

Ye Chen 4581

Chapter 4581

“Misunderstanding?”

Ye Chen sneered and spoke, “All of Hong Kong knows about this matter, even Hong Yuanshan as well as that Lin Instructor are thinking about this \$30 million dark flower you offered, now you tell me that it is a misunderstanding, do you think I will believe you?”

Liu Jiahui was already extremely nervous at this moment, and he only had one thought in his mind, that he could not admit to buying Chen Zhao Zhong’s life, dead or alive.

He had seen Ye Chen’s methods, and when he was ruthless, he would never show mercy.

Therefore, he could only grit his teeth and say, “Mr. Ye, I have really been wronged! This matter is all a Jianghu rumor, many people only know how to spread it haphazardly, they are not responsible at all

Ye Chen looked at him, nodded slightly and said, “Since you don’t admit it, then I’ll find someone to confront you on the spot, what do you think about Hong Yuanshan? Do you want me to call him over?”

When Liu Jiahui heard that Ye Chen was looking for Hong Yuanshan, he was even more scared out of his wits.

He couldn’t be clearer about what kind of person Hong Yuanshan was! Other things aside, he had seen the process of Hong Yuanshan’s violent beating of Yang Tiansheng this morning.

He knew that Hong Yuanshan now regarded Ye Chen as the king of heaven and only wanted to satisfy him in everything he did. If he really called him over, he would definitely bite himself to death without hesitation, and if he still talked tough, I was afraid he would turn on him on the spot.

Thinking of this, Liu Jiahui hurriedly said, “Mr. Ye This This may be a miscommunication I did tell the people around me before that I was somewhat displeased with Ah Zhong and hated to take his life, but I didn’t think of really taking his life

When Ye Chen saw that he was dead set against admitting it, he said in a cold voice: “Liu Jiahui, do you think I flew all the way from America to engage in a debate with you? The truth of the matter has been clear to me for a long time, so what if you don’t admit it? And don’t you forget, back then you promised my father that you would no longer bother about Uncle Zhong and Ms. Fang, but what did you do afterwards? Why did Uncle Gu Yanzhong Gu later fly all the way to Kong to look for you once more? Wasn’t it because you flipped and broke your promise immediately after my father’s death?!”

Speaking of this, Ye Chen’s voice raised a few points and sternly rebuked, “You clearly promised my father something, but immediately after my father’s death, you reneged on your promise, do you think I would forgive you for such a thing? Do you think that no one will look for you to settle this score after more than twenty years have pa*sed?”

When Liu Jiahui heard this, he was scared out of his wits. He knew that even if he could weasel his way out of the matter with Chen Zhaozhong, he would not be able to give a reasonable explanation for breaking his agreement with Ye Changyang.

He was the one who had gone back on his word in the first place, and it was only after Gu Yanzhong had come to plead for Chen Zhaozhong once more that the cause and effect relationship had been established 20 years ago, and he had no way to refute it.

In fear, Liu Jiahui's legs went limp and he fell to his knees, choking back a sob: "Mr. Ye, what happened back then was really my fault I was also obsessed back then, so please forgive me this time for the sake of the fact that I did have a reason back then"

After saying that, he looked at Chen Zhao Zhong and said offhandedly, "Ah Zhong, please put in a good word for Mr. Ye, from now on, the two of us clear our grudge, you will be my Liu Jiahui's own brother from now on, if I, Liu Jiahui, ever think of killing you again, you can let Mr. Ye cut me into pieces!"

Chapter 4582

Fang Jiaxin on the other side also panicked at this time and hurriedly pleaded, "Ah Zhong I have been married to Jiahui for more than ten years and have a son, please help him plead with Mr. Ye for the sake of our relationship for so many years"

Saying that, Fang Jiaxin's eyes turned red, and pea-sized tears rolled down her cheeks.

Chen Zhao Zhong was also a little bit unbearable at this time, so he looked at Ye Chen and opened his mouth to plead: "Young Master Ye What happened back then I was also at fault So"

Ye Chen raised a hand to interrupt him and said seriously, "Uncle Zhong, I am now asking for a statement for my father, and I think that but a decent person will keep the promises they made with others, even if the other person has pa*sed away!"

Saying this, Ye Chen looked at Liu Jiahui and said in a cold voice, "Although my father is no longer here, but as his son, I have to pay back what he owes others, and I have to collect what others owe him!"

When Liu Jiahui heard this, he was so flustered that he could not stop trembling violently.

The main reason why he had not taken the agreement he had made with Ye Chang Ying into consideration was because he felt that Ye Chang Ying and his wife, An Chengqing, had been abandoned by the Ye and An families, otherwise these two families would not have sat back and watched them both being killed.

It was precisely for this reason that he did not take that promise into account at all.

Many people seem to make promises, but in fact, they are only as good as the people they see, making promises to those they can't afford to offend, while looking like a scoundrel to those they think don't matter.

Liu Jiahui is such a person at heart.

He has a very cla*sic motto: never make a friend who is useless.

Once the person is no longer useful to him, even if he is his childhood friend, he is not worth mentioning in his eyes.

But once the person is of use to him, even if he is his father's enemy, he will find a way to get in touch with him.

It was precisely because of this profit-oriented character that he withdrew his initial promise immediately after Ye Changye's death.

All along, Liu Jiahui had prided himself on this code of conduct in the world and felt that he was truly sober on earth, but he never dreamed that today he would fall on his face in this way.

So, he begged in fear, "Mr. Ye, it was really my fault for not honouring the agreement I made with your father back then, I really know I was wrong.

Ye Chen looked at him and asked indifferently, "How do you plan to change your ways?"

Without thinking, Liu Jiahui blurted out, "Back then I promised your father that I would not pursue what Ah Zhong did back then, I now know my mistake and continue to promise you that I will never make things difficult for Ah Zhong again because of this matter"

The first thing is that you promised my father more than twenty years ago, and now that I've found you, you're telling me that you've learned from your mistakes, so how are you going to give my father an explanation for the twenty years of transgressions in between?"

The second thing is that Uncle Zhong was one of the top talents in the financial field back then, because you, Liu Jiahui, did not keep your word, he had to run to the United States and sell roast goose in Chinatown for twenty years.

Then, Ye Chen continued, "There is a third thing! In these twenty years, Uncle Zhong could not return to Hong Kong Island to reunite with his family, could not be by his parents' side to fulfill his filial piety, he could not even come back to mourn the death of his father, his family was broken and separated in these twenty years, how can you give them an explanation?"

Chapter 4583

Liu Jiahui was so frightened by Ye Chen's words that he nearly fainted.

In his heart, he was terrified beyond measure and secretly thought, "That defeated son of Zhong Yunqiu was blackmailed by Ye Chen for ten years and ten billion dollars when he provoked Ye Chen, I offended Ye Chen's father twenty years ago and went back on my word, according to this, this sin of mine is more than Zhong Yunqiu mostly"

I am willing to fly overnight to the grave of your father, Mr. Ye Changyang, to make amends, and I am also willing to kowtow to Ah Zhong and apologize, as long as you can forgive me this time, from now on, I will never give Ah Zhong a hard time again, and from now on, Ah Zhong will be my brother. From now on, Ah Zhong is my brother of the opposite sex, if you need me for anything, just say the word, I, Liu Jiahui, will do my best!"

Ye Chen sneered, "Mr. Liu, you and I have known each other for quite some time, do you think I, Ye Chen, am such a nice person to talk to?"

Liu Jiahui choked up and said, "Mr. Ye, please spare me this time for the sake of my age"

Ye Chen asked him again, "Then do you think I, Ye Chen, am such a merciful person? You're old, isn't Zhong Yunqiu old? Is his handful of years, less than your handful of years?"

"This This" Liu Jiahui saw that Ye Chen was aggressive and seemed unwilling to give himself any accommodation at all, so he could only speak up, "Mr. Ye, please, for the sake of Manqiong, give me a chance to change my ways!"

"Manqiong?" Ye Chen smiled and said seriously, "Miss Manqiong is indeed a good girl, and she is fundamentally different from you, you are a villain who does not keep his word, but she can always keep her promises!"

After a pause, Ye Chen added: "She promised the vendors in the snack street stalls more than ten years ago that she would never raise the rent, and she did, what about you? Have you ever done anything to keep your promise for more than ten consecutive years?"

Liu Jiahui didn't know how to answer for a while.

Ye Chen continued, "Liu Jiahui, about your commitment, if you can say one, two, three, I can also consider you lightly sentenced, but if you can't say, don't use Miss Manqiong as a shield, after all, you are also a fifty-year-old man, in case you still use your own daughter as a shield, is not afraid of being laughed at?"

Liu Jiahui's expression was as ugly as a bitter melon.

He couldn't think of anything that he could do to keep his promise.

After thinking about it, he didn't know how to respond, so he could only look at Ye Chen and say pitifully, "Mr. Ye These three things you said are all my fault, and I don't dare to slyly argue, I only ask you to tell me how I can make amends"

Ye Chen said blandly: "How to make amends, it is better for you to say it yourself, you let me see, how sincere you are as a person to repent."

"I" Liu Jiahui was speechless for a moment, really let him say it himself, he did not have the guts to do so.

If there was less sincerity, Ye Chen would definitely not agree, and might even be enraged by it.

If it was more sincere, Ye Chen might agree, but he would be in a lot of pain.

After thinking about it, he stammered, "Mr. Ye I am willing to take out 100 million dollars a year for the next twenty years to make up for the mistakes I have made in the past twenty years, what do you think"

After he said that, he looked at Ye Chen with an apprehensive face, afraid that Ye Chen would suddenly get mad.

A total of twenty years and taking two billion dollars was a huge sum of money in the eyes of the vast majority of people, but Liu Jiahui understood in his heart that to Ye Chen, this was nothing at all.

One must know that Zhong Yunqiu had agreed to ten billion dollars for ten years in exchange for Ye Chen's forgiveness.

Twenty years and two billion, versus ten years and ten billion, the difference here was not just five times the relationship between ten billion and two billion, if we consider the interest rate for the extra ten-year cycle, and the inflation factor for the extra ten years, his two billion was actually, at best, an eighth, or even a tenth of Zhong Yunqiu's.

Therefore, when he took the initiative to say this price, he was, in his heart, extremely apprehensive, fearing that Ye Chen would immediately turn his back if he was not satisfied.

At this time, Ye Chen looked at Liu Jiahui expressionlessly, and in his heart, he had already seen through this guy's nature.

Don't see him smiling with everyone, but in fact, this old man is a standard miser.

Chapter 4584

With Zhong Yunqiu's previous experience, he could still offer a price of two billion dollars for twenty years, this was clearly a case of wanting money without life.

However, Ye Chen did not really want his money either.

To him, he only had two demands now, one was to make Liu Jiahui pay for breaking his promise to his father back then, and the other was for him to come up with compensation for Uncle Zhong.

The second thing could be solved with money, but the first thing, by no means, was about money.

He, Ye Chen, would not use his father's name to go to Liu Jiahui to recklessly enrich himself either.

In Ye Chen's view, the first matter must be to make Liu Jiahui pay a price other than money, including but not limited to personality, dignity and physical punishment.

Only, he did not want to let Liu Jiahui breathe a sigh of relief so quickly yet, this matter, he must first give Liu Jiahui enough oppression to scare him half to death first, and then finally give him a little chance to breathe.

So, Ye Chen looked at him and said in a cold voice, "Liu Jiahui, who do you think is more guilty, you or Zhong Yunqiu?"

Ye Chen's words made Liu Jiahui so frightened that even his lips were pale, living like a living dead man who had just finished painting his deathly makeup.

What he feared the most was Ye Chen asking such words.

This also meant that Ye Chen's punishment for him would have to be benchmarked against Zhong Yunqiu.

"If my crime is less than Zhong Yunqiu's, that's fine, but if my crime is greater than Zhong Yunqiu's, then my compensation amount must not be lower than Zhong Yunqiu's standard either."

“That’s ten billion dollars for ten years And it’s still in US dollars Fang Jiixin has been with me for so many years and I haven’t given her \$100 million, this Ye suddenly sprang out and asked me to come up with so much money, this is more unbearable than taking my life”

“But But he is so powerful, how can I mess with him? Not to mention the Ten Thousand Dragon Hall, even Hong Yuan Shan of the Hong Sect I can’t stand up to!”

Thinking of this, Liu Jiahui’s entire body was trembling like chaff in fear.

At this moment, he did not know how to answer Ye Chen’s question at all.

Because he knew very well in his heart that he had turned his back on Ye Chen’s dead father, which was tantamount to disrespecting his father, and by definition, this sin was much greater than Zhong Yunqiu’s incompetence in teaching his son! More than twice as great!

But how could he say such a thing?

Once the words were out, it would be a huge amount of money!

When he thought of this, Liu Jiahui, who loved money as much as his life, broke down and cried, and with a snotty nose and tears, he begged, “Mr. Ye I beg you to give me a chance to atone for my sins with practical actions for the sake of my repentance, I would like to kneel in front of your father’s grave for three days and nights as an expression of my repentance, and also pray that if he knows in heaven, he can forgive me for the mistakes I made when I was young”

After saying that, he looked at Chen Zhao Zhong and said seriously, “Having delayed Ah Zhong’s youth for twenty years, I would like to compensate him for twenty years of income at the highest income of professional managers in the whole Hong Kong Island!”

Ye Chen listened to laugh out loud: “Aiya Mr. Liu, you can really calculate a good account, the highest income of professional managers in the whole Hong Kong Island can not be more than one or two hundred million Hong Kong dollars a year, you this twenty years will be four or five billion Hong Kong dollars to the end, you just now also said twenty years two billion dollars, now it has become less than one billion dollars, you this money is still more and more reported less and less is it? ”

Liu Jiahui’s body trembled in fear and he hurriedly said, “No, no, no, I don’t mean that Mr. Ye, I’m willing to kneel on your father’s grave for three days and three nights, and then take out two billion dollars in twenty years!”

Ye Chen looked at him, smiled playfully and deliberately scared him, “I’ll make a price, twenty billion dollars for ten years, if you agree, we’ll talk down the road, if you don’t, we don’t need to talk!”

Chapter 4585

Ye Chen’s words scared Liu Jiahui so much that his eyes doubled and he directly fainted.

Fang Jiixin beside him hurriedly reached out to hold him up, holding his head and shaking it while shouting hoarsely in his ear, “Jiahui what’s wrong with you Jiahui, wake up quickly Jiahui, don’t scare me”

With a few screams from Fang Jiabin, Liu Jiahui woke up with a start, and the first thing he did when he woke up was to look up at Ye Chen and said in tears, "Mr. Ye, you're killing me! 20 billion in 10 years, or dollars, how can I get it out"

He said, painfully crying, "It's true that I was wrong about Liu Jiahui back then, but you can't take advantage of the situation and ask me for so much money! You might as well kill me if you want so much money from me! If you kill me, my inheritance can still be left to Manqiong and my other children, but if I were to say yes to you, I would be left with nothing, and their future would also be penniless!"

Ye Chen smiled coldly and said indifferently, "Eh, I think that's a very good idea you have!"

After saying that, Ye Chen said with a serious face, "I'm not going to hide it from you, I'm already the head of the Ye family now, and I still have the Dihao Group, Jiu Xuan Pharmaceuticals, Issu Shipping and the Ten Thousand Dragon Hall in my hands, there's no place to spend all the money, so there's no point in asking you for this amount!"

"Besides, if I really take your money and stop pursuing you, then I, as a son, will not be able to give my father a piece of my mind, but instead take his dignity in exchange for money, and when I die, I won't be able to face him in the next spring!"

"So, the best solution to this matter is for you to die to thank your father, not only will you have an explanation to my father, you will also have an explanation to Uncle Zhong, and like you said earlier, your assets will not be affected in any way if you die, and your children will also be able to get your entire inheritance, so all will be happy."

"Ah?!"

Liu Jiahui was instantly frozen in place.

He had originally wanted to take on the air of a broken jar and a dead bird facing upwards to force Ye Chen to lower his price.

But who would have thought that, judging from Ye Chen's performance, he would prefer to die himself

If so, wouldn't the cruel words he just said hit Ye Chen's heart?

Just when Liu Jiahui was so terrified that he did not know what to do, Ye Chen said to Wan Bajun at the side, "Bajun, I really did not expect that Mr. Liu would have such courage, since he intends to die to thank for his crime, then you should find a suitable time to fulfill him!"

Without thinking, Wan Bajun blurted out, "Don't worry, Mr. Ye, my subordinates will definitely make the right arrangements!"

Liu Jiahui was already scared out of his wits, and at that moment, Ye Chen spoke again to Wan Bajun, "However, I have a request, you must listen carefully!"

Wan Bajun clasped his hands together and said respectfully, "Mr. Ye, please give me your command!"

Ye Chen said very seriously, "I am indeed impressed that Mr. Liu has such vigour, so when you send him on his way, don't make it too difficult for him, it would be best if you can make him go faster and reduce his pain as much as possible, it would also be a point of respect for him from me, Ye Chen."

Wan Bajun immediately said, "Don't worry Mr. Ye, my subordinate will definitely make Mr. Liu go painlessly!"

Liu Jiahui was so frightened that he almost passed out, and at this time, Ye Chen said to Fang Jiabin, "Mrs. Liu, after Mr. Liu is gone, I still hope that you, as the survivor, can give him a beautiful burial, and make sure to buy Mr. Liu the best cemetery in the whole Hong Kong Island."

Fang Jiabin was also dumbfounded as she choked out, "Ye Mr. Ye I I have no dominion over the Liu family, in terms of property ah"

Chapter 4586

"It's okay." Ye Chen waved his hand, "You go ahead and buy it, how much do you spend, make an invoice, I will reimburse you, if you don't have money to advance it doesn't matter, call me when it looks good, I will arrange someone to go over and settle the bill."

Liu Jiahui became more and more frightened, he knelt on the ground and said with a face full of repentance, "Mr. Ye, I am truly repentant, please give me another chance, the exact amount, we can discuss"

Ye Chen smiled faintly, "Mr. Liu, there is no need to say such words again, I don't want a single penny of your money, you just step on the road, the rest, don't worry about it anymore."

He felt that if Ye Chen really wanted him dead, then he would have no chance of surviving, even if he was worth billions, there were 10,000 ways to kill him in one day.

Thinking of this, his desire to live was instantly pulled full and he said in agony, "Mr. Ye I promise Can't I promise you? Twenty billion for ten years, I will definitely find a way to come up with it even if I smash the pots and pans."

Ye Chen looked at him with interest and asked curiously, "Mr. Liu, didn't you just say that it would be better to ask for your money than to just kill you? How come you have changed your mind so quickly?"

Liu Jiahui cried and said, "Mr. Ye, I have not lived long enough I still ask that you can give me a chance"

Ye Chen grunted and said, "You were given a chance just now, but you couldn't grasp it."

Liu Jiahui was terrified to the core and howled, "Mr. Ye What exactly do you want from me to be satisfied As long as you can stay in the next place, I will agree to anything you say"

Liu Jiahui cried at the top of his lungs, not at all like an old man in his fifties with a successful career.

And at that moment, the door of the room was suddenly pushed open and an urgent voice came: "Dad, what's wrong with you?!"

Ye Chen frowned slightly and knew without turning around that it was Liu Manqiong who had arrived.

It was just that Ye Chen did not figure out that Liu Manqiong was supposed to be at a charity sale in Tsim Sha Tsui today, so he did not know why she had suddenly appeared at the airport.

As soon as Liu Jiahui saw his daughter coming, he was overjoyed, as if he had caught the straw that saved his life, he cried out, "Manqiong, but please, you must save dad! Mr. Ye wants my dad's life, you have to beg for him no matter what"

Liu Manqiong looked at Ye Chen in shock and asked offhandedly, "Mr. Ye, what is this all about?"

Ye Chen turned around, looked at Liu Manqiong and said seriously, "Sorry Miss Manqiong, I have some old scores to settle with your father."

Liu Manqiong rushed over to pull Liu Jiahui up while looking at Ye Chen with wide eyes, questioning, "Mr. Ye, my father said you wanted him dead, is this true or not?"

Ye Chen shrugged his shoulders and spoke, "Miss Manqiong, I didn't want his life, I just wanted him to give me a statement, but he was afraid that I wanted his money, so he took the initiative to choose to die to thank him for his crime, maybe to Mr. Liu, money comes more important than life."

Liu Jiahui did not dare to let Liu Manqiong pull himself up, so he hurriedly pushed her hand away and knelt on the ground again, looking at Ye Chen and choked up, "Mr. Ye, money is not as important as life" Money is really not as important as life"

Liu Manqiong looked at her father's frightened appearance and questioned Ye Chen with some anger, "Mr. Ye, my father is also old, where exactly did he offend you that you would do this to him?!"

Chapter 4587

Faced with Liu Manqiong's questioning, Ye Chen no longer covered up and asked Liu Manqiong, "Miss Liu, do you know that your father once promised a man named Ye Changye more than twenty years ago that he would not look for trouble with a young man named Chen Zhaozhong, but not long after that, Ye Changye passed away due to an accident, and your father immediately broke his promise, so much so that Chen Zhaozhong remained in Chinatown for over twenty years?"

Liu Manqiong's entire eyes widened as she looked at Ye Chen with an incredulous expression and asked him, "You" What is your relationship with these two people?"

Ye Chen said indifferently, "Ye Chang Ying is my father, while Chen Zhao Zhong, is my father's friend."

When Liu Manqiong heard this news, she only felt her scalp instantly explode, her eyes stared intently at Ye Chen and choked up, "In other words, you came to Hong Kong Island and stayed in our family, not to talk about any cooperation with my father at all, you are deliberately approaching our family, waiting for an opportunity to seek revenge on my father"

She said, her eyes instantly reddened, and her tears couldn't help but come out of her eyes, asking softly, "So from the first time we met until we parted at noon today, you were just acting, right?"

Ye Chen was suddenly stared at by Liu Manqiong's desolate eyes, and he subconsciously explained, "It's true that I was acting, but I was only acting in front of Liu Jiahui."

With tears in her eyes, Liu Manqiong questioned, “When you were in front of me, weren’t you acting?! If you weren’t acting, why did you hide your true identity as well as your true intentions?!”

Ye Chen looked at Chen Zhao Zhong beside him and said indifferently, “The reason why I hid my identity and my intentions was to wait until today to get justice for Uncle Zhong, you should know how much effort your father has made to get Uncle Zhong’s life, if I didn’t come, Uncle Zhong might have been a*sa*inated right out of this airport gate!”

Liu Manqiong looked over in the direction of Ye Chen’s eyes, and when she saw Chen Zhao Zhong, her whole person was inevitably a little ashamed.

She then looked at Chen Zhaozhong, bowed deeply and said very apologetically, “Mr. Chen, I have heard about my father’s attempt to kill you before, and I have advised him many times about this matter over the past years, but he has always put it off on the excuse that your whereabouts are unknown, and it is only today that I learned from others that you have returned to Hong Kong Island, which is why I I rushed over here to make it clear to my father so that he can no longer make things difficult for you no matter what.”

Saying this, she glanced at Ye Chen again and said sorrowfully, “It’s just that I didn’t expect that after rushing over, I would be in such a situation now

As soon as Liu Jiahui heard this, he immediately cried and said, “Manqiong Dad really knows that he is wrong, please plead with Mr. Ye properly, as long as you give dad a chance to reform, dad is willing to bear any price

Liu Manqiong sighed and looked at Ye Chen, pursed her lips and pleaded, “Mr. Ye, I beg you not to make things too difficult for my father for the sake of not making any big mistakes

Liu Manqiong looked at Liu Jiahui and added, “My father, although he is not very decent and his character outside is not good, he is after all old

“And I know him very well as a daughter. Although he is not a good person, he is not an evil person either. Compared to a truly evil person like Hong Yuanshan, he is just a bit narrow-minded and profit-oriented, but he has never really harmed anyone’s life. This time, thanks to your intervention, my father did not make a big mistake

Liu Jiahui did not expect that he would be such an image in his daughter’s eyes.

But he himself knows very well in his heart, what his daughter said, every word is true.

Chapter 4588

He is not considered a good person, nor has he done any good deeds, and even acted in a somewhat obscene style, but, he is not considered a bad person with ten evils.

He had never killed anyone in his life, nor had he ever asked anyone to do it for him.

The only one he wanted to kill was Chen Zhao Zhong, and he failed to do so.

So, he knelt down in front of Ye Chen again and begged, "Mr. Ye, Manqiong is right, I really haven't done anything bad to hurt God, even if I'm not good enough, I'm not guilty to death, please spare my life and I'll give you every penny you want!"

At this time, Liu Manqiong also suddenly knelt down and spoke with her head bowed, "Mr. Ye, money is all extraneous, as long as you can give my father a chance to change his ways, we won't hesitate to pay more money!"

Ye Chen did not expect that Liu Manqiong would also kneel down, so he hurriedly stretched out his hand and tried to hold her up.

But Liu Manqiong resisted while saying expressionlessly, "Mr. Ye, if you don't agree, I won't get up, and if you really want my father's life, then please kill me along with him."

Ye Chen looked at Liu Manqiong's eyes that were tinged with sorrow, his heart instantly throbbed a little, so he couldn't help but let out a soft sigh, looked at Liu Jiahui and said in a cold voice, "Mr. Liu, you have raised a good daughter!"

Saying that, he looked at Chen Zhao Zhong and asked, "Uncle Zhong, what do you think, how should this matter be resolved?"

Chen Zhao Zhong was busy saying respectfully, "Back to Young Master Ye, I only want to return home to my family in peace and quiet, the rest, is not important"

Saying that, he was afraid that he had not expressed himself clearly enough, and said to Ye Chen: "Mr. Ye, as long as Mr. Liu can take back the dark flower, I do not want to pursue the rest!"

Once Liu Jiahui heard this, his heart was immediately moved and ashamed, he looked towards Chen Zhao Zhong and choked up while kowtowing, "Ah Zhong, thank you for your great kindness, if I, Liu Jiahui, can survive, I will definitely do my best to repay your kindness!"

At this time, Ye Chen looked at Liu Jiahui and said indifferently, "Liu Jiahui, for the sake of Uncle Zhong and Miss Manqiong, I can spare your life."

Liu Jiahui immediately burst into tears of excitement and kept kowtowing, "Thank you, Mr. Ye, thank you, Mr. Ye! Thank you for your high hand, thank you!"

Ye Chen said coldly, "Don't be too happy, just because I spared you one, doesn't mean you don't need to pay other prices."

Liu Jiahui nodded repeatedly without thinking, "I know Mr. Ye, I know! Twenty billion dollars for ten years! I will get this amount together even if I have to break the pot!"

Ye Chen waved his hand and said indifferently, "I don't want your money either."

"Ah?!" Liu Jiahui thought he had heard wrong and exclaimed, "Mr. Ye You What did you say?!"

Ye Chen said in a cold voice: "Don't doubt yourself, you heard me right, I don't want your money!"

“Then” Liu Jiahui instantly tensed up again, “Ye Chen doesn’t want my life, doesn’t want my money, then just what price do I have to pay?! Does it want my legs and arms? Or should I be paraplegic and lie in bed until I die?”

Just as Liu Jiahui was apprehensive, Ye Chen looked at Chen Zhaozhong and said word for word, “Liu Jiahui, if you want me to let you go, listen to the next few things I am going to say, as long as you can do it, I can let you go!”

Liu Jiahui nodded his head without thinking, “Mr. Ye, not to mention a few things, even hundreds of things I will agree to!”

Chapter 4589

Liu Jiahui’s entire spirit and will had long since been destroyed by Ye Chen, and he could no longer think about gain or loss now; his only wish was to be spared from death.

Therefore, no matter what conditions Ye Chen proposed, deep down in his heart, he was willing to agree to them without hesitation.

When Ye Chen saw that Liu Jiahui had completely conceded and had achieved his goal of disciplining him, he said in a cold voice, “Listen carefully, the first thing I want you to do is to pay Uncle Zhong twenty years’ salary at the highest professional manager’s salary on Hong Kong Island, plus double the compensation, of which double it as the loss of Uncle Zhong’s youth and the other double it as the mental loss.”

At this point, Ye Chen added: “In other words, you have to pay Uncle Zhong a lump sum of sixty years’ salary at the rate of the highest professional manager on Hong Kong Island, do you have any objection?”

“I have none!” Liu Jiahui blurted out almost without hesitation, how could he dare to have any objections at a time like this.

According to Ye Chen’s request, the most he could pay was six to seven billion Hong Kong dollars, which would not even translate to one billion US dollars.

Chen Zhao Zhong, who was at the side, hurriedly said, “Young Master Ye, I can’t accept this money”

Ye Chen seriously said, “Uncle Zhong, this money has two main purposes, one is to make amends and one is to punish, even if you don’t need his money, he must still pay this price, even if you turn around and donate this money.”

Hearing these words, Chen Zhao Zhong nodded gently.

Ye Chen said to Liu Jiahui again, “The second thing I want you to do is to buy the villa of the Huo family next door to your Shixun Road mansion and give it to Uncle Zhong’s family, then personally go and invite Uncle Zhong’s family to move there, and when you move, you should hire the best officiant on Hong Kong Island and host a most grand housewarming ceremony!”

Liu Jiahui was so shocked that he was speechless.

He really did not expect that Ye Chen would make such a request to himself.

Chen Zhaozhong had been a problem in his heart for so many years that he wanted to get rid of him, but now instead of being able to get rid of him, he had to become his neighbour

The fact is that for Liu Jiahui, this request is indeed somewhat unacceptable.

Chen Zhao Zhong also did not expect that Ye Chen would make such a request.

For him, he also did not want to be neighbours with Liu Jiahui every day in the future, a feeling that was a little weird just thinking about it.

However, Ye Chen had his own ideas.

He felt that for a villain like Liu Jiahui, who did not keep his word, he must not let him experience just this one bout of pain today.

The best way was to keep the alarm bells ringing deep inside him.

At this moment, Liu Jiahui was extremely depressed, but he did not dare to anger Ye Chen, so he could only think in his heart: "D*mn it, the big deal is that I won't live there anymore! I have countless properties all over the world, as long as I move away from Shi Xun Dao, won't I be able to see and not worry about it?"

Thinking of this, he hurriedly said, "Yes Mr. Ye, I will do as you ask"

But where did he know that Ye Chen, as if he could read minds, spoke, "Also I would like to remind you that from now on you have to stay at your Shi Xundao mansion for at least two hundred days a year."

Liu Jiahui's entire jaw dropped.

It was not enough to be neighbours with the Chen Zhao Zhong family, but he had to live in the mansion for two hundred days a year.

Chapter 4590

Ye Chen continued at this point: "In addition, adjust your driver to another position, I will transfer a general from the Ten Thousand Dragon Temple to be your bodyguard and driver, at the same time he will also help me monitor your daily travels, if you live in Shixun Dao for one day less a year, you will be fined 100 million dollars."

Liu Jiahui couldn't speak with a crying face.

He really did not expect that Ye Chen could be so damaging, rubbing his face on the ground repeatedly.

However, even if he was depressed in his heart, he did not dare to have any rebuttal to Ye Chen, so he could only nod resentfully and say, "Don't worry Mr. Ye I will do as I am told I will do as I am told... .."

Ye Chen added: "Oh yes, I Wan Long Temple generals to come to you as bodyguards and drivers, this also costs money, when the time comes I will let the broken army select four generals, one rotation per quarter to serve you, and you must also pay two million dollars per month, do you understand?"

Liu Jiahui could only say honestly, "I understand, two million dollars per month, I will pay on time!"

Ye Chen nodded and said indifferently, "Third thing, immediately divest the property rights of the snack street near the University of Hong Kong from your current group structure and set up a separate company, the shareholders of the company are and can only be Miss Qiong alone!"

Hearing these words, Liu Manqiong's entire body looked at Ye Chen in surprise, she did not know, why Ye Chen would put the snack street here as well and said it.

At this time, Ye Chen continued, "All decisions on the future of this snack street must be given to Miss Manqiong, if you dare to develop it without permission, no matter what time I know, I will have your driver break your legs the first time!"

"If you were sitting in your car at the time, I would have asked the driver to pull over and pull you right out and break your legs;"

"If you were sleeping in your bedroom at the time, I would have had the driver break right through the door and pull you out of bed and break your legs! Do you understand?"

Liu Jiahui was frightened like a man, he knew that he had angered Ye Chen by trying to develop the snack street, so he hurriedly stated, "Don't worry Mr. Ye, this snack street, I will never redevelop it"

Ye Chen waved his hand, "In the future this snack street will not be yours, and you are not qualified to say such things, you just need to give all the property rights of the snack street to Miss Manqiong."

Saying that, Ye Chen remembered that this snack street of Liu Manqiong was losing money year after year, so he said, "Oh yes, when the property rights are divested, remember to inject US\$100 million into Miss Manqiong's new company as operating capital, from now on this company you only have to pay out money, you don't have any decision power, do you understand?"

Liu Jiahui nodded his head like a garlic, "I understand I understand!"

Ye Chen nodded slightly and spoke, "Apart from these few things, there is one last thing."

Liu Jiahui instantly tensed up.

He knew that the few things Ye Chen had just said revolved around Chen Zhao Zhong, as well as his own daughter Liu Man Qiong, but regarding his own outburst against Ye Chang Ying back then, Ye Chen had not yet given a way to punish him.

So, this last matter must have something to do with Ye Chang Ying.

Thus, he looked up at Ye Chen and said nervously, "Mr. Ye you please give your orders"

Ye Chen's voice cooled down and he said word by word: "The twenty billion dollars for ten years that I said before, I will not ask for it anymore for the sake of Miss Manqiong, but you have broken the promise you made to my father back then, so I want you to fly to Yanjing immediately after the housewarming of Uncle Zhong's family and repent in front of my father's grave for three months, and during these three months, you are not allowed to eat or live away from After the three months are up, you will be allowed to return to Hong Kong Island!"
