really can't remember exactly where it is, but I still remember the taste vividly, after all, that taste is really great, I still can't stop reminiscing!"

Chen Kee Roast Goose is the roast goose restaurant that Chen Zhao Zhong's father owned on Hong Kong Island.
