

## Ye Chen 4641

### Chapter 4641

The ambulance whistled and took Yu Yiwei, who was already deeply unconscious, away from the villa.

Everyone else at the scene was also distraught and didn't know what to do for a while.

Liu Jiahui's assistant, Ah Min, who knew a little about Yu Yiwei, guessed that he might have kept something bad that had brought him to that miserable state.

He didn't bother to care about Yu Yiwei's death, but the auspicious time was approaching, and Liu Jiahui and Chen Zhaozhong's family would be arriving at the villa, and according to the procedure, after they arrived at the villa, a grand housewarming ceremony would be held.

However, the people who were to move their new home had not yet arrived, but the feng shui master who was to officiate the housewarming ceremony was pulled away in an ambulance with a bizarre and serious injury, and he did not know how to deal with the next situation.

So, he could only find Ye Chen and asked apprehensively, "Mr. Ye ..... Mr. Liu and Ah Zhong and the others will be here in a few minutes, but with this kind of thing happening to Yu Yiwei, what should we do about the housewarming ceremony ....."

Ye Chen said blandly: "It's just a celebration, whether or not Yu Yiwei is hosting, it shouldn't be that important, right?"

Ah Min said nervously: "Mr. Ye you do not know ..... Mr. Liu he attaches great importance to today's housewarming ceremony, for this matter, but also specially invited the whole Hong Kong Island's well-known media, standing at the villa door, hundreds of journalists waiting to come in to observe the ceremony, Yu Yiwei is not here, the ceremony will have no one to host ..... I am afraid that when the time comes, it will be a joke ....."

Ye Chen nodded, then looked at Fei Kexin, who was beside him, so he had a plan and said to Ah Min, "I'll solve this matter, you don't need to worry about it, go first The altar for the practice has been removed from the outside, and since Yu Yiwei is gone, I won't engage in feng shui metaphysics this time."

At this moment, Ah Min was also out of ideas and could only hope that Ye Chen could make proper arrangements, so he said gratefully, "Mr. Ye, I'm counting on you this time!"

Ye Chen smiled faintly, "All right, you go ahead and get busy, I'll arrange the rest."

After Ah Min thanked him profusely and left, Ye Chen came to Fei Kexin and asked, "Miss Fei, would you like to play the role of the host for a while?"

Fei Kexin said with some uncertainty, "Mr. Ye ..... has no problem hosting, but ..... feng shui and metaphysics, as well as the local ceremony process on Hong Kong Island... ..I don't really understand ah ..... don't know how to host at all ....."

Ye Chen waved his hand: "If it's you, Miss Fei, who is going to host the ceremony, there's no need to stick to the local flow of Hong Kong Island, just do it however you like, I believe that with your eloquence, you will be able to host it perfectly."

When Fei Ke Xin heard this, she was a little relieved, so she asked Ye Chen, "Then in what capacity will I host this housewarming ceremony? I mean ..... when I introduce myself, should I say that I know Liu Jiahui, or that I know Mr. Chen?"

Ye Chen laughed: "In this matter today, in fact, the whole Hong Kong Island wants to see Liu Jiahui's joke, after all, in their opinion, Uncle Zhong was the one who cuckolded Liu Jiahui back then, so they would like to know why Liu Jiahui would give up hunting down Uncle Zhong and even buy such an expensive mansion specifically to give to Uncle Zhong, if you say you know Uncle Zhong, they will think that Liu Jiahui It's because Uncle Zhong has your backing that he's afraid to give in, Liu Jiahui is also old, so it's better not to let him lose face too much."

Fei Ke Xin nodded in understanding and smiled, "Then you mean that I should introduce myself as an acquaintance of Liu Jiahui?"

### **Chapter 4642**

"Right." Ye Chen smiled, "Just say that you and Liu Jiahui have known each other for a long time, and that this time you came to Hong Kong Island to talk to Liu Jiahui about cooperation, and that it was Liu Jiahui who specially asked you to host this ceremony, and that after you heard about the past events between him and Chen Zhaozhong back then, you felt that it was very positive for the two of them to laugh off their grudges, so you agreed to his request."

Saying that, Ye Chen added, "Actually, your task is just two, one is to make this housewarming ceremony come to a successful conclusion, and the other is to give Liu Jiahui some more face."

Fei Ke Xin nodded, smiled slightly and said, "Mr. Ye, to put it mildly, if the Fei family endorses a certain company or individual, it is the same as creating a huge amount of goodwill for him, compared to the one-time cost that Liu Jiahui paid to settle this matter, this kind of goodwill can almost bring him a constant stream of benefits in the future, so this deal, you might end up losing money instead."

Ye Chen smiled slightly and said, "I came to Hong Kong Island, the main purpose is to solve the matter of Uncle Zhong, as for whether Liu Jiahui ultimately gains, I won't bother with him."

Fei Ke Xin said with a smile, "I seem to have miscalculated just now, this deal should be calculated, Liu Jiahui should be losing money."

Ye Chen asked curiously, "Why did you change your opinion again?"

Fei Ke Xin said seriously, "I didn't take Manqiong into consideration just now, she has now fallen in love with you, although Liu Jiahui has earned the endorsement of the Fei family, but he has lost Manqiong, in the end, it is still a loss."

Ye Chen said with slight embarra\*sment, "You say that as if I've done something to Miss Manqiong, I only have a little more appreciation for her on top of being an ordinary friend, besides I haven't done anything to her, how can it be considered that Liu Jiahui has lost her in?"

Fei Ke Xin smiled faintly and said with a great deal of meaning, "Some times, not doing anything to each other is rather better than actually having something happen."

Ye Chen was surprised and asked, "What does this mean?"

Fei Ke Xin hurriedly waved her hand, "I'm just talking off the cuff, Mr Ye needn't mind."

As soon as her words fell, the sound of firecrackers was heard in the courtyard of the villa, and immediately the sound of gongs, drums and suona also rang out, as if the lion dance procession had started its performance.

At this time, Ah Min ran in in a panic and said to Ye Chen, "Mr. Ye, the caravan is at the entrance, it's about to come in!"

Ye Chen nodded and asked him, "Has Yu Yiwei's set been put away?"

Ah Min nodded hastily and said, "At your command, it's all put away."

"Good." Ye Chen smiled, "Today's housewarming ceremony will be hosted by Miss Fei."

Saying that, he looked at Fei Kexin and said, "Miss Fei, I'm counting on you for everything."

Surprised, Fei Kexin asked, "Mr Ye, aren't you going?"

Ye Chen smiled, "There are so many media reporters outside, I'd better not show my face, lest I be recognised."

For Ye Chen, his worry was that if he had this face on the TV media, he would be recognised by his grandmother's family.

At the front end of the time, Gu Qiuyi's visit to the An family with the Blood Dispersing and Heart Saving Pill and as his fiancée had also rekindled the An family's hope of finding him to a certain extent.

However, Ye Chen had no intention of identifying with them for the time being, and it would naturally be most appropriate not to attend such an occasion that would attract the attention of the whole Hong Kong Island.

Fei Ke Xin also understood Ye Chen's original intention in making this decision and nodded slightly, "Okay Mr. Ye, in that case, then please feel free to leave the matter to me, I will not let you down!"

## **Chapter 4643**

When Ye Chen stepped onto the terrace of the third floor of the villa alone, the motorcade of Liu Jiahui and Chen Zhaozhong's family had already driven into the villa courtyard one after another.

Reporters swarmed in after the motorcade, and the best lion dance team on Hong Kong Island danced the two lifelike lions to perfection, making the scene extraordinarily lively.

Although Ye Chen had never been a fan of lively scenes, he was particularly relieved to see this scene now.

The familiar yet unfamiliar smell of smoke from the exploding firecrackers, wrapped in the rich smell of gunpowder, rose upwards, giving Ye Chen a sudden refreshing feeling.

He had loved the smell of smoke produced when firecrackers burned out since he was a child, but with the ban on fireworks everywhere over the years, he hadn't smelt this familiar smell for a long time.

It may also have something to do with the fact that Chinese people love fireworks during festivals, so whenever he smells it, it is also a good time for family reunions and happy events, especially when Ye Chen was young, his parents would take time out to accompany him to set off fireworks during the New Year festivals.

At that time, Ye Chen could not wait to set off fireworks from New Year's Eve, until the 15th of the first month.

So this smell, too, would make Ye Chen involuntarily find the unique happiness of his childhood.

Standing on the edge of the terrace, Ye Chen took a few greedy puffs, and his mind could not help but think of his parents again.

Most of the time, Ye Chen is a strong person, rarely shedding tears and never being afraid, even if life has given him great hardships, he can still smile back at life.

But it is only when he misses his parents that the fragile sensitivity of his heart is involuntarily exposed.

His character is like a hedgehog with a strong armour, and his parents are his soft and fragile belly.

He saw Chen Zhao Zhong, dressed in a suit, coming down from the car. Chen Zhao Zhong was wearing the same suit he had brought with him when he fled to the United States, and after so many years, the suit still fit him well, and although his hair was already white, he looked extraordinarily refined.

In Ye Chen's mind, he suddenly recalled something his father had said to him when he was young.

Those words were also the reason why he refused Grandpa and insisted on taking his mother back to China.

He said, "Remember, Chen's son, all people who are worthy and have flesh and blood inside must have three souls and seven spirits, if such people stay away from their homeland for a long time, one of the three souls and seven spirits will be missing, when they set foot in their homeland again, that lost soul will naturally be found, if they do not return to their homeland or if their homeland is lost, that soul will never be found."

Now seeing Chen Zhao Zhong look as if he had become ten years younger overnight, Ye Chen suddenly had an epiphany of the true meaning of his father's words.

Father also said, "Among the three souls and seven spirits of a person, the three souls are the heavenly soul, the earthly soul and the destiny soul, the heavenly soul means the homeland, the earthly soul means the parents and the destiny soul means oneself."

As he said this, his father asked him, "Do you know why, in the 5,000 years of history, whenever the country was in danger and the land was falling, there were countless ancestors who died for the country?"

The young Ye Chen shook his head in confusion and asked, "Why is that, Daddy?"

With a faint smile, his father explained, "That is because one can lose the other two souls and seven spirits, but not the heavenly soul! Because among the three souls and seven spirits, the heavenly soul is the most important, because it represents one's highest faith, one's faith in one's homeland, one's

motherland and one's nation, which is the highest faith, and that is why Papa chose to return to China, and why, after all the trials and tribulations the Jews went through, they still went out of their way to return to the Palestinian region and establish Israel, because like Papa, they also wanted to find their heavenly souls, the only difference is that Dad left his homeland back then, while they, on the other hand, lost their homeland."

#### **Chapter 4644**

The young Ye Chen did not understand family sentiment, so he did not understand why his father was full of tears when he said this pa\*sage.

Now when he saw Chen Zhao Zhong glowing and looking as if he had been reborn, he truly understood the burning heart of his father back then.

Ye Chen could not help thinking that he had not left his homeland to develop overseas, nor had he forgotten his original heart, nor had he been blinded by materialistic desires, but his three souls and seven spirits had long since ceased to be intact, because the day his parents died, his earthly soul, which represented them, had also gone away with them.

Just as Ye Chen was sighing and lamenting in his heart, he suddenly heard a familiar voice beside him ask, "Mr. Ye, what are you thinking about so intensely?"

Ye Chen was slightly stunned and turned around to see that Liu Manqiong had already arrived behind him at some point.

He was surprised and at the same time had a few moments of fear in his heart.

He did not expect that he would be so paralysed and careless that he had not even noticed the approach of an ordinary person like Liu Manqiong. In case an enemy really approached at this time, he was afraid that he would be powerless to resist.

Then, he came back to his senses, smiled faintly and said to Liu Manqiong, "Thinking about some old stories."

Saying that, Ye Chen asked her, "When did Miss Manqiong arrive?"

"I just arrived." Liu Manqiong also smiled lightly, then walked to Ye Chen's side, looked at the lively scene below and asked Ye Chen, "Were you just thinking about mum and dad?"

"Well ....." Ye Chen didn't deny it either, nodded gently, smiled to himself and said softly, "Although twenty years have pa\*sed, I still miss them a lot ....."

On this topic, Liu Manqiong was almost exactly on the same frequency as Ye Chen.

She almost completely understood Ye Chen's feelings, so she couldn't help but sigh softly, then she came forward, gathered her courage and took the initiative to take Ye Chen's hand, squeezing it hard at his palm, as if to convey her concern and comfort to him in this way.

Fearing that Ye Chen would think too much about it, Liu Manqiong digressed and said, "Mr. Chen's state seems to be much, much better than yesterday."

“Yes.” Ye Chen nodded and said seriously, “He has recovered his Heavenly Soul.”

Saying that, he saw Chen Zhao Zhong personally helping his old mother out of the car and hastily added, “No, not just the Heavenly Soul, but also the Earthly Soul.”

Liu Manqiong asked in surprise, “Mr Ye also knows the three souls and seven spirits?!”

Ye Chen was stunned and couldn’t help asking, “You know that too?”

“Of course ……” Liu Manqiong smiled faintly and said seriously, “Mr. Ye don’t forget that I studied Chinese and have studied it for many, many years, in fact, in the end, what you learn in Chinese is philosophy and history.”

Ye Chen nodded gently and spoke, “It is still good to read, the essence of five thousand years of civilisation is all in the books.”

Liu Manqiong smiled, “Although Mr. Ye did not finish university, I think he must have read a lot of books, right? You know all the cold Taoist ideas like the three souls and seven spirits.”

Ye Chen smiled mockingly, “I haven’t read a lot of books, twenty years at the bottom, how can I have so much time and energy to read more, all this was told to me by my father when I was small.”

Liu Manqiong said seriously, “In fact, it is never too late to read at any time, if Mr. Ye can usually find the time, you can first set a plan for yourself, first try to read one book a month, and then aim to read two books a month or one book a week.”

Saying that, Liu Manqiong added, “If Mr Ye doesn’t mind, I can help you make a reading plan.”

Ye Chen couldn’t help but ask her, “I don’t suppose you’ll have to spot-check progress and a\*sign homework then, will you?”

Liu Manqiong smiled slightly shyly and said, “I can do all that, if Mr Ye needs it.”

## **Chapter 4645**

Faced with Liu Manqiong’s kindness and goodwill, Ye Chen did not refuse.

Even though he was now a billionaire, he was still feeling sorry for not having received a full higher education.

And it was not that he did not want to spend his spare time reading more, but he just could not help himself a lot of the time.

During the years when he first married Xiao Churan, he basically never took off the apron he was wearing except for sleeping time, plus there was never anyone to urge him to spur him on, so he did not really develop the habit of reading over the years.

Since Liu Manqiong was willing to take on this role of urging and guiding, Ye Chen naturally agreed to do so readily.

Liu Manqiong was very happy as she said to Ye Chen, “Then we are considered to have reached an agreement, remember to register an email address when you have time, I will help you choose some

books and send you the electronic version of the books through the email address, so you can read them on your mobile phone anytime and anywhere, when you have almost finished reading, I will send you some topics through the email address, at that time you should try to find time to to answer.”

Ye Chen nodded and said seriously, “No problem Teacher Liu.”

Hearing Ye Chen call himself teacher, Liu Manqiong smiled and said, “You’re still the first one to call me teacher.”

Ye Chen laughed, “Then I am also considered your founding disciple.”

Liu Manqiong smiled and asked him, “Do you think I’m suitable to be a teacher? I mean, a real teacher.”

“Suitable.” Ye Chen said very seriously, “To be a truly qualified teacher, firstly, you have to be learned, which you perfectly fit; secondly, you have to be a teacher, which I believe you also have no problem with.”

Saying that, Ye Chen couldn’t help but sigh, “Nowadays, many teachers have lost their original intention of teaching and educating people, and only care about chasing fame and fortune, but I believe that if you, Miss Manqiong, were to become a teacher, you would not be the same as them, so I think that if you were to become a teacher, you should do better than most people.”

Hearing these words from Ye Chen, Liu Manqiong was greatly encouraged and could not hide her excitement as she spoke, “Since Mr Ye believes in me so much, then I will try to develop in this direction in the future!”

Ye Chen nodded and instructed, “If you do become a teacher in the future, you must remember not to forget your original intention.”

“I know!” Liu Manqiong nodded solemnly, then remembered something and asked Ye Chen, “Mr. Ye is returning to the United States today?”

“Right.” Ye Chen said, “Going back in the evening.”

Liu Manqiong said with some reluctance, “Then can I go to the airport to see you off then?”

Ye Chen thought about it and said, “If Miss Manqiong wants to go then naturally it’s no problem, but it’s just that it’s too tiring for you, isn’t it?”

“No.” Liu Manqiong was busy saying, “I don’t have anything to do in the evening, and I guess my father will definitely go over then, in that case I will join you.”

Ye Chen nodded, “Good.”

.....

At this time, the lion dance performance in the villa courtyard was nearing its end.

Liu Jiahui and the Chen family, both standing on the stage that had been set up in advance, and the background of the stage also had a special message congratulating the Chen House on its housewarming.

Two majestic lions leapt up from the open space below the stage and stood majestically on either side of the stage, then spat out two words from their mouths, one congratulating the housewarming and the other the prosperity of the family home, a kind of gift of two good fortunes.

## Chapter 4646

Liu Jiahui looked much happier than Chen Zhao Zhong at this moment, applauding while looking for Fei Ke Xin's shadow, because Ye Chen had promised him that he would let Fei Ke Xin give a speech today, and this wave of operation directly pulled the face of Liu Jiahui through the ceiling of Hong Kong Island.

Only, he was surrounded by countless reporters taking photos at this time, and he could not see Fei Ke Xin's figure at all. Moreover, according to the original plan, this was the time for Master Yu Yiwei Yu of Xuanji Hall to appear to preside over the housewarming ceremony, but for some reason, Yu Yiwei's shadow could not be found at the scene.

What's even more f\*cked up is that he suddenly found that the pagan altar, which Yu Yiwei had spent so much effort to build, had disappeared without a trace.

So, he hurriedly pulled Ah Ming to him and asked in a low voice, "Where is Master Yu? Why has he disappeared?!"

Ah Min explained in his ear, "Mr. Liu, something happened to Master Yu ..... seems to have been bitten by something he raised, and it looks quite serious, he was just pulled away by an ambulance ....."

"What?!" Liu Jiahui said in horror, "I'll top your lungs, he was pulled away by an ambulance?! Then who's going to run my ceremony today!"

A-Min hurriedly said, "Mr Liu, don't worry, Mr Ye has already arranged for Miss Fei to officiate at the housewarming ceremony."

Liu Jiahui was surprised and asked, "Miss Fei is going to officiate? Are you serious? It's not a joke, right?"

"No." Ah Ming was busy saying, "Miss Fei is preparing the venue next to us, it will start right away."

By this time, the reporters on stage were already a bit restless, and someone raised the microphone and asked loudly, "Mr Liu, can you tell us why you suddenly bought this mansion for Mr Chen Zhao Zhong? I remember that the two of you have always been at odds and it seems that there was some sort of love triangle back then, what exactly made you make this decision today?"

"Yes, Mr Liu!" Another reporter also said in a loud voice, "I have heard that you have been releasing secret flowers to the public to buy the life of Chen Zhao Zhong. Are you under any pressure? Is it because Miss Fang Jiaxin is forced to die?"

The Hong Kong media has always been tricky, especially when faced with lacy news, no matter how big the other party is, they do not care about the other party's face at all, and directly want to reveal Liu Jiahui's scars as soon as they come up.

At this time, Liu Jiahui was also somewhat embarrassed.

He had known that he would not be able to escape today, and the reason why the media reporters flocked to him was to find out why he had gone soft on Chen Zhao Zhong.

So he gritted his teeth and prepared to say what he had prepared first, and it was up to the monkey minded reporters to believe it or not.

However, just as Liu Jiahui was about to speak, a beautiful figure walked onto the stage from the side with a microphone.

When the Hong Kong Island media got a good look at the beautiful woman who took to the stage, each and every one of them let out an incredulous gasp.

“Isn’t she ..... the head of the Fei family, Fei Kexin?!”

“Really? It’s not a mistake, right? How could the Fei family head come here?”

“There’s absolutely no mistake, it’s Fei Ke Xin! I did the news about Fei Kexin the other day, I’ve read her entire profile, besides she’s so pretty, I’ve been impressed for a long time!”

“That’s right! I think it’s Fei Kexin herself too! This is the current head of the Fei family ..... arguably one of the highest-priced wealthy people in the world under the age of thirty, how did she appear here?! Does she know Liu Jiahui?!”

“Liu Jiahui? How can he have such a big face! His small a\*sets are nothing in front of the Fei family!”

“Does she know Chen Zhao Zhong? But that’s even more impossible, if Chen Zhaozhao Zhong knew someone from the Fei family, he wouldn’t have been hiding out for so many years!”

All at once, all the media reporters pointed their cameras at Fei Kexin, each one of them waiting in amazement and joy for Fei Kexin to announce her identity.

At this moment, Fei Kexin picked up the microphone and smiled slightly, “Thank you for your presence, I am Fei Kexin, Chairman of Fei Group, and I am honoured to be invited by Mr. Liu Jiahui to officiate today’s housewarming ceremony for him and Mr. Chen’s family!”

## **Chapter 4647**

Fei Kexin’s words with a smile on her face directly made all the reporters at the scene, dumbstruck.

Although everyone guessed that Fei Kexin might know Liu Jiahui, no one expected that Fei Kexin would give Liu Jiahui such a good face.

With her status as the chairman of Trillion Enterprises, it was already a great honour for Liu Jiahui to come here as a guest of honour, but who would have expected that she would be invited by Liu Jiahui to guest host the housewarming ceremony?

This was too much in the eyes of the crowd. One must know that Liu Jiahui’s a\*sets were only one percent of the Fei family’s compared to the Fei family.

As he watched these reporters’ horrified faces, Liu Jiahui only felt more comfortable than ever.

There is no one who does not love to save face, and at this moment, Liu Jiahui only felt that his old face had never been so bright in his life.

With Fei Kexin's presence, those reporters who originally wanted to see Liu Jiahui laugh, also put away their usual gossiping attitude and started to take the housewarming ceremony extra seriously.

Fei Kexin also used her perfect eloquence and personal charm to reveal 100% of what Ye Chen wanted her to say.

When she spoke of her admiration for the actions of Liu Jiahui and Chen Zhaozhong, two deceased people who had put their differences behind them, the media reporters on the scene suddenly felt the same way.

When they looked at Liu Jiahui and Chen Zhao Zhong, they no longer looked at them as if they were watching a good show, but they really thought that it was a great story of the century for these two people to forget their grudges after 20 years.

With Fei Kexin as the thread, the housewarming ceremony became full of humanism. Reporters on the frontline sent the scene back to headquarters, and countless Hong Kong Island media, too, immediately wrote a large number of very positive news reports.

For a while, all of Hong Kong Island was moved by the reconciliation between these two after a gap of twenty years.

In this way, it also gave Liu Jiahui the best possible stepping stone and greatly preserved his face.

As for Chan Siu Chung, he can finally live in Hong Kong with a clear conscience, and no one will try to kill him or go after Lau Kar Fai for the secret flower anymore.

As for Chan's family, not only did they have a family reunion, but their lives were also changed forever.

Previously, they had suffered all kinds of ostracism on Hong Kong Island because they were Chen Zhao Zhong's relatives.

However, from today onwards, the situation would undergo a hundred and eighty degree change.

When Ye Chen saw this scene, he also finally put his heart down.

Helping Uncle Zhong to come back helped him and his family to establish a firm foundation in Hong Kong Island, while at the same time getting a promise from Uncle Zhong.

From now on, there would be one more great general in his own business empire.

Moreover, it was the same general that his father had recognised and even admired.

After the housewarming ceremony, Liu Jiahui arranged his assistant, Ah Min, to give all the media reporters present a big red envelope in the name of Chen Zhao Zhong, which was nominally a carriage fee, but in fact was also Liu Jiahui's small intention to please the media reporters.

After the journalists left satisfied, Liu Jiahui arranged a sumptuous banquet in the villa.

At this banquet, apart from the Chen Zhao Zhong family, there were also Liu Jiahui and Fang Jiaxin, as well as his daughter Liu Manqiong.

And there were two more seats for distinguished guests, reserved for Ye Chen, as well as Fei Ke Xin.

Once Ye Chen was seated, Liu Jiahui stood up with his gla\*s of wine and said to Ye Chen with immense gratitude, "Mr. Ye, I owe everything to you today, and the gratitude I have for you cannot be described in words, so in order to show my gratitude to you, I will drink to you first!"

#### **Chapter 4648**

After saying that, without waiting for Ye Chen to say anything, he drank all the wine in his cup in one gulp.

Ye Chen smiled faintly and asked him, "Is Mr. Liu still satisfied with what happened today?"

"Satisfied, satisfied!" Liu Jiahui nodded his head like garlic and said excitedly, "Mr. Ye's arrangement today, I am a hundred, a thousand, ten thousand times satisfied! Oh no! Not satisfied, but grateful! I am grateful, Mr. Ye!"

Ye Chen nodded and said indifferently, "It is best if you are satisfied, this matter is settled today!"

Liu Jiahui hurriedly said, "Yes, yes, yes, everything is settled, there are no more changes!"

Chen Zhao Zhong also stood up with his gla\*s and said respectfully, "Young Master Ye, I am able to return to Hong Kong Island and reunite with my family thanks to your help, I also drink to you!"

He said, and like Liu Jiahui, he also drank it all in one go.

Ye Chen first gave Liu Jiahui a fist hug and spoke, "Mr. Liu, there is one more thing that I need to ask for your help."

Liu Jiahui was flattered and said, "Mr. Ye, if you have any orders, just ask, I will never blink an eye if I have to go up the mountain of knives or down the sea of fire!"

Ye Chen smiled slightly and said, "It's not that much trouble, I just want to ask you to take more care of Uncle Zhong's family in the future, after all, your two families live so close to each other now and it's relatively more convenient."

Liu Jiahui said without a second thought, "Don't worry, Mr. Ye! From now on, Zhong's family is my family, and I will definitely take good care of it!"

Saying that, he looked at Chen Zhao Zhong and said seriously, "Ah Zhong, if you go to the Mainland for development in the future, don't worry about leaving your family to me!"

Then, he pointed to the villa and spoke, "I have already instructed that in future, I will bear all the expenses of this villa, and the labor of the driver, Filipino maid and housekeeper will also be borne by me, plus I will contribute another one million dollars per month for living expenses!"

Ye Chen said seriously, "Naturally you can't pay for this kind of thing and pay for the labour, so I'll still pay for these."

Chen Zhao Zhong was busy saying, "Young Master Ye, the family has been used to being frugal all their lives, they simply can't use so much money ....."

Ye Chen smiled, "It's fine, it's all counted as part of your future salary, just think of it as letting your family keep it for you."

Chen Zhao Zhong said nervously, “Young Master Ye, I have been running that roast goose shop in Chinatown for so many years, I have never done any serious work, if you need my old bones, I would die for it, but I am not capable of taking such a high salary from you. Jinling is enough .....

Ye Chen seriously said, “Uncle Zhong, you are someone that even my father admires very much, and Uncle Gu has always praised you, I believe that both of their eyes are definitely not wrong.”

Saying that, Ye Chen added: “What’s more, human society has been developing for so many years, only science and technology are constantly developing, but human nature and the basic logic of how the whole society works, has not changed in any way, as the saying goes, all changes are the same, I believe you will be able to create great value.”

On the other side, Liu Jiahui also spoke up and agreed, “Ah Zhong, you are the smartest person I have ever seen in my life, and I have always thought so for so many years. I believe that you will be able to be Mr. Ye’s right arm in the future by his side, and open up new territories for his business map, and I believe that Mr. Ye must also think the same as I do, otherwise he would not have gone to so much trouble for you mind.”

Speaking of this, Liu Jiahui could not help but sigh: “In fact, I lay in bed last night and thought a lot, and figured out one thing, that is, with Mr. Ye’s strength, if he simply helped you to solve this trouble of mine, it would be too simple, just one word from him, the generals of the Ten Thousand Dragons Temple would probably let me die in vain, and by then you would naturally be able to return to Hong Kong Island safely, and he would wouldn’t have to come over personally at all;”

“But the reason why Mr. Ye has to make a trip to Hong Kong Island in person must be to help you open this knot in your heart once and for all, not only to let you have no worries, but also to let you rediscover the Chen Zhao Zhong who reigned over all of Hong Kong Island back then!”

## **Chapter 4649**

In this world, the person who knows Chen Zhao Zhong’s capabilities best is Liu Jiahui.

If it wasn’t for Fang Jiabin, he would have done everything he could to keep Chen Zhaozhong by his side and let him act as his think tank.

It was a pity that neither of them took a step back, and that’s how they ended up being enemies for 20 years.

Now that Liu Jiahui has put aside his past grudges, he hopes from the perspective of an old friend that Chen Zhao Zhong can find his true value again.

He also felt that his temple could no longer hold Chen Zhao Zhong, the Buddha, and that Chen Zhao Zhong could only maximise his value by staying by Ye Chen’s side.

He could also see that Ye Chen must have seen the value of Chen Zhaozhong, which was why he had invested so much effort in him at all costs.

Therefore, at this time, he was on the one hand affirming Chen Zhaozhong’s strength, and on the other hand, he was also saying what was in his heart for Ye Chen.

Although Chen Zhaozhong had long since lost sight of everything, he was somewhat encouraged by hearing Liu Jiahui's affirmation and expectation of himself.

Immediately, he looked at Ye Chen and solemnly stated, "Young Master Ye, don't worry, I will definitely do my best and die for you in the future!"

Ye Chen said seriously, "Uncle Zhong, compared to that, I would prefer you to rediscover your value and prove yourself to everyone."

Chen Zhao Zhong clasped his hands together and said gratefully, "Young Master Ye, don't worry, I will!"

Seeing Chen Zhao Zhong's renewed fighting spirit, Ye Chen was even more relieved and said with a smile, "Since that's the case, then I have nothing to worry about, Uncle Zhong take good care of your family for the next few days, I will return to the United States in the evening first, I will contact you before I return home, I will see you in Jinling then."

Chen Zhao Zhong nodded gently and spoke, "Young Master Ye, you must be more careful in America."

Ye Chen smiled faintly, "Uncle Zhong don't worry, I have it in mind."

.....

After lunch, Chen Zhao Zhong's family was busy tidying up their new home, while Liu Jia Hui and Fang Jia Xin insisted on staying behind to help.

Liu Manqiong had to go to school in the afternoon, so before she left, she quietly urged Ye Chen to follow the original plan and take off after 7pm, and not to bring the departure time forward, when she would go directly to the airport to see the plane off.

After seeing Liu Manqiong drive away, Ye Chen planned to go to the centre of Hong Kong Island for a stroll and buy some gifts for his wife Xiao Churan and mother-in-law Ma Lan.

Whenever he went away on the pretext of reading feng shui, Ye Chen would always take the initiative to bring back some gifts for the two of them, and this had become a habit.

He then returned to the villa, found Fei Kexin and asked her, "What else does Miss Fei have planned for this afternoon?"

Fei Kexin shook her head, "Back to Mr. Ye, I don't have any more arrangements, if you don't have any other arrangements either, I can also have the flight take off earlier so that I don't have to waste the whole afternoon here."

Ye Chen smiled, "There is no need to take off earlier, you can accompany me to go shopping in the afternoon and buy some incidental gifts."

Hearing that Ye Chen wanted to invite her to go shopping, Fei Ke Xin said joyfully, "Yes Mr. Ye, it's an honour to accompany you to go shopping."

Ye Chen smiled and said, "You don't have to be so polite, just think of it as giving me advice, the biggest headache for me is buying gifts, you can help me with more ideas."

"Good." Fei Ke Xin pursed her lips and asked, "So when are we leaving?"

“Right now.” Ye Chen said, “I’ll say hello to Uncle Zhong and the others and we’ll leave.”

Soon after, Ye Chen greeted Chen Zhao Zhong and drove with Fei Ke Xin to the largest commercial area on Hong Kong Island.

### **Chapter 4650**

On the way, Fei Ke Xin asked him, “Mr Ye, what kind of gifts are you planning to bring for your family?”

Ye Chen smiled, “Just my wife and my mother-in-law, just pick something that women like more.”

Fei Ke Xin nodded and smiled, “To buy things for women, bags and jewellery are definitely the best choices, for bags, it’s Hermes, Chanel, as for jewellery, there will be more brands, Van Cleef & Arpels, Tiffany, Bulgari, all are good choices.”

Ye Chen said, “The bag will not send, previously sent, jewellery can be considered .....”

Thinking of this, Ye Chen suddenly remembered the set up that Song Wanting had helped himself to Ma Lan.

At that time, Ma Lan had ended up spending almost all of her cash because she had her eye on an emerald necklace from Bulgari.

Suddenly, Ye Chen thought, if he bought Ma Lan another necklace exactly like the one she had won, how would Ma Lan feel deep inside?

Thinking of this, Ye Chen said without thinking, “Let’s go to Bulgari and have a look!”

Soon, the two parked their car and arrived at the largest Sogo Department Store on Hong Kong Island.

In order to prevent being recognised, Fei Ke Xin specially put on a mask and sunglasses and followed Ye Chen into the mall.

Once she arrived at the mall, Fei Kexin saw the Bulgari signboard and said to Ye Chen, “Mr. Ye, Bulgari is over there.”

“Good.” Ye Chen nodded and went with her to the Bulgari shop, a shop assistant then enthusiastically came forward and asked, “Welcome to Bulgari, what would you two like to see?”

Ye Chen asked, “I heard that you have an emerald necklace, do you have it in stock?”

The shop assistant said, “Yes, sir, just a moment.”

With that, the shop assistant took out an emerald pendant necklace from the counter and handed it to Ye Chen, saying respectfully, “Sir, this emerald necklace, our newest model this year, is selling very, very well and is priced at HK\$550,000.”

Ye Chen took the necklace and looked at it, finding that the necklace was indeed very beautiful in person, showing off style and temperament while still being understated and restrained, unlike diamond jewellery which was so flamboyant and superficial, it was indeed a rare and good style.

It was no wonder that Ma Lan was willing to spend all her cash to purchase such a necklace.

Moreover, Ye Chen felt that it should also be very appropriate for his wife Xiao Churan to wear this kind of pendant, not only was the style fresh and elegant, but the green pendant could also accentuate the fairness of her skin.

So, Ye Chen said, "Okay, I'll take this necklace, please get me two."

The guide said with some surprise, "Sir, you want to buy two identical ones?"

"Yes." Ye Chen nodded his head and said, "I want the exact same one."

The shop assistant patiently explained, "Sir, if you are planning to give it to your wife, I would suggest you buy two different ones, women prefer different styles of jewellery."

Ye Chen said, "I am planning to give it to my wife and my mother-in-law."

The guide nodded and said sincerely, "Then it is even more recommended that you buy two different ones. Women are very mindful of clashing shirts, clashing shoes, clashing hair styles and hair colours, and they are even more mindful of clashing jewellery, if your wife and your mother-in-law both wear the same necklace, they will definitely feel awkward too."

Ye Chen laughed, "Hearing you say that, I'm going to buy the same one even more."

To Ye Chen, he knew Xiao Churan's personality very well. Xiao Churan was a devotional personality, unconcerned with the world and not caring about herself, so if he bought the same jewellery for her and Ma Lan, she would definitely not have any resentment.

But Ma Lan is a different story.

The two major taboos in women's jewellery that the shopper had just mentioned, one is having the same jewellery and the other is having the same tidy up as someone else, as long as one buys two identical ones for Xiao Churan and Ma Lan, then Ma Lan will have touched both of these two taboos.

She was greedy and greedy, and Ye Chen didn't want to let her get too carried away, so he made it difficult for her, so that she wouldn't get too carried away.
