

Ye Chen 4871

Chapter 4871

“Good.” An Chongqiu agreed and asked Li Yalin, “If my sister-in-law is in New York, if she asks if I have heard from you, should I tell her the truth or lie to her first and wait for you to surprise her in person?”

Li Yalin thought about it and said, “If she asks about you, just say that you found a little clue but want to tell her in person, ask her to meet you and I’ll give her a surprise then.”

“Okay.” An Chongqiu nodded and immediately took out his mobile phone and called Li Yalin’s wife, Chen Junmei.

When the call was answered, an excited voice came from the other end of the line, “Chongqiu, have you heard from our family’s Old Li?”

An Chongqiu faintly froze, then said deliberately, “Sister-in-law, I have some clues, are you still in New York now? I’ll talk to you in person.”

Chen Junmei on the other end of the line asked in a surprised voice, “Really? What kind of clue? I’m in Washington and I’m going back to New York. A friend from college has some connections in Washington, so I’m coming over to ask her for help.

An Chongqiu then said, “How about this, sister-in-law, tell me your flight number, I’ll arrange for someone to pick you up at the airport and we’ll meet.”

Chen Junmei asked nervously, “Chongqiu, tell me the truth, is something wrong with our old Li, right?”

An Chongqiu said, “No, no, I can vouch for myself, it’s good news! You tell me the flight number, and don’t worry about the rest.”

Chen Junmei’s voice choked with excitement at once: “That’s great”

With that, she said to the person beside her, “Yuan Yuan, your Uncle An called and said there’s good news about your dad!”

“Really?!” The voice of Li Yalin’s daughter came from the other end of the phone, she grabbed the phone and excitedly pursued, “Uncle An, you’re not lying to us, are you? There’s really good news?”

An Chongqiu smiled and said, “Yuan Yuan, your Uncle An vouched for it with his personality, do you think that’s enough?”

“Enough is enough!” Li Yuanyuan said with delight, “Uncle An, why don’t you stop selling us short and just tell us over the phone”

An Chongqiu said, “Yuan Yuan, it’s not clear in a word or two, it’s just that you two are coming to New York, let’s talk in person, I’ll give you a list of all the information I have.”

“Good” The first time I heard this, I was half-a*sured, so I didn’t ask any more questions and said happily, “Uncle An, then I’ll see you in New York!”

“Good!” An Chongqiu said, “Don’t forget to ask your mother to send me the flight number later.”

Li Yuanyuan said excitedly, "Okay, okay, Uncle An! Thank you Uncle An!"

At that moment, a man could be heard on the other end of the line saying in a low voice, "Good wife, don't cry, I told you a long time ago that Dad would be fine, wipe your tears and don't let the baby die."

Li Yuanyuan cried and sobbed, "Uncle An, I won't talk to you now, I'll hear your good news in person when we get to New York!"

"Okay." An Chongqiu smiled, "Yuan Yuan, you have to control your emotions, after all, you are not alone now, you have to take care of the baby in your belly."

Li Yuanyuan hurriedly said, "I know Uncle An! Thank you!"

An Chongqiu hung up the phone after saying goodbye to Li Yuanyuan, while by now Li Yalin was already in tears.

He didn't expect that his wife and daughter, as well as his son-in-law, were all still running around non-stop to find his whereabouts.

His daughter, in particular, was still six months pregnant.

When An Qishan saw that he could not stop keeping tears in his eyes, he hurriedly said, "Yalin, there will be blessings after a great disaster, you should be happy, why are you crying!"

Chapter 4872

After saying that, he hurriedly turned to Fei Ke Xin and said with great appreciation, "Miss Fei, I must say that this solution you have just come up with is indeed very perfect, only that although you have to write this cheque, the money still has to come from the An family, you have helped us so much, we must not let you break the bank again."

Fei Ke Xin smiled faintly and said, "Okay Mr. An, I'll do as you say."

An Qishan then said to Li Yalin, "Yalin, let Chongqiu arrange for someone to bring your wife and children here directly, so that you and Miss Fei can stay here for lunch, after the meal is finished, they should almost be here too, and then you can be reunited as a family!"

Li Yalin wiped away his tears and nodded heavily.

An Qishan said to Fei Kexin, "Miss Fei, after the meal I still hope to delay you a little, your proposal is flawless, if you yourself can explain the situation to Yalin's wife and daughter here, it will be more convincing, what do you think?"

Fei Ke Xin said without hesitation, "No problem Mr. An Lao, I didn't have any other plans for this afternoon."

"Good!" An Qishan laughed heartily, "I'm so happy today! I'm so happy to have Arin back from the dead and to be reunited with his family in our presence. Chongqiu, remember to record the whole thing later, in case I forget it tomorrow, just show me again!"

An Chongqiu nodded without thinking and said, "Yes dad, we will all turn on our mobile phones to record the whole thing!"

An Qishan's words really made Li Yalin's mood better, he hurriedly said to An Chongqiu, "Chongqiu, please do one thing, can you ask someone to buy a bouquet of roses for me?"

An Chongqiu joked, "That's good, old Li, you've developed romantic cells now! Wait, I'll arrange it for you right away!"

The old lady said with a smile, "Let's go to the restaurant first and have dinner while we eat!"

The old man laughed, "Good, let's talk while we eat!"

Saying that, he looked at Fei Ke Xin and said very politely, "Miss Fei, you are an honored guest, after you!"

Fei Ke Xin was flattered and said, "You are too polite, Mr. An, you are the head of the family, it is better for you to go first!"

An Qishan said very seriously, "Miss Fei, you are not only an honoured guest, but also a benefactor of our An family and Yalin, in the An family, you never need to be polite."

Immediately afterwards, he said with a solemn face, "Miss Fei, my brain may not work so well, in the future, if there is any place that the Fei family needs the An family, you can contact Kai Feng directly, Kai Feng is the head of the An family's external affairs, as long as you say the word, the An family will do its best!"

After saying that, he looked at An Kaifeng and asked, "Kaifeng, you have heard all my words, right?"

The second An Kaifeng said without thinking, "Dad, don't worry, in the future, whenever Miss Fei asks, the An family will follow your instructions and do their utmost!"

Fei Ke Xin did not expect that the senior member of the An family would give himself such a weighty promise.

Although the Fei family was already a giant among the hidden wealthy families, it was still a bit small compared to the An family.

To receive such a promise from the An family now was definitely a strong guarantee for the Fei family.

She could not help but feel in her heart, "Mr. Ye is now in charge of the Ye family and the Ten Thousand Dragons Palace, and he has a sizeable business map of his own. will also have to be afraid of him!"

Chapter 4873

After lunch, while the Ito family and He Yingxiu were still flying over the ocean, Li Yalin's wife, daughter and son-in-law finally landed at New York's JFK airport.

The An family's helicopter had been waiting at the airport for a long time. Under the coordination of the An family, the plane that was supposed to be parked at the corridor bridge was temporarily changed to a far-flung one.

At this moment, Li Yalin was already at the Anbang Mansion, so nervous that he kept pacing and rubbing his hands together.

He had been practising the speech that Fei Ke Xin had given him over and over again for fear of saying the wrong thing when they met later.

Fei Ke Xin was pleased that he was very nervous, so he said, "Don't worry too much, Inspector Li. If you are too nervous and can't make a good presentation later, I can explain to your wife for you."

An Chongqiu also agreed and said, "Right, if you feel that you can't run your mouth well, just say less, don't say anything and let Miss Fei say it for you, Miss Fei's speech is already perfect, as long as you don't mess up, you can definitely pass this hurdle today."

Li Yalin nodded repeatedly, looked at Fei Kexin gratefully and spoke, "Then later when they come, I'll ask Miss Fei to help more"

Ten minutes later.

A helicopter landed on the roof of the building and An Chongqiu personally went to greet it.

As soon as Chen Junmei saw An Chongqiu, she couldn't wait to ask, "Chongqiu, what clues do you have about our old Li? Where is he now? Is there anything wrong?"

An Chongqiu nodded and said with a smile, "Sister-in-law, nothing has happened to Old Li, don't worry! Let's talk about the details inside!"

Chen Junmei didn't dare to relax and asked as she followed, "Chongqiu, tell me the truth, are you sure Old Li is still alive? I'm telling you I've done a good job of psychologically building up these days, if anything really happens to him, you tell me the truth, I can resist, but you mustn't hide it from me, it's much better to let me know sooner than later"

The actual fact is that you can find a lot of people who are not able to get a good deal on this. The reason why I can't contact him these days is because of a temporary emergency, so he didn't bother to report to you two."

Hearing this, Chen Junmei's heart hung in the air, but her anger immediately surged up.

She said, "What's the difference between this Li Yalin and a b*****d? What kind of emergencies are so urgent that you don't even have time to say something? Even if he had sent a three-second voice message on WeChat saying he had something to do, we wouldn't have been so worried! He doesn't know that her daughter is still pregnant?"

An Chongqiu sighed and hurriedly said comfortingly, "Sister-in-law, this is actually quite complicated, you can't blame Old Li, let's go in and talk, go in and talk!"

Chen Junmei didn't know the reason, but her heart was still angry and unsettled.

She actually loved Li Yalin, but she was most annoyed by his attitude of not caring about everything and not acknowledging his relatives when he did something.

As a wife, she needs not only a husband to earn money for the family, but also a partner in life and in mind.

She also knows that her daughter's need for a father is not simply to pay for her living expenses and school fees, but also to be there for her child as much as possible and to make her feel loved by her father.

But Li Yalin, hardened himself from a partner in this family to an angel investor in this family.

What is an angel investor?

Chapter 4874

It means that he only invests and does not care about the business.

You can talk to me if you don't have money, but don't bother me if you don't have anything.

This is what makes Chen Junmei the most unacceptable and desperate.

However, once she heard An Chongqiu say that Li Yalin had disappeared for so many days because of some unforeseen event, she was so angry that her eyes burst into tears and she couldn't help but say to An Chongqiu, "Chongqiu, let me tell you something from the bottom of my heart, if I didn't still have some feelings for that old b*****d Li Yalin, I would have filed a divorce case in court on the grounds of de facto separation! It's easy to get a divorce in America anyway, we've been de facto separated for years, it's easy to get a divorce in any state!"

She took out her handkerchief, blew her nose and said desperately, "Forget it, I'm not going to torture myself, as long as I'm sure he's still alive, I'm done with him! I'll file for divorce in Houston and go through the summary divorce process, and try to settle the matter in a week! If I don't, I'll write the word "Chen Junmei" backwards!"

An Chongqiu invited her into the lift as he advised her with a smile, "Sister-in-law, I understand your feelings, but don't be impulsive, perhaps Old Li has his own good intentions. After all, he has so many haloes on his body that sometimes he tends to get too deep into the drama and can't get out.

"More understanding?" Chen Junmei cried, "How can I understand him when he's like this?"

"You just said he only has two things on his mind, let me tell you, you are wrong, he only has one thing on his mind, and that is to solve the case and solve the case or solve the case!"

"You know, he spends more time hanging out with murderers than he does with me!"

"He poured his heart and soul into those disciples of his more than he did into his daughter!"

"You said for me to understand him, I used to grit my teeth to understand, so many years have passed, now it's not impossible for me to put up with it"

"But this time he's just gone too far! He ignored his daughter's pregnancy! He even ignored his daughter's pregnancy and even evaporated.

As she was talking, the lift doors opened.

Chen Junmei hadn't had enough and continued, choking back a sob, "He's not even as good a father as my daughter's in-laws, they heard that their daughter-in-law was pregnant and flew all the way from China to visit.

As soon as the words left her mouth, the daughter beside her suddenly exclaimed, “Dad!”

When Chen Junmei heard this, she looked up and realised that Li Yalin was standing at the entrance of the lift.

At this moment, Li Yalin was ashamed and his eyes were red as he said, “Junmei, I’m sorry for making you guys worry

Chen Junmei was stunned, and then she came back to her senses, rushed out of the lift and slapped Li Yalin with her hand, cursing hysterically, “Li Yalin, you’re a son of a b*tch!”

Li Yalin received a slap on his face, and in addition to a bright red five-finger mark, he was also ashamed.

So he hurriedly said, “I’m sorry ah Junmei I

Chen Junmei directly interrupted him and said angrily, “Don’t say such bullsh*t to me Li Yalin, open your own eyes and look at me, I am at least highly educated, and now I’ve been forced by you to become a shrew! I’ve put up with you for so many years and tolerated you for so many years, but now I really can’t put up with you or tolerate you anymore. Since you’re fine, let’s not delay each other anymore, you come with me to Houston and we’ll divorce.

Chapter 4875

Li Yalin did not expect that his wife, who was always gentle, would react so violently.

In the past, his wife would also be at odds with himself.

But they were basically just whining and sulking, or at most a few days of cold war.

This was the first time she had ever been so violent, so loud and so scolding.

But Li Yalin also knew in his heart that the reason why his wife had lost her temper so much must be because she had been overly worried about herself during this period of time, so naturally he was not half angry.

So he couldn’t wait to use Fei Kexin’s line of rhetoric to clear his name.

Making up his mind, he hurriedly explained, “Junmei, I I had a reason for that

“Reasons? What reasons?” Chen Junmei questioned in exasperation, “I still don’t know you Li Yalin, in your eyes, everything is more important than us two mothers! Whenever someone dies in this part of New York, your mind flies away and you don’t care about us?”

Li Yalin was speechless for a moment.

He wasn’t really good at words.

And he was even worse at lying.

Faced with his wife’s fierce attack, he was a bit confused for a while.

Sometimes, the key to success or failure depends on whether one can hold one’s own ground and pace.

Just like a speech, the same script, if one can drive the whole room with one's own rhythm, then it is bound to be successful, but if one's rhythm is disrupted by others, then the result is bound to be a failure, and may even turn out to be a disgrace.

Just when Li Yalin couldn't find his rhythm, Fei Kexin, who was at the side, hurriedly said, "How do you do, you are Inspector Li's wife, right?"

Chen Junmei gave Fei Kexin a glance and said without thinking, "Not any time soon!"

Fei Kexin smiled slightly and continued, "Introduce myself, I am the chairman of the Fei Group in New York, Fei Kexin"

Hearing these words, Chen Junmei looked at Fei Kexin in surprise, then nodded and said, "I know you I've seen you on TV"

Fei Ke Xin said, "Actually, I want to explain to you, the reason why Inspector Li evaporated is actually because I entrusted him to help me investigate again some things that that scum of the Fei family, Fei Hao Yang, had done in the past, and because this matter is too sensitive, it was also me who asked Inspector Li to absolutely not have any contact with the outside world."

Chen Junmei couldn't help but frown and asked Fei Ke Xin, "Hasn't he already retired early? Why should he still listen to your orders? He won't contact the outside world if you don't let him, so why should he be bound by you?!"

Fei Kexin smiled lightly and said seriously, "Because I am Inspector Li's employer."

With that, she pulled out a cheque from her cheque book, which had been clipped in and written long ago. She handed it to Chen Junmei and said, "Mrs. Li, this ten million dollars is the commission I promised to give to Inspector Li after the job is done. needed a substantial enough income to plan a better future for his unborn grandson or granddaughter."

"What?!" Chen Junmei asked, wide-eyed and dumbfounded, "What did you ask him to do that could be worth as much as US\$10 million?!"

Fei Ke Xin blandly said, "In your eyes \$10 million may indeed be a lot, but in my case, \$10 million is not even one percent of what I compensated to those victims on behalf of the Fei family, and this matter is actually very dangerous, the slightest mistake could cost lives."

Chapter 4876

Immediately afterwards, Fei Ke Xin further explained, "Moreover, the matter of Fei Hao Yang has become a global sensation, you must have heard about it, the Fei family has spent billions of dollars in order to make up for the victims as much as possible, ten million dollars in this is just a drop in the bucket."

Saying that, she looked at Chen Junmei, as well as Li Yuanyuan behind her, and said seriously, "In fact, what I want to say is that you should not subjectively blame Inspector Li for not greeting you before this, after all, this matter I entrusted him with is not only very complicated, but also very dangerous, and the slightest mistake may even cost you your lives;"

“And Inspector Li had originally retired and intended to go back to his retirement, there was absolutely no need to take the risk, but it was because this commission of ten million dollars had moved him that he took the risk of taking up this commission, and he did it, not to solve the case or to make money for himself, but for the sake of the child in his daughter’s womb.”

Seeing the two men’s jaws drop, Fei Ke Xin continued, “Also, Inspector Li has really been through a lot of danger these days, and as an employer I admire his courage and that sense of duty to his family;”

“He gave his life in exchange for this \$10 million so that his future grandson or granddaughter could be assured of a lifetime of food and clothing before he or she was born, and so that he or she could be born a human being and have decades less of a struggle than others of his age!”

“To do this, he would not hesitate to give his own life, and I personally think that is very great!”

“So Mrs Li, I think that not only should you not blame Inspector Li, but you should give him a big hug and apologise to him for your irrational behaviour just now, don’t you think?”

At this moment, Chen Junmei, Li Yuanyuan and her mother and daughter were extremely shocked.

The An family and Li Yalin were also shocked.

This was because, they could all see that Fei Ke Xin’s ability to turn the situation around and control the tempo was too strong, and her performance in this regard was considered a master.

To be able to tell a lie so easily and so impassioned, this kind of ability could not be considered strong.

As soon as Fei Ke Xin finished speaking, Li Yalin was a little ashamed in his heart.

He knew what kind of goods he really was, so he couldn’t help but sarcasm himself in his heart: “I’m not f*cking great, I myself was even beaten into a sieve in a muddle, worse than cannon fodder, cannon fodder even if they can’t kill the enemy, at least they can shout and fire twice before the battle, I’m simply ridiculous, I didn’t even have a chance to let out a fart before I fell down ”

The first thing that happened was that Li Yalin was ashamed of himself, but his daughter Li Yuanyuan couldn’t take it anymore.

She cried and jumped into Li Yalin’s arms, choking, “Dad, our family is not short of money, why do you have to work so hard”

Li Yalin was a bit flustered and couldn’t say anything for a while.

It was Fei Ke Xin who said at the side, “Inspector Li said, not lacking in money is not lacking in money, but still hope that the child can have a better life in the future.”

Chen Junmei also changed at this point from the anger she felt just now to a mixture of emotion, shame and fear.

She couldn’t help but tear up and asked Li Yalin, “Old Li, how old are you, why do you have to fight for your life when you’ve retired so easily!”

Li Yalin let out a sarcastic laugh and said awkwardly, “Just Like Miss Fei said It’s all It’s all for the sake of the children, for the sake of the children”

She reached out and stroked half of Li Yalin's face that was red from her slap and asked guiltily, "Does it hurt? I'm sorry, it's all my fault"

Li Yalin was flattered and said, "No, it doesn't hurt, it doesn't hurt at all!"

Chapter 4877

With the help of Fei Kexin, Li Yalin's family problems, which had been a constant source of concern for him, were finally resolved.

Li Yalin's "sense of family responsibility" and "dedication" not only helped his wife and daughters to stop thinking about his disappearance, but also changed his image of being an incompetent man in the eyes of his wife and daughters.

It can be said that Li Yalin's image in the eyes of his wife and daughters has been raised to an unprecedented level.

As his wife and daughters gathered around Li Yalin, their eyes red with tears, Li Yalin's heart was thrilled but also ashamed, while still looking at Fei Ke Xin with a look of undisguised gratitude.

He called An Chongqiu and An Kaifeng aside while the others were focused on Li Yalin's family and said in a low voice, "Miss Fei will definitely achieve great things in the future. "

Naturally, the two sons nodded their heads repeatedly.

They could also see that although Fei Ke Xin was only in her twenties, her ability to deal with problems and control situations was still perfect, plus she was already in charge of the entire Fei family at such a young age, so her future was boundless.

At this moment, the old man could not help but sigh: "Such an outstanding young girl, it's just a pity that our An family does not have any boys of the right age, otherwise, if the two families were to marry, it would be a great story in the Chinese world and even globally."

An Chongqiu smiled slightly: "There are more girls in our family and the boys are younger, so there is indeed no one of the right age."

On the side, An Kaifeng sighed, "Chen'er is the right age"

"Chen'er ah" The old man nodded and said to the two, "Chong Qiu, Kai Feng, no matter how long I can live, Chen'er you must keep looking and never give up."

"Understood!" An Chongqiu said without thinking, "Dad, don't worry, after this period of time, I will personally go and look for Chen'er's whereabouts."

An Kaifeng said with some concern, "What I am most afraid of now is that Chen'er has been in the hands of the gang that killed my sister, Chen'er's whereabouts have been unknown since my sister's accident, and that organization is very powerful, we have not been able to find Chen'er, could it be related to that organization?"

The old man said with a grave expression, "What you said is not impossible, but no matter what, as long as Chen'er is still alive, we must find him!"

.....

At this moment, Ye Chen was directing Hong Wu and Chen Zekai to prepare for the arrival of the Ito family as well as He Yingxiu in the two luxury suites of the Buckingham Palace Hotel, as he had requested.

In accordance with Ye Chen's request, the two men filled more than half of the beauty mud into three of the bathtubs in the two luxury suites.

The beauty mud was purchased by Ye Chen from a beauty agency, and was not intended to be of any practical use, but to be used when the three of them arrived, so that they could lie in the mud with zero visibility and then be given a remodelling pill.

By late afternoon, Ye Chen received news from Nanae Ito that the special plane she was on, was about to arrive at New York's JFK airport.

Since the plane from East Asia to New York had to fly all the way east across the Bering Strait and then cross the entire US from the west coast to the east coast of the US, the flight from Tokyo for Nanaeko Ito's family was 2,000 kilometres closer than the flight from Jinling for He Yingxiu and Su Shoudao, so the arrival time in New York was also much earlier than that of He Yingxiu and Su Shoudao.

Ye Chen asked Richard Chen to coordinate a helicopter from Buckingham Palace to pick up the Ito family as soon as they landed and cleared customs.

At this time, Nanaeko Ito was still wearing the same kimono she had worn when she left home, and Yohiko Ito, too, was still wearing the tattooed hakama.

As the departure was to celebrate Yohiko Ito's birthday, not only were Nanaeko and Yohiko Ito wearing traditional Japanese clothing, but also Nanaeko's aunt Emi Ito and Yohiko Ito's loyal subordinate Koichi Tanaka, all wearing similar traditional clothing.

Chapter 4878

Ye Chen came to the top floor to greet them and was slightly stunned to see the helicopter doors open and a kimono-clad Nanaeko Ito stepping down from inside the helicopter.

Although it was true that Nanaeko Ito was very beautiful in her kimono and had the unique gentle temperament of a Japanese woman, Ye Chen still did not understand why Nanaeko Ito was wearing such a outfit.

Seeing the longed-for Ye Chen right in front of her, Ito Nanaeko was overjoyed and her smile was extraordinarily bright as she said to Ye Chen, "I haven't seen you for many days, Ye Chen-kun!"

Ye Chen smiled slightly, nodded and said, "It's been a while, why are you dressed so grandly?"

At this time, the butler of the Ito family and Nanaeko Ito's aunt also got off the plane, and helped Yuuhiko Ito, who was wearing a prosthetic leg, down from the plane.

Ye Chen's expression was even more astonished when he saw how formally dressed each of these people were.

Ito Nana-chan spat out her tongue and said playfully, "It was originally Father's birthday today, so we wore traditional Japanese costumes to celebrate Father's birthday, but I didn't expect that Ye Chen-kun would call just as we were about to have dinner, so we rushed to the plane."

Saying that, Ito Nana-chan looked at Ito Yuuhiko who was beside her and said with a smile, "Father-sama's 50th birthday was actually spent on a plane, it's a very novel experience when you think about it"

Like an aggrieved old man, after giving Nanaiko Ito a white look, he then arched his hand to Ye Chen and said very respectfully, "Hello Mr. Ye, finally we meet with you again!"

Ye Chen nodded his head and smiled, saying, "Mr. Ito, I didn't expect it to be your birthday today, so I'm really sorry for tossing you to fly over so far on your birthday."

Ito Yohiko hurriedly said, "Mr. Ye, you are too kind, you are the benefactor of the Ito family, whenever you need us, we will be the first to arrive!"

After saying that, Ito Yohiko asked, "Mr. Ye, I wonder if there is anything you need us to do for you in such a hurry to come to New York?"

Ye Chen waved his hand, "There is nothing that needs Mr. Ito's help, the reason why I asked you guys to come so far is that there is something good that I want to share with you."

At this time, the Ito family's butler, again, assisted Koichi Tanaka to step down from the helicopter.

When he saw Ye Chen talking with Ito Yuuhiko, he bowed to Ye Chen with very respectful hands together.

Ye Chen smiled and said, "Mr Tanaka, long time no see."

Tanaka Koichi did not expect Ye Chen to take the initiative to greet him, and he quickly said in a flattered manner, "Long time no see Mr. Ye, I didn't expect you to remember me"

Ye Chen said, "I knew you even before I knew Mr. Ito, how could I not remember."

Ye Chen had known Tanaka Koichi when Ito Nanaeko had gone to Jinling to participate in the tournament.

He had a good impression of Tanaka Koichi because the man was overall relatively upright and loyal enough, and because if he hadn't made a split-second decision and pulled Ito Yohiko to jump off the bridge to survive, Ito Yohiko would have definitely been killed off by the Takahashi family.

In his opinion, the fact that Ye Chen remembered him and took the initiative to greet him had already given him a level of respect that he did not dare to expect.

At this moment, Ye Chen said to a few people, "Gentlemen, this is not the place to talk, let's go in and talk."

After saying that, he said to Chen Zekai who was at the side, "Old Chen, go and ask the catering department to prepare a table in my presidential suite, and order a birthday cake to celebrate Mr. Ito's birthday in an hour!"

Chapter 4879

Hearing Ye Chen's instructions, Chen Zekai immediately said, "Okay Young Master, I will go and arrange it now."

After saying that, he hurriedly turned around and left.

Ito Yohiko was a little embarrassed at this point and said, "Mr. Ye, you don't have to be so polite, there is no need to celebrate the birthday, if there is anything you want, just give direct instructions."

At the side, Nanaiko Ito could not guess Ye Chen's real purpose for asking them to come to New York, so she also said very sincerely, "Ye Chen-kun, if there is anything you need from the Ito family, please do not be polite to us! No matter what you ask, the Ito family will definitely do its best!"

Ye Chen smiled, "If I really want to say that there is something I need the Ito family to do on my behalf, it's actually not nothing."

Saying that, Ye Chen gave a slight beat and added: "I recently happened to get a medicine that is somewhat helpful to the disabled, that's why I want to ask Mr. Ito and Mr. Tanaka to try the medicine for me later."

Ito Yohiko had never dreamed that Ye Chen had called him all the way to the United States to ask him to try the medicine.

If it was an ordinary person who heard that he needed to try the medicine himself, I was afraid that his heart would be a little drummed.

However, Ito Yohiko was totally at ease with Ye Chen.

After all, it was thanks to Ye Chen's magic pills that he and Koichi Tanaka had been able to recover quickly from their amputations.

So, without thinking, he said, "Mr. Ye, you can give me the medicine directly, I will take it now!"

Tanaka Koichi likewise said without hesitation, "Mr. Ye, I am also willing!"

Ye Chen laughed, "Don't you two want to ask first what all the effects of this medicine are?"

Ito Yohiko blurted out, "No matter what medicine you have for me to try, I, Ito Yohiko, will never hesitate for a second!"

Tanaka Koichi followed suit, "Mr. Ye, my humble servant is the same as Your Excellency!"

Ye Chen nodded and smiled, "In that case, then let's go in and talk about it, this medicine of mine is rather peculiar, you can't just open your mouth and take it directly, you need to soak the whole person into the bathtub first, then take the medicine."

Ito Yohiko immediately said, "Not to mention soaking in the bathtub and taking it, even if I were to take it upside down, I would have no problem with that!"

Ye Chen smiled, "Okay, the room is ready for the two of you, come with me."

Ito Nanaeko walked up to Ye Chen with some curiosity at this time and asked in a low voice, "Ye Chen-kun, can I ask, what kind of medicine did you make Father-sama take? What are the effects of it?"

Ye Chen said in a mysterious manner, "Heaven's truth cannot be revealed, you will know exactly what effects there are in a moment."

Ito Nanaeko nodded gently and did not pursue the question further.

With her understanding of Ye Chen, she believed that Ye Chen would definitely not let his father take any risks.

If it was simply to test the goodness of a drug, he would not have needed to go to the trouble of getting his father to come over from Japan.

Soon, the Ito family, led by Ye Chen, arrived at a luxury suite that had been prepared long ago.

Although this suite was not as big as the presidential suite, it still had three bedrooms and four bathrooms.

In two of these bathrooms, green beauty mud had been put into the bathtubs.

After Ye Chen brought the Ito family into the room, he then first had several people sit down on the sofa, and then said, "I have already had two bathtubs prepared, and later on, I will have Hong Wu, together with the butler, take Mr. Ito and Mr. Tanaka to separate bathrooms, and I will give the medicine to the two of you after you have lain down in the bathtub."

Ito Yohiko couldn't help but ask, "Mr. Ye, is there anything we need to be aware of?"

"No." Ye Chen smiled, "The bathtub is already prepared with a large amount of beauty mud, so you two just lie down in it and just close your eyes and relax, and don't worry about the rest."

"Good!" Ito Yohiko nodded heavily and said, "In that case, we won't take up Mr. Ye's time, let's start straight away now!"

Chapter 4880

Ye Chen nodded and smiled, "By the way Mr. Ito, since today is your birthday, you might as well make a birthday wish."

"This" Ito Yohiko said awkwardly, "On the plane when I came here, Nana-chan had already asked me to make a wish"

Ye Chen smiled and asked, "May I ask what Mr. Ito wished for?"

Ito Yohiko smiled to himself and said, "To be honest, I didn't make a wish at that time, I just casually went through the motions."

Hearing this, Nanaiko Ito, who was on the side, said with some anger, "Odo-san! How can you even fool yourself!"

“I did?” Ito Yohiko smiled, “Wishing is just a formality. If I want to wish for world peace, I have to ask the Americans if they agree, right? They’re at war all the time, so even if I make a wish, it won’t come true.”

Ito Nana-chan said, laughing and crying, “Odo-san, you’re not making a point. Who would make such an unrealistic wish on their birthday Can’t you make a wish that’s close to your heart? Like good health, a long and happy life or something like that

Ito Yohiko looked at Nanaeko and then at Ye Chen and couldn’t help but sigh, “I want to wish that you could get married tomorrow, but that would require asking Mr. Ye if he agrees, right?”

With one sentence, Ito Yohiko caught both Nanaeko and Ye Chen off guard.

Nana-chan in particular stood up in shame and bashfulness, stamping her foot in anger, “Odo-san! You You You

Seeing that she couldn’t say anything in her anxiety, Ito Yohiko deliberately asked, “What’s wrong with me? Wasn’t it you who asked me to make a wish? I only have one daughter like you, of course I wish you to get married and start a family sooner!”

Ito Nana-chan puffed up and said, “You can make a wish for me to get married sooner, but why did you mention Ye Chen-kun!”

Ito Yohiko simply pointed at Ye Chen and asked her, “What? Don’t you want to marry Mr. Ye?”

Ito Nanaeko was anxious and without thinking, she blurted out, “Of course I want to

As she said that, she suddenly realized that she had said the wrong thing and hastily added, “No Odo-san just wants me to get married early, then just wish me to get married early ah, as for who to marry, that’s not your concern ah

Ito Yohiko spread his hands and said, “If the basic logic of wishing is to tell God what you want, then you must make it clear to God what I really want, I wish you to marry someone, but not wish you to marry just anyone, I wish you to marry someone you love and also someone I admire, so I have to make it clear to God that I wish you to marry Mr. Ye, otherwise in case God his old man is vague and shoves someone else in haphazardly, then wouldn’t I be doing you a disservice?”

Ito Nanaeko was embarrassed with goose bumps and had to say helplessly, “Odo-san, please stop here, stop talking

Ito Yohiko turned to Ye Chen and said helplessly, “Mr. Ye, do you think she’s contradicting herself?”

He looked at Ito Yohiko and asked very seriously, “Mr. Ito, if you were to make a wish that only concerned yourself, what would you wish for?”

Yohiko Ito grunted and casually said, “If it only related to myself, then I would definitely wish for both of my legs

Speaking of this, Ito Yohiko let out a bitter laugh and waved his hand, “Forget it, that’s simply impossible to achieve, I’d rather not make it difficult for God

Ye Chen smiled blandly and spoke, "Say it."

"Huh?" Ito Yohiko asked in confusion, "Say out what?"

Ye Chen said seriously, "Say out your wish."

Ito Yuuhiko said, "There is no point in saying things that are impossible to achieve, right"

Ye Chen's expression took on a bit of seriousness as he slowly said, "Never mind if it can be achieved, first say it boldly, if you don't even dare to say it, how can it be achieved?"
