

Ye Chen 4541

Chapter 4541

“To the Mainland?”

Ye Chen looked at Liu Manqiong with some surprise and asked, “Aren’t you sad to leave Hong Kong Island?”

Liu Manqiong said slightly unnaturally, “That was before before because I was still in school, so I didn’t want to leave Hong Kong Island, but if you consider employment, there would be more room for development if you leave Hong Kong Island.”

Ye Chen nodded gently and said seriously, “If Miss Manqiong is really interested in the mainland, you can wait until you graduate and see the mainland, walk around first, then pick a city you like and try to develop a bit, after all, you have a high education and your family is so well off, no matter where you choose, it should be very easy.”

Liu Manqiong gave a hmph, wanting to ask Ye Chen which city he was in, but the words failed to come out of her mouth.

And at that moment, the rain on Hong Kong Island, was falling even harder.

Liu Manqiong’s phone suddenly rang and she received a push.

She glanced down at her phone and muttered, “The weather department says there’s a rainstorm tonight.”

“Torrential rain ah” Ye Chen smiled slightly, “Looks like those hundred or so Hongmen children will have to brave the rain to board the ship tonight.”

And at the same time, the Wave Club.

More than a hundred Hongmen sons and daughters, escorted by the generals of the Ten Thousand Dragons Temple, left the bar and headed for the port one after another.

The construction of the new base of the Ten Thousand Dragons Temple required a large number of labourers at the bottom, so these rich and powerful kooks became the best choice at the moment.

Moreover, for the Dragon Palace, 300 to 500 such labourers would not be enough to stuff their teeth, so naturally, more is better.

As Hong Yuanshan watched all of his men being escorted out, his whole body did not feel much sadness, instead, a strong feeling of gratitude surged up.

He sighed in his heart: “I never dreamed that the man named Ye would be so big. It’s a good thing I survived, not only do I not have to go to Syria to do the hard work, but I can also stay in Hongmen as the boss. We must keep a low profile in the future. Low-profile and low-profile again, never make a similar mistake again, let alone let that surname Ye have an opinion about me”

Thinking of this, he then immediately looked at Zhong Yunqiu and said in a cold voice, “The surnamed Zhong, I restrict you to credit me with one billion dollars before dark tomorrow, otherwise, I will never forgive you!”

Zhong Yunqiu said with a sobbing face, “Godfather are you still not sure about me? Since I have promised, I will definitely honour it

Hong Yuanshan said in a cold voice, “I wouldn’t dare to be your godfather Zhong Yunqiu! From now on, the godfatherhood between you and me ends here, don’t mention it again!”

Zhong Yunqiu said, “Godfather, I didn’t offend you, Godfather, I didn’t want things to turn out like this, please don’t be angry with me, after all, I’m the one who suffered the most.”

Hong Yuanshan said with a black face, “D*mn, I was afraid that you would grill me!”

After saying that, Hong Yuanshan added, “From tomorrow onwards, you and I should not have any contact with each other except for the matter of raising funds for the Ten Thousand Dragons Temple, and I will not ask you for an extra penny, I’ve f*cking figured out now, what with money or not, it’s not as important as living well, so you’d better not let me see you again in the future either.”

Zhong Yuanqiu was busy saying, “Godfather, you and I are also in common trouble today, why do you have to turn against me

Hong Yuanshan blurted out, “Laozi is different from you! I am now the fundraising manager of the Ten Thousand Dragons Temple! As long as I don’t cause any trouble, Mr. Ye and the Dragon Palace will take care of me! You’re a f*cking scourge, stay as far away from me as possible!”

Zhong Yuanqiu was stunned and wanted to say something, but he swallowed back the words on the edge of his mouth.

The way he had treated Hong Yuanshan before was like a scum who had played with his woman and then had to kick her away.

It was just that he had never found a reason or excuse to break up peacefully, and he had even been trying to get the woman to talk first.

But he didn’t expect that when the woman really opened her mouth and said she was breaking up, he would feel so bad in his own heart.

Chapter 4542

If he didn’t have this relationship with Hong Yuanshan, he would be without a backer in Hong Kong Island in the future, and the two of them could be considered to have suffered together, and the loss of US\$10 billion in ten years Zhong Yuanqiu had already swallowed into his stomach, so when he looked at Hong Yuanshan now, he didn’t feel that his previous act of asking for money was excessive at all, instead, he felt that the little money he asked for, compared to Ye Chen, could be considered to be a cosmic-level good man.

Therefore, he was actually hoping to report to Hong Yuanshan for warmth at this time of trouble.

But unexpectedly, Hong Yuanshan had shunned him.

Zhong Yunqiu was helpless and could only sigh deeply, sighing in his heart.

At this moment, Hong Yuanshan on the side seemed to be very disgusted with him and said offhandedly, "There is nothing more for you here, why don't you get lost? Do you have to stand here in my place and be an eyesore?"

Zhong Yunqiu sighed, looked at Lu Haotian and asked respectfully, "Excuse me, can I go now"

Lu Haotian threw Zhong Zitao, who was carried on his shoulder, in front of him and said in a cold voice, "Take your son away."

Zhong Yunqiu gave Zhong Zitao a disgusted glance, his anger all over his body.

This loser had ruined his family's fortune by ten billion dollars in one afternoon, and he had already done his duty by not beating him to death on the spot, let alone taking him home again.

Zhong Yunqiu had the heart to break off his father-son relationship with this boy immediately, just as Hong Yuanshan did not want to see himself, and he did not want to see this loser son again either.

So he gambled and said, "I don't want this boy anymore, leave him to fend for himself by the roadside!"

Lu Haotian asked rhetorically, "Are you ordering me to do something?"

Zhong Yunqiu was busy waving his hands and said, "I dare not dare not"

Lu Haotian coldly said, "If you still want this kid you can take it away, if you don't want it I'll just have someone send him to Syria with it, if you don't say anything then by default you choose the latter, I'll give you three seconds to think about it, one, two, three!"

Before Zhong Yunqiu could react, Lu Haotian spoke, "Since you don't want him, then we at the Ten Thousand Dragons Hall will reluctantly accept him."

Zhong Yunqiu was so frightened that he quickly knelt down and begged, "I want him, I want him! He is still my son after all, I want to take him away!"

Lu Haotian cursed, "Take him away if you want! If you don't get out in a minute, I'll put him on the boat!"

"Go, go, go, I'm going" Zhong Yunqiu was so anxious that he nearly burst into tears, and busily carried Zhong Zitao laboriously on his shoulders as he stumbled and fled out of the Wave Club.

At this time, it was already raining heavily at the entrance of the Wave Club.

And because Zhong Yunqiu had followed Hong Yuanshan's car directly from his home, he did not have his driver and entourage follow him over. Penchak Novel [△Net △WwW.HaOblquGe.COM](http://www.HaOblquGe.COM)

Originally, he thought that Hong Yuanshan, who always liked to get money from himself, would definitely be able to help him get his son back and would definitely make proper arrangements for other things when the time came.

But to his surprise, things would end up like this.

The helpless Zhong Yunqiu could only stop a taxi at the roadside and take the unconscious Zhong Zitao with him to the hospital in a mess.

When they arrived at the hospital, the emergency doctor confirmed that Zhong Zitao's life was not in danger.

This gave Zhong Yunqiu a slight sigh of relief.

At that moment, the doctor told him, "Mr. Zhong, Young Master Zhong has woken up."

Zhong Yunqiu hurriedly entered the ward, only to see Zhong Zitao, who was lying on the bed with a bruised nose, crying out as soon as he saw him, "Dad I let someone beat me up ah dad you must let my godfather help me take my revenge ah dad! "

The doctor hurriedly said, "Young master Zhong, you have just awakened now, you must not be so emotional!"

Just as he finished speaking, he saw a black shadow flash by his side.

The next thing he saw was Zhong Yunqiu jumping onto the bed like a madman, kicking Zhong Zitao with his foot while cursing hysterically, "You son of a b*tch, you've caused me so much trouble, and you still have the f*cking nerve to ask me to take it out on you! See if I don't beat you to death today!"

Chapter 4543

Zhong Zitao just woke up, covered in pain as well as full of aggression, seeing his own father was about to release, but never dreamed that his own father would treat him like an enemy, rushed up and kicked him a lot!

He was already in pain and was kicked several times by Zhong Yunqiu, which caused him to cry out, "Dad are you crazy what are you hitting me for"

"I hit you for what?" Zhong Yunqiu panted and cursed, "I hit you because you son of a b*tch caused me a lot of trouble!"

After saying that, Zhong Yunqiu rode on top of Zhong Zitao, grabbed the collar with one hand, slapped his face with the other, and cursed, "You son of a b*tch, all you know is to cause trouble for me all day long! I'll be P*ssed off at you sooner or later!"

Zhong Zitao cried out, "Dad what did I do wrong I was beaten up like this, it's okay if you don't avenge me, but you still beat me... .."

Zhong Yunqiu was so angry that he was about to explode, but he didn't dare to say the true cause.

He knew his loser son very well, he liked to cause trouble for one thing, and he had little ability to be a man of the city for another. If he told him about today's incident, his broken mouth would definitely spread, and if Ye Chen found out, it would be all over.

So, he could only stare at Zhong Zitao and said viciously, "Listen to me! From now on, don't talk about the beating you took, and don't try to seek revenge on the other side, or else I'll break both your legs and keep you at home like a dog, and never let you go out for the rest of your life! Do you understand?!"

Zhong Zitao was frightened by his dad's fierce look.

He had never seen his father look so fierce in his life. Although he didn't know why his father had turned into this state, he also vaguely realized that he had probably made a big trouble today, so he could only hold back his aggression and nodded his head in tears and said, "I understand dad"

Still not relieved, Zhong Yunqiu slapped him hard across the face again, then said to the doctor, "From now on, don't let him leave this ward for the next two weeks!"

The doctor nodded in a hurry.

Zhong Yunqiu looked at Zhong Zitao again and gritted her teeth, "If you dare to step out of this ward without my permission, I won't have you as a son, get as far away as you can!"

Zhong Zitao shivered in fear and said, "Dad, I want to see my mother, Can you ask her to come here?"

Zhong Yunqiu cursed, "Let her come, my a*s! You immediately send a text message to your mother, just say that you are going abroad with your friends for a few days, and when you have recovered from your injuries, you can meet with your mother again!"

.....

Meanwhile.

When Ye Chen and Liu Manqiong arrived at the Liu family's mansion in Shixun Road, Liu Jiahui, who had been following behind, arrived at almost the same time.

When Ye Chen had just stopped the car and was unbuckling his seatbelt to get out, Liu Jiahui had already gotten out of the car quickly and ran wildly to the Tesla, and diligently opened the door for Ye Chen.

Ye Chen didn't even think that this old man, with such a fat body, could sprint so fast.

At this point, Liu Jiahui was already standing outside the door, smiling respectfully, "Mr. Ye, please."

Ye Chen smiled faintly, "Mr. Liu is really too polite."

Liu Jiahui was busy saying solicitously, "I should, I should."

Saying that, he hurriedly asked Ye Chen again, "How did Mr. Ye eat tonight? If you are not full, would you like to have another snack? I've just asked the housekeeper to buy you some roast goose, would you like to have some when it comes back? We can have another couple of drinks on the way."

Ye Chen smiled, "I thought Mr Liu didn't like roast goose."

Liu Jiahui blurted out, "Yes, I like it very much!"

Chapter 4544

Ye Chen nodded and said, "Mr. Liu, don't bother so much, Miss Manqiong took me to a very good dinner tonight and I can't eat any more late night snacks, besides it's getting late today, so if we have anything to do, we can talk slowly at your company tomorrow."

Liu Jiahui waved his hand and said, "It's fine, it's fine, we can talk whenever we cooperate, it's better to let Manqiong show you around again tomorrow, you young people definitely have more common topics together."

After saying that, he hurriedly asked Liu Manqiong, "Manqiong, you should have nothing to do tomorrow, right? If you are fine, you can continue to keep Mr. Ye company."

Liu Manqiong was delighted and almost agreed to do so then, but before she could say anything, Ye Chen spoke directly, "Miss Manqiong has a charity sale in Tsim Sha Tsui tomorrow, so I won't delay her time"

Liu Manqiong's heart was suddenly a little lost.

In fact, she wanted to say that she could say hello to her classmates about the charity sale and that it was fine if she didn't have to go.

However, Ye Chen had said so, he could not have the cheek to refute it, so he could only nod and say, "Dad, I have some business over in Tsim Sha Tsui tomorrow, I'll take Mr. Ye to dinner after it's over, and you can talk about cooperation during the day."

Seeing this, Liu Jiahui could only nod and say, "Good, then tomorrow I will take Mr. Ye to the company, you can come to the company directly to find us after you are busy."

"Good." Liu Manqiong nodded gently.

After the three of them returned to the villa, Liu Jiahui then said to Ye Chen, "Mr. Ye, it's getting late today, let Manqiong take you to the guest room to rest, I've already had the guest room packed up, it's opposite Manqiong's room."

Liu Manqiong was surprised to hear that the guest room at home was not at all on the same floor as herself, and the room opposite her room was specially prepared for her good girlfriends to spend the night at home, and she had specially explained that it must never be used to entertain other guests.

But unexpectedly, dad had arranged for this room to be given to Ye Chen.

I guess this was specially arranged by dad to have the maids expedite the preparation on the way here.

However, Liu Manqiong did not feel any anger in her heart, instead, an inexplicable delicate shyness welled up.

She then said to Liu Jiahui, "I know dad, you go back and rest, I'll take Mr. Ye to the guest room."

"Good!" Liu Jiahui laughed and spoke, "You guys go ahead, I'll go back to my room too."

As he watched Ye Chen and Liu Manqiong enter the lift, Liu Jiahui was overjoyed in his heart.

He had never dreamed that Ye Chen had such strength, if he could really be captured by his daughter, then he would really take off again!

Just when he was excited about his new centre, his assistant Ah Min came up quickly and whispered in his ear, "Chairman, I just received news from the US, Chen Zhao Zhong has already boarded the plane."

“So soon?” Liu Jiahui asked in surprise, “Didn’t you say the process might take another two days?”

Ah Ming explained, “I heard that there was a backlog of illegal immigrants on hand over there, so it was expedited a bit.”

Liu Jiahui asked, “When will the plane arrive on Hong Kong Island?”

Ah Ming said, “Around two o’clock tomorrow afternoon.”

“Great! That’s great! I’ve been so lucky lately!” Liu Jiahui said excitedly, “When he arrives at 2pm tomorrow, he will definitely be handed over to the customs first, and after the customs process, he will be released.

Chapter 4545

Ye Chen followed Liu Manqiong and took the lift to the third floor of the villa.

Liu Manqiong brought Ye Chen to the centre of the two room doors and pointed to the room on the right hand side and said to Ye Chen, “Mr Ye, this is the guest room where you rest, inside is a suite with a usable area of almost 80 square metres, with a living room, bedroom and separate bathroom.”

Saying that, she opened the door of the room and led Ye Chen inside.

What opened the door and entered was the living room of this suite, which was almost more than 30 square meters in size, and was very luxuriously decorated with all kinds of furniture and appliances.

Liu Manqiong said to Ye Chen, “Mr Ye, just treat this place as a hotel, if you need anything, call the housekeeper directly, he will arrange someone to serve you at the first time, besides, I live opposite you, if you need anything, you can also come to me.”

Ye Chen thanked, “Okay Miss Manqiong, I understand, thank you.”

Liu Manqiong nodded and said slightly shyly, “Mr. Ye, it’s getting late, if there’s nothing else, I won’t disturb your rest.”

Ye Chen smiled faintly and said, “Good, Miss Manqiong also rest early.”

Liu Manqiong was busy saying, “Oh yes Mr. Ye, it’s better not to call me Miss Manqiong, just call me Manqiong directly.”

“Okay.” Ye Chen was not polite, so he said, “Then let’s call each other by our names from now on, and don’t call each other Mr. and Miss either.”

Liu Manqiong’s cheeks reddened slightly as she whispered, “Mr. Ye can call me Manqiong directly, but according to our custom, we still prefer to address men as sir.”

Saying that, she then asked Ye Chen, “Mr. Ye, I wonder which communication software you usually use? Is it WeChat or?”

Ye Chen said, “I use WeChat, but it seems that you use it more on your side?”

“Right.” Liu Manqiong said, “Most people use it, but there are also some people who use both apps, after all, we all have a lot of mainland friends too.”

Saying that, Liu Manqiong took out her phone, opened her WeChat and said to Ye Chen, "Mr. Ye, if it's convenient, let's both add a WeChat friend."

"Good." Ye Chen also took out his mobile phone and added WeChat friends with Liu Manqiong.

When Liu Manqiong saw that Ye Chen had passed his friend application, she felt a burst of joy in her heart and said, "Mr. Ye, I'll go back to my room first then, you can also tell me on WeChat if there's anything."

"No problem."

Liu Manqiong smiled and waved her hand, "Good night then Mr. Ye."

The moment she closed the door behind her, she leaned against the door and covered her chest with her hands, her face flushed much deeper than before.

After her mood had calmed down a little, she immediately opened her mobile phone and entered Ye Chen's circle of friends, wanting to see more information about him from his circle of friends.

But unfortunately, Ye Chen himself was not a person who liked to post friends.

His circle of friends was set to be visible for six months, but he hadn't posted a single friend circle in the past six months.

When Liu Manqiong found out that Ye Chen's circle of friends was empty, she couldn't help but feel a little lost in her heart.

But when Liu Manqiong thought about it, not loving to send out friend circles is also in line with the character of a person like Ye Chen, who is very low-key himself and naturally cannot be the kind of person who often sends out friend circles to showcase himself.

.....

This night, Liu Manqiong lay in bed tossing and turning, almost losing sleep.

This is the first time in her life that she has been unable to sleep at night because of a man.

The next morning, Liu Manqiong got up from bed, thinking that Ye Chen must still be resting in his room, but when she arrived downstairs she found that Ye Chen had already eaten breakfast and was ready to go out.

Chapter 4546

She asked Ye Chen with some surprise, "Mr Ye, what are you doing out so early?"

Ye Chen smiled, "I want to go out for a walk and a casual look around, and it's also a good time to see how many mansions Shi Xundao actually has."

Liu Manqiong was surprised and asked, "Mr Ye, you don't want to buy a house in Shixundao, do you?"

Ye Chen laughed casually, "Yes, and no, even if I do, I am not the one to buy it."

Liu Manqiong didn't quite understand the meaning of Ye Chen's words, but it sounded as if Ye Chen was very interested in Shi Xun Dao, so she was delighted and quickly said, "If Mr Ye is interested in the houses here, I can help introduce you to them, next door to us is the Huo House which is for sale, it is the property of the Huo family on Hong Kong Island."

Ye Chen smiled, "Then I'll go out and have a look around."

Liu Manqiong was busy asking, "Do you need me to accompany you?"

"No need." Ye Chen said, "Don't you have something to do later?"

As he said that, he noticed that Liu Manqiong did not look well, so he asked curiously, "Manqiong, did you not sleep well last night?"

Liu Manqiong was a little embarrassed for a moment and said in a stammering voice while fixing her hair, "It rained all last night so I couldn't sleep... .."

Ye Chen didn't think much of it, nodded gently and said to her, "You look so bad, and you have to go to Tsim Sha Tsui and be busy all day, I'm afraid your body can't carry it."

Saying that, he walked up to Liu Manqiong and spoke very seriously, "Come, hand me your hand."

Liu Manqiong did not know what exactly Ye Chen wanted to do, but still with a red face, she handed him her right hand.

Using his own finger belly, Ye Chen squeezed her tiger's mouth a few times with a little force and said, "There are many acupuncture points on the palm and tiger's mouth, if massaged properly, it can quickly raise one's spirit and can make one energetic throughout the day."

As he spoke, a trace of spiritual energy was quietly transferred into Liu Manqiong's body.

Liu Manqiong did not believe it at first, it was not that he did not believe in acupuncture points and massage, he just did not believe that pressing the palm of his hand could invigorate the whole person.

However, as Ye Chen squeezed a few times, she felt that her whole body was much more comfortable, and her tiredness from not sleeping much all night instantly disappeared without a trace.

In its place, she felt as if she had slept for more than ten hours in one breath, and her whole body was indescribably refreshed.

Then, she couldn't help but exclaim, "This is too amazing, Mr. Ye, how did you manage to massage two times and have such a strong effect?"

Ye Chen smiled, "I have learnt some Chinese medicine massage techniques before."

Liu Manqiong exclaimed, "I really didn't expect that just a massage could have such a good effect!"

Ye Chen smiled faintly and said, "Manqiong, you should go to the restaurant to eat first, I'll go out for a walk."

“Good.” Liu Manqiong nodded and said, “If Mr. Ye has any questions, you can always ask me on WeChat, and if you see any house, you can take a picture of the door number and I’ll have someone ask around for you.”

“Okay.”

Ye Chen agreed and then waved his hand with Liu Manqiong before leaving the Liu family mansion alone.

As he had just told Liu Manqiong, he did intend to buy a house in Shi Xun Dao, but, instead of buying it himself, he intended to let Liu Jiahui pay for it.

Moreover, after buying it, he did not intend to live there himself, but intended to let Uncle Zhong and his family live there.

Liu Jiahui was aggressive and murderous towards Uncle Zhong, so although Ye Chen did not intend to make things too difficult for him, it was still essential to frustrate his dignity and sharpness ruthlessly!

Chapter 4547

As Ye Chen wandered around Shixun Road, he felt more and more that this place was uniquely located.

In Hong Kong Island, where every inch of land is gold, Shixun Road does not look half crowded, and the density of luxury houses around Panshan Road is not too high, each villa is a single manor house.

Coupled with the warm and humid climate in the south, living here is not only quiet, but also comfortable.

He saw the Huo family mansion that Liu Manqiong had mentioned, the doors of the house were closed and it looked as if no one had lived there for some days, although the façade of the house was slightly old, the overall look was still very grand.

Ye Chen skipped around and when he returned to the Liu family villa, Liu Manqiong happened to come out of it, and when she saw Ye Chen, her pretty face flushed, so she opened her mouth and asked, “Mr. Ye, how was the turn?”

Ye Chen laughed: “Quite well, are you getting ready to go out?”

“Right.” Liu Manqiong smiled, “I’ll try to finish early today and pick you up from my dad’s company at that time.”

“Good.” Ye Chen nodded and said, “But there’s no rush, you should get busy with your business first.”

Liu Manqiong then said, “Okay Mr. Ye, I’ll leave first then.”

Ye Chen instructed, “Be safe on the road.”

Only after seeing Liu Manqiong drive away did Ye Chen leisurely walk into the villa.

As soon as Liu Jiahui saw him, he came forward with a smile on his face and said smilingly, “Mr Ye, I heard from Manqiong that you are interested in buying a property in Shixundao?”

Ye Chen said casually, "No no, just casually looking around."

Liu Jiahui said without thinking, "Mr. Ye, Shixundao is definitely a good place, if you are interested in a house here, I can give you one!"

Ye Chen waved his hand and said, "As the saying goes, you don't get what you deserve, how can I accept such an expensive gift from Mr. Liu."

Liu Jiahui said incomparably serious, "Mr. Ye, you and I have met each other as soon as we met, and my daughter and you get along very well, so I am giving you a house so that you can come to Hong Kong Island for a small gathering in the future, this is also a common sense!"

At this time, Fang Jiabin walked up quickly and said with a flattering face, "Yes, Mr. Ye, Jiahui told me tonight that he would like to be close friends with you, he seldom admires others, and you are the first one."

Ye Chen did not expect that Fang Jiabin's attitude towards herself would change so obviously.

Yesterday, she seemed to have some disdain for her, but today she suddenly changed her ways and started to compliment you.

However, Ye Chen did not feel surprised.

After all, she was Liu Jiahui's pillow, and last night Liu Jiahui would definitely tell her everything that happened at the Lan Kwai Wang Hongmen Bar, so today Fang Jiabin's attitude naturally changed 180 degrees when she knew that she was a big deal.

So, Ye Chen laughed lightly and spoke, "Mrs. Liu is really too polite, I have no idea of settling in Hong Kong Island for the time being, let's wait for some years."

When Liu Jiahui heard this, he hurriedly said, "Mr. Ye, nowadays, society is so developed that the concept of settling down has long ceased to exist. Even if you usually live in the Mainland, as long as you want to come to Hong Kong Island, you can get on a plane and arrive in two hours."

If Mr. Ye wants to come to Hong Kong Island, just call me a few hours in advance and I will immediately arrange for a plane to pick you up, and after the plane lands at the airport, you don't even need to take a car anymore, I will directly arrange for a helicopter to bring you to Shixundao. You can come to Hong Kong Island for a couple of days and then go back, in fact, it's no different from coming out for a weekend.

Chapter 4548

Mr. Ye must have his own business in the Mainland, but he can definitely have a good rest on weekends. Otherwise, you should pay for the house of the Huo family next door, have it renovated and give it to Mr. Ye, and send a plane to bring Mr. Ye to Hong Kong Island every Friday for a holiday. "

Ye Chen smiled, "Thank you both for your kind words, but this matter doesn't sound too suitable for me, but for one of my elders."

Saying that, he changed the subject and said to Liu Jiahui, "Mr. Liu, let's go to your company for a chat later?"

“No problem!” Liu Jiahui said excitedly, “I’ll have someone prepare the car now!”

Fang Jiaxin asked at the side, “Jiahui, are you and Mr. Ye still coming back to eat at noon? Do you want me to prepare lunch in advance?”

Liu Jiahui waved his hand and said, “No, I’m not coming back, I’m going to take Mr. Ye to Long Jing Xuan at noon to try some authentic Hong Kong Island cuisine.”

Fang Jiaxin was busy saying, “In that case, do I need to go to Long Jing Xuan in advance at noon to make some arrangements?”

“That’s fine.” Liu Jiahui said with a smile, “You make the arrangements in advance, I’ll give Manqiong a call then and ask her to come along then too.”

“Good.” Fang Jiaxin said with a smile, “Then I will just contact Manqiong when the time comes, you and Mr. Ye focus on business.”

Liu Jiahui nodded in satisfaction, and by this time, the driver had already driven the car to the front, so he smiled at Fang Jiaxin and said, “Jiaxin, then I will go with Mr. Ye first, call if there is anything.”

Fang Jiaxin smiled and said, “If there’s anything I need to arrange for you guys in advance in the afternoon and evening, feel free to let me know, I’ve put off all my innings for today.”

“Good.” Liu Jiahui smiled dotingly, “You still know best.”

After saying that, he said to Ye Chen, “Mr. Ye, shall we go?”

Ye Chen nodded and sat in the back of the Rolls-Royce together with Liu Jiahui, before leaving Shi Xundao’s villa under the attention of Fang Jiaxin.

As the car drove out, Ye Chen looked at Liu Jiahui with interest and said with a smile, “Mr. Liu and Mrs. Liu are very affectionate.”

Liu Jiahui smiled and sighed, “Mr. Ye, I’m not going to lie to you, I’ve seen countless women over the years, but the only one who really won my heart is Jia Xin.”

As he said that, Liu Jiahui looked at Ye Chen and said to him with the posture of a man who had been there before, “Mr. Ye, for successful men like us, women, especially good women, are of course good to have in abundance, but no matter how many women there are, they are all just a lot of flowers, and in the end, you still have to choose the woman who is most suitable for you, who understands you the most, and who satisfies you the most to be your life partner.”

Ye Chen raised his eyebrows and smiled, asking him, “It seems that Mrs. Liu is the one that suits you best.”

“Yes.” Liu Jiahui laughed and raised a hand to Ye Chen, “To be honest, I do dote on her! All of Hong Kong Island knows that I, Liu Jiahui, am good to women, but I treat her the best!”

Saying this, Liu Jiahui said seriously, “D*mn it, if she hadn’t done something wrong when she was young, I’d f*cking spoil her even more now!”

Ye Chen laughed lightly, "Before I came here, I did hear about some past events between Mr. Liu and Mrs. Liu, but Mr. Liu still chose to accept Mrs. Liu in the end, so it seems to be true love indeed."

Liu Jiahui gave a sarcastic smile, "It is true that it is true love, but true love inevitably has some mustiness."

As he said that, he suddenly sighed with emotion, "But the good thing is that this mustard, will soon be a thing of the past!"

Chapter 4549

At this moment, Ye Chen saw a relief-like release from Liu Jiahui's face.

However, he only smiled slightly, and then asked Liu Jiahui, "Mr. Liu looks very happy, is there anything special today?"

Liu Jiahui waved his hand and said with a smile, "Haha, apart from the cooperation with Mr. Ye, all other matters are trivial and minor! It's nothing to worry about!"

Ye Chen also did not point out, looking out of the window and said blandly, "Last night it was raining heavily, but today the sun is shining brightly, it seems that something good is going to happen."

"Yes, yes, yes." Liu Jiahui said with a smile, "I had Master Yu of Xuanji Hall read my fortune this morning, and he said that my fortune today has signs of purple energy coming from the east, saying that something great is about to happen."

"Master Yu of the Xuanqi Hall?" Ye Chen asked with some surprise, "I wonder who this Master Yu's surname is? What's the relationship with that Yu Jinghai from earlier?"

Liu Jiahui asked in surprise, "Mr. Ye has also heard of the mighty name of Master Yu Jinghai?"

Ye Chen smiled awkwardly and thought to himself, "I didn't know that I had heard of Yu Jinghai and used the Order of Stunning Thunder to split him into dust."

However, it was impossible for Ye Chen to say such things, so he said with a smile, "I had heard that Hong Kong Island Yu Jinghai was a very famous master of metaphysics, but I have never met him."

Liu Jiahui nodded and said seriously, "Master Yu was previously the most famous master of metaphysics in the whole of Hong Kong Island, almost all the rich and famous stars in the whole of Hong Kong Island are regular guests in his home, and I have a very good personal relationship with him."

Ye Chen asked him curiously, "Then where is this Master Yu now?"

Liu Jiahui said, "Since last year, Grandmaster Yu has been searching for heavenly treasures all year round, and some time ago the Xuanji Hall announced to the public that Grandmaster Yu had found an immortal cave in the Mainland and had started his retreat."

Ye Chen laughed out loud and spoke, "Immortal's Edge Cave, is it hard to say that he wants to cultivate immortality?"

Liu Jiahui said seriously, "Mr. Ye, the Xuanji Hall practices Feng Shui metaphysics and is most good at using heavenly treasures to set up Feng Shui formations, it is said that they all have to go into seclusion to cultivate when they reach a certain age, and Master Yu is no exception."

Ye Chen smiled and nodded his head.

It seemed that this Xuanji Hall also did not know whether Yu Jinghai was dead or alive, so in order to avoid affecting his family's reputation, he simply made up the story that Yu Jinghai was in seclusion to cultivate.

He then asked Liu Jiahui, "Mr. Liu hasn't said what the relationship is between Mr. Yu, who told your fortune, and Yu Jinghai."

Liu Jiahui then said, "The one who is currently sitting in the Xuanji Hall is Yu Jinghai's son, Yu Yiwei."

Ye Chen nodded and didn't ask any more questions.

Soon, Liu Jiahui's car drove to the most prosperous financial centre of Hong Kong Island, Central.

Liu Jiahui had two office buildings in Central, the total value of which now exceeded HK\$20 billion, which was considered the largest component of all Liu Jiahui's assets.

However, Liu Jiahui is not yet considered a big shot in Central. The real big shot in Central is actually the Li family, which has faded out of Hong Kong Island, and the total value of one building of the Li family in Central Centre is close to HK\$40 billion.

After the caravan entered Central, Liu Jiahui also introduced to Ye Chen with a proud face, "Mr. Ye this is Central, the financial centre of Hong Kong Island, you haven't been to Hong Kong Island for a long time, you may not know much about Hong Kong Island, the land price in Central is really every inch of gold."

He said, smiling, "Mr. Ye, the rent of Grade A office buildings here is almost the highest in the world, 60% more expensive than the famous Manhattan in New York, and those who can put their companies here are all Fortune 500 companies without exception."

Chapter 4550

Ye Chen asked curiously, "Mr Liu should have properties here, right?"

"Of course." Liu Jiahui said with a smile, "I'm not going to hide it from you Mr. Ye, the property prices on Hong Kong Island are already ridiculously expensive, in Central, the selling price of top office buildings is almost 20,000 to 30,000 Hong Kong dollars per square foot, and eleven square feet only translates into one square meter on the mainland, which means that the price of a single square meter of office building here is over 300,000 Hong Kong dollars."

Saying that, Liu Jiahui pointed to a building on the roadside and said with a smile, "This building sold a two hundred and sixty square feet unit at the beginning of the year, and it sold for 120 million Hong Kong dollars."

Ye Chen laughed, "Two hundred and sixty square feet and it can sell for so much money, then Mr. Liu's estate here must have exceeded ten billion Hong Kong dollars a long time ago, right?"

Liu Jiahui said with a smile, "The two office buildings I have in hand add up to almost twenty-four billion Hong Kong dollars or so."

Ye Chen asked again, "By the way, the snack street that Mr. Liu bought for Miss Manqiong, what price did he pay for it back then?"

Liu Jiahui laughed and said, "Mr. Ye, when it comes to that snack street, it's really an excellent investment, more than ten years ago, I bought that whole street for 158 million Hong Kong dollars, now if I take it out and redevelop it, the land alone will be worth at least three billion!"

Saying that, Liu Jiahui whispered to Ye Chen, "The boss of Yateng a*set has taken a fancy to that street and wants to tear it down to build a commercial centre, if I work with them, they invest HK\$15 billion to build it, I'll use the land to take a stake and give me 30% of the shares, what I'm talking to them now is that I'll use the land as a price of five billion to take a stake and pledge another 2.6 billion, I'll take 51% of shares, and I'll be the majority shareholder."

Speaking here, Liu Jiahui looked at Ye Chen and said very seriously, "If Mr. Ye is interested in this project, I can let you have part of the shares at a low price, so that we can make a fortune together."

Ye Chen asked, "Apart from the shops on both sides, the middle is a road, right, how can we build a commercial centre?"

Liu Jiahui smiled and said, "Actually everything is working, that road is already very narrow, and at night it is almost taken up by stalls, it has almost lost its function as a municipal road, so I have communicated with the planning department, I only need to commit to invest one billion dollars to demolish and rebuild a municipal road on the south side of the snack street area, then when the commercial centre is built, on the ground one level to leave an underground pedestrian pa*sage, and then equip it with escalators at both ends, and this project will get approval."

Saying that, Liu Jiahui added: "I'll invest in a municipal road, then build a pedestrian pa*sage, and then spend some money to lead an underground pa*sage from the ground floor of the commercial centre straight to the nearby metro station, at that time, this will be a commercial centre with very convenient transportation, the future is unlimited!"

Ye Chen frowned slightly and said, "This street seems to be very important to Miss Manqiong, if it is redeveloped, it must be difficult for her to accept it."

Liu Jiahui was slightly stunned, then laughed, "I have dealt with women a lot, I know more about women than men in general, girls, most of them are too emotional, this is also the natural weakness of women in their character, so you see, why in this world, most of the rich people are men? To put it bluntly, it's because men are always rational and can be truly profit-oriented and reckless. In the mall, only those who are rational and calm enough can make big money!"

In his heart, Ye Chen felt a little more disgust towards Liu Jiahui and said indifferently, "For Miss Manqiong, it was her spiritual support, so it seems a little inappropriate to tear it down just to make money, right?"
