

Ye Chen 5151

Chapter 5151

Lin Wan'er's style of action was breezy and did not drag things out half-heartedly.

After hanging up Qiu Ying Shan's phone, she immediately said to Sun Zhidong, "Old Sun, I need you to arrange a plane for me, I'm going to Malaysia now."

Sun Zhidong was busy saying, "Miss, I will accompany you!"

Lin Wan'er waved her hand and said seriously, "Don't go to Malaysia with me, you have a special identity, if you leave a record of the two of us leaving the country together, things will be easily exposed in the future, I'll go there myself with the identity I entered this time, then I'll come back immediately with a new identity and go straight to Jinling when I come back, you can meet me in Jinling then, we'll meet in Jinling."

When Sun Zhidong heard this, he nodded and said, "Good, then I'll wait for your news in Yanjing, and I'll go over to meet you when you arrive in Jinling!"

"Good." Lin Wan'er asked him, "When will the plane be ready to fly at the earliest?"

Sun Zhidong busily said, "There is a Gulfstream G700 business jet standing by at Yanjing airport, ready to fly at any time, and it will be in Malaysia within five hours."

Lin Wan'er nodded, "Then help me prepare as soon as possible, and then work hard to arrange a car to take me to the airport."

Sun Zhidong respectfully said, "Yes Miss, I'll arrange it now!"

Soon after, Sun Zhidong arranged a convoy of cars and personally escorted Lin Wan'er all the way to Yanjing Airport in a car.

Forty minutes later, Lin Wan'er, who had successfully passed through customs, took off from Yanjing Airport in the Sun family's private jet.

After taking off, the plane headed northwest around Yanjing city and then headed southwest.

The Gulfstream G700 flies at close to the speed of sound, much faster than the average civilian airliner, and Georgetown, Malaysia, is a little closer than Singapore, so it arrived in just over four hours.

Meanwhile, far away in Singapore, Khoo Eng San, dragging his ninety-year-old body along with his own wife, started, excitedly, a helicopter ride to Georgetown to sit in preparation for Lin Wan Er's arrival.

Georgetown is the most Chinese city in Malaysia and the place where Khoo Eng San made his fortune in earlier years. He has several estates in Georgetown, the largest of which even has a private beach two kilometres long.

It just so happened that one of Khoo Ying San's distant cousins in Georgetown was surnamed Lim, so he had a personal file concocted out of thin air and fabricated an eighteen-year-old girl named Lim Siu Wan, and even gave the girl a series of falsified profile information.

When Lin Wan'er's plane left China's airspace, Ye Chen and Xiao Churan, who were in the United States, had also finished the master class completion ceremony.

At this point, Xiao Churan had finally fulfilled her long-time dream and received her master class certificate from the Rhode Island School of Design.

Afterwards, Ye Chen returned to the hotel with Xiao Churan and Fei Kexin. The two women decided to have a drink in the hotel's executive lounge and chat for a while, so Ye Chen went back to the hotel room alone to make arrangements for tomorrow's trip.

He had asked Fei Kexin to arrange for the Fei family's private plane to fly to Canada tonight, and tomorrow morning, he would ask Hong Wu and Chen Zekai to take the Concorde from New York to Canada at dawn to pick up Auntie Li, Li Xiaofen and Claudia from the airport and arrange for them to take the plane arranged by Fei Kexin, and after that, Hong Wu and Chen Zekai would take the Concorde directly back to Jinling.

At that time, the Fei family's plane would carry Auntie Li and the three of them to New York, while Ye Chen would also take Xiao Churan and his mother-in-law, Ma Lan, on board the same plane in New York and return to Jinling together.

In order to confirm Ma Lan's recovery and to inform her to get ready, Ye Chen made a special phone call to her.

Chapter 5152

When the call was answered, Ma Lan said cheerfully while baring her lips, "Aiya good son-in-law, why are you calling me at this time?"

Ye Chen said with a smile, "Mom, how is your recovery going?"

Ma Lan laughed, "Very well, very well, every day shark's fin, abalone, wormwood and sea cucumber, the tonic is even better than a football player, the doctors here are also very good, my leg is recovering quite well."

Ye Chen said, "That's good, Chu Ran's side has closed today, we plan to check out of the hotel tomorrow morning and go to New York, after picking you up, we'll go back to Jinling together."

"Back to Jinling?" Ma Lan's tone instantly lost, and she said, "Good son-in-law, it's no fun going back to Jinling, mum's legs are not convenient, and she still has to give you trouble in life."

Ye Chen was helpless for a while.

He was willing to let Ma Lan stay in the United States, so that he could not see her, but Xiao Churan still did not know about her mother's hospitalization, and if this matter continued to drag on, Xiao Churan would definitely become suspicious, and then he might not be able to eat or drink again.

If Xiao Churan saw her tomorrow and her leg was limping again, she could say that she had accidentally fallen with her friends and not that her leg had been broken while she was at Bedford Hill Correctional Facility.

So he said with some difficulty, "Mom, staying in the hospital every day is not as comfortable as coming home. Besides, you are not familiar with New York and it is certainly not much fun to be alone. If you still want to eat these mountainous delicacies when you get back, I will have Tian Xiang Fu deliver them to you every day, and it will certainly not be worse than eating in the hospital."

Ma Lan, who was feasting on the hospital bed, pondered for a while and thought to herself, "Although I can eat and drink well here, and have someone to serve me, but every day there is nothing but the green area downstairs, which is really not much fun. I'm sure it will be a painful life with Qian Hongyan on my tail every day!"

When she thought of this, she said with a smile on her face, "Good son-in-law, since you have said so, then mum will go back with you!"

Ye Chen smiled and instructed her, "Mom, if Churan sees the problem with your leg tomorrow, just say that you accidentally fell while playing with your friends, and that the old injury didn't heal well before, and then it relapsed, don't say anything about being in prison, so she won't feel bad."

"Okay, okay." Ma Lan agreed and said with a smile, "You just don't account for me, I can't tell Chu Ran the truth either, if people know that I let someone break my leg at Bedford Hill Ghostly, then wouldn't my whole life's reputation be ruined?"

The moment Ye Chen heard the words Bedford Hill Ghost Seeing Sorrow, he got a big headache, but he could only say with a smile, "You're right, Mom."

Ma Lan said with a smile, "Okay, what time tomorrow? You tell me, I'll tell the doctors and nurses to send me to the airport afterwards."

"Okay." Ye Chen said, "Chu Ran and I will drive there after we check out in the morning, but we still have to return the car, so I guess it will be noon when we are done, so you can have lunch and go to the airport."

Ma Lan asked, "What time is the flight?"

Ye Chen smiled, "We're not taking a civilian airliner, we're taking a client's private plane."

"I'll go!" Ma Lan said with surprise, "Another private jet? I've had my fill of private jets when I came to America this time!"

Said Ma Lan, busy, "Good son-in-law, then I'll meet you at the airport tomorrow after lunch at the hospital!"

"Good." Ye Chen instructed, "You can just go straight to the VIP building tomorrow, I'll wait for you there with Chu Ran."

Chapter 5153

Fei Kexin and Xiao Churan chatted for a long time in the Executive Lounge.

During this time, Fei Kexin modified her story slightly, making everything seem incredibly real and even silky smooth to Xiao Churan's eyes.

According to Fei Kexin's story, the reason why she and her grandfather went to Jinling was because his health was deteriorating and he was introduced to a top Chinese doctor called Shi Tianqi.

After arriving in Jinling, in order to keep a low profile, Fei Ke Xin only used the fake identity of Zhan Fei Er, which she had also chosen when she entered China, so this also made Xiao Churan realise that Fei Ke Xin had not made up a fake name just to deceive her.

Fei Kexin told Xiao Churan that after she and her grandfather arrived in Jinling, she found Shi Tianqi to treat her grandfather and did cure him, but it was at that time that her own eldest uncle took advantage of her grandfather's absence in the United States and used a ruse to take away the family headship and began to hunt her and her grandfather down.

It was also at that time that she heard from someone in Jinling that Ye Chen was a very powerful feng shui master, so she approached Ye Chen to try to break the pattern, and she and her grandfather escaped with their lives after Ye Chen gave her a few pointers.

It was also at that time that she left without saying goodbye to Xiao Churan and evaporated from Jinling in order not to involve him.

Later, Fei Ke Xin told Xiao Churan that she was able to become the head of the Fei family because Ye Chen had changed her feng shui and fortune, which enabled her to return to New York with her grandfather and successfully take back the head of the family when the Fei family was in a great crisis.

Fei did not need to explain the rest to Xiao Churan, who already knew eight or nine out of ten on television.

Fei Ke Xin cleverly concealed the true purpose of her visit to Jinling, then moved Shi Tianqi out as a perfect substitute, and then used Ye Chen's identity as a feng shui master to amplify this aspect of feng shui as much as possible, so she fooled Xiao Churan into believing in it.

When she heard that Fei Kexin was actually being chased by her own eldest uncle and even narrowly escaped death, she could not help but feel a little ashamed in her heart. Ashamed that Fei Kexin had encountered such a big crisis and left without saying hello only so as not to drag herself into it, while she herself felt lost in her heart for her unceremonious departure.

And she also felt proud of her husband at the same time.

She really didn't expect that Ye Chen's ability in feng shui would be so powerful that he could even help Fei Ke Xin reclaim the position of the Fei family head and rise to the top in one step.

This also perfectly explained why Fei Ke Xin, the trillion dollar Fei family head, was so respectful in front of Ye Chen.

Everything, in Xiao Churan's opinion, was so impeccable.

Therefore, in her heart, there was no doubt at all.

In this way, the little bit of loss in her heart was completely dissipated.

When she sent Fei Kexin away and returned to her hotel room, she even wiped her tears in secret because of Fei's difficult ordeal.

When she returned to her room, Ye Chen found that his wife had unexpectedly cried her eyes red, and quickly asked with concern, “Honey, why are you crying? What happened?”

Without speaking, Xiao Churan came forward and gently hugged Ye Chen, choking back a sob, “Honey, Ke Xin she is too difficult

“Uh” Ye Chen froze, and immediately guessed what was probably going on, so he gently patted her back while comforting her, “Honey, as the saying goes, if you want to wear a crown, you must bear its weight, if Miss Fei was just a girl from an ordinary family, she naturally wouldn’t have to go through so many dangers and trials, but she is now at the helm of a trillion dollar family, it’s only right for someone of this height to suffer a bit of trials and tribulations, otherwise she wouldn’t know how to cherish it at all.”

Chapter 5154

Xiao Churan sighed and blamed herself, “I didn’t know she had gone through so many ups and downs, I thought she deliberately made up a fake identity to experience life in Jinling, and when she had enough experience she simply disappeared without saying hello”

Ye Chen laughed: “Now that you know the truth of the matter, you don’t have to dwell on it so much, it’s the best outcome for her right now, and you two can finally talk about these misunderstandings and be friends again, isn’t that pretty perfect?”

“Yes.....” Xiao Churan felt that what Ye Chen said made sense and nodded gently.

Afterwards, she looked at Ye Chen and said with a look of admiration, “But hubby, you’re really amazing too! Just by adjusting the feng shui a little, you were able to make Ke Xin go from being chased by her eldest uncle to becoming the head of the Fei family in one fell swoop, that’s amazing too!”

Ye Chen laughed and said modestly, “In fact, it’s mainly because people have this foundation, you have to know that Miss Fei is a Fei family member herself, to be born in such a rich and noble family, her destiny is already one that is hard to find among millions of people, besides, she has the support of her grandfather, basically, everything is ready, all that’s missing is the east wind, my feng shui, in fact, is That east wind.”

Xiao Churan said incomparably serious, “That’s already very impressive! I used to think that if you were always reading feng shui for people, they would come to your door one day and ask you for advice, but today it seems that my husband is very good at it! No wonder people call you Master Ye! Because you’re a real master!”

Ye Chen touched his nose and laughed, “Wife, I’ll be proud if you praise me so much.”

Xiao Churan smiled, “Master Ye is proud of himself!”

.....

A few hours later.

A Gulfstream plane landed at Georgetown Airport in Malaysia.

This city with a large Chinese population has another name, Penang.

At this time in Penang, the rain was pouring down, and it was like the rain was connecting from the sky all the way to the ground.

Once the plane landed, it glided straight into the developed hangar.

The entire hangar echoed with the sound of the rain lapping against the roof, while Khoo Ying San and his eighty-five-year-old wife had been waiting here for a long time.

When Lin Wan'er stepped down from the plane, Qiu Ying Shan shook his wife's hand and walked forward excitedly, saying respectfully, "You've had a long journey, Miss!"

Qiu Ying Shan's wife also said respectfully, "You've worked hard, Miss!"

Lin Wan'er nodded, smiled slightly and said, "You don't have to pick me up here, just send a driver."

Qiu Ying Shan said, "Miss, you have come to Malaysia, how can I not come to meet you?"

Lin Wan Er smiled heartily and said, "This is not the place to talk, let's go first."

"Good!" Qiu Ying Shan said respectfully, "I have already taken care of the customs, give me your pa*sport, I will arrange for someone to do the formalities, you don't have to worry about the rest."

Lin Wan'er nodded and handed her pa*sport to Qiu Ying Shan.

Afterwards, Qiu Ying Shan invited Lin Wan Er to get into his stretch Leslie, and asked one of his believer to handle the immigration formalities for Lin Wan Er, while the other believer drove the three out of the airport to his estate in Georgetown.

On the way, Lin Wan Er looked around at the rainy landscape and sighed thoughtfully, "Penang still likes the rain so much I hate it"

Qiu Ying Shan smiled awkwardly and said helplessly, "Penang does have too much rain once summer comes, it rained twice in the past month, one for 14 days and one for 15 days, and it stopped for one day in between."

Saying that, Khoo Eng San hesitated for a moment and asked her, "Miss, haven't you always wanted to go back to China? Why are you suddenly going to Jinling to settle temporarily this time?"

Lin Wan'er smiled blandly and said, "I ran into some trouble in Northern Europe and had to go to China to get away from it, and to find another person by the way."

Qiu Ying Shan asked curiously, "What kind of person is it worthwhile for you to look for personally?"

Lin Wan'er smiled sweetly, "A valuable person, perhaps, the only one who can change the trajectory of my life"

Chapter 5155

The following day.

Ye Chen and Xiao Churan packed their bags, checked out of their room and left Providence where they had been living for over a month.

The two drove straight to the New York airport, and when they were checking out of the car at the airport, Ye Chen received a call from Ma Lan.

On the phone, Ma Lan asked him, "Good son-in-law, I'm at the airport, where are you?"

Ye Chen asked her, "Mom, are you in the VIP building?"

"Yes." Ma Lan said, "Director Chen from the hospital personally sent me here."

"Good." Ye Chen answered and said, "Wait for us in the lobby of the VIP building, we'll be right there."

After hanging up the phone, Ye Chen also finished the formalities for returning the car and turned to the waiting Xiao Churan and said, "Let's go directly to the VIP building, Mom has already arrived."

Xiao Churan didn't know that her mother had broken her leg again, and couldn't help but tease her, "My mother is really no good, she said she missed us and came to look for us, but she had to leave within a few days, and when she left, she was cheated and sent to jail."

Ye Chen laughed: "You still don't understand our mother's character, do you? I called her yesterday and she didn't want to leave."

Xiao Churan shook her head helplessly and sighed, "There's really nothing I can do about her."

As the car rental agency was still some distance away from the VIP building, the staff of the agency drove a small ferry to bring the two to the entrance of the VIP building.

Just as they entered the VIP building, they heard Ma Lan shout, "Churan, Ye Chen!"

Xiao Churan looked around and actually did not see Ma Lan's figure.

Xiao Churan glanced down and realised that the person driving the electric wheelchair was her mother, Ma Lan!

She said to Xiao Churan, "Where are you looking? You can't even see your mother with such big eyes."

Xiao Churan said helplessly, "Mom, I didn't look down either."

Xiao Churan's first thought was that her mother must have had a good time recently, as she saw that Ma Lan's face was rosy and glowing, and she had even put on a little weight since we last met.

However, she quickly came back to her senses and hurriedly asked, "Mom, why are you in a wheelchair again?!"

Ma Lan sighed and said helplessly, "Don't mention it, a few days ago I was unlucky enough to slip and fall on my leg again."

Xiao Churan immediately said with distress: "Mom why don't you be more careful you have broken this leg too many times if it continues like this Can it still grow well in the future?"

"Yes, yes, yes." Ma Lan said smilingly, "The doctor said that my leg will definitely recover, so you can rest assured."

Xiao Churan said seriously, "Mom, you think it's nothing now, but I'm afraid there will be after-effects in your old age, you must be careful and careful again in the future, don't let this leg of yours get hurt again"

"Good good." Ma Lan said in a serious manner, "In the future, mum will definitely protect this leg well!"

Xiao Churan could only nod helplessly.

At this time, a woman who was about the same age as Ma Lan and looked like an intellectual came forward and said to Xiao Churan with an apologetic face, "You're Churan, right?"

This woman, whom Ye Chen had seen before, was the director of the Fei family hospital who was specifically in charge of Ma Lan, and it seemed that she had come over today to help Ma Lan round up her lies in front of Xiao Churan.

Xiao Churan saw her for the first time and nodded somewhat bewildered, asking in surprise, "You are?"

The woman busily said, "I am your mother's friend, these days in New York, she has been staying at my place, I am really sorry, it's all my fault for not taking care of your mother, let her accidentally fall down her leg, please don't mind"

Chapter 5156

Xiao Churan heard this, and quickly said, "Auntie you must not say that, my mother's leg is also considered an old problem, it has been broken several times before and after, perhaps itself is somewhat prone to injury, certainly can not blame you, and this time my mother in New York must have caused you a lot of trouble, I as a daughter must also thank you for always taking care of her!"

The woman nodded slightly and said, "I've had your mother's leg looked at by the best doctors, and as long as she rests for a while, it will heal well, and she will also be able to recover from her old illnesses. When you go back, take your mother out and put it in the trunk."

Xiao Churan hurriedly said, "Auntie, thank you so much, my mother must have spent a lot of money on her medical treatment, give me a figure and I will pay you!"

"No need!" The woman smiled and waved her hand, "Your mother and I are good sisters, this is nothing, I wanted to keep her in New York for a while longer, I didn't expect you to leave in such a hurry, but I have prepared all the medicine your mother needs to take orally."

She handed a handbag to Xiao Churan and explained, "These are all your mother's current oral medications, which can speed up her recovery and reduce complications."

Xiao Churan didn't expect the other party to be so attentive and said with a grateful face, "Thank you, auntie, it's really hard for you!"

The woman waved her hand and said with a smile, "Your mother and I have been friends for a long time, you don't have to thank me."

At that moment, she suddenly saw Fei Ke Xin walking in at the entrance wearing a mask, and they exchanged a look, so she then looked at Ma Lan and said, "Ma Lan, I still have some business here, so I

can't see you through the security check, in the future when you come to America, you must remember to tell me first."

Ma Lan gave a heated smile, "Don't worry, Director Chen!"

Only after saying that did she realise that she had said the wrong thing, and was at a loss as to how to round up the lie.

Xiao Churan was also a little surprised, wondering why her mother called the other party Director Chen.

At this time, the woman hurriedly said, "Why, look at you, our nickname at Bedford Hill Correctional Facility, don't call it that when you come out, it's unlucky."

Only then did Ma Lan come back to her senses and hurriedly said, "Right, right, yes, yes, yes!"

After saying that, she hurriedly said to Xiao Churan, "Churan, this Auntie Chen, your Auntie Chen, was Ma's best friend at Bedford Hill Correctional Institution, at that time she was the big sister in our prison cell, we all called her Director Chen!"

Xiao Churan didn't think much about it, although she didn't know what the other party was in prison for, but seeing that the other party looked very nice and spoke decently, she thought that it wouldn't be because of any crime of a bad nature, so she didn't think much about it in her heart.

What's more, she also knew that it wasn't quite appropriate to talk about other people in prison, so she hurriedly stopped there and stopped the conversation. M.δdl°CHxWZ.Com

Director Chen then excused herself and left, and just as she left on her first foot, Fei Ke Xin greeted her on her second foot, waving at the two of them, "Churan, Master Ye!"

Xiao Churan was surprised to see that Fei Ke Xin had come and asked, "Ke Xin, why are you here?"

Fei Ke Xin smiled and said, "I came to see you off, originally I wanted to go to China with you for a few days, but I had too much to do recently, so I came to see you off!"

Ma Lan looked at Fei Ke Xin with a shocked face and blurted out, "Are you that that that that Miss Fei family's eldest daughter?!" Some people are dead, but not completely dead

Chapter 5157

The news about the Fei family was sensational at first, and Ma Lan was aware of it.

When she first saw Fei Kexin on television, in her capacity as the head of the Fei family, being ordered to solve a huge crisis in her family, she had this sentiment in her heart: "Also a woman, some people can be in charge of a super financial empire worth trillions of dollars in their 20s, but I have lived for 50 years and I don't even have half a million dollars in my bank account, it's really God's I'm blind."

It was because she remembered Fei Kexin so well that when she saw her in person, she was so excited.

However, what Ma Lan did not know was that the person in front of her, Fei Kexin, was actually the same Zhan Feier who had given Xiao Changkun a Rolls Royce Cullinan in Jinling.

At this moment, Fei Ke Xin also said politely to Ma Lan, "Hello, auntie."

Ma Lan said excitedly, “Miss Fei you you know my daughter and son-in-law?”

Fei Ke Xin smiled, “Of course I know each other, Master Ye has helped me a lot in feng shui and has been kind to me.”

“Really?!” Ma Lan said with an incredulous look, “Even you, Miss Fei, are my son-in-law’s client.”

Fei Ke Xin nodded and smiled, “It is an honour for me to be Master Ye’s client.”

Ma Lan was surprised and said, “Oh my God, it has to be my son-in-law, my son-in-law’s ability, level and connections, you really can’t find another one!”

As she said that, she hurriedly took out her mobile phone and handed it to Xiao Churan, saying impatiently, “Churan, quickly take some pictures of me with Miss Fei!”

As soon as Ma Lan said this, Xiao Churan knew that her mother must want to take a picture and post it in her circle of friends to pretend.

However, since Fei Ke Xin had a special status after all, Xiao Churan instinctively felt that it would be inappropriate for her mother to post a photo of her and Fei Ke Xin together in her circle of friends.

So she advised, “Oh mum, and the status is very sensitive, it’s better not to take a photo together, besides you are still in a wheelchair, it won’t look good, it will look like Miss Fei is caring for the disabled.”

When Ma Lan heard this, she said, “It doesn’t matter, hurry up and help me up, I can barely stand on one leg for a while!”

Fei Ke Xin said with a smile, “Auntie, don’t toss and turn, why don’t I take a picture with you in a half crouch?”

“Good, good!” Ma Lan was so excited that she hurriedly handed her phone to Xiao Churan and said impatiently, “Churan, hurry up and take a picture, you squat down and take a picture too!”

Xiao Churan did not accept the phone handed over by her mother and said in a serious tone, “Mom, Miss Fei is also considered a public figure now, just listen to me for once and don’t take the picture.”

Seeing her daughter’s strong and insistent attitude, Ma Lan knew that her daughter must have seen through her small mind, so she had no choice but to say resentfully, “It’s fine, it’s fine, just don’t film, it doesn’t matter.”

Ye Chen saw that although Ma Lan gave up on her words, her expression was still a bit resentful, so he said with a smile, “Mom, actually, there is no point in taking a photo at the airport, even if you take a photo here, even if your friends see the photo, they will think that you ran into Miss Fei by chance at the airport and dragged her into taking a photo, which will not have the effect you want. “

Chapter 5158

Ye Chen’s words were a little subtle, but Ma Lan immediately understood the essence of it, so in his heart he thought: “Good son-in-law is right, taking a photo with someone at the airport, especially with a celebrity, 100 people will see it and 101 people will say it must have been a coincidental encounter,

begging people to take the photo. The actual photo will not be able to pretend to be anything, but it will probably only stimulate people like Qian Hongyan.”

In fact, Fei Ke Xin who was at the side originally felt that it did not matter, but seeing that Xiao Churan seemed to have the intention to stop it, she also said with a smile, “Auntie, this time in a public place, I am afraid that the photo will not look good, why don’t we take it in the future when we have the opportunity to meet in private.”

She thought to herself, “I am a good son-in-law, so capable, even Miss Fei is his client, we will certainly meet in the future, if we can really take a picture with Miss Fei at the party, that would be a great advantage.”

So, without thinking, she agreed and said with a smile, “If Miss Fei has time, she must come to Jinling to play, and when she does, she must come to our home!”

Fei Ke Xin nodded and said with a smile, “No problem Auntie Ma, we will definitely pay a visit when we come!”

Ye Chen received a voice message from Li Xiaofen at this time, put it to his ear and listened, Li Xiaofen said in the message, “Brother Ye Chen, we have landed at the New York airport, have you arrived yet?”

Ye Chen replied to her, “We’ve just arrived at the airport, we’ll start the check-in process right away.”

Li Xiaofen happily replied, “That’s great, the captain said we don’t need to get off the plane, we’ll just wait for you on the plane.”

Ye Chen replied, “That’s right, you guys just wait on the plane, we’ll be right there.”

After replying to Li Xiaofen’s message, Ye Chen spoke, “The plane has already landed, so why don’t we just hurry up and do the formalities and go there.”

After saying that, he said to Fei Ke Xin, “Miss Fei, after the security check, we will leave customs, so don’t send us in any further, hurry back.”

Fei Ke Xin was reluctant, but she nodded with a smile and said, “Then Master Ye, Chu Ran and Auntie Ma, have a safe journey, I won’t see you off.”

Ma Lan said offhandedly, “Aiya, I heard them say that you can’t fly with the wind, the plane will fall down with the wind, and I don’t know if it’s true.”

Ye Chen laughed: “Mom, don’t listen to their nonsense, the plane only needs to fly against the wind when taking off, after going up to the sky, downwind can fly faster, originally 10 hours to reach, if the wind is downwind, maybe 8 hours to reach.”

“So” Ma Lan muttered, “Last time I came to the United States, Qian Hongyan Ping my circle of friends said to wish me a good trip, I cursed her all the way in my heart, it seems that I was wrong to blame her.”

Ye Chen not only laughed dumbly, but then he opened up Xiao Churan to prepare to go through the security check together.

After saying goodbye to Fei Kexin, the three of them passed through security and customs and boarded the plane directly from the parking space outside the VIP building.

Ma Lan had difficulty with her legs and the airport had sent two attendants to assist her all the way.

On the plane, when Auntie Li, Li Xiaofen and Claudia saw the three of them get on the plane, they all hurriedly stood up to greet each other, especially Li Xiaofen and Claudia, and when they saw Ye Chen, they both called out in a somewhat shy unison, "Brother Ye Chen."

Chapter 5159

Ye Chen grinned at the two of them and asked, "How have you two been?"

"Pretty good." Li Xiaofen smiled, "Recently, once we thought of going back to Jinling, we were both very excited, and we had long conversations about Jinling every night."

Ye Chen nodded, looked at Claudia and smiled, "Claudia, while it's still summer time, you still have time to slowly get used to it once you arrive in Jinling, so let Xiaofen take you around and get to know the customs of Jinling when the time comes."

Claudia nodded gently and said seriously, "Okay Brother Ye Chen, thank you Brother Ye Chen"

Li Xiaofen at the side said with a smile, "Brother Ye Chen, don't forget that people Claudia's mother came out of Jinling, so to say that Jinling is Claudia's grandma's house."

Ye Chen laughed, "That's true, so are there any relatives in Jinling?"

"No more." Claudia shook her head and said, "Grandpa and Grandma are all dead, and there is an uncle who is also abroad, and there hasn't been much contact, so basically there are no relatives this year, and the ones that are there are distant relatives who haven't met much and can't even be called by their names."

Ye Chen smiled, "It's alright, there's Auntie Li, Xiaofen, and me, we're all your relatives."

Claudia was touched in her heart and nodded heavily.

Ye Chen then introduced himself to Auntie Li at this time, "Right Auntie Li, let me introduce my mother-in-law to you."

Saying that, he gestured towards Ma Lan, and then said to her, "Mom, this is Auntie Li from the orphanage, you should have heard of her."

"I've heard of her, I've heard of her!" Ma Lan looked at Auntie Li and said in astonishment, "I used to hear Ye Chen talk about you every day!"

As she spoke, Ma Lan couldn't help but recall the time when Old Mrs. Xiao had her birthday and Ye Chen had suddenly offered to lend a million to this Auntie Li for medical treatment at the birthday banquet.

At that time, she had really hated that insensitive Ye Chen, but who would have thought that now Ye Chen had become a golden turtle son-in-law who could not even be begged for.

When she thought of this, she hurriedly said to Auntie Li, “Aiya, when Ye Chen was trying to cure you, he really went through a lot of trouble, and we all tried our best to help

Speaking of this, Ma Lan sighed without changing her face, “It’s just a pity that that dead old lady of the Xiao family was a penny-pinching iron C*ck, when Ye Chen asked him to borrow money, he well she didn’t lend Ye Chen a single cent, but even scolded Ye Chen in public at the birthday banquet, which was really too much!”

Auntie Li hurriedly thanked, “You are really kind, thank you!”

Ma Lan smilingly waved her hand and said, “Why, you’re welcome, my good son-in-law has been talking about you, so naturally we want to do our part.”

With a concerned look on her face, she asked, “By the way, have you recovered from your illness?”

“Yes.” Auntie Li nodded and said, “I went to Yanjing to have an operation at first, and I’ve already healed.”

“That’s good!” Ma Lan said with a relieved expression, “You must take care of your health in the future, my son-in-law knows a very famous doctor, I think his name is Shi something, oh yes, Shi Tianqi! Let her take you for a good look later!”

Auntie Li smiled faintly and nodded her head in thanks, “Thank you, you have a lot of heart!”

Hearing Ma Lan say this, Ye Chen could not help but feel a lot of emotions in his heart as well.

First of all, he felt that his mother-in-law was the best in the world at telling lies, no matter what kind of hypocritical words she used, she could just open her mouth and say them.

Hearing Ma Lan say this, Ye Chen could not help but feel a lot of emotions in his heart as well.

First of all, he felt that his mother-in-law was the best in the world at telling lies, no matter what kind of hypocritical words she used, she could just open her mouth and say them.

Secondly, she lamented the great turn of events in her life.

Ever since the birthday party of Old Lady Xiao, when she was reduced to the trash trampled on by everyone, her life had really hit bottom and was soaring to the sky.

At this moment, the captain walked into the cabin from the C*ckpit and said very politely, "Distinguished guests, I am the captain of this flight, I am happy to serve you, we have about eleven hours of flight, if you are all ready, we can take off."

Ma Lan subconsciously went to take out her mobile phone, wanting to ask the captain to go back and start again, but when she thought of the many people around her, she had to give up, but in her heart she still wanted to show off, so she said to Xiao Churan, "Churan, call your father and tell him to pack up and see that Rolls Royce to pick us up at the airport."

Xiao Churan said helplessly, "Mom, didn't you hear what the captain just said, we have to fly for more than 10 hours"

"Oh" Ma Lan suddenly realized, and then waved her hand and said, "It doesn't matter, just tell him to pick us up at the airport an hour earlier."

Xiao Churan has never been a fan of high profile, so she said, "Oh mum, don't let dad drive to pick us up again, it's really too conspicuous for him to drive that car, I say we should let Ye Chen make an appointment for a bigger business car on his mobile phone in advance, not only the three of us can sit in it, but Auntie Li and the three of them can also join us."

The company's main business is to provide a wide range of products and services to the public.

.....

The plane soon took off, carrying the six people out of New York and flying all the way towards China.

Eleven hours later, the plane finally landed at Jinling Airport.

Returning to Jinling after a long absence, both Ye Chen and Xiao Churan, as well as Auntie Li and Li Xiaofen, all felt very close.

Claudia looked calm and chatted a lot with Li Xiaofen along the way, but Ye Chen could also tell that she seemed a bit nervous and uneasy.

After all, he was only a teenager and had already experienced too many hardships in his life, and now he had to leave his hometown to start a new life in a city more than 10,000 kilometres away.

However, Ye Chen did not say anything to persuade her because he knew Croatia's character. Although this girl was not very old, her mind was already very mature and he believed that she would be able to adjust quickly.

At this time in Jinling, it was already nine o'clock in the evening.

Ye Chen had already arranged in advance for Chen Zekai to come and pick up Auntie Li and the girls from the villa he had already set up.

Because there were Xiao Churan and Ma Lan, Chen Zekai was not in a position to appear, so he arranged for a luxuriously modified Toyota Kost to come and pick them up.

The main reason for arranging such a large bus was because the three of them had come back from abroad and had brought a lot of luggage with them, so such a car could easily accommodate six people and all their luggage.

At the entrance to the airport, Auntie Li and the girls were met by their long-awaited driver.

The driver and one of his assistants diligently helped them carry several suitcases into the car, and Auntie Li looked at Ma Lan and asked, "Ms Ma, this car is quite big, why don't we go together?"

Ma Lan waved her hand and smiled, "Sister Li, we won't go with you, I'll wait for my husband to pick it up."

"I'll wait for my husband to pick him up." As she said this, she couldn't help but curse, "This D*mned Xiao Changkun, I told him to come earlier and earlier, why hasn't he shown up yet? If he dares to stand me up, I'll tear him up!"
