

Ye Chen 4561

Chapter 4561

As he watched Yang Tiansheng cry out in pain and beg for mercy, Hong Yuanshan's expression was disgusted to the core.

However, in his heart, he was overwhelmed with beauty.

"It seems that I've come to the right place today! After this, Ye Chen's senses towards me will definitely be raised by a large margin!"

Thinking of this, he couldn't wait to make a further statement.

So, he stepped on Yang Tiansheng and said in a cold voice, "Yang Tiansheng, you have offended Mr. Ye much more than you have offended me, and you should not blame me for being ruthless, you should blame yourself for provoking the wrong person!"

Yang Tiansheng almost collapsed, he really couldn't figure out what kind of source this Ye Chen was from, how could he make Hong Yuanshan turn his back on him without hesitation, and he even claimed that he wanted to finish him off.

Moreover, he knew Hong Yuanshan very well, this person was ruthless and ruthless, when he said he would kill himself, he was not just talking about it, he might really do it!

Thinking of this, he hurriedly looked at Ye Chen and cried and begged, "Mr. Ye, I have offended you because I am not aware of Tai Shan Please let me off the hook"

Ye Chen waved his hand: "That's not the tone of your voice just now, don't you think it's a bit late to play the grandson at this time?"

Yang Tiansheng choked, "Mr. Ye, just now I was blind It's a good thing I've lost my way, so please don't be too insensitive to me"

Ye Chen said indifferently, "I am a person who eats hard but not soft, if you had been able to maintain your style just now, I could still respect you as a man, I didn't expect you to lose the battle so quickly, you can't see the same ruthlessness just now, it is really a big disappointment."

After saying that, he said to Hong Yuanshan, "Let's leave this person to you, the kind of method you just mentioned looks good to me, let's do it according to this. "

Hong Yuanshan gritted his teeth and said, "Don't worry, Mr. Ye, I will make sure that this matter is done beautifully and will never let any outsiders know."

When Yang Tiansheng heard this, his entire body was already scared to the point of splitting his liver and guts.

He knew that if Hong Yuanshan really wanted to kill himself, there would be no possibility of his escape, so he hurriedly said, "Mr. Ye If I die, everyone on Hong Kong Island will know that I disappeared from Jiahui's office, and then Jiahui won't be able to wash his hands even if he jumps into the Yellow River! Please spare me this time for the sake of Jiahui"

Hong Yuanshan at this time will think out of the blue and said, "Mr. Liu do not have to worry about this matter once it is exposed, I will a*sign a junior to carry down, anyway, there is no death penalty in Hong Kong Island, the big deal I give more pension, if I increase the pension to 10 or 20 million Hong Kong dollars, there are plenty of junior willing."

Yang Tiansheng hurriedly looked at Liu Jiahui and howled, "Jiahui! You and I are brothers, Jia Hui, you can't just ignore death, Jia Hui! Please help me plead with Mr. Ye, Jia Hui!"

Liu Jiahui said angrily, "I just told you to keep a low profile, but you didn't listen to me! If you had stopped earlier, Mr. Ye wouldn't have given you a hard time, but how can I plead for you when things have turned out like this?"

Yang Tiansheng bawled and kept begging, "Jiahui A lot of mistakes are my fault, but for the sake of our relationship for so many years, you can't just stand by and watch me die."

Liu Jiahui saw him crying with a snotty nose and tears, and his heart could not help but feel some compa*sion.

As Yang Tiansheng said, the two of them had known each other for so many years, and to say that they would not save their lives, Liu Jiahui did have a little bit of intolerance.

Chapter 4562

So he hesitated and said to Ye Chen: "Mr. Ye, this person is used to being arrogant, plus he has not suffered any losses for so many years, so he does not think about the consequences, but as he said, he and I have been related for so many years, I really can't bear to see him die, so please give him a chance."

Ye Chen sneered, "He came over here and pretended with me so much, if I just let him go, where do you want me to put my face?"

Liu Jiahui was busy saying, "Mr. Ye I don't mean to ask you to stop pursuing his faults I just want you to pursue him in a different way, at least leave him alive"

Yang Tiansheng also nodded his head and begged, "Yes, Mr. Ye As long as you can spare my dog's life, I will do whatever you want me to do"

The first thing I want to do is to make sure that I have the money to pay for the crime. You only need to say how much!"

Ye Chen sneered: "It's not that I look down on you, there are many people who want to take money in exchange for my net, but you are definitely the poorest one among them."

Saying that, Ye Chen asked with a bit of contempt, "How much is the market value of your company?"

Yang Tiansheng stammered and said, "Almost three billion Hong Kong dollars"

Ye Chen disdainfully said, "converted into US dollars, only a mere 400 million, to be honest not enough to stuff my teeth, in addition, I estimate that all your a*sets combined, a billion US dollars will hit the head, ask Hong Yuanshan, Zhong Yunqiu yesterday in exchange for my forgiveness, promised me what is the condition."

“Zhong Yunqiu?!” Yang Tiansheng exclaimed offhandedly, and then looked at Hong Yuanshan in horror, waiting for his reply.

At this moment, Hong Yuanshan said with an arrogant face, “Tell you, Yang, Zhong Yunqiu promised Mr. Ye yesterday that he would pay a total of ten billion dollars in compensation within the next ten years!

“Ten billion dollars for ten years?! Or US dollars?!” Hong Yuanshan’s jaw dropped as he subconsciously said, “This Zhong Yunqiu is only worth ten billion dollars in total! How could he possibly agree to take out such a large amount of money

Hong Yuanshan went up and delivered a vicious slap, making Yang Tiansheng’s eyes glaze over.

At the same time, he cursed and said, “sh*t! You think I’m joking with you? Mr. Liu was there yesterday, ask him if you don’t believe me!”

Yang Tiansheng hurriedly looked at Liu Jiahui at the side, his eyes full of solicitation.

Liu Jiahui nodded slowly and sighed, “Tiansheng, what Mr. Hong said is true, ten years and ten billion dollars, there is no water!”

Yang Tiansheng only felt a dryness in his throat and swallowed hard, not knowing what to do for a while.

Although he did not believe in Hong Yuanshan’s person, he did not have any doubts about Liu Jiahui’s words.

It was because he did not believe in Liu Jiahui’s words that he had suffered a big loss. Now, he could see that every word Liu Jiahui had said to him was from the bottom of his heart, but unfortunately, he had just been blinded by lard and had not listened to this old friend’s good advice.

There was just one thing he could not understand: “This Ye Chen, just how big is he that he can make Zhong Yunqiu promise to take out US\$10 billion in 10 years as compensation?”

“If it takes Zhong Yunqiu to come up with US\$10 billion to be considered a solution, then how much money do I have to come up with?! I’m nowhere near as rich as Zhong Yunqiu!”

Just when he didn’t know what to do, Liu Jiahui looked at Ye Chen and opened his mouth to plead, “Mr. Ye, I see that Born also knows that he was wrong, if you don’t feel relieved, just give him a chance to make amends to you and more or less leave him alive

Ye Chen smiled and asked him, “What kind of life do you want me to keep him?”

Chapter 4563

“Ah?”

Liu Jiahui was stunned by Ye Chen’s question and subconsciously said, “It’s Just leave him a life Even if you break both of his legs will do

Ye Chen hummed and laughed, looked at Yang Tiansheng and spoke, “Come on, tell me yourself, what kind of life do you want me to leave you?”

Yang Tiansheng blurted out without thinking, "A dog's life! Leave me a dog's life! Please, Mr. Ye, please spare my life!"

Ye Chen nodded and said, "Since Mr. Liu has also pleaded for you, it's not impossible for you to ask me to leave you a dog's life, seeing as I'm in a good mood, I'll give you a solution."

After saying that, Ye Chen reminded, "Listen carefully, I only give you this one solution, if you agree, this matter will be let go today, if you don't agree, this matter will be left to Hong Yuanshan's full authority to solve."

Hearing this, Yang Tiansheng was shocked and delighted, and said offhandedly, "Mr. Ye, don't worry, I will definitely agree!"

Ye Chen waved his hand and said indifferently, "Don't promise so early, wait until I've finished, then you can tell me whether you promise or not."

Yang Tiansheng was busy saying, "You please say!"

Ye Chen gave him a look and pointed at Hong Yuanshan again, "You will draw up a document right now for ten thousand Hong Kong dollars and sell your entertainment company to Hong Yuanshan, from now on, you are not allowed to set foot in the entertainment industry half a step."

"What?!" Yang Tiansheng instantly collapsed and blurted out, "This is my half-life's hard work!"

Ye Chen frowned, "You mean you won't accept it?"

Liu Jiahui became anxious and blurted out, "Yang Tiansheng, do you still care about those extraneous things when you're so D*mned close to death? Mr. Ye only wants your entertainment company, he didn't ask you to hand over all your other a*sets, what else do you have to hesitate about?"

Ye Chen looked at Liu Jiahui and said in a very serious manner, "Mr. Liu, I don't like what you are saying, what do you mean I want his entertainment company? A mere two to three billion Hong Kong dollars company, would I, Ye Chen, put it in my eyes? I just think that Hong Yuanshan's performance today has made me very satisfied, so I want to get a little benefit for him, just like what I said earlier, I am asking him to sell the entertainment company to Hong Yuanshan, and I will not take a penny myself."

Liu Jiahui raised his hand and slapped himself in the face, repenting, "Mr. Ye, don't be angry, it's all because of my poor wording, I'll slap my mouth!"

Hong Yuanshan was first pleased, but soon calmed down again and thought to himself, "How could this Ye Chen be so kind as to give me this entertainment company He just wants me to be his black glove and help him with his business If I really want to treat this entertainment company as my own property and act recklessly, he is afraid that he will break my legs!"

So, he immediately said to Ye Chen, "Mr. Ye don't worry, I will definitely help Mr. Ye manage this entertainment company well!"

Ye Chen frowned and said, "I'll give you the chance to say it again."

Hong Yuanshan trembled in fear and hurriedly said, "Don't worry, Mr. Ye, I will definitely run this entertainment company well!"

Ye Chen said indifferently, "Don't say anything too early yet, I just proposed this solution, but people may not adopt it."

At this moment, Yang Tiansheng felt that all his blood was dripping away from his heart.

How could he be willing to give up the foundation that he had built up over half his life?

However, looking at the situation today, he was already in danger.

Even Zhong Yunqiu was no match for him, so how could he possibly escape?

So if he wanted to live, the only way was to agree to his terms.

Chapter 4564

So, he couldn't help but choke up and said, "Mr. Ye, I I am willing to"

Ye Chen waved his hand: "Don't say that to me, I don't have any relationship with you, although you have humiliated me three times today, but I haven't touched a single finger of yours, let alone asked for a single penny from you, this matter today is all a private matter between you and Hong Yuanshan, he was called over by you, if you are willing to sell your entertainment company to him, that is also voluntary on your part. So the two of you find a place to settle this matter, I don't really want to get involved in it."

Liu Jiahui was dumbfounded and sighed in his heart, "I'll be D*mned, this Ye Chen is really shameless, in just two words, he has completely taken himself out of it?"

Yang Tiansheng was also dumbfounded at this point, unable to speak.

In his opinion, although Ye Chen was acting extremely shameless, the words he had just said were flawless.

Today, he was the one who had called Hong Yuanshan over, and it was Hong Yuanshan, not Ye Chen, who had beaten him up.

Now that Ye Chen had asked himself to sell the company to Hong Yuanshan, it was also a deal that was completed between himself and Hong Yuanshan, and it really had nothing to do with him, Ye Chen.

In other words, if he regretted it after today, and wanted to get the police involved, there was no way for the police to arrest Ye Chen, but only for the police to arrest Hong Yuanshan.

However, Hong Yuanshan had thousands of disciples, if he really tore his face off with him, wouldn't he only have a dead end at that time?

Just as he was depressed, he heard Ye Chen say to Hong Yuanshan, "Yuanshan, this is a private matter between you and Yang Tiansheng, in my opinion, you two should find a place to deal with it in private.

Hong Yuanshan knew that he would have to carry this matter with Yang Tiansheng today.

However, he did not care about such a small matter.

He had been a fundraising manager for ten years and ten billion dollars, so it didn't matter if he was the manager of another entertainment company.

As for how big the impact will be when the news gets out, Hong Yuanshan didn't bother to think about it, after all, he only recognized one thing, that is, not to offend Ye Chen, as for others, what the hell.

Thinking of this, he immediately spoke up, "Mr. Ye, Mr. Liu, I'm really sorry for disturbing you two today because of some personal grudges between me and Yang Tiansheng, I'll take him elsewhere to settle it now."

Ye Chen nodded, pointed at Xue Shiyu and said to him, "The first thing you should do after you take over the entertainment company is to change Miss Xue's contract from the previous full agency contract to a music consultant employment contract, the contract is to employ Miss Xue as a part-time music consultant for the entertainment company, and pay Miss Xue an annual remuneration of HK\$1 million, at the same time this contract shall not force Miss Sit to do anything for the entertainment company, and shall not restrict Miss Sit's freedom in any field, is that clear?"

Without thinking, Hong Yuanshan said, "Don't worry, Mr. Ye, I will get this done at the first opportunity!"

Xue Shiyue said nervously at this time, "How can this be possible Mr. Ye I am very grateful that you can help me to cancel this contract, as for the previous one million signing bonus, I will definitely pay it back slowly by working and studying hard in the future!"

Ye Chen waved his hand: "That 1 million does not need to be repaid, and you do not need to refuse the 1 million per year from now on, since you want to study, then you can study well, after the master's degree you can still study for a doctorate, after the doctorate you can still study for a post-doctorate, as long as you are willing to study, you can keep studying, as long as you are still studying, this 1 million a year reward will always be available! "

Chapter 4565

Because he had never received a full higher education himself, Ye Chen knew in his heart how it felt to want to study but not have the opportunity to do so.

That was why he wanted to help Xue Shiyue continue her studies, until she was unwilling to study herself.

Xue Shiyue was incredibly grateful to Ye Chen in her heart, so she thankfully said, "Don't worry, Mr. Ye, I will definitely try my best to finish my studies and not let you down"

Ye Chen said seriously, "You don't need to care about my feelings, just don't let yourself down."

"I understand!" Xue Shiyue heavily nodded her head.

Ye Chen opened his mouth and asked her, "Since you plan to go back to school, you don't have to stay on Hong Kong Island next, right?"

"Yes" Xue Shiyue said, "I've already got my acceptance letter, I just need to complete the registration process within the stipulated time, and then get my visa renewed before I go."

"Good." Ye Chen nodded and asked her again, "What is your major at the University of Tokyo, what are you studying?"

Xue Shiyue was busy saying, "I'm at the University of Tokyo, in the Economics Department, studying Economics Studies."

Ye Chen was surprised and said, "Economics, that's something you have to combine with practice, you can't just bury your head in the sand."

Xue Shiyue nodded, "If it wasn't for the accident at home, I would have planned to find a company to do an internship."

Ye Chen smiled, "That's just right, there's a good opportunity for an internship right now."

After saying that, Ye Chen pointed at Hong Yuanshan and said, "This Mr. Hong, as you can see, seems to be a reckless person with little education."

As soon as Hong Yuanshan heard this, he nodded his head and said, "Mr. Ye is so right, I just read too little and suffered the loss of being uneducated, otherwise I wouldn't have been reduced to being a kook."

Xue Shiyue, however, said with very little energy, "Mr. Ye If you want to give me a trainee position, I might still be able to do it, but if you ask me to help Mr. Hong manage the company, I'm afraid that I don't have the ability to do so now, and if I only know how to talk on paper, I'm afraid of bringing losses to the company"

Ye Chen casually waved his hand: "Then you don't need to worry at all, let alone have a psychological burden, this is just a company bought with 10,000 dollars to Mr. Hong, what can you do even if you mess it up? At most, it's just this ten thousand dollars down the drain, so you just use it for practice normally, no need to have any pressure."

Saying that, Ye Chen added: "What's more, I'm not putting you in full charge either, just helping Mr. Hong through the transition of taking over and helping him sort out the management process again by the way."

When Yang Tiansheng heard this, his heart was like a knife: "Although this company was sold to Hong Yuanshan for HK\$10,000, the actual market value of this company is more than two billion! Just like this to a girl who just graduated with a bachelor's degree to practice, this surnamed Ye seems to genuinely not put money in his eyes"

At this time, Hong Yuanshan also followed Ye Chen's words and said to Xue Shiyue with a smile, "Miss Xue, Mr. Ye is right, I am an old man who has not read much, and I come from a reckless background, so I can say I know nothing about managing a business, so I need more help from a high achiever like you, Miss Xue!"

Xue Shiyue hesitated for a moment, then nodded and said, "Mr. Ye, then I'll do my best!"

Ye Chen nodded slightly and said to Hong Yuanshan, "Alright Mr. Hong, you still have a contract to sign with Mr. Yang, so hurry up and go about your business."

Chapter 4566

Hong Yuanshan hurriedly bowed and said, "Mr. Ye, then I will leave first!"

After saying that, he pulled Yang Tiansheng up and threw him to the junior disciple behind him, ordering, "Keep an eye on him, and don't let him talk nonsense when you go out later."

"As you command, Sect Master!" The junior brother responded respectfully, and then the two men stood Yang Tiansheng up left and right and took him out of Liu Jiahui's office.

At this time, Ye Chen said to Xue Shiyue, and the other girl, "You guys should also go back, remember what you saw and heard today, don't tell anyone."

Xue Shiyue nodded her head repeatedly, while the other girl at the side also nodded her head like a garlic.

Xue Shiyue had been saved twice by Ye Chen, so naturally she would not tell anyone about Ye Chen, and the other girl who had been brought along with her did not dare to offend Ye Chen in the slightest because she was full of scruples towards him.

After the two girls left, Liu Jiahui couldn't help but feel in his heart, "Yang Tiansheng originally wanted to introduce me to two young newcomers today, which is indeed meaningful enough, but I didn't expect that just by coming up for a trip, he would lose his company"

After Hong Yuanshan came back from a trip to the doorway of the ghost gate, he was not only absolutely in awe of Ye Chen, but more importantly, he had become 100% obedient. Leaving such a person on Hong Kong Island and in Hongmen, almost instantly gave Ye Chen a huge base in Hong Kong Island"

Thinking of Yang Tiansheng again, his heart was even more sighing: "This guy, Tiansheng, is also really blind, today he actually took the initiative to send his door, directly as the object of Ye Chen's training, it seems that in the future if he still wants to stay in Hong Kong Island, he can only hold his tail and be a man"

Ye Chen saw Liu Jiahui's eyes slipping around, seemingly thinking about something in his head, so he smiled and asked, "What is Mr. Liu thinking about, so engrossed?"

Liu Jiahui came back to his senses and quickly said, "Nothing" It's nothing, I just think that Mr. Ye's move of leaving Hong Yuan Shan behind is really wonderful, just this one step has revived your situation in the whole Hong Kong Island."

The only way to make sure that the money provided by Zhong Yunqiu will be received on time is to keep Hong Yuanshan as a dog that can bite him at all times. I always thought that with Mr. Liu's character, he would not care to be associated with such people."

Liu Jiahui hastily waved his hand and said, "Mr. Ye misunderstood, I have no friendship with Yang Tiansheng per se"

Ye Chen smiled, "Let's not mention these."

Saying that, Ye Chen asked him, "Does Mr. Liu know why I gave Yang Tiansheng's entertainment company, to Hong Yuanshan to take care of?"

Liu Jiahui shook his head and subconsciously asked, "Mr. Ye should think that he is more controllable?"

Ye Chen laughed: "Not really, I just simply can't see that bit of crap in the entertainment industry."

He said, "I have heard about Yang Tiansheng's business and the gossip in it, but it's just a bunch of unpleasant gossip, so if I really put his business under my name, it's like taking a concubine, I really can't afford that."

"I would rather get close to everything with a kook like Hong Yuanshan than have any contact with most of the stars in the entertainment industry who are not what they appear to be. Moreover, in my opinion, those rich people who immediately extend their eyes and arms and legs to the entertainment industry and hang out with stars of the opposite sex all day long after they become rich, their pattern is not quite enough by and large, a truly rich person should know what cleanliness is. "

Saying that, Ye Chen looked at Liu Jiahui and smiled, "What the real entertainment industry is really like, Mr. Liu should know better than me."

Chapter 4567

Ye Chen's words caused Liu Jiahui's expression to flinch.

This was the first time he had heard such a statement.

If someone else had said these words, he would have scoffed and thought that the other party was just a hypocritical self-aggrandisement.

On Hong Kong Island, where the entertainment industry was well developed, which man, when he had money, did not want to get involved in the entertainment industry and have some scandals with stars of the opposite sex?

There are not even a few who marry celebrities back home.

However, Ye Chen felt that having something to do with the entertainment industry was a disgrace to him, which was obviously not in line with reality.

However, when Liu Jiahui thought about it carefully, he immediately found out a very shocking fact.

That is, in Hong Kong Island, those who really like to get involved with celebrities are often the second generation of the rich.

And the rich generation who really started with nothing, mostly do not take the entertainment industry into consideration.

Even, this is often the case on Hong Kong Island.

The son is madly in pursuit of a big showbiz star, and at one point even wants to take the big star home as his wife.

However, the head of the family does not give him any chance at all and simply turns the star away.

There are even some stars who have given birth to several children to the rich second generation, but in the end, they did not end up marrying into the rich family.

The reason for this is that the rich generation, who started with nothing, are much better than the rich generation with the golden key, in terms of ability, drive, insight and self-positioning, and are simply not on the same level as the rich generation.

In the eyes of the rich generation, the big celebrities that the rich generation is obsessed with are not even on the top of the list, let alone marry them as their daughters-in-law.

Through the words of Ye Chen just now, it can also be seen that Ye Chen's segment is also too much better than the rich generation.

In Ye Chen's eyes, the entertainment industry, which everyone in the rich generation loved, was not even on the stage.

After thinking about this, he said with a bit of a blush: "Mr. Ye, you are right Truly successful people really shouldn't get too close to the entertainment industry"

Ye Chen smiled faintly and spoke, "I almost forgot that Mr. Liu had quite a few encounters with the entertainment industry back then, I was just saying my personal opinion, Mr. Liu need not take it to heart."

Liu Jiahui laughed awkwardly and hurriedly changed the subject, "Mr. Ye, let's talk about cooperation!"

Ye Chen looked at the time and smiled, "It's almost noon, why don't we wait until we've had lunch before we talk, what do you think?"

"No problem." Liu Jiahui was busy saying, "Then it's not too late to wait until after lunch to talk."

Ye Chen nodded, and his phone suddenly received a call from Fei Ke Xin at that moment.

He then said to Liu Jiahui, "Excuse me, Mr. Liu, I have to take a call."

Liu Jiahui was busy saying, "After you."

Ye Chen pressed the answer button, put the phone to his ear, and spoke, "Hello, Miss Fei."

On the phone, Fei Kexin said respectfully, "Mr. Ye, I am calling to report to you that the plane Chen Zhao Zhong is on will land at the Hong Kong Island airport in about two and a half hours, that is, at 2pm local time, so please be prepared to deal with it."

Ye Chen glanced at Liu Jiahui, he and Liu Jiahui were sitting opposite each other, the distance was quite far, so he thought it was impossible for Liu Jiahui to hear the content on the phone, so he said with a smile, "Miss Fei is kind, I have made all the arrangements on this side, Miss Fei can rest assured."

As he said that, he heard the faint whirring of an aircraft engine on Fei Ke Xin's phone, so he asked, "Is Miss Fei on the plane now?"

Chapter 4568

"Yes." Fei Kexin said, "I was just about to report to you, in order to make sure that Mr. Chen's repatriation is foolproof, I have also rushed over with Master Yuan, our plane is expected to arrive on Hong Kong Island at 2:30, considering that Mr. Chen will definitely have to go through the handover

procedure at customs, so although we have landed half an hour later, we should be one step ahead of Mr. Chen out of customs. ”

Ye Chen couldn't help but sigh, “Miss Fei, you've already helped me a lot with this matter, there's no need to personally toss and turn so far away.”

Fei Kexin said without thinking, “Mr. Ye, you are too kind, you are as kind to Kexin as a mountain, Kexin only did this, how can we talk about hard work.”

In fact, Fei Kexin knew that since Ye Chen himself was on Hong Kong Island, he would be able to keep Chen Zhao Zhong safe and sound.

Although she said that she had come to Hong Kong to ensure that Chen Zhaozhong was safe, she actually wanted to come over to meet Ye Chen more than anything else.

After all, he was her benefactor and the man she had been thinking about day and night, and she wanted to seize every opportunity to meet him.

This time, in her opinion, was the most suitable time to meet Ye Chen.

Ye Chen had not originally thought that Fei Kexin would come either, but, on second thought, he thought that Fei Kexin's arrival added a few more moments of drama to the matter.

So, he looked at Liu Jiahui and said with a deliberate smile, “Since Miss Fei has come so far, I must personally greet her at the airport this afternoon, let's meet at the airport this afternoon.”

Fei Ke Xin was originally worried that her uninvited behaviour would cause trouble for Ye Chen and make him upset, but once she heard Ye Chen say these words with a smile, the big stone in her heart instantly disappeared without a trace.

She was so happy that she wanted to tell Ye Chen that she didn't need to bother, but on second thought, Ye Chen must be going to the airport to pick up Chen Zhaozhong in the afternoon, and picking up herself was just a side trip.

So, she said cheerfully, “Then it'll be hard for you, Mr. Ye, I'll see you at the airport!”

“Okay, see you at the airport!”

Ye Chen deliberately said the words “see you at the airport” very clearly, and then he hung up the phone, and Liu Jiahui on the other side of the line really opened his mouth and asked, “Mr. Ye, you have a friend coming to Hong Kong Island?”

“Right.” Ye Chen smiled, “Miss Fei Kexin Fei of the American Fei family, I wonder if Mr. Liu has heard of it?”

Liu Jiahui was dumbfounded as he listened and said offhandedly, “Fei Miss Fei? The same Miss Fei who just took over the Fei family and became the head and chairman of the Fei family?!”

“That's right, it's her.” Ye Chen smiled faintly, “Miss Fei has come to Hong Kong Island to help me with some business and will arrive this afternoon.”

In Liu Jiahui's heart, his esteem for Ye Chen rose to a new level.

He truly did not expect that Ye Chen was not only the Lord of the Hall of Ten Thousand Dragons, had deep ties with the Isuzu Shipping Line, but even had such close dealings with the Fei family!

He even didn't expect that Ye Chen would have such great face that he could get Fei Kexin to personally fly over from the United States to help him out!

He knew that the Fei family was the second largest Chinese family in the United States, and its real strength was several times stronger than the Li family on Hong Kong Island, and it belonged to the absolute top gentry!

When he thought of this, he was even more determined to befriend Ye Chen and turn him into his son-in-law!

In his heart, he thought excitedly, "I am only worth a hundred billion Hong Kong dollars, which translates into just over ten billion US dollars, so I am nothing compared to Ye Chen's strength and connections! If I can make this connection with Ye Chen, my own network will be expanded to the top of the world!"

With this in mind, Liu Jiahui hurriedly said to Ye Chen with a pleading face, "Mr. Ye, if you want to pick up Miss Fei from the airport this afternoon, can I also accompany you? To be honest, I have always wanted to get to know the Fei family and the An family in the United States, but these two families are much stronger than I am, so I have never been able to find a suitable opportunity"

The reason why Ye Chen had to say on the phone that he would pick up Fei Ke Xin at the airport was to better fool Liu Jiahui into going to the airport, but to his surprise, before he could even ask, Liu Jiahui had grabbed the initiative to take the bait.

So, he said with a very quick smile, "OK, this is all a small matter, since Mr. Liu wants to meet Miss Fei so much, then come with me this afternoon!"

Chapter 4569

Hearing Ye Chen agree to his request, Liu Jiahui was inwardly thrilled beyond addition.

The richest person he had ever come into contact with in his life was the Li family of Hong Kong Island.

However, the Li family was nothing in front of the Fei family.

Therefore, Liu Jiahui felt that if he could have the opportunity to get to know the Fei family, it would be a huge breakthrough for him.

So, he said to Ye Chen with great enthusiasm, "Mr. Ye, later on, we will go to the restaurant for dinner first, I will ask my wife to go over in advance to prepare, and Manqiong will also go over to join us, after dinner, I will take my wife and go with you to the airport to greet Miss Fei!"

Ye Chen nodded and said, "The arrangement is quite reasonable, let's do as you say."

Liu Jiahui hemmed and hastened to ask again, "Right Mr. Ye, where is Miss Fei going to stay when she comes to Hong Kong Island this time? I remember that there seems to be no Fei family property on Hong Kong Island, so if Miss Fei comes all the way here to stay in a hotel, it would be a bit too much. If it's convenient, Mr. Ye can invite Miss Fei to stay at my home as well."

Ye Chen smiled faintly, "This, I can't decide for her, it's better to wait until she comes."

"Good!" Liu Jiahui nodded cheerfully and smiled, "Mr. Ye wait for a moment, I'll call my wife and ask her to dress up in a grand manner!"

At noon, Ye Chen and Liu Jiahui arrived together at the high-end Cantonese restaurant he had booked long ago.

At this time, Fang Jiaxin was already waiting outside the door of the restaurant in a very modest dress.

When she saw the caravan Ye Chen and Liu Jiahui arrived in, she immediately greeted them and after the car had stopped, she took the initiative to open the door on the right side for Ye Chen.

Ye Chen was a bit surprised, he did not expect this pampered Fang Jiaxin to take the initiative to open the door for him.

He was about to say a few polite words when he saw Fang Jiaxin say with a bit of flattery, "Mr. Ye, the banquet is ready, just waiting for you to come."

Ye Chen smiled and said, "Mrs. Liu is really too polite."

Fang Jiaxin was busy saying, "This is all as it should be."

As she said that, she hurriedly added, "By the way, Mr. Ye, I don't know what you like to eat, so I asked the owner of this place to prepare a copy of all the dishes, so you can try a little of each and see what you like best."

Ye Chen saw that Fang Jiaxin's attitude towards himself was even better than this morning, so he knew that it must be because of Fei Kexin's affair, which had caused his strength in her eyes to rise again, and that was why she was so flattering.

What he was thinking about was how Fang Jiaxin would feel if she received Chen Zhaozhong at the airport after she was so dressed up and ready to follow Liu Jiahui to meet Fei Kexin in the afternoon.

At this moment, both Ye Chen and Liu Jiahui stepped out of the car, and Liu Jiahui said to Fang Jiaxin with a smile on his face, "I can hardly recognise how you are dressed today, you seem to be quite young again."

Fang Jiaxin smiled shyly and said, "Since I'm meeting an honoured guest, I must be well dressed, I can't disgrace you!"

At this time, Liu Manqiong's Tesla also drove up to the entrance of the restaurant.

Once the car was parked, she stepped down from the car and when she saw Ye Chen, her expression subconsciously floated with a burst of joy, then she ran two quick steps to the front and spoke, "Sorry Mr. Ye, I'm late."

Ye Chen smiled, "Not late, we just arrived too."

Liu Jiahui looked at his daughter and smiled, "Manqiong, Mr. Ye has an honoured guest coming to Hong Kong Island this afternoon, do you want to go to the airport together to greet him?"

Liu Manqiong was surprised and asked, "Is it a friend of Mr. Ye?"

Ye Chen spoke, "It's a friend of mine from America, but Miss Manqiong has charity sales to attend to, so don't follow her to the airport."

Chapter 4570

To Ye Chen, he only wanted to take Liu Jiahui to the airport.

If Liu Jiahui wanted to take Fang Jiaxin with him, or if Fang Jiaxin herself wanted to go along, Ye Chen didn't see any problem with it.

Anyway, the moment Uncle Zhong came out of the customs office at the airport this afternoon, that was when he and Liu Jiahui would show their swords, so there was nothing wrong with having his wife there to witness it.

However, the only thing Ye Chen didn't want was for Liu Manqiong to follow along too.

After all, after these two days of getting along, Ye Chen recognized Liu Manqiong as a girl, and Ye Chen did not want her to witness his conflict with her father.

What's more, Ye Chen himself had concealed something when he came to Hong Kong Island and approached Liu Jiahui this time, so he did not wish to tear off his disguise in front of Liu Manqiong either.

According to his plan, he would not have any further contact with Liu Jiahui's family after he had properly dealt with all the issues at the airport, and his encounter with Liu Manqiong would come to an end after this meal.

Liu Manqiong did not know what Ye Chen had in mind, she originally hoped to go there together, it did not matter who she picked up, what was important was to be with Ye Chen.

However, when she heard that Ye Chen did not want her to come along, she could only nod and spoke, "I have to go back to Tsim Sha Tsui after the meal, so I won't accompany you guys."

"That's fine." Liu Jiahui didn't feel anything wrong and said with a smile, "If Mr Ye's friend is also willing to stay at our house, we will prepare a family dinner at home in the evening, and you can join us then."

Liu Manqiong asked Ye Chen, "Mr. Ye, are we still going to the snack street in the evening?"

Ye Chen didn't give a clear answer, but spoke, "Let's see what happens this afternoon."

"Good." Liu Manqiong also knew that since there were guests coming and possibly staying at her house, I was afraid that her plan to go to the snack street alone with Ye Chen would have to be postponed, so she said, "Then I will wait for your news this afternoon."

"Good."

.....

1pm.

After eating, Ye Chen and Liu Jiahui's family, together with the three of them, walked out of the restaurant.

Liu Jiahui said to Fang Jiaxin, "Wife, you'd better take a car by yourself and I'll take one with Mr. Ye."

Fang Jiaxin agreed without a second thought, "Okay, I'll take the one in front."

Ye Chen said to Liu Manqiong at this time, "Miss Manqiong, take care of your safety on the road."

Liu Manqiong nodded, smiled faintly at Ye Chen and spoke, "Mr. Ye remember to give me a reply this afternoon."

"No problem."

As he watched Liu Manqiong get into the Tesla, Ye Chen suddenly felt a bit of intolerance and reluctance in his heart.

Whether he left Hong Kong Island after today's business or not, Liu Manqiong would learn the true purpose of his visit to Hong Kong Island after the matter had passed.

At that time, she would definitely be very disappointed with herself and think that she was just putting on a show for the past two days, or even intentionally deceiving her.

In his heart, Ye Chen did not want her to be hurt because of what he had done.

However, he also knew very well in his heart that if he wanted to completely solve Uncle Zhong's trouble this time without hurting Liu Manqiong, I was afraid that it would be an impossible task to accomplish.

No matter what Liu Manqiong's relationship with her father was, he had deceived her in the first place, and this alone would definitely disappoint and hurt her.

At this moment, Ye Chen somewhat regretted his previous decision of accepting Liu Jiahui's invitation and staying at Liu Jiahui's house.

If he did not live in Liu's house, at least he would not have had any encounters with Liu Manqiong.

And now that the wood is gone, even if he regrets it, it is impossible for him to choose again
