

Ye Chen 4621

Chapter 4621

Chen Zhao Zhong's analogy immediately made the old mother understand what was at stake.

It also allowed her to completely put her mind at ease about her son's future safety and security.

She breathed a sigh of relief and said, "Since that's the case, then there's nothing for mum to worry about."

Saying that, she asked with some uncertainty, "Ah Zhong, do we really have to move to the villa given by Liu Jiahui tomorrow?"

Chen Zhao Zhong nodded and said seriously, "Of course we are going, this is Young Master Ye's arrangement and Liu Jia Hui is only following Young Master Ye's instructions, to be precise, what we are moving to tomorrow is the villa given by Young Master Ye."

After saying that, he looked at his mother, as well as his younger brother and sister, and spoke, "Shi Xundao's villas are all very large, and are definitely big enough for a large family to live together, so we will all pack up individually tonight, and move there first thing tomorrow morning."

The two sisters looked at each other and the younger sister spoke up and asked, "Brother We're moving there Is it suitable?"

Chen Zhao Zhong knew what his sisters thought, they must have felt that they were already married daughters, it was naturally fine to go back to their mother's house to see and help out, but it was definitely not appropriate to move back to their mother's house.

His two sisters were also living in a bit of hardship, and the living conditions at home were not good either, and on Hong Kong Island, they could only be considered a little better than the most miserable of the lower cla*s.

So, Chen Zhao Zhong looked at his two sisters and said with a smile, "Big brother has been gone for so many years, I would like to be close to you. If you don't mind big brother, you can move your family there and we can all live together."

If you don't mind, we will all move there and live together." Chen Zhao Zhong sighed lightly and said seriously, "In the past twenty years, I, as an elder brother, have owed you all too much.

The two sisters looked at each other and tears burst from their eyes.

When Chen Zhao Zhong saw them crying, he said, "Oh, you two, I don't know how many times you've cried today, but you should hurry home and pack your things.

The old lady was in an extraordinarily cheerful mood and said to her two daughters with a smile, "Listen to your big brother, go back now!"

The two nodded gently and left the cramped old house of the Chen family with their respective husbands.

Chen Zhaozu was overjoyed to know that he was moving to a big villa tomorrow, and busily began to pack his things with his wife.

Chen Zhao Zhong watched the two of them with a smile on his face as they went about their business, his heart also feeling a bit emotional.

At the moment he came out of customs, his wish was to die as well as possible so that the police would not scare his family when they notified them of his body.

But now, all his worries have been lifted, and not only has he been reunited with his family, but even his standard of living has gone up a great deal.

The most important part of this is that my old mother has been lucky enough to wake up after a walk through the ghostly door.

Everything, everything was going in the best possible direction.

Thinking of this, he took out his mobile phone and made a call to Ye Chen.

At the other end of the phone, Ye Chen was sitting in Fei Ke Xin's car, and when he saw that it was Chen Zhao Zhong calling, Ye Chen said very politely, "Uncle Zhong."

Chen Zhao Zhong said gratefully, "Young Master Ye, I'm really grateful to you for all this today."

Ye Chen said blandly, "Uncle Zhong is very polite, you are an elder and a friend of my father, all this is what I should do."

Chapter 4622

Chen Zhao Zhong was silent for a moment and said seriously, "Young Master Ye, if you don't mind, from now on, this life of Chen Zhao Zhong is yours, whatever you need, I will do my best and die for it!"

Hearing these words, Ye Chen smiled heartily and said, "Uncle Zhong, I have some properties in my hands that I can't take care of myself, so I would like you to take care of them for me.

Without thinking, Chen Zhao Zhong said, "Of course I will! When do you want me to start work, Young Master Ye?"

Ye Chen smiled, "There is no hurry, you can spend time with your family during this period, I will go back to the United States tomorrow, after I return to Jinling, I will ask you to come to Jinling and we can talk face to face."

"Good!" Chen Zhao Zhong immediately said, "Then I'll see you in Jinling then!"

"OK, see you in Jinling!"

After hanging up Chen Zhaozhong's phone, Ye Chen suddenly felt much more relaxed.

He was waiting for these words from Uncle Zhong.

Uncle Zhong's book was not only strong in the big picture, but also in the precise control of details.

If he could be taken under his wing, he would definitely be of great benefit to his future development.

Moreover, Ye Chen had another major problem on his mind, namely the mysterious organisation that had assassinated his grandfather's family, and the even more mysterious British master behind it.

Before he came face to face with this organisation, Ye Chen needed to pull out the threads a little to find clues about the other side, while after he came face to face with this organisation, Ye Chen needed to open up wide to compete with the other side.

Therefore, at such a time, he needed a right-hand man like Uncle Zhong.

Fei Ke, who was driving at the side, welcomed Ye Chen as if a stone had fallen to the ground, so he could not help but ask: "Mr Ye came to Hong Kong Island this time, mainly because he wanted to take that Mr Chen under his wing, right?"

Ye Chen said seriously, "This is not the primary purpose, my primary purpose is to ensure Uncle Zhong's safety, as for whether he is willing to work for me, it is still all voluntary."

Saying that, Ye Chen looked at Fei Ke Xin and spoke, "Miss Fei, this time, I have to work hard for you to come all the way over here to help."

"You are very kind." Fei Kexin smiled slightly and said, "I didn't do you any favours by coming to Hong Kong, I just didn't feel at ease, so I came here first to take a look."

Saying that, Fei Ke Xin smiled to herself and said, "In fact, I am also overly worried, with you here, there is naturally no way that anything can go wrong with Mr. Chen."

Ye Chen said seriously, "This thought is already very rare, I will keep it in mind."

Fei Ke Xin was a little excited in her heart, but she still pretended to be calm and said, "Mr. Ye, what are your next plans?"

"Plans?" Ye Chen smiled, "I will go back to the United States tomorrow and continue to accompany my wife to finish the master class."

Fei Ke Xin asked, "Regarding the mysterious organisation that assassinated your grandfather's family, what are your plans? If there is anything I can do to help, I will definitely do anything!"

Ye Chen waved his hand, "Miss Fei, that mysterious organisation is probably much more powerful and hidden much deeper than we suspected, I am not prepared to actively investigate them for the time being, and it would be best for you not to dig deeper either."

Fei Ke Xin asked in surprise, "Aren't you worried that they will continue to work against your grandfather's family?"

Ye Chen said seriously, "They have already sort of spooked the snake by failing in their last mission, and it is true that the An family was negligent last time, but with the lessons learned this time, with the An family's strength, it will be difficult for them to seize similar opportunities in the future as long as they are cautious enough, so I presume that it is unlikely that they will make any new moves for now."

Saying that, Ye Chen added, "To deal with such an organisation, you must find the opportunity to uproot it, if you only cut some branches and leaves, it will be irrelevant to it, so you still have to plan and move later!"

Chapter 4623

Early the next morning.

The media all over Hong Kong Island received news that left their jaws dropping.

That is, Liu Jiahui, the top tycoon on Hong Kong Island, had actually bought the Fok family's mansion in Shixun Road and invited media reporters to be there for the housewarming ceremony!

And, what shocked the media the most was that Lau Ka Fai bought the mansion in order to give it to his former love interest, and his former right hand man, Chan Siu Chung!

Although Chen Zhao Zhong doesn't have much money, his fame in Hong Kong Island is surprisingly big.

In the whole of China, the most gossip-loving place is Hong Kong Island, a city of several million people, which contributed almost more than half of the country's gossip news during this peak period in the 1990s and the beginning of this century.

So, back then, the love triangle between Lau Ka Fai, Fong Ka Yan and Chan Siu Chung was almost unknown and unheard of on Hong Kong Island.

Moreover, all of Hong Kong Island knew that Liu Jiahui wanted Chen Zhao Zhong's life even in his dreams.

But now, Liu Jiahui has bought the villa next door to his house and intends to give it to Chen Zhao Zhong, and is going to hold a big ceremony and invite all the media in Hong Kong to attend the ceremony.

However, the media's sense of smell told them that this would definitely become a big news story in Hong Kong.

Therefore, the moment the media received the news, almost all the media reporters on Hong Kong Island poured into Shixun Road, blocking the quiet Panshan Road.

Meanwhile, Liu Jiahui had already taken his wife, Fang Jiaxin, by car to the Chen family's old residence in Sham Shui Po.

In order to show his sincerity, he was going to personally lead a motorcade to welcome the Chen family to their new home.

Fang Jiaxin sat beside him at this moment and said somewhat awkwardly, "Jiahui, in fact, there is no need for you to come over in person for this kind of thing, the media reporters are now waiting at Shixun Road, if they see you personally picking up Ah Zhong's family there, they will not know how to make up sarcastic stories about you then"

Fang Jiaxin really doesn't want Liu Jiahui to come forward, because she knows very well in her heart that even if Liu Jiahui is forced to accept Ye Chen's terms, he still has more than a little resentment in his heart towards Chen Zhao Zhong.

If he were to be laughed at by the whole of Hong Kong again because of this matter, he would definitely be even more depressed inside.

At that time, he would definitely inflict this full of depression on himself as he had nowhere to vent it.

Liu Jiahui was also helpless, and he cursed and said, "Do you think I want to lose this face? Is it not to make Ye Chen happy? Don't forget, it was Ye Chen who asked me to invite the media reporters. Even if I don't come to pick up the family, when they arrive at Shixun Dao and hold the housewarming ceremony in front of the media reporters, the reporters will still find out that I bought this villa for them, and when they report, their words and phrases will definitely not let me off the hook."

Speaking here, Liu Jiahui sighed, "Instead of this, I would rather be more direct and come to pick up Chen Zhao Zhong's family in person, which would also make Ye Chen more satisfied."

Fang Jiabin held Liu Jiahui's hand and said heartily, "I'm actually mainly worried about your mood, I'm afraid that this matter will bore you too much"

Liu Jiahui laughed bitterly, "Boredom is for sure, but as long as I can send Ye Chen, the true god, away properly, it will be worth it"

Fang Jiabin nodded gently and couldn't help but lament softly, "With Ye Chen gone, our lives can get back on track, I hope he never comes to Hong Kong Island again"

Liu Jiahui gritted his teeth and said, "I have already talked to Master Yu of Xuanji Hall, after he officiates the housewarming ceremony today, he will go back to Xuanji Hall to prepare a puja for me, I suspect that I have recently had an unfortunate f*cking year and violated the year of the Dragon, which has invited Ye Chen, the evil star, to come here, when Ye Chen is gone, I want to have a good puja and send the evil god away!"

As he was talking, Liu Jiahui's mobile phone suddenly rang.

Chapter 4624

He looked down and found that it was Ye Chen calling. Because of his weakness, he was scared and then looked around in the car, wondering if Ye Chen had installed a bug in the car.

However, he quickly regained his composure, picked up the phone and asked respectfully, "Mr. Ye, what are your orders for calling so early?"

Ye Chen spoke, "I just saw the news, it seems that many media reporters went to Shixun Dao to do live coverage, and the media reporters said that they didn't see your whereabouts at the scene, Mr. Liu? Aren't you going to host the housewarming ceremony today?"

Liu Jiahui said, "Don't worry, Mr. Ye, I have asked Master Yu from Xuanji Hall to organize the housewarming ceremony, and I will also officiate at the ceremony, but I am on my way to Sham Shui Po to pick up Ah Zhong's family, so I may have to wait until I get back to talk to the media reporters."

Ye Chen hummed and said lightly, "I'm calling to give you a piece of advice."

Liu Jiahui blurted out, "Mr. Ye you say!"

Ye Chen said, "Although your old affair with Uncle Zhong is already well known in Hong Kong Island, the media reporters do not know about what happened after Uncle Zhong returned to Hong Kong Island this time, you can take this opportunity to create a relatively positive image of yourself in front of the media, you can tell the media reporters that Uncle Zhong came back this time because the two of you have decided to turn your differences into a good thing, and the reason why you will buy

this villa to give to Uncle Zhong is also because you hope that he and his family can live a better life, in this way, I believe that the Hong Kong Island media will definitely praise you.”

Liu Jiahui was slightly stunned and couldn't hold back his excitement as he asked, “Mr. Ye Ye, can I really say that?!”

It's not that Liu Jiahui actually didn't think about taking this opportunity to engage in a wave of persona marketing.

Although he was afraid of Ye Chen before he gave up pursuing Chen Zhaozhong, but the outside world did not know, he could completely say that he took the initiative to give Chen Zhaozhong a wide berth.

In this way, he could also project a positive image in front of the media of repaying grievances with virtue.

However, he did not dare to say such things casually.

Because today Ye Chen would also attend this housewarming ceremony, if he used this thought to pretend, in case he angered Ye Chen, he would only be able to eat his words.

So this kind of thought he could only think about it and did not dare to do it in practice.

However, even in his dreams, he heard that Ye Chen would take the initiative to offer himself this suggestion, which instantly made him excited beyond words.

Seeing that he seemed to be in disbelief, Ye Chen blandly said, “I am a man of my word, this time your performance was fair, so you might as well use this to find yourself a good image, so that you can also manage a good image for yourself.”

Liu Jiahui was somewhat touched, he really didn't expect that a devil like Ye Chen would have times to think about himself.

So, he couldn't help but sigh, “Mr. Ye, you've really helped me a lot With this word from you, I'll have a bit of confidence when I go to face the media reporters later”

Ye Chen hummed and said indifferently, “Please tell Uncle Zhong that Miss Fei and I are waiting for him to come over at Shi Xun Dao, so I won't go to Sham Shui Po.”

Liu Jiahui was surprised and asked, “Mr. Ye, Miss Fei is also attending this housewarming ceremony?”

Liu Jiahui knew very well in his heart that Fei Kexin had just taken up the position of the head of the Fei family and was already in the limelight, plus the previous scandal involving the Fei family, Fei Hao Yang, had caused a public scandal and Fei Kexin had done a textbook crisis PR with a very sincere solution after taking over the Fei family, so she was now very well known worldwide.

If Fei Ke Xin also came to the ceremony, she would definitely be recognised by the media reporters.

Ye Chen smiled slightly at this time and spoke, “You have done a good job this time, I will also send you a favor, let Miss Fei make a short speech at the ceremony, say that she came to Hong Kong Island this time to talk about cooperation with you, and learned that you have turned a long-time enemy into a good friend, and was moved by your character, so she made a special effort to attend this ceremony.”

Saying that, Ye Chen added, "Miss Fei's influence is still great, and with her endorsement for you, your future development will be smoother."

Chapter 4625

For the sake of Liu Manqiong's face, Ye Chen intended to give Liu Jiahui a step.

If he did not give him a step, he would definitely be the object of ridicule of all the people in Hong Kong in the future.

By giving him a step, he could more or less help him to mediate and leave a positive image of forgetting his grudges with a smile.

Moreover, since Fei had already come, it was not a bad idea to give him a favour.

Liu Jiahui was still worried about the possibility of being ridiculed by the whole of Hong Kong when he suddenly heard Ye Chen's words, his whole body suddenly seemed to be pumped with adrenaline, and he asked excitedly, "Mr. Ye You Are you serious?!"

Ye Chen said indifferently, "Do I have to call early in the morning to tease you?!"

Liu Jiahui's eyes were tearing up with excitement, and his voice even took on a few trembles: "Ye Mr. Ye Really thank you so much! You You are simply You are simply my savior"

Ye Chen smiled, "Mr. Liu, you don't have to be so anxious to thank me, I am also giving you a chance to reshape your image for the sake of Miss Manqiong, if you grasp it well, that incident back then might not only not become your shame, but will instead become your shining point."

If it was before, Liu Jiahui would have felt that Ye Chen was mocking himself, how could it be a shining point when he was cuckolded?

However, now that he heard Ye Chen say this, he felt that what Ye Chen said was simply the truth.

He couldn't help but think in his heart, "D*mn, although being cuckolded can't be changed, if we really follow Ye Chen's words and do some PR, it might really become a huge flashpoint! By then, everyone on Hong Kong Island will know that I, Liu Jiahui, have repaid my grievances with virtue, then this character and personality of mine in front of the public will really be straight to the top and the head of the f*ck!"

Thinking of this, he immediately said respectfully, "Mr. Ye, thank you for thinking of me and Manqiong in this way! I will definitely make good use of this opportunity!"

Ye Chen gave a hint and said, "Alright, go and get busy, I'll wait for you at Shi Xun Dao."

Liu Jiahui hurriedly said respectfully, "Okay Mr. Ye, thank you Mr. Ye!"

After hanging up the phone, all Liu Jiahui's gloom was swept away, and he was excitedly waving his fist in the car, and the whole person was even grinning with excitement.

Fang Jiabin, who was at the side, did not understand why he became so excited in an instant and asked, "Honey, what's wrong with you? What did the man named Ye say to you?"

Liu Jiahui subconsciously shouted angrily, “b****d! How can you be so rude? You have to call Mr. Ye! Or Young Master Ye!”

Fang Jiabin muttered somewhat aggrievedly, “You yourself just said that the surnamed Ye was a bogeyman, and now you’re saying that I’m”

“That was just now!” Liu Jiahui said with a pious face, “After today, Ye Chen is my reborn parent!”

Saying that, he said with some excitement, “If today goes smoothly, not only will I be able to take off the cuckold hat I’ve been wearing for more than twenty years, but I’ll also be able to impress the entire population of Hong Kong Island with my Liu Jiahui! What’s more, with Miss Fei coming forward to endorse me, I’ll be different from what I used to be!”

Fang Jiabin exclaimed, “Miss Fei is going to step in and endorse you?!”

“Yes!” Liu Jiahui exclaimed loudly, “This time it’s really a desperate attempt to survive! Thanks to Mr. Ye’s kindness, for Manqiong’s sake, he pulled me through!”

Saying that, he couldn’t help but say excitedly again, “Aiya! Manqiong! Manqiong is the one I owe a lot to! These days, having a son is not only costing you money, but also making you angry and getting you into trouble. It’s better to have a daughter!”

Chapter 4626

Fang Jiabin couldn’t help but complain, “You used to complain all the time about not having a son, and now that I’ve given you a son, you’re saying such things again”

Liu Jiahui said with a serious face, “I’m telling you the truth, that brat of ours, as soon as I saw him, I knew he would definitely be useless in the future, D*mn it, in primary school, not even one of the 100 percent test papers is over 20, every day he doesn’t learn anything, he just knows how to play, he’ll be D*mned if he’ll be successful in the future!”

Fang Jiabin couldn’t help but lower her head in frustration.

Her own son was really not promising, even if he didn’t like to study, the key was that he was also stupid.

As they say, three years old is old, and judging from his situation, there is basically no hope for him to make a comeback.

A few moments later, Liu Jiahui’s motorcade drove into Sham Shui Po.

The convoy, consisting of Rolls-Royces, was an extremely strong contrast to the dilapidated streets of Sham Shui Po.

Almost all the residents poked their heads out of the narrow windows and stared in awe at the endlessly visible luxury motorcade.

In a place like Sham Shui Po, such an unbelievable sight could not be seen for decades.

As a result, many people pulled out their mobile phones to film it, while posting the content to short video platforms as well as news self-publishing platforms.

The caravan soon arrived at the front door of the Chen family's old mansion.

Inside the dilapidated room, Chen Zhao Zhong, along with his mother, younger siblings and several members of his family, were already waiting.

When the convoy reached the door, Chen Zhao Zhong's youngest sister looked through the window at the luxurious motorcade below and asked somewhat nervously, "Big brother, should we go out to greet it?"

Chen Zhao Zhong shook his head and said indifferently, "There are just two tenets today, the first is equality with each other, and the second is honour and shame."

My sister nodded with seeming understanding.

She simply felt that it might be a little inappropriate for such a famous tycoon as Liu Jiahui to personally condescend to come to his home to pick up his own family and not go out to greet them.

However, to Chen Zhao Zhong, he did not want his own family to be short in front of Liu Jiahui from today onwards.

Even if Liu Jiahui was a billionaire, he still wanted his family to maintain their dignity in front of Liu Jiahui.

At this time, Liu Jiahui had already stepped in the door.

Just after entering, he shouted outside the door, "Ah Zhong, auntie, I've come to pick you up!"

Chen Zhao Zhong opened the door and said politely, without being condescending, "It's hard for Mr Liu to make the trip himself."

Liu Jiahui hurriedly laughed, "Aiya, it's not hard, it's not hard!"

With that, he walked through the door, looked at the old lady, bowed slightly and asked, "Auntie, are you all packed?"

Although the old lady was a little nervous, she thought of the two purposes that her eldest son had just mentioned and spoke, "Thank you, Mr. Liu, for your concern, it's all packed up."

Liu Jiahui smiled and said, "It's all as it should be."

Saying that, he pointed outside and added, "The car is all ready, do you have much luggage? If there's more, I'll have someone come and help!"

"No, no need." The old lady smiled, "Ah Zhong reminded us last night to prepare less luggage, so basically it's just one suitcase each."

Liu Jiahui nodded, "It's right to bring less stuff, I instructed my men last night to go to the department store under my name overnight and change all the daily necessities in it, and prepare a lot of hoarded goods, you all just need to move in with your bags!"

He looked at the time and said to Chen Zhao Zhong, “Zhong, it’s almost time for us to leave, don’t delay the auspicious time, and Mr. Ye and Miss Fei have already passed, it’s not good to keep them waiting for too long!”

Chen Zhao Zhong nodded cheerfully, “Good, let’s set off then!”

Chapter 4627

At this moment.

Ye Chen and Fei Kexin had already come out of the hotel and were on their way to Shixun Dao.

Knowing that Ye Chen wanted her to give a speech and stand up for Liu Jiahui at the housewarming ceremony today, Fei Kexin had some doubts in her heart, and after holding her tongue all the way, she couldn’t help but ask: “Mr. Ye, I never understood why you wanted me to endorse for Liu Jiahui?”

Ye Chen looked at her and smiled faintly, “You are the smartest woman I have ever met, slap and give a sweet date this kind of monkey training technique handed down from the old ancestors, don’t you still understand?”

Fei Ke Xin smiled faintly, “The strategy of giving both grace and power, I understood it when I was very young, but I always felt that Liu Jiahui himself had already been slapped honestly by you, there was absolutely no need to give him another sweet date, moreover, you are not simply giving a sweet date, not that I am being arrogant, with the size of the Fei family, endorsing Liu Jiahui is the same as you giving him a date tree.”

Ye Chen was slightly stunned, and then smiled more or less unnaturally, “I haven’t thought about this too carefully, I just think he’s doing okay, so it’s not wrong to encourage him.”

Fei Ke Xin looked at Ye Chen and said with a smile, “In fact, you know in your heart that the reason you gave him the benefit of the doubt and even gave him a generous gift was mainly because of Miss Manqiong’s face, right?”

Ye Chen was somewhat embarrassed at first, but he felt that there was no need to hide too much in front of Fei Ke Xin, so he nodded graciously and admitted, “There are indeed reasons for that, I guess, and I was a bit sorry in my heart because I had hidden something from her before.”

Fei Ke Xin nodded and smiled, “Miss Manqiong actually likes you very much, and was very sad to know that you were already married. Last night, she cried like that in the snack street, not because she dropped her phone at all, but because she couldn’t accept it for a while after hearing you talk about being married.”

Ye Chen was surprised and asked, “She told you that?”

Fei Ke Xin laughed, “I can see it without her saying it, but maybe you didn’t see it.”

Fei added, “But think about it, Miss Manqiong is a young lady from a wealthy family, she grew up in a rich family and is used to everything, how could she cry like that because of a mobile phone? A girl from this kind of background has long since reached the realm of not being happy with things, unless it is something of great significance to her, otherwise just like an industrial product like a mobile phone produced on an assembly line, even if it is more expensive, she will definitely not take it to heart.”

“That’s true.” Ye Chen muttered softly, his mind couldn’t help but recall the way Liu Manqiong cried until she couldn’t help herself last night, and his heart suddenly throbbed a little.

For this girl, Ye Chen can’t talk about liking, but he does have a few heartaches.

His father had cheated on him since he was a child, and the whole city knew about it, and his mother had pa*sed away in pain. Having Liu Jiahui as a father was probably much harder than Song Wanting, who had lost her parents early.

It was also because of this that Ye Chen felt more than a little guilty towards her.

When he thought of how she cried until she lost control yesterday, he felt even more sorry for her.

Fei Ke welcomed Ye Chen’s silence, so he couldn’t help but tease him, “Mr. Ye, you owe so many peach blossom debts, how are you going to pay them back in the future?”

Ye Chen shook his head: “I don’t know”

He really didn’t know.

People said that it was most difficult to bear the grace of beauty, and Ye Chen was deeply convinced.

It wasn’t that he couldn’t feel the affection that many girls had for him, he just didn’t know how to respond at all.

After all, he was a married man, and he didn’t even know how to respond to Gu Qiuyi, who was a matchmaker for her parents, let alone other girls.

Chapter 4628

Fei Ke welcomed Ye Chen’s somewhat bewildered expression, so she smiled and said, “You don’t have to care too much, after all, there are more debts than worries.”

After saying that, she did not want to let Ye Chen continue to be troubled by the topic she had started, so she said, “By the way, Mr. Ye, I have asked someone to buy two mansions in Shixun Road, so if you come to Hong Kong Island often in the future, you will have a convenient place to stay, when the ceremony is over, do you want me to show you?”

Ye Chen was surprised and asked, “Why do you want to buy a house in Shixun Road?”

Fei Ke Xin smiled, “It’s mainly for future convenience, after all, Hong Kong Island is also a cosmopolitan city, so inevitably you will come to expand your business or attend summits, and the feeling of staying in a hotel is not as good as your own home after all.”

I’ll have someone buy them in the name of the group and arrange for them to be renovated after we take possession of them.

Unlike the others, although Fei Ke Xin said that she had bought the houses for Ye Chen, she never mentioned the matter of giving them to Ye Chen.

After all, she knew that to Ye Chen, the value of a house had long been negligible, and there was absolutely no need for her to give Ye Chen such a gift, which would only add to Ye Chen’s worries.

Ye Chen's consciousness felt that if Fei Ke Xin had to give himself a house, he would definitely have to refuse, after all, there was no reason to accept a gift from someone for no reason, not to mention that Fei Ke Xin had come to Hong Kong Island this time to give herself a favour, and she had not given her a gift, so how could she accept a gift from her.

However, Fei Kexin had cleverly avoided the embarrassment of giving a gift, which was something that Ye Chen could not refuse.

So he nodded and said, "Good, if I come to Hong Kong Island again in the future, I'll ask Miss Fei to help arrange it."

Fei Ke Xin smiled and said, "Don't worry, just leave it to me to make the arrangements."

As she spoke, the car was already driving into Shixun Road.

At this moment, both sides of Shixun Road were already full of media reporters' cars, so Fei Ke Xin slowed down and slowly drove to Liu Jiahui's newly purchased villa.

Because Liu Jiahui had greeted them in advance, their car drove directly into the courtyard of the villa.

At this moment, the villa courtyard was already decorated with lights and colours, and there were not only two lion dancers waiting for the event, but also a feng shui master had set up a special altar.

Hong Kong people believe in feng shui, not to mention important events such as housewarming, marriage, birth, illness and death, even when buying a pot of greenery, they would want to find a feng shui master to calculate where to place it to prolong their lives or bring in wealth.

When it comes to such a big event as a housewarming, it is not a simple calculation that can solve the problem, and those who are in a position to do so must invite a feng shui master to come to their home to perform a practice to open up the whole house.

At this moment, in the middle of the altar, a young man in a Taoist robe was preparing the magic tools needed for the ceremony.

When he saw the Rolls Royce that Fei Ke Xin was driving in, the young man thought that it was Liu Jiahui who had arrived, and deliberately took a moment to hold his hands, and then carefully placed the peach wood sword beside him before he walked out of the puja altar with a smile on his face.

However, when he saw that it was Ye Chen and Fei Ke Xin walking out of here, his whole person first faintly stared, and then immediately recognised Fei Ke Xin's identity and became surprised!

He didn't expect to see Miss Fei here today, and even more so, he didn't expect that Miss Fei herself would be even more beautiful than what he saw on TV, she was simply stunning!

So, he held down his excitement and immediately walked forward, slightly arching his hand to Fei Ke Xin and said with a smile, "If I'm not mistaken, you should be Miss Fei Ke Xin Fei, right?"

Fei Ke Xin looked at the young man and asked curiously, "You are?"

The young man said with a smile, "Hello Miss Fei, I am the Hall Master of the Hong Kong Island Xuanji Hall, my name is Yu Yiwei!"

Chapter 4629

Seeing Yu Yiwei's attentive appearance, Fei Ke Xin frowned slightly, but still nodded politely and said, "Hello Mr. Yu."

Yu Yiwei was excited to see such a high class woman for the first time and said flatteringly, "I really didn't expect to see Miss Fei here, what a great honour!"

Saying that, he hurriedly asked again, "Miss Fei, are you invited by Mr. Liu to come to Hong Kong Island this time?"

Fei Ke Xin nodded gently, "Yes."

Yu Yiwei said excitedly, "I am very close to Mr. Liu, and since my father, Mr. Liu has been handled by us in terms of feng shui fortune."

Saying that, Yu Yiwei added, "By the way Miss Fei, if you have any needs in feng shui fortune, you can contact me at any time, I am willing to provide you with the most professional services free of charge!"

Then, Yu Yiwei took out a business card from the inside of his Taoist robe and handed it to Fei Ke Xin, saying respectfully, "Miss Fei, this is my business card, with my contact information on it, please keep it!"

Fei Ke Xin did not want to say too much to Yu Yiwei, but she did not expect him to keep chasing after her, so she planned to take the business card and find an excuse to leave with Ye Chen.

However, at this time, Ye Chen said to Yu Yiwei, "Sorry Mr. Yu, I am Miss Fei's royal feng shui master, so Miss Fei may not need your professional services."

Yu Yiwei did not expect that Ye Chen was actually Fei Ke Xin's feng shui master.

Originally, he had wanted to take this opportunity to get close to a big shot like Fei Ke Xin and try to get himself to be her feng shui master, but to his surprise, the young man following Fei Ke Xin was his counterpart, and he had even taken the big boat of Fei Ke Xin one step ahead of himself.

Yu Yiwei, who was depressed, could not help but frown and ask, "This gentleman, I wonder who and what school you are taught by?"

Feng Shui metaphysics is most concerned with inheritance, and generally speaking, there are a total of six major schools of Feng Shui, and people in this field must have received their mastery relationship from these six schools.

Therefore, those with clear mastery can only highlight their position of strength in the field of feng shui; if they do not have a clear mastery, they will not be recognised in this field at all.

It is like a pilot, who wants to fly a plane, must study at a professional flying school and obtain a flying licence, if he does not have a degree and a licence, even if his flying skills are strong, no one will want to fly in his plane.

It is precisely for this reason that people in the field of feng shui have to ask each other about their mentorship as soon as they meet.

At this moment, Ye Chen smiled slightly and said, "I don't have any mastery, I just used to watch TV and read novels in my early years and learned some knowledge about feng shui."

Yu Yiwei's jaw dropped as he listened, and he questioned offhandedly, "You don't even have any mastery, and you dare to read feng shui for the noble Miss Fei, aren't you a fraud?!"

Once Yu Yiwei's words came out, before Ye Chen was angry, Fei Ke Xin became angry first, she coldly said in a stern voice: "Mr. Yu, please watch your words, Mr. Ye is not someone you can judge!"

In fact, the reason why Yu Yiwei said this was to remind Fei Ke Xin that Ye Chen was a charlatan from a wilderness background and his strength and fame were far inferior to her own, so instead of letting such a person be her royal feng shui master, she should let herself take his place!

However, how could he have imagined that such a towering figure as Fei Ke Xin would take the initiative to stand up for a feng shui master, and he was instantly jealous in his heart.

Chapter 4630

So, he looked at Ye Chen and said in a cold voice: "I am the eighth generation of Xuanji Hall, and the name of Xuanji Hall is well known in Hong Kong Island, the Mainland and even the whole of East and Southeast Asia, so it cannot be compared to a fake like you. If something happens to Miss Fei's feng shui luck because of a trash like you, you will be blamed for her death!"

At this moment, Ye Chen looked at Yu Yiwei with narrowed eyes and asked with interest, "Mr. Yu is from Xuanji Hall? I wonder what the relationship is with Yu Jinghai?"

Yu Yiwei immediately said with an arrogant face, "Yu Jinghai is my father! He is famous at home and abroad in the field of feng shui and metaphysics, and he is the leading master! Countless big names on Hong Kong Island are his fans!"

"Oh so that's it" Ye Chen smiled slightly, "I wonder where your father, Master Yu, is now? "

Yu Yiwei immediately arched his hand towards the distance and said, "My father left Hong Kong Island last year and went out to find a unique place to retreat and train."

"Retreat?" Ye Chen smiled, playfully, "Actually, to put it mildly, I even had a meeting with your father back then."

Yu Yiwei asked in surprise, "You've met my father?"

"Yes." Ye Chen smiled, "It was last year."

Yu Yiwei was shocked and asked offhandedly, "Last year?! Where did you meet him?!"

Ye Chen said blandly, "In Jinling."

Yu Yiwei looked at Ye Chen with his jaw dropped and said, "My father did go to Jinling last year and told me that he was going to an auction to bid for a giant clam, did you meet him there?"

"That's right." Ye Chen laughed, "Master Yu was really formidable at the auction, that impressed me a lot."

Yu Yiwei couldn't help but get nervous in his heart.

It was not that he was afraid of Ye Chen, but that he had never known his father's whereabouts.

His father had lost track of him since shortly after he left for Jinling. Yu Yiwei was worried that something bad had happened to him and had once asked someone to investigate in Jinling, but no clues were found, so it could be said that he had not been seen alive or dead.

In order to maintain the reputation of Xuanji Hall, Yu Yiwei claimed to the public that his father had begun a retreat.

After all, the reputation of Xuanji Hall is mainly supported by his father Yu Jinghai, and the rich people on Hong Kong Island are willing to recognise the signboard of Xuanji Hall because of Yu Jinghai's strength.

Only by declaring that Yu Jinghai was in seclusion could the influence of Xuanji Hall be maintained.

Otherwise, once the people of Hong Kong knew that Yu Jinghai was actually unaccounted for, the influence of Xuan Ji Tang would be in ruins.

So, Yu Yiwei asked Ye Chen with some apprehension, "This gentleman, may I ask where did you last see my father? What exactly was he doing?"

Ye Chen smiled, "The last time I saw your father was at that auction, when your father didn't bring enough money to buy that giant clam, and it seemed to be quite an unpleasant mess."

Yu Yiwei's face changed slightly.

When his father had attended the auction last year, he had heard his father talk about it on the phone.

At that time, his father was very annoyed, saying that a brat had appeared halfway and snatched that giant clam at a sky-high price of over a hundred million dollars, making him very depressed.

Later, he said he would find a way to get the giant clam back.

But then, his father's whereabouts were unknown.

At this time, Yu Yiwei could not help but ask after him, "What happened after that? Do you know what happened afterwards?!"

Ye Chen laughed: "I did hear later that your father had offended a mainland master of metaphysics at a metaphysical convention, and when he was fighting with others, because he was too fond of pretending, he was drawn down a heavenly thunder by the other party and was split into pieces alive."
