

## Ye Chen 4501

### Chapter 4501

Liu Manqiong pursued, "So you deliberately lured them here so you could deal with them?"

"That's right." Ye Chen said indifferently, "You don't need to look at the master to beat the dogs, but you have to choose a suitable place, you can't let the dogs run away when you do it, and you can't let them bark in the downtown area when you do it"

Liu Manqiong looked at Ye Chen's light-hearted look, and when she thought about what he had just done, she couldn't help but say, "You're simply the devil!"

"Devil?" Ye Chen frowned and said, "I, the devil, didn't want to violate you, but that guy in the trunk, not only wanted to violate you himself, but also wanted those strong men to violate you together, so who do you think is right and who is wrong?"

Liu Manqiong's face turned red and white for a while before she gambled, "Then you can't fight violence with violence either!"

Ye Chen laughed, "I'm done with violence, so what do you think? I'll give them an apology?"

Liu Manqiong could see the teasing on Ye Chen's face and knew she couldn't talk him out of it, so she simply gambled and stopped talking to him and went straight into the car.

Ye Chen also sat in at this time, and while buckling his seat belt, he spoke, "Miss Manqiong, what are you going to take me to eat tonight?"

Liu Manqiong said with no good humour, "No, I'm not eating, I'm full of gas from you!"

After saying that, she couldn't help but give Ye Chen a white glance, inwardly she had already made a concession, but her tone was still a bit dissatisfied, "Let me take you to eat the most famous wonton noodles in Hong Kong Island! There's also a money belly and fish curry egg next to it, so you can buy more snacks to eat together, and if you're not full, you can also have some more spicy crab from the shelter."

Ye Chen raised his eyebrows and smiled, "Sounds delicious, then it's hard for Miss Manqiong to entertain you! Some day when we are guests in Jinling, I will treat you to duck blood vermicelli and salted duck!"

Liu Manqiong glanced at him and couldn't help but sigh, "Can't do anything about you!"

After saying that, he drove the car away from Hong Hua Ling and returned to the city of Hong Kong Island.

The return journey was a stop-and-go affair because of the rush hour, and it took them more than an hour to reach downtown Hong Kong Island.

Liu Manqiong drove the car to a crowded and lively snack street, and after parking the car, she asked Ye Chen somewhat nervously, "What about Zhong Zitao? He won't wake up, will he?"

Ye Chen smiled, "Don't worry, he won't wake up."

“That’s good.” Liu Manqiong breathed a sigh of relief and spoke, “Let’s get out of the car, we’re at the dinner place.”

Ye Chen nodded and pushed the door to get out of the car.

Liu Manqiong carefully pressed the lock button a few times to make sure the car was locked before leading Ye Chen down the snack street.

Ye Chen looked at the marketplace snack street and asked curiously, “Miss Manqiong, do you often come to this kind of place to eat?”

“Yes.” Liu Manqiong nodded and said, “I used to come here to eat when I was small, and it has been the same until now, this place is not far from my school, I usually go here to have dinner before going home.”

Ye Chen asked in confusion, “Your family is so rich, you don’t worry about safety when you go here for dinner?”

Liu Manqiong said, “It’s not Zhang Ziqiang’s time anymore, Hong Kong Island’s security is much better, besides, this is the downtown area and I know most of the vendors, who would kidnap me in a place like this.”

Ye Chen nodded, “Makes sense.”

Saying that, Ye Chen asked her with some curiosity, “You, a thousand-year-old lady, would eat here often, is there something special about this place for you?”

“There is.” Liu Manqiong said with a nostalgic expression, “When I was little, my mother would often bring me here to eat, she said that I was a very picky eater when I was little, and for no reason and without any regularity, I didn’t like to eat anything that was cooked at home even if it was delicious, I just liked to eat the wonton noodles and marinated snacks sold at street stalls, even if the family maid made the exact same thing at home, I still didn’t like it. So she always promised me that as long as I was a good eater for breakfast and lunch, she would bring me here in the evening to eat good food .....”

I’ve been coming here for dinner almost every day since my mum left, starting from primary school until I graduated from girl’s high school and was going to college, my dad wanted me to go to a better university in the U.S. at the time, but I chose to stay on Hong Kong Island because I couldn’t leave this place behind, to say the least you may not believe it, I grew up so I’ve grown up, apart from leaving Hong Kong Island with my mother when I was a child, and then after she left, I’ve hardly ever left here again .....”

## **Chapter 4502**

Seeing Liu Manqiong’s despondent expression, Ye Chen suddenly felt some sympathy for this young lady from Hong Kong Island’s top luxury family.

Liu Jiahui was certainly rich, but Liu Manqiong still did not have a complete childhood.

Her father’s betrayal and her mother’s early death had long ago completely destroyed her childhood.

In this respect, Ye Chen’s experience with Liu Manqiong is also somewhat similar.

Although his parents had a good relationship, their death also left Ye Chen's childhood completely torn apart.

Since then, Ye Chen lived in an orphanage for ten years, and although he was cared for by Auntie Li, it was still a painful ten years for Ye Chen.

For the first five years of that decade, he had to come to terms with the reality of his parents' death all over again every day, and for the second five years he battled with the sadness of missing his parents every day.

What really cured Ye Chen of the next twenty years, and kept him from going astray, were the sage teachings and fond memories his parents had left him before he was eight years old.

I think that Liu Manqiong's fond memories were when she was a child and her mother brought her here every day, using every means to coax her to eat, and then when the person who loved her most was no longer here, she could only come here to look for her shadow.

At this time, a vendor by the roadside who was flipping beef and river with his apron on saw Liu Manqiong approaching and greeted her with a smile, "Miss Manqiong you're here!"

Liu Manqiong came back to her senses and said with a smile, "Uncle Nan, why didn't I see you open your stall two days ago?"

The vendor said, "The day before yesterday, my daughter-in-law gave birth, and it was a fat boy, seven catties and eight taels!"

"Wow!" Liu Manqiong said in surprise, "That's wonderful! Next time I come here, I'll make sure to give the little one a big red envelope!"

The vendor said, "No need, Miss Manqiong, we have received favours from you every year, so we can't ask you to pay for it again."

Liu Manqiong smiled and said, "Uncle Nan, how about this, I'll tell Manager Wan to waive your rent for the next six months, and consider it a red packet for the little one."

The vendor said with trepidation, "How can this be done Miss Manqiong, you haven't raised the rent for ten years, you have already taken very good care of us, if it wasn't for you, how could we still be here to support our family ....."

Liu Manqiong said with a playful smile, "Uncle Nan, don't be polite to me, I'll give Manager Wan a word later."

After saying that, she pointed at Ye Chen and said to the vendor, "Uncle Nan, I'll take my friend inside to have something to eat, so I won't bother you first."

The vendor nodded with immense gratitude, then looked at Ye Chen and asked with a smile on his face, "Miss Manqiong, finally tapped out?"

"No ....." Liu Manqiong hurriedly shook her head, "Ordinary friends."

The vendor looked at Ye Chen with a deep meaningful face and said seriously, "I've been doing this for over twenty years and you are the first boy Miss Manqiong has brought here."

Liu Manqiong said in some panic, "Uncle Nan, he is really an ordinary friend of mine, you should stop putting up smoke and mirrors here."

After saying that, she hurriedly greeted Ye Chen, "Mr. Ye, let's go."

Ye Chen nodded his head with the vendor, and then walked with Liu Manqiong towards the depths of the small food street.

After distancing himself from Uncle Nan's stall, Ye Chen asked her curiously, "Miss Manqiong, from what I heard from that Uncle Nan just now, you seem to be the landlord here, right?"

### **Chapter 4503**

Liu Manqiong blinked and gestured her slender jade hand along the direction of the head and tail of the small food street, and said with a smug smile, "This whole street, it's all mine!"

"Ho!" Ye Chen couldn't help but exclaim, "Boss is a big shot!"

Liu Manqiong laughed, "If you want to keep some people and things, you have to pay some price."

Just after she finished speaking, several vendors on the roadside saw Liu Manqiong and all said very respectfully, "Hello Miss Manqiong!" The first one was "Miss Manqiong, you're here!", "Miss Manqiong, you're here!" and "What would Miss Manqiong like to eat tonight?"

Liu Manqiong greeted them one by one and could even call them by their names.

The owner of this street at the time, in order to get rid of these vendors, increased the rent several times overnight after their leases expired, and many vendors could not afford to pay the rent, so they withdrew their stalls one after another. buy this place and give it to me no matter what, and as long as he was willing to buy it and give it to me, I would allow him to marry that woman into the family."

So I became the owner of this street as I wished, and all the stalls and shops on both sides of this street are mine! How's that for awesome?"

"Awesome." Ye Chen smiled and asked, "So you hired these stallholders back after you bought this street, right?"

"Yes." Liu Manqiong nodded, "I invited each and every one of them over and promised them that as long as they were still willing to open stalls here, I would never raise the rent, not only that, they operate here, all the expenses for water, electricity, cleaning and maintenance are all paid by me as well, these years prices have gone up so much that the rent they pay every year is actually not enough for the maintenance of this place, and every year they have to My dad's company subsidises another part of it."

Ye Chen smiled and said, "It seems that your father is still treating you well."

Liu Manqiong nodded, "He is very good to me because for so many years, he has been very eager to exchange my forgiveness."

Saying that, Liu Manqiong's expression gradually went cold as she said seriously, "But my mother was really suffering when she left, every scene of her from her illness to her death is still vivid in my mind to this day, so I will never forgive him in my life."

Seeing that Liu Manqiong's eyes were red, she seemed to have brought back some painful memories, so Ye Chen asked, "By the way Miss Manqiong, Uncle Nan said that you have never brought a boy here, why did you bring me here for dinner today when we first met at your house?"

Liu Manqiong brushed her lips, "Don't get ahead of yourself, I didn't want to bring you here!"

Ye Chen was busy saying, "Didn't you say at the dinner table that you would take me to eat some Hong Kong Island snacks in the evening?"

Liu Manqiong said offhandedly, "I did say that, but I didn't want to bring you here. The reason I said that was to make you back off, but I didn't expect you to have the cheek to agree."

Saying that, Liu Manqiong added, "Besides, there are more snack streets in Hong Kong Island, since you agreed, then I can get rid of you by finding a random one."

Ye Chen asked in confusion, "Then why are we here now?"

Liu Manqiong was speechless for a moment, and her fair face, not knowing whether it was because of nervousness or shame, actually flushed a few rates of red.

So, she hurriedly said with a stiff mouth, "The reason why I brought you here is because I am worried that Zhong's family will come here to retaliate against you, if they do come here, I have so many acquaintances here, so I can more or less cover you."

Ye Chen bristled, "I don't believe it, you think I still need someone to cover me?"

Liu Manqiong gave him a puffy white look and said, "Fine, fine, fine, you're the best! Aren't you going to Lan Kwai Fong tonight? I'm waiting to see you kill it all in Lan Kwai Fong!"

Ye Chen smiled and asked, "Do you really want to watch?"

Liu Manqiong gambled, "Yes! I really want to see it! I'm just afraid that you won't be able to cover it and I'll have to find a way to beg someone to save you!"

Ye Chen snapped his fingers and raised his eyebrows, "Since you want to see it, then I will definitely do what you want!"

#### **Chapter 4504**

Liu Manqiong was already completely helpless against Ye Chen.

Although she knew that Ye Chen was very strong, she still had no hope in her heart as to whether Ye Chen could overpower the Zhong Family and the Hong Clan or not.

However, she had already thought of a countermeasure in her mind.

If this matter really came to a dead end, she would go and beg her father to intervene.

If her father could not solve the problem, she would go straight to the police.

In today's case, it was Zhong Zitao who had followed them and even killed Ye Chen, so Ye Chen was considered to have defended himself.

When the time came, dad and the police would put pressure on the Zhong family and Hongmen together, and there might be a chance to mediate!

Afterwards, Liu Manqiong led Ye Chen, to a very busy wonton noodle stall.

Seeing that several small tables in front of the stall were already full, she smiled and said to that owner, "Uncle Cheng, business is so good today!"

Uncle Cheng looked up and saw her, not surprised at all, and said with a smile, "Miss Manqiong, we are all very happy to hear that you have taken a date!"

Liu Manqiong asked with a surprised look on her face, "This ..... Who said this ..... It's also too gossipy!"

Cheng Bo laughed, "Anan from the street said it in our whatsapp group! The whole street knows about it! He even took a picture of you and your boyfriend!"

Saying that, he took out a somewhat old smartphone and showed a photo of Liu Manqiong and Ye Chen secretly taken from the side and back in front of the two of them and said with a smile, "Miss Manqiong, you and your boyfriend, you're really a good-looking man and a good-looking woman!"

Liu Manqiong was helpless: "It's a shame that Uncle Nan doesn't become a paparazzi to write gossip news! I've said we're just ordinary friends ....."

With that, she hurriedly changed the subject, "Forget it, Uncle Cheng, please cook two bowls of wonton noodles for us."

He nodded and took out a folding table from underneath the stall that was obviously much cleaner than all the other tables, set it up in an open space, took out two more folding chairs and placed them at the ends of the table, and said to Liu Manqiong, "Miss Manqiong, you two sit down first, I'll cook it for you."

Liu Manqiong said, "Thank you for your hard work Uncle Cheng, I will go and buy some other things."

Uncle Cheng was busy saying, "Miss Manqiong, just sit down, tell me what you want to eat, I will ask them to send it over directly in the group."

Liu Manqiong said, "How inappropriate that would be ..... It's better for me to go by myself ....."

Cheng Bo laughed, "Miss Manqiong, the stalls you often go to are a bunch of old hags, you'll definitely be teased by them if you go."

"Wow ....." Liu Manqiong sat down at once and said with some trepidation, "Then it's better for Uncle Cheng to say something for me, I'd like to have a money tripe and a fish egg curry, the marinated water platter and the roast goose please also help me have one."

Uncle Cheng said with a smile, "Wait a moment, Miss Manqiong, I'll talk to them."

Ye Chen couldn't help but feel, "It seems like everyone likes you a lot."

“Yeah right.” Liu Manqiong said with a smile, “They have watched me grow up, and they probably also feel that they owe me some favours because of the stall, so they are all very nice to me.”

Ye Chen said seriously, “It’s true that they appreciate you, but it’s also true that they like you, and I can tell that each of them treats you like family, and their eyes are very pure.”

Liu Manqiong nodded and said with a smile, “I am also quite grateful to them, if it wasn’t for them, things would have been different here a long time ago, they are the ones who are here, together they have helped me keep the best memories of my life.”

## **Chapter 4505**

As she said that, Liu Manqiong said with some sadness, “Everything here is the same as before, except that they are old, I have grown up, and my mother is no longer here.”

Seeing that she was a bit depressed, Ye Chen said in a light-hearted manner, “My parents left very early, and after they left, I became an orphan and lived in the orphanage for ten years, compared to that, you are still much happier than me.”

“You’re an orphan?!” Liu Manqiong looked at Ye Chen in surprise, with an unbelievable face.

Ye Chen nodded and said, “Before I was eight years old, I was probably the happiest child in this world, I fell from the sky into a mud pit overnight, and then crawled around in the mud pit all the way to today.”

Liu Manqiong marvelled, “You’re so young to be in a key position at Isuzu Shipping, which proves that you’re still very capable as an individual.”

“Is that so?” Ye Chen suddenly scratched his head with some embarrassment and said with a smile, “Haha, it seems to be just like that.”

It was not good for him to tell Liu Manqiong that he was actually the big boss with the largest shareholding in Isuzu Shipping.

At this time, many middle-aged people with smiling faces walked quickly towards the two.

The one at the head of the group was the same Uncle Nan from earlier, only to see that he was holding a large box, not knowing what was inside.

When they arrived in front of them, Uncle Nan smiled and said, “Miss Manqiong, happy birthday!”

When he said that, Uncle Cheng, who was beside him, hurriedly opened the lid of the big box and inside was a beautiful birthday cake.

The crowd also cheered together and said in unison, “Happy birthday, Miss Manqiong!”

Liu Manqiong was dumbstruck and muttered, “It’s not my birthday today ..... My birthday is still more than ten days away ..... Uncle Nan, Uncle Cheng, what’s going on here?”

Uncle Nan laughed, “Miss Manqiong, today is the fourth day of the fourth month of the lunar calendar, it’s your birthday on the lunar calendar.

Liu Manqiong's eyes suddenly moistened, covering her mouth and whispering, "I don't even know myself ....."

Uncle Cheng said smilingly, "We all were preparing for this a few days ago, wanting to give you a little surprise, in the afternoon we were worried that you wouldn't come over today, but we didn't expect you to bring your boyfriend."

Two lines of hot tears slid across the corners of Liu Manqiong's eyes, and this time she didn't explain any further, but said with great gratitude, "Thank you all ..... Thank you ....."

Uncle Nan and Uncle Cheng both carried the cake and sang a Cantonese birthday song, "I wish you a long and blessed life, celebrate your happy birthday! Every year is today, every year is now! Congratulations, congratulations!"

The crowd that followed applauded, Uncle Nan handed two candles and a box of matches to Ye Chen and said with a smile, "Young man, Miss Manqiong's 24th birthday is today, it's her birth year, so we have prepared two candles, you can help Miss Manqiong light them up!"

Ye Chen nodded slightly and inserted the two candles, then lit them again.

The crowd hurriedly urged her to hurry up and make a wish and blow the candles.

Liu Manqiong looked at Ye Chen, closed her eyes, made a silent wish and then blew out the candles in the presence of the crowd.

Everyone cheered again, and then everyone served Liu Manqiong and Ye Chen a portion of their favourite meal or snack, as each portion was small, and Uncle Cheng said to the two of them, "We know that Miss Manqiong doesn't like to waste, so we have prepared a very small amount of each portion, if there is not enough to eat, just ask, and we will prepare more for you two! "

Liu Manqiong's eyes were red as she said, "Thank you all, so kind and remembering my birthday ....."

Cheng Bo smiled, "It's all as it should be, Miss Manqiong, I'll say something high on everyone's behalf, you are like our own daughter in our eyes!"

After saying that, he hurriedly said to the crowd, "Everyone disperse, disperse, don't disturb Miss Manqiong's duo!"

## **Chapter 4506**

When the crowd dispersed, they left behind a cake and a table full of food and snacks.

Liu Manqiong's eyes were still red, lost in thought as she looked at the food that was piled up all over the table, even to the second level.

Ye Chen looked at her and asked softly, "Miss your mother?"

Liu Manqiong came back to her senses and nodded gently, bean-sized tears rolling down her face, she hurriedly wiped them away with her hand and spoke, "Whenever it's my birthday, I miss her a lot ....."

Saying that, she hurriedly smiled slightly, looked at Ye Chen, stretched out her hand, and said with a bit of a petulant tone, "Give me a birthday present, anything."

Ye Chen said awkwardly, "Look at this mess, I didn't know it was your birthday today, and I didn't prepare anything in advance ....."

Liu Manqiong laughed, "It doesn't matter, anything will do, giving me a coin will do."

Ye Chen thought about it and asked her, "Do you want one of the Power Pills that cure all diseases?"

Liu Manqiong couldn't help but laugh, "No way ..... You really have a vigorous pill, huh?"

Ye Chen nodded and said seriously, "I'm not going to lie, I usually work part-time as a charlatan, and I usually always carry a few vigorous pills with me, and when I meet someone who can make good karma, I will sell them one."

Saying that, Ye Chen took out a wax-sealed blood dispersal heart-saving pill from his pocket, placed it in Liu Manqiong's hand, and said very seriously, "This will be my birthday present to you, wishing you a happy birthday!"

When Ye Chen said this, he paused and instructed, "You must put it away, never, never let anyone know or see it, let alone pass it on to others, it's best to carry it around with you, if you get seriously ill or injured in the future, take it out and eat it, it might save your life at a critical moment!"

Seeing how serious Ye Chen was, Liu Manqiong thought he was teasing her on purpose, so she said, "Okay, I know, next time when I have my period and I'm dying of pain, I'll eat it!"

Ye Chen said, "No, no, no! If the medicinal effect of this powerful pill of mine is a big bowl of rice, then something like an aunt's pain is like a hungry ant, you must not feed a big bowl of rice to this ant, you only need to pick out one grain from the bowl for it, it will be enough for it to live for a long time."

Saying that, Ye Chen added: "If you have a painful period next time, use a razor blade to gently scrape a little bit of powder off the top, soak it in water and take it, the effect will be absolutely immediate."

Liu Manqiong looked at Ye Chen with astonishment and asked, "Are you sure you don't want to wink at me or raise your eyebrows or something? You're talking so fussily, I'm almost taking it seriously."

Ye Chen laughed, "It's fine, just listen to it seriously."

Liu Manqiong did not believe it in her heart, but she still readily accepted the Blood Dispersing and Heart Saving Pill handed to her by Ye Chen and said with a smile, "Thank you! This is the first birthday present I've ever actively asked for from the opposite sex, and although it's more or less strange to receive a Power Pill, it's still very much appreciated and I'll treasure it!"

"Good." Ye Chen nodded and instructed, "You must remember what I said and repeat it in your head a few times to make sure you can recall it when you encounter unexpected events."

Liu Manqiong nodded repeatedly and said seriously, "Don't worry, I will!"

.....

While the two were eating down the street, Zhong's family was in a hurry like ants on a hot pot.

Tonight, Zhong Zitao's father, Zhong Yunqiu, was going to take Zhong Zitao to a banquet at the home of Hong Yuanshan, the master of the Hongmen Sect.

## Chapter 4507

However, Zhong Zitao had gone out for the afternoon and was late in coming back, and he could not get through on the phone, making him very anxious.

In the past few years, as Zhong Yunqiu's business became bigger and bigger, he actually wanted to leave Hongmen alone, but Hong Yuanshan was also the best of the best, and he didn't want to be treated like a night pot by Zhong Yunqiu, who would take him to pee on him when he was in use, and when he wasn't, he resented him for being smelly and wanted to kick him away.

Zhong Yunqiu also realises that Hong Yuanshan now sees himself as a cash cow, just as he did when he first used him as his backer, and is unwilling to let go of him.

Therefore, he can only try to find ways to stabilise Hong Yuanshan.

Hong Yuanshan has recently made a lot of money from his business of smuggling frozen meat, but he is suffering from the lack of scale, so he hopes that Zhong Yunqiu can step in and register a shipping company to pick up goods from overseas to Hong Kong Island for him.

In addition, he also wanted Zhong Yunqiu to pay for a number of powerful speedboats so that he could smuggle frozen meat directly to the mainland through this channel.

In order not to give Zhong Yunqiu a chance to refuse, Hong Yuanshan, as his godfather, was prepared to put himself down and invite his godson and grandson to the banquet, and then make his demand at the dinner table, thinking that Zhong Yunqiu would not be able to refuse.

However, Hong Yuanshan waited for a long time at home, but when he did not see Zhong Yunqiu, he became a bit annoyed.

He made a phone call and said, "Yunqiu! You've become an a\*shole now! Even I can't afford you anymore! I've been waiting at home for you to come to dinner for years, but I haven't seen you yet, what do you mean? If you despise me as your godfather, just say so, I, Hong Yuanshan, will never give you a hard time! I will never give you a hard time! I'll just feed you all the help I've given you in the past and we'll never see each other again!"

Zhong Yunqiu didn't know Hong Yuanshan's ruse.

This Hong Yuanshan was a trickster and a master at attacking the heart.

The reason he said this was to use retreat as an advance.

He expected that he would not be able to use this as an excuse to say that he would not be able to say anything to each other, so he deliberately showed his weakness while steadily taking the moral high ground.

At this point, he had no other choice but to apologise to him.

So, Zhong Yunqiu hastily said humbly, "Godfather, how could I look down on you? You have been my godfather for a day and for the rest of my life.

Hong Yuanshan questioned, "Then why haven't you come by now? You've gone too far, haven't you?"

Zhong Yunqiu said, "I'm innocent, Godfather! I was supposed to leave an hour ago, but Zi Tao went out this afternoon and told me that he would be back soon, but he hasn't come back yet, I called him, but his phone kept ringing off the hook, I was afraid something would happen to him!"

When Hong Yuanshan heard this, he shouted, "f\*ck! Who dares to touch my grandson, I'll blow his f\*cking head off! I may not have much success in my life, but I'm willing to risk my life! Yun Qiu, don't worry, if anyone dares to touch Zitao, I will help you kill him!"

An old man like Hong Yuanshan could never say anything with only one meaning.

The reason why he spoke so impassioned was, on the one hand, to reassure Zhong Yunqiu, but the bigger aspect was actually to knock Zhong Yunqiu.

The meaning beyond the words was simple: although he was old, he still dared to play with people's lives, and if you Zhong Yunqiu dared to play tricks with me, I would also dare to play with your life!

Zhong Yunqiu is also a human being, he understood the meaning of Hong Yuanshan's words almost instantly, but he was not in the mood for such things at this time, and hurriedly said, "Godfather, why don't you send some of your men to check for me, I'm really afraid that something will happen to this kid Zitao, he has never been unable to reach the phone before."

Hong Yuanshan said, "Yunqiu, don't worry, leave this to me, I'll send someone to check Zitao's whereabouts, tell me what time he left home in the afternoon, I'll have someone start checking from the moment he left home, we can definitely follow the vine and find out his clues!"

## **Chapter 4508**

When Ye Chen and Liu Manqiong had almost finished eating and started to cut the cake, a group of Hongmen's minions had already found Zhong Zitao's Rolls-Royce in the underground car park in Tsim Sha Tsui.

At that time, when Zhong Zitao was tracking Ye Chen and Liu Manqiong with Brother Wuji and the others, he thought he was smart enough not to drive his Rolls Royce, after all, the Rolls Royce's target was too conspicuous and he was afraid that Ye Chen would find out in advance.

However, at this moment, lying in the trunk of Liu Manqiong's car, he could never have dreamed that Ye Chen had already noticed them long before they set off.

When the Hongmen's minions found Zhong Zitao's Rolls-Royce, they reported to Hong Yuanshan while pulling up surveillance in the car park, looking for clues after Zhong Zitao had left the Rolls-Royce.

At this time, Zhong Yunqiu, who was anxious, also arrived at Hong Yuanshan's home and waited with him for news.

Soon, the junior in front returned with the information that Zhong Zitao had actually gotten into Brother Wuji's car, the Hongmen Double Flower Red Stick, and followed Brother Wuji and his group of juniors out of the car park!

When this news came back, Hong Yuanshan immediately instructed a middle-aged man beside him, "Instructor Lin, contact Brother Wuji and ask where this kid is now."

The man called Lin's head immediately nodded, picked up his mobile phone, found the number and dialed it.

However, there was a beep on the other end of the line that the other party could not be reached at the moment.

Sect Leader Lin frowned and said, "Sect Leader, I think Wuji's phone is not in the service area."

"f\*ck!" Hong Yuanshan blurted out, "Go find Wuji's minions and ask them all where they are!"

Instructor Lin immediately ordered it down.

The orders were relayed down layer by layer, and the news was reported up layer by layer, and the result obtained was that all the members of Hongmen who appeared in the video with Wuji, without exception, had all disappeared.

Upon hearing this, Zhong Yunqiu subconsciously said, "Godfather! Could it be that Wuji has turned against us and deliberately kidnapped my son to demand ransom?!"

Hong Yuanshan waved his hand, "You don't need to worry that it was Wuji who kidnapped Zitao, I know Wuji's situation very well, this kid's whole family is on Hong Kong Island, he doesn't have the guts to do so."

On the side, the head teacher Lin said keenly, "Sect master, Mr. Zhong, I suspect that young master Zhong and Wuji, they should have had some kind of accident."

Hong Yuanshan said in a cold voice, "I just don't believe that there is anyone on Hong Kong Island who dares to touch my godson and my men! Who is so bold?!"

Sect Leader Lin said, "Sect Leader, I have already asked someone to continue to trace the movement of Wuji and their vehicles, Hong Kong Island is not that big, we should be able to find out their whereabouts soon!"

"Good!" Hong Yuanshan immediately said, "Instructor Lin, this matter will be hard for you to handle personally! In case there is really any unexpected incident, I am afraid that only you, Instructor Lin, will be able to deal with it with ease."

With his hands clasped in a fist, Sect Leader Lin said in a loud voice, "Don't worry, Sect Leader, I will do my best!"

## **Chapter 4509**

After saying that, he said to the two men, "Sect Master, Mr. Zhong, I will take my leave first, and I will definitely tell you both as soon as I have any news!"

Godfather Lin turned and walked away. Seeing Zhong Yunqiu's anxious face, Hong Yuanshan reassured him, "Yunqiu, you don't have to worry too much, I believe that no one on Hong Kong Island would dare to do anything to them."

Zhong Yunqiu said with a bitter face, "Godfather, I'm not going to lie, even if that Wuji is not suspected, I'm afraid that there are other desperate people who want money more than life and have kidnapped Zitao for ransom!"

Hong Yuanshan waved his hand, "Yunqiu, it doesn't matter if someone from the outside kidnaps Zitao, Instructor Lin is a three-star martial artist that I've paid a lot of money for, with him around, no matter who dares to harm Zitao, I'll make sure he dies without a burial place!"

Zhong Yunqiu was surprised and asked, "A three-star martial artist? Godfather, where did you invite such a true god from?"

Hong Yuanshan smiled faintly and said arrogantly, "Instructor Lin used to be a three-star warrior in the famous Ten Thousand Dragons Hall, but he was expelled from the Hall two years ago for violating discipline. It was only after I had sacrificed my old face to make peace and then used various attacking tactics that I was able to take him under my command."

As he said that, Hong Yuanshan looked at Zhong Yunqiu and said seriously, "Look, a three-star martial artist is a great god in my place, and I have to make offerings every day, but now the income of Hongmen is not very optimistic, and I am under great financial pressure here."

Zhong Yunqiu's heart fluttered.

He had never known that there was still a three-star martial artist sitting here in Hongyuan Mountain, and right now his heart was also very worried.

After all, a three-star martial artist was so powerful that if he was used as an assassin, he could definitely kill people invisibly, which meant that once he tore himself apart from Hong Yuanshan, he would probably let himself die unnoticed.

Therefore, Zhong Yunqiu could not help but shrink his neck, and then hurriedly said, "Godfather, you don't need to be so polite with me! If there's anything I can do to help, you can just tell me."

After saying that, he deliberately pretended to remember something and said with surprise, "Right, Godfather, didn't that Liu Jiahui guy put \$30 million in secret to kill Chen Zhao Zhong, who had cuckolded him? Since that Lin instructor is already a three-star martial artist, if he is the one to take care of it, the 30 million dollars will be a breeze?"

Hong Yuanshan coldly snorted, "I'm not angry if you don't talk about this, it's true that Professor Lin is also very interested in this matter, but he has already greeted me this afternoon, saying that this is his personal act, and if he succeeds, then this \$30 million dark flower has nothing to do with Hongmen, it all belongs to him alone."

Zhong Yunqiu frowned, "There is still such a thing?! Then this Lin instructor is too blind, isn't he? Not to mention that he himself is a member of the Hong Sect, how could he possibly bypass the Hong Sect and act alone?"

Hong Yuanshan said angrily, "Earlier on, in order to clear the air with him and get him to work for me, I did agree to many of his requests, the most important of which was that he did not want to join the Hong Clan officially, but was hired to train the Red Batons for the Hong Clan in the name of the Sect Leader. , there's not much I can f\*cking do about it!"

“Tsk .....” Zhong Yunqiu could not help but frown and lamented, “It seems this man is indeed not so controllable!”

As he spoke, what he was thinking in his mind was that since this Lin Instructor had not officially joined the Hong Sect and was relatively money-loving, he might be able to find an opportunity to get in touch with him in the future, and it would be even better if he could make him work for him.

Hong Yuanshan was unaware of his petty thoughts and just took the opportunity to cry poverty, “Yunqiu, I originally thought that after the \$30 million Dark Flower was taken this time, Hongmen’s economic situation could have a bigger link, but now it seems that this matter is going to fall through, I’m afraid.”

Saying that, he raised his head to look at Zhong Yunqiu and said seriously, “Yunqiu, Hongmen can only rely on you to help more with the difficult situation at the moment!”

### **Chapter 4510**

Zhong Yunqiu knew that he would definitely have to bleed again this time.

However, now that his son was missing, he had to count on Hong Yuanshan’s help, so he could only ask respectfully, “Godfather, tell me, what kind of help do you need from me, as long as I can help I will do my best.”

Hong Yuanshan nodded in satisfaction and sighed, “It’s you Yun Qiu who knows how to repay kindness the best!”

Saying that, he sighed and added, “Ai! Recently, I’ve seen a bit of improvement in my frozen meat smuggling business, but it’s not as easy as I thought it would be, especially because the loss of frozen meat in the process of just arriving is too great, the anti-smuggling department has been keeping a close eye on this piece, and we’ve lost a lot of goods, so I want you to help me register a shipping company. walk some goods in.”

Zhong Yunqiu was shocked and blurted out, “Godfather, I spent so many years before I could easily clear my name, and now you are asking me to go back and register a company to do smuggling, in case this matter comes out in the east, my whole life will be finished!”

Hong Yuanshan waved his hand and said soothingly, “Yunqiu, don’t get so excited, I’m not saying that you should do this yourself, after you register the shipping company, just run some legitimate business normally, I will arrange for people to carry frozen meat in your normal transportation, under normal circumstances, absolutely nothing will happen, once something happens, you just need to find someone from your men to be your If something goes wrong, all you need to do is find someone from your staff to be your scapegoat and put this under his personal name.

Zhong Yunqiu listened in cold sweat and spoke, “Godfather, it’s not that I’m not willing to help, but this kind of thing is just too risky for me, and you know these media in Hong Kong Island, they love to dig deep and expose and make big stories .....”

The first thing that I would like to do is to give the money to the Hongmen, and since you have found me, I will not stand idly by.

Hong Yuanshan blackened his face, fiddled with the trigger finger in his hand and sighed, "Yunqiu, you are truly filial! A single word and you give me, a bad old man, three years and thirty million dollars, no one in the whole of Hong Kong Island can find a godson as filial as you."

At this point, Hong Yuanshan turned his words around and said seriously, "If I were just a bad old man, then this money would certainly be enough for me to spend until I die, but you mustn't forget that I still have thousands of mouths waiting to be fed under my hands, this amount of money is not enough for me."

"Besides, I used to just buy and sell goods, not caring about delivery, and a lot of the profits were taken away by the people in this part of the delivery chain, so I want to get it 20 or 30 big flies and do the delivery myself, to maximise Hongmen's profits! Buying the ships and putting out the labour, how can I prepare tens of millions of Hong Kong dollars?"
