

Ye Chen 5491

Chapter 5491

Seeing Hong Changqing kneel down on both knees, Ye Chen did not reach out to stop him.

In his heart, he knew that he deserved this kneeling.

To teach is to preach!

Therefore, in the Chinese tradition, a benefactor who taught the Way had always been as gracious as a mountain.

Although he had given Hong Changqing an elixir before to help him step into the Ming realm of great perfection, that was also a kindness to him, but it was not quite a kindness of teaching.

Today, he was passing on to him the second chapter of the Tai Chen Mixed Dao, which was a true gift of teaching.

Hong Changqing, too, knelt down on the ground with immense devotion and bowed to Ye Chen.

Ye Chen waited for him to finish his salute before extending a hand to help him up and said, "Master Hong should study the Heart Technique first, so I won't bother you much, I will ask Hong Wu to inform you before the students arrive."

Hong Changqing clasped his hands and raised them above his head as he respectfully said, "My subordinates send Master Ye off!"

After saying this, he respectfully escorted Ye Chen to the door of the room.

At that moment, he suddenly remembered something and hurriedly said, "By the way, Master Ye, I have one more thing to report!"

Ye Chen gave a hollow sound, "Speak."

Hong Changqing said, "Back to Master Ye, Si Qi called my subordinate this morning, she has asked her father to buy a four-star hotel in Jinling, and will bring all the inner disciples of Tai Chen Dao to Jinling in the next two days."

"Oh" Ye Chen nodded gently and laughed, "This disciple of yours is really a tiger, so many people and so far to toss over, if I don't accept her Tai Zhen Dao, then wouldn't she be tossing and turning for nothing?"

Hong Changqing smiled sarcastically, "SiQi has been like this since she was young, as long as she is determined on something, the train can't even pull her back, she is very stubborn"

After saying that, he looked at Ye Chen and asked, "Master Ye, I wonder what you think about the matter of Tai Zhen Dao coming under your tutelage"

Ye Chen said indifferently, "As long as Tai Chen Dao's heart is sincere enough, I naturally welcome it."

Speaking of this, Ye Chen turned his words and added: "However, sincerity of heart or not, time is still needed to verify, so before I give my nod, you absolutely cannot pass on the back of the Taizhen Mixed Dao to any of the people of Taizhen Dao!"

Hong Changqing immediately nodded and said, "Master Ye don't worry, my subordinate can still distinguish this point clearly, I have given all the contents of the first chapter of the Tai Zhen Mixed Yuan Dao to Si Qi, and have already completed my mission of passing on the mastery for the Tai Zhen Dao. I will never pass them on to anyone without your permission!"

Ye Chen nodded in satisfaction, "It is good that you have this awareness."

After saying that, he added, "I will leave first, when Tai Chen Dao arrives, you bring Long Siqi to meet me at Buckingham Palace."

Hong Changqing bowed and said, "Yes Master Ye, my subordinate understands!"

Ye Chen nodded his head and led Hong Wu out of the guest room.

After walking out of the guest room area, Hong Wu respectfully asked, "Master Ye, what are your next arrangements?"

Ye Chen said, "There's nothing more to do here, I'll go back to the city first, and make a few phone calls on the way."

Hong Wu rubbed his hands and struggled for half a day before stammering and saying, "That Master Ye Hong Wu has something to ask you and I hope you don't mind"

Ye Chen smiled and said, "Hong Wu, you and I have known each other for so long, do you still have to stammer so much with me? If there's anything, you can just say it."

Hong Wu scratched his head and said with a serious and expectant look on his face, "Master Ye to speak from the heart, I also want to cultivate martial arts and I have always wanted to, I just never had the right opportunity to enter the Dao"

Chapter 5492

"I've always wanted to practice martial arts but I've never had the right opportunity to enter the path" said Hong Wu, sighing and saying, "Earlier on I thought about taking you as my teacher, but I know exactly how much I weigh and how little I have, and I'm also old, so I'm sure I'll learn things very slowly. I think you can approve me to follow to learn a as to learn to learn or not, depends on my Hong Wu own fate, if I am not this piece of material, then I will die this heart, but if I can enter this door, in the future can also do more for Master Ye you do a contribution"

The actual fact is that you will be able to get a lot more than just a few of these. "

Hong Wu was immediately excited and said, "Thank you Master Ye for making it possible!"

Ye Chen laughed, "Don't look at your age, it's not hard to really catch up."

Hong Wu's heart was wild with joy and he hurriedly said, "Master Ye, I will do my best!"

Ye Chen patted his shoulder and said, "When the generals from Wan Broken Army and the Ten Thousand Dragon Hall arrive in Jinling, the closed training will officially begin, when that time comes, apart from practising martial arts with them, you must also do a good job of keeping the place secret and supplying it, and ask Old Chen for help if you have any problems."

Hong Wu remembered something and whispered, "Master Ye, General Chen he also wants to practise martial arts very much, do you think we should let him come along this time?"

Ye Chen asked curiously, "Old Chen is also interested in martial arts?"

Hong Wu said seriously, "Master Ye, when Mr. Chen and I first saw you take out the Eight Heavenly Kings on Changbai Mountain, we both had a yearning for martial arts at that moment, he and I were in a similar situation, we both felt that we were not young and definitely not this material, so we didn't dare to mention it to you

The first thing you need to do is to ask me if he really wants to learn, so he doesn't need to ask me again, he can just come here."

"Great!" Hong Wu said excitedly, "If Mr Chen knew about this, he would wake up laughing in his sleep! I'll tell him right now!"

Ye Chen urged him, "Hong Wu, don't forget to make it clear to him that you asked this for him, Old Chen is also a serious person, as long as you get the point across, he will remember your kindness!"

Hong Wu heatedly smiled, "Thank you, Master Ye for reminding me! Then I'll go along with it and earn a favor from him!"

Ye Chen smiled faintly and said, "You can tell him, I'll leave first."

Hong Wu was busy saying, "No rush, Master Ye, I'll see you out first!"

Hong Wu sent Ye Chen all the way out, and only after Ye Chen got into his car and left did he take out his mobile phone and call Richard Chen impatiently.

At that moment, Chen Zekai was still at Buckingham Palace, and when he received Hong Wu's call, he said casually, "Hong Wu, what can I do for you?"

Hong Wu laughed, "Look what you said, I can't call you if I have nothing to look for?" Fun Corner

Chen Zekai smiled and teased, "Didn't you recently help the young master with the hotel renovation, I mean, is there anything you need me to do on your end, I'm always ready to respond and support from my side."

Hong Wu said mysteriously, "Mr. Chen, I really have a matter here that needs your labor."

"It's simple." Chen Zekai said immediately, "My men are at your disposal."

Hong Wu said with a smile, "I don't need your men, I need a job from you personally."

"Me?" Richard Chen asked curiously, "What is it that you need me to do?"

Hong Wu smiled heatedly and said seriously, "I need you to take some time to come over and let's both be classmates."

"Be classmates?" Chen Zekai was even more confused, so he asked him, "Hong Wu, don't play coy with me here, what exactly is the matter, just tell me!"

Hong Wu coughed twice and laughed, "Then sit firmly and hold on, don't get too excited and flash your back later!"

Chapter 5493

When Richard Chen saw that Hong Wu was being secretive, he teased, "Come on, Hong Wu, I still don't know you? You must have nothing better to do than to make fun of me! I'm already on my fourth birthday, and you're on your fifth, so what kind of classmate are we?"

"It's not true, Old Chen!" Hong Wu said aggressively, "We've been friends for a long time, do you think I can just take you for a jab?"

He said, "All right, old Chen, I won't tell you the truth, you must know about Master Ye's recent renovation of the Champs-Elysees Spa.

Chen Zekai said, "Yes, doesn't the young master want to train a group of martial arts masters there? What does this have to do with the two of us?"

Hong Wu smiled heatedly, "I dared to mention it to Grandmaster Ye today, saying that we both wanted to practice martial arts and wanted to plead with him to give us a chance"

When Chen Zekai heard this, he immediately asked excitedly, "What did he say, young master?!"

Hong Wu laughed, "Look at you, I've already said that we should be classmates together, don't you still not understand what I mean?"

Chen Zekai was excited and blurted out, "Young master he has agreed?!"

"That's a must!" Hong Wu said happily, "Grandmaster Ye said that this training will be a systematic teaching from the beginning, both of us have never entered the martial arts, so this is a chance to learn from him!"

"Great!" Chen Zekai's voice was wild with joy, and he said incoherently, "Hong Wu Oh no, Fifth Brother! My good fifth brother! You've really helped my younger brother get what I want this time!"

Before today, although Chen Zekai and Hong Wu were on good terms, there was still a gap between the two in terms of their actual status hierarchy.

Chen Zekai was originally the spokesman for the Ye family in Jinling, while Hong Wu was just a grassroots gangster back then, so Chen Zekai was quite a bit higher in the circle than Hong Wu from the start.

Plus, Chen Zekai that was Ye Chen's own henchman, while Hong Wu was a junior disciple who was taken in by Ye Chen halfway, but from this point of view, Chen Zekai. But from this point of view, Chen Zekai was also of a higher status than Hong Wu.

Even though he was much older than Chen Zekai, he still had to call out to him respectfully when he met him.

This call from Chen Zekai really hit Hong Wu in the heart, and made him feel more relaxed and happy.

However, he did not drift away just because of Chen Zekai's call, but said with a smile, "Didn't I say so? We've been friends for a long time, why are you still so polite with me? In the next few days, you should hurry up and arrange things over at Buckingham Palace, once classes start here, you might have to stay here for a long time!"

"No problem!" Richard Chen said without a second thought, "I'll make the arrangements as soon as possible!"

After saying that, he asked with some apprehension, "Fifth Brother, do you think we can still enter the martial arts at this condition and age? I've heard that it's not easy to get started in the martial arts, that Qi sinking into the Dantian is not something that just anyone can do, most people can't find out where it is even after a lifetime of practice"

"What are you afraid of" Hong Wu blurted out, "Do you think Grandmaster Ye will let the two of us here indiscriminately? We are both considered to be Master Ye's inner circle, right? If we both learn shit here for half a day, then Master Ye's face won't look good!"

Chen Zekai asked him, "You mean, since the young master has asked us to go, he will definitely help us get started?"

Hong Wu said categorically, "That's for sure, don't you know Master Ye's temper? As long as he wants to help someone, he will definitely help them to the end!"

Chen Zekai was relieved and said excitedly, "You're right, Fifth Brother! When you say that, I feel a lot more secure!"

Chapter 5494

Hong Wu smiled and said, "Prepare yourself first, I'll let you know if there's any news!"

Chen Zekai said, "Brother Five, why don't I host my brother tonight and we'll have a drink!"

Hong Wu said, "I'm afraid I won't be able to leave for a while, I have to take care of all the logistics here, in theory, I have to be here 24 hours a day."

He said, "Why don't we find a chance to have a drink at Champs-Élysées after the official start of classes, we'll definitely have some time after class."

"Sure!" Chen Zekai said with a smile, "Then it's a deal!"

.....

At this moment, Ye Chen was on his way back to Jinling City.

This time, having Hong Changqing train martial arts masters for himself in Jinling was of profound significance to Ye Chen.

He himself had never practiced martial arts, and if he wanted to train a martial arts expert, there was no way to truly improve the other party's strength and understanding of martial arts from the essence of martial arts, other than giving pills and mind techniques.

Ever since he had obtained the Nine Xuan Heavenly Scriptures, until now, Ye Chen had only taught Little Pepper Qin Ao Xue one and a half moves, but since he himself had little experience, he had only taught her a little skin deep.

This time, Ye Chen intended to make up for his shortcomings by taking the best from the best, and let Hong Changqing be responsible for giving the future trainees the most solid theoretical foundation, and he himself would then provide them with certain pills to assist them, thus improving their strength from the inside out.

Therefore, Ye Chen also knew very well that this was definitely a once-in-a-lifetime good opportunity for martial artists.

It was because of this rare opportunity that Ye Chen not only wanted to train a group of generals from the Ten Thousand Dragons Hall, but also wanted to allow the He family to benefit from it, especially Su Ruoli who had already broken through to an eight-star martial artist, her cultivation was rising too quickly, but her foundation was not quite keeping up, if she could take this opportunity to make up for the missing fundamentals, she would definitely get twice the result with half the effort in the future.

Apart from the He family and Su Ruoli, Ye Chen also wanted Qin Aoxue to join in. She was obsessed with martial arts after all, but she had never really been able to enter the martial arts path, so this was the best opportunity for her to get started again.

Thinking of Qin Ao Xue, Ye Chen naturally thought of Ito Nana-chan, who was also in Jinling.

He had met Nana-chan through the match between Qin Ao Xue and her.

To put it impartially, Nana-chan's attainment in martial arts was actually far higher than Qin Ao Xue's.

Moreover, Ye Chen knew very well that unlike Qin Aoxue, who was determined to win the championship, Nana-chan was actually a real martial arts enthusiast, but after she recovered from her injury, she promised not to participate in international competitions anymore, so she rarely had the chance to see her for martial arts training.

While Nana-chan was also in Jinling, Ye Chen also hoped that she could pick up her beloved martial arts again.

Moreover, she had also taken the Spring Return Pill, and her own strength was already, already had a strong foundation, only that what she had been practicing was not the ancient Chinese martial arts, but the Japanese martial arts, so she had not yet comprehended the cultivation method to open her meridians, once she mastered the method to open her meridians, I believe she could also be at the level of a three-star martial artist.

Out of his special feelings for Nana-chan, Ye Chen then decided that on his way back, he would drop by Nana-chan Ito's new home in Townsend and tell her about it in person to see if she was interested.

The reason for this idea was also a vague selfishness in Ye Chen's heart.

He didn't know how long Nanaiko would stay in Jinling, and if she was allowed to join, then she would definitely have to stay in Jinling for a longer period of time

Chapter 5495

After making up his mind, Ye Chen first called Qin Ao Xue.

It had been a while since he had seen Qin Aoxue, and the last time he had seen her, it seemed that she was delivering medicine to him on behalf of her father.

When he thought that he had promised her that he would take the time to supervise her training, but he was too busy to take care of it, Ye Chen couldn't help but feel a little ashamed.

He dialled Qin Aoxue's phone number and it was quickly answered. Qin Aoxue was surprised and asked, "Master Ye, why do you have time to call me?"

Ye Chen smiled, "I'm calling you because I have something good to tell you."

"What good things?" Qin Ao Xue asked with delight, "Master Ye, are you coming to guide me in my training at home? You've been promising me for a long time"

Ye Chen smiled, "It's similar to this, I recently hired a martial arts master and asked him to run a martial arts training course in Jinling to do systematic training from scratch, a rare opportunity, if you are interested and have the time, you can come and join."

"Really?!" Qin Aoxue asked excitedly, "Isn't Grandmaster Ye martial arts the untold secrets of all those martial arts families and martial arts sects? Does Ao Xue really have the opportunity to follow and learn?"

"Of course." Ye Chen said, "Not only will I have the chance to learn, but I will also be able to learn, so far, the best and most comprehensive martial arts mind techniques that I know of."

"Great!" Qin Aoxue said without thinking, "Master Ye, Aoxue is willing, ten thousand times willing! I wonder when and where the registration will start?"

Ye Chen laughed, "It's not like this is an external admission, how can there be a place for you to register, but don't worry, as long as you are willing to participate, a place will be reserved for you, when the time is set, I will tell you the exact address, but don't worry, the location is in Jinling, it won't be too far from home."

"No problem!" Qin Ao Xue was so excited that she screamed out on the other end of the phone, before calming down a moment later and speaking, "Right Master Ye, how long will this training take? If it's long, I'll hurry up and prepare in advance to take a break from school next semester, it's already mid-August now, it won't take long for school to start."

Ye Chen thought about it and spoke, "The first stage of training will take about half a year at the very least, during this half year, you may not be able to go home every day like you did when you went to school, most of the time you should be closed for training."

Qin Ao Xue said with a smile, "That's not a problem, although I'm studying at university in Jinling, I don't go home every day, I live in the school dormitory most of the time, and generally speaking I only go

home on weekends, if my parents are busy with work on weekends, I don't go home on weekends either." Funky Corner

"Good." Ye Chen said with a smile, "Then you can say hello to your dad, and as long as he has no problem with it, the matter is settled."

Qin Ao Xue blurted out, "How could my dad have an opinion? That's true, if my father knew that you had arranged it, he might not want me to go home for the rest of my life."

Ye Chen didn't hear Qin Ao Xue's off-panel remark, he just said with a smile, "Your father dotes on you so much, and with so little time away from each other these six months, I'm afraid he won't let you go."

"It won't happen!" Qin Ao Xue said with a smile, "My dad is definitely 10,000 times more supportive!"

"That's good." Ye Chen laughed, "Then we have a deal, I'll contact you in advance when the time comes."

"Okay Master Ye!" Qin Ao Xue hastily agreed, and then asked, "Right Master Ye, is there anything I need to prepare myself in advance?"

Ye Chen said, "Clothes, food, accommodation and transportation will all be arranged, but if you have any personal belongings yourself, you can also pack them up and bring them over in advance, the accommodation here is quite good, it's a standard hotel room, and I've already had people divide up the male and female dormitories, so it will be relatively more convenient."

Chapter 5496

Qin Ao Xue laughed, "Then I'll just pack some personal clothes of my own!"

"Right." Ye Chen smiled, "When the time comes, if you lack anything, you can also communicate directly with the person in charge of the site, and they will definitely find a way to meet your requirements."

"Okay Master Ye!"

.....

With Qin Ao Xue's call, Ye Chen once again called Ito Nana-chan.

At this moment, Nanaeko was embroidering at home, and when she received Ye Chen's call, she said happily, "Ye Chen-kun, what are you working on now?"

Ye Chen smiled and said, "I'm driving, I have something to tell you in person on my way back to the city, are you home now?"

Nana-chan said happily, "Yes! Ye Chen-kun can come over anytime."

"Good." Ye Chen said, "I'll be there in almost twenty minutes."

Nana-chan hurriedly put down the embroidery in her hands and said with a smile, "Then Nana-chan will get ready and make the tea first, so that we can drink it together when Ye Chen-kun arrives."

Ye Chen said, "Don't bother, I just want to talk to you face to face about something, so I should leave when I've finished."

Nana-chan smiled, "Then you can also have a cup of tea and talk over it."

After saying that, Nana-chan said, without waiting for Ye Chen to make a statement, "Ye Chen-kun better drive carefully, I will pick you up at the garage in fifteen minutes."

Ye Chen said, "I'll just ring the doorbell in the basement when I arrive, so you don't have to go to all that trouble to come down."

"How can that be." Nana-chan said seriously, "Greeting Ye Chen-kun is no trouble for me, my mother has told me since I was a child that the happiest thing a woman can do is to welcome the man she loves home every day"

After saying that, she realized that the situation seemed a bit wrong, and hastily added: "It seems inappropriate to say so, please don't take offense at Ye Chen Jun, just treat it as my hobby and fulfill it by the way"

When Ye Chen heard this, he said no more, but only instructed, "Come back down in twenty minutes, don't wait too long to get to the basement early."

Nana-chan smiled, "Ye Chen-kun don't need to worry about me, better focus on driving, I'll take care of the timing myself."

After hanging up the phone, Ye Chen focused on driving, while Nana-chan first set an alarm for fifteen minutes, then sent a voice message to Ito Yohiko who was outside before putting down her phone, "Odo-san, Ye Chen-kun is coming to visit us at home later, please also ask Odo-san and Tanaka-san to stay out for a while longer and come back when Ye Chen-kun leaves"

After Ito Yuuhiko came to Jinling, his psychological burden was a lot lighter than when he was in Japan, so he often went out for sports with Tanaka Koichi, and today it was the two of them who went to play golf together in the outskirts of Jinling, and Ito Yuuhiko's sister Ito Emi also followed the two of them.

After sending a message to her father and not waiting for a reply, Nanaiko Ito started to boil water for tea. While the water was boiling, she changed out of the Japanese-style vibrating-sleeve yukata she wore at home and into a normal long dress.

When everything was ready, the fifteen-minute timer went off.

She picked up her mobile phone and turned off the timer, then immediately went out and prepared to go downstairs to the basement to wait for Ye Chen.

It was also at this time that she clicked on the voice message from her father, in which Ito Yohiko deliberately complained, "I thought you wanted me to hurry back to entertain Ye Chen-kun when he came to the door, but I didn't expect that you wouldn't let me go back yet, forget it, Tanaka and I just happen to play a few more rounds, but if you don't even want us to go back tonight, just let me know a bit earlier, so we can also book a room at the If you don't want us to go back tonight, let me know in advance so we can book a room at the hotel!"

Chapter 5497

Nana-chan knew that her father had always wanted her to develop something with Ye Chen, so she didn't feel surprised by his flirtation.

And instead of being very shy, she puffed up and complained, "If Odo-san wants a hotel, I'll book one for you now, and you can stay at the hotel until we go back to Japan! If that's not enough, I can buy a hotel for Odo-san to stay in."

Ito Yohiko laughed heatedly, "Nana-chan, Odo-san was just joking, you mustn't mind"

With that, he hurriedly added, "Oops, Odo-san is about to start playing, so you entertain Mr. Ye first, we'll leave you to your business for now!"

Seeing that her father was not flirting around any more, Nana-chan said nothing more, and after bidding him goodbye, she hurried out the door and prepared to meet Ye Chen in the basement.

She pressed the down button in the lift lobby and the lift came down from the top floor, followed quickly by the opening of the doors.

The moment the lift doors opened, Nana-chan noticed that there was already a very beautiful sensual beauty standing inside. This beauty was tall, with long hair draped over her shoulders, wearing a professional suit and very elegant.

And the moment the sensual beauty in the lift saw Nana-chan, she showed her eyes widened in surprise, followed by a few moments of panic.

The executive beauty in the lift was Liu Manqiong, who had just returned to Jinling from Hong Kong Island today.

As she had already signed a contract with Jinling University, she, as a teaching staff, needed to report to the school well in advance of the official opening of the school, and today was her first day to officially report to the school.

According to the school's schedule, she has to report to the school today to complete the formalities and then start attending the pre-school meetings, including management meetings, pep rallies and academic seminars.

These pre-school preparations are very complicated, but the good thing is that Liu Manqiong still has two weeks to prepare even after the start of the freshman year, because according to the rules, freshmen have to undergo two weeks of military training.

At this moment, Liu Manqiong was preparing to go to the basement to drive to school, but to her surprise, just as she entered the lift, the lift stopped at the next floor, and to her even greater surprise, the woman standing outside the door was the super beautiful woman she had seen in Sister Xian's car that day, walking with Ye Chen.

When she saw Nana-chan in the car that day, Liu Manqiong was amazed by Nana-chan, but today she realised that this woman, who was very close to Ye Chen, was living downstairs from her!

Seeing that Liu Manqiong was looking at herself with astonishment, Ito Nanaezi said very politely out of courtesy, "Hello, are you a neighbour living on the top floor?"

Liu Manqiong didn't expect Ito Nanaezi to take the initiative to talk to her, so she quickly said in a bit of a panic, "Yes I live on the top floor."

Ito Nanaeko smiled faintly and took the initiative to extend her hand, saying, "Nice to meet you, I'm your neighbour downstairs!"

Liu Manqiong nodded with a fake easy smile, and when she saw that Nana-chan didn't press the floor button, she asked her curiously, "Do you go to the basement too?"

Nodding, Nana-chan said casually, "I'm going to pick up a friend, what about you? Planning to go out?"

The first thought that came to Liu Manqiong's mind as soon as she heard Nana-chan say she was picking up a friend was that the person she was picking up was probably Ye Chen, so her heart was suddenly a little nervous and she hurriedly pressed down a floor and spoke, "I was planning to go to work, but I almost forgot I had a little problem with my car, so I'd better go out from the ground floor and take a taxi."

Nana-chan didn't think much of it and smiled politely at her, seeing that she was holding a folder with the words Jinling University printed on it, she asked curiously; "May I ask if you work at Jinling University?"

Chapter 5498

Liu Manqiong nodded and said, "I work as a teacher at Jinling University."

Cai Cai Zi gave a thumbs up and praised, "To be teaching at Jinling University, you must have a PhD, that's amazing!"

Liu Manqiong stroked her hair and said modestly and humbly, "A PhD is nothing remarkable, there are just too many people with PhDs nowadays."

As she spoke, the lift stopped on the ground floor, and Liu Manqiong hurriedly stepped out of the lift, and on her way out, she greeted Nana-chan in a calm manner and said politely, "That, I'll go first!"

"Okay!"

Looking at Liu Manqiong's back, Nana-chan felt that there was something strange about her, but she couldn't tell what was strange, she felt as if she was a bit afraid of herself, her eyes were not right from the moment she saw herself, and when she exited the lift, for some reason, she seemed to be a bit relieved.

Nanaeko was still thinking to herself, "Am I that scary?"

As she thought this, the lift had already reached the underground garage.

After waiting for about five minutes, Ye Chen drove the car into the basement.

Nana-chan stood by expectantly and waited for Ye Chen to park the car, then immediately came to the front of the car.

As soon as Ye Chen got out of the car, Ito Nana-chan waved at him impatiently, then bowed slightly and said, "Ye Chen-kun, you have had a long journey!"

Ye Chen froze and then smiled, "It wasn't hard, how long have you been waiting here?"

Ito Nana-chan busily said, "I just arrived."

After saying that, she then hurriedly asked again, “Ye Chen-kun suddenly looking for me, what’s so important to tell me?”

Ye Chen nodded and said seriously, “The matter I want to talk to you about is rather important, so let’s talk about it upstairs.”

Ito Nanaeko smiled sweetly and made an inviting gesture, “Ye Chen-kun please!”

The two of them walked into the lift together, and while swiping her card and pressing the floor button, Ito Nana-chan said to Ye Chen, “Ye Chen-kun, the person living above me is surprisingly a beautiful woman, and she is also a teacher at Jinling University.”

“Is that so?” Ye Chen asked curiously, “How did you know that?”

Ito Nanaeko said, “Just now I happened to come down in a lift with her, so I had a small chat.”

Ye Chen nodded and said casually, “A teacher from Jinling University, to be able to buy in this neighborhood, and also the same type of house as you, this financial resources can be a bit unusual, ah, tens of millions of dollars of house, I am afraid that ordinary teachers can not afford to spend, not to mention you said she is beautiful, I guess she should be very young, young people are more difficult to have any savings, the probability is that she is a rich second generation.”

I think she has a good temperament, so she should have been brought up with respect and care.”

Ye Chen hummed, so he didn’t think any more of it.

At that moment, the lift just arrived at the floor where Nana-chan’s house was located, and when the door opened, Nana-chan invited Ye Chen into the room.

At that moment, Nana-chan had already prepared the tea set for the tea ceremony in the living room, and as soon as she entered, she said happily to Ye Chen, “Please sit down, Ye Chen-kun, I’ll make you some tea!”

Ye Chen nodded and sat across the tea tray from Nana-chan, then he asked, “Nana-chan, do you still practice martial arts from time to time these days?”

Nana-chan didn’t know why Ye Chen suddenly asked this question, so she said truthfully, “I rarely have the opportunity to practice martial arts these days, ever since Oudosun put me in charge of the family affairs, it is hard for me to find time to practice martial arts like I used to, and now I hardly practice every day except for some time to practice my flexibility.”

Saying that, she asked Ye Chen, “Why is Ye Chenjun suddenly asking about this?”

Ye Chen smiled faintly and asked her, “Nana-chan, do you want to learn martial arts?”

Chapter 5499

“Budo?”

Nana-chan asked in surprise, “Is it the Chinese martial art, Ye Chen-kun is talking about?”

“Yes.” Ye Chen nodded, “The Chinese martial art of using true qi to open up the eight odd meridians.”

Nana-chan froze, "Can I?"

Saying that, she whispered somewhat downcastly, "Ye Chen-kun, I am not a Chinese after all"

Ye Chen waved his hand and looked at Nana-chan and said seriously, "Chinese martial arts has long since taken root all over the world, many sects overseas have recruited foreign disciples, and the Ten Thousand Dragon Hall also has many foreign members, so you have nothing to worry about, if you are interested, I can arrange for you to participate."

Nana-chan hastily asked, "What kind of training is it? Is it training by Ye Chen-kun himself?"

Ye Chen shook his head and laughed, "I don't have that kind of skill, this time the training is being conducted by a former master of a martial arts sect in North America, and because it is teaching a martial arts technique from the beginning, it is very friendly to those who have not started."

Nana-chan said somewhat less confidently, "Ye Chen-kun, I have always practised Japanese martial arts and sparring. I've never been exposed to internal kung fu, so I'm afraid it will be difficult to learn it then, right?"

Ye Chen laughed, "Don't worry, with me here, there's no way you won't be able to learn."

In Ye Chen's opinion, although the four of them, namely Nana-chan, Qin Ao Xue, Hong Wu and Chen Zekai, had never come into contact with martial arts, Nana-chan was definitely the easiest one to begin with.

She had trained hard in Japanese martial arts and sparring for so many years that she had already built up a strong physical foundation, and she had also taken the whole Spring Return Pill.

Nana-chan didn't think much about it at this point and happily agreed, saying, "Since Ye Chenjun has said so, then I will definitely practice hard! I won't let Ye Chenjun down!"

After saying that, she suddenly remembered something and asked, "Ye Chen-kun, I wonder how long this training will last?"

Ye Chen thought about it, "I guess it will take at least six months, but you can leave anytime if you have something to do, so don't worry if you fall behind in your progress, you can still come back and make up for it when you have time."

As soon as she heard that it would take at least six months, Nana-chan was even happier and said joyfully, "That's really great! There's nothing particularly important going on in the family these days, everything is being run by professional managers and the executive team, there's a third-party team overseeing the audits, the operations and finances are reported on a weekly basis, so I can keep track of the business wherever I am, so I don't need to go there myself most of the time and can stay in Jinling for a while longer!"

He is still very well known in Japan and once he goes back he will have to keep a low profile to avoid people finding out that he has recovered from his legs, but here he is not so psychologically burdened, usually when he goes out he just needs to dress up a little and put on a duck tongue hat, he will definitely not be recognised and his whole condition is much more relaxed."

“That’s good.” Ye Chen nodded with relief and said, “Tell Mr. Ito that when the training starts, you may have to stay at the hot spring hotel in the suburbs most of the time, so it may not be practical to commute back and forth every day, but you can come back every other day. can look after each other.”

Chapter 5500

Nana-chan was surprised and asked, “Ao Xue will be there too? That’s great, I was afraid I wouldn’t know anyone there and wouldn’t even have someone to talk to, having her there will give me company!”

Saying this, Nana-chan handed a teacup to Ye Chen and said with a smile, “Ye Chen-kun, please have some tea!”

Ye Chen took the teacup and took a shallow sip. Before he could put the teacup down, he received a phone call from an unfamiliar number.

He put the teacup back on the tea case, and after he picked up the phone, Wan Bajun’s voice came from the other end of the line, “Mr. Ye, my subordinates have arrived in Jinling!”

Ye Chen raised his eyebrows and asked him, “Broken Jun, when did you arrive?”

“Just arrived not long ago.” Wan Bajun said respectfully, “I quietly got off the cargo ship when it passed through the Suez Canal, changed three identities to come all the way here, rented a car after I got off the plane, and am on my way into the city.”

Ye Chen asked him, “Where are the others?”

Wan Bajun said, “Back to Mr. Ye, according to your instructions, all those involved in the Overthrow Nest plan, except for my subordinates, will not land for the next three to six months, they will keep drifting at sea following the cargo ship and return to Syria when the wind has passed.”

After saying that, Wan Bajun added, “Right Mr. Ye, my subordinates have received some information during these days at sea and would like to report to you in person.”

“Good!” Ye Chen smiled with satisfaction, “You go to Buckingham Palace to find Richard Chen first, I will come over later to meet you face to face.”

Wan Bajun immediately said, “Okay Mr. Ye, my subordinates will wait for you at Buckingham Palace!”

When Ye Chen hung up the phone, Ito Nana-chan asked him with some reluctance, “Ye Chen-kun is leaving?”

Ye Chen nodded: “There’s something important, I have to go to Buckingham Palace.”

Nanaeko Ito nodded understandingly, stood up and said, “Then I will see Ye Chen-kun down.”

Ye Chen drank the tea in his cup in one go and smiled, “Come back next time to taste your handiwork.”

Nana-chan smiled and said, “Anytime!”

Twenty minutes later, Ye Chen drove to Buckingham Palace.

Richard Chen welcomed Ye Chen to his office, and then immediately excused himself and left.

Wan Bajun got up and came to Ye Chen, bowed and said, "Mr. Ye, I am fortunate enough to be able to carry out your plan to overthrow the nest exactly as planned!"

Ye Chen said approvingly, "Well done! Tell all the soldiers of the Ten Thousand Dragons Hall who took part in the plan that I will give them credit for it! When they return to Syria, I will definitely reward them heavily!"

Wan Bajun was busy saying, "Mr. Ye, it is thanks to your foresight to formulate such a perfect plan at the same time, otherwise, just me and the generals would not have been a match for that person"

Ye Chen waved his hand and said seriously, "Even a good plan needs a strong team to execute it, otherwise it would just be a paper plan."

Saying that, Ye Chen asked, "By the way, you just said on the phone that you had some information to report in person, what exactly is it?"

Wan Bajun's expression was austere as he said in a low voice, "Mr. Ye, in the past few days, almost all of Blackwater's executives in the Middle East have disappeared, and many of them have been confirmed to have been abused and killed, and the several arms black markets around the Caspian Sea have also had arms dealers killed one after another these days. ..."

Ye Chen frowned and said in a cold voice, "It seems that the Broken Qing will start to investigate this matter!"
