

## Ye Chen 4611

### Chapter 4611

Fei Ke Xin's flirtation, the Liu Manqiong frightened panic, and quickly waved his hands: "I ..... I dare not ..... my sister is still studying ....."

Fei Ke Xin laughed: "Study can not fall in love? Aren't you also studying for a PhD? Haven't graduated yet, right?"

Liu Manqiong hurriedly said, "I ..... don't mean that ....."

Fei Ke welcomed her rushed look and said with a smile, "Let's put the sister thing behind us, I'll ask you again, do you know Gu Qiuyi?"

"Big star Gu Qiuyi?!" Liu Manqiong subconsciously blurted out, "She's my idol!"

Saying that, she thought of something and asked in shock, "Gu Qiuyi also ..... likes Ye Chen too?!"

Fei Ke Xin raised her eyebrows and laughed: "People Gu Qiuyi is different from us, people Gu Qiuyi and Ye Chen are married, some years ago when the two were still small, their families had already betrothed them, people have searched hard for Ye Chen for so many years, only just reunited some time ago, their feelings have not diminished at all."

Speaking of this, Fei Ke Xin looked at Liu Manqiong and asked, "Do you know why Gu Qiuyi wanted to quit the entertainment industry?"

Liu Manqiong was already dizzy from the succession of insider stories, she looked at Fei Ke Xin with some desperation and asked, "Is it for the sake of marrying Ye Chen?"

Fei Ke Xin laughed, "Definitely yes, is there any need to think about it?"

Liu Manqiong said, "But Ye Chen has already been married ....."

Fei Ke Xin laughed, "But he has been married for more than twenty years, so who do you think is the third party, her or Ye Chen's current wife?"

"This ....." Liu Manqiong only felt that her brain's computing power was no longer enough, so much so that this process in her brain related to Ye Chen had become unresponsive.

She could only clench her lips and silently drink a mouthful of water, taking a few dozen seconds for her brain to reboot before muttering somewhat brokenly, "Why did you let me get to know him ..... It feels like I picked hellish difficulty the first time I faced a relationship problem... .."

Fei Ke Xin laughed and said, "It doesn't matter if it's hellish difficulty, at least there are many other people to break through with you."

Saying that, Fei Ke Xin got serious again and spoke, "I am telling you this because I sincerely hope that you can mature, love is a war for adults, if you want to participate in it, you must first have the mentality of an adult, only if you set your mind right will you be qualified to participate in the war."

Liu Manqiong nodded gently and said seriously, "I understand ..... thank you Miss Fei ....."

Fei Ke Xin handed her a tissue and smiled, "Quickly wipe your tears, Ye Chen should be back in a while, he is a person, he is smart in every aspect, but he is not too bright in his emotions, according to my understanding, among so many competitors, only Ito Nana-chan really made him have a flash of light."

"Ito Nanaeko?" Liu Manqiong asked in surprise, "You mean, Ye Chen likes Ito Nanaeko?"

Fei Ke Xin nodded, "I think so, otherwise he wouldn't have made a special trip to Kyoto to save her in the first place, that time Ye Chen was on the verge of breaking the sky in Tokyo for her."

Liu Manqiong wiped away the tears at the corner of her eyes while asking in confusion, "Miss Fei, how do you know so much about Ye Chen? Have you known each other for a long time?"

## Chapter 4612

"Not really." Fei Ke Xin said, "We haven't known each other for long, just a month or two."

Liu Manqiong was shocked and asked her, "You've only known Ye Chen for a month or two, why do you know him so well?!"

Fei Ke Xin laughed mockingly and said, "Who made me smart and had to get to the bottom of him, and the deeper I got into it, the deeper I got into it."

When I found out he liked Nanaeko Ito, I was just like you and was sad for a whole day."

Liu Manqiong was even more puzzled, "Miss Fei, how did you know that?"

Fei Ke Xin laughed, "I reasoned."

As she said, Fei Ke Xin narrated, "First of all, as far as I know, Ito Nana-chan was seriously injured during the competition in Jinling, and the media once said that her life was in danger, and even if she survived, she might be bedridden for the rest of her life, which was clue one;"

"Secondly, Ye Chen left the country shortly after Nanaeko Ito was injured and went to Japan, ostensibly to integrate Kobayashi Pharmaceuticals in Japan, but Tokyo was immediately followed by a series of extremely serious assassinations, several major families killed each other, even Nanaeko Ito's father, Yuhiko Ito, nearly died in that chaos, but you know what's interesting? "

Liu Manqiong asked in disbelief, "What is it?"

Fei Ke Xin said seriously, "The interesting thing is that so many people died in several big families in Japan, one of them was even exterminated, and Ito Yohiko had his legs amputated because he was seriously injured, but after that, the seriously injured Ito Nana-chan miraculously recovered and stepped in to take over the Ito family, and guess why?"

Liu Manqiong shook her head, "I can't guess, is it a medical miracle?"

Fei Ke Xin smiled, "There are not that many medical miracles ..... The one that really has a medical miracle is Ye Chen! He has two valuable pills, one is called the Spring Return Pill and the other is called the Blood Dispersing and Heart Saving Pill, the latter can cure a hundred diseases and heal a thousand wounds, the former is even more remarkable, it can even make a person twenty years younger."

Liu Manqiong was surprised and asked, "Is there really such a miraculous elixir?"

“Of course.” Fei Ke Xin said seriously, “A rejuvenation elixir can’t be bought for US\$300 billion, and although the blood dispersal and heart saving elixir is worth less, it is also worth a lot to those who need it, and there is one and only one possibility for Ito Nana-chan to be miraculously cured, and that is that Ye Chen has cured her.”

Speaking of this, Fei Ke Xin said with a face full of envy, “I don’t know what makes Ito Nana-chan strong, but I know that she must be very important in Ye Chen’s heart.”

While Liu Manqiong was shocked, she suddenly remembered something.

So, subconsciously, she took out the Power Pill that Ye Chen had given her from her handbag, handed it to Fei Ke Xin, and opened her mouth to ask, “Miss Fei, what kind of elixir do you think this is?”

When Fei Ke Xin saw the small wooden box in her hand, her entire body was struck by lightning and she blurted out, “Is this ..... a rejuvenation pill?! Miss Liu, where ..... did you get this from?!”

Liu Manqiong said truthfully: “Before I came here for dinner with Ye Chen, that day just happened to be my lunar birthday, I just casually talked to Ye Chen and asked him to give me a birthday gift, he took out this powerful pill and gave it to me, and said something like, let me make sure to keep it well, if I get seriously ill or seriously injured in the future, just take it out and eat it .....”

Fei Ke Xin was stunned for a long time and said in a daze, “Then in that case, this should be the Blood Dispersing and Heart Saving Pill .....”

Saying that, she looked into Liu Manqiong’s eyes and said with an extremely complicated expression, “Miss Liu, Ye Chen should really care about you ..... You may not know that this elixir, countless people begged for it but could not get it ..... Even when my grandfather was dying off, I knelt down and begged him, but I only managed to get half a pill for my grandfather .....”

### **Chapter 4613**

Liu Manqiong did not expect that the birthday gift that Ye Chen had casually given himself would be so expensive.

So expensive that even the old man of the Fei family had only managed to beg for half a pill from Ye Chen!

At the thought of this, she suddenly had mixed feelings in her heart.

In this instant, there was girlish elation in her heart, as well as the trepidation of receiving something without merit.

However, she did not expect that Fei Ke Xin’s next words would even scare her to the point of jaw-dropping.

Only to see Fei Ke Xin’s expression struggle for half a day before she looked at Liu Manqiong and asked extremely seriously, “Miss Liu, do you intend to sell this Blood Dispersing Heart Saving Pill? If you intend to sell it, I am willing to pay US\$10 billion!”

There were not many people, who knew the actual value of the Spring Return Pill as well as the Blood Dispersing Heart Saving Pill better than Fei Ke Xin.

It was not necessary to mention that the Pill could be sold for US\$300 billion, and even the Blood Dissipation Pill could cure a hundred diseases and a thousand wounds, and even for those who were dying, it could last for three to five years.

For the desperate, he was even willing to trade five years of life for fifty thousand dollars, just like those young people who sold a kidney just to buy an Apple phone back then, and even let their life span shrink by more than ten years for twenty to thirty thousand dollars.

However, for those at the top of the pyramid who hold the world's greatest wealth, they would even be willing to spend a billion or even billions of dollars to extend their lives for even just one year.

Fei Ke Xin hoped to be able to buy this Dissemination Heart Saving Elixir, so that if anything else went wrong with her grandfather's health in the future, having this elixir would ensure that he would get through it unscathed.

Therefore, even US\$10 billion was nothing to Fei Ke Xin, and in her eyes, if she could buy a Scattered Blood Heart Saving Pill at that price, it would be considered a very good deal.

Liu Manqiong's scalp tingled as she listened.

She couldn't believe that just a birthday gift that Ye Chen had casually given herself was worth US\$10 billion in Fei Ke Xin's eyes .....

Dad had struggled hard all his life to almost create a family fortune of ten billion dollars, and now, the one pill Ye Chen gave himself could easily be worth his lifetime of efforts.

This made Liu Manqiong so shocked that she did not know what to say.

After hesitating again and again, Liu Manqiong said with an apologetic face, "I'm sorry, Miss Fei, this elixir is a birthday gift from Ye Chen, I ..... want to keep it well ..... also hope you can understand. "

Fei Ke Xin was a little dazed, but still quickly reacted, smiled slightly, nodded and said, "It's okay, it doesn't matter, this is a gift he gave you, it must mean a lot to you ....."

Saying that, Fei Ke Xin suddenly felt a little aggrieved in her heart.

She knew that she could not possibly be more important than Gu Qiuyi or than Ito Nanaiko in Ye Chen's mind.

But she did not understand why she was even less important than Liu Manqiong in Ye Chen's mind.

She asked herself mentally, "Why ..... Ye Chen and Liu Manqiong had obviously only known each other for a few days, why was Ye Chen so good to her ....."

Thinking of this, she looked up at Liu Manqiong again.

I have to admit that Liu Manqiong was indeed beautiful, this girl who was usually somewhat high and cold and very clean looked even more pitiful at first sight after she cried with pearly tears.

But Fei Ke Xin felt that she was no worse than Liu Manqiong.

Seeing that Fei Ke Xin was lost in thought, Liu Manqiong couldn't help but ask, "Miss Fei ..... you're not angry with me, are you?"

#### **Chapter 4614**

Fei Ke Xin hurriedly shook her head, "No ..... of course not ....."

Saying that, she reached out and pointed to the small wooden box in Liu Manqiong's hand and instructed, "Miss Liu better put this elixir away, this item is worth a lot of money, try to still keep it out of other people's hands."

"Good ....." Liu Manqiong nodded and put the small wooden box away close to her body, then remembering something, she hastily asked Fei Ke Xin, "Right Miss Fei, how do you know so much about Ye

How do you know so many things about Ye Chen? It feels like you know a lot about him."

Fei Ke Xin smiled mockingly and said, "When I was in Jinling before, I quietly investigated his situation, and with some of my own reasoning, I was able to sort out a lot of things."

Liu Manqiong could not help but exclaim: "Miss Fei is really smart ..... if it were me, I would not have thought of this ....."

"Clever ....." Fei Ke Xin smiled and shook her head, "It's not much use to be clever."

Saying that, her expression suddenly struck, as if she had thought of something.

In fact, Fei Ke Xin knew that Ye Chen had always seemed to have a sense of distance from herself.

Previously, she had never figured out exactly why, and thought that it was because she had deliberately deceived Ye Chen in the past under the name of Zhan Feier, causing Ye Chen to be discontented with herself.

However, at this moment, she suddenly thought about it somewhat.

The reason why Ye Chen kept a certain sense of distance from himself was perhaps because he felt that he was too clever.

For someone with multiple identities like Ye Chen, he must not want others to know too much about him, and because she was too clever and too able to piece together clues to deduce hidden circumstances, she must have given Ye Chen a certain sense of crisis.

Therefore, it was only natural for Ye Chen to keep a certain distance from himself.

Thinking about this point, Fei Ke Xin suddenly felt a little chagrined.

People often said that being smart was a mistake, and it was likely that she herself was another way of interpreting this phrase.

Just at this time, Fei Ke Xin saw Ye Chen walking across the road.

She then hurriedly whispered to Liu Manqiong, "Miss Liu, Mr. Ye is back, don't let him know what we just talked about."

Liu Manqiong nodded hastily, "Don't worry Miss Fei, I understand ....."

Soon after, Ye Chen walked back with a newly bought phone case.

Without bothering to sit down, he placed the phone case in front of Liu Manqiong and spoke, "Miss Manqiong, try to see how this phone case is, I specially bought the opaque one so that the cracks on the back of the phone cannot be seen."

Liu Manqiong, after Fei Ke Xin's lecture and learning about the value of the Blood Dissipation Heart Saving Pill, her previous grievances had been swept away and replaced by a heartfelt feeling of emotion. ..."

Ye Chen saw that she had calmed down a lot and sort of put his heart down, smiled slightly and admonished, "If you don't want to get a new phone, then it's best to use it with a case all the time, otherwise it will get scratched."

"I know Mr. Ye ....." Liu Manqiong nodded repeatedly, while hurriedly taking the case apart and putting it on her broken phone.

The phone case was tight and very handy, and even had a cartoon pattern on the back with a very cute cartoon puppy on the pattern.

Liu Manqiong seemed to be particularly fond of the case and couldn't help but play with it repeatedly in her hand, and her mood instantly improved.

As Fei Kehua, who was at the side of the room, welcomed Liu Manqiong's child-like smile, she couldn't help but feel a surge of envy in her heart.

However, when she thought that she was not this soft, she could not help but think in her heart, "I may never be able to be like Liu Manqiong in my life, so that Ye Chen cannot help but take care of me. ..."

## **Chapter 4615**

Ye Chen bought back the phone case and the phone episode was over, but from the beginning to the end, Ye Chen did not understand what Liu Manqiong's pearly tears were about.

At this time, the vendors of the snack street, again showing their extremely hospitable qualities, piled up all kinds of delicious snacks on the three people's table.

The three of them then unspokenly left that incident just now to the back of their minds, eating and chatting at the same time.

Halfway through the meal, Liu Manqiong looked up at Ye Chen and asked him, "Mr Ye, when are you planning to go back?"

Ye Chen casually said, "Tomorrow night, I don't know if your father has solved the problem with the villa next door, if so, I can go back tomorrow after Uncle Zhong's family moves in."

Liu Manqiong was a bit lost in her heart and couldn't help but ask him, "Mr. Ye doesn't plan to stay on Hong Kong Island for a few more days?"

“No.” Ye Chen smiled faintly and said, “My wife is still waiting for me in America, and I can’t delay too long over here.”

As she had already accepted the fact that Ye Chen had a wife, Liu Manqiong’s expression did not have too many ripples.

She just nodded gently and asked Ye Chen, “Mr Ye so you came from America, I thought you came from the mainland.”

Ye Chen smiled, “I’ve been in the Mainland before, it’s just that some time ago my wife went to the US to attend a training, so I accompanied her there, and I’ll return to the Mainland when the training is over.”

Liu Manqiong nodded and seemed to think for a while, then asked Fei Ke Xin, “Miss Fei is also going back with Mr. Ye, right?”

“Right.” Fei Ke Xin nodded, “I’ll take a plane back with Mr. Ye, so we can chat on the way.”

Liu Manqiong nodded slightly, the decision she had just thought about had already been made at this moment, so she smiled faintly and said softly, “Then I wish you a safe journey in advance, and if you have time to come to Hong Kong Island in the future, you must contact me first.”

Ye Chen and Fei Ke Xin naturally agreed to do so, but Ye Chen understood in his heart that he should not come to Hong Kong Island again if he had nothing to do in the future.

To Liu Manqiong, a girl whose life had more or less resonated with his own, Ye Chen actually had some good feelings in his heart.

However, subconsciously, Ye Chen knew very well that he had already incurred more than one peach blossom debt: Gu Qiuyi, Song Wanting and Ito Nanaeko had all made their feelings very clear to him, so when he faced other girls, he could not help but keep a little distance from them.

In the case of Fei Ke Xin, he would not have taken the initiative to contact her if he did not need her help with something.

To Liu Manqiong, Ye Chen only wished her a good life in the future, and after helping her keep the snack street, which meant a lot to her, and leaving her a life-saving Blood Dispersion Pill at a critical moment, their encounter could come to an end.

After eating, seeing that it was already nine o’clock in the evening, Ye Chen said to Liu Manqiong, “It’s getting late, let’s stop here for today, Miss Manqiong should also go back to rest early.”

Liu Manqiong nodded and asked him and Fei Ke Xin, “How do Mr. Ye and Miss Fei get back to the hotel? Do you want me to drive you?”

Fei Ke Xin smiled, “I drove the car, I’ll take Mr. Ye back.”

Liu Manqiong nodded gently and said to Ye Chen with some reluctance, “Mr. Ye, I will rest at home tomorrow, if you go to the housewarming ceremony of Uncle Zhong’s new home, you can look for me then.”

## Chapter 4616

“Good.” Ye Chen agreed and said, “Then we’ll be in touch tomorrow.”

Afterwards, the three of them left the snack street and went to the car park.

Ye Chen got into the Rolls-Royce driven by Fei Ke Xin, while Liu Manqiong still got into her Tesla.

After saying goodbye, Fei Kexin drove the car out of the car park, but Liu Manqiong did not rush to leave, instead she opened her phone and in the search engine, typed in a line, “How many universities are there in Jinling.”

Soon, the search engine presented a list of all the universities in Jinling.

Liu Manqiong took a look at the list and found that the best school in terms of strength and reputation was Jinling University.

She then opened the official website of Jinling University and found the recruitment page of Jinling University on the official website.

She carefully read through this secondary page word by word and finally came across a recruitment category that was particularly suitable for her.

This category, called High Level Talent Introduction Programme.

In this, there are two talent introduction programmes, the first of which is to introduce renowned scholars with a certain global reputation, which has very high requirements, and Liu Manqiong, who has not yet graduated with her PhD, does not fit the rules of this.

However, the second scheme for the introduction of outstanding young talents immediately surprised Liu Manqiong.

The core requirement of this excellent young talent introduction scheme is that a person must have a doctorate degree from a well-known university at home and abroad, and must also have obtained certain academic achievements in his or her field of expertise.

Liu Manqiong will soon enter her graduation season, and in another half month or at most one month, she will be able to complete her final defence and receive her PhD.

Although Liu Manqiong is a Chinese language student, she is not a scientific researcher, but there are also many humanities academic fields in Chinese, and she has also received several authoritative academic results.

So, with her qualifications, she has fully met the requirements of the Outstanding Young Talent Introduction Scheme.

So, without thinking, Liu Manqiong wrote down the application email address for this introduction scheme and prepared to fill in the application documents immediately when she got home to see if she could take a place.

If she could, then after she graduated from her PhD, she could go straight to work at Jinling University.

And she had already learnt from the conversation she had just had with Fei Kexin that the city where Ye Chen lived in the Mainland was Jinling.

So, in that case, she would be able to live in the same city as Ye Chen in the future!

Thinking of this, her whole mind was enlightened in a flash and she felt much better!

She planned not to tell anyone about this decision for the time being, especially not Ye Chen.

She would try to get an offer from Jinling University, and then she would fly to Jinling without any hesitation to give Ye Chen a surprise.

Although she already knew that Ye Chen was married, right now, she just wanted more chances to meet him, and the best solution right now was to be able to work in Jinling herself.

With her mind made up, Liu Manqiong drove home with an excited heart.

Meanwhile, while driving, Fei Ke Xin said to Ye Chen, "Mr. Ye, is there anything you haven't resolved in your visit to Hong Kong Island this time?"

Ye Chen shook his head and said, "No, as long as Uncle Zhong's family moves in smoothly, I will have accomplished a great deal."

Fei Kexin asked him, "Aren't you going to communicate with Mr Chen about what's going on behind the scenes? You have gone to so much trouble to help him, surely you want him to be of use to you in the future?"

Ye Chen smiled lightly, "I did think so before, but now I have changed my mind. Uncle Zhong has been away from home for so many years, there are too many shortcomings in his life."

## **Chapter 4617**

At this moment, the Chen family's old house.

It is an old house in Sham Shui Po on Hong Kong Island, which translates into an actual usable area of just over thirty square metres.

In Hong Kong Island, a land of inches, owning a house of more than thirty square metres was already more than many people could afford.

In the Kowloon Walled City back then, countless families with five or even eight members were crammed into a coffin room of less than ten square metres, compared to the Chen family's house in Sham Shui Po, which was already considered out of the title of a slum.

It was here that Chan grew up as a child, and it was only when his father made a fortune in roast goose that the family moved to the bustling city centre of Hong Kong Island.

He became a well-known professional manager on Hong Kong Island and helped Liu Jiahui to make a lot of money and earned a lot of money himself.

When Chan left Hong Kong, his family was well-off, but because he had offended Lau Ka Fai, his whole family was involved. His younger siblings had difficulty finding jobs, and even his love and marriage were greatly affected.

Fortunately, Chen's father was so nostalgic that he did not sell the old house in Sham Shui Po even after he had become rich, so the family still had a place to stay in the end.

Both of Chan's sisters, without exception, were married to migrant workers on Hong Kong Island, and the reason for this was that no one dared to marry them as it was known locally that their brother had offended Lau Ka Fai.

Chen Zhao Zhong's younger brother, Chen Zhao Zu, was lucky enough to have a girlfriend who had been in love with him for many years, and the two of them had to overcome all the difficulties before they could make it work.

Although it was already very crowded, Chen Zhaozu gave his mother a separate room and installed a window air conditioner so that she could have a place to stay.

However, the sudden return of Chen Zhaozhu made the cramped house stretched to its limits.

When the family returned from paying respects to Chen's father, the old lady said to him with some shame, "Ah Zhong, the house is too crowded, so tonight you can stay in the hotel next door. Tomorrow, I will ask Joe to buy a bunk bed to replace the one in my room, and then you will share a room with me!"

Chen Zhao Zhong said, "Mum, you don't have to bother, I'll stay with you during the day and stay in a hotel at night, after these few days, I'll go to work."

The old lady said heartily, "It's not easy for you to come home after so many years, so don't rush to work right away, take a good rest first!"

Chen Zhaozhong explained, "Mum, Young Master Ye has helped me so much, while I still have a little bit of power, as long as he doesn't mind, I plan to work for him in the future, his business is mostly in the Mainland, if I am needed, I may go to the Mainland to work."

## **Chapter 4618**

Chen Zhao Zhong took out US\$30,000 in cash from his luggage and handed it to his younger brother Chen Zhao Zu, saying, "Ah Zu, I haven't saved much money over the years, and when I was leaving, I gave the shop to Qiang Zai and brought back this US\$30,000 in savings.

Chen Zhaozu refused, "Brother, this is your own hard-earned money, how can I take it? Besides, my income is quite stable now, and as my mother has recovered, I don't need high medical bills in the future, so you can keep this money for yourself!"

Chen Zhao Zhong smiled and said, "Such a little money can only buy a car in Hong Kong Island at most. If young master Ye doesn't need me, I'll just sell roast goose in Sham Shui Po, and then I'll get some capital from you.

The old lady also said, "Ah Zu, since your big brother has said so, just take the money, your big brother didn't come back, this family listened to me, now that your big brother is back, this family will listen to your big brother."

Chen Zhaozu had admired his elder brother since he was young and knew that he was a man of great ability and wisdom, so when he heard this, he nodded and said firmly, "Yes mum, I will listen to my elder brother from now on!"

The old lady nodded in satisfaction and said with a smile, "When your big brother comes back, our family will finally be reunited, and since his conflict with Liu Jiahui has been put aside, no one on Hong Kong Island should have a hard time with our family in the future, and the two of you brothers working together will definitely turn our family around!"

Chen Zhao Zhong knew that his family must have been bullied and ostracised in Hong Kong all these years, so he felt even more guilty.

As he was about to say something, he suddenly heard a familiar voice outside speak, "Is auntie at home?"

The old lady said in surprise, "Oh my, it's Miss Fang!"

With that, she hurriedly went and opened the door.

Fang Jiabin didn't expect the old lady to open the door of her own accord and said with surprise, "Are you alright, auntie? I went to the hospital just now and the hospital people said you were missing and hadn't even gone through the discharge procedures, so I rushed to find my way here ....."

The old lady smiled faintly, "Miss Fang, it's hard for you to hang on to me, I'm already fine, Ah Zhong brought back an elixir, I took it surprisingly and I'm fine."

Liu Jiahui, who was listening, was shocked and wondered, "The people who were secretly investigating the Chen family told me two days ago that this old woman would not live for a few days, but how come she is suddenly fine? The elixir she was talking about couldn't have been given by Ye Chen, could it?"

The old lady also noticed Liu Jiahui beside Fang Jiabin at this time, so she instantly got nervous and asked offhandedly, "What are you ..... doing here ..... haven't you already settled your differences with my family's Ah Zhong ....."

Liu Jiahui said with a smile, "Auntie, I came here to apologize to you and Ah Zhong, I was wrong in the past, now I have deeply realized my mistakes and the harm I have caused to Ah Zhong and you all, so I sincerely hope that you and Ah Zhong can give me a chance to reform ....."

Chen Zhao Zhong was a bit caught off guard and hurriedly spoke up, "Mr. Liu, didn't we already talk about what happened before earlier today? You and I both have wrongdoings, this matter is over, so let's not count on who is right and who is wrong."

Liu Jiahui said, "D\*mn it, do you think I want to argue with you about this? I came here because Ye Chen forced me to, otherwise, I really don't want to see you for one f\*cking second!"

Although he didn't like it, Liu Jiahui said humbly, "Ah Zhong, I know you are generous and don't want to bother with me, but this is my fault and I am sorry for causing you to be displaced in the United States for 20 years, so please give me a chance to make amends!"

**Chapter 4619**

Chen Zhao Zhong was a bit confused, but still said very politely, "Mr. Liu, there is really no need for you to make up for anything, I have never blamed you from the beginning, I am already very, very satisfied that you can let me go and let me come back to reunite with my family!"

Liu Jiahui turned around and extended his hand to Fang Jiabin.

Fang Jiabin hurriedly took out a file bag from her Hermes handbag and handed it to Liu Jiahui.

Liu Jiahui took the file bag and said to Chen Zhao Zhong with a flattering face, "Ah Zhong, this is the ownership information of the villa of the Huo family next door to me.

Chen Zhao Zhong looked at Liu Jia Hui with a stunned expression, the first thought that came to his mind was that he had absolutely no reason to do so.

Firstly, it was unlikely that Liu Jiahui would want to compensate himself.

Secondly, even if Liu Jiahui really wanted to compensate himself, there was absolutely no need to buy the villa next door to his house and give it to him.

Chen Zhao Zhong knew very well in his heart that although Liu Jia Hui did not dare to do anything to himself this time because of Ye Chen, he must still hate himself to the bone.

Under such circumstances, how could he take the initiative to give away the villa next door to his own house?

Therefore, the only reasonable explanation for this matter was Ye Chen.

Thinking that Ye Chen's style of action was to kill to kill, Chen Zhao Zhong decided that this incident must be Ye Chen's doing.

And Liu Jiahui did not dare to disobey Ye Chen's wishes, so he could only do as he was told.

Thinking of this, Chen Zhao Zhong's first thought was to politely refuse.

But then he thought, since Ye Chen had made such an arrangement, he had better not refuse.

After all, he hoped that he could serve Ye Chen in the future.

Back then, he had always wanted to serve his father, but unfortunately, Ye Changye had left too early, so he had never had the chance to repay the debt he owed him.

And now, he owed Ye Chen another favour.

So, if he could bow and die for Ye Chen, it would be a fulfilment of his own wish for him.

Liu Jiahui did not know what Chen Zhaozhong was thinking, and thought that Chen Zhaozhong had not spoken for half a day because he was not interested in this villa, so he hurriedly gave Fang Jiabin a wink.

Although Fang Jiabin was embarrassed, she said to Chen Zhaozhong, "Ah Zhong, this is also Jiahui's intention, and since auntie's health is not too good now, why not let her have a better place to live out her old age?"

Liu Jiahui also hurriedly laughed and said, "Ah Zhong, Jia Xin is right, even if you don't think about yourself, you should think about your aunt.

She was afraid that her son would accept Liu Jiahui's house for his own sake, as the saying goes.

So she looked at Chen Zhao Zhong and said, "Ah Zhong, you don't have to worry too much about Mum, Mum now feels that it's not a problem for her to live for another eight to ten years."

Chen Zhaozhong knew that his mother did not want him to break his back for this house.

However, he was a smart man, and he would not remember Liu Jiahui's favours for such matters.

So, he then asked Liu Jiahui directly, "Mr. Liu, this should be Young Master Ye's intention, right?"

Liu Jiahui smiled awkwardly and hurriedly said, "Although it was Young Master Ye's idea, his views coincide with mine, ah, they coincide!"

Chen Zhao Zhong smiled slightly and said, "In that case, if I don't accept this house, I'm afraid that Mr. Liu will not be able to give a good account to Young Master Ye, right?"

Liu Jiahui looked at Chen Zhaozhong and shook his head while smacking his lips, "Aiya Ah Zhong, it still has to be you!"

Liu Jiahui was not a stupid person, and he knew all too well what Chen Zhaozhong meant by these words.

Originally, he himself wanted to exchange this house for a favour.

## **Chapter 4620**

After all, it was several hundred million dollars, and if it was converted into dimes and thrown into the sea, the sea level would have to be raised a bit, so it couldn't be thrown at Chen Zhaozhong without even a ring.

But Chen Zhaozhong is still smart enough to see the reason for this at a glance, and then change the nature of the matter with a single word.

If Chen Zhaozhong accepted the villa, it was not that Chen Zhaozhong owed him a favour, but that he owed Chen Zhaozhong a favour.

Because, the meaning of Chen Zhaozhong's words was already very clear.

Even if he accepted the villa, it would only be a favour to him, Liu Jiahui.

Otherwise, he, Liu Jiahui, would not be able to deal with Ye Chen well, and that would be a big problem.

Liu Jiahui was also convinced, he knew that this was a money-losing deal in itself, so he simply lost it to the end.

So, he sighed and said to Chen Zhao Zhong, "Ah Zhong, consider it a favor to me, take this villa, tomorrow if convenient, I will give you a big housewarming ceremony, when your family settles down, I should go to Yanjing ....."

Chen Zhaozhong nodded slightly, he also knew that the point was made, so he said to Liu Jiahui with an arch hand, "In that case, then thank you Mr. Liu for your kindness!"

Chen Zhaozhong's sudden words of thanks actually gave Liu Jiahui a feeling of bitterness coming to an end in his heart.

At this moment, he sighed and patted Chen Zhaozhong's shoulder, saying from the bottom of his heart, "Ah Zhong, I've asked the master to calculate, tomorrow at 9:58 is an auspicious time, I'll bring the car here in advance to pick you up and enter the house at 9:58 sharp!"

Chen Zhao Zhong clasped his fist, "Then it will be hard for Mr. Liu to make the arrangements."

Liu Jiahui felt much more comfortable, and the smile on his face was not as flattering as it had been at the beginning, but more open-minded.

Fang Jiabin's heart, which had been hanging in the air, was finally relieved, and not only that, deep inside her heart, there were a few moments of uncontrollable excitement and happiness.

She had already made her choice when she decided to leave the United States without saying goodbye, and now she was very relieved to see her former lover finally reunited with her family.

Originally, she was worried about Chen Zhaozhong's safety and also worried that Chen's return would uncover Liu Jiahui's scars, so much so that the divide between herself and Liu Jiahui would become even heavier.

However, she did not expect that Ye Chen's appearance would turn things around dramatically.

Right now, not only had Chen Zhao Zhong's troubles been properly resolved, but even Liu Jiahui's attitude towards herself had changed dramatically.

If one strikes while the iron is hot and properly accompanies Liu Jiahui to Yanjing Ye Lingshan for a full three months, Liu Jiahui might then truly see himself as his other half.

It seemed that the whole thing had dragged on for twenty years before it finally came to an end, and he himself had unexpectedly become the biggest winner.

At this moment, he wiped the beads of sweat from his forehead and said to Chen Zhao Zhong, "Ah Zhong, I won't disturb your family reunion at this late hour, tomorrow morning, I will personally come over!"

Chen Zhao Zhong nodded and sent Liu Jia Hui and Fang Jia Xin to the door.

After sending the two away, Chen Zhao Zhong returned home. His younger siblings could see that they were all very excited, but his mother was a bit worried.

Chen Zhao Zhong walked up to her and said with a smile, "Mom, you don't need to look sad, what happened today was all arranged by Young Master Ye, we just need to follow Young Master Ye's wishes, for the rest, you don't need to care."

Hearing these words, the old lady's nervousness eased a little and she spoke, "I am worried that this man Liu Jiahui is hiding a knife in his smile, in case he still wants to disadvantage you in the future, mum is afraid that you will be in danger ....."

Chen Zhao Zhong smiled and said comfortingly, "Mom, Young Master Ye is very ambitious and his strength is even more unfathomable, Liu Jia Hui will never have any bad thoughts again."

Saying that, Chen Zhao Zhong asked her, "Do you know why I took Fang Jia Xin far away to the United States back then?"

The old lady subconsciously said, "It was not because Liu Jiahui had put out the word to the public that he wanted to kill you ....."

Chen Zhao Zhong nodded and spoke, "If Young Master Ye had also released the word to the public that he wanted to kill him, he would have run even faster than me, the gap between him and Young Master Ye is even much bigger than the gap between me and him back then ....."
