

Ye Chen 4491

Chapter 4491

Ye Chen asked him, "Hongmen is so poor, doesn't Zhong Yunqiu usually take care of it?"

"Receive help." Wan Bajun said, "If Zhong Yunqiu didn't help out, Hongmen would have started laying off staff a long time ago. opening nightclubs and bars, one is smuggling frozen meat, and another is an underground casino, apart from the casino, the first three businesses, all of which Zhong Yunqiu helped to start."

Ye Chen gave a hmp and said, "Which is the biggest nightclub in Hongmen?"

Wan Breaking Jun replied, "It's called Waveclub, and it's in Lan Kwai Fong."

"Wave" Ye Chen muttered softly and said with a smile, "Okay, I got it."

After Ye Chen hung up the phone, he said to Liu Manqiong beside him, "Miss Manqiong, how about this, after dinner tonight, you can take me to a nightclub."

Liu Manqiong's head exploded as she listened, and she subconsciously opened her mouth and asked, "Ye Chen, you were just asking about Hongmen's nightclubs on the phone, you're not going there, are you?!"

"Right." Ye Chen smiled faintly, "To get a taste of Hong Kong Island's big-name nightlife."

Liu Manqiong blurted out, "Then you can't go to Hongmen's nightclub by name! You've just offended Zhong Zitao, it's dangerous there!"

Ye Chen laughed, "Dangerous is for sure, but who exactly is dangerous, this will have to be seen again."

Seeing Ye Chen's playful, light-hearted look, Liu Manqiong was even more puzzled about where Ye Chen was coming from.

Through that phone call Ye Chen had just made, she could conclude that Ye Chen was by no means as reckless as he seemed, and that he might even have already investigated the various forces on Hong Kong Island and had it all in his mind.

Thinking of this, she could not help but ask Ye Chen, "Who are you anyway?"

"Me?" Ye Chen smiled, "It should be someone that no one on Hong Kong Island can afford to mess with."

Liu Manqiong could not help but frown, and the person became cautious as she asked Ye Chen, "What exactly do you want to do here on Hong Kong Island?"

Ye Chen raised his eyebrows and said blandly, "I've come to administer a justice."

Liu Manqiong was astonished, she really couldn't figure out Ye Chen's way of doing things, this man spoke, true or false, and it was hard to see through his character.

It had only been just two hours since we met, and her impression of Ye Chen had changed several times.

At first, she felt that Ye Chen seemed to be quite a humorous person, and there was a certain amount of control in his words, and he was able to navigate in front of her father.

When she met Zhong Zitao, she felt that Ye Chen seemed to be lacking a bit of manners, and was more or less reckless, not knowing how to judge the situation.

Moreover, the act of grabbing his hand on his own initiative seemed to her at the time to be a bit abrupt and rash.

Then, Ye Chen's refusal to leave Hong Kong made her feel that this person was completely unaware of the dangers of the world, and that he was still unmoved even though she had said so much.

But then she waited until now, and felt that her previous opinion of Ye Chen seemed to be wrong.

Ye Chen was indeed fearless, but fearlessness was not due to ignorance, rather, it was because he already knew his enemy.

Thinking of this, she looked at Ye Chen and could not help but ask, "Then Then can you tell me, what kind of justice are you trying to administer when you come to Hong Kong Island?"

Chapter 4492

"What kind of justice is being administered?"

Hearing Liu Manqiong's question, Ye Chen smiled faintly and spoke, "I can't tell you about this for the time being, leaving a bit of mystery."

Liu Manqiong could not help but frown and asked him, "Then have you ever thought about what you would do if Zhong Zitao wanted to target you? You can't beat four hands with two fists in Hong Kong Island, how can you fight against Hongmen?"

Ye Chen raised his eyebrows and laughed, "You're also looking down on me too much, two fists can't beat four hands? Add a zero, forty I don't put in my eyes either."

Liu Manqiong thought that Ye Chen was full of talk again, the whole person was already schizophrenic by him, she could only shake her head helplessly and said, "I'm really convinced of you!"

After saying that, she could only walk out of the car park with Ye Chen.

Once the two of them exited the garage, they arrived at the shopping mall plaza in Tsim Sha Tsui with the largest flow of people.

Apart from the crowded customer flow, there were also many salesmen specialising in promotion and sales, as well as many areas for merchandise exhibitions.

In the best part of the plaza, there were several neatly organized stalls, which all had the University of Hong Kong Island's logo on them, and many students in school uniforms were busy in front of the stalls.

With mixed feelings, Liu Manqiong led Ye Chen straight to these stalls, which were the venue for her and her classmates' charity sale.

Many of the students were surprised to see Liu Manqiong coming over, and many of them gathered around to greet her.

One of the boys wearing glasses rushed forward and asked, "Sister Manqiong, why are you here today?"

With a faint smile, Liu Manqiong replied, "I just happened to have something to do this afternoon and had to come over here, so I stopped by."

Saying that, Liu Manqiong asked him, "How are the sales today?"

"Not too good eh." The boy said in a somewhat dejected manner, "We have sold almost 30,000 Hong Kong dollars since eight o'clock in the morning, and I thought we could sell up to 50,000."

Liu Manqiong encouraged, "It doesn't matter, over 30,000 is already a lot of money, it's worth encouraging."

Ah Lun sighed, "Sister Manqiong, you alone have donated tens of millions of dollars, so many of us have worked so hard, but only so little money in total, it is really too shameful"

Liu Manqiong said, "Ah Lun, don't say that, charity is not about comparing who donates more money, but about letting as many people as possible do what they can, the money I donated is not my own, it's just generous, I myself can only do something like you guys."

Saying that, she took the cardboard box from Ye Chen's hand and handed it to the boy, "Ah Lun, this is some of my personal unused stuff I packed up, the selling price I've marked on the label, if you go by the label price, it's over HK\$20,000 in total."

With that, Liu Manqiong spread her hands and added, "You see, I am not very rich myself, and this is all I can take out, so don't feel ashamed just because you have taken out less, even if you can't take out anything, it is still very worthwhile to volunteer to contribute to charity!"

"So please work harder, we'll sell everything we've collected now as soon as possible, plus I've called on other students in the school, we'll all try to donate more useless personal unused items, after accumulating more, we'll definitely be able to do a lot of good deeds."

Inspired by Liu Manqiong, the crowd cheered and were all energetic.

At this time, a svelte looking girl looked at Ye Chen and opened her mouth to ask, "Sister Manqiong, who is this handsome man? You haven't introduced him to us yet."

Liu Manqiong looked at Ye Chen and said to the crowd, "This is Mr. Ye, a guest of my family."

"A guest?" The girl said with a big smile, "Sister Manqiong, this wouldn't be the fiance your family arranged for you, would it?"

"How could" When Liu Manqiong heard the word "fiance", she felt her mind was about to collapse, so she said without thinking, "Don't gossip here, Mr. Ye is my father's friend, he just happened to come to Hong Kong Island to talk to my father about something, because he hasn't been to Hong Kong Island for many years, I am just acting as his guide and showing him around for the time being."

“So that’s it.” The girl said with some regret, “Sister Manqiong, this handsome guy is actually a good match for you! You should consider it! I’ve known you for so long, but I’ve never seen you dating, and we’re all looking forward to seeing who you’ll marry before you graduate.”

Chapter 4493

Liu Manqiong said helplessly, “Please mind your own business, I heard that you broke up with your new boyfriend again? You’ve only been dating for a few days this time.”

The girl bristled, “That slag, I don’t even want to mention him! He was only with me because he wanted me to help him with his graduation project, and he broke up with me when I helped him get the project done

Liu Manqiong sighed and said, “Please polish your eyes when you look at boys next time.”

The girl looked at Ye Chen again and said seriously, “But then again, Sister Manqiong, I really think this man next to you is a good match for you eh!”

“Stop it!” Liu Manqiong hastily reached out to stop the other party and spoke, “You’ve proven countless times on yourself that your vision is basically equal to nothing, so if you think he’s a good match for me, then odds are he’s not suitable for me at all.”

After saying that, he couldn’t help but give Ye Chen a white glance.

Ye Chen smiled slightly at this time and said to that girl, “I’m her fiance, she said it herself.”

When the crowd heard this, they couldn’t help but let out a gasp of surprise.

The woman looked at Liu Manqiong and said with a great deal of meaning, “Sister Manqiong I didn’t expect you to lie to even us!”

Liu Manqiong said helplessly, “You guys don’t listen to his nonsense, this kind of boy is not my cup of tea at all.”

After saying that, she looked at everyone and spoke, “Everyone should get busy with their business first, don’t gossip nonsense!”

Then, she opened the cardboard box she had brought, and took out several personal items from inside, introducing them to the few people around her, “This laptop I got rid of at the beginning of the year, I checked the second-hand websites, most of them are around four thousand dollars, I bid three thousand, it should be easy to sell, and this game console, it was over two thousand Hong Kong dollars when I bought it, I bid one thousand two

After briefly introducing the personal items to everyone, Liu Manqiong then said to the crowd, “Hard work everyone, keep up the good work, I still have some business, so I won’t be here with you.”

After saying that, she hurriedly said to Ye Chen, “Let’s go!”

Ye Chen laughed, “You’ve just arrived and you’re leaving? I think this kind of charity sale is quite interesting, it just so happens that I have a few Power Pills in my pocket, do you want to use them to support you as well?”

Liu Manqiong looked at Ye Chen helplessly and said seriously, "It's against the law to sell Power Pills in Hong Kong Besides, if we don't leave, we will definitely get into trouble"

Ye Chen gazed at a few sneaky men in the distance and said with a smile, "Good! Listen to people and eat your fill, let's go."

Liu Manqiong was relieved to see that Ye Chen finally knew how to discuss for once, and hurriedly said goodbye to the crowd and took Ye Chen back to the car park.

She was most worried about Zhong Zitao finding people to retaliate against Ye Chen, in case a dozen people really came and blocked Ye Chen, she could not even save him if she wanted to.

When the two of them arrived at the car park, Liu Manqiong subconsciously wanted to go to the driver's seat, but Ye Chen suddenly called out to her and said, "Miss Manqiong, if you don't mind, let me drive."

"You drive?" Liu Manqiong asked, "You're not familiar with Hong Kong Island, and it's a right-hand drive, the direction of travel is also reversed from the mainland, can you get used to it?"

Ye Chen laughed, "As long as it's not steering in the opposite direction that you have to step on under your feet, I can drive it."

Liu Manqiong shrugged and said, "Then you can drive it."

After Ye Chen got in the car, he didn't rush to drive away, but took out his phone and opened the map to study it for a while.

It was only after he saw the few sneaky faces getting into different cars that he said to Liu Manqiong, "I think this place, Saffron Ridge, is not bad, let's go there and have a look around."

"Saffron Ridge?!" Liu Manqiong said dumbfounded, "It's all the way to the far north of Hong Kong Island, it's very far, and it's in the mountains, what's the point of going there?"

Ye Chen laughed, "There are some things that have to be done in less crowded places!"

Chapter 4494

Ye Chen's light-hearted words made Liu Manqiong nervous for no reason.

She couldn't help but question Ye Chen, "What do you want? What is it that you have to do in a less crowded place?"

Ye Chen looked at her and smiled, saying casually, "Don't be nervous, what I want to do has nothing to do with you, just watch."

After saying that, he drove Liu Manqiong's Tesla out with a kick of the accelerator.

Just after the car left the basement, three different cars quickly followed behind.

Zhong Zitao then sat in one of the cars, gritting his teeth as he looked at the Tesla driven by Ye Chen and said in a cold voice to the people around him, "Follow that pouncing b*****d! I must get rid of him today!"

The young man driving the car sneered, "Don't worry, Young Master Zhong, we'll definitely screw this kid to death!"

The man's arms were covered in tattoos, and with his muscular body and face full of flesh, he was not a master to be messed with at first glance.

Zhong Zitao wiped a smile from the corner of his mouth and said coldly, "This Liu Manqiong, if she's still so insensitive, I'll simply find an opportunity to finish her off!"

The guy driving the car said smilingly, "Young Master Zhong, if you really do get rid of her, immediately ask your father and your god grandfather to go to the Liu family to propose marriage, Liu Jiahui definitely won't dare to refuse!"

"Makes sense!" Zhong Zitao nodded his head repeatedly and spoke, "If she is really insensitive, then don't blame me for being ungracious!"

Ye Chen followed the navigation and drove the car all the way to downtown Hong Kong Island. During the drive, he kept watching the few cars behind him through the rear view mirror and found that these cars kept following from far and near, so he put his mind at ease.

More than half an hour later, Ye Chen drove his car to the vicinity of Hong Kong Island's northern mountainous region, Saffron Ridge.

He then slowed down his car slightly, intending to find a suitable place to stop and meet his new friends behind him for a while.

And at this time, Zhong Zitao sat in the car behind him with an increasingly ugly expression.

The driver couldn't help but mutter, "D*mn, this pair of dogs came to the mountains in the middle of the day, they don't want to have a car shake or simply have a wild war, right?"

Zhong Zitao's face became even angrier as he gritted his teeth and cursed, "I always thought she, Liu Manqiong, was a decent woman, but I didn't expect her to be so sultry!"

The driver subconsciously said, "Young Master Zhong, people say that Liu Manqiong is the jade lady of Hong Kong Island, I think this 'jade' should be replaced by the desire of desire!"

Zhong Zitao said furiously, "If Liu Manqiong really got her virginity broken, I would just f*cking mess with her, but marrying her is absolutely impossible!"

He added, "And that kid from the Mainland! If Liu Manqiong is really broken by him, I'll f*cking kill him!"

At this time, the driver blurted out, "Young Master Zhong, they've stopped, shall we surround them now or wait?"

Zhong Zitao saw that Ye Chen had stopped that Tesla, so he spoke, "Don't rush, wait for them to get out of the car, otherwise, in case they speed up and want to escape, on this kind of mountain road, we may not be able to control them, and there will be danger, as long as they get out of the car, there is nothing to worry about."

The driver asked again, "Young Master Zhong, what if they get into it right there in the car?"

Zhong Zitao gritted his teeth and cursed, "f*ck, if the two of them really dare to get it on in the car, just drive them down the mountain for me!"

.....

At this moment, Ye Chen in the front car unfastened his seat belt and said to Liu Manqiong beside him, "Miss Manqiong, get out of the car."

"Get out of the car?" Liu Manqiong was surprised and asked, "What on earth are you doing bringing me to this kind of wilderness?"

Ye Chen laughed, "You will know once you get out of the car."

Saying that, Ye Chen added, "Of course, if you don't trust me, just wait in the car, I'll go do something and come back when I'm done."

As soon as Liu Manqiong heard this, she didn't know where she got the courage, and immediately unfastened her seat belt and said firmly, "I want to come with you!"

"Good." Ye Chen nodded and took the lead in pushing open the car door and got out of the car.

Chapter 4495

Liu Manqiong followed closely and also opened the door and walked down, looked around and asked Ye Chen, "Where are we going?"

Ye Chen looked at the path leading to the mountain and spoke, "Let's go from here, go down and have a look."

Liu Manqiong was puzzled, according to reason, if any man wanted to take her to such a place in the wilderness, she would never agree to it.

But after thinking about it, she still decided to trust Ye Chen.

So, she followed Ye Chen down.

Seeing that Ye Chen and Liu Manqiong had really gone into the mountain forest, Zhong Zitao roared in anger, "Get out of the car, D*mn it! I'm going to f*ck this punk up today!"

A dozen people quickly got out of the three cars and followed in Ye Chen and Liu Manqiong's footsteps.

The location of Hong Kong Island was already very far south, and as it was summertime, the mountains and forests were very dense, and as we walked through them, we could only see the sunlight spilling through the thick branches and leaves.

Liu Manqiong followed Ye Chen deeper and deeper into the forest, and even she, who had been relatively calm, felt a sense of weakness as she went deeper and deeper.

She could not help but ask Ye Chen when she reached an area of gentle terrain, "Where are you taking me anyway?"

Ye Chen waved at her and said, "Come, stand behind me."

Liu Manqiong was even more astonished, and had just walked up to Ye Chen when she heard a rustling sound coming from behind her.

She thought that there were some fierce beasts in the mountain, so she turned around to look, but a few moments later, a dozen people one after another burst out of the mountain forest.

All of them were strong, muscular men with tattoos, and they were all gang members.

Liu Manqiong became nervous and was about to pull Ye Chen out of the way when she saw Zhong Zitao following him with a black face.

As soon as Zhong Zitao saw Ye Chen and Liu Manqiong, he gritted his teeth and cursed, "What a f*cking pair of dogs, so many hotels on Hong Kong Island are not enough for you two to sleep in? How dare you go to such a place to have a wild fight in broad daylight!"

Liu Manqiong couldn't be angry and asked coldly, "Zhong Zitao, what do you want?"

"What am I going to do?" Zhong Zitao cursed furiously, "I want to f*ck you! And you're asking me what I want? What the f*ck! I see you are so reserved all the time, but I didn't expect you to be so cheap at heart!"

Liu Manqiong said angrily, "What nonsense are you talking about!"

Zhong Zitao gritted his teeth and said, "What nonsense am I talking about? You're f*cking with a wild man and you're here having a wild fight, and you're calling me a f*cking liar? I've been chasing you for so many years, you f*ck! I'm going to do you right now! After I'm done with you, I'll get my brothers to do you together, and you'll have a great time!"

Liu Manqiong's face was blue, and although her body kept trembling, she still gritted her teeth and said, "How dare you!"

Zhong Zitao bristled, "Of course I dare, don't believe me, I'll let you try my power later!"

At this time, Ye Chen said coldly, "Kid, didn't your mother teach you to be polite when talking to girls?"

Zhong Zitao looked at Ye Chen and laughed coldly, "D*mn, I didn't like you just now, I haven't settled the score with you yet, and you still dare to act like a p*ssy with me! Do you know that this is Hong Kong Island! This is not the Mainland! Even if you're a f*cking bully, you'll have to be more honest with me when you get to Hong Kong Island!"

Ye Chen smiled and asked, "What? I hear you saying that if I'm more honest now, we'll get past this?"

"sh*t!" Zhong Zitao cursed angrily, "It's too late to be honest now! D*mn it! I came here with you to get rid of you, you son of a b*tch!"

After saying that, he immediately said to the group of strong men around him, "D*mn it, beat me to death!"

Hearing these words, a group of strong men immediately came towards Ye Chen in a rage.

Seeing this, Liu Manqiong subconsciously blocked in front of Ye Chen and yelled, "Zhong Zitao, if you dare to touch him, I will immediately call the police to arrest you!"

Ye Chen patted her shoulder and laughed, "Come on, piggyback behind me, so you don't get a face full of blood later on."

Chapter 4496

Ye Chen's casual remark made Liu Manqiong extremely nervous.

In her opinion, how could Ye Chen be a match for these dozens of people, these people looked like people from Hongmen, each killing without blinking, when they really started to fight, Ye Chen was 80% to be killed.

The gang of strong men saw that Ye Chen was still standing and pretending at this time, and each of them had a fierce face.

Zhong Zitao said with a contemptuous face, "Good boy, you really have some f*cking balls! You're already dead, and you still don't forget to act like a p*ssy in front of a woman!"

Ye Chen laughed and said, "It is still unknown who is dying, just this bunch of shrimps and crab soldiers you have found are worse than dogs in my eyes."

The leader of the sturdy men on the other side shouted angrily, "D*mn it! We are from Hongmen, how dare you disrespect us!"

Ye Chen said indifferently, "What? Saying that you're even worse than a dog, and you still don't believe me?"

The little brother beside that strong man cursed angrily, "f*ck! Brother Wuji is our Hongmen's Double Flower Red Stick, why don't you kneel down and kowtow and admit your mistake!"

Ye Chen laughed disdainfully, "So you're a black chicken, you're really worse than a dog."

As if he had suffered a great humiliation, Brother Wuji pointed at Ye Chen and roared hysterically, "I'll f*cking kill you!"

As soon as the words left his mouth, he immediately rushed towards Ye Chen and threw a heavy punch straight at the bridge of Ye Chen's nose.

He was one of the Hongmen's dangling Double Flower Red Sticks and was personally very strong, having fought in many under-court boxing matches on Hong Kong Island and winning more than half of them.

In his opinion, this punch of his own was enough to knock Ye Chen to the ground and splatter him with blood!

And he himself, not only could he use his strength to make Ye Chen pay in blood for what he had just said, but he would also take the top prize in front of Zhong Zitao for having started the fight.

But then things took a 180-degree turn from what he expected!

Ye Chen had a smile on his lips and looked at him without moving a muscle, only speaking, "How dare you dare to behave in front of me even if you have a few Peeps tattooed on your body!"

As soon as the words left his mouth, Brother Wuji's fist also arrived.

Ye Chen, who hadn't made any movements, suddenly threw a punch and slammed directly towards his opponent's fist head-on.

This punch was as fast as lightning and no one at the scene could even see it clearly.

An instant later, with a booming sound, a series of shattering sounds like a whole bamboo pole splintering could be heard, as well as the man's pig-like howl!

His entire arm, by now, had been completely shattered!

And his expression was already extremely distorted from the pain.

On the contrary, Ye Chen's entire face was relaxed, as if that punch just now had nothing to do with him.

Seeing that Brother Wuji's tears rolling down from the pain, Ye Chen could not help but mock, "Is this the strength of the Double Flower Red Stick? If you were a dog, you wouldn't even be able to eat hot sh*t!"

At this, the whole room was appalled.

No one had expected that Brother Wuji, who was the strongest, would be nullified by a single punch from his opponent.

Zhong Zitao took two steps back in fear and shouted to the others, "Charge up together and finish him off! I'll give you ten million dollars!"

There would be brave men under heavy rewards.

Although the others were dumbfounded by Ye Chen's performance just now, when they heard Zhong Zitao offer a reward of ten million dollars, they immediately rushed towards Ye Chen in a swarm.

They felt that even if Ye Chen was personally strong, he must not be able to beat more than ten people.

Chapter 4497

So, if we all work together, we can become rich overnight!

At this moment, the man in front of him leapt and kicked Ye Chen straight in the face!

According to his vision, this kick would definitely knock Ye Chen down, and as long as the rest of the men could rush up in time to kick him hard and not give him a chance to fight back, it would be enough to beat Ye Chen half to death.

Instead of retreating or dodging, Ye Chen suddenly stretched out his hand and grabbed the leg that flew at him with both hands!

Immediately afterwards, he felt his entire body instantly stagnate in the air, and the inertia of his violent rush and leap disappeared without a trace in an instant, defying all common sense!

Just as he was frozen in mid-air, his whole body unsure of what to do, Ye Chen looked at him and laughed coldly, "Where did that dog come from, f*ck you!"

With that, Ye Chen swung his hands so hard that the man was directly swung out by Ye Chen like a half-moon scimitar!

The rest of the men only wanted to hurry up and put Ye Chen down and kick him hard, so they rushed forward and were about to attack, but they did not expect that the brother who had just taken the first step to fly out had turned himself into a weapon in Ye Chen's hand.

The man was swung out in a half circle by Ye Chen, directly knocking the men who rushed up to him over and over, one by one, flying backwards from Ye Chen's side and falling heavily to the ground, unable to move.

The tremendous force smashed each of them with multiple fractures, leaving them with no chance to get up and fight back.

The one who was swung out was even more miserable, the cost of one man swinging down was that he had multiple fractures on his own body in just an instant, and on the side that was swung out, his ribs were almost completely broken!

At this time, both Liu Manqiong behind Ye Chen and Zhong Zitao opposite Ye Chen were looking with their jaws dropped, as if this was all an illusion in front of them, they simply could not believe their eyes.

Zhong Zitao was dumbfounded.

Even in his wildest dreams, he had never thought that a dozen people would fight one person and not only did they have no chance of winning, but they only lasted two rounds in total.

At this time, Ye Chen looked at Zhong Zitao and waved at him, saying, "Come on Young Master Zhong, let's have a chat."

Zhong Zitao turned around in fear and was about to flee, but just two steps away, he felt a tightening of his neck and could no longer step on the ground under his feet.

Only when he turned his head again did he realise that Ye Chen had already caught up with him, grabbed the collar at his neck and lifted himself up.

He instantly said in terror, "Big brother Please spare my life, big brother! We have something to talk about, something to talk about, big brother!"

"Spare your life?" Ye Chen snorted coldly and raised his hand and slapped him fiercely across the face, causing his eyes to glaze over and even losing several back teeth.

Zhong Zitao was dizzy from the beating and cried out in a vague voice, "You dare to hit me You"

Before he finished his words, Ye Chen backhanded another slap over and asked in a cold voice, "What's wrong with me hitting you? You're not convinced?!"

Zhong Zitao was furious: "I am the young master of the Zhong family I am"

"Slap!" Ye Chen slammed another slap across his face and said coldly, "The young master of the Zhong family, right? It's the Zhong Family Young Master I'm hitting!"

A few slaps passed, and Zhong Zitao's mouth full of teeth almost fell out.

His entire head was also beaten into a pig's head, and his eyes swelled into slits.

He had never dreamed that Ye Chen would be so ruthless, completely disregarding his status.

Anger, aggression and resignation made him cry while letting out vicious words in a slurred voice: "You Just you wait My father And me Godfather They will definitely not definitely not let you go!"

Ye Chen said in a cold voice, "It's alright, even if they don't come to me, I'll still go to them."

After saying that, Ye Chen looked at him, smiled faintly, and opened his mouth to ask: "By the way, just now there seems to be a person who is quite wild, one moment he wants to do this, the next he wants to do that, is it you?"

Chapter 4498

Zhong Zitao was so frightened by Ye Chen for a while that he did not dare to speak.

He knew that once both the Zhong Family and the Hong Sect could not suppress Ye Chen, he would not have any bottom card available to him.

Therefore, at such a time, he definitely did not dare to touch Ye Chen's bad luck again.

However, Ye Chen would not let him off easily, and raised his hand and slapped him again, questioning, "Speak up, are you dumb?"

Zhong Zitao's mouth was swollen as if he had twenty quail eggs in it, so he could only endure the pain and whimpered, "I I was wrong I beg you to let Let me go"

Ye Chen delivered another slap and said in a cold voice: "I asked the person who was going to do this and that just now, was it you! Say one more word of nonsense and I'll tear your mouth apart!"

Zhong Zitao even cried and howled, "It's me It's me"

Ye Chen nodded once again a slap flung over and coldly said, "Do this, do that, you have quite a firepower!"

Zhong Zitao, with blood seeping from the corners of his mouth on both sides, cried, "It's all because my mouth was cheap! Please don't be so mean to me!"

Ye Chen slapped him once more and asked with a smile, "Didn't you say before that you wanted me to kneel down and kowtow to you and slap me a hundred times?"

Zhong Zitao felt the sky spinning, crying and pleading, "I I just said all It's all bullsh*t, you Please spare me this This time, I will I will never I won't dare to do it again."

Ye Chen sneered and slapped again, "There's no chance to beg for mercy now!"

Zhong Zitao looked like he was about to faint from Ye Chen's slap, Liu Manqiong was a bit upset and went forward and said, "Ye Chen, stop hitting, if you keep hitting, something will happen!"

Ye Chen looked at her and asked curiously, "What's wrong?"

Liu Manqiong blurted out, "If you keep fighting like this, someone will get killed!"

Ye Chen laughed, "I'm not afraid to do it, it hurts, but he won't die, don't believe me."

As Ye Chen said, he swung his arm and slapped him again.

Zhong Zitao subconsciously covered his face and cried, "Big brother I'm really wrong big brother Don't hit big brother"

Ye Chen smiled faintly and said coldly, "Where is that energy you had just now? Didn't you want to kill me? How come you're begging for mercy again?"

Zhong Zitao blurted out, "It's because I have no eyes, I have accidentally offended you, please don't... don't be ordinary with me"

Ye Chen sneered, "You want to beg for forgiveness at this time? It's too late!"

After saying that, he smacked another slap across his face.

Afterwards, he looked at Liu Manqiong and laughed, "See, I told you he couldn't die, right?"

As soon as the words left his mouth, Zhong Zitao had already been beaten up, and when this slap came over, he only felt a blackness before his eyes, and his whole body fainted.

Liu Manqiong shouted out of the blue, "He He's rolling his eyes It can't be that he's dead, right?"

Ye Chen waved his hand: "Don't worry, he can't die, he's just unconscious."

Liu Manqiong was busy saying, "Then hurry up and call the emergency number to send him to the hospital"

Ye Chen shook his head and said, "I've already said that he can't die, why call the emergency number, no need to waste medical resources for this kind of person, besides I have use for him later."

Chapter 4499

Liu Manqiong felt like her brain was about to explode as she said in a serious, bitter voice: "Ye Chen I beg you to listen to me, you beat him up so badly, his family won't let it go, how are you going to end up then? My dad can't even protect you"

"Your dad?" Ye Chen laughed, "It's amazing that he can protect himself."

He said, Ye Chen's topic did not linger on Liu Jiahui, and said to Liu Manqiong: "What's more, now it's not a question of whether this kid's family will be kind enough to stop, but a question of whether I will be kind enough to stop, this hundred slaps he can't take now, then it will have to be replaced by his old man and his godfather to take it for him, who let one of them teach their son inappropriately and one of them help the enemy to abuse? "

Liu Manqiong was so shocked by Ye Chen that she could not speak, and only after a long time could she not help asking, "Ye Chen Are you usually this arrogant too?"

Ye Chen looked at Liu Manqiong and smiled before speaking, "I'm not usually arrogant, and my usual tenet is, if people don't offend me, I won't offend them, I will never bully others and bully the weak for no reason just because I have strength and background."

Saying that, Ye Chen pointed his finger at Zhong Zitao and said in a cold voice, "But if someone offends me, I will offend them! And I will offend them ten times, a hundred times, a thousand times! I will not be soft!"

Liu Manqiong blurted out, "This is Hong Kong Island, not your turf! Don't you understand the principle that a strong dragon cannot suppress a snake on the ground?"

Ye Chen smiled contemptuously and said seriously, "Miss Liu, to tell you the truth, here, I have no inhibitions!"

To Ye Chen, this time when he came to Hong Kong Island, he indeed had no taboos.

He had come to Hong Kong Island alone, bringing no relatives or friends with him, only Wan Bajun and the other Ten Thousand Dragon Hall generals were here, and they would not be a burden to Ye Chen.

Therefore, he naturally did not have any need to be concerned.

What's more, someone wanted Uncle Zhong's life, then he naturally had to come and see who all had such guts.

Not only that, he also wanted to let these people know that Uncle Zhong's life was not something that they could take just because they wanted it!

And, even if they weren't that strong, they would have to pay the price for moving this thought!

So, as Ye Chen had told Liu Manqiong before, he was here to administer justice.

Since he was to administer justice, he should have no inhibitions and kill God and Buddha!

Liu Manqiong was so angry by Ye Chen's arrogant attitude that she could not speak.

Although she could see that Ye Chen's personal strength was ridiculously strong, she also knew that the Hongmen were by no means vegetarians on Hong Kong Island, and they had thousands of disciples under their command, spreading to every corner of Hong Kong Island, and their power was deeply rooted.

Therefore, in her opinion, Ye Chen was completely reckless in his actions and did not even think about how he should react next.

And at this moment, Ye Chen did not care about the consequences at all, as he looked towards Brother Wuji, the double-flowered red stick who had first been scrapped by himself, and said in a cold voice, "You! Come here!"

Brother Wuji covered his shattered arm and looked at Ye Chen with a frightened expression, stammering and asking, "What do you What are your orders"

Ye Chen said in a cold voice: "You go and take out everyone's mobile phones for me, anyone who dares to hide his mobile phone, I'll break his third leg!"

“Comply Yes” Brother Wuji didn’t dare to do anything rash and immediately used his intact left arm to pull out all the mobile phones of those of his junior brothers.

Ye Chen took a pile of mobile phones and threw them out with force towards the direction of the valley diagonally, a dozen of them instantly threw out a great parabola and were directly thrown into the valley.

Afterwards, Ye Chen said to Brother Wuji, “You and your gang of little brothers, you are the one who is the least injured as the big brother, isn’t it a bit unjustified?”

Brother Wuji was scared out of his wits and blurted out, “Big brother I’m already badly injured My right hand is basically all gone”

Ye Chen pointed to the others lying on the ground and said in a serious tone, “Look at them, which one of them has not broken more bones than you? You’re a big brother, you’ve brought your little brothers out to be friends, it’s all about the word righteousness! If your little brother is more injured than you, how can you still be a gangster in the future? People will point out and poke your back behind your back!”

Saying that, Ye Chen rubbed his chin and said seriously, “I think it’s only appropriate for you to break another leg.”

Chapter 4500

Ye Chen’s words caused Brother Wuji to collapse emotionally in an instant.

As soon as his legs went weak, he fell to the ground with a poof and cried out, begging, “Big brother I’m just a little brother making a living in Hongmen, please have mercy and let me go for the sake of the fact that I’ve already lost an arm”

Ye Chen frowned and said, “I really don’t understand you gang members, you are usually the most ruthless, but you are also the most wimpy when it comes to things, can’t you be tougher?”

Brother Wuji cried, “Brother If you break my leg again, I won’t be able to continue to work in the future”

Ye Chen asked him, “Do you still want to recover from your injury and continue to be your double flower red stick?”

Brother Wuji hurriedly shook his head, “No I don’t mean that”

Ye Chen sneered, “With one arm and one leg left, if you honestly find a camp, it’s still enough, otherwise if you come out again, your head will have to move sooner or later.”

After saying that, Ye Chen didn’t wait for him to react and kicked him on the knee of his right leg.

With a cracking sound, Brother Wuji’s entire body rolled on the ground in pain.

Ye Chen had no sympathy for him and said coldly, “I hope you can clean up your act and become a new man, otherwise, next time I will make you taste the taste of paraplegia.”

Brother Wuji could only endure the pain and said out loud, "Don't worry, big brother I will definitely change my mind I will be a new man"

Ye Chen nodded and said in a cold voice: "You guys just stay here honestly, at night, I guess the Zhong family will come looking for you, then if they ask about your whereabouts of Zhong Zitao, just tell him that Zhong Zitao was taken away by me."

Without thinking, Brother Wuji said, "Okay big brother I got it"

Liu Manqiong asked Ye Chen with a stunned expression, "Where are you taking Zhong Zitao to?"

"To go clubbing." Ye Chen casually said, "We both agreed, have you forgotten? Let's finish eating first and go to Lan Kwai Fong to go clubbing after dinner."

Liu Manqiong asked out of the blue, "What about Zhong Zitao? Put him in the car?"

"Yeah." Ye Chen said, "Your trunk is empty, just stuff him in there."

"Huh?!" Liu Manqiong said, dumbfounded, "You What the hell are you doing"

Ye Chen grabbed Zhong Zitao's collar and yanked him up, speaking, "What am I going to do, you will know at night."

After saying that, Ye Chen asked, "Are you leaving?"

Liu Manqiong was helpless to the extreme and could only stiffen his head and follow.

When they reentered the road from the mountain forest, there was still not even a shadow of a person around.

Ye Chen directly opened the trunk of the Tesla and shoved the unconscious Zhong Zitao inside.

Zhong Zitao was currently in a deep coma, and if he didn't have to intervene with external forces, it was unlikely that he would wake up tomorrow.

Closing the trunk door, Ye Chen said to Liu Manqiong, "You drive, I'm not familiar with the road."

Liu Manqiong asked him, "When you came here you said you were going to drive because you expected them to follow us?"

"Yes." Ye Chen nodded faintly.
