

## **Ye Chen 4571**

### **Chapter 4571**

2pm.

The flight Chen Zhao Zhong took landed at Hong Kong International Airport on time.

At this moment, Chen Zhaozhong was sitting by the window, with mixed feelings inside.

He had been away from Hong Kong Island for too long, and the scenery outside the window had long since become unfamiliar to him, but the only thing that was familiar was the traditional Chinese characters that could be seen everywhere.

The only thing he was familiar with was the traditional Chinese characters that could be seen everywhere. These characters reminded him that he had finally returned to his hometown after 20 years.

However, he regretted that he would not have the chance to familiarise himself with Hong Kong Island, which he had left behind for 20 years, the moment he landed on Hong Kong Island.

At this moment, a male flight attendant came to his side and reminded, "Mr. Chen, according to the regulations, you should not rush off the plane later, after all the other passengers have disembarked, I will personally take you and your documents and hand you over to the Hong Kong Island Customs, I still hope you can understand."

Chen Zhao Zhong nodded and smiled faintly, "Okay, thank you."

Although Chen Zhao Zhong was forcibly repatriated by the United States, he was not a prisoner, so he was repatriated back and was not accompanied by any police or immigration staff from the US side.

According to the US process, since it was a deportation, the deportee's passport information would be blacklisted and he would be banned from entering the US for five, ten years or for life, and then he would simply be put on a return flight.

The rest of what happens has nothing to do with the US.

So, the US immigration authorities put him on the departing plane and at the same time hand him and his information over to the airline staff, who will then hand him over to the Hong Kong Island Customs Service together with his information after he has disembarked from the plane, and the repatriation process is complete.

Once all the passengers had disembarked, the flight attendant came over to Chen Zhao Zhong again and said politely, "Mr Chen, you can come with me."

"Good." Chen Zhao Zhong nodded slightly, stood up and took off a bit of his luggage from the overhead luggage rack.

And then, he followed the staff and walked down from the plane.

After crossing the corridor bridge, he saw two customs officers waiting at the end of the bridge.

The staff member brought Chen Zhaozhong to the two men, handed over Chen Zhaozhong's information, and then said, "Gentlemen, this is Mr. Chen."

One of the staff members nodded and said, "Hard work, just leave it to us at the back."

After saying that, he walked up to Chen Zhao Zhong and spoke, "Mr Chen Zhao Zhong Chen, right?"

Chen Zhao Zhong nodded gently, "It's me."

The customs officer spoke, "Welcome home Mr. Chen, please come with us first to go through the customs process."

Chen Zhaozhong asked, "Sir, what is the next process?"

The customs officer explained, "It's actually quite simple, you've only been repatriated from the US but are still a citizen of Hong Kong Island in China, and we've checked your situation in advance, you don't have any criminal record in Hong Kong Island and are a law-abiding citizen, so you just need to come with us to do a routine registration before you can enter freely."

Saying that, the customs officer added, "Oh yes, you can call your family now and ask them to come and pick you up, we will speed up the office process on our side and it will be over in an hour at most."

Chen Zhao Zhong smiled faintly, "It's still not necessary, please go through the process first."

## **Chapter 4572**

"Good." The customs officer nodded and said, "Please follow me."

.....

At this moment, Ye Chen and Liu Jiahui couple, had also arrived at Hong Kong Island International Airport.

The caravan stopped outside the arrival hall of Hong Kong Island Airport, and Liu Jiahui could not hide his excitement as he said to Ye Chen, "Mr. Ye, Miss Fei should be arriving soon, right?"

Ye Chen looked at the time and said indifferently, "Almost ten more minutes."

Liu Jiahui smiled and asked, "Do you think we should wait in the car, or go inside?"

Ye Chen said casually, "Go inside and wait."

After saying that, he took the lead and pushed the door and stepped out of the car.

Liu Jiahui was about to get out of the car when the driver turned around and said in a low voice, "Boss, the news just came in, Chen Zhao Zhong has already entered the customs."

"Oh, it's already here ah ....." Liu Jiahui nodded and muttered, "To be honest, I'd like to meet that bad boy, to see what the hell he's fallen into now ....." But my wife is also here today, so it's better to try not to meet up with him."

The driver said, "Mr. Ye said that Miss Fei will arrive in 20 minutes, so we should pick her up and go. Chen Zhaozhong will probably take at least half an hour to come out, so it's just the right amount of time to stagger and not meet up with Chen Zhaozhong."

"Good." Liu Jiahui breathed a sigh of relief and saw Fang Jiabin, who was sitting in the front car, pushing the door and getting out of the car, so he said to the driver, "My wife doesn't know that Chen Zhao Zhong is coming back today, so you all have to keep your mouths shut and don't let her get any word until Chen Zhao Zhong is killed."

The driver nodded and said, "Don't worry boss, we definitely won't talk nonsense."

After saying that, he added, "If that gang is quick to strike, I guess Chen Zhao Zhong won't survive the night, right?"

Liu Jiahui lamented, "If nothing changes, he might not even survive until nightfall, but the situation has changed again now. done with!"

Saying that, Liu Jiahui added, "It's better to do it as soon as possible, so that we don't have a long night, and it's better if my wife hears his obituary directly before she hears that Chen Zhao Zhong has returned."

The driver laughed, "Boss, there's no need to worry, with thirty million dollars of dark flowers on the table, there's absolutely no way he'll survive the night."

"Hmm." Liu Jiahui nodded and spoke, "I'll go with Mr. Ye to pick up the man, you guys wait here."

"Okay boss."

Liu Jiahui pushed the door and stepped out of the car, unaware that Ye Chen, who was standing not far away, had already caught his conversation with the driver in his ears.

He walked up to Ye Chen and said with a smile, "Mr. Ye, let's go in now?"

Ye Chen looked at him, nodded slightly and smiled, "Go in, Miss Fei should be landing in another ten minutes."

Fang Jiabin, who was at the side, came forward and took Liu Jiahui's arm, whispering somewhat nervously, "Jiahui, do you see nothing wrong with the way I'm dressed? If there's anything wrong with it, tell me quickly so that Miss Fei doesn't make a joke out of it."

He kept adjusting his tie while saying to Fang Jiabin, "There is nothing wrong with the dressing, but when you see Miss Fei later, you must pay more attention to your speech and mannerisms, don't say the wrong thing when you get excited."

In fact, Liu Jiahui did not say anything.

Fang Jiabin's education is not high, she only finished high school and then dropped out, so the whole person's speech and demeanor, relatively low level, difficult to ascend to the elegant, and often subconsciously foul language.

Fei Kexin's CV, on the other hand, is readily available online. Not only did she study at the top Stanford University, but she also has very good grades and a very high education.

Therefore, Liu Jiahui's biggest worry was that Fang Jiabin would not be able to control her own mouth, and that if she said anything vulgar, it would lower Fei Kexin's impression of them.

Fang Jiabin also knew her shortcomings and nodded her head quickly, "I will definitely talk less when I meet Miss Fei later!"

### **Chapter 4573**

Although Liu Jiahui and Fang Jiabin have reached the top of the pyramid in Hong Kong Island, they are still many segments behind when looking at the world.

The strength of the Fei family is no longer on the list of ordinary tycoons, but already belongs to a hidden family of great wealth, and its overall strength is even stronger than Liu Jiahui's.

Fei Kexin was also the head of the Fei family, and in the eyes of Liu Jiahui and Fang Jiabin, she was even more unattainable.

At this moment, the two of them were like the richest man in a small county, who finally had the opportunity to meet with the richest man in the country, so apart from being excited, they were inevitably nervous.

Unlike the two of them, Ye Chen's entire state of mind was very relaxed.

With his hands in his pockets, he swaggered into the arrival hall.

At this moment, many people were gathered in the arrival hall to meet the plane, but Fang Jiabin did not wear sunglasses and a mask like she did when she came with Liu Jiahui to meet Ye Chen, nor did she have the same broad-wife posture as before.

At this time, Wan Xiaojun turned around from the crowd and came to Ye Chen, saying respectfully, "Mr. Ye!"

Ye Chen nodded and asked him, "Did you find anything special?"

Wan Bajun said respectfully, "Back to Mr. Ye, no."

Liu Jiahui, who was at the side, saw that Wan Bajun was also here and immediately cupped his fist somewhat nervously and said, "Wan ..... Hello Mr. Wan!"

Wan Breaking Jun looked at Liu Jiahui and slightly arched his hand to him as a response, but did not speak.

Wan Bajun knew very well in his heart that, don't look at Liu Jiahui now as if he was an old friend with Ye Chen, but it wouldn't be long before Liu Jiahui would know Ye Chen's true identity and the real purpose of his visit to Hong Kong Island this time.

Therefore, there was no need to exchange too many pleasantries with Liu Jiahui himself.

Twenty minutes later.

A beautiful figure appeared at the customs exit, instantly attracting many people to salute.

The young and beautiful Fei Kexin, with a strong aura, accompanied by Yuan Zixu, stepped out from inside.

Before Fei Kexin could come out, she caught a glimpse of Ye Chen in the crowd and immediately waved her hand to Ye Chen with some excitement, saying loudly, "Mr. Ye!"

After saying that, she hurriedly ran a few steps quickly and came in front of Ye Chen.

When Fei Ke Xin stood in front of Ye Chen, a slight blush had already surfaced on her originally fair cheeks.

It was just unknown whether her blush was due to the fact that she had taken a few quick steps, or whether it was due to shyness.

However, the expression on Fei Ke Xin's face when she looked at Ye Chen clearly carried an overflowing joy, and to Liu Jia Hui, who had numerous imperial women, he could tell right away that this Fei Ke Xin must like Ye Chen!

Thinking of this, he could not help but exclaim in his heart, "What on earth is this Ye Chen capable of! Why can even a lady like Fei Kexin, who is worth hundreds of billions of dollars, be so full of affection for him? And this Fei Kexin is not only rich, her face and figure are also one in a million, not inferior to Manqiong at all, and her family background is much stronger than Manqiong's. So it seems that Manqiong has almost no chance of winning in front of her ....."

Just as Liu Jiahui was secretly screaming that it was not good, Ye Chen said to Fei Ke Xin with a smile on his face, "Miss Fei, Master Yuan, you two have had a hard journey."

Yuan Zixu, who was at the side, said very respectfully, "Mr. Ye has spoken highly of you, this is all my part of the job."

Fei Ke Xin also said seriously, "No hard work Mr. Ye, it is an honour for Ke Xin to share your worries."

With these words, Fei Kexin even more shocked Liu Jiahui and Fang Jiabin.

Both of them looked at each other, with shock and disbelief in their eyes.

#### **Chapter 4574**

Originally, they thought that Fei Kexin was Ye Chen's friend, but who would have thought that Fei Kexin would lower herself in front of Ye Chen, addressing Ye Chen with respect as you, and saying that it was an honour for her to share Ye Chen's worries.

This had even been somewhat humble, more like the tone and attitude of a subordinate towards his boss.

Both of them could not understand why Fei Ke Xin, who was the head of the Fei family, had to be so humble to Ye Chen.

At this time, Ye Chen said to Fei Kexin, "Miss Fei, let me introduce you to two friends."

Saying so, he pointed to Liu Jiahui beside him and spoke, "This is the famous Liu Jiahui of Hong Kong Island, Mr. Liu; the one beside him is his wife, Fang Jiaxin, Miss Fang."

Fei Kexin's heart was startled as soon as she heard the two names.

She knew that Ye Chen had come to Hong Kong Island this time to help Chen Zhao Zhong solve the trouble here, and she also knew that the one who wanted Chen Zhao Zhong's life was the Hong Kong Island tycoon Liu Jiahui.

But she really did not expect that Ye Chen had brought Liu Jiahui here, and looking at this situation, it seemed that Liu Jiahui had even become friends with Ye Chen, without any half-hearted sense of danger.

Just when she was surprised, Liu Jiahui had already taken the initiative to extend his hand and said very respectfully, "Hello Miss Fei, I am Liu Jiahui, I have heard a lot about you, I didn't expect to see you in person in Hong Kong today, what a privilege!"

Fei Kexin put away her surprise, looked at Liu Jiahui, stretched out her hand and shook him gently, then smiled and said, "So it's the famous Mr. Liu, nice to meet you!"

Fang Jiaxin on the other side also said a little nervously, "Fei ..... How do you do, Miss Fei? I'm Fang Jiaxin, it's nice to meet you!"

Fei Kexin nodded slightly and said with a smile, "Good day Mrs. Liu."

At this time, Liu Jiahui hastened to get close and spoke, "Miss Fei, I know Mr. Ye very well, and you are a good friend of Mr. Ye, you must give me a chance to do my duty as a landlord when you come to Hong Kong Island this time!"

He continued, "I have prepared a banquet at my home, if Miss Fei does not mind, please come to my humble abode for a chat!"

Then Liu Jiahui hastily added, "By the way, Miss Fei, Mr. Ye will be staying in my humble abode for the next two days, and if Miss Fei does not mind, she can also stay at my home for the next few days in Hong Kong."

Fei Ke Xin smiled faintly, a pair of eyes looked at Ye Chen with affection and spoke, "I am not hiding from Mr. Liu, I came to Hong Kong Island this time entirely because of Mr. Ye, so I do everything at Mr. Ye's command."

Liu Jiahui hurriedly looked at Ye Chen at the side again and asked respectfully, "Mr. Ye, what do you mean?"

Ye Chen smiled and said, "It is still too early to say this."

After saying that, he asked Liu Jiahui, "Right Mr. Liu, you have deep connections in Hong Kong Island, can you ask the airport to provide us with a VIP lounge in this building?"

Liu Jiahui asked curiously, "Mr. Ye, are we not leaving now?"

Ye Chen casually laughed, "To be honest, there are a total of two distinguished guests today, Miss Fei is the first one, and there will be another one later, who may have to wait for a while longer."

When Liu Jiahui heard this, he didn't think of Chen Zhao Zhong at all, he just couldn't help but ask in surprise, "Mr. Ye, you have another honoured guest? I wonder what this distinguished guest is from? Wouldn't it be ..... the famous An family member, right?"

Ye Chen smiled slightly, "This honored guest is an elder of mine who has a close personal relationship with my father, as for who his surname is, Mr. Liu should not ask such a detailed question."

In his heart, Liu Jiahui thought, "Even Fei Kexin treats Ye Chen with respect, so I'm afraid that Ye Chen's second guest is even bigger than Fei Kexin! Maybe he is really the An family member I guessed, if that's the case, I've really hit the jackpot today!"

Thinking of this, he immediately patted his chest and said to Ye Chen, "Mr. Ye, don't worry, I have shares in this airport, it's easy to fix a VIP lounge, wait for a moment, I'll arrange it now!"

### **Chapter 4575**

With his status as a shareholder of the Hong Kong Island Airport, Liu Jiahui made a phone call and an airport executive arrived in a hurry, and after a short exchange of pleasantries, invited the group to the VIP lounge on the first floor of the arrivals hall.

This VIP lounge was intended for VIP clients, and Liu Jiahui had previously thought about preparing a lounge.

However, once he thought of the fact that Fei Ke Xin was a VIP among VIPs, he had to stand in the arrival hall and wait to be greeted in order to appear to be important enough.

Otherwise, if he were to sit in the VIP lounge and wait for someone to bring Fei Ke Xin over, he would appear to have a somewhat too high posture.

After arriving at the VIP lounge, Liu Jiahui still had this concern in his mind, so he asked Ye Chen, "Mr Ye, is it not appropriate for me to sit here and wait for your honoured guest? How about this, you tell me the name of your distinguished guest, I will write a sign to wait outside to greet them, and you and Miss Fei will rest here!"

Ye Chen waved his hand and smiled, "Mr. Liu, there is no need to be so polite, that honoured guest is my elder, I naturally have to greet him personally, when the time comes, you will rest in the room for a while, I will invite him over to meet you when I receive him."

Liu Jiahui was busy and solicitous, "Mr. Ye, then I will accompany you!"

Ye Chen smiled faintly, "There's really no need, I'll just go over by myself."

With that, he no longer gave Liu Jiahui the chance to use his good offices and turned to Fei Ke Xin, "Miss Fei, Mr. Liu is very powerful in Hong Kong Island, you can talk more later."

Fei Kexin smiled and nodded, saying, "Okay Mr. Ye."

Liu Jiahui was busy compensating with a smile and said, “Miss Fei, I wonder how many days you will be staying in Hong Kong Island this time?”

Fei Ke Xin subconsciously looked at Ye Chen and smiled, “How long I stay depends entirely on Mr. Ye, I will stay as long as Mr. Ye needs me to stay.”

Liu Jiahui felt more and more surprised in his heart, “This Fei Ke Xin no longer looks like she has a crush on Ye Chen, she looks like she has fallen in love! She is in charge of a big family with hundreds of trillions of dollars, yet she can put aside her business and come all the way to Hong Kong Island for Ye Chen, and she said she would stay as long as Ye Chen asked her to. This is something that even a man can’t handle!”

When he thought of this, he felt even more that his daughter Liu Manqiong’s future was bleak: “If I were Ye Chen, I would definitely choose Fei Kexin ..... In that case, wouldn’t Manqiong have no chance at all?”

In the midst of his emotions, he subconsciously looked at Fang Jiaxin beside him and couldn’t help but think: “Actually, for a man like Ye Chen, with such a strong strength and background, it’s surely impossible for him to have only one woman, right? Maybe he is like me in his bones and keeps love at every turn ..... He even keeps a second or third wife outside ..... If that’s the case, Manqiong might still have hope!”

The first time I thought of this, Liu Jiahui’s hanging heart dropped a little.

However, he immediately thought to himself, “No, that’s not right! I am at least the richest man on Hong Kong Island, I can’t let my daughter be Ye Chen’s mistress, can I? If this gets out, it would be a disgrace!”

At this moment, Fei Ke Xin said to Ye Chen, “Mr. Ye, the Fei family’s shipping business has been accumulated for many years, and the scale of business is also relatively large, and recently they also want to make efforts to expand the Asian market. The profits will be absorbed by the Fei family.”

Ye Chen casually said, “No problem, the recent surge in China’s export volume has resulted in a really large demand for unilateral capacity, and it’s impossible for Isu Shipping to eat it all by itself, I’ll say hello to Zhiqiu later and ask her to consolidate your side’s capacity and unify the deployment.”

## **Chapter 4576**

“Okay.” Fei Ke Xin smiled delicately, “Then thank you Mr. Ye in advance!”

Ye Chen smiled, “This is a small matter, no need to be polite.”

After saying that, he pointed at Wan Bajun and said, “If you also have a need for armed escort, you can directly dock with Bajun’s side.”

Fei Ke Xin smiled and said, “I was just about to say, in that case, then I’ll have the head of the shipping business dock with Mr. Wan’s side later.”

Wan Bajun cupped his fist and said, “Don’t worry, Miss Fei, I will definitely cooperate fully on my side.”

When Liu Jiahui heard this, he was shocked and thought, "Why do I hear the meaning of Fei Kexin's words, as if Ye Chen is the real boss of Isu Shipping? That He Zhiqiu, it seems that he does things at Ye Chen's behest?"

Thinking of this, he couldn't help but sigh, "To think that Ye Chen is such a big shot, he can't just be an assistant of Isu Shipping!"

"If Ye Chen is the boss behind Isu Shipping, then I'm afraid that Ye Chen's true strength is much stronger than I imagined!"

Then, he subconsciously looked at Ye Chen, seeing that he was a talented man, and that he was surrounded by two great figures, Wan Xiaojun and Fei Kexin, whose future was bound to be unlimited.

So he could not help but sigh in his heart: "Why? If you're a little guy, you're a little guy! Who cares! As long as a man is really capable, even being a junior is a high climb. Whether or not he can climb up to this big Buddha, Ye Chen, in the future, will depend on Manqiong's ability!"

At this moment, Liu Jiahui was full of thoughts of how to get closer to Ye Chen, but he didn't realise the scent of danger already approaching.

After another ten minutes or so, Man Broke Jun received a call from his men and hurriedly came to report, "Mr. Ye, the guest is coming out."

"Oh?" Ye Chen immediately stood up and spoke, "The honoured guest has arrived, all of you wait here for a moment, I'll be right there."

Liu Jiahui hurriedly said solicitously, "Mr. Ye, may I accompany you?"

"No need." Ye Chen waved his hand, "Wait for me here for a while, so you can talk to Miss Fei more by the way."

Liu Jiahui was busy saying, "Okay, okay, then we will wait here for you."

Ye Chen greeted Fei Kexin and then walked out of the VIP lounge together with Wan Bajun and walked quickly towards the customs exit.

At this moment, Chen Zhao Zhong had also completed all the entry formalities.

After all, he was a legal citizen of Hong Kong and had not broken any Hong Kong laws, so after completing the formalities, he regained his freedom, took his luggage and walked out of the customs office directly.

At this point, Chen Zhao Zhong was ready to die soon, his only hope was that he would not be killed by an eager killer once he left the house, and he was still hoping to make a trip home to see his elderly mother.

But he was equally torn as to whether he would bring death to his family as well, in case he returned home.

Or, would his elderly mother be even more devastated if she witnessed his murder?

When he thought of this, Chen made a decision in his mind that he would not go home and would simply wait at the entrance of the airport for the other side to make their move.

In that case, at least he would not let his mother, who was old, watch him being killed.

Having made up his mind, Chen Zhao Zhong stepped out of the customs exit, ready to die in his heart.

At this moment, he suddenly heard a familiar voice: "Uncle Zhong, welcome home!"

### **Chapter 4577**

Hearing this voice, Chen Zhao Zhong's whole body trembled.

He then raised his head and met the direction where the voice came from, and he suddenly found that Ye Chen was looking at him with a smile on his face.

He was stunned speechless for a moment, and only after a long time did he mutter: "Young Master Ye ..... You ..... What brings you here?"

Ye Chen looked at Chen Zhaozhong and couldn't help but be a little surprised in his heart, because in just a few days of not seeing him, Chen Zhaozhong had become much older and disheveled.

I thought that he must have been suffering a lot recently as well.

So, with a slight smile, Ye Chen said casually, "I have been here for a few days now, and I can't just ignore such a big event as your return home. I came to Hong Kong this time to make sure that you return home unharmed and that no one dares to touch you from now on."

Chen Zhao Zhong was busy saying, "Young Master Ye ..... Liu Jiahui took out \$30 million in dark flowers and is bent on buying my life, it's dangerous for you to come and pick me up at this time ....."

"Not dangerous." Ye Chen smiled, pointed to Wan Breaking Jun beside him and said, "Uncle Zhong, let me introduce to you, this is the Hall Master of the Hall of Ten Thousand Dragons, Wan Breaking Jun, if anyone dares to kill you today, or dares to stop you from going home, I will definitely make him pay a painful price."

Wan Bajun said respectfully from the side, "Uncle Zhong, don't worry, with me and Mr. Ye around, absolutely no one on Hong Kong Island will dare to make a move against you!"

Chen Zhao Zhong was instantly grateful beyond words, his eyes were red as he did his best to hold back his tears and choked back a sob, "Young Master Ye ..... I have never had the chance to repay the kindness I owe to Young Master Chang Ying, and now I owe you such kindness, I am really ashamed of it ....."

At this point, he looked at Ye Chen and said very firmly, "Young Master Ye, from now on, as long as there is any place you can still use, my old bones, I will definitely have no second thoughts!"

Earlier on, Ye Chen had indeed wanted to take Chen Zhao Zhong under his wing and let him help him run more and more of his capital and industries.

But now, he only wanted to help this wanderer, who had been away from his hometown for more than 20 years, to return home unharmed.

The rest, it didn't matter.

So he turned and asked Wan Bajun, "Bajun, are all the things I asked you to prepare in advance ready?"

"Back to Mr. Ye, they are all ready." Wan Bajun responded respectfully and then winked at a man in plain clothes in the crowd, who immediately walked over with a 20-inch suitcase.

The man handed the suitcase to Wan Bajun and said very respectfully, "Mr. Ye, Hall Master, everything is here."

"Good." Ye Chen nodded and said to Chen Zhao Zhong, "Uncle Zhong, there's a brand new outfit for you in here, and a razor for you, I'll take you to the bathroom to get ready and take you to meet the two deceased people later."

Chen Zhao Zhong was shocked and couldn't help but ask, "Young Master Ye, you wouldn't be ..... wouldn't have got Liu Jiahui and Fang Jiaxin under control, would you?!"

Chen Zhao Zhong knew that since Ye Chen had said that he would help him solve the problem of returning home, he must have already had contact with Liu Jiahui in advance.

After he heard that this young man beside Ye Chen was the famous Wan Bajun, his heart was worried that Ye Chen would use violent means against Liu Jiahui.

When he heard Ye Chen say that he was going to take him to see his two deceased friends, he became even more worried that Liu Jiahui and Fang Jiaxin were already under Ye Chen's control.

Although he had always known that Liu Jiahui's desire to kill him would not die, he himself had no desire to let Liu Jiahui die.

## **Chapter 4578**

As for Fang Jiaxin, he did not even have the slightest grudge or blame.

So, instead, he was afraid that Ye Chen would use thunderbolts against them.

Ye Chen could see his worry, so he smiled slightly and said: "Uncle Zhong, it seems that nothing can be hidden from you, but don't worry, I didn't control Liu Jiahui and his wife, the two of them are still in the dark until now. I promise you that Liu Jiahui will not dare to think ill of you again."

Only when Chen Zhao Zhong heard this did he finally breathe a sigh of relief, he nodded gently and said gratefully, "Young Master Ye, no matter how things turn out, please don't make things difficult for the two of them, what happened back then, no matter what, I was at fault in the first place ....."

When Chen Zhao Zhong was young and vigorous, he never felt sorry for Liu Jiahui.

After all, he helped Liu Jiahui earn a lot of money back then, and he did not cuckold Liu Jiahui; he only opened his mouth to ask for Liu Jiahui's mercy after he was sure that Fang Jiaxin was willing to break with him and reunite.

Moreover, Fang Jiaxin did not marry Liu Jiahui back then, and he was not a third party interloper.

However, as he grew older, he gradually realised that although he was not in the wrong, in all fairness, he had caused Liu Jiahui a great deal of trouble in handling this matter.

After all, Liu Jiahui was a famous super tycoon, and it was also widely known that he had taken Fang Jiaxin with him and eloped with him. The negative impact on him was so great that it was likely that there would still be an article about Liu Jiahui's current wife, who had eloped with someone, in the after-dinner talk of the people of Hong Kong.

Ye Chen also understood Uncle Zhong's mentality, so he said with a smile, "Don't worry, since I'm taking you to see them, I don't want to make things too difficult for them, otherwise, I'll just have them killed, and this matter will be solved once and for all."

Saying that, Ye Chen added, "However, Uncle Zhong, I am not only coming to Hong Kong Island this time to seek justice for you alone, I also want to seek an explanation for my father, Liu Jiahui had gone back on his word to my father, this matter, I must ask him to give me a satisfactory explanation."

Chen Zhao Zhong did not know how to reply for a while, so Ye Chen changed the subject and said, "Uncle Zhong, I'd better take you to change your clothes, you can't be so dishevelled when you have to meet your deceased friend later."

Chen Zhao Zhong nodded gently and said gratefully, "Thank you Young Master Ye!"

.....

Ten minutes later.

Chen Zhao Zhong had already changed into the white short-sleeved shirt, black trousers and leather shoes that Ye Chen had had someone prepare.

This was a high-end collection from a well-known brand, and Chen Zhao Zhong himself was a talented man, even when he was old, he was still very elegant, so after changing into such a outfit and shaving, his visual age was instantly quite young, and he only looked around forty.

Once he was properly packed, Ye Chen said with a smile, "Uncle Zhong, your two deceased friends are in the VIP lounge on the first floor of the airport at the moment, let me take you up there."

"Good." Chen Zhao Zhong nodded slightly and followed Ye Chen with some apprehension, taking the lift to the first floor.

At this moment, inside the VIP lounge, Liu Jiahui was still eagerly awaiting Ye Chen's second VIP, and could not wait to see the true face of this VIP.

Just then, Ye Chen pushed the door and walked in. Seeing the eyes of both Liu Jiahui and his wife with full expectation, he smiled faintly and stepped aside.

The figure of Chen Zhao Zhong instantly fell into the sight of the two.

Fang Jiaxin covered her mouth in shock and could not speak, while Liu Jiahui was stunned for a moment, then immediately became furious and pointed at Chen Zhao Zhong, shouting, "D\*mn it, Chen Zhao Zhong! You're the one who deserved it!"

## Chapter 4579

At this moment, Liu Jiahui was already overwhelmed by anger.

An angry curse came out of his mouth, while Chen Zhao Zhong said with a somewhat ashamed expression, "Mr. Liu, long time no see."

"See your mother!" Liu Jiahui pointed at Chen Zhaozhong and cursed angrily, "You have some f\*cking guts, how dare you come in front of me! You really don't want to live long!"

At the side, Ye Chen said in a cold voice, "Mr Liu, aren't you treating my valued guest like this, a bit disrespectful to me, Ye Chen?"

Liu Jiahui instantly came back to his senses, and then shivered in fear.

Only then did he realise that Liu Jiahui was actually brought here by Ye Chen!

He then asked Ye Chen with a nervous look on his face, "Mr. Ye, you ..... How do you know him?"

Ye Chen frowned and said, "Uncle Zhong is a good friend of my father."

Speaking of this, Ye Chen looked at Liu Jiahui and asked him, "Mr. Liu, do you still want to ask who my father is?"

Liu Jiahui subconsciously nodded his head.

He had only met Ye Changye once back then, and what's more, Ye Changye had already died twenty years ago, so he could not recall this person in his mind long ago.

Ye Chen looked at him, smiled slightly and said word by word: "Mr. Liu, my father's name is Ye Chang Ying, Ye Chang Ying of the Yanjing Ye family, you are a noble man who forgets things, you can turn your head and throw away what you said, I wonder if you still have an impression of my father after so many years have pa\*sed?"

"Ye Chang Ying ....." Liu Jiahui mumbled a repetition under his breath, his brows locked.

Immediately afterwards, he suddenly recalled the middle-aged man who had flown all the way from the Mainland to Hong Kong Island back then and met with himself once.

At that time, Ye Chang Ying was very famous in the Chinese circle.

Not only because he was well-born and capable, but also because he was married to a very remarkable woman, An Chengqing, who was famous worldwide for driving the rapid development of countless enterprises in Silicon Valley!

Back then, when Liu Jiahui met Ye Chang Ying, he also exclaimed that this man was incredibly powerful and if he could get involved with him, he could naturally go to the next level in the future.

Although he hated Chen Zhaozhong with a pa\*sion at the time, he decided to let Chen Zhaozhong off the hook when he thought of the opportunity to ride on the Ye and An family's boat.

Originally, Ye Changyang did have the intention of giving Liu Jiahui something in return, but unfortunately, not long afterwards, Ye Changyang broke with the Ye family and left Yanjing with his wife and children.

Just when Liu Jiahui was looking for a chance to catch up with Ye Changye, he heard the news of his death.

Liu Jiahui's first thought at that time was that he had lost out big time.

He had made concessions to Chen Zhaozhong, not because of how much face Ye Changye had, but because he wanted to get a long-term benefit from Ye Changye.

However, he didn't get any advantage, but both Ye Chang Ying and his wife were killed, which was like stealing a chicken and losing the rice.

So at that time, Liu Jiahui immediately threw his promise to Ye Chang Ying to the back of his mind.

As time went by, he gradually forgot about Ye Chang Ying.

However, when he suddenly heard this name again from Ye Chen's mouth today, it instantly awakened his memory of his association with Ye Chang Ying back then.

He looked at Ye Chen with disbelief: "You ..... You are Ye Chang Ying's son? This ..... How is this possible, I heard that all of their family ..... are all dead!"

Ye Chen said in a cold voice: "Sorry to disappoint you, I am still alive."

#### **Chapter 4580**

Liu Jiahui shivered in fear and hurriedly waved his hands, "Mr. Ye ..... I ..... That's not what I meant ....."

Saying that, he thought of something, looked up at Ye Chen and said with wide eyes, "You are Ye Chang Ying's son ..... That means that you are not from any Isu Shipping at all ....."

Ye Chen said indifferently, "Although I am not an assistant of Isu Shipping, I am the owner of Isu Shipping, and He Zhiqiu works for me."

Liu Jiahui was shocked beyond belief, followed by a subconscious voice: "But ..... But ..... I heard that the Ye family has been taken away by the Vanguard Temple and has lost half of its assets. .... But you are the master of the Hall of Ten Thousand Dragons, this ..... This is completely contradictory ....."

Ye Chen sneered, "You think it is the Ye family that has lost, but that is only because I want outsiders to think that the Ye family has lost."

Wan Bajun, who was at the side, also immediately spoke up, "It was me, Wan Bajun, who was selfish and presumptuous enough to challenge Mr. Ye, and in the end, it was Mr. Ye who spared my life regardless of my past!"

Liu Jiahui's cold sweat at this moment had already left his face and entire back.

And his brain began to race as he thought, "Since this Ye Chen is the son of Ye Chang Ying, that means that the head of the Ye family in Yanjing is his grandfather, and the head of the An family in America is

his grandfather ..... And everything that happened yesterday at Hongmen Bar proves that he is still the real owner of the Hall of Ten Thousand Dragons, and now he says he is the owner of Isu Shipping ..... In this calculation, the power behind Ye Chen is much greater than I had previously imagined .....

"I'm afraid that the reason why this Ye Chen approached me under the pretext of being from Isu Shipping is that he also knows that I want Chen Zhao Zhong's life, so he did it intentionally ....."

"Now, Ye Chen has brought Chen Zhao Zhong here, he must have come to ask me for revenge ....."

"This is really the end now ....."

At this moment, Liu Jiahui's heart was already panicked to the extreme, and then, a thought suddenly flashed through his mind, and he hurriedly changed into a smiling face and said excitedly, "You are Young Master Ye? So you are Young Master Ye! I've always admired your father to the highest degree! I even had the honour of having a drink with him on Hong Kong Island back then! Now I'm thrilled to see the son of Young Master Chang Ying!"

As he said that, he hurriedly looked at Chen Zhao Zhong and said with emotion, "Oh, Ah Zhong! You've been gone for so many years without saying goodbye, and now you're finally back! You don't know how guilty I've felt about you all these years, I've always wanted you to return to Hong Kong Island and live a good life, but I just couldn't find your contact information. To make up for my shame, I've been asking Jia Xin to take care of your family for me all these years, and she even visited your old mother a few days ago! Now that you've returned safely, that's really great!"

Ye Chen looked at Liu Jiahui's sincere face and couldn't help but smile, "Mr. Liu's ancestors must be from Sichuan Province in the mainland, right?"

Liu Jiahui subconsciously shook his head and said with a smile, "Young Master Ye, my ancestors were from Guangdong Province in the mainland."

Ye Chen frowned, "Your ancestors were from Guangdong Province? That's not right, it seems that the art of face-changing is only known to those from Sichuan Province, right?"

Liu Jiahui was incredibly shrewd and instantly heard the mockery in Ye Chen's words.

He hurriedly said stiffly, "Young Master Ye ..... You ..... What do you mean by that ....."

Ye Chen's expression was cold as he asked in a cold voice, "Liu Jiahui, nothing else matters, I just want to know now, you released \$30 million in dark flowers to the public to take Uncle Zhong's life, how do you explain this matter?"

Liu Jiahui hurriedly waved his hands and said, "Young Master Ye is wronged, Young Master Ye, I have known Zhong for many years, and he is my old subordinate, how could I spend money to buy his life, there must be some misunderstanding here ....."
