

Ye Chen 4531

Chapter 4531

At this moment, Zhong Yunqiu, although he had been scared and his legs were weak, he still kept a fluke thought in his heart, that is, Ye Chen had finished off Hong Yuanshan today, or got Hong Yuanshan to Syria as well, in that case, he would be able to completely get rid of the time bomb that was Hong Yuanshan.

God knows how many hairs Zhong Yunqiu had lost over the years in worrying about getting rid of Hong Yuanshan.

Although he had tens of billions of Hong Kong dollars, there was nothing he could do about this dog's skin.

Hong Kong Island is such a small place, and there are thousands of members of the Hong Sect. If he really wants to tear his face off with him, Zhong Yunqiu is simply defenceless.

What's more, he still had a large amount of black history in the hands of Hong Yuanshan.

If Hong Yuanshan went cold, he would be the biggest winner.

As for the beating that his son received today, it was simply negligible.

However, he had never dreamed that Ye Chen had no intention of letting himself go.

Ten years and ten billion dollars, this not only sucked out all his current assets, but even his future profits had been siphoned off in advance.

He said in fear, "Mr. Ye I am here I have not offended you ah"

Ye Chen asked him rhetorically, "Didn't offend? Your son wanted to kill me first today, you found Hong Yuanshan to kill me afterwards, both your father and son want my life, and you tell me that you have not offended me?"

"I I" Zhong Yunqiu was speechless for a moment, stammering for half a day, and said fearfully, "Mr. Ye Even if I did offend you, you can't ask for 10 billion US dollars for 10 years, can you? That's nearly eighty billion Hong Kong dollars"

Ye Chen said in a cold voice: "Did I ask you?"

"This" Zhong Yunqiu was speechless all of a sudden.

He cried and said, "What's the difference between you asking Hong Yuanshan for it and asking me for it?"

Ye Chen looked at Hong Yuanshan and laughed, "Hear that, when your godson saw that you had lost your power, he didn't even bother to call you a godfather, don't forget that the reason why you fell into my hands today was entirely because of him."

If he hadn't asked for his help, how would he have offended Ye Chen, the true master of the Ten Thousand Dragon Hall?

Now that he was in this state, it was all thanks to him, but he still wanted to get out of the way!

Thinking of this, Hong Yuanshan gritted his teeth and shouted coldly, “Zhong Yunqiu, you ungrateful son of a b*tch! I’m lucky that Mr. Ye spared my life today, but wait, as long as I have a breath, I won’t let you get away with it!”

Zhong Yunqiu was scared out of his wits and waved his hands, “Godfather, don’t be angry, Godfather! I meant no disrespect to you! And you can’t blame me alone for what happened today

Hong Yuanshan said in a cold voice, “I don’t want to talk nonsense to you! Mr. Ye has already said that he wants me to come up with US\$10 billion in 10 years, and I will look for you to pay for this money! US\$1 billion a year, I’ll kill you for every cent less!”

Zhong Yunqiu almost collapsed and cried, “Godfather, you’re just asking for my life! A billion dollars a year, you might as well kill me right now!”

Hong Yuanshan looked at Ye Chen and said with an arch of his hand, “Mr. Ye, you only need to give me one word, I will immediately kill this ungrateful son of a b*tch!”

Ye Chen laughed, “You have so many minions here, on the contrary, he is just him and his son, you can kill him if you want, what does it have to do with me?”

Hong Yuanshan suddenly realized, and immediately said to all the disciples present, “Brothers! We are all in trouble today because of this Zhong! Now he’s playing a scoundrel and wants to clear his name, so let’s kill him together and settle our grudge!”

“Good!” As soon as they thought that they would be sent to Syria, they were all full of grievances and had nowhere to vent their anger.

As soon as they heard Hong Yuanshan’s words, they all seemed to be instantly activated zombies and pounced on Zhong Yunqiu, wanting to tear him alive.

Zhong Yunqiu was so frightened that he shouted, “Mr. Ye, please spare my life, I agree to everything you say! I promise everything!”

Ye Chen frowned and asked him in return, “What does it matter to me if you promise or not? I didn’t say that you have to pay for this, it’s your godfather who gave you this task, if you agree, you are also agreeing to your godfather.”

Chapter 4532

Zhong Yunqiu was completely convinced, he knew that Ye Chen was directly treating his godfather, Hong Yuanshan, as a black glove.

The dirty work of asking for his own money would definitely be done by his godfather Hong Yuanshan in the future, and nominally had nothing to do with him, Ye Chen.

As soon as he thought of this, he broke down in his heart and denounced Ye Chen as a devil who ate people without spitting out bones.

Ten years and ten billion dollars, this was a direct way to squeeze himself dry!

Thinking of this, he wept and begged Ye Chen, "Mr. Ye, please lower the amount appropriately, ten years of ten billion dollars is indeed too much, I simply cannot afford it, ten years of five billion dollars, I definitely have no problem with it!"

Ye Chen said, "Zhong Yunqiu, I have already investigated your situation before I came here, the assets under your name now add up to at least 60 to 70 billion Hong Kong dollars, and your business is doing very well now, your annual net profit is also several billion Hong Kong dollars, so giving your godfather a billion dollars a year is not a big problem for you at all, even if you take out this money, you would still be able to live a prosperous life."

Speaking here, Ye Chen gave a slight beat and said in a cold voice: "So I advise you better not be a miser, although money is a good thing, in front of life, it is nothing but an extraneous thing!"

When Zhong Yunqiu heard this, he knew that Ye Chen could not easily make things easier for himself.

Ten years and ten billion dollars, it seemed that there was no way to hide.

Otherwise, without even needing Ye Chen's hand, the anger-filled Hong Yuanshan would be able to kill himself a hundred times.

At this time, Ye Chen said to Hong Yuanshan again, "Hong Yuanshan, from now on, you are the fundraising manager of the Ten Thousand Dragons Hall, with the task of raising money for the Ten Thousand Dragons Hall, but your fundraising channel, I suggest you only put it on your godson alone, as long as you don't make any mistakes yourself, if your men don't obey your command, or if someone tries to kill you off, I, Ye Chen will never stand by and do nothing!"

Hong Yuanshan knew that Ye Chen was trying to back himself up.

Otherwise, if he lost control of the Hong Sect, or if Zhong Yunqiu hired someone to kill him, I was afraid that he would not be able to fight back.

With Ye Chen's words, at least the members of the Hong Sect would not dare to do anything to themselves, and Zhong Yunqiu would not dare to do anything to him.

Of course, Ye Chen had also said that this was on the premise that he had not made any mistakes.

This also meant that he must not rely on the Ten Thousand Dragons Hall and go and bully others with power.

However, that would be enough for him.

With this profound lesson today, he wouldn't dare to be high profile in the future even if he was asked to be high profile.

Zhong Yunqiu was also in a state of despair at this moment, knowing that under such circumstances, it would be impossible for him to tear his face off from Hong Yuanshan even if he wanted to.

If it was before, he would have taken out a large sum of money and hired someone to fight Hong Yuanshan to the death, or he would have left Hong Kong Island to develop elsewhere in the future.

But now, Hong Yuanshan is raising funds for the Ten Thousand Dragons Temple, and with the backing of the Ten Thousand Dragons Temple, if he fights him to the death, I am afraid that the Ten Thousand Dragons Temple will not stand by with folded arms.

To put it bluntly, Ye Chen was setting up a chain of traps, a chain of traps that were linked one to the other, and he had already eaten himself up completely.

So, he could only agree helplessly and spoke: "Don't worry, Mr. Ye I will definitely do my best to raise funds"

Ye Chen coldly asked, "What are you saying to me for? Do you have to say it to me? Did I ask you for money?"

"Yes, yes, yes" Zhong Yunqiu smacked himself and hastily confessed, "It was my cheap mouth that said the wrong thing, please forgive me Mr. Ye"

After saying that, he looked at Hong Yuanshan and said respectfully, "Godfather Please don't worry I will definitely do my best to raise funds Never make things difficult for you"

Chapter 4533

Ten years and ten billion dollars was basically the same as all the family business going up in smoke for Zhong Yunqiu.

However, the good thing was that Ye Chen had given him a full 10 years to pay this amount in instalments.

This meant that if he worked hard and did his best to make his business more profitable, he might still be able to keep half of his family fortune after ten years.

Therefore, he was forced to accept this reality in his heart. Apart from admitting his own bad luck, his greatest wish was to drag his still unconscious son over and beat him up.

At this time, Ye Chen said to Zhong Yunqiu, "After you leave here, if you dare to tell anyone, including your son, about what happened today, I will have the Ten Thousand Dragons Hall send someone to arrest your entire family to Syria, do you understand?"

Zhong Yunqiu was so frightened that his body shivered, and he nodded his head repeatedly and said, "Mr. Ye, don't worry, even if you give me 10,000 guts, I wouldn't dare to tell anyone about today's incident."

"Good." Ye Chen nodded and turned to Hong Yuanshan and said, "Remember, the same goes for you."

Hong Yuanshan said respectfully, "Don't worry, Mr. Ye, I will keep my mouth shut."

Ye Chen looked at him and said indifferently, "You have such a big grin on that mouth, I really don't know how you can keep your mouth shut, but I don't want to say anything superfluous, if you leak out what happened today, then you will end up just like Zhong Yunqiu."

Hong Yuanshan knew fearfully and said, "Mr. Ye, even if I die, I will not reveal what happened today."

Ye Chen nodded slightly in satisfaction and spoke, "Later when I'm gone, find a trustworthy hospital and sew up the corners of your mouth, everyone else will be sent to Syria, so no one will know what happened to you here today, but from now on, this face of your own should be well groomed, I suggest you get a mask to wear in the future, or if you don't show your mouth, you'll still be the same Hongmen Sect Master."

"Yes, yes, yes Thank you Mr. Ye for your generosity!"

Hong Yuanshan kowtowed his head in thanks while also finally breathing a sigh of relief.

What he was most afraid of was that after today's incident got out, he, the Hong Sect Master, would completely lose his majesty.

There are not many people who are righteous, but they are all very snobbish.

When you are in power today, they are all like dogs, wagging their tails and circling around you attentively.

But if you lose your power one day, they will not only draw a clear line with you, but some of them will even turn around and bite you with their teeth bared.

If everyone on Hong Kong Island knew that his mouth had been torn open today, thousands of his disciples under the Hongmen would be able to escape overnight.

But as long as he can keep the secret, then he will still be the master of the Hong Sect tomorrow.

The only difference was that those present today were over a hundred of his minions, who would be completely missing.

However, this was nothing at all to him.

Don't look at him as nothing more than a gang leader, but he knew very well in his heart the truth that one will make all the bones dry, losing a hundred or so of his minions with one foot in the air was nothing to him at all.

Ye Chen looked at Hong Yuanshan and said indifferently, "Your personal assets are to be donated by tomorrow night, you are not allowed to keep any house, a car, or even a single penny, do you understand?"

Hong Yuanshan cried out, "Sir, at least you can leave me a house, you can't let me live without a place to live at the age of 60"

Ye Chen said in a cold voice: "As far as I know, you have not only nightclubs but also hotels under your red name, I only asked you to donate the assets under your personal name, I didn't say that you should donate all the assets of the Hong Clan as well, how can you live without a place to stay?"

Hong Yuanshan was helpless and could only say honestly, "I understand, I will do as I am told!"

Chapter 4534

Ye Chen added: "Also, your first payment of one billion US dollars has to be made within three days, if the Ten Thousand Dragon Temple does not receive this money within three days, then I will be asking for you, do you understand?"

Hong Yuanshan nodded his head as if mashing garlic and said repeatedly, "Don't worry, Mr. Ye, I have understood, I will definitely pay the money to the account of Wan Long Temple within three days, if there is any delay in this money, I will kill my godson with my own hands."

Zhong Yunqiu's face turned green and he said with a sobbing face, "Godfather, don't worry, it won't take three days, I'll pay you the money within two days!"

Ye Chen smiled faintly and said to Wan Bajun, "Bajun, in the future, pay attention to checking and collecting this fund at this time every year, if the fund does not arrive after the time limit, make sure to send someone to find the responsible person for accountability at the first time."

Wan Bajun, an expert who had just stepped into the Dark Realm, was reasonably strong in heart and spirit, but he was still dumbfounded by Ye Chen's show, and did not come back to his senses for a long time.

It took Ye Chen less than a meal to settle the ten-year US\$10 billion funding for the Ten Thousand Dragon Temple. This efficiency, this technique and this micromanagement made even Wan Bajun's own jaw drop.

This also made him admire Ye Chen even more in his heart.

Unlike his own unsmiling ways all day long, Ye Chen was always able to deliver a fatal blow to his opponents between smiles, a realm that was completely beyond his own reach.

So, he said respectfully, "Mr Ye, please don't worry, my subordinate will definitely recover this fund on time!"

Ye Chen nodded and said casually, "I suggest you think of other channels, from this billion dollars, take out 100 million dollars each year and give it to Hamid secretly, to maintain the absolute interests of the Ten Thousand Dragon Temple in the region, you must ensure that Hamid's strength grows steadily, not to mention that this old brother is also an old acquaintance of mine, so for the sake of reason, we must pull him along."

Without thinking, Wan Bajun said, "Please don't worry, Mr. Ye, I will definitely hand over this money to Hamid through the safest channel at the first time."

"Good." Ye Chen smiled and spoke, "Inform those men of yours to draw a group of men over first, and send these young fellows of Hongmen on board, the construction in Syria is in full swing, and they are in need of elite young men like them to go over and contribute their share of strength."

"Good!" Wan Xiaojun immediately ordered Chen Zhonglei, "Zhonglei, inform this down and prepare immediately."

Chen Zhonglei immediately nodded, "My subordinates obey!"

The scene was immediately filled with sobs.

These punks, who were usually not afraid of anything, who had dragons and phoenixes tattooed on their bodies, who could hack their way from Causeway Bay to the New Territories with machetes in their hands, were crying like little girls of three years old when they thought that they were about to embark on a long ten-year journey to Syria.

Ye Chen was really disturbed by their girlish cries, so he said to Wan Bajun, "Bajun, take note of who is crying here now, and give them each another two years!"

As soon as the words fell, everyone immediately stopped crying, and some who really couldn't control it simply forced their faces to be covered, or bit their arms.

In their eyes, Ye Chen had become the devil of devils, and they would rather die than dare to mess with Ye Chen even a little bit more.

At this time, Ye Chen sighed and shook his head, "I thought the famous kooks of Hong Kong Island were strong, but I didn't expect that they wouldn't even last one round, what a big disappointment, it's no fun, I'll withdraw first."

After saying that, he looked at Liu Jiahui, who was still full of horror, and said with a smile, "Mr. Liu, according to our previous plan, I'll stay at your house for the night, is it still convenient?"

Chapter 4535

Ye Chen's words caused Liu Jiahui to instantly come back to his senses.

His entire body was overjoyed, so excited that his body trembled lightly, and he excitedly blurted out, "Mr. Ye, look at what you said, you are staying at my house, wasn't that what was agreed long ago? If you want to, it's no problem to stay forever!"

Ye Chen smiled faintly, "Mr. Liu is really too polite."

After saying that, he turned around and looked at Liu Manqiong, who had a shocked and stunned expression, and spoke, "Miss Manqiong, is it okay if I still go with your car?"

At this moment, Liu Manqiong was still unable to digest what had just happened, so her whole body seemed to be somewhat dazed.

When Liu Jiahui saw that Liu Manqiong didn't say anything, he hurriedly said, "Manqiong! Mr. Ye is talking to you, why don't you answer?"

Only then did Liu Manqiong come back to her senses, stroking the hair between her temples with a bit of panic, and said to Ye Chen, "You can"

Ye Chen nodded and turned to Wan Breaking Jun and said, "Breaking Jun I'll go first, I'll leave this place to you guys."

Wan Bajun arched his hand and said, "Okay Mr. Ye, my subordinates will do a good job of the aftermath."

Ye Chen turned to look at Hong Yuanshan again and said indifferently, "Master Hong, I'm leaving, do you have to do something to show me?"

Hong Yuanshan, who was kneeling on the ground, hurriedly bent down and said respectfully without raising his head, "Greetings to Mr. Ye!"

Ye Chen waved his hand, "What you did was wrong, what exactly should be done, I have just told you."

Hong Yuanshan's body trembled and he hurriedly let out a few dog barks, "Woof Woof woof"

Ye Chen nodded: "Mr. Hong does know the times, it seems that it is no accident that you have made it to this position today."

Seeing that Ye Chen was about to leave, Instructor Lin, who had been kneeling on the ground, summoned up his courage and blurted out, "Mr. Ye I dare to beg you to allow me to return to the Ten Thousand Dragons Hall I will be loyal to the Ten Thousand Dragons Hall! I will never break any rules of the Ten Thousand Dragons Hall again!"

Ye Chen glanced at him and said indifferently, "You have degraded yourself and aided the evil-doer, I am already being extraordinarily kind to you by not teaching you a lesson for the sake of the Ten Thousand Dragons Hall, how could I possibly allow you to rejoin the Ten Thousand Dragons Hall?"

With a shameful face, Sect Leader Lin lowered his head, not knowing what to say for a while.

Remembering something, Ye Chen spoke, "How about this, it just so happens that you and this group of Hongmen's sons are going to Syria for aid construction, and you are their head instructor, so this time you will continue to be their head instructor and keep these people under good control for me, and if you behave well enough, you can be considered to be allowed to return to the sequence of the Ten Thousand Dragons Hall."

Instructor Lin said gratefully, "Thank you, Mr. Ye! Thank you, Mr. Ye!"

Ye Chen did not look at him again and said to Liu Manqiong, "Miss Manqiong, please."

Liu Manqiong nodded somewhat nervously, before following Ye Chen out.

Liu Jiahui followed behind the two, his face already piled up with an excited smile.

Although he did not know until now what exactly Ye Chen's identity was, his heart was already bursting with joy when he saw Ye Chen walking so close to his daughter.

Before this he had only wanted his daughter to act as that carrot that attracted the donkey to pull the mill.

But now, Ye Chen was no longer a donkey in his eyes, but a superb man who was like a heavenly god descending to earth and covered with the aura of a strong man.

Now he could not wait for Ye Chen to grab Liu Manqiong's carrot and take a bite of it.

In fact, although Liu Jiahui was rich on Hong Kong Island, he was not at the top of his game.

Thinking about this, he could not help but feel in his heart, "In a place like Hong Kong Island, if you want to make it to the top, not only do you have to be rich, you also have to be dignified!"

Chapter 4536

“If you only have money and not enough majesty, very often you will attract trouble instead.”

“It’s like when the Li family was the absolute richest man on Hong Kong Island and so powerful, yet someone still dared to kidnap their eldest son!”

“The same goes for me!”

“Although I’m almost the richest man on Hong Kong Island now, I still don’t have absolute influence when it comes to people like Hung Yuen Shan.”

“If Hung Yuen Shan were to fight me, I would still be so f*cking scared that I would end up having to find someone to make peace or spend money to settle the matter.”

“It’s like when I first came over here today, I had to grit my teeth and agree to give Hong Yuanshan five million dollars to take my daughter away

“But

It’s obvious that his godson provoked my daughter, but I have to come up with five million dollars to pay him back, this is the biggest drawback of only having money, but no authority!”

“If I could have a backer like Ye Chen, it would be completely different!”

“What kind of existence is this Ye Chen? He is the true master of the entire Ten Thousand Dragons Hall! If I were to climb up with him, preferably making him Manqiong’s boyfriend, then wouldn’t I be able to walk around Hong Kong Island?!”

“I’m afraid it’s not just Hong Kong Island

I can walk across the world!”

At the thought of this, Liu Jiahui’s heart was excited beyond addition.

Outside the door of the Wave Club, apart from Liu Manqiong’s Tesla, there were several Rolls-Royces, two of which were the cars of Liu Jiahui and his entourage.

His entourage, at this moment, were all still waiting by the car.

When they saw him come out, they immediately said respectfully, “Master and Miss!”

“b*****d!” Liu Jiahui suddenly flipped his face and scolded angrily at several people, “Why don’t you greet Mr. Ye?!”

Several people were startled and hurriedly said to Ye Chen respectfully, “Hello Mr. Ye

Ye Chen felt amused, but also nodded politely as a response.

Liu Jiahui then said to Ye Chen with a flattering face, “Mr. Ye, since you want to take Manqiong’s car, then I won’t follow you to cause trouble.”

When Liu Manqiong saw her father’s flattering look, although she had an opinion in her heart, she could not show it.

So, she handed the car keys to Ye Chen and spoke, “Mr. Ye, you drive, I’m a bit tired and may not be able to drive.”

Liu Manqiong was not deliberately putting up a show, but what had just happened was too tense for her, her heart rate was still fast up to now and her whole body was a bit weak, so she really did not dare to drive.

Ye Chen also understood her situation and took over the car keys by hand.

But to his surprise, Liu Jiahui said with a reproachful face, "Manqiong! How can you call out to Mr. Ye! Don't forget that Mr. Ye is an honoured guest of our family!"

Ye Chen immediately spoke up, "Mr. Liu, this is a small matter, so don't get on the line."

When Liu Jiahui saw that Ye Chen seemed to be defending Liu Manqiong, he immediately piled on a smile and said happily, "Yes, yes! Mr. Ye, you are right to criticise, it is my fault, I am the one who went on the line."

After saying that, he hurriedly said to his daughter, "Manqiong, just now it was dad's fault, you mustn't be general with dad, if you are tired, just take a good rest on the passenger side, Mr. Ye will definitely take care of you."

Liu Manqiong didn't quite like her dad's face like that, so she walked to the car without looking back, pulled the door open and sat in the passenger seat.

Ye Chen looked at Liu Jiahui and spoke, "Mr. Liu, let's go first."

"Fine, fine!" Liu Jiahui said with a smile, "After you, Mr. Ye!"

Ye Chen got into the driver's side of the Tesla and had just put the car into motion when Liu Manqiong, who was on the side, looked at him and asked seriously, "Ye Chen, who are you anyway?"

Chapter 4537

"Me?"

Ye Chen smiled faintly and said blandly while driving, "I said ah, my name is Ye Chen, twenty-eight years old, a mainlander."

Liu Manqiong pursued, "Aren't you an assistant of Iso Shipping? If you are just an assistant of Isu Shipping, why does the entire Wan Long Hall belong to you?"

Ye Chen looked ahead, steering the vehicle to the left while casually saying, "I didn't create the Ten Thousand Dragons Hall, nor did I pay for its acquisition, it's just that I was kind to the Hall Master of the Ten Thousand Dragons Hall, Wan Bajun, so he voluntarily made the entire Hall loyal to me."

Saying that, Ye Chen paused and added: "As for the assistant of Isu Shipping, I am just a friendly guest, your family is also in the shipping business, you should have heard your father talk about it, Isu Shipping has the close cooperation of the Hall of Ten Thousand Dragons in this aspect of armed escort, so the shipping safety is number one in the world, and this is what I pulled the strings to make."

Liu Manqiong asked in disbelief, "Wan Breaking Jun is the master of the Hall of Ten Thousand Dragons, he needs people and money, so how could he owe you favours?"

Ye Chen laughed, "It might not be convenient to go into detail about this matter, but that is indeed the case."

Liu Manqiong asked again, "Then what exactly do you want to do on Hong Kong Island? I don't believe that you are such a big shot that you would come to Hong Kong Island personally just to talk to my father about a cooperation."

Ye Chen smiled and said, "Didn't I tell you? I am here to administer a justice."

Liu Manqiong pursued, "What kind of justice is it that requires you to come here personally to preside over it?"

Ye Chen thought for a moment and spoke, "The other party is a good friend of my father's who was alive, and he encountered some injustice, so I came to Hong Kong Island to help him administer this justice."

Saying that, Ye Chen didn't wait for Liu Manqiong to speak and continued, "If you are asking me what specific justice I am presiding over, then I may not be able to tell you for now, what I can tell you is that this justice will come soon and when this matter is over, I will leave Hong Kong Island and it shouldn't affect your life too much."

When Ye Chen said these words, he had actually made a plan in his heart.

Although Liu Jiahui was indeed not a good person and had once broken his promise to his own father, he did have a good daughter.

Therefore, for the sake of Liu Manqiong, he did not intend to give Liu Jiahui too harsh a punishment.

However, all this had to be based on, a successful resolution of all of Uncle Zhong's crises.

Let Uncle Zhong be able to live on Hong Kong Island in an open and honest manner, let Uncle Zhong and his family be free from any threats from anyone, and let all the so-called bigwigs on Hong Kong Island, including Liu Jiahui, treat Uncle Zhong with respect.

Doing this, and then giving Liu Jiahui appropriate punishment, in Ye Chen's opinion, was a successful solution.

In fact, after shocking Hong Yuanshan and Zhong Yunqiu just now, Ye Chen wanted to turn around and ask Liu Jiahui if he still remembered the promise he gave to Ye Changye back then.

But when the words came to his lips, Ye Chen held back.

The reason he did not open up his identity to Liu Jiahui directly today was that he did not want Liu Manqiong to know that he had come this time to teach her father a lesson.

Even if Liu Jiahui was a b*****d, he was still Liu Manqiong's father, and although Liu Manqiong had been full of ill feelings towards Liu Jiahui on the surface, Ye Chen could see that she still had a deep father-daughter bond with Liu Jiahui in her heart.

The fact that Liu Jiahui could buy a whole street for her, lose money so that Liu Manqiong, who had lost her mother, could restore her childhood memories, and dare to negotiate with Hong Yuanshan for her to enter a nightclub alone, also showed that he valued this daughter.

Therefore, Ye Chen had more or less changed his mind about Liu Jiahui and planned to avoid Liu Manqiong as much as possible when dealing with Liu Jiahui.

Chapter 4539

When Liu Manqiong heard Ye Chen's words, the wave of reluctance in her heart intensified.

She said with a fake relaxed smile, "Okay, then I will take you there tomorrow night."

After saying that, she suddenly found that she seemed to have run out of topics to talk about with Ye Chen.

She didn't dare to ask further questions about the previous topic, and now, she didn't know what she should talk to Ye Chen about.

In fact, there were many other things she wanted to ask Ye Chen, such as where he was from in the Mainland? She wanted to ask him if he was married at the age of twenty-eight, or if he had a girlfriend he was dating.

Or, ask him if he would like to stay on Hong Kong Island for a longer period of time, because there were many places she had never shared with anyone else, and she wanted to take Ye Chen along for a walk, a look and a taste.

However, none of these questions were something she dared to ask.

Firstly, she did not dare to ask, and secondly, she did not dare to hear Ye Chen's answer.

So, the car suddenly fell into silence.

It was rainy on Hong Kong Island, and halfway through the drive, rain began to fall from the sky. Liu Manqiong, who was still peeking at Ye Chen with her afterglow, was a little lost in thought as she looked at the raindrops on the car window.

Ye Chen looked at the car and glanced at her with his afterglow from time to time. When he saw her lost in thought, he subconsciously asked, "What are you thinking about?"

"Ah?" Liu Manqiong suddenly came back to her senses, straightened her soft hair, gave Ye Chen a faint smile and whispered, "Nothing, watching the rain."

Ye Chen was curious: "What's so beautiful about the rain, you like rainy days?"

Liu Manqiong shook her head, "No, I hate rainy days."

Ye Chen laughed, "Hong Kong Island is rainy, it seems to be not very friendly to you, someone who hates rain."

"Yeah." Liu Manqiong pursed her lips and laughed bitterly, "Many bad things will make people more frustrated if they happen on a rainy day, and then it will make them resent the rain."

Ye Chen seemed to have guessed something and nodded gently, then he immediately changed the subject and said, "Right Miss Manqiong, you are graduating from your PhD soon, right, what are your plans after graduation?"

After being stunned by Ye Chen's sudden jump in topic, Liu Manqiong realized that Ye Chen must not want to remind her of sad things, so she said with a smile, "I will graduate this summer, after graduation, I plan to go to Africa according to my original plan, to further implement the charity I have been working on, and then come back to find a job related to my major. After I graduate, I plan to go to Africa to further implement the charity I've been doing, and then come back to find a job related to my major."

Ye Chen asked curiously, "Why do you need to find a job? Wouldn't it be better to go to your father's company? You are the eldest daughter of the family, and in the future, his business will most likely be handed over to you to inherit."

Liu Manqiong shook her head and laughed, "I'm not really interested in his set of rules, and I've been reading Chinese from university to master's degree, so I don't know anything about finance and economics, so I can't do any work in this area at all."

Said Liu Manqiong, somewhat self-deprecatingly teasing, "Besides, you see how I am a suitable person for business, the snack street up to now, there is still a monthly deficit of 200,000 Hong Kong dollars to be filled by my dad, if he really gives me the business to inherit, I am afraid that it won't take long to lose his family fortune."

Ye Chen asked curiously, "How long has the snack street been bought?"

Liu Manqiong thought for a moment and said, "More than ten years, I think, the year my father got married."

Ye Chen asked her, "Do you know how much it cost when you bought it?"

Chapter 4540

"I forget" Liu Manqiong said awkwardly, "I'm actually not sensitive to this aspect, and I wasn't that old at that time, I just thought I just wanted to keep that street, so I asked my dad to pay for it, exactly how much it cost, I really don't know."

Ye Chen asked again, "Then how do you know that there is still a deficit of two hundred thousand dollars every month?"

"The manager told me." Liu Manqiong said, "Before I became an adult, my father had someone running this snack street, but after I became an adult, I was given the responsibility to manage it. I asked the manager to arrange for special cleaning staff to help everyone clean up, clean up the rubbish and catch the rats and cockroaches every day so"

Said, Liu Manqiong added: "Oh yes, before every month do not need to lose so much, now the deficit is more and more because the labor has been increasing in price, cleaning staff are more than 10,000 Hong Kong dollars a month, so the deficit is also more and more, from the beginning of several tens of thousands, to now 200,000."

As the words fell, Liu Manqiong's expression could not help but say with some shame, "Isn't it quite a failure to do business to the extent that I have?"

Ye Chen laughed: "I don't think so, your snack street place is so prosperous and so well maintained, I believe the land price should have gone up a lot over the years, maybe it has doubled many times, as for this loss you are talking about, it is likely that it is not even a fraction of the profit."

"Is that so" Liu Manqiong suddenly came back to her senses and said with some chagrin all of a sudden, "You're right" How come I never thought about this aspect for so many years" All I've thought about for so many years is that, well, my dad's business is getting bigger and bigger and doesn't care that the snack street is losing so much money every month, but I've never thought about it, the whole snack street land value appreciation"

After saying that, she couldn't help but smile and shake her head, "I really lack sensitivity to doing business, I belong to the talent-deficient one"

Ye Chen asked him, "What about your sister? Does she have a talent in this area?"

"Yes." Liu Manqiong nodded and said with a smile, "My sister is very good, she is studying finance in the UK, her biggest dream is to take over her dad's cla*s, so she works very hard in this area."

Ye Chen smiled faintly and said seriously, "If you don't like business, you can indeed choose a career that you like."

Saying that, Ye Chen asked her, "What is the job you most want to do?"

Liu Manqiong said seriously, "The Chinese Department is actually rather narrow in terms of employment, if you are on Hong Kong Island, the most common employment direction is similar to that on the mainland, which is to take the civil service exam, other than that, the media and schools are also two more common employment directions, if you get a PhD, then going to a top university to become a teacher is actually a very good development direction, I myself am inclined towards that. "

Ye Chen was surprised and asked, "You want to be a teacher?"

"Yeah." Liu Manqiong nodded and said very solemnly, "Teaching and educating people is a very sacred thing in my mind, if I can become a university teacher in the future, I will be satisfied."

Ye Chen smiled and asked her, "I heard that you are studying for a PhD at the University of Hong Kong, and you want to stay at the University to teach in the future?"

Liu Manqiong was silent for a moment, shook her head gently and spoke, "After all, Hong Kong Island is too small, and always staying here will make you feel a bit like sitting in a well and watching the sky."

Saying that, she looked at Ye Chen and said in a ghostly manner, "Actually" I have the desire to go over to the Mainland to have a look, I wonder if Mr. Ye would like to welcome me?"
