

Ye Chen 4891

Chapter 4891

Ito Yohiko's words left Ito Emi and Ito Nanaeko dumbfounded!

They both looked at each other with disbelief on their faces.

Seeing their jaws drop, Yohiko Ito could not help but do a few high kicks in place, and said in an excited voice, "Megumi, Nana-chan, look! I'm not joking with you, these legs are really not prosthetic, they are my own!"

Emi Ito exclaimed in a flash, "Nani? Oni-chan! This How the hell did that happen?!"

Ito Nana-chan, who was frozen at the side, suddenly came back to her senses and quickly rushed to her father, asking with unbridled excitement, "Odo-san! Am I really not dreaming?! Your legs Your legs have really recovered?"

Ito Yohiko's eyes filled with tears again and he nodded his head, "It's true, Nana-chan! Odo-san's legs are really back as good as new!"

Ito Nana-chan was overjoyed, she subconsciously turned around and looked at Ye Chen not far behind her, choking back tears, "Ye Chen-kun It was you who cured Odo-san's leg, wasn't it?!"

Ye Chen smiled and nodded gently.

At that moment, she suddenly grabbed the hem of her kimono with both hands and ran towards Ye Chen, and when she was about to run in front of him, she opened her arms and jumped into his arms.

At this moment, Nana-chan had no words to express her gratitude to Ye Chen.

At this moment, all she wanted to do was to use all her strength to hug Ye Chen tightly.

As Ye Chen felt the soft and fragrant body of Nana-chan, he could not help but feel love and pity in his heart.

As Ye Chen had told Ito Yuuhiko earlier, he had saved him for the sake of Nana-chan, in order to see her happy and excited look.

As for Ito Yohiko himself, he was just a vehicle to make Ito Nana-chan happy.

Ito Nanako hugged Ye Chen tightly and buried her face in his chest, without saying a word.

A thousand words were stuck in her throat at this moment, which in turn made her unable to speak. She only wanted to hold Ye Chen so tightly for a longer time, and then for a longer time.

Nana-chan, who had flung herself into Ye Chen's arms, murmured softly in a mosquito-like voice as if she were talking to herself, "Thank you, Ye Chen-kun"

Ye Chen heard her tiny voice and didn't say anything, just lifted his hand and patted her on the back a few times.

The two did not say anything more than necessary, as if they had agreed to do so, everything was in words.

Su Ruoli saw all this in her eyes, and while her heart was envious, she couldn't help but sigh: "Mr. Ye and Miss Nana-chan, they are really a match made in heaven, Mr. Ye has so many women around him who are devoted to him, but none of them can do what Nana-chan does, she looks so well matched with Ye Chen in every way, it's really enviable"

Ito Emi, who was heartbroken for her brother, could not help but gently hug Ito Yohiko at this time, and choked back tears while saying, "Oni-san Since your accident, I've been hoping every day that you'd pick yourself up, and now I've finally gotten my wish, so please don't fall into that state of depression again, please!"

Ito Yohiko knew how much his sister cared for him and said, "Don't worry, Onii-chan, from today onwards, even if the sky falls, I won't feel sorry for myself anymore! I'll get my act together!"

At that moment, the door to the other bathroom opened and Koichi Tanaka, dressed in the same tracksuit, came out trembling.

When he saw Yohiko Ito, he burst into tears, with a little hoarseness, and choked with emotion, "My lord You You have recovered too!"

Ito Yohiko looked at Tanaka Koichi, who also stood up and walked out by himself, and once again tears flowed out indefinitely.

He immediately extended his hand to Tanaka Koichi, and at the same time also took his legs and walked towards him.

Chapter 4892

Seeing this, Koichi Tanaka took two quick steps with both hands to meet him.

Ito Yohiko was in tears and said with great relief, "Tanaka, I couldn't have done it without your protection. Now that you have recovered as well, I have no regrets!"

Tanaka Koichi even sobbed and said, "My lord, seeing you back on your feet is more important to me than anything else!"

When Ye Chen saw the sympathy between the master and servant, he was touched in his heart, but at the same time, he couldn't help but remind them, "Both of you, the reconstruction of a severed limb is still a bit shocking to the outside world, so when you return to Japan, you must be careful not to reveal the details of the reconstruction of your legs in front of strangers, so as to avoid arousing unnecessary attention."

Without thinking, Ito Yohiko said, "Sure sure! Please don't worry, Mr. Ye, I will never let any outsiders see these legs of mine!"

Koichi Tanaka also took a stand, "I will do the same! Please don't worry, Mr. Ye!"

Ye Chen nodded and added, "If you inevitably have to appear in the eyes of the outside world, remember to wear long trousers and socks as much as possible, and if the outside world questions you,

then claim that you have used tailor-made high-tech prosthetic limbs and have undergone professional rehabilitation training.”

The two men immediately agreed in unison.

At this time, Ye Chen looked at the time, there was still about half an hour before the scheduled dinner time, so he said to the two of them, “You two have just recovered after a long time, you must be eager to go out for a walk, right?”

The two of them looked at each other and did not dare to answer for a while.

In fact, the two of them even hated to go out and run a half marathon as a way of expressing the excitement in their hearts.

However, after all, Ye Chen had just said that they should try not to expose themselves, so they naturally did not dare to say what was in their hearts.

Naturally, Ye Chen knew what the two were afraid of in their hearts, so he smiled and said, “This is New York, not Tokyo, and it’s late, so as long as you put on your masks, I’m sure no one will recognise you.”

With that, he pointed out the living room window and spoke, “Across from the hotel is New York’s famous Central Park. It’s beautiful and quiet, perfect for a walk or a jog, so in my opinion, why don’t we all go out for a walk before it’s time for the banquet to begin.”

Below the floor-to-ceiling windows was a vast expanse of greenery and lakes.

That was Manhattan’s Central Park, which covered hundreds of hectares.

Hearing this, Ito Yohiko and Tanaka Koichi were naturally excited, and Ito Yohiko agreed almost without thinking, saying excitedly, “This is a wonderful offer, Mr. Ye!”

As he said that, he suddenly remembered something and blurted out, “Mr. Ye! The reason you prepared sportswear for us is that you want us to go out and walk around, right?”

“Right.” Ye Chen smiled faintly, then looked at Ito Nana-chan and said apologetically, “Nana-chan, I didn’t prepare sportswear for you, I really didn’t expect that you would come over in a kimono.”

Nanaeko Ito pursed her lips and smiled, “Not only did you wear a kimono, but you also didn’t bring any change of clothes

Su Ruoli, who hadn’t spoken at all, hurriedly spoke up, “Miss Ito, I have some disposable underwear for you, if you need it, I’ll give you a set for emergencies first, but I can’t really help with the sportswear

Ito Nanaeko smiled gratefully and said, “Thank you Miss Su, it’s enough to have underwear.”

Saying that, she looked up at Ye Chen and asked with a red face, “Ye Chen-kun, if I wear this outfit and go for a walk with you, will you dislike me?”

Ye Chen was slightly stunned, and then smiled and said, “Of course not.”

Ito Nanaeko smiled blushing, showing two tiny tiger teeth and two shallow dimples, then said to Ye Chen, "In that case, then I will wear this outfit to go for a walk with you in Central Park!"

Chapter 4893

Central Park, New York.

Wearing short sleeves and shorts, Yohiko Ito and Koichi Tanaka, wearing masks, were walking along the park's walkway.

They started off at a walking pace, but within a few steps, they unconsciously walked faster and faster, and eventually it was like a race, leaving Ye Chen and Nanae behind.

Nana-chan, dressed in a kimono, ignored the surprised stares of the passers-by and walked unhurriedly beside Ye Chen, looking at the backs of her father and Tanaka and said with a smile, "Ye Chen-kun, Odo-san and Tanaka-san seem to be racing."

"Is that so?" Ye Chen watched as the two walked further and further away, and couldn't help but say happily, "Is it a race to see who can walk faster?"

"I suppose so." Ito Nana-chan pursed her lips and spoke, "Look at Odo-san, she immediately hates to jump one step at a time."

Saying that, she tried a few steps in place, each time taking one leg first, then obediently jumping up slightly after taking a step, thus having a cheerful rhythm of one step and one jump.

Ye Chen looked at her figure and couldn't help but tease, "We call this kind of walk bouncing."

Ito Nanaeko turned back around and asked Ye Chen with a curious look on her face, "Is it the 'can't bounce for long' bounce?"

Ye Chen smiled sarcastically, "Yes, but that's a bit unlucky of you to say."

Ito Nanaeko spat out her tongue, smiled brightly and said, "With Ye Chen-kun, every time I'm with him, I have good luck, it won't be unlucky."

Saying that, she asked Ye Chen, "By the way Ye Chen-kun, every time you see me, you have to help me or help my family in various ways, will it feel annoying"

Ye Chen laughed, "Why would it be, why do you ask?"

Ito Nanaeko seriously said, "It's that I need your help every time and it's a big help, I feel embarrassed myself"

Ye Chen looked at her and said with a smile, "There's no need to be embarrassed, after all, every time I helped it was also me who took the initiative to seek you out."

Ito Nanaeko froze, then smiled sweetly and tilted her head, "It seems like that's true The first time you saved me, it was at home in Kyoto, and it was snowing heavily that day."

Saying that, Ito Nanaeko stopped and looked up at the leaves being blown by the breeze, then turned back to look at Ye Chen and asked him, "Ye Chen-kun, do I look good?"

Without thinking, Ye Chen replied, "Of course I look good."

Ito Nanaeko asked again, "Would I look a bit out of place in this kind of place wearing this outfit?"

Ye Chen thought about it and smiled, "Not really, but it's more or less a mix and match."

Ito Nanaeko nodded and said with a smile, "In fact, I have always rarely worn a kimono out, there is and only one situation where I would wear a kimono out"

Ye Chen asked her curiously, "And what exactly is that circumstance?"

Ito Nanaeko winked and smiled in a mysterious manner, then she changed the subject and said with a longing face, "Ye Chen-kun, I have imagined four images of meeting you, among which the one I was most looking forward to was to walk with you in the snow on a snowy night in Kyoto, fortunately this wish was fulfilled last year."

Ye Chen asked again, "What about the other three?"

"The other three" Nanaeko Ito admired the trees of New York at night and sighed, "The second was to be able to walk under the cherry trees with Ye Chen-kun in a kimono when the cherry blossoms were in full bloom in Hirosaki Park, only unfortunately the cherry blossoms bloomed in March, April at the latest, and that has now pa*sed"

Ye Chen didn't know what happened to him, and said out of the blue, "It doesn't matter, there's still next year if we miss it this year."

After saying that, he realized that he had said the wrong thing.

However, it was too late to realise the mistake.

Chapter 4894

Hearing Ye Chen's words, Ito Nana-chan turned back to him with excitement and asked with wide eyes, "Ye Chen-kun! Are you really willing to accompany me to enjoy the cherry blossoms next year?"

Seeing her expression of unbridled anticipation, Ye Chen subconsciously nodded, "Yes."

Ito Nana-chan immediately became excited and said with a face full of anticipation, "Great! I will definitely show you the best cherry blossoms in all of Japan when the time comes!"

Ye Chen saw that he had already put his words out, so he didn't hesitate any longer and said straightforwardly and readily, "Tell me the other two as well, and we'll try to help you achieve them all next year."

"Really?!" Ito Nanaiko's expression was so happy that it was about to melt away. She subconsciously took Ye Chen's arm and said softly, "I also want to walk with Ye Chen-kun along the Shonan coast in the summer and enjoy the autumn leaves of Hokkaido with Ye Chen-kun"

Ye Chen couldn't help but ask her with a smile, "Snowy nights in winter, cherry blossoms in spring, the sea in summer and the red leaves in autumn, right?"

“Right!” Ito Nanaeko nodded heavily, her big eyes fixed on Ye Chen, asking with immense expectation, “Ye Chen-kun, is it okay?”

Ye Chen asked her, “Why are they all places in Japan? There are plenty of cherry blossoms, the sea and red leaves in China too, and as long as you choose the right time and place, it may not be worse than the scenery in Japan.”

“I know” Nanaeko Ito said seriously, “The reason I thought of these places is not that I am arrogant enough to think that cherry blossoms, the sea and the red leaves are all only the best in Japan” It’s just that the snow in Kyoto, the cherry blossoms in Hirosaki, the seaside in Shonan and the red leaves in Hokkaido have all left a very deep impression on me. When I visited these places and enjoyed the scenery in the respective seasons, I made a wish in my heart that I could revisit these scenes with the person I love in the future” This is like a small wish and obsession in my heart”

Saying that, Ito Nanaeko added hurriedly, “But if Ye Chen-kun wants to take me to enjoy these beautiful scenery in China, I have no problem with that!”

There were many women who had confessed their love to Ye Chen, but Ito Nanaeko’s confessions always gave Ye Chen a different feeling.

Other people’s confessions made Ye Chen subconsciously want to politely reject them, or want to digress, but Ito Nanaeko’s confessions always made him want to respond deep inside.

So, when Nana Ito said that she had made a wish to relive the scenery with her beloved, Ye Chen could not find any reason to refuse.

So, he said with great certainty, “It doesn’t matter, since it is what you have in mind, then it will all be according to what you want.”

When Ito Nanaeko heard Ye Chen’s reply, she was happy and her eyes were a little moist.

She took Ye Chen’s arm and added, “By the way Ye Chen-kun, just now I said that there is only one time when I will wear a kimono to go out, and that is when the cherry blossoms are in full bloom, I will wear a kimono to go out to enjoy the cherry blossoms, and if you come to Japan next spring, I will wear this outfit to accompany you to enjoy the cherry blossoms!”

Ye Chen nodded and smiled, “I have to state in advance that I will not wear your traditional costume then.”

Ito Nanaeko smiled sweetly and said, “I understand, if I were to marry a Chinese in the future, I would not let my husband wear our traditional dress either, tradition is something that only concerns you, don’t force it on others.”

Saying that, she suddenly remembered something and added with a smile, “In fact, if I were to marry a Chinese in the future, then I would be more than willing to wear the traditional Chinese dress to get married! Ye Chenjun, do you think I would look good in a Chinese dragon and phoenix dress or a show gown?”

Ye Chen nodded, “It will definitely look good.”

Remembering something, Nanae Ito blurted out in excitement, "Then how about this Ye Chen-kun, next spring when you come to Japan, I'll wear the Hide-Ho to enjoy the cherry blossoms with you!"

Chapter 4895

"Wearing hideaway to accompany me to enjoy cherry blossoms?"

When Ye Chen heard Nana-chan's words, he couldn't help but have a vision in his heart.

Although he hadn't seen it, he thought it would be a beautiful sight.

So he said to Nanako, "In that case, I must make a trip to Japan next spring."

Ito said with great joy, "Really? Then we have a deal! I'll be waiting for you in Japan next spring!"

She couldn't help but take Ye Chen's arm and interlocked her fingers with him, saying softly beside him, "Ye Chen-kun, I'm so happy today, it's Oddo-san's birthday and I didn't think I could come to New York to meet you. It means so much to him"

I know him too well. He has been strong all his life and suddenly he is reduced to a situation where he needs to be taken care of in his daily life. It was you who gave Odozo a new lease of life, if it wasn't for you, he would have been depressed until the moment he passed away"

At this point, Nanaeko looked at Ye Chen, while clutching his hand hard, and said with utmost seriousness, "Ye Chen-kun, thank you! Thank you for giving such a precious medicine to Oudosun, before one of the Spring Return Pills could fetch a hundred billion dollars, this time the pill you gave to Oudosun, if it was put up for auction, I'm afraid the price would not be lower than the Spring Return Pill, right?"

Ye Chen smiled and said, "If the elixir was put up for auction, it would naturally fetch a very high price, but the odds are that I won't be holding any more elixir auctions in the future."

Nana-chan asked curiously, "Why is that? Wasn't the last auction a great success?"

Ye Chen sighed, "The world in my eyes now, and the world in my eyes at the time of the auction, has changed a lot again."

Saying that, Ye Chen continued, "At the time of the auction, I felt that my competitors in this world were nothing more than the three top families including my grandfather's family."

"However, it was only some time ago that I realised that in this world, there are actually some competitors that I don't understand, or even know nothing about, and these competitors are probably much stronger than those top families."

Subsequently, Ye Chen then told Ito Nana-chan briefly what had happened to his grandparents some time ago.

After hearing this, Ito Nanaeko's entire person was already speechless with shock.

She couldn't help but sigh, "Ye Chen Jun, a few hundred years of family is not unusual in my opinion, although there are all kinds of turmoil happening all over the world in these few hundred years, but Japan wins because of its geographical advantage, so the homeland basically didn't encounter any war,

so in Japan, almost every ninja family has a few hundred years of history, and many old brands have a long span of history

“But to be honest, I’ve never heard of any clan or organisation that has been able to grow and develop in such a near top secret way over a period of hundreds of years

Saying that, Nana-chan added: “Ye Chenjun, those dead soldiers you just mentioned, to be able to be firmly controlled by this organization for hundreds of years, and for hundreds of years, these dead soldiers have not figured out the specifics of the organization, they don’t even know where they usually reside, this requires this organization to have an extremely strong control over the dead soldiers, to achieve this kind of control, the gap in the hierarchy must be large to a certain extent before it is possible

Chapter 4896

The feeling I get from these dead soldiers is that they are like monkeys in a zoo, they have no ability to resist their fate except to live according to the requirements of the captive. is much higher than a human being, perhaps not in the same realm as us at all anymore.”

Ye Chen nodded and said with emotion, “I also had a feeling of being a frog at the bottom of a well because of this incident, so now that I’m looking back at the auction of the Spring Return Pill, it was more or less rash, I should have treated the Spring Return Pill as highly confidential and shouldn’t have put it up for auction in a grand manner.”

Ito Nanaeko pondered for a moment and said seriously, “Ye Chen-kun, in my usual perception, the two points of strong strength and fame are almost complementary to each other, it is like putting a cast iron teapot on a charcoal fire, the hotter the fire, the hotter the water naturally becomes, under this basic logic, as long as the fire is hot enough, it can burn the water in the teapot dry and even melt the teapot, when we see teapot being melted by the fire of the stove, it would not seem that the matter was beyond our knowledge.”

Here, Ito Nanaiko turned her words around and added, “However, this mysterious organisation has now turned this basic logic upside down, according to you, they should be very strong, but their popularity is almost zero, it’s like the fire in the stove is obviously burning red, but the water in the teapot, is still cold and biting, this may sound a bit unbelievable This may sound unbelievable, but it is also unbelievable that proves that the strength of this organization has already exceeded my normal perception.”

Ye Chen nodded and sighed, “I have the same thought as you, so in my subconscious, this organization should be much stronger than the three great clans I know, but exactly how much stronger is still a mystery.”

Ito Nanaeko suddenly looked up at Ye Chen and subconsciously said, “Ye Chen-kun

In fact

In fact, you were once such an existence in my eyes

When I didn’t know you, your strength was so powerful that it was completely beyond my perception, but I had never heard of you at that time, I had people investigate your background and found out that you were only the son-in-law of a small family in Jinling, which made it even more unbelievable to me, if you hadn’t taken the initiative to show your strength in front of me, I probably wouldn’t have guessed in my life that in a small local family in Jinling, there was actually a hidden a son-in-law from such a powerful family.”

Speaking of this, Ito Nanaeko asked Ye Chen, "Ye Chen-kun, could the you I saw then be like the mysterious organisation you see now? It might be hiding in some corner that you couldn't even focus on before, and until they show their strength, no one knows how powerful they really are."

Ye Chen suddenly raised his eyebrows.

He felt that what Nana-chan said made sense, and even gave himself a new way of thinking.

He himself had always wanted to know exactly what that mysterious organisation was about, but as Nana-chan had said, there must be many people who wanted to find out exactly what they were about just like he wanted to find out about that mysterious organisation.

In other words, this mysterious organization, like the Xiao family that he inhabits, is probably hiding in some obscure corner with an obscure identity

Chapter 4897

Yohiko Ito and Koichi Tanaka had been jogging around Central Park for nearly half an hour and hadn't had enough of running.

If it hadn't been time for the birthday party to start, they could have run until the middle of the night in one go.

On the way back, Ito Yohiko was so happy that he said to Tanaka Koichi while wiping his sweat off his hands, "Tanaka, I didn't have enough fun just now, so tomorrow morning at six o'clock, I'm going to run three times around Central Park!"

Koichi Tanaka immediately said respectfully, "Yes, sir."

Ito Nanaeko couldn't help but caution, "Odo-san, you've just recovered, so you shouldn't exercise too vigorously."

Ito Yohiko waved his hand and said seriously, "According to Mr. Ye's instructions, after I return to Japan, I won't be able to go out running so freely, so I will try to walk and run as much as possible while not many people in America know me, and when I return, I will still have to pretend to be a handicapped person for everyone to see."

Hearing this, Nanaeko Ito nodded gently with understanding, and did not insist any further.

However, Nanaeko Ito suddenly remembered something and spoke with an expectant look on her face, "Odo-san, since you like this feeling of no one knowing you, we might as well stay in New York for some more days."

"Yes!" Ito Yohiko agreed almost without thinking and said with a smile, "It's a bit disheartening to think that once I return to Japan, I'll have to live in seclusion, but it would be nice to spend a few more days in America!"

She actually wanted to stay in New York for a longer period of time, because after all, Ye Chen was here and she could spend more time with him.

So she could not help but ask Ye Chen, “Ye Chen-kun, how much longer are you going to stay in New York?”

Ito Nanaeko’s question caused Ye Chen to be at a loss as to how to respond for a while.

In fact, he had basically done almost everything that he had to do.

He had already exterminated Mei Yu Zhen and the vast majority of her accomplices, as well as the entire crime syndicate behind her.

Moreover, the one who had escaped, Zong Qihua, had already been closely monitored by the people of the Ten Thousand Dragons Temple, and as long as she was brought back, Mother-in-law Ma Lan would be cleared of suspicion and restored to freedom.

The reason why he didn’t ask the people of the Ten Thousand Dragons Temple to bring Zong Qihua back immediately was also because Ye Chen wanted to save Li Yalin first, and then cure Ito Yohiko, Tanaka Koichi, and He Yingxiu.

Now, Li Yalin had been reunited with his family, Ito Yohiko and Tanaka Koichi were alive and well, and He Yingxiu was the only one left.

And in an hour or so, He Yingxiu would also land in New York, so reasonably speaking, early tomorrow morning, Ye Chen could ask the people from the Hall of Ten Thousand Dragons to bring Zong Qihua to New York, and as long as this woman was brought to justice, Ye Chen’s mother-in-law, who was known as the ‘Ghost of Bedford Hills’, would also be able to get out of prison.

However, seeing that Ito Nanaeko intended to stay in New York for a few days, Ye Chen also had some vague reluctance in his heart, so he spoke, “I should stay in New York for another two or three days, and when I finish my mother-in-law’s business, I’ll be going back to Providence.”

Nanae Ito nodded and said without thinking, “Then we’ll stay in New York for a few more days, and we’ll go back to Japan when Ye Chen-kun leaves New York.”

“Good.” Ye Chen agreed readily.

When the four of them returned to the hotel, a sumptuous banquet table was already prepared in Ye Chen’s presidential suite.

As it was Ito Yohiko’s birthday, Ye Chen also had the banquet prepared solely for the sake of Ito Nanaeko, so he did not arrange for Chen Zekai, Hong Wu and Su Ruoli to be seated.

Moreover, Su Ruoli’s mother, He Yingxiu, was about to land in New York in just over an hour, and her mind was already fully on her mother at this time.

At the dinner table, Yohiko Ito sat on Ye Chen’s right hand side, Nanaiko Ito sat on Ye Chen’s left hand side, and Emi Ito and Koichi Tanaka sat on the opposite side, so there were only five people in total, so the table was relatively relaxed.

Yohiko Ito filled the gla*ses for Ye Chen and herself with her own hands, and then rose with Koichi Tanaka and said respectfully to Ye Chen, “Mr Ye, please give Tanaka and me a chance to let us both toast you!”

Ye Chen nodded slightly, lifted his gla*s and said blandly, "Mr. Ito, with this drink, I wish you a happy 50th birthday."

Ito Yohiko was flattered and said, "Mr. Ye, you are very kind! This birthday is really the most memorable one I have had in so many years, and I have to thank you for your generosity for everything!"

Chapter 4898

He said, somewhat ashamed, "Mr. Ye, earlier you kept asking me to make a wish, I was a bit reluctant, but now it seems that I am really a frog at the bottom of the well, so please don't be ordinary with me!"

Ye Chen politely said, "Mr. Ito has spoken too highly, the vast majority of people will not believe in such things as regeneration of severed limbs, so it is normal for you not to hope in this matter, I can understand, so you do not need to mind."

Saying that, Ye Chen pointed to his gla*s and smiled, "We have already said a lot of polite words, from now on, let this banquet return to its original theme, happy birthday Mr. Ito, I'll drink to that."

Ito Yohiko could see that Ye Chen intended to turn the page on the Remodeling Dan, so he said very sensibly, "Thank you Mr. Ye for your blessing, then I will also drink!"

Meanwhile.

A Gulfstream business jet of the Su family was flying at high speed over the United States, and the plane was only an hour's flight away from New York at this time.

Su Shoudao, the eldest son of the Su family and father of Su Zhiyu and Su Ruoli, had slept the whole way inside the bedroom of the plane.

Only when he was close to his destination did Su Shoudao finally wake up from his sleep and come out of his bedroom.

At this moment, He Yingxiu was sitting by the window, looking out of the window in a daze.

Su Shoudao looked at He Yingxiu's side face and could not help but feel a few flutters in his heart.

In fact, He Yingxiu was very beautiful. Her years of martial arts training made her look younger than other women of her age, and she also kept her figure very slim, so she looked like she was in her early thirties.

Her only regret, however, is her empty right sleeve.

During this recent period, Su Shoudao, who had divorced his original wife Du Haiqing, had been under 'house arrest' in Jinling by He Yingxiu, as requested by Ye Chen.

However, although he was under house arrest, He Yingxiu still took great care of him.

In Jinling, apart from not being able to go out, Su Shoudao's freedom was unrestricted, and He Yingxiu also took care of him in every way, which made Su Shoudao's life a lot more comfortable.

For a long time before this, Su Shoudao's days were somewhat uprooted.

He was like the old man Su Chengfeng's urinal, being kicked around by the old man in disgust. Luckily, He Yingxiu had given him a safe, solid and not too warm place to settle down, making him feel a lot more grounded lately.

Although Su Shoudao is no longer the son of the Su family, he is still comforted by the stability of his life.

However, his relationship with He Yingxiu did not get any closer because of this "house arrest".

During this time, Su Shoudao was very touched by He Yingxiu's attentive care for him, and his feelings for her were inevitably rekindled, and Su Shoudao had also found several opportunities to make his feelings known to He Yingxiu in private.

But to his dismay, He Yingxiu never gave him a positive response each time.

He thought that he was disappointed with him, and as many years had passed since their impulsive encounter, it was likely that he had lost his feelings for him.

But what he didn't know was that He Yingxiu had actually only ever loved him throughout his life, and had always done so up until now.

After all, He Yingxiu had been with Su Shoudao day and night when he was still in his infancy, and his feelings for him had been deeply rooted for a long time.

Later, she raised their daughter alone, and her feelings for him have not diminished over the years.

It was just that He Yingxiu had always had a very low self-esteem in front of Su Shoudao.

Back then, she was inferior because of the difference in respect and inferiority.

And now, the inferiority complex was because of her own physical disability.

She felt that although Su Shoudao was no longer as high and mighty as he was back then, he was at least the eldest son of the Su family, so how could a man like that get together with a woman who had a broken arm?

So, even though Su Shoudao had made some statements about his feelings from time to time during this period, He Yingxiu had never dared to give him any positive response.

She felt that she was simply not good enough for Su Shoudao.

When Ye Chen withdrew his house arrest in the future, he would definitely be able to find a woman who was better than herself and more suitable for him.

She had already delayed him once, but how could she delay him a second time now?

However, how could she have imagined that Ye Chen had already set a hidden mission for Su Shoudao that no one knew about.

The key to whether Su Shoudao could be released from his 'house arrest' lay in whether she and Su Shoudao could come together or not.

Chapter 4899

Su Shoudao, who was in a complicated mood, hesitated and sat down opposite He Yingxiu.

When He Yingxiu saw him coming, he smiled slightly and asked him, "How did you sleep?"

"Quite well." Su Shoudao answered, looked out of the window and then at He Yingxiu, asking her, "Why didn't you go inside to rest?"

He Yingxiu was slightly dismayed, the interior of this Gulfstream aircraft had only been converted into a bedroom, and although Su Shoudao had said at the beginning that the two of them could rest together in the bedroom, she still felt it was a little inappropriate.

Lest she misunderstood, Su Shoudao had made a point of stressing at the time that he meant nothing else but that it was a long journey and that the two of them could share the bedroom's king-size bed equally so that they could both get rest on the road as well.

He Yingxiu did not deny it, but simply told Su Shoudao to rest first, but she herself sat outside for more than ten hours.

When she heard Su Shoudao ask, He Yingxiu said, somewhat unnaturally, "I'm a martial arts practitioner, so I'm not tired, and I don't want to disturb your rest, so I'll simply look at the scenery outside."

Su Shoudao muttered, "Flying all the way from night to night, how can there be any scenery to see."

He Yingxiu smiled unnaturally, then deliberately changed the subject and muttered, "I don't know what Mr. Ye suddenly wants us to go to America for, I asked Ruo Li, but she didn't tell me explicitly, she only said that there might be something big and good and asked me to go there with you as soon as possible."

Su Shoudao muttered with some resentment, "Something related to Ye Chen, what can be good, from the day I knew about him, I have never met anything good"

He Yingxiu looked at him and said seriously, "Eldest Young Master, you still need to adjust your attitude towards Mr. Ye, with the feud between the Su family and Ye Changye back then, as well as what the old master he did earlier when he killed up Ye Lingshan with Wan Breaking Army, it was already very kind of Mr. Ye to spare the Su family."

To Su Shoudao, He Yingxiu privately maintained the title she had used at the time, even though the He family was no longer attached to the Su family and even though Su Shoudao had become the subject of her house arrest, she still referred to him as Young Master.

To He Yingxiu, this title was a sign of respect for Su Shoudao, but to Su Shoudao, this title was somewhat distant.

However, he also knew that what He Yingxiu said was true. In disputes between powerful families, once one of them was moved to kill, it was bound to be a matter of death and life.

At this point, He Yingxiu added, "Young master, don't forget that Mr. Ye not only spared the Su family, he also saved the lives of the young master, the young miss, and Ruo Li in Japan, if not for him, you might have been extinct."

Su Shoudao's expression flinched, then he sighed and said from the bottom of his heart, "You're right, I'm actually quite grateful to Ye Chen in my heart, I'm just being a bit tough-talking in front of you, after all, you're no outsider, if I really met Ye Chen, I'd definitely be polite."

Hearing him say that he was not an outsider, He Yingxiu could not help but feel a little touch in her heart.

During this period of time, she could also see the gradual change in Su Shoudao's attitude towards herself, and some times she could even feel some other kind of tenderness.

But she had never dared to give any response. Apart from her inferiority complex, she also felt that Su Shoudao was now in a situation where he was at a low point in his life, and it was easy for a man in such a situation to lower his heart and feel good about people and things he originally despised.

However, once this kind of man's life starts to hit bottom, his heart temper will also rise as his situation rises, and by then, those people and things that originally attracted him at the trough will definitely repel or even disgust him in his heart.

Chapter 4900

He Yingxiu had loved Su Shoudao for many years and had raised Su Ruoli alone, she had long been used to being alone on an emotional level, so she was also unwilling to get emotionally entangled with Su Shoudao again when he was at a low point in his life.

Perhaps one day when Ye Chen is in a good mood, or if Su Zhiyu or Su Ruoli can say a few more good words for Su Shoudao in front of Ye Chen, Ye Chen might then pardon his punishment, and at that time, he will certainly be eager to leave Jinling and take back the life that belongs to him.

After all, now that the Su family is all in Su Zhiyu's hands, and Su Shoudao has regained his freedom, Su Zhiyu will certainly ensure that his own father is clothed and fed, and will probably even put part of the Su family's business back in Su Shoudao's hands.

By that time, he would have been reborn and would have found a true match for him.

So, she adjusted herself and said to Su Shoudao very seriously, "Eldest Young Master, it is a rare opportunity to have a meeting with Mr. Ye, you must try to seize the opportunity to leave a good impression on Mr. Ye, and maybe he will open up to you."

Su Shoudao saw that her expression and tone carried a slight sense of distance and could not help but say, "Yingxiu, we are alone here, so there is no need for you to call me you and young master again and again"

He Yingxiu spoke up, "But for so many years, I've always called you that."

Su Shoudao nodded and said self-deprecatingly, "That was all in the past, when the old man was sitting as the lord of the Su family, I was naturally the youngest master of the Su family, but now the old man is feeding giraffes in Madagascar and I am under house arrest in Jinling, how can I still be considered a young master"

He Yingxiu smiled slightly and said with some respect, "The He family has been working for the Su family since my father's generation, and I have also been working beside you for many years, these titles have

been used to them for a long time, and how can they be changed just by saying so, if my father heard that I did not treat you with enough respect, he would definitely blame me too.”

Su Shoudao knew very well that when He Yingxiu said this, he did not really have such concerns, but simply did not want to accept his gesture of goodwill.

This is not the first time or twice that he has experienced this kind of encounter, and when he saw that He Yingxiu had once again defended himself against it, he was a bit resentful, but he did not give up on it.

The first thing you need to do is to get a good idea of what you are getting into.

The first thing is to think of what He Yingxiu has done for himself over the years, Su Shoudao on the one hand firmly believes in this woman’s feelings for him, and on the other hand, looking back over the years, he gradually feels that He Yingxiu is actually the woman who is most suitable for him.

Although He Yingxiu was disabled, Su Shoudao knew in his heart that He Yingxiu’s disability was also to save his own life, so in his eyes, there was not the slightest resistance to He Yingxiu’s disability.

Now Su Shoudao, after so much pain and struggle, has lost his ambition and desire for wealth and status, and only wants to live a peaceful and uneventful life, so he has finally returned from the prodigal son.

Therefore, even after being politely rejected many times, Su Shoudao was still undaunted.

He felt that since Ye Chen had arranged for him and He Yingxiu to be placed under one-on-one house arrest, he had plenty of time to fight for it and make it happen slowly.

In his view, He Yingxiu had waited for himself for so many years, so what was the harm in waiting for her for a few years?
