Chapter 5161

Ma Lan stood at the roadside of the airport exit and kept calling Xiao Changkun, but she never got through.

She cursed out of sight, "This D*mned Xiao Changkun, he doesn't know where he's gone, he keeps not answering my calls."

Xiao Churan asked her, "Mum, are you sure you've cleared the time with him?"

Ma Lan said in exasperation, "Of course I made it clear to him, he promised me on the phone, but who knows why he hasn't shown up yet and doesn't answer the phone, he is so unreliable."

Xiao Churan also hurriedly took out her mobile phone and called Xiao Changkun, but the phone had indeed been unanswered just as Ma Lan had said.

With a very nervous expression, she said, "Dad, he couldn't have had some kind of accident, could he It's not even bedtime now, why can't the phone be answered?"

Ye Chen hurriedly advised, "Wife, don't think blindly, Dad is in good health, what kind of accident can there be, it is possible that he is asleep, I think we should go home first and take a look!"

"Yes!" Xiao Churan said with great agreement, "Hurry home, if dad is not at home, let's go out and look for him, if not, call the police!"

Ma Lan said with great displeasure, "Go home? How can we go home? Your father didn't drive over to pick him up, how can we go back?"

Xiao Churan subconsciously said, "Let's just take a taxi."

"A taxi?!" Ma Lan said with a very exaggerated expression, "Your mother is a celebrity, I'm a big name in New York, in Bedford Hills Correctional Facility, your mother is a big name."

Xiao Churan said helplessly, "Aiya mum, it's already the time, you still talk about this, let's hurry home first to see what's wrong with dad!"

Without waiting for Ma Lan's reply, she hastily reached out and stopped a roadside taxi.

Seeing Ye Chen and Xiao Churan pulling open the door and getting ready to get in, Ma Lan said with a depressed look on her face, "Churan, at least call a luxury car or something, get a broken Jetta, how shabby!"

When Xiao Churan saw how human her mother was, she couldn't help but say with some anger, "If you want to take a luxury car, then you can wait here, I'll go back with Ye Chen first."

After saying that, she pulled open the car door and sat inside.

Once Ma Lan saw this, she lost the insistence she had just had and could only resentfully sit in the passenger side.

As soon as she got into the passenger seat, she frowned and covered her nose and said to the driver, "I say, master, why does this taxi smell so much like smoke?"

The driver said casually, "Smell of smoke?"

"Yes!" Ma Lan said in an unpleasant tone, "It smells like smoke, can't you smell it? Is that a nose on top of your mouth?"

The master bristled, "It smells like smoke because I smoke, so what's the big deal?"

Ma Lan said angrily, "How can you drive a taxi and smoke in the car? How can you smoke in a taxi? You have no sense of service, do you?"

The master was also a bit angry, and with a glare in his eyes, he said, "I was smoking when I stopped the car, and I wasn't smoking when you came in. Oh, you've only been riding in my car for a few minutes at most, don't you allow me to smoke the rest of the time?"

Chapter 5162

Ma Lan said in annoyance, "You know what, the taxi is your service place, you have to maintain the cleanliness and freshness of your service place, how can you justify such a big smell of smoke?"

The master choked, "This service place is provided by the taxi company, not by me, I just drive, if you have any dissatisfaction, you can go to the taxi company to raise your opinion."

If you're not satisfied with anything, you can take it up with the taxi company." The master muttered discontentedly, "It's just a cigarette, what's all the fuss about?"

Ma Lan gave him a blank look and grunted, "Yes, I do."

The master said, "What's the difference between smelling smoke at home and coming out?"

Ma Lan disdainfully said two words, "Dead."

The master subconsciously asked, "What's dead?"

Ma Lan said loudly and deliberately, "Didn't you ask my master if he smoked? I answered you that he smokes, and he is dead."

The master's expression was suddenly ugly, but he still argued palely, "Look at you, a lesbian, you don't speak well, there are many possibilities for people to die, how do you know he died from smoking?"

"Lung cancer!" I donated his body to the medical school, so that the medical students could cut him open and practice, so that they could do something for society. It was a contribution to society."

When he opened his stomach, he could smell the fishy and smelly smoke, and he almost died on the spot. That was all the tar from the smoke! Tell yourself, did he die from smoking?"

When the master heard this, his expression was as disgusting and frightening as if he had eaten a highly poisonous fly.

Ma Lan saw his expression was very ugly and did not say anything, so he could not help but mutter: "Hey you say that this cancer is really powerful anon, the lungs have been smoked into charcoal, but the

cancer cells can still grow more and more cheerful, that life force is really tenacious, feel like that rotten wood, but can grow a large pile of fungus, a little interesting.”

The master said, “What the hell does that mean? What the f*ck is this lame analogy you’re talking about, you old b*tch, why are you so f*cking disgusting!”

Ye Chen sat in the back, his heart was also helpless to the extreme, secretly thinking, “This mother-in-law of mine is really vengeful, the old man just didn’t drive over to pick her up, the result is really picking up her mouth, she cursed the old man in front of the taxi driver for smoking to death, and was also taken by the medical students to open his stomach, this mouth is really no one.”

Xiao Churan was also furious, she was sitting right behind Ma Lan, hearing Ma Lan cursing her father like that, naturally her heart was a bit unacceptable.

However, she could not expose Ma Lan’s lie in front of the taxi driver, as that would make him doubt his life, so she could only cough hard in the back as a reminder.

When Ma Lan heard Xiao Churan cough, she naturally knew, what did her daughter mean by this? But she was angry with Xiao Changkun, so she didn’t care about her daughter and son-in-law’s presence and continued to tell the driver, “Master, you’re right, it’s normal to smoke.

The master’s expression was embarra*sed and he stammered, “Ahem, this smoking is indeed harmful to health. ...”

Ma Lan smiled and asked the driver, “Master, how many cigarettes do you smoke a day?”

Chapter 5163

The driver awkwardly held the steering wheel with one hand and scratched his scalp with the other, saying with no confidence, “I smoke a little bit more a day... . that probably that is also a is a little more than a packet”

Ma Lan nodded, said casually: “Almost, my family’s old man before he left, a packet and a half a day, the result of the first thirty people are gone.”

The first thing you need to do is to get a good idea of what you are doing.

The master smiled sarcastically and said, “I am fifty-two”

“Awesome.” Ma Lan thumbs up, seriously: “You this line, you this enough capital, grit your teeth to persist for another ten years or so, live my husband double.”

The master’s expression at this point was already much worse than crying.

Ma Lan could not help but feel at this time: “In fact, what is the point of people living so long as you say? Sometimes I think that I might as well have been the one who left, then I would have died earlier and been freed.”

The master glanced at the car’s centre console and saw a pack of Jinling cigarettes in it, and he had mixed feelings.

Xiao Churan could not stand it any longer, so she slapped the back of Ma Lan's seat, and said angrily, "Mom! Why aren't you finished yet!"

Ma Lan turned around and said with a sense of justice, "Churan, I am holding back my thoughts and grief for your father, using your father's personal case to kindly remind this master to take care of his health. If he can quit smoking after hearing these words, even if it is just to smoke less and live a few more years, do you think I have saved his life?"

Ma Lan waved her hand, "Forget it, we're not saving his life, we're saving half or a quarter of his life, isn't that too much? They say that saving a life is better than saving a seventh grade pagoda, so I'm doing myself a favour, right?"

Xiao Churan questioned her angrily, "What about my father? Aren't you afraid of damaging his virtue if you talk about him like that?"

Ma Lan said with a serious face, "He's already dead, so what's wrong with me talking about him?"

Xiao Churan said angrily, "Mum! If you say that again, you're going too far!"

Seeing that Xiao Churan was indeed very angry, Ma Lan hurriedly said, "Fine, fine, I won't say anything, can't I say nothing more?"

After saying that, she said to that driver, "Master, you, ah, you should twitch your in the future, don't take what I just said seriously, you just think I'm teasing you."

The corners of the master's mouth twitched a few times and said awkwardly, "Uh that okay okay"

This subsequent journey, Ma Lan seemed to have pretty much vented and didn't say a word more.

Ye Chen and Xiao Churan also didn't speak again because of this awkward atmosphere, and the journey was wordless.

More than half an hour later, the taxi stopped in front of the Townsend One Villa area.

Ye Chen paid the money and the three of them got out of the car.

When the driver saw that the three of them had gone far away, he grabbed the half pack of Jinling cigarettes and threw them out of the window with his hand, cursing and swearing, "F*ck you, I won't smoke anymore!"

Before Ye Chen entered the door, the afterglow glanced at the driver window threw a box of things, slightly stunned, in the dark seemed to hear a voice: "Ma Lan, merit +100, the current merit balance: negative 100,000 and eight thousand"

Chapter 5164

The three of them pushed their luggage into the neighborhood when they heard the short sound of a car horn from behind.

The three of them subconsciously looked back, only to see a large Mercedes Benz SUV slowly driving over, the window of the car lowered, a woman peeked out and said in surprise, "Aiyo, Ma Lan! When did you come back from America?!"

When Ma Lan heard this, she said in surprise, "Qian Hongyan? Is it really you?!"

Qian Hongyan drove the car forward again and stopped directly beside Ma Lan, leaning on the window with a smug face and said with a smile, "Ma Lan, you are really interesting, you went to the United States for a month and you still can't recognize me as your sister-in-law?"

Ma Lan's two eyebrows furrowed up.

There were several voices rising and falling in her mind.

The first voice was, "Damn, how can this b*tch Qian Hongyan drive a Mercedes? Isn't she so poor that she can't even afford it? There are two handicapped people lying at home, and an old mother who is in her eighties, and she has no money to eat every day.

The second voice said, "Damn, this Qian Hongyan is really quick to change her face, when I didn't go to the US, she was always sticking to me like an a*s, calling me "Sister Lan" and "Sister Lan", but now that she has a Mercedes Benz, she doesn't call me "Sister Lan" anymore, she's calling me "Ma Lan" again, and she's my f*cking sister-in-law, who the hell recognises her as a sister-in-law... Who the hell recognises her as a sister-in-law..."

The third voice was: "Damn, this Qian Hongyan has not hit some kind of bad luck, has she accidentally turned over a new leaf, right? To be able to drive a large Mercedes Benz crossover, this must have some financial strength ah"

The two of us have been sisters-in-law for so many years, and you don't even pay attention to me when I talk to you."

Ma Lan saw Qian Hongyan speak strangely, coldly grunted, skimmed his mouth and said, "Aigoo, to say that this changes a lot, I think you really change a lot! I remember that before I left, you were calling me Sister Lan every day, and you even said that you wanted me to buy you a gold chain from Chow Tai Fook, why are you now calling yourself sister-in-law in front of me again?"

Qian Hongyan grunted and said, "Ma Lan, as the saying goes, it takes three days to impress a scholar, not to mention that you've been gone for more than a month."

"Che." Ma Lan said disdainfully, "I've known you for more than twenty or thirty years and I haven't found anything impressive about you, let alone the fact that you've only been gone for a month this time."

Qian Hongyan brushed off a smile and waved her hand, "Aiya, forget it, you Ma Lan talk is also an old yin and yang master, and narrow-minded, can't see others have a better life than you, these two points I know better than anyone, I ah, also do not take my hot face to your cold butt, first go, goodbye."

With that, she stepped on the accelerator and the Mercedes let out a roar of its engine, leaving the trio far behind.

Ma Lan was shaking with anger and cursed through gritted teeth, "f*ck, this Qian Hongyan dares to be so crazy with me, she must have found a chance to turn over a new leaf!"

Xiao Churan said casually, "It would be good if auntie could have a chance to turn over a new leaf, their family was really difficult before, not to mention their grandmother.

Ma Lan said angrily, "I tell you Churan, in this world, anyone can live well, but not her Qian Hongyan family!"

Xiao Churan was surprised and asked, "Why? Mom, in the end, we are all family, blood is thicker than water, even if the two families don't get along much anymore, they are still family."

"No!" Ma Lan gritted her teeth and said, "Let me tell you, sometimes the people who want to hurt you the most are the ones who are so close to you! You don't know how ruthless this D*mn Qian Hongyan is!"

When she said this, Ma Lan couldn't help but recall the time when Qian Hongyan had cheated and almost cheated herself out of her family's money.

That time, if it wasn't for Ye Chen, he would have been totally ruined.

Chapter 5165

It was only after that time that Ma Lan realised that Qian Hongyan and Xiao Changqian were two people who really had the heart and guts to eat people!

Therefore, Ma Lan had always held a grudge against Qian Hongyan and was very wary of her.

The reason why she was close to Qian Hongyan was because Qian Hongyan had been licking Ma Lan like a pug, which made Ma Lan find a great sense of superiority, and also made Ma Lan enjoy the feeling of stepping on Qian Hongyan's feet while Qian Hongyan was still worried about her stretching her thighs.

However, even though she takes Qian Hongyan to eat, drink and play every day, she still remembers that Qian Hongyan is a snake scorpion that eats people without spitting out bones, and she must always be careful to prevent her from biting again.

Originally, she thought it would be impossible for Qian Hongyan to turn over in her life, but she never expected that the b*tch would turn over so quickly!

She recalled the logo she saw on the rear of the car just now and couldn't help but ask Ye Chen: "Good son-in-law, what kind of car is the g500, is it very expensive?"

"The g500 ah" Ye Chen said casually, "It's one of the big Mercedes g's, a little stronger than the g350 and a little worse than the g63."

Ma Lan said offhandedly, "Didn't you say the big g was some kind of g63? How come the g500 is also one of the big g's?"

Ye Chen laughed: "It seems that all the cars in the g series are called big g. And although the g500 is not as expensive as the g63, it's not cheap either, and the car has always had a premium, so it's more than two million dollars all down."

“What do you mean?!” Ma Lan said with wide eyes, shocked beyond belief, “Just that g500, it costs over two million?!”

“Yeah.” Ye Chen nodded, “More than two million is definitely needed, it’s a big g after all.”

Ma Lan was so angry that she kept stamping her foot: “D*mn it! God is blind! She can afford to drive a car with more than two million dollars! How can she afford to drive a two million dollar car? Her family is so poor that they can’t even afford to pay for it, yet she still drives a two million dollar Mercedes Benz G. How can she have the face to do that?”

Ye Chen said something solid: “Mom, since she can afford such an expensive car, it’s definitely not possible that she can’t make ends meet... She may have really been unable to make ends meet before, but now it seems that she has really turned a corner.”

Ma Lan remembered something and frowned, “Isn’t it Xiao Weiwei! I think I heard her say before that Xiao Weiwei was running some kind of etiquette company, and the business seemed to be doing quite well, D*mn it I thought Xiao Weiwei was working for someone else, but I didn’t expect to make so much money!”

Ye Chen shook his head, “Mom, it’s not likely, even if Xiao Weiwei earns a good income, at the end of the year, it’s estimated that she can only buy half a big G. What’s more, it seems that she has only been working for a few months, how can she earn so much money.”

The situation of that etiquette company of Xiao Weiwei’s, Ye Chen actually knew it better, after all, that company was still taken down for her to run in the first place by himself.

With Hong Wu and Chen Zekai taking care of it, the etiquette company’s business was really good during this period of time, and if it followed the pattern of ordinary etiquette companies playing hard to squeeze etiquette girls, that company could indeed make a lot of money.

However, Xiao Weiwei is now considered reformed and has also experienced the ordeal of being victimized, so she is sincere to her company’s Miss Manners, not only draws less commission, but even creates a lot of benefits for them.

Just buying commuter cars and hiring full-time drivers for the ladies is a significant expense.

The company’s net profit is not 100% in Xiao Weiwei’s pocket, Xiao Weiwei can only get a small portion, so the calculation, Xiao Weiwei a year down, earn a million is not a big problem, and more is not realistic.

This is not possible either Qian Hongyan, an idle old woman with few contacts and little skill, what could she turn over with?”

Chapter 5166

Qian Hongyan’s inexplicable rise to prominence made Ma Lan’s mood, all of a sudden, become extremely lost.

She had lived in a luxury house and driven a luxury car, but she knew in her heart that these things were not directly related to her.

In other words, in her life, all she had had to do with money was to spend it or to be cheated, and she had never earned money by her own strength in her fifty years of life.

Therefore, one of the things she is most anxious to find out now is where Qian Hongyan got the money to buy that Mercedes Benz g500.

If the money is earned by Xiao Weiwei, then she Ma Lan heart more or less can still feel better, because she spent her daughter's son-in-law's money, Qian Hongyan is no better, not to mention, she only drove a 2 million Mercedes g500 only, she drove some time ago in Jinling, that is tens of millions of Rolls Royce Cullinan, so they still press her head.

The most important thing is that the money is earned by Qian Hongyan, and if that's the case, she naturally can't accept it in her heart.

So, as she walked, she muttered, "I really don't understand, she Qian Hongyan, she has no education, no looks, no body, and even this is not enough, she even got pregnant accidentally in a black coal kiln some time ago, which made a big joke, such a loser, what can she rely on to turn around?"

The actual fact is that you can't get a lot of money for your own personal life. Why do you always worry about others

The first thing I want to do is to get to the bottom of this matter!"

Xiao Churan saw that it was useless to persuade her, so she did not bother to talk any more.

When the three of them arrived at the front door of their villa, Ma Lan took a look through the electric fence gate into the courtyard and exploded into a fury, cursing, "D*mn it! This D*mned Xiao Changkun, the car is parked at home, he didn't even try to pick us up! Let's see how I'll deal with him when I get in the house!"

After saying that, Ma Lan took the lead and controlled the electric wheelchair and rushed into the yard, heading straight for the front door.

Xiao Churan was afraid that her mother would fight with her father first once she got home, so she hurriedly chased after her as well.

The door opened, and before the three of them could enter, they were choked by the strong smell of smoke, alcohol and musty, rotten food in the house.

The living room, which had been luxuriously decorated, was now like a dump.

There were cigarette butts, cigarette boxes and various bottles of alcohol everywhere.

What was even more disgusting was that many of the takeaways were even left open. It was the height of summer and the leftovers in the lunch boxes were almost mouldy and smelly, which was disgusting.

Xiao Churan and Ma Lan were both shocked by the mess in front of them, and were at a loss as to what to do.

However, Ye Chen glanced at a wretched figure huddled on the sofa in the living room, wasn't it his old husband Xiao Changkun?

At that moment, Xiao Changkun was already drunk, he was wearing a pair of trousers underneath and naked on top, and he was lying on the sofa in a twisted position.

So he walked over quickly to check on the state of Xiao Changkun, but when he got closer, he was stunned by the man in front of him.

Chapter 5167

The man in front of him was indeed Xiao Changkun, but he had a scruffy beard and a sour stench, and his whole body was dishevelled to the extreme.

He hurriedly spoke, "Dad, wake up, Dad, I'm Ye Chen."

Xiao Changkun was dazed from his sleep and when he heard someone calling him, he cursed in an exasperated vague manner, "I told you all to leave me alone, I'm not in a good mood!"

Ma Lan controlled the electric wheelchair and crushed an unknown number of beer cans along the way, angrily scampered to the sofa, looked at Xiao Changkun lying on the bed like a barker, the whole person was suddenly furious, cursed out of breath: "D*mn! I was waiting for you to pick me up from the airport in your Rolls Royce, but you're f*cking drunk here! I made that b*tch Qian Hongyan laugh at me! What an outrage!"

With that, he aimed his mobile phone at Xiao Changkun's head and smashed it fiercely.

The brick-like phone snapped directly onto Xiao Changkun's face, instantly causing him to sit up with a start and shout out loud, "Who did this? Who the hell did this?"

Ma Lan threw the Hermes in his hand at Xiao Changkun and cursed, "Xiao Changkun, you old b*****d, open your eyes and see clearly, your grandmother is back! Tell me clearly how did you make a good home look like this?"

Xiao Changkun was still in a drunken state, his vision had not recovered immediately, he just saw a figure in a daze plus his face was smashed raw, so he cursed, but when he heard Ma Lan's voice, his whole body suddenly shivered, and his wine instantly woke up most of the time.

Immediately afterwards, his vision went from a blur to clarity and he could see Ma Lan's angry face.

He shouted nervously, "D*mn! Ma Lan! When did you you come back?"

Ma Lan cursed furiously, "I just came back from the airport in a taxi, I was so angry at the smell of smoke in the car, but my home smells a hundred times worse than that taxi, are you f*cking dying? You've been back from Korea for days and all you've done is f*cking smoke and drink? How come I didn't see you burn the hair on your head?"

Xiao Changkun's body trembled and he stammered, "I am not in a good mood lately, so I'm drinking away my sorrows every day."

"Not in a good mood?" Ma Lan frowned and questioned, "You've been out of the country for so many f*cking days, what's wrong with being in a bad mood, you've fallen out of love, huh?"

“Huh?!” When Xiao Changkun heard Ma Lan’s words, he felt as if he had been touched by electricity and hurriedly explained, “No, no, I went to Korea for a serious cultural exchange, not to have a relationship

Ma Lan asked rhetorically, “Then why are you in a bad mood? I’ve known you for so many years, but I’ve never seen you in such a bad mood. You’ve been bullied by your mother and your brother and sister-in-law in the Xiao family for so many years, but I haven’t seen you like this either!”

As he said that, Ma Lan remembered something and said, “Oh! I f*cking remember! When Han Meiqing went to America, you looked like this, looking for death all the time! Tell me! Are you f*cking Han Miqing behind my back again?”

Xiao Changkun’s face turned white with fear and he hurriedly explained, “What are you talking about in front of the children? It’s been almost thirty years since I was with Han Meiqing, is it funny that you’re still rehashing this old story?”

Ma Lan said coldly, “Then tell me, why exactly are you in this state?!”

Chapter 5168

Xiao Changkun was so flustered by Ma Lan’s question that he was at a loss as to how to explain.

At this time, Ye Chen hurriedly asked, “Dad, did you not play well in the cultural exchange in Korea this time and were you uncomfortable?”

Xiao Changkun was reminded by Ye Chen, he nodded his head in a panic and said, “Yes, yes just didn’t play well

He sighed deeply and said angrily from the bottom of his heart, “I’ve been preparing for this cultural exchange for a long time, thinking that I would be able to show my face in Korea and bring glory to China and Jinling, but who would have thought that after arriving in Korea, the limelight would be stolen by the others in the same group. I’ve never been so humiliated in my life.”

When Ma Lan heard this, she was more than half convinced, but she was still very angry and scolded: “Look at your f*cking achievements, no wonder your mother, brother and sister-in-law can’t even look up to you! You’re just going on a cultural exchange? If you didn’t get it right, you didn’t get it right, and if you lost face, then you lost face, so why not go next time?”

Xiao Changkun said in a depressed voice, “You’re so easy to say, do you know how important this exchange is to me? If I do a good job this time, the rest of my life will be rewritten, but now I’ve let them rewrite it, and I’m a complete f*cking runner!”

Ma Lan was furious at the sight of Xiao Changkun’s p*ssyfooting around and cursed angrily, “I don’t care how much of a disgrace you’ve been in Korea, you must clean up this living room tonight. If I get up tomorrow and smell a bit of smoke or see half a cigarette butt, I’ll make you look good!”

After saying this, she fiddled with the lever of her wheelchair and went into the lift, going upstairs to her room.

Xiao Churan couldn’t help but complain, “Dad, you’re just a hobby in the Painting and Calligraphy a*sociation, it doesn’t matter if you didn’t do well on the exchange abroad, why do you still make

yourself so depressed? What if something happens to you when we're not around? There's no one to call an ambulance for you."

Xiao Changkun said sullenly, "You don't understand, I'm so upset, if I don't smoke and drink, I'll get depressed!"

Xiao Churan wanted to say something else, but Ye Chen quickly reminded him, "Wife, mum is upstairs alone, she has legs that are not convenient, so you should go over and watch her, see if she needs any care, and help take care of her, dad has me to watch over you, so don't worry about it."

Only then did Xiao Churan come back to her senses. When she thought of her mother's broken leg and wheelchair, she said, "I'll go up first, you stay here and take care of Dad."

After saying that, he said to Xiao Changkun, "Dad! No matter what, from now on, you're not allowed to smoke or drink anymore."

Xiao Changkun's expression was extremely depressed, he just wanted to be stubborn with his daughter, but then he looked at Ye Chen next to him, so he said to Xiao Churan, "Okay, okay, I know, go and see your mother, what's wrong with your mother? Did you break your leg again?"

"It's" Xiao Churan sighed, "Mom was playing in New York when she accidentally fell and her old injury came back."

"Bullsh*t." Xiao Changkun brushed aside his mouth and said disdainfully, "What old injury has recurred, I think your mother must have offended someone and let someone beat her up, I still don't know her?"

Xiao Churan said with a serious face, "Dad, don't talk nonsense, mum has suffered a lot some time ago, I will tell you slowly when I have the chance, I will go up to see her first."

Chapter 5169

After saying that, Xiao Churan hurriedly went to the lift and went up to the third floor.

Seeing that Xiao Churan had left, Xiao Changkun looked at Ye Chen with red eyes and an aggrieved face, unable to control his choked sob: "Ye Chen my good son-in-law dad lost his love... .."

"Dang" Ye Chen shook his head helplessly and asked him, "Dad, when did you fall in love? With whom did you fall in love? How come I don't know?"

"Who else could it be." Xiao Changkun wiped his tears and choked up, "Of course it was your Aunt Han Meiqing Han!"

Ye Chen frowned and asked, "Aren't you two confidants? When did you get together?"

Xiao Changkun hurriedly explained, "Not together, I haven't divorced your mother yet"

Ye Chen said helplessly, "If you're not together, what kind of love is lost?"

Xiao Changkun felt as if he had been humiliated, and hurriedly argued with a red face, "We both have always had each other in our hearts!"

When she first returned to China, he and his son Paul came to our house for dinner once, do you remember?"

"I remember." Ye Chen said casually, "Wasn't that time just a gathering between old cla*smates? What's so special about it?"

Xiao Changkun said in a serious manner, "Of course it was special! You don't know that day we were in the kitchen and I confessed my love! Not only did I confess my love, but I hugged her! She hugged me too!"

"Really?" Ye Chen asked curiously, "And then what? You two got together?"

"No....." Xiao Changkun's expression sank for a moment and he muttered, "I didn't dare to divorce Ma Lan all this time..... your Aunt Han has been She is very noble, back then she was clearly my girlfriend, clearly it was Ma Lan who took advantage of my drunkenness and had sex with me, but she chose to give me up to Ma Lan and went to America alone, although she came back, but as long as Ma Lan and I are not divorced, it is impossible for her to stay with me"

The first thing that I did was to divorce Ma Lan, and she would have been with me, but I'm a wimp. I'm so f*cking scared, when Ma Lan glared at me, I didn't even dare to f*cking scream, if I really mention divorce to her, she would still take a knife and fight me"

The two of you are not together, so there's no such thing as a lost love, so don't be so negative, and even if you can't be lovers, you can still be friends! If you really want to be lovers with her, then you can also consider it carefully and make a choice."

Xiao Changkun said with grief, "Aiya Ye Chen! You don't understand! There is no longer a choice for me now, your Auntie Han is with someone else!"

Ye Chen raised his eyebrows and asked in surprise, "Auntie Han is with someone else? No way, didn't she always like you?"

Xiao Changkun almost lamented like he wanted to die, "She has always liked me, but that was before now she has a better half"

Ye Chen asked nosily, "Who's the other half? Auntie Han is definitely at the top of the cla*s in the middle-aged and elderly group, and she has seen the world, so what could make her heart flutter?"

Xiao Changkun said in a depressed voice, "A professor from Jinling University of Finance and Economics, D*mn it, he also studied abroad, the two of them have a lot in common, and like your Auntie Han, he is also widowed."

As he said that, Xiao Changkun suddenly remembered something and blurted out, "Oh, you've met that grandson! Do you remember once when your Auntie Han was sick and I went to bring her food, she dragged me and insisted on going for a run along the riverside, and afterwards you went too."

Ye Chen asked in surprise, "He Yuanjiang?!"

"Yes!" Xiao Changkun gritted his teeth and said, "Just that grandson!"

Chapter 5170

Hearing Xiao Changkun's words, Ye Chen couldn't help but ask with some surprise, "How did Professor He get together with Auntie Han? When did it happen?"

Xiao Changkun said indignantly, "It was when we went to Korea for a cultural exchange, and the two of them somehow saw each other!"

Ye Chen asked him, "Are you sure you're together? Officially announced?"

"Yes....." Xiao Changkun's eyes were red and swollen, and he said in pain, "Your Auntie Han talked to me about this, she said that Professor He has always had that kind of interest in her, and it's not just for a day or two, just that time we met him on that run, he already had his heart set on your Auntie Han."

Xiao Changkun said, "That old boy named He has been stalking your Auntie Han, and your Auntie Han didn't know which of her tendencies was wrong, so she agreed to him."

Ye Chen laughed and said, "Dad, I'll say something you don't like to hear, but I actually feel that the two of them are quite a good match."

"A good match?!" Xiao Changkun exploded when he heard this, and angrily questioned, "What's so good about them? If you want to talk about good match, your Auntie Han and I are the perfect couple."

Xiao Changkun said with indignation, "I really didn't expect that your aunt Han could move on so quickly, after so many years of relationship, is it no better than that He in her eyes?"

Hearing him say that, Ye Chen said seriously with a serious face, "Dad, what you are saying is very irresponsible."

Xiao Changkun raised his eyebrows and asked with a glare, "How am I being irresponsible? Did I say something wrong?"

Ye Chen asked him in return, "You keep saying that you and Auntie Han are a match made in heaven, but didn't you still end up getting married to Mom?"

Xiao Changkun said angrily, "I was set up by Ma Lan, if it wasn't for him, how could your Auntie Han have left me?"

Ye Chen shook his head and said lightly, "Let's not mention that old story, let's talk about what happened during the time after Auntie Han came back. I can see that when Auntie Han first returned to China, she did still have old feelings for you. The point is, she gave you a chance, but you didn't have the courage to take it, you yourself were unwilling to take it, and she couldn't have waited for you all the time, and when you meet a more suitable person under such circumstances, anyone else would definitely choose the latter, after all, if you choose the former, you don't know when you'll have to wait, and there's even a possibility that you won't be able to wait for any result for the rest of your life."

When Xiao Changkun heard this, he stammered a bit sheepishly, "I'm looking for the right time to ask your mother for a divorce, aren't I? But you know her character, so I definitely have to wait for an opportunity to move in secret, so I can't mention it to her directly!"

Ye Chen grunted and said, "Dad, do you believe this when you say it out loud?"

Xiao Changkun argued forcefully, "I do think so!"

You just want to wait for a good opportunity to fall out of the sky, preferably when Mom suddenly evaporates, or when she doesn't want to live with you anymore and takes the initiative to ask for a divorce, so that you can get rid of this marriage logically and without any effort, right? You can get rid of the marriage without any trouble, right?"

Xiao Changkun didn't expect Ye Chen to say what he was thinking, so he said with an embarrassed look on his face, "I'm trying to solve the problem as peacefully as possible."
